Issued Twice a Week

COUNCIL MEETING

First Street Bridge Declared to Be Unsafe for General Traffic

Liquor License Problem Will Be Submitted to the People

The regular bi-weekly meeting of the city council was held in the council chamber last night, Mayor Hammar and all the aldermen being present.

A communication was read from the secretary-treasurer of the fire department, requesting, on behalf of the firemen, that the council exempt the members of the volunteer department from payment of road tax. The request was granted.

A letter was read from Henry White, of Spokane, offering lots 1, 2, 3, 4 and 5, in block 8, for cemetery purposes for \$500. Action was deferred until Mr. White's arrival in the city.

A communication from M. S. Martin stated that he had thoroughly examined the First street bridge and had found the same to be in an unsafe condition. He recommended the closing of the same to general traffic. The mayor said that in order to put the bridge in a safe condition, it would be necessary to rebuild the entire structure, with the exception of the piers. The city solicitor stated that if the bridge was unsafe, in order to relieve the city of responsibility, it should be closed and the government apprised of the fact. The council deferred action until the next meeting, instructing the city solicitor to notify the provincial government in the meantime that the bridge is in a bad condition.

The following accounts were ordered paid:

Firemen	\$ 66.00
H. Ellis	3.60
D. Woodhead	6.00
H. Griffin	1.20
Canadian Fairbanks Co.	775.00
Trustees First Kettle River Church	250.00
W. K. C. Manly	51.40
J. L. Manly	52.43
E. T. Bank	1503.75
Mrs. Simmons	1.50
Kettle River Lumber Co.	21.21
Jas. Thompson	5.00

Ald. Clements, chairman of the water and light committee, reported that all the fire stations needed more ladders. On motion of Ald. McCallum and Brown, the committee was authorized to purchase the required number, after a consultation with the fire chief.

Ald. Brown called the attention of the board of works to a number of loose planks in the sidewalk near the First street bridge.

On motion of Ald. Clements and Crossen, Mr. Savage was placed under the jurisdiction of the city clerk.

Ald. McCallum thought that in the event of the First street bridge being closed, the board of works should hunt up a good ford across the river, and have the approaches to it properly graded.

The liquor license question was then taken up. Mayor Hammar stated that the commissioners were not yet

ready to bring in a full report, as more radical changes in the present system were contemplated. He thought eight licenses would be sufficient for the city. If the council was willing to co-operate with the commissioners, he did not think it would be necessary to put the question to a vote of the electors. If the hotels and saloons were reduced, the license fees should be increased so as not to materially curtail the revenue. If the council saw fit, it could grant five licenses to hotels and three to saloons, making the former \$500 and the latter \$750, or it could make all of them hotel licenses.

Ald. Clements favored cutting the licenses down to as low a number as possible. The fewer, the better they could be conducted.

Mayor Hammar stated that he had signed no licenses for the present term. Permits for one month had been granted to all the houses.

Ald. Brown was of the same opinion as Ald. Clements, and thought the licenses should be reduced, but was in favor of both hotels and saloons.

Ald. Henniger said the present liquor license by-law suited him as it now stood. If the bottle license by-law was to be repealed on the grounds of public morals, all saloon licenses should be cut out. If a change was to be made, however, he favored granting hotel licenses only, and then rigidly enforce the law as laid down in the Act.

Ald. Crossen thought the licenses should be cut down one-half. Only hotel licenses should be granted.

Ald. Hutton desired to know the object of this radical change.

Mayor Hammar answered by saying that fewer licenses granted the easier it would be to enforce the law.

Ald. Hutton differed in this view. In Ontario, he said, with a 5 per cent reduction in saloons, drunkenness had increased 10 per cent. The contemplated change would do an injustice to the men closed up, many of whom had all they possessed invested in this business and property here. If the law was being violated, the city maintained a police force to go after the saloonkeepers who did so. If the change was made, he favored high license fee. Many people, he said, would like to see bottle licenses remain as it now stands.

Ald. Brown was afraid that if only hotel licenses were granted, licensees would lease their dining-rooms to irresponsible outside parties.

