

\$300,000 BLAZE

The most disastrous conflagration in the history of the Boundary country broke out in the rear of the Clarendon restaurant shortly after 2 o'clock last night. As a result two blocks and a half of the business centre of the city are a mass of smoldering ruins this morning.

The fire was not discovered until it had gained quite a headway, and when the department reached the scene it was beyond control. The dry frame buildings burned like tinder, and made an exceedingly hot blaze.

The district ravaged by the flames is bounded on the north by the North Fork of Kettle river, on the east by Main street, on the south by First street, and on the west by Winnipeg avenue.

The buildings razed to the ground were: The Yale and the vacant buildings east of the hotel on the river bank; the Valhalla hotel; the Victoria hotel, occupied by F. W. Russell's saloon and P. A. Z. Pare's barber shop; R. Pribilsky's barber shop; the old Grand Central hotel building; The Bodega, occupied by R. L. Miles' second-hand store; the old Norden hotel building; A. E. Smith & Co.'s block, occupied by Teddy Waldron's barber shop; B. C. telephone exchange; C.P.R. downtown telegraph office; the Windsor hotel (shell of the building still standing); Eastern Townships bank building, occupied by the Eastern Townships bank, the British American Trust company, Dominion Express company, Rutherford Bros.' transfer office, and W. B. Cochrane's law office; F. Downey's cigar store; the Province hotel; the Square hotel, occupied by the Clarendon restaurant; the Union hotel building; the Grand Forks hotel; the Royal hotel; Sam Horner's building; the Addison block, occupied by J. A. Hartley's jewelry store, the Co-Operative, Waugh Bros.' warehouse, the second floor being fitted up as a hall and lodge rooms; R. R. Gilpin's building, occupied by his majesty's customs office; the Chapple block, occupied by Geo. Chapple's bicycle store and plumbing shop and H. E. Woodland's drug store, the second floor being used as lodge rooms by the I.O.O.F., K. of P. and other fraternal orders.

The following is as complete a list of the total losses and the amounts of insurance carried as is obtainable at the present time:

	Total Loss.	Insurance
Yale hotel.....	\$60,000	\$15,000
F. W. Russell.....	15,000	2,500
Valhalla hotel.....	8,000	2,500
P. A. Z. Pare.....	1,200
R. Pribilsky.....	2,300	800
T. Waldron.....	1,200
R. L. Miles.....	2,000
B. C. Telephone Co.....	3,000
Windsor hotel.....	6,500	4,000
E. T. Bank.....	6,000	6,000
Wm. Spier.....	1,000	1,000
Granby hotel.....	1,000
B. A. Trust Co.....	Fully insured.
F. Downey.....	2,800	1,500
Rutherford Bros.....	Fully insured.
G. F. Mercantile Co.....	15,000*
Per. Loan Co.....	25,000*
Dominion Ex. Co.....	1,000
Province hotel.....	17,000	7,000
G. F. Hotel.....	6,000	3,000
Royal hotel.....	2,000	1,000
Sam Horner.....	500
J. A. Hartley.....	1,000
R. R. Gilpin.....	2,600	1,000
Geo. Chapple.....	14,000	3,500
H. E. Woodland.....	5,600	3,800

A. E. Smith & Co....	1,500	1,500
Co-Op. Store.....	5,000	2,500
Waugh Bros.....	600	300

*Insured in Toronto; amount not known.

The fire boys did excellent work, and the citizens rendered them every possible assistance. When it became apparent that the fire would spread beyond control the fire engine was backed down to river, and this, together with the water in the large storage tank, gave the department an ample water supply. The flames burned fiercely until about 5 o'clock, when they were gotten under control.

Up to the present only one casualty is known to have resulted from the holocaust. This was a man named Nels Barneby, who arrived in the city yesterday from Malo, Wash. His charred remains were found in the ruins of the Hotel Valhalla at noon today. Ed Noble, a local painter and paper hanger, has also been missing since last night, and up to the present no trace of him has been found.

Nearly all of the merchants burned out have secured new locations temporarily. H. E. Woodland has reopened his drug store in Morrison's jewelry store; the E. T. Bank will be ready for business in the brick block next the opera house on Monday morning; the British American Trust company is doing business at D. D. Munro & Co.'s old stand; the B. C. Telephone office has been moved to the building next to Morrison's store; the C.P.R. telegraph office and the customs office are doing business in the Kettle Valley line depot, and Fred Downey will reopen his cigar store in the postoffice. The Province hotel has opened a bar in a tent.

