MINING NOTES

Northport smelter has just blown in
furnace number 2, with the prospect
of another in the near future.

A. J. Becker, who is working the
Apex, near New Denver, reports the
outlook on that property as being en-
couraging.

It is reported that work will soon be
resumed upon the big gold mine at
Carmi. Considerable mining will be
done in that section this summer.

Another company is operating near
Flin-Flon, the Tonopah Mining Com-
pany. They are bringing drills from
Porcupine, Ont. and like the Hammels
will drill through the sulphides.

There has been a considerable exo-
odus of miners lately from Ainsworth
and Slocan districts to the Coeur d'
Alenes and Butte, the higher scale
now being paid across the line proving
a strong inducement to the men.

Nelson is trying to arrange a big
mining convention to meet in the
"Queen of the Kootenays" for a week
in the early part of July. Fred Star-
key is back of it with his characteris-
tic aggressiveness and the project
ought to go.

Prof. Lake devotes nearly a column
of the Daily News advocating the
search for tungsten. He says: It lies
in fissures in the Cambrian quartzite, a
hard white rock we often meet in
British Columbia lying next upon the
granite series.

The Princeton Star in an article on
the Copper Mountain proposition, re-
cites that representatives of the big
railway contracting firms have recent-
ly been on the ground sizing up the
situation. The inference is clear, viz:
That some definite action is anticipat-
ed in the near future.

The diamond drills on the Great
West sulphide mines at Flin Flon
were put in operation early last week,
and the first core of the drilling was
brought to The Pas on Sunday. Mr.
Hammell, who is superintending the
work is very optimistic. The drills
are being worked day and night.

The Merritt Herald is authority for
the following:—T. Carnow, owner of a
group of eight copper claims located
on Skookum creek ten miles in a
northeasterly direction from Clapper-
ton, has given an option on the prop-
erty to C. E. Johnson, secretary of the
Aberdeen Mining Company. This prop-
erty has what is said to be a most ex-
cellent showing and Mr. Johnson pro-
poses to have it thoroughly examined
within the next few weeks.

Legislation has been introduced in
the House which will prove a boon to
prospectors. It is in the form of a Bill
to provide that when mineral claims
have been forfeited to the Crown for
an unpayment of dues, the delinquent
owners instead of having to run very
grave risks of entirely losing their
properties in the event of wealthy
companies buying them in when the
government sells them by tender, will
now be able to lease them at \$25.00
per year renewable, with the privilege
of obtaining a Crown Grant by putt-
ing up over due assessments.

Report of Hedley Branch Canadian Patriotic Fund

Balance Sheet, Monthly Subscrip-
tions, January, February, 1916.

Receipts:
Subscriptions from Employees of
the Hedley Gold Mining Co., and the
Daily Reduction Co., Ltd. deducted
from pay rolls:

January Mine Pay Roll \$250.75
February Mine Pay Roll \$216.75

..... \$467.50

January Mill Pay Roll \$174.00

February " " \$193.25

..... \$367.25

Subscriptions paid direct to Secy-
Treas. by Residents of the Town, and
Employees of the Hedley Gold Mining
and Daily Reduction Co.:

January \$175.50

February \$162.00

..... \$337.50

Hedley Gold Mining Co. Subscrip-
tion, commencing
February, 1916 \$200.00

..... \$1,372.25

Disbursements:

Feb. 24th. Remitted to the Treasur-
er of the Canadian Patriotic Fund,
Victoria, B. C. \$597.00

Feb. 24th Reimbursed the Daily Re-
duction Co., for subscription collected
in error \$3.25

Balance in Bank of British North
America, Hedley, B. C. \$772.00

March 27th., 1916 \$772.00

..... \$1,372.25

Town subscriptions in arrears for
month of February \$10.00

Subscriptions cancelled through sub-
scribers leaving the Town, and other
causes \$13.00

C. P. DALTON, Secy.-Treas.

We have examined the books of the
Secretary-Treasurer, and find the
above statement to be correct.

H. D. BARNES, F. M. GILLESPIE,
Auditors

Note:—The balance as shown in
Bank on March 27th., has since been
remitted to the Provincial Treasurer,
Canadian Patriotic Fund, Victoria,
B. C.