Ald. Henniger wished to know, if this was done, if licensees would not be held responsible for the accounts contracted by the parties. He wished to know if a clause to this effect couldn't be inserted in the by-law. The mayor thought it would not be legal.

Ald. McCallum, in answer to Ald. Hutton, said the object of the proposed by-law was to give the city an air of respectability. It would do away with "dumps," of which, he was sorry to say, the city had one or two. There were good arguments on both sides of the question. Hotels, under the present by-law, had no chance to compete with the saloons, as the dining-rooms eat up the profits of the bars. But, as he had said, there were also arguments on the other side of the question, and this was why he would like to see the matter decided by the electors. It would relieve both the council and the commissioners of the responsibility of

Continued on Second Page.

NEWS OF THE CITY

Names of Pupils Who Passed at Last High School Examination

Auxiliary Pump for City Water Works Is Now Being Installed

The following Grand Forks pupils passed at the last examination:

- Maude Harrigan.
- Helen Spier.
- Eva Overman.
- James Gilmour.
- Mary Taylor.

Together with the nine who passed at Christmas, this makes a total of fourteen for the school year ending June 30th, 1905.

The new Worthington centrifugal pump for the city waterworks arrived in Grand Forks last Saturday evening, and is now being placed in position at the pumping station near the Kettle river. The pump was manufactured by the Canadian Fairbanks Company, of Montreal, and cost \$1500 at the factory. With the present 50 horsepower electric motor it has a capacity of 600 gallons per minute. This amount can be increased to 1000 gallons per minute by the installation of a 100 horsepower motor. The old pump has a capacity of 400 gallons per minute. The new pump will be set up and in working order in about a week's time. It will afford better fire protection, as the pressure will be materially increased.

Chas. Thomas, proprietor of the Cascade hotel, states the recent fire made a clean sweep of his property, and that he saved absolutely nothing from the flames. Even \$300 belonging to his wife was burnt, as well as his stable, chicken house and a well-bred bull which cost him \$100. The fire started in his back shed from some unknown cause, and not from an electric wire, as at first supposed. The loss to Mr. Thomas is at least \$5000. He had only \$1000 insurance. The damage to Wolverton's store and other buildings burned will be at least \$10,000 more. In addition to this, several of Mr. Thomas' boarders lost everything in the form of clothing and valuables. When the fire was once started the wind blew the flames ahead of it. Mr. Thomas has not yet decided what to do, but he will probably rebuild at the old stand as soon as possible.

Geo. Manson, of the Granby smelter electrical force, is visiting the Lewis and Clarke exposition in Portland.

A. E. Baldwin, recently appointed chief engineer of the Washington & Great Northern, arrived in Princeton from St. Paul last week, and is now in the Hope mountains. Three years ago he made a reconnaissance of the Similkameen route to the Hope summit, having followed chief engineer Kennedy and Mr. Lubber in their exploration for a pass for the V., V. & E. The data then secured was definite and as comprehensive as desired, and which will now be amplified by

examination of other passes and continuation of previous preliminary work. Mr. Baldwin is one of the eminent men in his profession, and is employed by railway companies in various parts of the world in selecting routes. He was recently in Guatemala making choice of route for a railway across the Andes.

The bowling alley is being moved into the building formerly occupied by the Bodegs saloon.

Patrick Welch, the railway contractor, passed through the city last evening on his way to Spokane.

A report was received from Greenwood last Saturday evening that the B. C. Copper company's smelter had been temporarily closed down owing to a walk-out on the part of the employees. The trouble is said to have arisen over the appointment of a new arrival from Tennessee as chief feeder. The men resented this action and refused to work with him.

A. H. Lawder of this place, has received word of the sudden death of his uncle, the late Colonel George Howard Moore-Lane, C.M.G., and chief paymaster of the fifth eastern division of the eastern command at Dover, England. The deceased met his death from an accident, while riding in a jaunting-car in the west of Ireland. The dead officer was buried at Dover with full military honors.

Miss Clara McDonald gave a pleasant party to a number of her young friends at the Pacific hotel last week.

Geo. H. Murphy, of the Granby carpenter force, will leave on Thursday evening for a two months' visit to his old home in Ottawa.

Page Boyle left last week with a diamond drill and a force of six men for the Nickel Plate mine at Hedley, where he has a contract for drilling 2000 feet this summer.

