TARIFF REVISION

The Commissioners, Now in Nelson, Will Visit This City Tuesday

Duties on Lead and Lumber and Protection for Fruit Industry

A dispatch has been received here stating that the members of the tariff commission, who are now holding sessions in Nelson, will visit Grand Forks next Tuesday. On Monday they will be in Rossland.

The chairman of the tariff commission is Hon. W. S. Fielding, minister of finance. He was born at Halifax, N.S., and was educated at Acadia university, of which he is D.C.L., and at Queen's, of which he is LL.D. He started life as a journalist, and was for 20 years identified with the Halifax Chronicle. A member of the local legislature from 1882 to 1896, and premier from 1884 to 1896. In the latter year he went to Ottawa as member for his native city, and at once became finance minister. He inaugurated the preferential tariff, the surtax on German goods, and the celebrated "dumping" aimed at slaughter prices. He represented Canada, in conjunction with Sir Wilfrid Laurier, at the colonial conference in 1902.

The other members of the commission are:

Hon. Wm. Paterson, was born in 1839; was controller of customs in the Laurier government of 1896, and was made privy councillor and minister of customs in 1897.

Hon. Louis Philippe Brodeur was born in 1862. He is an LL.B. and LL.D. of Laval; was minister of inland revenue in 1904. He is a K.C., having been called to the bar in 1884; was deputy speaker of ihe honse from 1896 to 1900; speaker from 1900 to to 1904.

CHURCH SERVICES

Methodist Church—There will be harvest home thanksgiving services in this church on Sunday morning and evening. Morning subject, "Day of Harvest." Evening subject, "Sowing and Reaping." The church will be appropriately decorated. Everybody welcome. E. Manual, Pastor.

TOPICS OF THE TOWN

H. J. Logan, M.P. for Cumberland, Nova Scotia, and A. E. Dymant, M. P. for Algoma, Ontario, were in the city Wednesday afternoon. Mr. A B. W. Hodges showed them through the Granby smelter, with which they were highly pleased. Later W.J Cook ran across them, and took them for a carriage drive through the valley, and the visitors had a splendid opportunity to see the numerous orchards at their best. They left here with a better opinion of our mineral and agricultural resources than they had when they arrived.

W. S. Gore, for thirty years deputy chief commissioner of lands for the province, has resigned his office. No definite action has yet been taken by the government on his resignation, but it stated that it will be accepted. The date of its taking effect has not yet been decided.

Edward George, late of the Granby smelter, has secured a position in the grocery department of Jeff Davis & Co.'s store.

R. H. Trueman, the photographer, will leave for his home in Vancouver tomorrow, after spending a week in this city.

Senator Templeman and Duncan Ross, M.P., arrived in Nelson from the coast last evening to meet the members of the tariff commission.

A round-trip fare of $3.95 to the Nelson fare has been granted by the C.P.R.

Martin Burrell, will have a fine dispplay of fruit and plants at the Nelson fair. Mr. Burrell left for Nelson last evening to get his exhibit in readiness for the opening day.

Irwin Spinks is now reported to be convalescent, after being dangerously ill with typhoid fever for two weeks.

H. Folger and wife have returned to the city from their Colville ranch, where they have spent the past two or three months.

Ralph Wiseman has secured a position in the office of Pat Welch, the Great Northern railway contractor, at Midway.

E. Spraggett, provincial road supervisor, is engaged in repairing the government bridge at the Cascade power house.

F. W. Hart, the Midway furniture merchant, was a visitor in the city last Wednesday.

An Elaborate Production

Mr. Harold Nelson, who inaugurated his third consecutive season under the management of Mr. C. P. Walker at the Winnipeg theatre on Labor day, will be seen at the Grand Forks opera house on Saturday, Sept. 23rd, in his latest success, Prince Otto. This is another of those romantic plays so pleasing to the public when properly acted and produced. It is a dramatization of Stevenson's novel of the same name, and was played with great success in New York, Chicago, Boston, Philadelphia, St. Louis, and all the other big cities of the United States a season or so ago by its gifted actor-author, Otis Skinner. Therefore it is not untried. Its dramatic qualities have been fully tested and not found wanting.

