WILL BUILD A TRIAL

The B. C. Coal Company Sends Out an Advance Guard.

Two wagon loads of supplies and camping outfits left the city yesterday for the North Fork country. A force of workmen composed of Ab. Fee, West Fee, Angus McDonald and Wm. McDougall accompanied this outfit, and, under the foremanship of Joe Wiseman, they will repair the trail from the Franklin camp road, at the forks of the river, to the B. C. Coal company's lands, so that that machinery and supplies can be got to that point. The teams will be taken as far as the forks of the river, about 30 miles above this city, and from there the supplies will be packed on horseback as the workmen advance.

C. V. Corliss, M. E., of Montreal, a graduate of McGill college, who was demonstrator at that institution last year, accompanied the party. and will oversee the work.

It is estimated that it will take three or four weeks to put the trial in a passable condition. As soon as the work has been finished, the B. C. company's engineer, Wm. Blakemore, will take a diamond drill up to the coal measures, and active prospecting and development work will be commenced The company has about $2000 on deposit in a local bank for the completion of the trail.

VICTORIA DAY AT MIDWAY

A large delegation from this city will attend the Victoria day celebration at Midway next Monday, and the affair promises to be a big success. A special train will leave the C. P. R. station at 8:00 a. m., arriving at Midway at 9:40. Besides a large number of excursionists from this city, the Grand Forks baseball club will also go, and a three-cornered contest between Phoenix, Greenwood and Grand Forks for a purse of $100 will be one feature of the days' sports.

The Grand Forks Amateur Opera company will accompany the excursionists as far as Greenwood, where a performance of "Pinafore" will be given in the evening after the train returns from Midway. The train will remain in Greenwood until after the performance, when it will return to this city.

A BIG HIT.

"A Wise Woman," the comedy farce by Wilfred Clarke, has, according to the reviews seen of the production, scored the most emphatic kind of a hit. It is serving as a vehicle to display the talent and ability of one of Ameriea's daintiest and most fetching comediennes, Marie Lamour, for the past several seasons with Augustin Daly's company, and she is credited with having scored very strongly in the production.

E. Spraggett visited Cascade the first of the week.

COURT OF REVISION

But Few of the Appeals for Lower Assessment Are Granted.

The members of the city council sat as a court of revision last Monday afternoon. Those present were: Mayor Burrell, Ald. McCallum, Gaw and McLellan. After making their declaration and delivering the same to the clerk, Mayor Burrell Burrell took the chair.

Margaret Moore's appeal for a lower assessment on lot 12, block 3, plan 52, was not allowed. On motion of Ald. Gaw, seconded by Ald. McLellan, the assessment was confirmed.

Walter Askew's appeal for a lower assessment on lots 17 and 18, block 9, plan 22, was disallowed. On motion of Ald. McLellan, seconded by Ald. McCallum, the assessment was confirmed.

J. T. McKenzie's appeal for a lower assessment on lots 1 and 2, block 5, plan 23, was not granted. On motion of Ald. Gaw, seconded by Ald. McCallum, the assessment was confirmed.

James Ritchie's appeal for a lower assessment on lots 10 and 11, block 10, plan 52, was allowed to the extent of a $200 reduction on the improvement assessment, on motion of Ald. Gaw, seconded by Ald. McLellan.

Geo. Pound's appeal for a lower assessment on lot 8, block 11, plan 52, was allowed to the extent of granting a reduction of $200 on improvements, on motion of Ald. McLellan, seconded by Ald. Gaw.

Gus Carlson's appeal for a lower assessment on lots 8 and 9, block 22, plan 50, was not granted. On motfon of Ald. McCallum, seconded by Ald. Gaw, the assessment was confirmed.

Wm. Farwell's appeal for a lower assessment on lot 6, block 3, plan 23, and lot 15, block 21, plan 52, was not allowed. On motion of Ald. Gaw, seconded by Ald. McLellan, the assessment was confirmed.

The Royal bank was allowed a reduction of $300 on the assessment on part of lot 1, block 7, plan 23, on motion of Ald. McCallum, seconded by Ald. Gaw.

