BIG MINING DEAL

Granby Company Secures a Bond on the Summit Group at Phoenix

The Granby Consolidated Mining. Smelting and Power company has secured a working bond on the Summit group and a number of adjoining claims, covering about 1000 acres. It is one of the most important mining deals in the history of Phoenix camp. There are about twenty full claims and fractions involved, located about two miles from Phoenix, and the consideration is about $125,000. The bond covers a period of two years, the initial payment to be made in twelve months. Among those principally interested in the sale of the claims are G. W. Rumberger, L. Y. Birnie, Thomas Roderick and John Mulligan, of Phoenix, and F. M. Kerby, of this city. The acreage of the bonded claims is about equal to the acreage of the Granby's present holdings in Phoenix camp. Very little development has been done on the Summit claims, but from indications it is expected that exploratory work will reveal large bodies of ore similar to those of the Granby mines. The Granby company will spend a large sum of money prospecting the properties under bond with the diamond drill. The contract has already been let to Boyle Bros., of Spokane, and drilling will commence immediately.

The City Council

Mayor Clark and Ald. Manly, Rutherford, Wolfram, Smith and Henniger were present at the meeting of the city council last Monday evening.

A letter from the city health officer stated, although he considered the salary as fixed for his office by the council as merely nominal, he accepted the same. Received and filed.

D. J. McDonald and others petitioned the council for a sidewalk on Gold street. Referred to the board of works.

Ald. Henniger's bylaw defining the duties of the city health officer was reconsidered and finally passed.

Ald. Manly gave notice that at the next meeting he would introduce a temporary loan bylaw.

On motion of Ald. Rutherford and Manly, the assessment roll was made returnable to the council on April 18th.

On motion of Ald. Manly, the board of works was instructed to call for tenders for lumber.

On motion of Ald. Manly and Henniger, the clerk was instructed to wire the attorney-general and ascertain why the Grand Forks police and license commissioners have not been appointed, and to point out that the statutory meeting is close at hand.

The council then adjourned.

School Trustees' Meeting

The school trustees held their regular monthly meeting last Tuesday evening. Three tenders were received by the board for supplying the schools with cordwood—J. A. Harris, $4.75; J. A. Murray, $4.60, and J. Gilmour, $4.25. The contract was awarded to Mr. Gilmour for fifty cords of wood, to be delivered at the schoole during the summer months. The report for February showed that the attendance at the high school was 18, and at the public school 301. The estimates for the current year were presented, but were laid over until the next meeting in order to obtain further information and figures regarding the necessary repairs to be done. The following accounts were passed:

Woodland & Co	$29.91
T. M. Steele	25.00
J. Gilmour	4.40
Gazette	2.40

The finance committee was authorized to purchase a carload of hard coal. A communication was read from Dr. Truax, who stated that he accepted the position of medical inspector at a salary of $15 per month.

NEWS OF THE CITY

Robbery in Great Northern Yards---Three Suspects Arrested

A great deal of excitement prevailed in police circles last Monday morning, the commotion being caused by a reported robbery in the Great Northern yards on Sunday night.

On Monday morning an old man named Henry Curry notified Chief Savage that on the preceding night three men, presumably railway men, had relieved him of $70 in gold in the yards. From the meagre description of the men given by Curry, who is reported to have slightly under the influence of liquor when the crime was committed, the chief later in the day arrested Harry Schultz and William Phipps, Great Northern brakesmen, on suspicion of being implicated in the robbery. On Tuesday the third suspect, Ed Hull, a fireman, man, was arrested by Chief Savage.

The preliminary hearing of the three men charged with the robbery took place before Judge Cochrane on Wednesday night and Thursday morning, and resulted in the accused being held for trial. Schultz and Hull were taken back to jail, but Phipps was released on bail. An effort was being made last night to secure bail for Schultz and Hull.

Mr. and Mrs. A. B. W. Hodges will hold a public reception to the people of the city and vicinity in the new Davis hall this afternoon and evening, prior to their departure for South America. A most cordial invitation is extended to everyone to attend between the hours of 8:30 and 12 o'clock this evening.

The directors of the Grand Forks Agricultural socity held a meeting Tuesday evening, when a report was received from the committee appointed at the last general meeting to select a suitable site for holding agricultural exhibitions. The committee reported that the race track grounds could be secured for the mortgage held against it—$5000, together with costs of foreclosure proceedings, and improvements and maintenance, making a total cost of $6,144.50. The committee recommended that the grounds be purchased at this figure. It is understood that the directiors will make a similar recommendation at a general meeting of the society, which is to be held in the near future.