In presenting this charming drama Mr. Walker believes he is affording Mr. Nelson adequate opportunity to sustain his splendid repulation as an actor. The character of the Prince is admirably suited to his abilities in its dash, subtlety, power and romantic style.

Mr. Clifford Lane Bruce, so long associated with Mr. Nelson, will be seen as the prime minister.

Miss Helene Scott should be charming and effective as the princess.

Willivm Blake, another of last season's favorites, will have a delightful comedy role.

The other members of the company are well suited to the parts assigned them, and an exceptionally well balanced performance is assured.

NEWS OF THE CITY

Edward Hardy Will Buy Single Ticket Going and Double Coming

Blood Poisoning Results From Striking a Man in the Mouth

Edward Hardy, of the firm of Hardy Bros., who had the contract for supplying the Granby company with the lime for the big flue dust chamber and tall smokestack, will leave next Sunday on a three months' pleasure trip. Mr. Hardy will first visit the Lewis and Clark exposition in Portland, and thence he will proceed to Chicago, Toronto, Philadelphia, New York, Boston, and all other big cities worth seeing. He says he intends to have a good time, and his friends believe he will keep his word. The Sun was told, strictly confidentially, that Mr. Hardy intends to bring back a better half from one of the eastern cities.

Ed Arnold, the Orient saloonkeeper, arrived in the city this morning with a very badly swollen hand and arm, the result of blood poisoning. The case was attended to by Dr. Dickson. Yesterday a man entered Mr. Arnold's establishment in Orient and drew a gun on the proprietor. Mr. Arnold retaliated by striking the man in the teeth with the knuckles of his right hand. Twelve hours later blood poisoning set in, necessitating the trip to this city.

Marlin Roath was brought down to this city last Tuesday from Phoenix in a critical condition, suffering from severe attack of typhoid-pneumonia. He was placed in the Cottage hospital under the care of Mr. Kingston, and although his case is still dangerous, there are hopes of his ultimate recovery. Mrs. Roath, of Spokane, arrived in the city on Wednesday to assist in nursing her son. Young Roath is about 22 years of age, and has been employed by Boyle Bros., who have the contract for doing the diamond drill work for the Granby company.

W. H. Itter & Co. have just received a large consignment of chinaware, and will inaugurate a special slaughter sale tomorrow, Saturday. This sale will be for cash only.

Miss Olive Wilson, of Republic, has been visiting at the home of Mr. and Mrs. J. B. Henderson, Winnipeg avenue, for three or four days during the present week. She will leave tomorrow morning for Pullman, where she will attend coflege during the coming winter.

The Great Northern is putting in another long sidetrack at the Granby smelter. J. W. Jones has been awarded the gradihg contract. The work will aggregate about $5000.

F. A. Rainey, local fruit inspector, yesterday condemned and burned a shipment of ten boxes of pears and nine of apples. The fruit, which had been shipped by a Colville rancher to a Phoenix firm, was badiy infested with coddling moth.

The work of gralling Granby strest from the bridge to the smelter will be commenced soon. J. W. Jones has secured the contract for the work.

Frank Sherwood, the most prosperous citizen of Laurier, Wash., was a visitor in the Boundary metropolis last night.

Maxwell Smith, Dominion government fruit inspector for British Columbia, arrived in the city today on an official visit.

Geo. McLeod, manager of the McKinley mine, left for the coast cities yesterday on a business trip.

Wm. Dacre, a smelterman, had his foot badly crushed yesterday by a rock falling on it. He is able to limp around the streets, but he will be incapacitated for work for a few days.

The Arnold tent shows gave three performances in this city on Wednesday and Thursday to good crowds. It is a nice, clean show, and the acrobatic and juggling features were especially good.