C. P. DALTON, Secy.-Treas.

Mike Merrick was in Hope Wednes-
day from his free-milling gold claims
on the Coquahalla. In order to pro-
cure quicker returns Mr. Merrick will
ship per express a ton of his high
grade to Selby. The balance of the
trial shipment of ten tons will follow
by freight. These will be forwarded
as soon as K.V.R. work trains com-
mence to operate.—Hope Review.

Commenting on the government's
contract with the Consolidated Min-
ing & Smelting Co., whereby the lat-
ter supplies its zinc output on a basis
of 15 cents per lb. A. E. Hagen, writ-
ing in the Vancouver Province, says
the contract "appears to have had the
remarkable effect of regulating the
American zinc market, as immediat-
ly this contract was entered into.
American zinc, which has been con-
trolled by German-American firms,
dropped from the artificially high
prices that it had reached due to the
manipulation of these firms with a
view to holding up the Allied govern-
ments in their munition requirements.
The price now hangs around the figure
set for Canadian supplies. The policy
has had the effect of saving the Allies
many millions of dollars in the cost of
munitions."—Kootenain.

The KALEIDOSCOPE

Russia will build a railway across
Manchuria.

Trail hospital will be enlarged to the
tone of \$5,000.

Nelson auto owners will form an
association.

Molson wants a grain elevator for
this falls activities.

Trail merchants will close up Wed-
nesday afternoons.

Pentiction is enjoying an encourag-
ing development in the building line.

28,000 pounds of butter is the record
of the Salmon Arm Creamery during
eight months of operation.

Province: The sun does not have to
work overtime in order to shine on
German colonial possessions.

The railroad connecting Port
Alberni and Victoria is expected to
reach completion about June 1st.

Kaslo Women's Institute is making
arrangements to sell 150 cook books
which it has compiled and printed.

The Review claims that Summerland
leads the province in the number of
packages of fruit shipped by express.

Al. Campbell won the H. B. Sweep-
stakes dog race at The Pas, making
the run of 150 miles in 22 hours and 18
minutes.

Bob Green is working to have the
Slocan Pool stocked with rainbow
trout as well as the Columbia River
between Castlegar and Trail.

Steamer Nasookin resumed her regu-
lar run on the West Arm of Koot-
enay Lake Saturday, having been laid
off on account of ice, for months.

Fernie has a poison case with a
chink as defendant. Now where is our
white B. C.? Next to the war this is
the livest question in the province.

Cecil McCallum, of Grand Forks,
son of Immigration Inspector Pete
McCallum, has gone to Vancouver to
join the 231st Battalion, now forming.

The Leland, in Winnipeg, at one
time one of the finest hotels in the
Northwest, has had to close its doors,
being hard hit by the recent prohibi-
tion enactment.

On the last day of March, Freddie
Walsh, the world's lightweight cham-
pion met defeat at the hands of Benny
Leonard, of New York, in a ten-round
bout in Madison Square Garden.

Socialist-Liberal Wind-Jamber Par-
ker Williams certainly makes some
ridiculous breaks in the House, but
then what can you expect. Wonder
what fool told him he was a debater?

Creston Board of Trade sent some
boxes of Apples to the members of the
house in session at Victoria. The
flavor of the fruit and its keeping qual-
ities were the cause of much favorable
comment.

Nelson is arranging for a system
whereby the names and memories of
all the men who left for the war, will
be recorded, with photos attached, the
whole to form a concrete memorial of
the men and their deeds.

Germany is disappointed in the ef-
ficiency of the much touted Zeppelins.
She will not build any more. No the
chances grow less from day to day
that she can find excuse or material
for that kind of plaything. The Ter-
rible Turk is a back number, he has
lost his standing. In the field of Mur-
der-kultur Kaiser Bill and little Willie
now occupy and probably will hold the
footlights.

Recruits Wanted For First Canadian Pioneers

This regiment is now in France hav-
ing moved across at the latter end of
February, and is engaged in construc-
tion work. Before leaving England
the regiment received a great supply
of tools and equipment for railway
and other work, and though fully
trained and equipped as an Infantry
Battalion it will be employed except
on emergency, solely as a battalion of
workmen. All descriptions of trades
and occupations are represented in this
Pioneer Battalion but those mostly in
request are carpenters, linesmen, rail-
way construction men, miners, loggers
and the like. The general handy man
is also a very useful member of the
corps.

