COUNCIL MEETING

School Estimates for Current Year Amount to $13,440

Board Recommends Adding Two Wings to Present Building

The regular meeting of the city council was held in the council chamber Monday evening, Mayor Hammar, Ald. Donaldson, Horner, McCallum, McIntosh and Woodland being present.

A communication was read from Dr. Fagan, provincial health officer, inviting the council to send a delegate to the annual meeting of the British Columbia Anti-Tuberculosis Society, which is to meet in Victoria soon, and also asking the council to request our member in the legislature to attend the convention.

A letter was read from James J. Hill, in answer to the resolution recently adopted by the council urging the Great Northern to establish a divisional point in this city. Mr. Hill writes that the company would be glad to do anything that would help Grand Forks, and he felt that the efforts of the road in the Boundary had helped this district. All permanent provisions, however, could be much better settled when the line is completed to Vancouver. In fact, it would be difficult to make any permanent adjustment until that is the case.

A protest against against the council moving the denizens of the red light district to the forks of the rivers below Chinatown was received from Lew Johnson, M. J. Harrigan, T. Waldon and Mr. Dixon. Referred to police commissioners.

The finance committee recommended the payment of the usual number of accounts, and that the city do not purchase the Waterston building, and also cease paying rent for same after the 31st day of March. The report was approved.

The school trustees submitted the following estimates for the current year:

Public school—	
Salaries	$ 8,075
Equipment	490
Janitors	900
Fuel	600
Repairs	250
School supplies	575
Incidentals	225
Books—$50 for library	75
Truant officer	175
Rent of rooms	225
Total for public school	$11,600
High school—	
Salaries	$ 1,525
Repairs	250
Supplies and incidentals	65
Total for high school	$ 1,840
Grand total	$13,440

Mr. Spier was present, and addressed the council at length on educational matters. At the rate the children were coming in at present, a ninth grade would have to be opened up in September, which would necessitate larger school quarters. He advocated issuing school debentures and adding two wings to the central building, and asked the council to authorize the trustees to call for plans, specification and estimates of costs.

In answer to a question, Mr. Spier explained the duties of the truant officer. If the chief of police had time to act in that capacity, he was the proper person for the position. The work was not being done satisfactorily at present, as the streets were crowded with children who ought to be in school.

In reference to the new building, Mr. Spier said it was to the best interests of the community to have the schools centralized in Grand Forks, rather than have a number of small rural schools. At present the city had the best schools in the province. Whether the rural districts could be included in the issuance of school bonds, he was not sufficiently versed in law to tell. The board had written the government for information on this subject, and had been referred to Section 14 of the School Act, which was rather ambiguous.

The mayor thought the government should assist the city to enlarge the school building. As the 5-mill assessment was not sufficient to educate the children, the city was entitled to a cash grant. Referring to the cost of having plans and specifications for the proposed buildings submitted, he said it would probably amount to about $500.

On motion, the school estimates were referred to the finance committee.

The board of works submitted their estimates for the current year. the total amount asked for was $4950.

The chairman of the board of works reported that he had interviewed the property owners interested in having Gold street opened up, and that they were willing to bear part of the expressed. Action in the matter was deferred until the agent of the townsite company returns to the city. The contract had been let for repairing the foot bridge at the Granby smelter.

The water and light committee was authorized to let the contract for electric light poles to the lowest tender, which was Geo. Taylor—$5 for 45-foot and $4 for 35-foot poles.

Ald. McCallum gave notice that at the next meeting he would introduce a by-law regulating the sale of wood and coal.

Ald. Donaldson reported that there was a dangerous crossing at the Great Northern tracks which needed a street light.

Neil McCallum informed the council that there was an arc lamp in front of the old Columbia post office, and he did not think any one would object if it was removed to the place indicated by Ald. Donaldson.

The matter was referred to the water and light committee, with power to act.

The health and relief committee recommended the appointment of an official gravedigger, the fees to be $5 for graves for adults and $3 for children. The council authorized the committee to make the appointment, and to report at the next meeting.