Alex Fraser, of the Windsor, and Master Tom Fraser have returned home from a three weeks' visit to Calgary and other towns in the new province of Alberta.

It is reported that J. C. McDonald, ex-master mechanic of the Granby smelter, has been appointed to a responsible position in the engineering department of the Union Iron Works at Spokane.

A. A. Steeves, manager of Royal Bank of Canada, has returned from a three weeks' vacation trip.

The September number of the Typographical Journal, the official magazine of the International Typographical union, prints the follow-lowing item concerning a former Grand Forks newspaper man: "F. H. McCarter was for years foreman of the Spokane Chronicle. Mac was raised in Erie, Pa., ran away from home, and married a girl near his own age in 1872. Mac took Greeley's advice and came west a year or so later and found work in Wichita, Kan. Here Mac met his Waterloo in the practical joke line. The McCarters were expecting daily the arrival of an heir. One night while Mac was at work the little fellow came. Across the street was a neighbor who, on the previous morning, had become parent of twins. The doctor in attendance at McCarter's officiated at both events. Mrs. McCarter was always a genial lady and fond of a joke. She proposed that the doctor go over to the neighbor's and get the twins, and then send for Mac. The twins were soon in the McCarter household, and a messenger despatched for Mac. He came in all out of breath. 'What is it, Sadie' he asked 'What is it? It's three. Look at them.' Mac stood for a moment in speechless silence, and then, 'My God—and only $20 a week.' The son who figured in this joke is now on the East Oregonian, Portland, Ore."

TALES OF HORNBY

Messrs. McLellan and McCallum Spent Two Weeks on the Island

Discover Mental Food for the Poet and Fish Stories for the Romancer

N. McLellan and Neil McCallum returned home on Tuesday, after a two weeks' visit to Hornby Island and other coast points, and in an interview with a Sun reporter Mr. McCallum stated they had a delightful trip. The run from Victoria to Hornby Island occupies ten or twelve hours, and reminds one of the trip through the Thousand islands. They were royally entertained by Mr. and Mrs. T. A. L. Smith, formerly of Grand Forks. Mr. and Mrs. Smith spared no pains to show them the merits of the island, and extended unbounded hospitality to the visitors. Mr. Smith has a magnificent place, consisting of 240 acres of very productive land, well equipped and stocked with cattle and sheep. There are wild ferns on it eight feet high and corn ten feet high. Although there are no ferocious animals on the island, deer, grouse, geese, ducks, chickens, etc., are plentiful, and fish is so abundant that the people of the island have been known to catch them with pitchforks and baskets.

The indications are that the whole island is underlaid with coal, of which fine samples are found cropping out at different points. Wheat from Hornby Island sent to the Paris expositlon by John Skinner and George Heatherbell took first prize and gold medal, and the island is famous for its production of butter and sheep. A very important feature is that there is a good home market at the mines on neighboring islands for all the products, including cattle, sheep, pigs, chickens, grain, hay, butter and eggs, and the most delicious fruit of all kinds.

There is a place on the island alike for the poet and the novelist. The ease with which the people make a living would furnish mental food for the poet, and the real true fish stories gathered by Messrs. McLellan and McCallum on their recent trip would more than fill a novel.

Christopher Robinson, K.C., wife and daughter, of Toronto, were visitors in the city last Monday, and after inspecting the town for a few hours left for Nelson the same evening.

The case of Thomas Gauthier, for non-support of his wife, occupied two or three days in the police court this week before Magistrate Cochrane. The defendant finally entered into an agreement to support his wife in future, and the case was withdrawn.

Joe wiseman and W. S. Jones, who left here about three months ago for the Ootsa lake district in northern British Columbia, have sent word that they have taken up land in the Bulkley valley. They will locate there permanently, being greatly pleased with the country.

