COUNCIL MEETING

Rate and Tax Levy By-Law Introduced and Passed Tnird Reading

Old Electric Light Plant Offered to the Highest Bidder

A special meeting of the city council was held in the city hall last night, Mayor Hutton, Ald. Clements, Cooper, Gaw, Lequime and McDonald being present.

Ald. Cooper was granted leave to introduce his rate and tax levy by-law, which, on motion, was read a first and second time. It then passed the committee stage and passed its third reading without opposition. The total tax levy is the same as last year—20 mills on the dollar. It is divided as follows: General purposes, 2 mills; school purposes, 4 mills; special purposes, 14 mills. Ald. McDonald endeavored to inject a single tax plank in the by-law, thereby making it possible to tax unimproved property higher than improved, but he evidently broached the subject too late in the game, as the other members of the council did not seem to coincide with his socialistic views.

A communication was read from the Canadian Westinghouse company, stating that a 5 per cent discount would be granted all municipalities that signed a contract to all their electrical supplies from them. Action was deferred until the next meeting.

Ald. Clements stated that the Kettle River Lumber company was now ready to receive city power at its planing mill in the Ruckle addition. On motion of Ald. Cooper and Gaw, the company was granted power up to 12 horsepower at the rate of $5 per h.p., and the water and light committee was empowered to draw up the contract.

On motion of Ald. Cooper and Gaw, a resolution was passed instructing the city clerk to call for tenders for the sale of the old electric light plant. Last year's council had set the price at $1500. It developed during the discussion that it had cost the city $3000 to get the boiler from Marcus in the early days. Ald. McDonald thought there would be some danger of disposing of the property, as the city would then be at the mercy of the power companies. He finally favored the disposal of the plant in order that the city could buy a team and do its own scavenger work, expressing the opinion that by so doing the town could be kept in a cleaner condition, and at the same time the corporation could make a handsome profit.

Wm. Dinsmore desired the members of the council to sign a petition to the chief commissioner of lands and works for the extension of the Franklin camp wagon road from its present terminus to the upper Franklin townsite, a distance of two or three miles. Two or three of the members complied with the request.

The council then adjourned until next Monday night.

SUNSET SAUNTERNGS

Inflamed with liquor and enraged with jealonsy because his consort came into the dining room with another man, James Rogers, waiter at Hotel Ferry, Ferry, Wash., grabbed the woman by the throat, shoved her into the bar room and beat and choked her so severely before anyone interfered that death ensued within three hours. An inquest was held and a verdict of death due to injuries received in the struggle was returned. Rogers was at once taken into custody and brought to Republic by Sheriff Hall about noon Friday and placed in the county jail to answer to the charge of manslaughter at the next term of court. He is 24 years old, is rather short, and slight build.

Important deals in mines in the Boundary district, seem to be the order of the day. The latest is that of the Snowshoe group, which has been purchased by the C. P. R. This undoubtedly means the Consolidated Mining and Smelting Co. of Canada, the company which now owns and operates the War Eagle, Center Star, Trail smelter and St. Eugene mines, under ihe capable management of Walter H. Aldridge. While details are not yet forthcoming as to terms of transfer of the Snowshoe property to the new owners, it is known that Geo. S. Waterlow, of London, England, vibe chairman of the Snowshoe Gold and Copper Mines Ldt., the title of the English corporation owning the Snowshoe, is now on his way to British Columbia, to complete the transfer to the purchasers. If the complete history of the sale of the Snowshoe were known, it is believed it would make interesting reading. Suffice it to say that, following the announcement made a couple of months since, that it was the intention of the Showshoe company to reopen the mine and resume shipments of ore, it began to be rumored that several mining concerns would like to acquire the Snowshoe and were negotiating to that end. As nearly as can be learned at least for combinations of capital sought the property, some of them among the largest in the Boundary, but the C. P. R. carried off the prize, and it is likely that Snowshoe ore will be taken to the Trail smelter, where they will be used to mix with the mines from Rossland.

The committee in charge of the sports for the Phoenix celebration met Thursday night and completed all arrangements for the program of events. Among the list of prizes offered are hose reel race (wet), $400; horse racing, $150; baseball, $150; machine rock drilling, $175; Caledonian sports, $125. Twelve teams have entered in the machine drilling contest. In the afternoon a ball game will be played. The Phoenix band will furnish the music throughout the day and for a dance in the evening. Special trains will be run from Midway, Greenwood and Grand Forks, returning late the same night, but tickets will be good until next day for the convenience of those who wish to stay over.

The fire boys of the West end will open their new No. 3 station by giving a free dance on Friday evening, June 29th. Good music and a good time is assured. The ladies are requested to bring baskets filled with dainties for lunch. Everybody turn out for a good time.

