PYTHIANS' NIGHT

Grand Chancellor of British Columbia Visits Local Lodge

An Elaborate Banquet and a Flow of Oratory Enthuse the Members

An enthusiastic special meeting of Grand Forks Lodge No. 30, K. of P., was held in Oddfellows' hall Monday night, it being the occasion of an official visit of the grand chancellor of British Columbia—Geo. Johnson, of Nanaimo. There was a large attendance present. The grand chancellor, assisted by Brothers Ellspermann and Osborne, of Tacoma and Seattle lodges, acting respectively as grand master at arms and grand prelate, installed the officers-elect of Grand Forks Lodge No. 30. An interesting event in this connection was the presentation to Past Chancellor W. K. C. Manly, on his retirement from the chair, of a richly engraved jewel, as a mark of appreciation by the officers and members of the lodge. The rank of knight was then conferred upon two esquires. The work, which was put on in an impressive manner, proved interesting to the visitors as well as the candidates.

After the lodge closed the members and visitors repaired to the banquet hall, where an elaborate supper was prepared, and which was greatly enjoyed. While the smoke of the Havanas circled toward the ceiling Grand Chancellor Johnson made a most interesting address, in which he reviewed the history of Pythianism and its relation to other fraternal orders. He declared that, as the order was of comparative recent origin, it had incorporated in its teachings all that was good of the other orders. He emphasized the fact that this, as well as other societies, must stand or fall on their merits, and that nothing but true fraternalism, conscientiously practised, would build up an order that would last for all time. A number of other speakers followed. G. A. Ellspermann, of Nelson Lodge No. 108, entertained the gathering in his own inimitable style. Jeffery Hammar, Neil McCallum, Mr. Osborne, Ernest Miller, H. A. Sheads and numerous others kept up the flow of eloquence until a late hour. A short musical program concluded a most enjoyable gathering.

The following officers were installed: C. C., F. Miller; V. C., A. H. Napper; Pre., A. J. Standell; M. of A., Ed Miller; M. of W., Geo. Nye; K. of R. and S., Stanley Hull; M. of E., Geo. Hull; M. of S., Geo. Chapple; I. G., C. J. McKenzie; O. G., Geo. Coleman.

Killed in Phoenix Mines

James R. McGregor, a mucker at the Granby mines in Phoenix, was instantly killed Monday afternoon in the Old Ironsides mine. He was up in a chute loosening some ore, when a large piece of rock came down suddenly, weighing some six or eight hundred pounds, and pinned him against the side, instantly crushing out his life. It required half a dozen men to lift the rock away from the poor fellow. McGregor was unmarried, about 21 years of age, and a native of Nyanza, Victoria county, Cape Breton. He had been employed in Phoenix but a short time. Last winter he was employed in the country around Ymir, it is said. His relatives in Nova Scotia were at once notified. Provincial Mine Inspector McGregor, of Nelson, who was in Greenwood at the time, was advised of the accident, and arrived in Phoenix on Tuesday morning. Dr. C. M. Kingston, of this city, district coroner, went up to Phoenix on Tuesday, and held an inquest over the remains. A verdict of accidental death was returned.

Dog, Pony and Monkey Show

A dog, pony and monkey circus new to this country, will make its initial bid for popular and permanent favor this season when Cozad's Equine, Simian and Canine Paradox will exhibit here in the near future. The name of Cozad in the show business of this country is not well known at present, but to professionals who have made European tours, it is very familiar as being the oldest and best known exhibition of this kind on the continent. The Cozad trade-mark has been popularly known in Europe for many years the show having been handed down from father to son for several generations through a long line of showmen The Cozad family have determined to adopt this country as their permanent home, and have brought their entire equipment to this country, and when they appear here they will present the largest and most complete dog, pony, monkey and goat circus ever exhibited in Canada. Traveling in their own special train, and erecting mammoth waterproof tents, they will present an entertainment that will appeal strongly to ladies and children. At the conclusion of the exhibition the latter will be given free rides upon the backs of the pretty, demure Shetland ponies, carefully guarded by competent uniformed attendants. Two exhibitions will be given daily, one in the afternoon after school hours and one at night. There will be over three hundred animal actors, and these include highly-bred Shetland ponies, dogs of all kinds and monkeys from the various tribes of the earth. There will be animal clowns to make the children laugh and a daily parade upon the principal streets to show the public the many wonders of the animal circus. Conzad's California Dog and Pony show will exhibit here in the afternoon and evening on Wednesday next.