UNION LABEL

FRIDAY, SEPTEMBER 15 1905

On October 21st there will be celebrated throughout the empire the centenary of the victory of Admiral Horatio Nelson over the combined French and Spanish fleets one hundred years ago. The victory came in the middle of perhaps the darkest period the empire has ever known. Seven years before the Bank of England had suspended cash payments and consols were at their lowest ever known. Just before the battle consols were sold at 53¾, and money could be borrowed only at most exorbitant rates of inttrest. After Trafalgar all fear of invasion was lost, and from that day to this Great Britain has ruled mistress of the sea without question. Never again did consols reach so low a polnt. It is the remembrance of these things that has created a movement to celebrate the centenary of the hero who lost his life while winning the battle which is embraeing the whole empire. In Great Britain a national holiday has been proclaimed, and this has also been done in different parts of the empire. A number of towns in this province are making preparations qo celebrate the event, and there is no reason why Grand Forks should not eo the same, especially as we have not had a celebration here for over a year.

SUNSET SAUNTERINGS

Ella Ewiug, the Missouri giantess, is in the city tonight. If the richest man in town should take a notion to lay his heart and fortune at her feet, neither of them would make much of a showing by the side of her No. 24 boots.

The annual reunion and banquet of the Pioneers' Association of the Boundary and Okanagan districts will be held at the Lancashire house, Midway, this evening. Nearly all of the old-timers of this city are in attendance, and the town is today being run by the newcomers.

Fred Lane. formerly proprietor of the Model livery barn in Spokane, has moved to this city, and iutends to engage in business here.

Wm. Spier, manager of the Eastern Townships bank here, has been appointed single arbitrator in the matter of adjusting certain taxes alleged to be due the city by Dr. Averill. The amount involved is about $2000.

Various names have been given to what is generaly known as the side-shows in connection with the big fairs of late years. Chicago had the Midway Plaisance, St. Louis had the Pike, Portland has the Trail, New Westminster has the Sockeye Run, and Nelson will have the Stope, and the shows already booked for the Stope at the Nelson fair are of a high order, including Bosquit's wild animals, Erickson's trained bears, Hiersh's merry-go-round, Prof. Smith's mechanical city, "Lorito" the California armless wonder, and Miss Ella Ewing, the Missouri giantess, the tallest person in the world—8 ft. 4 in. tall—wears size 24 shoes and size 14 gloves. The fair will be open to the public at 1 o'clock Wednesday, Sept. 20th, and will close at 10 o'clock on the night of the 22nd. The railways are giving a single fare for the round trip.

The Kettle River Lumber company's mill on Smelter lake resumed operations this week. The mill has has been closed down for a couple of months on account of a scarcity of labor.

Bd Ruckle is making numerous improvements to his ranch, adjoining this city.

Mrs. C. C. Tilley and family will leave in a few days for Oroville, Wash., where Mr. Tilley is engaged in business.

M. R. Feeney, of this city, has secured a position in the Union Iron Works, Spokane.

The Great Nothern put a new time table into effect on the S. F. & N. last Sunday. The passenger train from Spokane arrives here 25 minutes later than formerly. There is no change in the arrival and departure of the south-bound passenger train.

C.P.R. excursion tickets for the Nelson fair cover the period between Sept. 18 and 25, giving a wnole week, from Monday to Monday.

Coming Events

Nelson Fair opens on September 20, and closes on September 23.

Kamloops fall race meet, September 21 and 22.

Dominion Exposition at New Westminster opens September 27 and closes October 7.

Spokane Interstate Fair opens October 9 and closes October 15.

The Lewis and Clark exposition in Portland closes October 15.

Purgatives Are Dangerous

They gripe, cause burning pains and make the constipated condition even worse. Physicians say the ideal laxative is Dr. Hamilton's Pills of Mandrake and Butternut; they are exceedingly mild, composed only of health-giving vegetable extracts. Dr. Hamilton's Pills restore regular movement of the bowels, strengthen the stomach and purify the blood. For constipation, sick headache, billiousness and disordered digestion no medicine on earth makes such remarkable cures as Dr. Hamilton's Pills. Try a 25c box yourself.

