USE ELECTRICITY

C. P. R. May Equip Its Boundary Line with Electric Locomotives.

Work Progressing Rapidly on New Power Line from Bonnington Falls.

There is a strong probability that the C.P.R. will in the near future equip its Boundary lines with electrically propelled locomotives. Indeed, the wonder is that the management should not have entertained the idea sooner, for there can be no sort of comparison between the cost of electrically and steam operated roads, while the cost of maintenance is much lower in the case of the former. Electric traction has now passed the experimental stage and is today forcing itself upon the attention of railroad managers.

L. A. Campbell, the general manager of the West Kootenay Power & Light Co., which is now building a high tension line from its generating station at Bonnington Falls, near Nelson, into the Boundary country, was in Phoenix a few days ago in connection with matters of detail relating to the pole line and and the location of a substation. One of the most interesting features in connection with the new power line, and one that is not generally known, is that the C.P.R. is seriously considering the question of equipping its road between Midway and Nelson with electrically propelled locomotives, receiving their power from the new line now in course of construction.

The new power line will be worked at a pressure of 60,000 volts, and is said to be designed with the object of furnishing power to the C.P.R., as the power available after the needs of the smelters have been supplied is very large. It is also stated that six 5000 kilowatt generators have been ordered for installation in the Bonnington Falls power-house. This will render available a total of about 40,000 horse-power.

A large force of men is at present engaged in clearing the right-of-way and doing other work in connection with the new power line, and the work is being pushed with all speed.

If matters work out as indicated, this will be the first electrically equipped railroad on the American continent to haul common railway cars over comparatively steep grades by electricity, and it will furnish a large amount of data to electrical engineers who are vainly endeavoring to induce railway companies to give the electrical system a trial, at least on some of their branch roads, especially where ample water power is not only available, but actually going to waste. The undertaking will be watched with interest both on this continent and in Europe.

The news of the mutiny of the Black Sea fleet reached the Russian army in Manchuria through the Japanese, who fired night shells charged with proclamations conveying the information to the Russian advance posts, scattering the proclamations broadcast.

TOPICS OF THE TOWN

The board of licensing commissioners met this afternoon and decided to grant permits for one month to all the saloons and hotels in the city. At the expiration of that time it is expected that liquor by-law now before the city council will have been passed by that body.

Geo. Taylor, the local contractor, has just completed a ten days' government job repairing the wagon road between Christina Lake and the Bull Dog tunnel. He employed ten men. Two new bridges were constructed and numerous rock slides were removed. The road is now in first-class condition for mining men who desire to get supplies and machinery into the Burnt Basin district.

FIRE AT CASCADE

Business Portion of Town Is Practically Wiped Out.

Loss Is Estimated at Between $10,000 and $20,000.

A disastrous fire, wiping out nearly the entire business portion of Cascade, broke out at about 3 o'clock yesterday afternoon. The Cascade hotel, owned by Charles H. Thomas, with the barn and livery stable of J. A. Bertois, in the same block, and William Wolverton's general store, on the opposite side of the street, were totally destroyed. Uunfortnnately, there was little or no insurance, and the loss, which is variously estimatsd at from $10,000 to $20,000, will fall heavily on the sufferers. While there is no absolute proof, circumstances indicate that the fire was of incendiary origin. It started in the barn of the Cascade hotel, and as there was a high wind prevailing at the time, the flames devoured the doomed buildings in a short time, as the town was not equipped with apparatus capable of effective use in a conflagration of such magnitude. This is the third disastrous fire that has occurred in Cascade.

THE MINING RECORDS

Following are the locations, certificates of work, bills of sale, etc., recorded in the Government office at Grand Forks, B. C., of the Grand Forks mining division, from July 7 to 13, inclusive:

RECORD OF LOCATIONS.

Golden Age, Franklin camp, Geo. B. Todd, Pete Walf.

G. L., Franklin camp, Geo. B. Todd, Pete Walf.

Togo Fraction, McKinley camp, Geo. B. Todd.

Winner, Franklin camp, Geo. B. Todd, Pete Walf.

Oversight, Franklin camp, W. R. Hull.