GIVEN AWAY—To the little girl selling the greatest number of tickets to our Circulating Library we will give an $8 doll's cab, and to the girl selling the second largest number a $6 dressd doll. Watch for prizes in our window Saturday night. Contest begins Saturday, July 22nd, and closes in one month. W. H. Itter & Co.

Geo. S. Hill has secured the contract for the construction of a large sceptic tank for the residences and mess house at the Granby smelter. Geo. Chapple will do the plumbing work.

Pat Mitchell, an old timer of Grand Forks, has purchased an interest in "The Club." Mr. Mitchell is very popular, and will undoubtedly accumlate a bank-roll at once.

NEWS OF THE CITY

Church of England Sunday School Picnic Was a Big Success

Prominent Great Northern Officials Visited the City Yesterday

The annual picnic of the Church of England Sunday school was held in the grove near the Great Northern bridge last Wednesday, from 10 a. m. till 7 p.m. Abut fifty children were present, besides a large number of parents and friends, and all had a most enjoyable outing. An excellent program of sports, in charge of Mr. Hoadley, of the public school, furnished wholesome amusement for the youngsters during the afternoon. The different events were warmly contested. Refreshments, including ice cream and berries, were served. When the gathering broke up, at 7 o'clock, everybody voted it the most enjoyable outing of the season. The Ladies' Guild of the church aided materially in making the affair a success, and are deserving of special credit. The members of the Sunday school extend their thanks to Mrs. Young for the use of her premises for the occasion.

H. A. Jackson, accompanied by H. M. Adams, assistant traffic manager of the Great Northern, arrived in the city yesterday morning from Republic in their private car. The car remained at the station all day yesterday, and in the evening it was attached to the regular Phoenix train.

Fred B. McKeehan, U.S. immigration agent at this point, received word last week that his brother Frank was seriously ill in Cleveland, Ohio. Mr. McKeehan left at once for his brother's bedside, but missed making connections in St. Paul, and on Wednesday a telegram was received in this city stating that his brother had died before Fred reached Cleveland.

The birthday party given by Masters Ralston and Gordon McLellan, at the home of their parents in the West end Wednesday, was an enjoyable affair. A large number of their young friends were present, and they were lavishly entertained. A peculiarity about this birthday celebration is that two children, of different age, in the same family should have been born on the same date.

Mr. Jewel, who purcashed a tract of Covert's ranch last spring, is having a fine residence erected on his property. The most modern city plumbing is being installed in the house.

Miss Ethel McLaren, of Carson, gave a pleasant party to her friends last Monday evening in honor of Miss Taylor of Spokane and Miss Stewart of Republic. About fifty guests were present, including a large number of people from this city. Music and cards furnished the amusement of the evening. Appetizing refreshments were served.

It is hot enough for The Sun man, thank you. It has been 99° in the shade, and 125° on the Granby smelter slag pile, during the past two days. Mr. Vaughan, of the assay office, still persists in wearing his overcoat, however.

T. W. Fairweather, of Republic, general superintendent of the Kettle Valley line, was a guest at the Yale this week.

The plumbing work being put in R. R. Gilpin's and H. E. Woodland's fine new residences by Geo. Chapple is of the most modern character, and is fully equal to this kind of work placed in first-class eastern houses.

The strike at the British Columbia Copper company's smelter in Greenwood was short lived, and was ended Monday afternoon. It is said that the strikers made an unconditional surrender. The company refuses to re-employ the men who caused the trouble.

Mr. Oleson, local Great Northern freight agent, left last Saturday for the Lewis and Clark exposition in Portland. He will be gone about seven weeks, and will visit the beach at Astoria and the Sound cities before returning home.

Methodist Church—Services next Sabbath at the usual hours. Morning subject, "The Fatherhood of God." Evening subject, "What Modern Science Has Done With Old Notions About Hell." Services short, and everbody welcome.