The last curling match of the season was played at the curling rink yesterday morning, when the finals for the Fripp trophy were pulled off, McInnes' rink defeating Atwood's rink by a score of 8 to 7. The ice was soft.

Almond; president, Ernest Miller, M. P.P.; vice-president, C. A. S. Atwood; secretary, J. D. Campbell; treasurer, W. B. Bower; captain, J. D. Campbell; vice-captain, T. C. G. Mahon; executive committee, P. W. Clark chairman, H. J. Lutley, T. S. Watts, H. W. Gregory and J. Holmes. The club is in a prosperous condition, and a good season is anticipated. Those interested in the game will be welcomed on the grounds at any time.

The Eckhardt company opened a three nights' engagement at the Grand Forks opera house Thursday evening to a large audience. The opening offering was the drama "Paid in Full." It was well presented, and the audience manifested their approval by tendering the players copious applause. Last night the company appeared in comedy, the bill being "A Grass Widow." This was also well received. Tonight "The Masked Ball," another comedy, will be presented.

Archie Boyd and J. O. Mullins were instantly killed in the Granby mines on Tuesday as the result of drilling into a "bootleg." The men were operating a machine in stope 39 when the accident occurred. Mullin was a new arrival in the camp, having recently come from Cranbrook. He was 41 years of age. Boyd was a native of Nova Scotia. He was 23 years old, and had been employed at the Granby for about five years. Both men were single.

The Stuttz Players will open a week's engagement at the Grand Forks opera next Monday evening, the opening bill being "Until Death We Part." This company is too well and favorably known here to require an extended introduction. The program will be changed each night. On Monday night ladies will be admitted free when accompanied by escorts. Reserved seats are now on sale at Woodland's drug store.

No new pupils will be admitted into Division 7 (Miss Olding's room) between the Easter vacation and summer holidays. Parents desiring to place children in this division are requested to send the same not later than Monday, April 3rd, otherwise they will not be received.

NEW POSTOFFICE

Government Will Advertise for Tenders as Soon as Estimates Pass

The Sun has received authentic information that as soon as the estimates have been approved by the house, the federal government will advertise for tenders for the construction of the postoffice building in this city. It can also be definitely stated that work on the structure will be started this spring. The minister of public works, Hon. William Pugsley, has decided in favor of the site originally selected by the Grand Forks Liberal association, and the building will be erected on the triangular block at the junction of Bridge and Main streets.

Wedding Bells

A very pretty wedding took place at the residence of Mr. and Mrs. A. B. W. Hodges, at the Granby smelter, last Monday afternoon, when the marriage of Miss Daisy Hodges to Mr. Blair L. Sackett was solemnized in the presence of the family and a few intimate friends only. The ceremony was performed by Rev. W. C. Schlichter, of the Methodist church, in the spacious drawing room, which had been beautifully decorated with pink and white carnations, ferns and palms. Mrs. Arthur Austin served as matron of honor and Mr. W. J. Hamilton as best man. Mrs. Wheeler played the bridal chorus from Lohengrin as the bride came down the staircase on the arm of her father. Later, while congratulations were being offered, Mendelsson's beautiful wedding march was rendered.

Mr. and Mrs. Sackett have been spending the present week at Marion lodge, Christina lake. They will return to this city this afternoon. Next Wednesday or Thursday they will leave for New York, where they will visit Mr. Sackett's parents before sailing for Lima, Peru, with Mr. and Mrs. A. B. W. Hodges. The young couple will be at home after June 1st at Cerro de Pasco, Peru.