CONVEYANCE.

Standard, Pathfinder camp. Evan Evans to M. R. Teeney.

1-3 Blue Boy, Knight camp, E. R. Knight to Bernard Lequime.

1-3 Copper Monarch, Knight camp, E. R. Knight to Bernard Lequime.

NEWS OF THE CITY

Diamond Drill from Wellington Camp to Work on Jewel Property.

Fine Crop Prospects are Apparent in the Similkameen District.

The diamond drill which has been working with satisfactory results on the Walfard group in Welligton camp, is being removed to the Jewel property, near Hedley, in the Similkameen. Charles Simpson and Max Kuntz have the contract for moving the machinery, and they started for the west yesterday.

Max Kuntz returned this week from a two week's trip through the Similkameen district. The wheat crops in the Anarchist mountain district, he says, are excellent. The stalks are five feet in height, and some of the heads are nine inches long.

The Grand Forks Liberal Association is taking official action regarding the recommendation of W. H. P. Clement, barrister of this place, for the position of deputy county court judge of Yale. It is understood that the department of justice has granted Judge Leamy a vacation until January, 1906, owing to his ill-health. It is expected that the new deputy judge will make his headquarters in this city.

Jas. Andrew Sweeney and Harriet Franck were quietly married on Tuesday evening, July 11th, at 8:30, at the residence of the bridegroom, by the Rev. E. Manuel. The bride was handsomely dressed in white silk. She was attended by Mrs. Jessie Kirk, while groom was supported by his brother, Mr. Bery Sweeney. The house was beautifully decorated with evergreens. After the ceremony a sumptuous repast was partaken of.

Services in the Methodist church next Sabbath as usual. Morning subject: "A Great Problem and a Great Remedy." Evening subject: "Higher Criticism---What Is It and What Has It Done to Our Bilble?' Everybody welcome.

D. D. Munroe, formerly manager of the grocery department in Jeff Davis & Co.'s store, but who has lately been employed as one of Kelly, Douglas & Co.'s salesmen, has returned to the city, and will probably engage in business here. Mr. Munroe has a host of friends here, and would undoubtedly succeed in any enterprise in which he might embark.

A reward of $100 has just been offered for information that will lead to the capture of the party who robbed the safe of the Kettle Valley line depot a few days ago. Up to the present time all endeavors to locate the burglars have been fruitless.

M. R. Feeney left for Midway yesterday. He is contemplating opening a blacksmith shop in that city.

The high school examinations ended Tuesday noon, and Inspector Wilson has returned to the coast. G. W. Clark, of this city, assistant examiner, returned from Nelson Wednesday noon. The results will be published about August 1st.

Chief license inspector Darraugh has called a special meeting of the Boundary Creek license commissioners at Grand Forks on the 24th instant for the purpose of considering the application of L. A. Manly for a license at Midway, as well as the application of Martin Dufour for a license at Myers Creek.

Mrs. McKie and family and Mrs. Brown and family left this week for Vancouver, where they will visit relatives during the summer months.

T. W. Fairwether, of Republic, general manager of the Kettle Valley line, was a guest at the Yale last Wednesday.

L. A. Manly left for Midway yesterday on a business trip.

D. Tamblyn, of Midway, was a guest at the Yale last Wednesday.

W. A. Harkin, the well-known press correspondent of the Boundary, is now holding down a position on the Vancouver Province. In a recent letter to a friend in this city, he says he is delighted with his terminal city and his new position.

Frank McFarlane, an old prospector of the Boundary, who has been spending the past four months in Goldfields, Nev., has returned to the city. He says Nevada is too hot for people from this part of the world.

Lloyd A. Manly returned to the city on Wednesday from a month's visit to Coleman and Calgary, Alta.

The weather in the city during the past week has been hot enough to satisfy the most ardent sinner.

Mrs. M. D. White left this week for Spokane, where she will visit her parents for a couple of months.

Alex Miller, of Greenwood, was a guest at the Yale for a couple of days this week.

The quarterly meeting of the Provincial Fruit Growers' Association will be held at Nelson tomorrow.