Frank Hartinger, owner of the Grand Forks hotel, has announced his intention of rebuilding as soon as he can get the material on the ground. A number of other persons who had their properties destroyed have made the same declaration.

Mayor Frupp has declared tomorrow (Saturday) a public holiday in order to give the citizens an opportunity to clear away some of the debris from the burnt district.

Mayor Frupp yesterday received a telegram from Mayor Taylor of Nelson, expressing the sympathy of the citizens of Nelson for the people of Grand Forks in their great loss by the fire.

A conservative estimate places the loss to buildings at about \$225,000. The loss to goods will likely bring this sum up to \$300,000.

The most irreparable loss is the destruction of the Yale hotel. It was one of the best hotels in the interior, and was Grand Forks' best advertisement. It is doubtful if present conditions warrant the reconstruction of the house on its former magnificent scale.

Much sympathy is being expressed for the unfortunate people who lost the result of years of hard toil and saving by the fire.

Over sixty thousand dollars will be expended for the Interstate fair, which will be held in Spokane this fall, October 5 to 10 inclusive. Bigger and better than ever before is the aim of the fair management, and to fulfill this end and attract better exhibits the premium list has been thrown wide open and the largest sum in the history of the fair association will be given away to the people of the Inland Empire this fall.

THE CITY COUNCIL

The regular meeting of the city council was held in the council chamber Monday evening, all the members being present with the exception of Ald. McCallum.

The monthly reports of the chief of police and the chief of the fire department were read and ordered filed.

The chief of police was instructed to turn in the names of persons from whom he had collected dog tax.

After some discussion on the subject, it appeared to be the opinion of the council that the lawn sprinkling regulations should more rigidly enforced. The council thought the police should enforce the bylaw, as it was not the duty of the aldermen to act as policemen.

The chairman of the finance committee stated James Bruno, Dan O'Rae P. T. McCallum and I. A. Dinsmore had been summoned before the police magistrate last week for allowing stock to run at large within the city limits, in violation of the recently enacted pound bylaw. The charges against O'Rae, McCallum and Dinsmore had been withdrawn on application of the city solicitor, and in consequence of this action Bruno had been let off without a fine. The chairman stated that considerable talk in regard to this matter had been indulged in on street corners, and that Ald. McCallum had made assertion that thought his being summoned before the police magistrate was spite work either on the part of the police or the finance committee. He had hoped that Ald. McCallum would be present at the meeting to give the council a full explanation of his action. Mr. Woodland concluded by saying that if the bylaw could not be enforced without the his motives being impugned, he desired to resign as chairman of the finance committee. The other aldermen also spoke in favor in favor of the pound bylaw and were of the opinion that it should be enforced. Some of them said it was unfortunate that there was a member of the board who would not recognize it. The mayor thought that both the council and the rate payers were in favor of a strict enforcement of the bylaw.

The chairman of the water and light committee reported that the committee recommended furnishing city water to the residents of the Ruckle addition for domestic purposes only at a rate of 50c in excess of the regular rates, the consumers to pay for the laying of mains, which should be done under the supervision of the city engineer. The committee was given discretionary powers to act in the matter.

The committee also recommended that a metre be procured for the motor in P. Burns & Co.'s cold storage plant. Approved.

The city solicitor reported that he was yet unable to formulate an estimate of the cost to the city in the McIntosh bridge inspection case.

The mayor reported that Vice-President Warren, of the Kettle Valley line, would arrive in the city soon, and he thought this would be a good time to discuss the matter in reference to the removal of the side-

track near the court house with him.

The council then went into committee of the whole for the consideration of the electric light rate bylaw, which was adopted clause by clause in committee and then approved in its entirety, after which it passed its third reading in the council. The new metre rates for light are: 1 to 25 k.w.h., 15c; 25 to 100, 13c; 100 to 150, 12c; 150 to 200, 11c; 200 to 250, 10c; 250 to 350, 9c; 350 to 500, 8c; 500 to 1000, 7c; 1000 to 1200, 6c; over 1200, 5c. The rates for power are identical with the above figures. The minimum charge for metre rates is \$1 per month. There are also charges for metre rental and testing of metres. The flat rates remain the same as in the old bylaw. During the discussion on the bylaw the fact was brought out that the light revenue had decreased \$320 during the first months of the present year. This does not mean, however, that the city has actually lost this amount in cash, as the power bills have been lighter than formerly.