The contract for sprinkling the streets has been awarded to Max Kuntz, the local drayman. The work has heretofore been done by J. L. Manly, who recently threw up the contract.

A large force of workmen are engaged in clearing the right-of-way of the Bonnington Falls pole line on Fourth of July creek.

The B. C. Telephone Company's force of workmen engaged in rebuilding the line is now camped near the C.P.R. bridge, and are working between the city and the Granby smelter. Steve Irwin, of Rossland, is in charge.

Foreman Sprogett now has about 21 men working on the extension of the North Fork wagon road to Franklin camp.

The city council of Phoenix has taken the first steps towards the erection of a city hall.

Judge Andrew Leamy is still very low, but was reported to be slightly better yesterday. His eldest son arrived home last Saturday from St. Catharines, Ont., where he is employed in a large electrical establishment.

RAILWAYS ACTIVE

Vernon Man's Views on the Situation in the Similkameen Country

Believes C.P.R. Is Preparing to Build West From Midway

"The C.P.R. is preparing to contest with the Great Northern Railway for a share of the vast but potential tonnage of the Similkameen," according to S. C. Smith, of Vernon. Mr. Smith owns a sash and door factory at Vernon, and is thoroughly conversant with conditions in the vast region lying west of Okanagan lake. He is now visiting Vancouver, and told the local newspapermen of the activity in railway construction now prevalent in the Similkameen and Nicola districts.

"It is certain," Mr. Smith said, "that the road now being built from Spence's Bridge will form a link in the C.P.R.'s plan for tapping the Okanagan and Similkameen. Contrary to the general belief, the C.P.R. has not been caught napping but will have an almost direct route between the Kootenays, the Boundary, the Okanagan and the Similkameen long before the Great Northern succeeds in getting west of the Hope mountains. The American road has made the first start, but the C.P.R. can make more rapid progress if it undertakes work simultaneously at Midway, Penticton, Summerland and a number of other points.

"I imagine, however, that the king fight will be waged over the ore traffic, which is destined to equal, if not surpass, that of the Boundary district, where the Hill road has been getting a large share of the ore tonnage.

"Of course, the people in the districts referred to will heartily welcome both railways. They have been waiting so long for railway facilities that they are not worrying over Mr. Hill's invasion; nor likewise are they concerned whether the C.P.R. and its rival engage in a death struggle. All such talk is rank nonsense, for no such sentiment exists in the upper country.

"Personally I rejoice at the restrictions requiring Hill to make his western terminus at Canadian tide-water, but just how many years will elapse before this line is extended across the Hope mountains is another question. The Great Northern has other business to attend to in the meantime. However, I feel confident there is nothing in the report that Hill will seek to haul the ores of the Similkameen to American smelters.

In the first place, most of the Similkameen ores are refractory and of low grade, hence they will seek treatment at home, for the reason that they cannot stand a long haul. By virtue of a simple economic law, the smelting industry is bound to develop in the Similkameen, where large waterpowers abound. The C.P.R. will be a live competitor, and judging from the manner it has recently looked after its interests at Rossland and Trail, won't allow the Hill road to do all the gobbling."

TUESDAY, JULY 18, 1905

Reports from Alberni state that the socialist influence is being directed towards the government candidate, for whom J. H. Hawthornwaite is working hard. Mr. Hawthornwaite and Parker Williams, the socialist members, had a platform encounter with Mr. Oliver, the member for Delta, at Wellington, which was pretty lively while it lasted, the facts and figures of the farmer-member in the end reducing the government apologists to silence. Attorney-General Wilson, who was present, spent a few minutes flattering the socialists and congratulating Nanaino and Newcastle on the men they had chosen to represent them. The political crisis, in fact, has had the effect of making the Socialist-Conservative alliance more prominent than ever. The leaders on both sides have almost forgotten to disavow them. Ralph Smith, M. P., and W. Sloan, M. P., have arrived from Ottawa to take part in the campaign. J. A. Macdonald, M. P., leader of the opposition, is also on the ground. On the other side, Premier McBride and Chief Commissioner Green are doing battle for Mr. Manson. Meetings are being held simultaneously in various parts of the constituency, and altogether a strenuous battle is proceeding in the constituency.