The regular convention of Grand Forks Lodge, No. 30, Knights of Pythias, will be held on Monday, the 17th inst., instead of Tuesday. Grand Chancellor Geo. Johnson, of Nanaimo, B.C., will be present. New officers will be installed and rank of Knight conferred. Supper will be served in banquet hall. A large attendance is requested.

Mr. L. M. Hale and bride, nee Miss Hay, have returned from their wedding tour, and are now living at the Lancashire hotel, Midway.

City Solicitor Miller has returned from Calgary.

J. D. Rone and J. K. Dunlap went over to Midway yesterday on business.

5000 TONS DAILY

Granby Smelter Making Copper at a Cost of Nine Cents Per Pound.

With New Furnaces in Operation Capacity Will Be Greatly Increased.

Granby's two new furnaces are expected to be ready for service early next month. When they are blown in they will enlarge the capacity of the plant 40 per cent, and the management believes that they will make possible an increase of 50 per cent in the company's copper production and net earnings.

At present Granby is making an average of about 1,300,000 pounds of copper and earning approximately $80,000 net monthly. Its copper is costing, all expenses of refining, selling, management, taxes, etc. included, between eight and nine cents a pound. One month recently the cost figured only 8.03 per pound. After July the production is expected to be nearly 2,000,000 pounds monthly, say 22,000,000 pounds annually, and the cost to be not over eight cents a pound. On this basis the Granby will earn, on a 15-cent copper market, more than $1 per share on its 1,350,000 shares of stock, or on the basis of 80 cents per share on a 13-cent copper market.

It is the intention of the management to ultimately increase Granby's production to 5,000 tons, and possibly to 10,000 tons, of ore daily. All of the increased capacity will not be paid out of earnings, however. The company has 150,000 shares of stock unissued in its treasury, and the largest stockholders express the belief that this can be sold within a year or two at par, $10 per share, as the coming earnings and dividends should cause a demand for it at that price.

It is estimated that the Granby already has 10,000,000 tons of ore blocked out, and 15,000,000 tons more partially developed by tunnels, pits, upraises, etc. Its vein is 700 feet wide, and is a self-fluxing smelting ore. The ability to handle this ore (including mining, transportation, smelting, converting, refining, selling and management) for $3.50 to $3.75 per ton has already been demonstrated. As the ore yields about 26 pounds of fine copper and $1.75 in gold and silver to the ton, it has a present average value of $5.50 per ton, and, on a 13-cent copper market, would be worth approximately $5 per ton. Should Granby's production be increased to 5,000 tons daily and its net profit maintained at $1.50 to $2 per ton, its annual earnings would amount to $2,625,000 to $3,500,000, or at the rate of $2 to $2.75 per share on its capitalization. It will be seen, therefore, that there is a possibility that Granby may eventually be worth $20 to $30 per share.—Boston Commercial.

The bowling alley has been taken out of the Province hotel to make room for the dining room.

Attention is called to the new ad. of the Province hotel.

FRIDAY, JULY 14, 1905

SUNSET SAUNTERINGS

The minister of pnblic works has reported in favor of Kelly, of Winnipeg, getting the contract for the Vancouver post-office. The matter is now before the cabinet, and an order-in-council will be passed in a few days.

Both parties met in caucus Tuesday. The question of an increased indemnity for members and senators came up at each meeting. The Liberal caucus was largely attended. It is understood that the matter was threshed out fully. The round robin, which was presented to the government, was for an increase to $2500 for each member and senator. The scheme also involves an increase of ministers' salaries, as well as $5000 or more for the leader of the opposition. In addition to this it was suggested that there be an increase in judges' salaries. The matter was discussed at length at the Liberal caucus, but no decision was arrived at. The subject was also up at the Conservative caucus. The question has been left in the hands of the premier and R. L. Borden, leader of the opposition. Needless to say, there is no objection to the increase in indemnity on the part of either party. The likelihood is that nothing will be done in the matter this session.

The V., V. & E. railway bill passed its third reading in the senate and was unopposed, the Canadian Pacific railway having decided to withdraw its strong opposition. The bill will now become law, and James J. Hill will be permitted to build a line deflecting into United States territory from Grand Forks to Princeton, B. C.