NEWS OF THE CITY

Dr. Kingston's Horse Beats Dr. Dickson's Auto in a Spirited Race

Great Northern Engineers and Contractors Visit the City

Dr. Kingston's horse was frightened by Dr. Dickson's gasoline horse at noon today, and he ran around the block at a rapid gait without a driver. With the exception of breaking a couple of spokes in one of the wheels, no damage was done.

Jas. H. Kennedy, chief engineer of the Vancouver, Victoria & Eastern railway, and Patrick Welch, Great Northern contractor, accompanied by two of the Porter brothers, arrived in the city last Sunday morning from Midway, and between trains made a trip of inspection over the right of way of the North Fork extension of the Great Northern between this city and the Pathfinder mine.

Max Kuntz returned to the city from Midway last week. He intends to engage in the North Fork freighting business.

Rumors are current in Midway that the Midway-Greenwood branch of the Great Northern is to be constructed immediately.

An automobile passed through Midway last week, and the inhabitants of that burgh thought it was the first train over the Midway and Vernon railway.

Geo. Manson, a popular smelter employee, left last Sunday on a month's summer vacation. He will visit Chicago, Cincinnati and other eastern cities.

W. E. McDaniels, of Republic, formerly Great Northern station agent in that city, visited friends here last Sunday, being accompanied by his wife.

A. A. Frechette, the Midway harness maker, was a visitor in the city last Sunday. He intends to open up a branch shop in this city as soon as the necessary arrangements can be perfected.

Fred Clark left Sunday morning for Coeur d'Alene City, Idaho.

Geo. Taylor, the local contractor and freighter, left yesterday morning with the last load of lumber for the Franklin hotel.

Dr. Frank, Dominion veterinary surgeon, made a business trip to Nelson last Friday.

L. A. Manley returned last Saturday from a three weeks' business trip to Coleman, Alta.

Miss Isabel Henderson, who has been attending Normal school in Vancouver during the past term, returned to her home in this city last Friday evening.

The family of E. J. LaBlanch, Great Northern roadmaster, arrived in the city last week from Hillyard, Wash. Mr. and Mrs. LaBlanch have rented Ralph Trotter's residence, in the West end, where they will make their future home.

His honor Judge Clement left yesterday for Midway, where the case of Dallas vs. License Commissioners is to be tried today. He was accompanied by Solicitors David Whiteside and E. Miller.

A. D. McPhee, superintendent of the McKinley mine, came down from Franklin camp last night.

A. Erskine Smith returned last night from Franklin and Gloucester camps, where he inspected the M. S. and Maple Leaf properties.

E. Knight came in from his claims at the Pathfinder last Friday.

Beginning today, the Windsor Cafe will be open day and night. Short orders, long orders and stray orders.

G. Narbiato, an Italian laborer, met with an accident last week at the B. C. smelter which terminated his career. He was engaged in removing granulated slag when a piece of it fell and struck him on the head fracturing his skull. He died in a few hours.

The Valhalla (formerly Alberta) hotel bar, on Riverside avenne, will be opened for business tomorrow night. Everybody is inyited to attend. A lunch will be served.

J. B. Henderson, who is superintending the construction of the British Columbia Construction and Distributing company's substation in this city and Greenwood, left for the latter city this afternoon.

Provincial Constable Dinsmore went up to Greenwood last Thursday to escort one Burrill to the provincial jail at Nelson. Burrill was sentenced to sixty days at hard labor by his honor Judge Clement for passing checques without funds in the bank.

Andy Waugh returned last Saturday evening from a week's business trip to Spokane.

R. C. McCutcheon, the cabinet maker, last Friday received a consignment of 2000 feet of moulding, of all sizes and lengths. This is the largest shipment ever received in the Boundary, and he is now prepared to do all kinds of picture framing in an artistic style, and at reasonable prices. If you have any work in this line that you wish done, don't fail to call on him, as he guarantees satisfaction.

Quite a number from the city attended a mid-summer picnic and dance last Sunday at the Nelson ranch, about a mile south of Danville, Wash.