George Murphy, of the smelter force, left yesterday for a three months' visit to his old home in Ottawa.

W. E. Caporn, one of the pioneer prospectors of this city, who owns some valuable properties on Hardy mountain, will leave next week on an extended visit to his old home in England. He expects to return to this city next spring.

Geo. Taylor, the general contractor, will leave next Monday with two four-horse teams for Bonanza Siding, where he has secured a large ore hauling contract from the Bonanza and Inland Empire claims to the C.P.R. track.

O. Johnson, late of the Gem restaurant, yesterday shipped his outfit out to Midway, where he will erect a building and open another restaurant.

J. B. Henderson made a business trip to Midway this week.

Duncan Ross, M.P., is expected to return to the Boundary in a few days from Ottawa.

Mrs. Geo. Coleman and family will leave shortly for Tacoma, where they will reside permanently.

An electric fan has been installed in "The Club" clubroom, and the flies now slide off the bald-headed patrons in that establishment as gracefully as a baseball player steals second.

MIDWAY ROUTE

Has Been Selected by the Great Northern Railway Company

Construction Work, It Is Said, Will Commence Within Ten Days

It is reported today that the Great Northern grading outfits and other supplies at present stored in this city will be shipped at once to Phoenix, and thence freighted by teams to Midway. It is further stated that Pat Welch has secured the contract for grading a section thirty miles in length west of Midway, and that actual construction work is to commenced within ten days.

The chief engineer's department of the Great Northern in St. Paul declared last Saturday that plans are now complete for building the V., V. & E. road, but no one in authority then knew positively when the work is to be commenced. Spokane railroad contractors are confident the road will be built via Midway, and this confidence is supported by the fact that J. H. Kennedy, chief engineer of the road, has established his headquarters in the town. Also, Dr. Dutton has engaged hospital quarters there.

Contractors who make their headquarters in Spokane have not so far been advised as to the letting of any new work on the Hill extensions in the Boundary and Similkameen. P. Welch left Spokane the latter part of last week for Boundary, B.C., and it is believed that announcements along this line will be forthcoming soon.

Inquiry at the general offices in Spokane elicited no further information. H. A. Kennedy, assistant general superintendent, stated that the matter was wholly in the province of the engineering department, and that he had not been advised of any development regarding the line to be followed or the date of starting work. Mr. Kennedy added: "The line from Midway is 17 miles shorter than from Republic, but the grade from Midway is heavier."

White men, Indians, cowboys or anyone else who has a good horse—not a race horse—can enter the men's relay race at the Spokane interstate fair, which lasts this year from October 9 to 15. The premium is $1000 in cash, with no entrance fee, enough to tempt the best horsemen and the best horses. The race lasts six days, each man riding two miles a day, using four horses in each day's ride, changing horses and saddle each half mile. This is certain to be a very exciting contest. Particulars can be secured from Robt. H. Cosgrove, secretary and manager of the fair.

Every man owes it to himself and his family to master a trade or profession. Read the display advertisement of the six Morse schools of telegraphy, in this issue, and learn how easily a young man or lady may learn telegraphy and be assured a position.

FRIDAY, JULY 21, 1905

W. Fleet Robertson, provincial mineralogist, has started out upon an important undertaking. He nas been instructed by the provincial government to make an exhaustive report on the region to be traversed by the Grand Trunk Pacific railway, with especial reference to the Bulkley valley. He will leave the C.P.R. at Ashcroft for the 300-mile stage ride upcountry. His first base will be at Barkerville, where the finishing touches will be added to the expedition. Mr. Robertson will have a large pack train and the services of half a dozen men, including guids.e Several canoes will be taken along, as the descent of many rapid rivers will have to be accomplished after passing the summit on the divide between the interior plateau and the coast. In order to expedite his progress men have been engaged in the Cariboo to cut trails through the wilderness north of Barkerville. Most of the region to be traversed is a veritable terra incognita, respecting which the scantiest information is available. Mr. Robertson hopes to supply the deficiency. He will report on the mineral resources along the route, and inquire into the agricultural possibilities. Scattered through Omineca are many prospectors, and unverified stories about fabulously rich strikes of ore have reached the outside world. On his return Mr. Robertson expects to be in a position to announce the character of the mineralization over a wide territory.