Towards the end of January recruit-
ing for a reinforcing draft of three
officers and one hundred men was
started, the recruits however were not
assembled until the middle of Febru-
ary and on the 5th March they left
Victoria en route for England where
by this time they should have arrived,
that is, the draft is in England within
two months of starting recruiting.

A second draft of similar strength
was authorized and recruiting for this
has been so satisfactory that the draft
is now up to strength and will be
ready to embark within a couple of
weeks.

A third draft is now starting and if
recruits for this offer as readily as for
the first two drafts it is expected that
this third reinforcement will be ready
to leave for England by the middle of
May.

Men who wish to get away with the
least possible delay and see a little of
France before the summer is well
through cannot do better than join the
reinforcing draft now being assembled
at the Old Drill Hall, Menzies St., Vic-
toria, where recruits can apply in per-
son. Those not in Victoria can apply
by letter and recruits passed medical-
ly fit and approved will have their
transportation sent them to enable
them to join without expense.

Lieut. McMurray will be in Hedley
shortly. Men wishing to join this
corps of Pioneers should apply to him
at this Office.

WAR NOTES

The "Enterprise" says practically all
the members of Blairmore Masonic
Lodge have enlisted.

"Libre Belgique" the daringly pub-
lished Brussels newspaper, the home
of which the Germans, despite their
most strenuous efforts, have failed to
unearth, has now reached its fifty-
third number. Domiciliary searches
for its editors and staff take place
everywhere, but no single capture has
been made.

Chilliwack has a boarding house
keeper, who in addition to her other
duties has knitted 40 pairs of sox for
the boys at the front. She probably
will never know how much she has
actually accomplished towards hearten-
ing some of our soldiers who are bear-
ing the brunt of the fight.

Britain has the biggest hospital ship
in the world. She is the new 48,000-
ton liner Britannic, which was built at
Belfast for the White Star line. As
soon as completed she was taken over
by the Admiralty, towed to Liverpool
and converted into a hospital ship. The
Mauretania and Aquitania are
also being used for hospital service.

A. B. S. STANLEY, Editor

Editorial Quotations

It has been the custom of opposition parties, since the beginning of the party system, when they had no alternative policy to offer and no valid criticism to make of the administration, to console themselves and try to justify their existence by complaints of inefficiency and corruption, the latter being more generally, on this continent, referred to as "graft."—Hope Review.

The Finance Minister's statement shows that the government has pared the estimates of expenditure down to the last cent. Since the fixed charges of the province amount to \$3,300,000, it is seen that it is difficult for the government to make further reductions. For public works there is the large vote of \$3,000,000 of which \$2,500,000 is for roads, streets, bridges and wharves. How necessary this outlay is, an expenditure which in some provinces is charged to capital account and added to the debt of the province, is to be seen when account is taken of the numerous demands that have been made upon the government this session for road improvements. The vote for hospitals has been increased by \$150,000, also a necessary expenditure, that for all public institutions being slightly increased. Administration expenditure other than salaries has been decreased by \$70,000; that for education by \$50,000; and the vote for agriculture by \$30,000. The cost of transportation has dropped by \$40,000, and a saving of \$100,000 has been made in miscellaneous items. Thus the government has been closely scrutinizing the estimated expenditure lists in an honest attempt to meet the decreasing revenues, without impairing the efficiency of administration or neglecting those calls upon the provincial treasury which the conditions of the province imperatively demand be met.—British Columbian.

Amateur politicians who are more concerned about making campaign material than they are with the real interests of the province will probably try to make capital out of the fact that the government, a couple of months ago, paid an instalment of interest on the P. G. E. guaranteed bonds, but that fact

need not weigh heavily with the public. The firm of Foley, Welch & Stewart are paying interest already on money borrowed on their own credit to the extent of between five and six millions and that sum has been put into the construction of the P. G. E. over and above any liability which the province has in the P. G. E. to date.

Hon. Lorne Campbell explained to the house that the payment was made in the exercise of a right reserved by the government in its agreement with Foley, Welch & Stewart, and was acted upon in order that the future financing of the road might not be impaired. The government has the covenant of the firm for the repayment of the instalment, and this being the case, the province is put to no risk as the firm is perfectly good for that amount.