The Yale Hotel company made an appeal for a lower assessment on all their property. Moved by Ald. McCallum, seconded by Ald. Gaw, that the assessment on all lots in plan 89 be confirmed; that the $30 lots in plan 33 be reduced to $20, and that all other assessments be confirmed; also that this court recommend to the council that a rebate to the extent of the amount of taxes on not less than $5000 or more than $7000 on the Yale buildings improvements be granted.

On motion of Ald. McCallum, seconded by Ald. Gaw, the assessment roll as amended was ratified and confirmed.

By Order
MUNICIPAL COUNCIL.

SIR THOMAS SHAUGHNESSY is shedding Alexandrian tears because there are no more coal lands in this province for him to conquer.

IF Sir Thomas' voracious appetite for British Columbia coal lands is not appeased soon, he will probably be dubbed the Black Knight.

AS THE editor of this paper has been delegated to interview President Roosevelt on weighty international subjects in Spokane next Tuesday, the next issue of THE SUN may not shine until Wednesday evening.

MOST western customs are good. But once in a while one crops out that could well be dispensed with. The one we have in mind is the propensity of the youth of this city to charivari newly married couples. The practice is of too barbaric a nature to be tolerated, and if it can't be stopped in any other way, the city council might do worse than pass a by-law making the offense punishable by life imprisonment. Of course we are not personally interested in this matter, but we know of several parties who have deferred entering Hymen's court simply because they dreaded this calithumpian nuisance.

JOHN OLIVER, of Delta, has given notice of his intention to ask the following questions on the reassembling of the house: How many applications for coal and oil prospecting licenses in blocks 4593 and 4594 are made by agents claiming to act for claimants? Have agents signing the above applications satisfied the government that they were authorized to sign the above mentioned applications? What steps, if any, do the government intend to take to ascertain if these applications by agents are or are not fraudulent? Is it the intention of the government to recognize the claim to priority of location by the discoverers of coal and oil in Southeast Kootenay?

SUNSET SAUNTERINGS

Monday, the 25th inst., having been proclaimed a Dominion holiday, the Grand Forks and Columbia postoffices will be closed all day, with the exception of one hour from 3 p. m. till 4 p. m., when the general delivery wicket will be open for the delivery of letters only.

A telegram was received in this city yesterday stating that J. Burtt Morgan had been acquitted of the charge of criminal libel, preferred against by some of Rossland's city officials. The case grew out of a vigorous attack on the officials in Mr. Morgan's paper, *Truth*, which he recently published in Rossland. The case has been before the assize court in Nelson several days, the evidence showing that Rossland has a gang of grafters from whom the boodlers of the big eastern cities might profitably take lessons.

Dr. J. A. Armstrong, of Nelson, B. C., government veterinary surgeon, was in the city yesterday on an official tour of inspection, making his headquarters at the Yale.

J. H. Hodson. the West ward merchant, left on a business trip to Spokane this morning.

The Quilp mine, Republic, has resumed ore shipments to the Granby smelter, five carloads arriving in this city last Tuesday. The Lone Pine-Surprise is shipping to the Crofton smelter.

The Great Northern will sell round trip excursion tickets to Spokane next Monday at single fare rate—$5.15, good to return on the 27th. All those who desire to see the chief executive of the United States should not miss this opportunity.

J. P. Keane, of Wallace, Idaho, was registered at the Winnipeg yesterday.

The O. B. Griffith entertainment, billed for the Biden opera house last night, was postponed until tonight, on account of the non-arrival of the company owing to a big business in Nelson, B. C. Performances will be given this evening and tomorrow night. As a hypnotist, Mr. Griffith is reputed to stand at the head of his profession.

M. H. Murtha, trainmaster, and M. Duffy, roadmaster of the S. F. & N. and branches, are in the city, and are guests at the Yale.

The Ladies' Aid of Knox Presbyterian church held a meeting last Wednesday afternoon, at which the preliminary steps were taken for the holding of the annual church social.

F. M. Holland and wife and A. B. W. Hodges and wife boarded the famous private car of the Hot Air officials last evening for Curlew lake, where they will spend a few days fishing.