Construction on the western section of the Grand Trunk Pacific is to proceed immediately, and tenders will be called for this month. The route is pefinitely located westward to the intersection with the Reginia and Prince Albert branch of the C.P.R., and provisionally to Edmonton. Construction will begin in the vicinity of Portage la Prairie, and the first contracts will cover a section 400 miles in length. The reason for starting so far from Winnipeg is the fact that terminal facilities have not been settled definitely.

Everyone in the Similkameen is rejoicing at the passing of the V., V. & E. railway bill. In Hedley especially hopes are rising of early railway connection, for which the camp has waited five years. The townsite of Allison, near the junction of the Similkameen and Tulameen rivers, has lately been purchased by a syndicate in the interest, it is believed in Hedley, of the C.P.R.

You're Only Half Sick

But nevertheless feel pretty "seedy." Best prescription is Dr. Hamilton's Pills; they tone up the entire system, strengthen the stomach, elevate your spirits and make you feel better in one day. It's by cleaning the body of wastes, by purifying and enriching the blood that Dr. Hamilton's Pills accomplish so much. Very mild, exceedingly prompt, and guaranteed in every case. Your druggist sells Dr. Hamilton's Pills of Mandrake and Butternut in yellow boxes, 25c each, or five for $1.00. Get the genuine.

SUNSET SAUNTERINGS

A large number of Grand Forks people attended a social given in Jaskulek's hall, Danville, Wednesday evening, in honor of Miss Taylor of Spokane and Miss Stewart of Republic.

A number of men on the slag trains at the Granby smelter were prostrated by the intense heat from old Sol yesterday.

L. C. Beckwith and H. Cunningham, agents for Cozad's shhows, were at the Yale yesterday.

The usual services will be held in Knox church next Sunday, conducted by the pastor, J. R. Robertson.

Mr. Abner Hillier, of the electrical departmen. of the Granby company in Phoenix, and Miss Amanda Loeske, daughter of Mr. and Mrs. Thos. Wiseman, were married at the home of the bride's parents in this city at 12 o'clock noon Thursday, Rev. J. R. Robertson officiating. The bride was assisted by her sister, Emma, and the bridegroom by Mr. Moore of Phoenix. An elaborate wedding dinner was served after the ceremony. Mr. and Mrs. Hillier will take up their residence in Phoenix.

The Ladies' Aid of Knox church will give an ice cream social on the manse lawn on Thursday evening next, July 27th. Preparations are being made for an enjoyable evening. As this is the first social gathering at the manse this year, it is hoped there will be a large number of the congregation and friends present.

A free lunch, consisting of salads and other delicacies, will be served in the Club saloon every Saturday night between the hours of 9 and 11. Everybody invited. Martin Dufour, Prop.

Mountain Chief, Gloucester camp, Maginnis et al.

Castle Butte, Hardy Mt., C. A. S. Atwood.

A Bad Bruise

Often causes a good deal of trouble The best cure is a prompt application of Nerviline, which instantly stops the pain, prevents swelling, removes all blackness and discoloration. Nerviline is antiseptic—prevents blood poisoning. No liniment so strong, so penetrating, so swift to destroy pain. You miss a lot of comfort by not using Polson's Nerviline. For nearly fifty years it has been the standard afmily liniment of Canada.

For the convenience of customers, Geo. Floyd, of the Rose Hill dairy, will hereafter keep a supply of fresh milk, cream and buttermilk on hand at Chalmers' fruit store.

Heavy teaming of all kinds done by J. W. Jones.

Razor honing a specialty at the Palace Barber Shop, Victoria hotel.

BICYCLES AND REPAIR WORK—A complete line of 1905 models. A few second-hand wheels cheap. Wheels to rent. GEO. CHAPPLE, opposite Postoffice, First street.

Synopsis of Regulations Governing the Disposal of Dominion Lands within the Railway Belt in the Province of British Columbia.