Ald. Woodland was granted leave to introduce a tax rate bylaw, which was read twice and then passed the committee stage.

The council then adjourned.

REPUBLIC MINE

The Syndicate Deep Mines have made arrangements to reopen the famous Republic mine at Redublic, Wash. The deal was completed a few days since. The sinking of the three-compartment shaft that was in progress when the former owners abandoned the property is to be continued. The mine was originally owned by Patrick Clark and associates, and was located by some prospectors that Messrs. Clark, Robbins and Long, of Rossland, grubstaked in 1896, during the Rossland boom. A company was formed; the ore proved rich and near the surface; about a million dollars was extracted from the mine and dividends were paid and the mine became famous. The original owners sold out to a syndicate of Montreal and Toronto capitalists, among whom were Robert Jaffray and Clarence McQuaig. A large cyaniding plant was erected. Major R. G. Edwards Leckie was placed in charge as superintendent. Soon the ore petered out, and although considerable money was spent in an endeavor to find the shoots, the quest was unsuccessful. Several years since work was abandoned, and since then the Republic has been idle. Taxes accumulated and the mine and mill became the property of Ferry county through their non-payment.—Rossland Miner.

Mrs. J. W. Rutherford and sister, Miss Andrews, left on Tuesday for a visit with their parents in Smith's Falls, Ont.

F. B. McKeenan, United States immigration inspector at this port, returned on Tuesday from a week's trip to northern Idaho points.

J. F. Royer, formerly engaged in the livery business here, and who is now running a stage line between Kereinos and Princeton, called on old acquaintances in this city last Tuesday.

Smoke "Boundary" Cigar. Union made; Havana filled.

HIGH-GRADE ORE

News was brought down from Franklin camp this week of an important strike of high-grade gold-copper-silver ore on the group of claims owned by John Morrell and Salvatore Bonnacci. This group comprises the Iota, Juditta, Maggie and Nunziella mineral claims, situated four miles south of the McKinley mine and one mile west of the wagon road, and adjoin the Silver King and Silver Queen claims on the south. The strike was made at the bottom of a 20-foot shaft, which on the surface just showed a small trace of gold. A pulp was made of the ore, and samples were sent to Spokane, Vancouver and the Granby smelter to be assayed. The assay returns, giving the following values, were received a few days ago: Spokane, \$380; Vancouver, \$395; Granby smelter, \$1100. A sample of the pulp was also retained by the owners. Nothing has yet been learned of the extent of the find. Parties from this city will leave for the camp next week to investigate the correctness of strike, and until they return no tuller details can be given.

PERSONAL

Geo. Chapple returned from Calgary last night.

E. W. Barrett, a well known Vancouver real estate man, arrived in the city on Wednesday.

Miss Olive Henderson, of Chilliwack, is visiting at the home of her parents in this city.

Wm. Dinsmore will leave the latter part of this week on a month's vacation trip to the coast cities.

Mrs. P. D. McDonald, of the Hotel Colin, returned on Saturday last from a short visit to Spokane.

P. H. Burnham, district freight and passenger agent of the Great Northern, returned last Saturday from Spokane.

D. H. McLean and F. H. Knight, who are interested in the Little Bertha mine, arrived in the city from Spokane on Wednesday, and left yesterday morning for the property up the river.

Price of Copper

M. M. Johnson, consulting engineer of the Dominion Copper company, who spent some days in the Boundary last week, spoke with confidence of the red metal situation, and said he thought it would improve from this on.

"I do not see what there is to keep the price of copper at the low figures of the last few months," he said. "The condition of the whole country seems to be better than a few weeks ago. I think this is due to some extent to the presidential nomination having been settled. Although I am not a politician, I believe that some men who know more about the metal markets than we do here in the west had something to do with bringing on the appearance of hard times last fall. I think it was a veiled slap at Roosevelt. They are fairly confident now of what is to take place, and industries are bound to improve, I believe."

Gone up in Smoke. The Boundary Cigar is the best.