"Better than ever in its history and everything pointing ahead hopefully," was the way in which S. H. C. Miner spoke of British Columbia in an interview in Vancouver. Mr. Miner is one of the most largely interested of eastern men in British Columbia resources. He gave a direct denial to the report that he was withdrawing his money from British Columbia investments. He was retiring as far as possible from active management, but his money would remain, as he did not think he could place it better. Mr. Miner is a quiet man, but he became almost enthusiastic when he spoke of the Granby smelter and the mines at Phoenix. "Why," he said, "ours is the only copper mine in the world that is being operated by a steam shovel. I am very glad that I ever struck British Columbia."

Premier McBride last Saturday entered an action against the Victoria Times for \$10,000 damages for an editorial in which it was charged that his government was conceived in treachery and maintained in power by even viler tactics, and also charging him with conniving with the returning officer in the Fernie election case to steal a seat rightfully belonging to the Liberals.

THE CITY COUNCIL

Concluded from First Page.

making the changes by submitting the question to the ratepayers. Ald. Hutton was willing to submit the proposed by-law to the people. Ald. Henniger—In what form—four saloons and four hotels? Ald. Hutton—Leave that question to the people.

City Solicitor Miller thought it would be best to draft the new by-law before submitting the question to the people.

Mayor Hammar expressed the opinion that the new by-law probably could not be enforced before the first of the year. In granting licenses under the proposed by-law, people who owned the premises they occupied should be given first consideration.

On motion, Ald. McCallum was granted leave to withdraw his bottle liquor by-law, in view of the fact that it is to be incorporated in the new by-law.

On motion of Ald. Hutton and Clements, it was decided that it was the sense of the council that the liquor question be submitted to the people.

Ald. Clements gave notice that he would introduce a new liquor license by-law at next meeting of the council. Ald. Crossen drew the council's attention to a dance which had lasted until after midnight last Saturday.

The council then adjourned until Monday evening, July 31.

SUNSET SAUNTERINGS

K. S. Hankinson, secretary to J. H. Kennedy, chief engineer of the V. V. & E., was a guest at the Yale over Sunday, arriving in the city from Keremeos Saturday evening.

Olaf Everson, while returning from P. T. McCallum and I. A. Dinsmore's ranch last Saturday night, killed a rattlesnake on Manly's ranch that measured 4ft. 1in. in length, and had fourteen rattles. His snakeship showed fight when Mr. Everson was ten feet away from him. You needn't take our word as to the size and the number of rattles of the snake. P. T. McCallum measured him and counted the buttons.

A telegram was received by W. H. P. Clement last Saturday from Brampton, Ont., stating the mother of Mesdames W. H. P. Clement and J. D. Spence, of this city, had just died at that place. Mr. and Mrs. Spence, who have been visiting in Brampton during the past six months, will probably return to this city in the course of a week or two.

A disastrous fire occurred last week near the Johnson ranch, near this city, and before it could be extinguished had consumed over ten tons of hay and a quantity of grain. All the ranchers in the vicinity were out fighting the flames. The fire is said to have been started by the careless lighting of a cigarette by a traveler.

Ralston and Gordon McLellan will give a birthday party to their young friends at the home of their parents, in the Westend, tomorrow. Both were born on the same date.

P. T. McCallum and I. A. Dinsmore's fine stock ranch on Morrissey creek has been surveyed.

A free lunch, consisting of salads and other delicacies, will be served in the Club saloon every Saturday night between the hours of 9 and 11. Everybody invited. Martin Dufour, Prop.

You're Only Half Sick

But nevertheless feel pretty "seedy." Best prescription is Dr. Hamilton's Pills; they tone up the entire system, strengthen the stomach, elevate your spirits and make you feel better in one day. It's by cleaning the body of wastes, by purifying and enriching the blood that Dr. Hamilton's Pills accomplish so much. Very mild, exceedingly prompt, and guaranteed in every case. Your druggist sells Dr. Hamilton's Pills of Mandrake and Butternut in yellow boxes, 25c each, or five for \$1.00. Get the genuine.