A LICENSE to cut timber can be acquired only at public competition. A rental of $5 per square mile is charged for all timber berths excepting those situated West of Yale, for which the rental is at the rate of 5 cents per acre per annum.

In addition to the rental, dues at the following rates are charged:—

Sawn lumber, 50 cents per thousand feet B.M.

Railway ties, eight and nine feet long, 1½ and 1¾ cents each.

Shingle bolts, 25 cents a cord.

All other products, 5 per cent. on the sales.

A license is issued so soon as a berth is granted, but in unsurveyed territory no timber can be cut on a berth until the licensee has made a survey thereof.

Permits to cut timber are also granted at public competition, exceptin the case of actual settlers, who require the timber for their own use.

Settlers and others may also obtain permits to cut up to 100 cords of wood for sale without competition.

The dues payable under a permit are $1.50 per thousand feet B.M., for square timber and *sawlogs of any wood except oak; from* ½ to 1½ cents per lineal foot for building logs; from 12½ to 25 cents per cord for wood; 1 cent for fence posts; 3 cents for railway ties; and 50 cents per cord on shingle bolts.

Leases for grazing purposes are issued for a term of twenty-one years at a rental of two cents an acre per annum.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres may be acquired by one individual or company.

Royalty at the rate of 10 cents per ton of 2,000 pounds is collected on the gross output.

Entries for land for agricultural purposes may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior at Ottawa, the Commissioner of Immigration at Winnipeg, or the local agent for the district within which the land is situated, receive authority for some one to make entry for him.

A fee of $10 is charged for a homestead entry.

A settler who has received an entry for a homestead, is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land to each year during the term of three years.

It is the practice of the Department to require a settler to bring 15 acres under cultivation, but if he prefers he may substitute stock; and 20 head of cattle, to be actually his own property, with buildings for their accommodation, will be accepted instead of the cultivation.

(2) If father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of the Act, resides upon a farm in the vicinity of the land entered for by such persons as a homestead, the requirements of the Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of the Act as to residence may be satisfied by residence upon the said land.

Application for a patent should be made at the end of three years before the local agent, sub-agent or a homestead inspector.

Before making an application for a patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of hi intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.

Ottawa, February 4th, 1905

Dressmaking

Mrs. P. H. Kelliher's dressmaking parlors have been moved from the Sears block to her residence, opposite the English church, where she will be pleased to see all her old customers. Fashionable dressmaking and plain sewing.

WISE AND OTHERWISE

Some writers suffer from cramps in the fingers and others from cramps in the brain.

Always give the benefit of the doubt to the person who is only suspected of doing wrong.

He who has resolved to conquer or die is seldom conquered; such noble despair perishes with difficulty.

Some of the society girls say that it is a great pity that the skirts are so long now and the stockings so pretty.

Men laugh and women weep at weddings, probably because they are not the ones that are getting married.

Many people save up money by doing without something they want in order to be in a position to purchase something they don't need.

Cheerfulness is the rubber tire of life's vehicle. It breaks the jolt whenever prudence and industry have been unable to remove the stones from the road.

Where there are confusions, and griefs, and fears and unattainable pursuits, and avoidance in vain, and envy and rivalry, can the way to happiness lie there?

Japan is a great country for the poor people; they can get on a drunk there with about 15 cents.

One small active fly is more effective in getting you awake in the morning than a dozen alarm clocks.

It is hard to preach to people who do not know whether the psalms are in the new or old testament.

The men are becoming so scarce that when a boy of 12 goes calling he is allowed to sit in the parlor.

Wearing Away Your Lungs?

Yes, and your strength too. Stop coughing and get rid of that catarrh. The only remedy is Catarrhozone, which goes to the diseased tissues along with air you breathe; it can't fail to reach the source of the trouble; it's bound to kill the germs, and as for healing up sore places, nothing can surpass Catarrhozone. If you don't get instant relief and ultimate cure you will at least yet your money back, for Catarrhozone is guaranteed to cure catarrh in any part of the system. You run no risk—therefore use Catarrhozone—at our expense if not satisfied.

The Sun

PRINTS all the news of the Boundary, and prints it while it is news. It is the only twice-a-week paper published in Southern British Columbia. It is not owned or controlled by a clique of politicians, to further their own ambitious aims; nor by a combination of merchants to be used as a means of lauding their own wares, to the detriment of their rivals.