Ald. Donaldson was anxious to know if a man couldn't dig his own grave. He was informed that he could if he felt strong enough to do so when his own funeral came around.

On motion of Ald. Woodland and Donaldson, the assessment roll was made returnable April 29th.

The council then adjourned until next Monday night.

THE 20,000 CLUB

Committee Appointed to Endeavor to Secure a Grant for a Fair

Railway Matters Discussed. Committee Named to Draft Resolutions

The regular meeting of the 20,000 club was held in the city last Friday night, President Hanington occupying the chair. There was a good attendance of members.

Wm. Spier, chairman of the advertising committee, reported that the club had cleared $49 from the entertainment given by the Palmatier Sisters. He was firmly convinced that the club could make a financial success of any attraction given under its auspices. The club, he added, now had all the necessary supplies to do business.

The election of the new executive resulted as follows: N. L. McInnis, Wm. Spier, W. H. M. May, W. J. Cook, S. T. Hall, Neil McCallum, J. S. Jost, A. E. Smith, Wallace Chalmers, Chas. Fraser, F. M. Kerby, G. A. Evans.

A. E. Smith thought that more energetic measures should be taken to secure new members, as the roll was not increasing as rapidly as it should.

Capt. Disbrowe exhibited a fine sample of tobacco that had been grown close to the city, and thought it would be a good idea if the club would make known to the outside world the adaptability of the soil and climate of the valley for the cultivation of this staple commodity. About a ton of the weed was grown and cured in the valley last year.

A. B. Sloan Sloan suggested the appointment of a committee to correspond with the provincial government and endeavor to secure a grant for a fair in this city next fall. Mr. Burrell explained that in order to obtain a grant for this purpose, it would first be necessary to organize an agricultural association. Government grants to assist fruit and agricultural exhibits were usually equal to the amount subscribed by the citizens. Mr. May said the members present at the meeting could form themselves into an agricultural association, and Mr. Neil McCallum was also of the opinion that if we were to hold a fair in the fall it was none too soon to commence operations at once. On motion of Mr. Sloan, a committee of six was appointed to look into the feasibility of carrying out the project. The chair appointed M. Burrell; A. B. Sloan, Neil McCallum, Wm. Spier, F. E. Cooper and Ernest Miller as such committee.

Neil McCallum brought up the question of urging the Great Northern Railway company to establish its first division out of Spokane at Grand Forks. The officials were yet undecided on this matter, and the time was nearly ripe for them to decide. The town that made the strongest pull generally carried off the plum. History showed that railways could be influenced as well as smaller concerns. Capt. Disbrowe suggested that the same action be taken in respect to the C.P.R., and Mr. McCallum said that Mr. Busteed had always maintained that Grand Forks was the natural divisional point for that road. W. J. Cook stated that the Great Northern at present made Grand Forks a terminal point for its freight business. On motion of Messrs. Cooper and Sloan, a committee was appointed to draft a resolution on the subject. The chair named Wm. Spier, A. B. W. Hodges, N. McCallum and M. Burrell as members of the committee.

Mr. Cooper said the committee ought not to overlook the Kettle Valley line, but should induce that company to hold its trains in this over night. The committee should act generally in railway matters.

Capt. Disbrowe drew attention to the fact that the railways were selling settlers' tickets from Winnipeg to Spokane for $19, and an effort should be made to secure the same rate to Boundary points.

After the adjournment of the club a meeting of the executive was held, when the following sub-committees were appointed: Advertising, N. L. McInnis, Wm. Spier, Neil McCallum, A. E. Smith, J. S. Jost, F. M. Kerby; membership, W. J. Cook, W. H. M. May, G. A. Evans W. C. Chalmers, S. T. Hall and Chas. Fraser.

A. E. Smith suggested that the club give a "smoker" in the near future. The proposition was received with favor, and the names of A. E. Smith, Wm. Spier and W. J. Cook were added to the entertainment committee. The committee was authorized to proceed with the arrangements for the "smoker."