The incident only emphasizes the necessity for the government devising some plan by which the firm, in the absence of a market for its guaranteed bonds, can procure the money necessary to complete the road.

Alberta's operations in connection with the Dunvegan road appear to indicate how this may be done, as has already been pointed out in this column. No doubt Premier Bowser, who has found the solution of the land question, the prohibition problem and others during the present session, will also find one for the P. G. E. which will give as general satisfaction as his land policy is giving.—J. P's Weekly.

TEN YEARS AGO

From the Hedley Gazette Files of April 5, 1906

The Midway Star discounts Chief Engineer Hogeland's statement as to probable time of starting track-laying.

W. H. Smith was up from Keremeos last week and reports things looking brighter there in the building line.

Mr. E. D. Boeing started in on Monday morning on his new building for the barber-shop next door to his pool room. Bath-rooms are to be fitted up in connection.

Geo. Cochrane has the contract of putting in 650 feet of flume on Mr. Atherton's ranch down at Atherton's Corner. A hydraulic ram will be used to force the water up on to the ranch.

Princeton has organized a baseball club. A meeting with the Hedley huskies may be expected before the ball season is too many weeks old. Already Hedley twirlers are licking their chops in anticipation.

Mr. D. McCurdy, Collector of Customs in the lower Similkameen, was in town Tuesday. He reports two more railway camps having been put in between Armstrong's and the Boundary, but says that they are scarce of men, teams and everything else.

Scott Ave. is being treated to a new seven foot side walk along the east side from Irene St. north to Webster. Dr. Whillians and other property owners between Irene and White streets are putting up for the portion of the walk along this block, and F. Fraser and partner are shouldering the expense from White street north to Webster.

Heretofore no one was disposed to give Kaiser Wilhelm credit for being much of a humorist; but when he sol-

emly assures his Dutch Jackies that they must be prepared to meet the allied navies of Britain and France, the grimness of the joke which he is springing on said Jackies entitles him to be promoted to the position of end-man for the troupe.—Ed.

"We will be laying steel on the Similkameen line for the Great Northern railway, a distance of 100 miles from Midway, B. C., to a point near Princeton, B. C., by way of Oroville, Wash., inside of 30 days, and, as the work is not difficult, the line should progress at the rate of a mile a day." A. H. Hogeland of St. Paul, Minn., chief engineer of the Great Northern system gave out the foregoing statement yesterday before going to Portland, Ore., with F. E. Ward, also of St. Paul, general manager of the company, on the way to the Sound, where the officials will pass a week inspecting new work.

It is said that Charley Chapman a famous artists gets \$870,000 a year. Some pickin's.

London publishers have had to condense their news owing to a shortage of paper. The war is to blame.

At Bull River camp the Crows Nest Pass Lumber Co. has 4,000,000 feet of logs ready for the season's cut.

A rock slide near McNeillie delayed the westbound train on the Crows Nest branch for 36 hours last week.

Canada's exhibit at San Diego has made a decided hit and our troops at the front have made a succession of hits. It is only at home, within our own borders that certain political gas bags try to knock our prospects.

W. T. BUTLER, - Prop.

Synopsis of Coal Mining Regulations

COAL mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased, for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,500 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable mined coal and pay the royalty thereon. If coal mining rights are not being operated no returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,

Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

The Convenience of a Joint Account

A JOINT Account may be opened in the names of two or more persons. Whichever one can most conveniently reach the bank can then deposit the joint funds or withdraw the cash needed. It saves time and trouble.

"Instruction by correspondence is the cheapest and best way for the poor man."—Thos. A. Edison

"Of Course They're Right"

You admit the International Correspondence Schools are a good thing. You'd take course right now "if"—"except"—

"If" what? If you weren't so "overworked," with such "long hours," or had more strength and energy? Didn't John Mitchell get his training after working 12 hours a day as a mine boy?

Wasn't it Edison who stayed up half the night to read every get-at-able book on electricity? Didn't he educate himself in spite of every handicap you could ever have? Spend as much time in I. C. S. study as you do in reading the newspaper and you'll get that promotion before you know it.