Fruit growers will have a chance to win some large prizes at the Spokane interstate fair this fall. The new premium list shows a number of new classes in the fruit department. The class for district and individual displays has been revised, and $800 is now given in this one class alone. The complete premium list will be mailed to anyone desiring it, on application ta the secretary at Spokane.

It is reported that wealthy Chinese of Tekhoi have imported thousands of Japanese fans, on one side of which they have had rough sketches printed of Americans roughly treating Chinese, and on the other side sketches of buffaloes being beaten and ill-used are printed. Letter press accompanies the pictures calling upon Chinese to fight the Americans by boycotting their goods. And all because Uncle Sam's over-zealous inspectors considered it advisable to fumigate those members of the Chinese upper ten before they could be permitted to set foot on U. S. soil. The movement promises to become serious.

A Bisley camp cable says Lieut. Boult, Captain Forrest, Sergeant Richardson and Captain Stuart, all of British Columbia, are included in the 12 that will represent the Canadian Bisley team in the Mackinnon shooting matches at 800, 900 and 1000 yards.

The starting up of one of the lead stacks at the Trail smelter is good news. It is to be operated continuously, and together with the enlargement of the refinery will demonstrate in the east that the lead industry out here is once more coming to the front, and will fully justify those who have urged upon the government the strong necessity and advisability of aiding the industry to get a fair start.

We understand that about August 1st it is the intention to blow out all six of the furnaces at the Granby smelter for two or three day, for the purpose of connecting up the two new and larger furnaces now being installed, as well as the new flue dust chamber and new smokestack.

The finding of platinum in the rivers and creeks of the Princeton district, says the Similkameen Star, is illustrative of the wide variety of minerals to be found here. Granite creek and the Tulameen river have been especially productive of this valuable metal. In the early days of alluvial mining here the search for gold coused miners to overlook the then less precious platinum, much of it being allowed to waste in tailings. Now, however, with the greater demand for platinum and increased price, prospectors and placermen should pay more attention to its discovery and production. This season there will be unusual low water in all the rivers and creeks, due to the light snowfall of last wintert The water is now lower than for many years past at midsummer, so there is every probability of extreme low water in the early fall. The exposure of bar and bottom will thus be greater and rich diggings of platinum and gold may reasonably be expected.

President Roosevelt has declined an invitation extended by the commonwealth government to Miss Roosevelt to visit Australia with Secretary Taft and members of his family, which was accompanied by the assurance that the party would be cordially welcomed by all classes.

Rich Strike in Poplar Camp.

Directors of the Great Northern mine just arrived in Nelson from Poplar report the discovery of a new lead of fabulous richness upon the Swede group, one of their properties there. The lead is quartz, from one to two feet wide, is uncovered for 50 feet and assays, they say, run from $5000 to $10,000 per ton. A meeting of the directors was held Thursday, and the Swede will probably be floated as a separate mining venture.

You're Only Half Sick

But nevertheless feel pretty "seedy." Best prescription is Dr. Hamilton's Pills; they tone up the entire system, strengthen the stomach, elevate your spirits and make you feel better in one day. It's by cleaning the body of wastes, by purifying and enriching the blood that Dr. Hamilton's Pills accomplish so much. Very mild, exceedingly prompt, and guaranteed in every case. Your druggist sells Dr. Hamilton's Pills of Mandrake and Butternut in yellow boxes, 25c each, or five for $1.00. Get the genuine.

SEWING

Plain and fancy sewing at reasonable prices. Call at residence of Mrs. J. B. Bone, south of G. N. Railway.

MRS. TOM BRENNAN.

Despair is sometimes as powerful an inspirer as genius.

AUCTION

SALE OF

Household Goods

The undersigned has been instructed by Mrs. M. J. Taylor to sell by public auction at her residence, First street, Grand Forks, B.C., on

SATURDAY, JULY 15, 1905,

at 2 o'clock p.m., the following household goods, consisting of:

Bedroom sets, tables, sideboards, sofas, rockers, carpets, linoleums, house plants, table linen, lace curtains, dishes and cooking utensils, piano, sewing machine, writing desk, suitable for office, refrigerator, ice cream freezer, lady's bicycle, fruit jars and sealers. Terms Cash.