TOPICS OF THE TOWN

The death of Joseph Wasson, aged 70 years, occurred at his home in the West end last Saturday night, after a brief illness. Deceased was an old-timer of this valley, having resided here for about eight years, and was universally honored and esteemed by all who knew him. Four daughters—Mrs. E. Spraggett, Mrs. Frank Ruckle, and the Misses Sarah and Eliza Wasson—survive him. The funeral was held on Monday, and was very largely attended. The remains were interred in the city cemetery.

The annual provincial convention of teachers will be held at Nelson on April 2d, 3d and 4th, for the discussion of topics of interest to the teaching fraternity. It is stated that the program is one of the best for several years past. Mr. W. A. McIntyre, principal of the Normal school, Winnipeg, will deliver an address. He is recognized as one of the premier authorities on educational matters in Canada, and his remarks should be of great value to the attending teachers.

G. M. Fripp, local manager of the British American Trust company, returned the first part of the week from a week's visit to Victoria, where he attended the annual meeting of his company.

C. M. Davidson has purchased J. H. Hodson's building near the Queen's hotel, in the West end, and will open a general store. Mr. Davidson is well known in this city, and should do well, especially as he has a large territory from which to draw trade.

Peter B. Nelson left Wednesday morning for a business trip to Spokane

A NEW INSTITUTE

Kettle Valley Farmers Organize and Elect Officers for Current Year

Adopt Resolution in Favor of Fair and Pledge Hearty Support

A meeting largely attended by the representative farmers of the valley was held in the city hall Wednesday evening for the purpose of organizing a farmers' institute.

M. Burrell was elected temporary chairman, and on taking his seat he expressed the opinion that time was ripe for organization.

Mr. E. Spraggett stated that there were forty paid-up members on the roll. He fully explained the Farmers' Institute Act. The government gave a certain amount of support to institutes for fruit and agricultural exhibits. In some instances the amount donated had been as high as $1000. The institute formed here would be a subdivision of the Osoyoos district.

A lengthy discussion ensued whether to organize a farmers' institute or an agricultural association. Nearly everybody in the room thought it would be advisable to start in with an institue, as the members had subscribed their names with that understanding, and that idea finally prevailed.

J. L. Manly moved, seconded by H. B. Cannon, that we organize an institute to be known as the Kettle Valley Farmers' Institute, embracing the territory comprised in the political divisions of Grand Forks and Grenwood districts.

The resolution was adopted by a unanimous vote.

The following officers were elected: President, M. Burrell; vice president, J. D. Honsberger; secretary, S. T. Hall; treasurer, Fred Clark; directors, Joseph Manly, Frank Coryell, Geo. Hansen, Tom Powers, J. Rooke, H. B. Cannon, R. Lawson.

The advisability of holding a fair in this city next fall was discussed at length. H. W. Collins and Wm. Spier gave their experiences in connection with exhibitions of this nature on a small scale in the east.

Moved by E. Spraggett, seconded by H. W. Collins, that, in the opinion of this meeting, it is desirable to hold a horticultural and agricultural fair in this city next fall, and we pledge the enterprise our hearty support.

The resolution was adopted without a dissenting voice.

The Institute starts out with a membership of fifty, as follows: H. C. Kerman, Joe Manly, L. Vaughan, S. T. Hall, H. W. Collins, B. Jewell, J. D. Honsberger, R. A. Brown, P. A. Z. Pare, P. De Wilde, Fred Clark, G. A. Evans, H. B. Cannon, J. McLaren, H. Eyer, T. Wiseman, A. D. Morrison, E. Spraggett, S. R. Almond, D. Whiteside, A. Traunweiser, G. M. Fripp, Hy Couture, L. A. Manly, Ed Davis, W. A. Cooper, A. J. Cooper, L. Hansen, J. A. McCallum, C. Scott Galloway, W. M. Pearce, W. O. Easton, W. C. Allin, M. Burrell, W. J. Ross, Geo. Chapple, A. E. Smith, P. T. McCallum, A. E. Savage, E. W. Stuart, W. R. Ross, R. Lawson, D. W. F. Reid, W. H. Covert, P. Andrews, G. S Hansen, W. A. Hansen, J. Rooke, I. A. Dinsmore, T. R. Powers.