All big men who have made their mark in the world had the ambition—the determination—to improve their spare time, to train themselves for big work. You, too, can possess power, money and happiness if you'll only make the effort. The reward is great—it's worth it.

Here's all we ask: Merely mail this coupon. Put it up to us without paying or promising. Let us send you the details of others' success through the I. C. S., and then decide

PRESBYTERIAN CHURCH
Services every alternate Sunday at
7:30 p.m.]
Pastor, R. G. STEWART

The Quality Store

When goods are fresh and of good quality how
much better they taste and look than goods
which have been in stock too long?

Our's Are Quality Goods

CREELMAN & LYALL
"STORE OF QUALITY"

TOWN AND DISTRICT

There will be service in St. John's
Church next Sunday at 8:00 p.m.

R. Cawston and H. Tweddle were
Keremeos visitors Sunday.

Mr. Robertson and family have
moved to the premises over Howse's
store.

V. Quaedvlieg, the Keremeos dairy
man was in town between trains Sat-
urday.

Harry Phelps, of Princeton, mot-
ored to town yesterday bringing C. S.
Craddock, of Vancouver with him.

Jim Stewart is enthusiastic over the
new floor he has just had installed in
the store. Mr. Donovan did the work.

Henry Prince, the hide buyer, of
Oroville, paid Hedley a visit this week
leaving for home yesterday with a big
load of hides.

The Princeton Dramatic Players are
trying to make arrangements to come
to Hedley, with a couple of plays.
Watch for further notice

R. Stevenson, of Princeton, an old
timer was in town for the past week
shaking hands with old friends. He
returned home Tuesday.

The little four-year-old son of
Harvey Jones was taken to the hospi-
tal yesterday, having in some manner
gotten a fish hook in eye.

The hour of service in St. John's
church has been changed, the services
commencing at 8 o'clock instead of 7:30
as heretofore. This will continue dur-
ing the summer months.

Read all the ads.

A. E. Howse was a Princeton visitor
to town Thursday.

Miss Emily Jackson entertained at
cards Thursday afternoon.

Mrs. G. P. Jones entertained with a
card party Tuesday evening.

Mrs. J. Bromley is in town for a few
days visiting with her daughter Mrs.
Edmond.

J. Simpson, of Phoenix, was one of
the mining men who hit the burg on
Thursday's train.

Miss Edna Lyall, who has been on a
visit with her parents here, returned
to her home in Princeton Tuesday.

J. G. Martin and W. Simmons, of
Rossland, arrived in town Thursday
and left again Tuesday for the big
camp of the Boundary country

This appears to have been clean-up
week with some of our householders
and a very good thing it is to have
such a notion once and awhile. The
time is opportune for a general clean-
up of all back yards and unsightly
spots.

M. J. Fraser and family moved into
the residence of N. K. Rodgers, Satur-
day. Jack Smith having moved to
the home he bought from Bill Simonds.
The Gazette learns that the Freeman
house will now be occupied by Mr. V.
Zackerson.

Golf Gossip: Golfers are asked to
remember that the handicap for 1915
holds good for the month of April.
They are requested to hand in to Mr.
J. Clarke some time during this month
two or more score cards so that the
committee can get together and formu-
late the handicaps for the present
season. Further: We regret the mis-

take which appeared in last week's
paper under this heading, Mr. J. Cor-
mack was credited with making Rocky
Ridge in (1). It was a typographical
error. Just what the figure or figures
should have been we dislike to state,
or how many of them fell out between
the parenthesis. The mistake was
ours he did not make it in one or in
one hundred, either.

25% off on Ladies foot Wear at
Fraser's.

George Riddle made the trip to
Princeton yesterday taking up five
members of a wedding party. The
occasion being the wedding of W. B.
Hacker, of Edmonton to Miss Jean
Tredard, of Hedley. The ceremony
was performed in the parlors of the
Similkameen Hotel shortly after noon.
Rev. J. A. Leslie officiated. The
happy couple will take the K. V. train
for their home in Edmonton.

Hand a dollar over to the Tobacco
Fund.

It is lucky for the province today
that we have a premier of the stamp
of W. J. Bowser. There is probably
no other man who could handle so
ably the situation as it is in the House.
With an opposition thirsting to precipi-
tate trouble in any way or form,
sacrificing anything to jeopardise the
government, it certainly requires a
particularly strong man to stand in
the breach and see that the people get
a square deal.