The best furnished rooms in the city, with or without board, at the Winnipeg hotel. Free hot and cold baths.

A Bad Bruise

Often causes a good deal of trouble. The best cure is a prompt application of Nerviline, which instantly stops the pain, prevents swelling, removes all blackness and discoloration. Nerviline is antiseptic—prevents blood poisoning. No liniment so strong, so penetrating, so swift to destroy pain. You miss a lot of comfort by not using Polson's Nerviline. For nearly fifty years it has been the standard family liniment of Canada.

For the convenience of customers, Geo. Floyd, of the Rose Hill dairy, will hereafter keep a supply of fresh milk, cream and buttermilk on hand at Chalmers' fruit store.

Heavy teaming of all kinds done by J. W. Jones.

Razor honing a specialty at the Palace Barber Shop, Victoria hotel.

BIKES AND REPAIR WORK—A complete line of 1905 models. A few second-hand wheels cheap. Wheels to rent. GEO. CHAPPEL, opposite Postoffice, First street.

Eastern Township Pure Maple Sugar and Syrup at Chalmers'.

You're next at the Palace Barber Shop, Victoria hotel.

For a nice hair-cut or shave go to the City Barber Shop on Riverside. Baths 25c.

NOTICE

Notice is hereby given that the firm of Taylor & Fisher, general contractors, has been dissolved by mutual consent. The business will be continued by the undersigned, and all bills due the late firm are payable to him. All bills contracted by the said firm up to the 1st of May last will be paid by me, but I will not be responsible for any debts incurred by my late partner, W. H. Fisher, after that date.

GEO. TAYLOR.
Grand Forks, June 22, 1905.

Synopsis of Regulations Governing the Disposal of Dominion Lands within the Railway Belt in the Province of British Columbia.

A LICENSE to cut timber can be acquired only at public competition. A rental of \$5 per square mile is charged for all timber berths excepting those situated West of Yale, for which the rental is at the rate of 5 cents per acre per annum.

In addition to the rental, dues at the following rates are charged:—

Sawn lumber, 50 cents per thousand feet B.M.

Railway ties, eight and nine feet long, 1 1/2 and 1 3/4 cents each.

Shingle piles, 3 cents a cord.

All other products, 5 per cent, on the sales.

A license is issued so soon as a berth is granted, but in unsurveyed territory no timber can be cut on a berth until the licensee has made a survey thereof.

Permits to cut timber are also granted at public competition, except in the case of actual settlers, who require the timber for their own use.

Settlers and others may also obtain permits to cut up to 100 cords of wood for sale without competition.

The dues payable under a permit are \$1.50 per thousand feet B.M., for square timber and sawlogs of any wood except oak; from 1/2 to 1 1/2 cents per lineal foot for building logs; from 12 1/2 to 25 cents per cord for wood; 1 cent for fence posts; 3 cents for railway ties; and 50 cents per cord on shingle bolts.

Leases for grazing purposes are issued for a term of twenty-one years at a rental of two cents an acre per annum.

Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 200 acres may be acquired by one individual or company.

Royalty at the rate of 10 cents per ton of 2,000 pounds is collected on the gross output.

Entries for land for agricultural purposes may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of Immigration at Ottawa, the Commissioner of Immigration at Winnipeg, or the local agent for the district within which the land is situated, receive authority for some one to make entry for him.

A fee of \$10 is charged for a homestead entry.

A settler who has received an entry for a homestead, is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land to each year during the term of three years.

It is the practice of the Department to require a settler to bring 15 acres under cultivation, but if he prefers he may substitute stock and 50 head of cattle, to be actually his own property, with buildings for their accommodation, will be accepted instead of the cultivation.

(2) If father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of the Act, resides upon a farm in the vicinity of the land entered for by such persons as a homestead, the requirements of the Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of the Act as to residence may be satisfied by the settler himself.

Application for a patent should be made at the end of three years before the local agent, sub-agent or a homestead inspector.

Before making an application for a patent, the settler must give six months' notice in writing to the Minister of the Interior, or the local agent at Ottawa, of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior,
Ottawa, February 4th, 1905.

Dressmaking

Mrs. P. H. Kelliher's dressmaking parlors have been moved from the Sears block to her residence, opposite the English church, where she will be pleased to see all her old customers. Fashionable dressmaking and plain sewing.