Any one wishing to join the institute, can do so by applying to Fred Clark, treasurer.

FRIDAY, MARCH 22, 1907

It appears that the 20,000 club and the Farmers' Institute were organized none too soon to advertise Grand Forks and the Kettle valley. A writer in the March number of the Fruit-Grower, perhaps the leading publication of its class on ihe continent, gives an extended write-up of the fruit growing industry in British Columbia. The coast, Okanagan and Kootenay districts are given due prominence, but we look in vain for any mention of the Boundary district. And yet the Boundary is one of the few districts in the province that has successfully raised fruit on a commercial basis. We have here the second largest orchard—the Covert estate—in British Columbia. This is the oldest orchard in the interior of province. It was started in 1885 by Mr. W. H. Covert. Today it contains over 11,000 trees, and more will be planted this spring. Besides this mammoth plantation, there are innumerable smaller orchards in the valley, all of them growing the finest quality of fruit and making handsome profits on the investments. As an illustration of how other sections are stealing our thunder in the fruit growing business, it may be stated that for advertising purposes we are generally tacked onto the West Kootenay district; and Nelson takes the credit of being the centre of that district. And in former years fruit grown on the Covert estate has been purchased by the Coldstream ranch, in the Okanagan, and shipped abroad as packed by that company, without any intimation as to where it was grown. It is against these methods that we enter an emphatic protest. We want the outside world to know that fruit shipped from this city has been grown in the Kettle valley, and that Grand Forks is the commercial centre of that valley.

It has been suggested by a number of citizens that the 20,000 club and other civic organizations start an agitation to have Smelter lake cleared of stnmps, logs and other debris during low water. The suggestion is good; but the word "action" should be substitution for "agitation." The carrying out of this plan would give us a very pretty pleasure resort at the very door of the city—a thing that we stand greatly in need of. The expense of having this work done should be comparatively small, when the amount of advertising the city would derive from such a beauty spot is taken into consideration.

The labor situation in the East Kootenay coal fields again looks very threatening, and today will probably decide whether it is to be peace or war. As we expressed an opinion on this subject a week or so ago, further comment will be withheld until the crisis is reached.

Southeast Kootenay and Yale districts produced 37,097,000 pounds of copper, valued at $7,415,800, in 1906. Most of this enormous output was mined and treated in the Boundary district, and by far the greater portion of the Boundary output came from Grand Forks.

As the farmers' institute organized in this city Wednesday evening is composed mainly of horticulturists, there is no reason why it should not bear good fruit. It is an institution that has been needed in this valley for a number of years.

The Coast Is Prosperous

Mr. Ernest Miller, who has just returned from a two weeks' visit to the coast cities, tells an interesting story of the present prosperity of that section of the province.

"On former visits to the coast," said he in a chat with The Sun man yesterday, "I have often marveled at the wonderful strides made in the upbuilding of Vancouver, Victoria and New Westminster, but on no other occasion have the signs of general prosperty made so deep an impression on me as on my present trip. Even staid old Victoria is enjoying a healthy boom. Vancouver, which has gained an enviable reputation all over this broad land for its progressiveness, is going ahead by bounds and leaps. Fine residences and big business blocks are to be seen on every hand in course of erection. I was also greatly impressed with the activity of the real estate market and building operations in New Westminister. The general public of the two last mentioned cities appear to be confident in looking over the situation, that it will not long be before these towns are joined together by one continuous street.

"I attribute this life and bustle," he continued, "partly to the fact that a great deal of American capital is being invested in the coast cities, and partly on account of the influx of settlers from eastern Canada, Manitoba and the northwest. Although real estate prices seem high to a man coming from the interior of the province, when compared with the figures charged for realty in the cities south of the international boundary line they are extremely low.