P. T. McCALLUM,
Auctioneer.

Eastern Township Pure Maple Sugar and Syrup at Chalmers'.

You're next at the Palace Barber Shop, Victoria hotel.

For a nice hair-cut or shave go to the City Barber Shop on Riverside. Baths 25c.

NOTICE

Notice is hereby given that the firm of Taylor & Fisher, general contractors, has been dissolved by mutnal consent. The business will be continued by the undersigned, and all bills due the late firm are payable to him. All bills contracted by the said firm up to the 1st of May last will be paid by me, but I will not be responsible for any debts incurred by my late partner, W. H. Fisher, after that date.

GEO. TAYLOR.

Grand Forks, June 22, 1905.

Synopsis of Regulations Governing the Disposal of Dominion Lands within the Railway Belt in the Province of British Columbia.

A LICENSE to cut timber can be acquired only at public competition. A rental of $5 per square mile is charged for all timber berths excepting those situated West of Yale, for which the rental is at the rate of 5 cents per acre per annum.

In addition to the rental, dues at the following rates are charged:—

Sawn lumber, 50 cents per thousand feet, B.M.

Railway ties, eight and nine feet long, 1½ and 1¾ cents each.

Shingle bolts, 25 cents a cord.

All other products, 5 per cent, on the sales.

A license is issued so soon as a berth is granted, but in unsurveyed territory no timber can be cut on a berth until the licensee has made a survey thereof.

Permits to cut timber are also granted at public competition, except in the case of actual settlers, who require the timber for their own use.

Settlers and others may also obtain permits to cut up to 100 cords of wood for sale without competition.

The dues payable under a permit are $1.50 per thousand feet B.M., for square timber and sawlogs of any wood except oak; from ½ to 1½ cents per lineal foot for building logs; from 12½ to 25 cents per cord for wood; 1 cent for fence posts; 3 cents for railway ties; and 50 cents per cord on shingle bolts.

Leases for grazing purposes are issued for a term of twenty-one years at a rental of two cents an acre per annum.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres may be acquired by one individual or company.

Royalty at the rate of 10 cents per ton of 2,000 pounds is collected on the gross output.

Entries for land for agricultural purposes may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior at Ottawa, the Commissioner of Immigration at Winnipeg, or the local agent for the district within which the land is situated, receive authority for some one to make entry for him.

A fee of $10 is charged for a homestead entry.

A settler who has received an entry for a homestead, is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land to each year during the term of three years.

It is the practice of the Department to require a settler to bring 15 acres under cultivation, but if he prefers he may substitute stock; and 20 head of cattle, to be actually his own property, with buildings for their accommodation, will be accepted instead of the cultivation.

(2) If father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of the Act, resides upon a farm in the vicinity of the land entered for by such persons as a homestead, the requirements of the Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of the Act as to residence may be satisfied by residence upon the said land.

Application for a patent should be made at the end of three years before the local agent, sub-agent or a homestead inspector.

Before making an application for a patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.

Ottawa, February 4th 1905

Dressmaking

Mrs. P. H. Kelliher's dressmaking parlors have been moved from the Sears block to her residence, opposite the English church, where she will be pleased to see all her old customers. Fashionable dressmaking and plain sewing.

Heavy teaming of all kinds done by J. W. Jones.

The best furnished rooms in the city, with or without board, at the Winnipeg hotel. Free hot and cold baths.

Just arrived, up-to-date Ready-to-Wears. Miss M. E. Webb, Milliner.

WHY GO EAST

Over the sun-burned, sage brush and alkali plains, when you may just as well take a delightful, cool and comfortable ride through the heart of the Rocky Mountains in view of the grandest scenery on the American continent?

This you can do by traveling on, the Rio Grande system, the far-famed "Scenic Line of the World," the only transcontinental line passing through Salt Lake City, Glenwood Springs, Leadville, Colorado Springs and Denver enroute to eastern points.