Lord Selborne.

William Waldegrave Palmer, Earl of Selborne, says M. A. P., has been described as "so zealous and industrious that he has been known to spend a bank holiday in the empty Admiralty." What he has done as politician, First Lord of the Admiralty, and in other great offices, everybody knows. His private tastes and hobbies are thoroughly English and ordinary. He has a beautiful house in Mount street. He hunts, plays tennis, and is a devoted angler, being very deadly, they say, with the "dry fly." Lord Selborne was a footballer in his schooldays at Winchester, and played cricket for his college eleven at Oxford.

Throw Medicines to the Dogs!

At best they are unpleasant, often useless. You have some disease of the nose, throat or lungs. Doctors would call it bronchitis, asthma or catarrh. The common root of these diseases is germ or microbic irritation. Catarrhozone not only destroys disease germs—it does more, it heals diseased and inflamed tissue. The disease is not only cured, but its return is forever prevented by using Catarrhozone, which is splendid also for colds, coughs and irritable throat. Remember you inhale Catarrhozone—nature's own cure. Use no other but Catarrhozone—it's the best catarrh cure made.

Strained Back and Side

"While working in a sawmill," writes C. E. Kenney from Ottawa, "I strained my back and side so severely I had to go to bed. Every movement caused me torture. I tried different oils and liniments, but wasn't helped till I used Nerviline. Even the first application gave considerable relief. In three days I was again at work. Other men in the mill use Nerviline with tremendous benefit too." An honest record of nearly fifty years has established the value of Polson's Nerviline.

Our job department is superior to any other in the Boundary country. We have both the material and the experience to turn out high class work.

WISE AND THERWISE

In the contest for happiness it is a draw between the young girl with her first beau and the young mother with her first baby.

—

The young man who contemplates marriagr in order to escape the bachelor tax should bear in mind that the carpet tax is worse.

—

It is surprising how a widow can make love to a man in a way that makes him believe that he is the first man she ever really loved.

—

After a couple's engagement has been announced they don't seem to enjoy being alone as much as when they had a "secret."

—

We frequently say a woman's face is her fortune, but often it would be more correct to say, her face is the druggist's fortune.

—

Many girls marry because they want to be married, but most girls marry because they don't want to be single.

—

The only difference between a trust and a combine is the difference between a log and a bundle of sticks.

—

Society people make as much fuss about getting married as the theatrical people do about getting divorced.

—

Most people never stop to think that the best way to keep out of the divorce court is not to get married.

—

Sometimes it's pretty hard for a girl to decide whether she is blessed or cursed by having brothers.

—

The dying sinner can console himself with the thought that he is not at all likely to be left out in the cold.

—

You must not imagine that yours is the "only" baby on the face of the earth. There are others.

—

In choosing a wife the young man always wants a peach, when it is a hardy winter apple he needs.

—

It's almost as easy to pick the wrong woman for a wife as it is to pick the wrong horse in a race.

—

If love was dumb instead of blind it wouldn't be able to give voice to so much foolishness.

—

It takes the moon two weeks to get full and two more to get over it. Men are built differently.

—

There are as many definitions of love as there are ways to use up bread crusts.

COPPER

The new edition of the COPPER BOOK lists and describes 3311 copper mines and copper mining properties, in all parts of the world, covering the globe, these descriptions ranging from two lines to 12 pages in length, according to importance of the mines. The descriptions are not padded, but give facts in the most concise form. There are also fifteen miscellaneous chapters, devoted to the History, Uses, Terminology, Geography, Geology, Chemistry, Mineralogy, Metallurgy, Finances and Statistics of Copper, rendering the volume a veritable encyclopedia of the subject of copper and everything pertaining to the metal. It is the world's standard Reference Book on Copper.

Every Miner, Prospector, Investor, Banker and Broker needs the book. Price is $5 in Buckram binding with gilt top, or $7.50 in full library morocco, and the book, in either binding, will be sent, on approval, to any address in the world, to be paid for if found satisfactory, or may be returned within a week of receipt and the charge cancelled. Address the Author and Publisher.