FRIDAY, JULY 10, 1908

THE desire to get rich quick is responsible for a great deal of actual poverty. People who are not satisfied to amass wealth in a natural and rational manner, usual investment in every "wild-cat" scheme that presents itself. These schemes are usually fathered by glib talkers, who do not give their victims time to exercise their better judgment. Once the victim has been swindled, he bites at the next scheme that comes along in order to play even—which they seldom do. Then the habit fastens its fangs on them like the opium or liquor habit, and they are kept in a state of perpetual destitution. Recently promoters of American townsites have been doing a thriving business in the Boundary; and more are on the way here. Whether or not the lots exchanged for Canadian are worth the money, we are not prepared to say; but we do know that, according to the laws of the state of Washington, it is unlawful for a Canadian to own realty in that commonwealth. It is therefore clear that the sale of these lots to British subjects is nothing short of an unadulterated fraud. There is also another phase to this habit of investing away from home. Last week canvassers sold \$12,000 worth of stock in this city in an embryo East Kootenay undertaking. This enterprise may be all right, and in the course of years it may even pay big dividends. For the sake of the investors we hope that this will be the case. But the men who put their money in this concern take the chances of mismanagement, stock jobbing, and all the other evils that big corporations are frequently cursed with, even though the enterprise should prove a financial success. We venture the opinion that this money could have been invested with better advantage, and with absolute security to the investors, right here in the valley. There is no longer the slightest chance of a loss by investing in Kettle Valley lands, and by improving them the profits are certain, permanent and reasonably rapid. This is an ascertain that can be said of very few industrial undertakings, because past history shows that it

has taken years to place even the most successful of them on a dividend paying basis.

WHY don't you wake up the people of this city and valley?" said one of the leading business men of the Kootenays to THE SUN man the other other. "The people don't appear to realize what they possess in the way of potential wealth. Look at the broad valley of undeveloped agricultural lands, the magnificent mountain scenery, and the abundance of the water supply in lakes and beautiful flowing streams. These advantages, taken in connection with an unsurpassed climate and the best market facilities in the province, should have made Grand Forks a city of ten thousand inhabitants ere this time, and the valley should be dotted with homes of prosperous ranchers. Why, if we had your opportunities for enterprise in my home town, we would now have twenty thousand people there." The speaker lives in Kootenay's most progressive city—a city that has gained its present commercial eminence solely through enterprise. As he has made frequent visits to this city during the past ten years, it must be taken for granted that spoke from knowledge gained by a close observation of our environments. His remarks furnishes food for thought.

WHEN do you intend to resume operating the Sunday passenger train between Grand Forks and Marcus?" asked THE SUN man of a Great Northern official during moment's leisure one evening this week. "Not until you start an agitation for a Sunday passenger service," replied that gentleman. "The company probably takes it for granted that, as long as you don't kick, you are satisfied with the present schedule. Rossland kicked. It has now had a Sunday train for over a month; and that city does not give the road half the traffic that Grand Forks does. Nothing worth having is ever gained without an agitation. Ask and ye shall receive." The hint thrown out by this official is worth acting upon. A Sunday train from Marcus to Grand Forks would give passengers for the west a twenty-four hours' lay over in this city—ample time in which view some of the beauties of the valley.

A MORE cordial welcome to the new business firms being established here would help Grand Forks' growth materially. Instead of looking at them ake and asking if they will be able to "make it sick," it would be infinitely better to give them a share of your patronage and to cheer them with a few words of encouragement once in a while. Every new business house established here adds to the wealth and population of the city, and the policy of the people and the city administration should be to make room for all who come.

THE city government should be given all possible support by the citizens in its effort to enforce the bylaw prohibiting cattle from running at large within the city limits. Grand Forks has outgrown its cow-pasture days, and people who desire to improve their properties should be given every protection possible from the deprivations of stock.

PEOPLE who have acquired the faculty of distinguishing criticism from chronic kicking and "knocking" have emerged from the wilderness of ignorance and started on the road that leads to true knowledge.

FAVORITISM and the attempt to build up one institution at the expense of a rival is a narrow-

minded policy, usually prompted by self-interest. No city ever attained greatness by pursuing this course.

WITH the solution of aerial navigation the slang expression "going straight up" will become a respectable dictionary phrase. Invention appears to be unable to keep pace with our language.

THE present generation are acquiring such a great fondness for travel, that it is doubtful if they will be satisfied in any one place after death.

AN enthusiastic aeroplanist died in Paris this week. He has probably solved the problem of aerial navigation by this time.

PEOPLE who complain of being buried in country towns are never heard of after they remove to the large cities.