Last week the first annual meeting of the Canada Western Oil Co, Ltd., was held at Greenwood, and the following directors elected: Dr. J. E. Spankie, Dr. G.S. Gordon, Hugh McCutcheon, E.R. Redpath, S. B. Yuill, James McCreath and Angus Cameron. The company enjoys the distinction of being the only holder of an oil lease in the province. An expert will be sent to the property, to examine with at view to drilling for oil, and the outlook for the company is promising

FLYING MACHINES

The Sun Will Equip Its Reportorial Staff With Modern Scientific Appliances

A Factory Is Now Being Established Near This City

The Sun has long had in view the purchase of an automobile as an aid to news gathering, but owing to the commonness of that vehicle in Grand Forks the idea has been abandoned. In lieu of the gasoline horse a flying machine is to be installed. This change has not been made entirely on account of a desire for novelty. Patriotic motives have also played an important part. There are no autos manufactured in Canada; but, according to trustworthy reports, a flying machine is to be established at our very door, so to speak. Other considerations have also played their parts in quickening our vascillation on this burning, or soaring subject. An automobile is a nuisance on 2½ per cent grades and dusty streets, whereas a flying machine has no other obstructions to fear than a few stars, some roaming comets, and an occasional planet.

A flying machine will, undoubtedly, be an important adjunct to every newspaper office in the near future, and The Sun, following its previous record, has now fully decided to lead the procession. Think of the startling and excluoive news that can be gathered with one of these twentieth century wonders! All that would be necessary to do would be to soar through the streets on the second-story level, come back on the third-story level, cast side glances as you flew along, and it is a sure-thing bet that you would return to the office with sufficient copy material for a twenty page paper.

But, as we have stated before, our strongest motives in getting a machine are actuated by patriotism. The factory is located near Cascade, the heaviest shareholders being a former Grand Forks blacksmith and a truthful newspaper correspondent, and it is understood that the first machine will be ready for delivery next week. We have offered a well developed fruit ranch in exchange for it, and there is every prospect of the deal being conummated. Immediately on its arrival in the city the wings will be painted white(?) in order that they may not grow weary.

A Big Minstrel Coming

Frank Mahara's Big Minstrel Carnival numbering in all thirty colored artists and a big concert will be here next Thursday, June 28th. Frank Mahara this season has captured nearly all the old time favorites in the colored race for his big show. Foremost among them is Skinner Harris, who is professionally known as Black Ezra Kendall, and he is without doubt the greatest colored performer of the age. Mahara's big colored concert band will give a street parade at noon and a concert at 7:30 p. m.

Dominion Estimates

OTTAWA, June 23—All estimates for the coming fiscal year are now before parliament, and they reach a total of $90,750,000, or $5,000,000 more than this year. The supplementary estimates for the fiscal period of nine months from July next until March 31, 1907 were brought down Saturday, the total being $4,667,916. Added to the main estimates of $72,-604,463, brought down some weeks ago, the total is $77,272,360 for nine months, equivalent to a twelve months' appropriation of $90,755,579 as compared with $85,852,654 in the year just closing. British Columbia's items in the supplementaries include the following: Nelson public building improvements, including fittings; etc., $1,400. Amount for cleansing Indian orchards, British Columbia, $1,500. Williamhead Quarantine station improvements, repairs, supplies, etc, $10,000. Steamer for quarantine, $35,000. Fraser river, removal of obstructions to navigation between Quesnel and Soda Creek, $2,000

WINNIPEG

Frank Buem, Kalifield; J Whyte, Midway; F Jones, Riverside, B.C.; J Ankers, Gus Holm, Archie Kay, Nelson.

W.C. Thomas, smelter superintendent for the Dominion Copper Co. at Boundary Falls, started Friday on a ten days' trip to his home in Salt Lake City, Utah, expecting to bring Mrs. Thomas back with him.

Keep the Bowels Regular

If your bowels didn't move for a week you would be prostrated. If more than one day goes by you become languid, blood gets bad, breath horribly offensive, you feel sick all over. To remedy this take Dr. Hamilton's Pill which regulate the bowels and cure constipation. Taken at night you are well in the morning. They purify and cleanse the system, prevent headache, billiousness and sick stomach. Prompt and certain are Dr. Hamilton's Pills of Mandrake and Butternut, 25c per box or five for $1 at all dealers.

When

You consider that a poorly printed job costs just as much as one that presents a neat and tasty appearance, do you not think that your business demands the latter kind?

Good Printing—the kind we do—is in itself an advertisement, and a trial order will convince you that our stock and workmanship are of the best. Let us estimate on your order. We guarantee satisfaction.

SUNBEAMS

One does not have to look for trouble in order to find it.

Many people fail to appreciate salvation because it is free.

You can't always tell what is in a man by trying to pump him.

The less a man talks the more he doesn't have to apologize.

The better we become acquainted with some people the more we regret it.

If a man owes you money he is always ready to laugh at your alleged jokes.

The average man isn't half as fair with other men as he expects other men to be with him.

When a young man places a girl's picture in his watch case he expects her to marry him in time.

Business is business unless the customer happens to be a lady, in which case it becomes strategy.

A woman tells fairy tales to her children and a man tells them to his wife.