JOIN THE CANADIAN PREFERENCE LEAGUE

100,000
MEMBERS WANTED

THE object of the League is to educate Canadians how best to apply the Canadian Preference sentiment. Members of the League are expected, when making purchases, to give preference to the products of Canada and to all articles of Canadian manufacture, when the quality is equal and the cost not in excess of that of similar foreign products or manufactured articles. Each member is also expected to give preference to Canadian labor and to this country's educational and financial institutions. A monthly journal will be published in the interests of the League and mailed to each member. The annual membership fee and subscription for the Journal is $1.00.

CUT THIS OUT, SIGN, AND SEND TO The Secretary, THE CANADIAN PREFERENCE LEAGUE, Room 20, Home Life Building, Toronto — WRITE PLAINLY

Please enroll my name as a member of the Canadian Preference League. Enclosed is $1.00, my membership fee and subscription for one year to "CANADA FIRST," the journal of The Canadian Preference League.

You Are Ailing

Not quite sick, but robbed of ambition to work—find it hard to think clearly. Not ill enough to think of dying, but bad enough for life to be pretty dull. There is a remedy—Ferrozone—that quickly lifts that half-dead feeling. Gracious, but Ferrozone makes you feel good; it sharpens the dullest appetite, makes it keen as a razor.

Blood? Ferrozone makes lots of it, the rich nourishing kind that vitalizes the whole body. You'll be wonderfully quickened, immensely strengthened, feel hearty and vigorous after using Ferrozone. Buoyant health, surplus vigor and reserve energy all come from this great restorative. Fifty cents buys a box of fifty tablets at dealers.

BICYCLES AND REPAIR WORK—A complete line of 1905 models. A few second-hand wheels cheap. Wheels to rent. GEO. CHAPPLE, opposite Postoffice, First street.

You're next at the Palace Barber Shop, Victoria hotel.

For a nice hair cut or shave go to the City Barber Shop on Riverside. Baths 25c.

The Sun

PRINTS all the news of the Boundary, and prints it while it is news. It is the only twice-a-week paper published in Southern British Columbia. It is not owned or controlled by a clique of politicians, to further their own ambitious aims; nor by a combination of merchants to be used as a means of lauding their own wares, to the detriment of their rivals.

THE SUN is the sole property of its publisher, and no one else has any right to dictate its policy. It is printed in the interest of Grand Forks and surrounding district. When its editor believes he is right, he speaks right out. He does not have to consult half-a-dozen different parties about what he intends to say.

Everybody in Grand Forks reads THE SUN twice a week. Its out-of-town circulation is large, and is rapidly increasing. It is therefore the best advertising medium in the Boundary.

$2 Per Year

When

You consider that a poorly printed job costs just as much as one that presents a neat and tasty appearance, do you not think that your business demands the latter kind?

Good Printing—the kind we do—is in itself an advertisement, and a trial order will convince you that our stock and workmanship are of the best. Let us estimate on your order. We guarantee satisfaction.

Columbian College
FOUNDED 1892
INCORPORATED 1893
NEW WESTMINSTER, B. C.

Provides a Home for Students of both sexes at reasonable rates. Has a Preparatory Class for Junior Students doing Public School work. Is doing High School work, confers all High School privileges, and prepares for Teachers' Examinations. Teaches all branches of a thorough Practical Business Course, and grants Diplomas. Gives a Liberal Education in its own Collegiate Course, and in the Ladies' College Course for the degrees of M.E.L. and M.L.A. In University work, the Arts Course can now be taken in Columbian College, and the B.A. degree obtained from Toronto University, with which the College is in full affiliation. In Theology prepares for the degree of S.T.L. and B.D.

For fuller information, and terms, write,

Rev. W. J. Sipprell, B.A., B.D., or Rev. J. Bowell, Bursar.