The passing of John Houston removes from the theatre of action in this province one of those rare figures whose services to the state or community in which they labor are not fully appreciated until after they have passed over the great divide. While alive, the stones that were thrown at John Houston's head outnumbered the bouquets, but since he has gone on his last long journey the former have disappeared and the latter hide his bier under a mountain of roses. This is the fate of all men who hate their enemies and love their friends, and who do their work according to the dictates of their own conscience, regardless of pressure from king or peasant. This Houston did. As a sample of the eulogistic tributes being paid to the memory of the dead journalist by the press of the province, we make the following quotation from the Victoria Week, because we believe the editor of that paper knew Houston better than any other man in British Columbia, and because the sentiments expressed in the seletion cover The Sun's view of Houston: "By the death of John Houston, British Columbia loses her ablest pioneer journalists, and one of the most brilliant men who has figured in the public life of the western province. This characterization may be objected to by many who were more familiar with his failings and foibles than with his splendid intellectual endowment, and his true nobility of character. There is no more pathetic page in our history than that which will tell succeeding generations of the man who fought his life's battle with a thorn ever in his flesh, who was the pioneer pressman of many a frontier town and camp, who flouted governors and governments, who feared neither man nor devil—nor God much—and yet who, in spite of many falls by the way, ever fell to rise again, and on stepping stones of his dead self to rise to higher things. The last years of John Houston's life were devoted to a consistent advocacy of temperance, and to a strenuous endeavor to secure the suppression of vice and crime. His last militant foe was one of the wealthiest and most influential corporations in the Dominion, his expiring effort was to raise the banner of Progress on a new frontier, where he continued to advocate the principles which distinguished his sojourn in Prince Rupert. At Fort George he met the foe which he could not overcome. Living under conditions to which ninety-nine men out of a hundred would have succumbed, weakened by approaching age and the effects of a strenuous life, spent under aggravating conditions, he was smitten down when his vital force was spent, and on that frozen trail, which leads to the South he never reached, a courageous heart ceased to be. Among the most prized possessions of the editor of The Week is a complete file of all the newspapers conducted by John Houston in British Columbia. In next issue an attempt will be made to do some measure of justice to the memory of a man who was greatly misunderstood because of his vagaries, and who, beneath the roughest exterior, concealed a heart of gold. Of few men, since the days of Burns, could it be more aptly said:

'A man's a man for a' that.'"

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Prest., Buffalo, N. Y.

Would You Provide for the Care of Canada's Needy Consumptives?

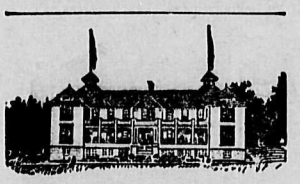
MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES



MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES. MAIN BUILDING FOR PATIENTS.

A national institution that accepts patients from all parts of Canada. Here is one of hundreds of letters being received daily:—

John D. McNaughton, New Liskeard, Ont.: A young man not belonging here, and suffering from, it is believed, consumption, is being kept by one of the hotels here. He has no means and has been refused admission to our hospital. The conditions where he is offer him no chance. Could he be admitted to your Free Hospital for Consumptives? If not, could you inform me where he can be sent, and what steps are necessary to secure prompt admittance?

NOT A SINGLE PATIENT HAS EVER BEEN REFUSED ADMISSION TO THE MUSKOKA FREE HOSPITAL BECAUSE OF HIS OR HER INABILITY TO PAY.

Since the hospital was opened in April, 1902, one thousand five hundred and twenty-four patients have been treated in this one institution, representing people from every province in the Dominion.

For the week ending November 20th, 1909, one hundred and twenty-five patients were in residence. Ninety-six of these are not paying a copper for their maintenance—absolutely free. The other twenty-nine paid from $2.00 to $4.90 a week. No one pays more than $4.90.

Suitable cases are admitted promptly on completion of application papers.

A GRATEFUL PATIENT

Norah P. Canham: Enclosed you will find receipt for my ticket from Gravenhurst, hoping that you will be able to oblige me with the fare. I was at your Sanatorium ten months, and I was sent away from there as an apparent cure. I am now working in the city, and I am feeling fine. I was most thankful for the care I got from the doctors and staff, and I must say that I spent the time of my life while I was there.

TAKING THE CURE IN WINTER AT MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES.

The Muskoka Free Hospital for Consumptives is dependent on the good-will and gifts of the Canadian public. Money is urgently needed at the present time to make it possible to care for the large and increasing number of patients that are entering the institution.

Will you help?

Where greater urgency?

Truly, Canada's greatest charity.

Next Session in Grand Forks

The first session of the western branch of the Canadian Mining Institute was held in Vancouver last week, when about 40 visitors were present. Ewing Buchan filled the chair. Thos. Kiddie gave an address on the progress which the industry has made in British Columbia of late. Campbell Sweeny, of the Bank of Montreal, also spoke.

W. Fleet Robertson, provincial mineralogist, was elected chairman of the western branch.

The government will be petitioned for telegraphic communication with Stewart, on the Portland canal, by the institute.

The institute adjourned to meet in Grand Forks for its next meeting.

The institute passed a resolution asking the Dominion government to remit the duty on life saving apparatus used in mines. Such equipment is said to be manufactured only in Europe, and it is thought that the heavy duty now prevailing has handicapped efforts to have mines provided with it. In the States there is no duty on such apparatus Represeueatiyes of the Vancouver and Victoria boards of trode promised endorsement of that proposal.