SEWING

Plain and fancy sewing at reasonable prices. Call at residence of Mrs. J. B. Bone, south of G. N. Railway. MRS. TOM BRENNAN.

Just arrived, up-to-date Ready-to-Wears. Miss M. E. Webb, Milliner.

WHY GO EAST

Over the sun-burned, sage brush and alkali plains, when you may just as well take a delightful, cool and comfortable ride through the heart of the Rocky Mountains in view of the grandest scenery on the American continent?

This you can do by traveling on the Rio Grande system, the far-famed "Scenic Line of the World," the only transcontinental line passing through Salt Lake City, Glenwood Springs, Leadville, Colorado Springs and Denver enroute to eastern points.

Three daily express trains make close connections with all trains east and west, and afford a choice of five distinct routes of travel. The equipment of these trains is the best, including free reclining chair cars, standard and tourist sleepers, a perfect dining car service, and also personally conducted excursion cars, each in charge of a competent guide, whose business is to look after the comfort of his guests. No more pleasant and inexpensive means of crossing the continent can be found than is provided by these excursions.

For additional details address J. D. Mansfield, Gen. Agt., Rio Grande Lines, No. 124 Third Street, Portland, Ore.

NOTICE

To the Board of License Commissioners for the City of Grand Forks.

NOTICE is hereby given that I intend, at the next meeting of the License Commissioners of the City of Grand Forks at which this application can be heard, to apply for a transfer and right to remove the saloon license at present in my name in respect of the premises known as the Norden Saloon, on Bridge street, in the City of Grand Forks, British Columbia, from said premises to the premises known as the "White House," on Riverside Avenue in said city, and being on Lots Eight and Nine, Block Two, Registered Plan Twenty-three.

Dated at Grand Forks, British Columbia, this 18th day of June, 1905.

ROBERT LINDHOLM.

NOTICE

IN THE MATTER of the "Land Registry Act," and in the matter of the title to part of Lot 519, Group 1, Osoyoos Division, Yale District, in the Province of British Columbia.

WHEREAS the certificate of title of Angus Claude Macdonell, being certificate of title numbered 464a to the above hereditaments, has been lost or destroyed, and application has been made to me for a duplicate thereof;

Notice is hereby given that a duplicate thereof to the above hereditaments will be issued at the expiration of one month from the date hereof, unless in the meantime valid objection to the contrary is made to us in writing.

W. H. EDMONDS,
District Registrar.

Land Registry Office,
Kamloops, B.C., May 22, 1905.

MINERAL ACT.

CERTIFICATE OF IMPROVEMENTS

NOTICE.

"Buller" Mineral Claim, situate in the Grand Forks Mining Division of Yale District.

Where located: Hardy Mountain.

TAKE NOTICE that I, W. B. Shaw, as agent for Edmund J. Tett, Free Miner's Certificate No. B71,595, intend, sixty days from the date hereof, to apply to the Mining Recorder for a certificate of improvements for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 37, must be commenced before the issuance of such certificate of improvements.

Dated this 27th day of August, A. D. 1901.

W. B. SHAW.

RIVERSIDE AVENUE.

WISE AND OTHERWISE

Its an easy matter to ignore an insult aimed at somebody else.

The man who advertises his business cannot be scared out by competition.

The mission of the dude is to show what man was before he became a man.

The man who could not fill the office better than the man elected has yet to be born.

It is a mean man that will deliberately walk between a lady and bargain store window.

A woman looking for a rich husband is much like a confidence man looking for a Jay.

Misfortune generally comes in pairs, especially if the "other fellow" holds three of a kind.

Thirteen is not considered unlucky by the man who gets that number for the price of a dozen.

If you have warts on your hands you should be thankful that you have not freckles on your face.

No one has yet been able to explain why a baldheaded man has his hair cut oftener than other men.

Many a man's haste to get ahead in the world results only in his getting a headstone before it is due.

Arguments may not change a man's political opinions, but a two-dollar bill will often change his vote.

One touch of nature makes the whole world kin, and two touches indicate that you are an easy mark.