THIS is not the season of the year to worry about the fuel bill, but keep on friendly relations with the ice man.

A GOOD CONCERT

The "Kilties"—Canada's greatest concert band—gave a splendid performance in the Rink last Saturday night to an audience composed of about 500 men, women and children—and a few Hindus. The meritorious character of concert was evidenced by the liberal applause accorded the performers. The program redereed was a good one, consisting of the following numbers:

March, Diplomat.....Sousa
 Overture, Jubilee.....Weber
 Bagpipe Solo—Hon. Pipe Major Albert Johnstone.
 Cornet Solo—Richard Stross. Selected
 Scotch Reel—The Clan Johnstone Troupe.
 Part Song—The Kilties' Choir.
 Sword Dance—Master Willie Johnstone.
 a Intermezzo—"After Sunset" (new).....Pryor
 b Humoresque—"The Merry Widow".....Lebar
 Burlesqued in the following manner:
 1. Little German Band.
 2. Flute Solo with Organ Effect.
 3. An Amateur Trombonist.
 4. A Street Piano.
 5. A La Bag Banjo.
 Finale: A Brain Storm.
 Scottish Airs—Robert Bruce, G. drey
 Sailor's Hornpipe—The Johnstones.
 Grand Selections of Popular Classics.....Tobani
 Irish Jig—The Johnstones.
 Finale—The Overture from William Tell.....Rossini

While the musical numbers were the features of the program, the dancing of the Johnstone Troupe proved very enjoyable, and they were tendered several very hearty encores. The general opinion of those present is that it was the best band that has ever appeared in the city. Tone and balance, appearance, discipline and behavior of the men were beyond criticism. The only fault to be found with the program was its shortness, even with the many encores, to which Bandmaster Cook invariably responded. The whole concert was so good that it is exceedingly difficult to single out special numbers for commendation, but Mr. Stross' cornet solo cannot be passed over without praise. His tone was superb and his phrasing beautiful. The Scotch element in the audience was greatly enthused over Pipe Major Johnstone's pipe solo, which was really a marvellous performance.

The street parade in the afternoon was a good one. The band presented a very fine appearance as, headed by the two "Genial Giants," Mackenzie and McCormick, and led by their fine bugle band and the pipes, they marched through the principal streets.

On Sunday evening the band gave

P. BURNS & CO.

LIMITED.

FIRST ST., GRAND FORKS, B. C.

a sacred concert in the Rink after the church services, at which a fair-sized audience was present.

The "Kilties" most assuredly "made good" here both from a musical and financial point of view. They will be remembered long by the people of Grand Forks, and will be heartily welcomed should they ever return here.

The concert demonstrated one thing—that the Rink can easily be converted into a cool and very comfortable summer theatre.

The Granby Consolidated company is now making thirty million pounds of copper a year at a cost of about eight cents a pound. The output will be increased before next winter.

For Sale—Brand new No. 3 Graphophone; cost \$50; also \$14 worth of records; will sell at a sacrifice if taken at once. Particulars at this office.

For Sale—Full-blooded Black Minorica eggs; \$1.00 per setting. A. C. Uren, Box 294, Grand Forks.

Synopsis of Canadian Homestead Regulations

ANY available Dominion Lands within the Railway Belt of British Columbia may be homesteaded by any person who is the head of a family, or any male over eighteen years of age, to the extent of one-quarter section of 160 acres, more or less.
 Entry must be made personally at the local land office for the district in which the land is situated.
 The homesteader is required to perform the conditions connected therewith under one of the following plans:
 (1) At least six months' residence upon and cultivation of the land in each year for three years.
 (2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.
 (3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.
 Six months' notice in writing should be given the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.
 Coal-Coal mining rights may be leased for a period of twenty-one years at an annual rental of \$1.00 per acre. Not more than 2,500 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.
 W. W. CORY,
 Deputy of the Minister of the Interior.

THE COPPER HANDBOOK

(New Edition Issued Nov. 15, 1906.) Is a dozen books in one, covering the history, geography, geology, chemistry, mineralogy, metallurgy, terminology, uses, statistics and finances of copper. It is a practical book, useful to all and necessary to most men engaged in any branch of the copper industry.

Its facts will pass muster with the trained scientists, and its language is easily understood by the everyday man. It gives the plain facts in plain English without fear or favor.

It lists and describes 4626 copper mines and companies in all parts of the world, descriptions running from two lines to sixteen pages, according to importance of the property.