Three daily express trains make close connections with all trains east and west, and afford a choice of five distinct routes of travel. The equipment of these trains is the best, including free reclining chair cars, standard and tourist sleepers, a perfect dining car service, and also personally conducted excursion cars, each in charge of a competent guide, whose business is to look after the comfort of his guests. No more pleasant and inexpensive means of crossing the continent can be found than is provided by these excursions.

For additional details address J. D. Mansfield, Gen. Agt., Rio Grande Lines, No. 124 Third Street, Portland, Ore.

NOTICE

To the Board of License Commissioners for the City of Grand Forks.

NOTICE is hereby given that I intend, at the next meeting of the License Commissioners of the City of Grand Forks at which this application can be heard, to apply for a transfer and right to remove the saloon license at present in my name in respect of the premises known as the Norden Saloon, on Bridge street, in the City of Grand Forks, British Columbia, from said premises to the premises known as the "White House," on Riverside Avenue in said city, and being on Lots Eight and Nine, Block Two, Registered Plan Twenty-three.

Dated at Grand Forks, British Columbia, this 13th day of June, 1905.

ROBERT LINDHOLM.

NOTICE

IN THE MATTER of the "Land Registry Act," and in the matter of the title to part of Lot 519, Group 1, Osoyoos Division Yale District, in the Province of British Columbia.

WHEREAS the certificate of title of Angus Claude Macdonell, being certificate of title numbered 4164a to the above hereditaments, has been lost or destroyed, and application has been made to me for a duplicate thereof;

Notice is hereby given that a duplicate thereof to the above hereditaments will be issued at the expiration of one month from the date hereof, unless in the meantime valid objection to the contrary is made to us in writing.

W. H. EDMONDS,
District Registrar.

Land Registry Office,
Kamloops, B.C., May 22, 1905.

MINERAL ACT.

CERTIFICATE OF IMPROVEMENTS

NOTICE.

"Buller" Mineral Claim, situate in the Grand Forks Mining Division of Yale District.

Where located: Hardy Mountain.

TAKE NOTICE that I, W. B. Shaw, as agent for Edmund J. Tett, Free Miner's Certificate No. B71,565, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 37, must be commenced before the issuance of such Certificate of Improvements.

Dated this 27th day of August, A. D. 1904.

W. B. SHAW.

For the convenience of customers, Geo. Floyd, of the Rose Hill dairy, will hereafter keep a supply of fresh milk, cream and buttermilk on hand at Chalmers' fruit store.

WISE AND OTHERWISE

Lots of men are liars who never tried to catch fish.

That all men have wishbones, but only few have backbones.

After all, peace is about the only thing worth fighting for.

There are very few sisters who do not pool their clothes.

A crank is a man is a man who has a different hobby than your own.

The villain is always caught in the act—usually in the last act.

Most married men find it easier to be bossed than to be boss.

Political persimmons are not knocked these days—they are pulled.

The man who eats cloves is never free from the breath of suspicion.

A decided blonde may be a brunette who has decided to be a blonde.

A sure cure for hiccoughs is to ask the victim for a loan of five dollars.

The question of home rule has wrecked the happiness of many families

If it wasn't for the weather lots of people would not look towards heaven.

It makes a girl angry if a man attempts to kiss her—and does not succeed.

The hand that rocks the cradle is generally the hand that starts the fire.

It does not cool a man off when a street sprinkler throws water on him.

Wearing Away Your Lungs?

Yes, and your strength too. Stop coughing and get rid of that catarrh. The only remedy is Catarrhozone, which goes to the diseased tissues along with air you breathe; it can't fail to reach the source of the trouble; it's bound to kill the germs, and as for healing up sore places, nothing can surpass Catarrhozone. If you don't get instant relief and ultimate cure you will at least yet your money back, for Catarrhozone is guaranteed to cure catarrh in any part of the system. You run no risk—therefore use Catarrhozone—at our expense if not satisfied.

The Sun

PRINTS all the news of the Boundary, and prints it while it is news. It is the only twice-a-week paper published in Southern British Columbia. It is not owned or controlled by a clique of politicians, to further their own ambitious aims; nor by a combination of merchants to be used as a means of lauding their own wares, to the detriment of their rivals.