THE SUN is the sole property of its publisher, and no one else has any right to dictate its policy. It is printed in the interest of Grand Forks and surrounding district. When its editor believes he is right, he speaks right out. He does not have to consult half-a-dozen different parties about what he intends to say.

Everybody in Grand Forks reads THE SUN twice a week. Its out-of-town circulation is large, and is rapidly increasing. It is therefore the best advertising medium in the Boundary.

$2 Per Year

W. H. ITTER & CO

Next Door to Post Office

COPPER The new edition of the COPPER BOOK lists and describes 3311 copper mines and copper mining properties, in all parts of the world, covering the globe, these descriptions ranging from two lines to 12 pages in length, according to importance of the mines. The descriptions are not padded, but give facts in the most concise form. There are also fifteen miscellaneous chapters, devoted to the History, Uses, Terminology, Geography, Geology, Chemistry, Mineralogy, Metallurgy, Finances and Statistics of Copper, rendering the volume a veritable encyclopedia of the subject of copper and everything pertaining to the metal. It is the world's standard Reference Book on Copper.

Every Miner, Prospector, Investor, Banker and Broker needs the book. Price is $5 in Buckram binding with gilt top, or $7.50 in full library morocco, and the book, in either binding, will be sent, on approval, to any address in the world, to be paid for if found satisfactory, or may be returned within a week of receipt and the charge cancelled. Address the Author and Publisher.

You Melancholy Women!

Can't even sleep—restless day and night—brooding over imagined trouble all the time. The disease isn't in the brain, but in the blood, which is thin and innutritious. Do the right thing now and you'll be cured quickly. Just take Ferrozone; it turns everything you eat into nourishment, consequently blood containing lots of non and ox gen is formed Ferrozone makes flesh, muscle, nerve—strengthens in a week, cures very quickly. You'll live longer, feel brighter, be free from melancholy if you use Ferrozone. Fifty cents buys a box of this good tonic (fifty chocolate coated tablets in every box) at all dealers.

CLAIMS AND ACCOMPLISHMENTS—We do more than just promise you good printing—we do the printing that's up to our promises. Any office cub can promise—we execute. No disappointment—if we promise work on a date, it's done at that time.

WANTED

A LOCAL SALESMAN

For Grand Forks and surrounding territory to represent

CANADA'S GREATEST NURSERIES

Newest varieties and specialties in Hardy Fruits, Small Fruits, Shrubs, Ornamentals, and Roses. A permanent situation, and territory reserved for the right man. Pay weekly. Handsome outfit free. Write for particulars and send 25 cents for our pocket microscope, just the thing to use in examing trees and plants for insects.

STONE & WELLINGTON,
FOOTHILL NURSERIES,
(Over 800 Acres)
TORONTO, - - - ONTARIO

When

You consider that a poorly printed job costs just as much as one that presents a neat and tasty appearance, do you not think that your business demands the latter kind?

Good Printing—the kind we do—is in itself an advertisement, and a trial order will convince you that our stock and workmanship are of the best. Let us estimate on your order. We guarantee satisfaction.

JOIN THE CANADIAN PREFERENCE LEAGUE

100,000 MEMBERS WANTED

THE object of the League is to educate Canadians how best to apply the Canadian Preference sentiment. Members of the League are expected, when making purchases, to give preference to the products of Canada and to all articles of Canadian manufacture, when the quality is equal and the cost not in excess of that of similar foreign products or manufactured articles. Each member is also expected to give preference to Canadian labor and to this country's educational and financial institutions. A monthly journal will be published in the interests of the League and mailed to each member. The annual membership fee and subscription for the Journal is $1.00.

CUT THIS OUT, SIGN, AND SEND TO — WRITE PLAINLY
The Secretary, THE CANADIAN PREFERENCE LEAGUE,
Room 20, Home Life Building, Toronto

Please enroll my name as a member of the Canadian Preference League. Enclosed is $1.00, my membership fee and subscription for one year to "CANADA FIRST," the journal of The Canadian Preference League.