The Copper Handbook is conceded to be the

World's Standard Reference Book on Copper

The mining man needs the book for the facts it gives him about mines, mining and the metal.

The investor needs the book for the facts it gives him about mining, mining investments and copper statistics. Hundreds of swindling companies are exposed in plain English.

Price is \$5 in Buckram with gilt top; \$7.50 in full library morocco. Will be sent, fully prepaid, on approval, to any address ordered, and may be returned within a week of receipt if not found fully satisfactory.

Horace J. Stevens,

Editor and Publisher,
453 Postoffice Block,
Houghton, Michigan.

Swindler Caught

A clever piece of detective work, carried on for some time by United States Immigration Inspector McKeehan, resulted in the arrest of a man named W. S. Carter last night for using the United States mails for fraudulent purposes. Carter's scheme has been to get acquainted with some young man in the town in which he might be sojourning who had well-to-do parents in the east, and then write to them for money, stating that their son was sick in a hospital, and that the money was needed to defray medical charges. This game he has worked all over the west. His last victim was a lady in Cherryvale, Kan., from whom he extorted quite a sum of money in this manner. Lately the officers of the law have been on his tracks in the states, and he crossed the boundary line and came to Grand Forks. By means of decoy letters, he was lured to Danville last night, and there he walked right into the hands of the marshal of Ferry county.

Rifle Association Shoot

Following are the scores made by the members of the Grand Forks Rifle Association, on the 4th and 8th inst., out of a possible 70—35 each range:

Name	Distance	Total
F. Hutton	200	3343455-27
W. Dinsmore	200	3333554-26
J. Hutton	200	4234335-26
J. Hutton	200	22354335-25

Name	Distance	Total
C. G. Wheeler	200	4555555-34
Talbot	200	3333554-26
G. Pattinson	200	4333554-26
R. Green	200	3343344-25
Millward	200	2254334-24

Mining Stock Quotations

New York, July 8.—The following are today's opening quotations for the stock mentioned:

	Asked	Bid
Granby	100.00	97.00
Dominion Copper	2.00	1.87½
B. C. Copper	4.87½	4.62½

Metal Quotations

New York, July 8.—Silver, 53½; electrolytic copper, 12½@12¾.

London, July 8.—Lead, £12 15s; silver, 24 9-16.

T. R. Drummond, formerly manager of the Dominion Copper company at Boundary Falls, has been appointed manager of the Cactus mine at Newhouse, Utah. Mr. Drummond left the Boundary in April, 1907, for Cobalt, where he had charge of the Nipissing mine up till last month.

The ore shipments from the Granby mines for the month of June were 85,257 tons. The shipments for the first six months of the present year were 379,574 tons.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherrybark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley, of Kingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of other equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent, medical authorities, endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

RANDOM REMARKS

Those who marry for money usually earn it.

The water wagon is run by will power.

Bad luck gets the blame for a lot of laziness.

Some people who take things easy land in jail.

Compromising with sin is accepting wage from satan.

The nearer some people are the dearer they are not.

Fight the devil with water—fire is his favorite weapon.

Opportunity often knocks, but too often with a hammer.

A lot of men lose character trying to live up to reputation.

Taking things as they come and selling them begets success.

The business of a dog dealer is apt to be a howling success.

Hard words seldom make an impression on soft people.

No man approves of a woman who flirts with another man.

There is no race suicide among the poor and savage nations.

It is sometimes safer to back down than to get your back up.

It's easy for a man to do right when he can't do anything else.

Let a grafter get under a cold and he will steal its silver lining.

Some men ask, "Is it safe?" The best men ask, "Is it right?"

Fools fatten on flattery, but wise men only accept it as dessert.

It reconciles one to growing old when one sees serene old age.

A cracked mirror is responsible for a whole lot of self-deception.

A wise man never tries to please himself and a woman at the same time.

People who are unable to control their passions are usually controlled by them.

If you see a man making love to a woman in public, it's a sign she isn't his wife.

People have time to listen to stories of success, but they have failures of their own.

Why not borrow your neighbor's spectacles and have a look at your own faults?

The wise theatrical manager hitches his wagon to a star rather than to a girl in the chorus.

Many a man's popularity is due to the fact that he adheres to the truth only when necessary.

Don't pay any attention to the disagreeable things people say about you—if they are not true.