STOLEN—TWO VERSES.

Breathes there a *man* with soul so dead
Who never to himself has said:
"I'll pay before I go to bed
The debt I owe the printer"

There are some we know full well,
Who never such a tale can tell,
But they we fear, will go to—well
The place where there's no winter.

More Deadly Than Famine

Neglected catarrh sooner or later causes consumption which destroys more human beings than famine and war combined. The way Catarrhozone cures catarrh is very simple: it first kills the germs that cause irritation; then by soothing away the congestion and inflamation it cures the discharge, hawking and dropping in the throat. "I suffered so continually from nasal catarrh" writes Ernest R. Dakin of Rosemont. "that I scarcely knew what it was to be free from headache and pain over the eyes. Catarrhozone relieved me at once and made a thorough cure." No other remedy cures like Catarrhozone—try it for your next cold.

THE

WINDSOR HOTEL

Serves the most carefully prepared meals and the best brands of wines, liquors and cigars.

CLOSE CONNECTIONS made at St. Paul and St. Louis in Union Depots for all points East and South-East.

To enable parties who so desire to visit friends and relatives in the East during the summer season of 1906, the NORTHERN PACIFIC will on JULY 2nd and 3rd, AUGUST 7th, 8th and 9th, and SEPTEMBER 8th and 10th sell round-trip tickets from points in this territory to Chicago, St. Louis, St. Paul, Minneapolis, Omaha and Kansas City at one lowest first class fare plus Ten Dollars, with final return limit ninety days from date of sale, but not beyond October 31st, 1906.

Extremely low rates are in effect from February 15th to April 7th and September 15th to October 31st, 1906, from all points in the East to points in this territory. If you desire to send for a friend or relative on these rates we telegraph tickets to Eastern points without extra cost.

The NOTHERN PACIFIC have all announced very low round-trip rates from points in the East to points in this territory, and tickets will be on sale from June 1st to September 15th inclusive, final limit for return October 31st, 1906.

Get your wedding invitations printed at The Sun office. We have the closest script type imitation of a steel engraving made.

If your watch needs repairng, take it to White Breos. All work guaranteed.

Read The Sun—The only twice-a-week paper in the Boundary. $1.00 per year.

Our job department is superior to any other in the Boundary country. We have both the material and the experience to turn out high class work.

Columbian College

FOUNDED 1892
INCORPORATED 1893

NEW WESTMINSTER, B. C.

Provides a Home for Students of both sexes at reasonable rates. Has a Preparatory Class for Junior Students doing Public School work. Is doing High School work, confers all High School privileges, and prepares for Teachers' Examinations. Teaches all branches of a thorough Practical Business Course, and grants Diplomas. Gives a Liberal Education in its own Collegiate Course, and in the Ladies' College Course for the degrees of M.E.L. and M.L.A. In University work, the Arts Course can now be taken in Columbian College, and the B.A. degree obtained from Toronto University, with which the College is in full affiliation. In Theology prepares for the degree of S.T.L. and B.D.

For fuller information, and terms, write,

Rev. W. J. Sipprell, B.A., B.D.,
or Re v. J. Bowell, Bursar.

TOPICS OF THE TOWN

Razor honing a specialty at the Palace Barber Shop, Victoria hotel.

The Lion Bottling Works are selling Gooderham & Wort's Rye Whiskey, the best rye whiskey in Canada, for $3.00 per gallon.

You're next at the Palace Barber Shop, Victoria hotel.

It takes modern material to do up-to-date work. The Sun job department is kept strictly up-to-date.

For a nice hair cut or shave go to the City Barber Shop on Bridge street. Baths 50c, three for $1.00.

Croup is Deadly

It must be stopped quickly. Nothis so sure as Nerviline. Give it internally, and rub it on chest and throat—croup soon vanishes. No doctor can write a more efficient prescription than Polson's Nerviline, which reaches the trouble and cures quickly. The marvelous power of Nerviline will surprise you; it's the best household remedy for coughs, colds, sore chest, croup and internal pain of every kind. Large bottles have been sold by all dealers for nearly 50 years at 25c.

LEADS THE VAN IN THE

Accident and Insurance Business

The reasons are easily explained.
First—He is agent for the

Canadian Casualty and Boiler Insurance Company

and they issue THE BEST POLICIES IN THE WORLD.

Second—A policy with his company means a promise to pay, and Pete PAYS ALL CLAIMS PROMPTLY.

Third—Pete is an old-timer, and everybody knows him and can rely on what he says.

Call at his office, JOHNSON BLOCK, FIRST STREET, and consult him. He will be pleased to give you any information regarding his company, and delights to explain the special features of

The Climax Policy