The Clarendon Restaurant, Bridge and Riverside, receives daily shipments of fresh vegetables from the south.

R. L. Pillips, Vancouver; D. C. Irving, Victoria; Irving Worthington, Spokane; R. Grieger, Greenwood; W. T. Hunter, Greenwood; Geo. B. McAulay, W. L. Waterman, J. P. Keane, John Moran, E. E. Williams, Spokane, were recent arrivals at the Yale.

Geo. H. Williams, traveling freight agent of the S. F. & N. and V.. V. & E.. is in the city today, and is registered at the Yale.

W. H. Lamont, Greenwood, was at the Winnipeg yesterday.

All kinds of imported fresh vegetables and delicacies at the Clarendon Restaurant, Bridge and Riverside.

R. J. McMillan, representing W. J. McMillan & Co., Vancouver, and R. P. Rithet & Co., Victoria, was in the city yesterday, stopping at the Winnipeg.

John Leamy returned home yesterday from Nelson, B. C.

A special 6 o'clock chicken dinner will be served next Sunday evening at the Pacific hotel, opposite the C. P. R. station.

WHY GO EAST

Over the sun-burned, sage brush and alkali plains, when you may just as well take a delightful, cool and comfortable ride through the heart of the Rocky Mountains in view of the grandest scenery on the American continent?

This you can do by travelling on the Rio Grande system, the far-famed "Scenic Line of the World," the only transcontinental line passing through Salt Lake City, Glenwood Springs, Leadville, Colorado Springs and Denver enroute to eastern points.

Three daily express trains make close connections with all trains east and west, and afford a choice of five distinct routes of travel. The equipment of these trains is the best, including free reclining chair cars, standard and tourist sleepers, a perfect dining car service, and also personally conducted excursion cars, each in charge of a competent guide, whose business is to look after the comfort of his guests. No more pleasant and inexpensive means of crossing the continent can be found than is provided by these excursions.

BOUNDARY MINES AND SMELTERS

The Lucille Dreyfus mine at Danville is showing up well. There is now on the dump of the tunnel level uopon which the hoisting machinery is in operation 150 tons or more of ore, the value of which is said to be $160 per ton. The excavation for the station has developed ore 24 feet in width, of which eight feet, according to a statement made by the foreman, is quite rich. To judge from his report, the full 24 feet of width of the vein is all pay ore. It is undoubtedly a great showing. The ore is strictly of a smelting character. The winze is down 135 feet below the tunnel level. It is confidently believed in Danville that the ore at the bottom of the winze is richer than any ever before found in the mine, and certainly some of the ore on the dump, said to have come from the winze, is evidence that the belief is founded on fact.

Two furnaces are now running full blast at the B. C. Copper company smelter. The second furnace was blown in early last week, and Supt. McAllister expects to keep them in heat unless the old story concerning Fernie coke is repeated.

The electric current was turned on, last week, to one of the large induction motors which are being installed by the Granby company in the new compressor building at Phoenix, and the huge machine ran smoothly. Later, when the rope connection had been made, one of the 30-drill compressors was operated without a load, and worked with equal satisfaction to Supt. Williams. E. E. Miller, of Seattle, representing the Westinghouse Electric & Manufacturing company, of Pittsburg, who manfactured the motors, was present to witness the test, as was also R. P. Williams, the Boundary representative of the Canadian Rand Drill company, who furnished the compressing engines. The latter gentlemen were also satisfied with the run of the machinery.

Last week a heavy tonnage was added to the shipments from the high-grade properties in Greenwood camp to the Trail smelter.

James D. Sword and W. T. Smith, of Greenwood, have bonded the Bell, a promisfng property at Beaverdell, and inteud to develop the same. It is a high-grade property originally located by the late Alex Wallace and J. T. Bell.

It said that shipments of 200 tons a day covld be easily maintained by the Morrison mine if the C. P. R. would construct 5200-foot spur from tracks to the property.

The Mother Lode mine is easily keeping ahead of the ore requirements of two furnaces at the Greenwood smelter. Nearly all the storage bins at the smelter are filled with ore.