"New Westminster possesses many desirable features, as a consequence of which property is advancing rapidly. It is the only city on the coast that owns its water frontage, and this has been taken up for miles for mill sites. There is also considerable talk at present about the Great Northern establishing large shops at that place. Aside from these advantages, the city possesses unequaled educational facilities, including the Columbian college. It is also blessed with an ideal climate.

"From information gathered while I was at the coast, I learned that a vast number of people, who have tired of the rigors of the eastern winters, are coming to this province this summer. A strong effort should be made by the citizens of Grand Forks to secure a portion of these settlers for this valley."

"While I was pleased to note the evidences of prosperity on the coast," concluded Mr. Miller, "I am equally glad to get back to Grand Forks and the salubrious zephyrs of the Kettle valley. With a united effort, and a liberal amount of publicity, I am confident that this district will soon enjoy an era of activity riyaling that at present prevailing at the coast."

TOPICS OF THE TOWN

His honor Judge Brown opened a sitting of the county court at the court house in this city yesterday morning. Mr. Whiteside, on behalf of the Grand Forks bar, in a brief speech heartily congratulated his honor on his appointment, to which Mr. Brown made an appropriate response. As none of the cases were ready for trial, an adjournment was made until the 1st of April.

The till in the Province hotel bar was robbed of $20 Tuesday evening, and two men, who were the only occupants of the room at the time the theft is supposed to have been committed, were arrested on suspicion of having stolen the money. They came up for a hearing before Judge Cochrane on Wednesday, but were discharged, as there was not sufficient evidence to prove a case against them.

Beautiful showing of Easter Millinery at Miss Cosgrove's Millinery Store, Saturday afternoon, March 23.

E. W. Barrett, of Vancouver, is in the city. His mission is to interest the public in coast real estate, and he is meeting with considerable success.

FOR SALE—Three good cows, one fresh, and a cream separator. Apply Robert Lawson, Covert estate, or address Grand Forks postoffice.

The B. C. Copper company on Sunday last blew in the second of its three big new furnaces. The first was blown in several months ago, and the third will follow in a few weeks.

City Clerk McCallum will commence next week to make the school assessment outside.

A couple of the star boarders at the Windsor attempted to leave town this week without settling their accounts. The proprietor, however, had them brought back from the station, and they are now poorer but more honest men.

Dr. Truax has received official notice of his appointment as quarantine officer at this place. The nearest case of smallpox is at Orient, Wash.

Boyd & Glendanning, the Vancouver contractors, have finished their grading contract on the Kettle Valley Line, and have gone to the coast. They intend to return when work is resumed in the spring.

CHURCH SERVICES

Knox Presbyterian Church—Sabbath services at 11 a.m. and 7 p. m.; Sabbath school and Bible class at 2:30 p.m.; Young People's Society of Christian Endeavor, Monday, 7:30 p. m. Special morning service March 24th will be conducted by Rev. W.R. Ross. All are cordially invited; seats free.

Methodist Church, E. Manuel, pastor.—Services next Sunday at 11 a. m. and 7:30 p.m.; Sunday school and Bible class at 2:30 p. m. Everybody invited.

Baptist Church, Rev. F. W. Auvache, pastor.—Services on Sunday at 11 a. m. and 7:30 p. m.

TOPICS OF THE TOWN

Chief Savage returned Sunday evening from Nelson, where he had been with J. J. Quinlivan; who was sentenced by Police Magistrate Cochrane last Friday to thirty days' confinement in jail at hard labor, without the option of a fine, for assaulting Andrew Waugh.

The school trustees have decided to authorize the expulsion from the public school of "Mickey" O'Connor, F. Harrigan and Angus Creelman, on account of being addicted to vices likely to injuriously affect the character of other pupils.

THOROUGHBRED EGGS—For sale, Wyandotte and Black Minorca eggs; $1.00 per setting. Apply to Mrs. J. H. Hodson, Phone A107.

Mayor Hammar, who was confined to his home by illness the latter part of last week, is again able to attend to his customary duties.

R. A. Henderson, the Kettle Valley line engineer, left this week for Toronto. It is a well known fact that he will buy two tickets for his return trip.