THE SUN is the sole property of its publisher, and no one else has any right to dictate its policy. It is printed in the interest of Grand Forks and surrounding district. When its editor believes he is right, he speaks right out. He does not have to consult half-a-dozen different parties about what he intends to say.

Everybody in Grand Forks reads THE SUN twice a week. Its out-of-town circulation is large, and is rapidly increasing. It is therefore the best advertising medium in the Boundary.

$2 Per Year

W.H.ITTER & CO

Next Door to Post Office

COPPER The new edition of the COPPER BOOK lists and describes 3311 copper mines and copper mining properties, in all parts of the world, covering the globe, these descriptions ranging from two lines to 12 pages in length, according to importance of the mines. The descriptions are not padded, but give facts in the most concise form. There are also fifteen miscellaneous chapters, devoted to the History, Uses, Terminology, Geography, Geology, Chemistry, Mineralogy, Metallurgy, Finances and Statistics of Copper, rendering the volume a veritable encyclopedia of the subject of copper and everything pertaining to the metal. It is the world's standard Reference Book on Copper.

Every Miner, Prospector, Investor, Banker and Broker needs the book. Price is $5 in Buckram binding with gilt top, or $7.50 in full library morocco, and the book, in either binding, will be sent, on approval, to any address in the world, to be paid for if found satisfactory, or may be returned within a week of receipt and the charge cancelled. Address the Author and Publisher.

You Melancholy Women!

Can't even sleep—restless day and night—brooding over imagined trouble all the time. The disease isn't in the brain, but in the blood, which is thin and innutritious. Do the right thing now and you'll be cured quickly. Just take Ferrozone; it turns everything you eat into nourishment, consequently blood containing lots of non and ox gen is formed Ferrozone makes flesh, muscle, nerve—strengthens in a week, cures very quickly. You'll live longer, feel brighter, be free from melancholy if you use Ferrozone. Fifty cents buys a box of this good tonic (fifty chocolate coated tablets in every box) at all dealers.

CLAIMS AND ACCOMPLISHMENTS—We do more than just promise you good printing—we do the printing that's up to our promises. Any office cub can promise—we execute. No disappointment—if we promise work on a date, it's done at that time.

WANTED

A LOCAL SALESMAN

For Grand Forks and surrounding territory to represent

CANADA'S GREATEST NURSERIES

Newest varieties and specialties in Hardy Fruits, Small Fruits, Shrubs, Ornamentals, and Roses. A permanent situation, and territory reserved for the right man. Pay weekly. Handsome outfit free. Write for particulars and send 25 cents for our pocket microscope, just the thing to use in examing trees and plants for insects.

STONE & WELLINGTON,
FOOTHILL NURSERIES,
(Over 800 Acres)
TORONTO, - - - ONTARIO

When

You consider that a poorly printed job costs just as much as one that presents a neat and tasty appearance, do you not think that your business demands the latter kind?

Good Printing—the kind we do—is in itself an advertisement, and a trial order will convince you that our stock and workmanship are of the best. Let us estimate on your order. We guarantee satisfaction.

JOIN THE CANADIAN PREFERENCE LEAGUE

100,000 MEMBERS WANTED

THE object of the League is to educate Canadians how best to apply the Canadian Preference sentiment. Members of the League are expected, when making purchases, to give preference to the products of Canada and to all articles of Canadian manufacture, when the quality is equal and the cost not in excess of that of similar foreign products or manufactured articles. Each member is also expected to give preference to Canadian labor and to this country's educational and financial institutions. A monthly journal will be published in the interests of the League and mailed to each member. The annual membership fee and subscription for the Journal is $1.00.

CUT THIS OUT, SIGN, AND SEND TO WRITE PLAINLY
The Secretary, THE CANADIAN PREFERENCE LEAGUE,
Room 20, Home Life Building, Toronto

Please enroll my name as a member of the Canadian Preference League. Enclosed is $1.00, my membership fee and subscription for one year to "CANADA FIRST," the journal of The Canadian Preference League.