Mr. A. Clare yesterday received a
telegram from his son Richard saying
that Mrs. Clare had undergone an op-
eration for appendicitis and was now
out of danger. Mrs. Clare has suffered
for some time but only recently was
convinced as to what the trouble
really was. She is in the hospital at
Nelson and when able to leave that
institution will probably visit there
for some time.

Tuesday evening was the annual
meeting of the Hedley Brass Band.
The officers were re-elected for the
coming year and are as follows: S. E.
Hamilton, President; Dr. N. W. Mc-
Ewen, Vice-President; A. T. Horswill,
Secy-Treas.; G. E. French, and G. M.
McEachern, Auditors. Mr. Gerald
Barnum is the leader and the organi-
zation is looking forward to a most
successful year. They favored the
towns people to a very fine open air
concert during the evening and it is
understood that if the people of Hed-
ley would get together and construct
a band stand down town we would
have these concerts more frequently.
This is one of the organizations which
go to make a town all that it ought to
be and it is up to the citizens to give
it more of their interest and support.
In Hedley the question of the few dol-
lars it would require to procure the
necessary lumber for the building the
band boys want, is but a circumstance
and the actual benefit derived would
pay a dividend worthy of considera-
tion on the part of any of our people.
We are not so enslaved by circum-
stances that we have to sacrifice
everything, music, pleasure, education
for the sake of a few dollars.

W. Roy, spent Monday in Hedley.

Axel Sandberg was a visitor to Hed-
ley Tuesday.

Mrs. Messenger transacted business
in Hedley Monday.

Another fall of snow this week came
as a reminder that we are up in the
world some 6,000 or more feet.

J. Coulthard, B. Rescott, S. Curnow
and L. Tohns were Nickel Platers who
made the trip to town Saturday.

F. McAuley had the misfortune to
have his eye hurt by a piece of rock
Tuesday. He went to town for treat-
ment returning Wednesday.

Mrs. L. S. Morrison, Mrs. W. Samp-
son and Mrs. T. Bysouth were passen-
gers on Tuesday's train when they
went to Oroville to have dental work
done.

25% off on Ladies Footwear at M. J.
FRASER'S store.

King George has given half a million
dollars to the war funds out of his own
private income.

An Okanogan, Wash., man was fin-
ed \$20 and costs for selling a cord of
wood which was not a cord at all. He
wont do it again.

Through the co-operation of Consta-
ble Forrester, of Creston and Marshall
Clark Collins, of Port Hill, the burglars
who entered Meigher's store at Nelson
were apprehended. The stolen goods
were nearly all recovered.

"We are working in the best ore
body we ever had in the Queen mine
in the east drift on the No. 7 level,"
said E. V. Buckley, manager of the
Queen Mines, Inc. a close corporation,
with headquarters in Wisconsin,
which has owned and operated the
property on Sheep Creek, near Salmo,
for eight years.

J. J. Bennett, of Oroville reports
that the old Rainbow mine, from
which marvellous gold specimens were
taken years ago has been bonded to
Spokane people who expect to start
extensive exploration work in June.
As the first payment on the bond has
been made it is certain that the work
in contemplation will be carried out.

Under a Spokane date line the fol-
lowing article appears in one of our
exchanges:—"Preliminary arrange-
ments are being made to incorporate
the Hudson Bay Zinc Mining Com-
pany for \$5,000,000, divided into 1,000,
000 shares at \$5 each, and announce-
ment of this intention is being adver-
tised in the papers of British Columbia.
The proposed incorporators are M. W.
Bacon, W. E. Cullen, R. K. Neill and
A. C. Jamieson, all of Spokane, who
acquired a three-year lease on the
Hudson Bay group of zinc mines, near
Salmo, B. C. on Sept. 1, 1915."

Divine Service will be conducted in the church on Sunday April 9th. Morning Service at 11 o'clock, Subject: Preparedness Evening Service at 7:30 Subject: The multiplied mercies of God breathing through the forces of nature. A hearty invitation is extended to all. Preacher, R. G. Stewart.