Many a man who finds it easy enough to buy things on time finds it mighty hard to pay for them on time.

Wearing Away Your Lungs?

Yes, and your strength too. Stop coughing and get rid of that catarrh. The only remedy is Catarrhzone, which goes to the diseased tissues along with air you breathe; it can't fail to reach the source of the trouble; it's bound to kill the germs, and as for healing up sore places, nothing can surpass Catarrhzone. If you don't get instant relief and ultimate cure you will at least get your money back, for Catarrhzone is guaranteed to cure catarrh in any part of the system. You run no risk—therefore use Catarrhzone—at our expense if not satisfied.

The Sun

PRINTS all the news of the Boundary, and prints it while it is news. It is the only twice-a-week paper published in Southern British Columbia. It is not owned or controlled by a clique of politicians, to further their own ambitious aims; nor by a combination of merchants to be used as a means of lauding their own wares, to the detriment of their rivals.

THE SUN is the sole property of its publisher, and no one else has any right to dictate its policy. It is printed in the interest of Grand Forks and surrounding district. When its editor believes he is right, he speaks right out. He does not have to consult half-a-dozen different parties about what he intends to say.

Everybody in Grand Forks reads **THE SUN** twice a week. Its out-of-town circulation is large, and is rapidly increasing. It is therefore the best advertising medium in the Boundary.

COPPER

The new edition of the **COPPER BOOK** lists and describes 3311 copper mines and copper mining properties, in all parts of the

world, covering the globe, these descriptions ranging from two lines to 12 pages in length, according to importance of the mines. The descriptions are not padded, but give facts in the most concise form. There are also fifteen miscellaneous chapters, devoted to the History, Uses, Terminology, Geography, Geology, Chemistry, Mineralogy, Metallurgy, Finances and Statistics of Copper, rendering the volume a veritable encyclopedia of the subject of copper and everything pertaining to the metal. It is the world's standard Reference Book on Copper.

Every Miner, Prospector, Investor, Banker and Broker needs the book. Price is \$5 in Buckram binding with gilt top, or \$7.50 in full library morocco, and the book, in either binding, will be sent, on approval, to any address in the world, to be paid for if found satisfactory, or may be returned within a week of receipt and the charge cancelled. Address the Author and Publisher.

You Melancholy Women!

Can't even sleep—restless day and night—brooding over imagined trouble all the time. The disease isn't in the brain, but in the blood, which is thin and innutritious. Do the right thing now and you'll be cured quickly. Just take Ferrozone; it turns everything you eat into nourishment, consequently blood containing lots of non and oxygen is formed. Ferrozone makes flesh, muscle, nerve—strengthens in a week, cures very quickly. You'll live longer, feel brighter, be free from melancholy if you use Ferrozone. Fifty cents buys a box of this good tonic (fifty chocolate coated tablets in every box) at all dealers.

STONE & WELLINGTON,
FOOTHILL NURSERIES,
(Over 800 Acres)
TORONTO, ONTARIO

When

You consider that a poorly printed job costs just as much as one that presents a neat and tasty appearance. do you not think that your business demands the latter kind?

Good Printing—the kind we do—is in itself an advertisement, and a trial order will convince you that our stock and workmanship are of the best. Let us estimate on your order. We guarantee satisfaction.

JOIN THE CANADIAN PREFERENCE LEAGUE

100,000 MEMBERS WANTED

THE object of the League is to educate Canadians how best to apply the Canadian Preference sentiment. Members of the League are expected, when making purchases, to give preference to the products of Canada and to all articles of Canadian manufacture, when the quality is equal and the cost not in excess of that of similar foreign products or manufactured articles. Each member is also expected to give preference to Canadian labor and to this country's educational and financial institutions. A monthly journal will be published in the interests of the League and mailed to each member. The annual membership fee and subscription for the Journal is \$1.00.

WRITE PLAINLY

CUT THIS OUT, SIGN, AND SEND TO
The Secretary, THE CANADIAN PREFERENCE LEAGUE,
Room 20, Home Life Building, Toronto

Please enroll my name as a member of the Canadian Preference League. Enclosed is \$1.00, my membership fee and subscription for one year to "CANADA FIRST," the journal of The Canadian Preference League.