Mrs. H. S. Sheads is visiting friends in New Westminster.

Smith Curtis, of Rossland, was in the city last Saturday, and left Sunday morning for Spokane. He said it was impossible to get out of the city alive without joining the 20,000 club.

The Amsden Musical company played in the Grand Forks opera house last Friday and Satnrday evenings to delighted audiences. On Friday evening "The Mascot" was presented to a good house, notwithstanding the counter attraction, and on Saturday evening "Olivette" was the bill. The operas were well staged, and the costuming was artistic. The comedy features of tne plays were well brought out, and the music was excellent. Taken all in all, the company was far above the average attractions which come to this city.

The Boundary Creek Times has been enlarged to a seven-column folio, thereby improving the appearance of the paper.

When Women Suffer

Look out for weakness or disease. See if there is not a sideache, headache, restlessness and the "blues." These symptoms indicate that you need the gentle asfistance of Dr. Hamilton's Pills. They are women's greatest relief, prevent functional derangements, renew the life of the blood, purify and clean the system throughout. No tonic so potent, no results so marked as follow the use of Dr. Hamilton's Pills. Price 25c per box at all dealers.

SUNBEAMS

There is a time when the laziest man can hurry—it is when the train he is on stops ten minutes for refreshments.

Baseball would be more popular if there were not so many base men in the business who are not sports.

The largest apple is not always the sweetest, but it is the one which the average person picks out of a lot.

Some girls look better in everyday clothes than they do in party dresses, and these are the girls to marry.

You cannot always judge a man by his appearance, but you can judge some men by their disappearance.

It tickles a man's vanity when he tries on another man's hat and finds it is a size too small for him.

You seldom see a man who can be a christian and take off a porous plaster from his chest at the some time.

Beggars and peddlars are not superstitious—it takes more than a sign to keep them out of a building.

Seeing a fellow walking in a procession of people returning from church is no sure sign he has been there.

A man likes to refer to himself as an idiot at times, but it makes him real mad if anybody else agrees with him.

It is a blessing for parents not to be able to appreciate what a nuisance their children are to other people.

When a young man with a salary of nine dollars a week marries a girl who is unable to cook he hands himself an extra large lemon.

Some men worry decause they can't meet their bills, but the majority are sad because they cannot dodge them quick enough.

There are people who never give a thought to the hereafter except when they have occasion to pass a graveyard after dark.

During courtship a man acquires a lot of good habits that he has absolutely no use for after marriage.

TOPICS OF THE TOWN

A large number of comfortable chairs have been placed in the council chamber, and ratepayers who take an interest in civic affairs can now attend the sessions of the council without experiencing any bodily discomforts.

What is more pleasing to the feminine eye than a beautiful gown worn by a beautiful woman? There are any number of examples of the modiste's art displayed by the Misses Byington and Vaughn in the production of Stephens and Linton's "My Wife's Family," the laughing musical comedy which is to be on view at the opera house next Thursday evening.

Lorne A. Campbell, of Rossland, superintendent of the West Kootenay Power & Light company, was a visitor in the city Monday evening.

Mrs. Clark, of Nelson, will conduct a special holiness meeting for christians at the Salvation Army hall this evening. Everybody is invited to attend.

W. J. Jones, one of the pioneer business men of Grand Forks, but who is now residing at Riverside, Wash., arrived in the city Monday evening on a business trip.

W. J. McIntyre, foreman of the C. P. R. yards in this city and at the Granby smelter, returned from Toronto on Monday evening, accompanied by his bride, and has since been very busy acknowledging the congratulations of his numerous friends. He reports having had a pleasant trip, but, like everybody else, is glad to get back to Grand Forks. Mr. and Mrs. McIntyre will take up their permanent residence in this city.

City Solicitor E. Miller returned Monday evening from a two weeks' visit to Victoria.