Early Spraying Will Mean Larger Crops

This practice is of great importance in keeping an orchard free from pests and diseases, or in cleaning up one that has been neglected. At this season caustic washes can be applied which would defoliate a tree in leaf. As a combined insecticide and fungicide for use at this time commercial lime sulphur solution diluted one to nine or ten is most commonly used, but soluble sulphur has also given good results; Bordeaux Mixture is employed against apple anthracnose, but this comes in a different category. Sufficient force and enough material to thoroughly cover the bark and penetrate into the outer bud scales, cracks, crevices, etc., must be used, and a nozzle employed throwing a coarser spray than that used for summer work. The addition of two-third lbs. of well screened slaked lime to each 40 gallons of diluted spray makes it easier to see where and how the spraying has been done.

The application should be made after winter pruning has been completed, and, in general, it is well to defer it until near the time of swelling of the buds.

For peaches it is important that spraying be completed before the blossom buds have swollen, otherwise the spores of the Leaf Curl fungus may be washed by rain inside the bud and produce infection in spite of spraying. On the other hand the closer the application is made to the time the buds begin to swell the more effective it will be against the over-wintering peach worm. It is important that the grower keep these two facts in mind and use his judgement accordingly.

For apples spraying may be postponed until the first green

of the opening buds is visible. Add "Black Leaf 40" at the rate of one part to 900 of diluted spray and the stem-mothers of the apple aphids which are at this time clustering on the opening buds will be destroyed.

For pears the spraying should be given when the buds are beginning to swell to make sure of the Blister Mite.

Where gooseberry mildew is serious as is often the case where English varieties are grown a dormant spraying with lime sulphur will assist in its control.—Agricultural Journal.

While the total value of farm products of British Columbia in 1914 was over \$30,000,000 the province bought from the rest of Canada \$20,000,000 worth of the same class of goods, including \$2,400,000 worth of flour, and from other countries similar goods to the value of \$5,000,000. These purchases from outside included \$5,500,000 worth of live stock and \$4,500,000 of dairy products, \$3,600,000 of meat products, \$800,000 of fruit and \$1,400,000 of eggs. All of which goes to show that there is still a good home market for British Columbia farm products.—News Advertiser.

Since Feb. 16th there have been exported from British Columbia a total of 43,594 sacks of potatoes, weighing approximately 2000 tons. This statement is based on the inspection certi-

ficate issued by inspector W. H. Lyne of the Vancouver government inspection staff, is exclusive of any exports from other districts, and shows how without any special preparation for entering the potato trade, the lower mainland has taken advantage of the shortage in the potato crop in California and Eastern Canada. What amount of money this crop has brought in, the inspection office could not say, but it is presumed by the Vancouver Province that the export of potatoes the past month was responsible for \$40,000 in cash being brought into the Province.

Scottish machinists are on strike, delaying seriously the manufacture of munitions for the Allies. Canada might help out in the emergency, if we had the chance.

Where Are Your Interests

- ¶ Are they in this community?
- ¶ Are they among the people with whom you associate?
- ¶ Are they with the neighbors and friends with whom you do business?

If so, you want to know what is happening in this community. You want to know the goings and comings of the people with whom you associate, the little news items of your neighbors and friends—now, don't you?

That is what this paper gives you in every issue. It is printed for that purpose. It represents your interests and the interests of this town. Is your name on our subscription lists? If not you owe it to yourself to see that it is put there. To do so

Will be to Your Interest

READ-- Then Think!

Now that you have commenced to read this article, just keep right on to the end, and then you will have absorbed meat of the coconut.

What has this town ever done for you? It has fed you, and clothed you, and housed you, and given you employment and kept the wolf from your door for these many years.

It has done more. It has furnished you recreation, and enjoyment, and has guided you safely over many of the stones that beset the pathway of life.

It has praised your good deeds and has thrown the mantle of charity over your questionable ones.

It has been, and is, YOUR HOME. But what have YOU done for the TOWN?

You are making you money here but where are you spending it?

Are your buying goods from the local dealer, who pays and otherwise contributes liberally to the upkeep of the community and your home, or are you sending your money away to some catalogue house that wouldn't lend you a five cent piece to save your soul from purgatory?

And now you have reached the point where we want you to stop and think, and think hard, and to a sane, sensible and patriotic purpose.