Some people's countenances are as expressionless and devoid of character as the clay whence they sprang.

When we become wise enough to take our parents' advice we are too old to reap the full profit of it.

All evils appear to possess some compensating virtue. Even a wife's cold feet should be a boon these sultry nights.

It's an easy matter to furnish entertainment for your neighbors; all you have to do is to make a fool of yourself.

An Offer Which Meets the Special Wants of All Classes of Readers

The Western Canadian reading public is made up chiefly of these classes: Persons who have lived in the West for a lengthy period and are out and out Westerners, and recent arrivals from the Old Country, from the United States and from Eastern Canada.

Perhaps no one newspaper could cater with complete satisfaction to all these classes, but by this combination offer every special need is met.

The Weekly Free Press and Prairie Farmer gives a complete record week by week of all happenings in the Western Provinces. In addition it has special departments for American and British settlers. The Family Herald and Weekly Star supplies the former resident of Eastern Canada with news of the Eastern portion of the Dominion in detail, and the Grand Forks Sun provides the local and Boundary news, which you cannot do without.

BREVITIES

Rutherford & Mann, the druggists, have added a soda fountain to their store.

Trained nurse seeks employment. Address P. O. Box 12, Grand Forks.

The Greenwood band is now giving public concerts. A good example to imitate.

D. D. Munro & Co. have moved into their new store on the corner of Bridge and Second streets.

Today is payday at the Granby smelter in this city and at the company's mines in Phoenix.

The Sun office is being repainted—partly red. As soon as we collect another dollar from our delinquent subscribers we'll paint the whole shop red.

Gateway Lodge, No. 45, I.O.O.F., held decoration services at the cemetery Sunday afternoon, when the graves of departed brethren were decorated with flowers.

The Dominion Copper company is planning a number of improvements to its Phoenix mines, among them being an aerial tram line from the Idaho to the Stenwinder.

John Nelson, a smelter employee, while on his way to the smelter on his wheel last Saturday afternoon, fell from the sidewalk on Wellington avenue, resulting in the breaking of his arm just above the wrist.

Fred Clutterbuck, while attending the celebration in Republic last Saturday, had his foot badly bruised by getting it caught between the passenger coach and a box car of the Kettle Valley line excursion train.

Last Monday was nomination day for a school trustee to fill the vacancy in the board caused by the resignation of I. A. Dinsmore. Postmaster George Hull was the only candidate placed in nomination, and the returning officer declared him elected by acclamation.

Only one inning was played in the Oroville-Grand Forks baseball game at Oroville on the fourth. A payable rank decision by the umpire was the primary cause for the abbreviation of the sport. The claim is also made the prize originally hung up had been considerably curtailed.

J. D. McDonald, formerly an alderman of this city, but who is now engaged in the contracting business in Victoria, returned to the city this week for the purpose of removing his family to the coast city. Mr. McDonald and family expect to leave today for their new home.

The return cricket match between the city team and one composed of smelter employees was played on the cricket grounds last Saturday. The smeltermen won by a score of 103 to

50. Gray for the smelter made a score of 45 runs, and W. J. Pearson, for the same team, took eight wickets, including the hat trick.

H. W. Warrington, formerly chief engineer of the Kettle Valley line, is now an officer and one of the proprietors of the Umpqua Valley Land company, of Roseburg, Ore. An attractive pamphlet descriptive of the beauties of Roseburg and its environments has been received by The Sun from Mr. Warrington.

Phoenix is to have a new park and one that will be a credit to that city. The location of the park is on the New York townsite. The land has been donated by George W. Rumberger and J. Sercu, and the Granby Consolidated company donated the powder. It is stated that \$5000 will be expended in putting the ground in shape.

One of the best and most carefully selected race programs put on any track in the northwest will be run off at the Interstate fair, to be held this fall at Spokane, October 5 to 10. Every indication points to the most successful race meet ever held on the Spokane track, and, as indicated by the list of entries in the early closing races, some of the best horses in the Pacific Coast circuit will be seen at Spokane this fall. Over two hundred horses have been entered in the early closing races. The time for these entries expired May 25th, and every one of the eight trotting and pacing events were well filled.

For Sale—Full-blood Black Minorica eggs; \$1.00 per setting. A. C. Uren, box 294, Grand Forks.

Local advertisers should make a note of the fact that THE SUN is the most widely read paper in Grand Forks.