"My Wife's Family"

A farce in the broadest sense, and yet withal without a word of suggestiveness, one that was never intended for anything deeper than causing hysterics with its laughable situations, witty dialogue and impossible nonsense, is the announced attraction, "My Wife's Family," at the opera house, Thursday evening, March 28. That old story of the henpecked husband, the more than usually obnoxious mother-in-law and the family of nephews, cousins, sisters and numerous other relatives are served up with new and elaborate trimmings of

bright sayings and catchy music, pretty girls and dazzling dance numbers. The story brings a vociferous mother in-law to the home of her inoffensive son-in-law with her host of relations, among whom is a son lately married surreptitiously and a father of a three months' old child. Through a combination of mistakes the son-in-law is suspected, and has some hairbreadth escapes from his angry relations when the child is found in the house. After barely escaping with his life, explanations clear up the troubles and things end happily. Appleton and Perry, the two comedians, as the friend and husband respectively, in dialogue, song and the excruciatingly funny automobile, are sure to create laughs galore, while there are over a dezen of the brightest of vaudeville specialties introduced dueing the action of the comedy by various members of the excellent organization.

Never Slit Your Boots

That doesn't cure the corn. Just apply the old standby, Putnam's Corn Extractor. It acts like magic. Kills the pain, cures the corn. Does it without burn or scar. Get the best—it's Putuam's.

Mineral and Lumber Values

At the meeting of the Associated Boards of Trade, held in Greenwood last week, President G. O. Buchanan added an appendix to his annual address, in which he estimated the value of the mineral and lumber produced in southern Kootenay and Yale during the year 1906 as follows:

	Value.
Gold, 210,653 oz.	$ 4,213,060
Silver, 2,243,800 oz	1,503,346
Copper, 37,079,000 lbs.	7,415,800
Lead, 26,389,134 tons.	1,847,269
Zinc, 3000 tons	60,000
Coal, 721,000 tons	1,442,000
Coke, 189,400 tons.	473,500
Total value minerals...	$16,954,975
Lumber, 147,000,000 ft..	2.044,000
Minerals and lumber...	$18,998,975

When Long Breaths Hurt

You know that troubles exist which need quick attention. Proper action consists in a vigorous rubbing of the chest and side with Nerviline, which sinks into the tissues where the pain is seated, and gives relief in a few minutes. No liniment so clean, so strong, so powerful. Results guaranteed with every 25c bottle of Polson's Nerviline. Get it today.

Canadian Mining Institute

The following are the officers of the Canadian Mining Institute who were elected at the recent meeting in Toronto:

Members of the Council—T W. Gillman, Montreal; James McEvoy, Fernie, B. C.; Fred B. Smith, Edmonton; R. W. Brock, Ottawa; J. G. Gwillim, Kingston; D. F. Adams, Montreal; H. E. T. Haultain, Craigmont, and David H. Brown, Copper Cliff.

The election of officers resulted as follows. When announced the results were received with applause:

President, Frederick Keffer, Greenwood, B. C.; vice presidents, Dr. J. Bonsall Porter, Montreal, W. G. Miller, Toronto, and W. Fleet Robertson, Victoria, B. C.; secretary, H. Mortimer-Lamb, Montreal; treasurer, J. Stevenson Brown, Montreal.

The Deaf Made to Hear

Deafness, because usually due to catarrh, is quite curable. In a thousand cases this is proved absolutely true. Success invariably attends the use of Catarrhozoue, which has cured catarrhal deafness of twenty-five years standing. Penetrating through the passage of the ear, the soothing vapor of Catarrhozone relieves the inflammation, destroys the seeds of catarrh and thereby allows nature to re-assist herself. Try Catarrhozone yourself, 25c and $1.00 sizes sold by all dealers.

NOTICE

NOTICE is hereby given that the "Grand Forks Liquor Company, Limited," carrying on business at the City of Grand Forks, in the Province of British Columbia, intends to apply to the Lieutenant-Governor in council, upon the expiration of three months from the date of this notice, for permission to change its name to that of the "Pacific Liquor Company, Limited."

Dated at Grand Forks, B.C., this 19th day of March, A. D. 1907.

W. B. COCHRANE,
Solicitor for Company.
