**TO BUILD EASTWARD**

**Kettle Valley Contract from Penticton Towards Summit**  
Penticton Herald  
The good news was ascertained this week from Mr. C. B. Gordon, Secretary to the Kettle Valley Railway Company, that the contract for 57 miles of the line north and east from Penticton has been awarded to Messrs Grant-Smith & Co., of Spokane.  
Work will be commenced on the section immediately, and from 300 to 400 men will be drafted in next week. Grading will begin two miles out of Penticton, on the route to Naramata, and will be continued to the east of that town to Hydraulic Summit, near Kelowna, where it will join the section already in course of construction.  
All material will be shipped through Penticton, therefore, a busy time appears ahead. The eastern section of the line has already passed through Carri, and is six miles beyond that town.

**YOUNG MISSIONARY KILLED**

**Falls From Logging Train and Crushed Underneath Car**  
Revelstoke, Aug. 1.—Rev. C. Davis, a Presbyterian minister and missionary, recently a student at Manitoba College, was killed Tuesday morning when he fell from a logging train of the Dominion Sawmills Company, on which he was riding from Taft station to the camp, about four miles.  
Sitting with his legs swinging over the edge of the car as the train commenced to mount an incline, the young minister was jolted off by a jerk of the car as the slack of the train was taken up. He fell under the car and was struck by the brake beam, dying ten minutes later.  
Mr. Davis was born in Yorkshire, and leaves a brother-in-Winnipeg.

**TO PROTECT CANADIAN FORESTS**

Ottawa, Aug. 6.—Mr. James Lawler of Ottawa, Secretary of the Canadian Forestry Association has just returned from Montreal and the City of Quebec, where he was making arrangements for the Dominion Forestry Convention to be held upon the invitation of the Government of British Columbia, in Victoria, B. C., on Sept. 4th, 5th and 6th. He found great interest being taken in this convention, in which Sir Richard McBride and Hon. W. R. Ross will personally take part, and which will be held in the best time to see the Pacific Coast and the prairies. Hon. Jules Allard, Minister of Lands and Forests for Quebec, has consented to attend and he will be accompanied by some of the officers of his department. Eastern lumbermen and forest engineers will also be well represented. The railways have granted greatly reduced rates for the return trip to Victoria to delegates. Mr. Lawler, who is looking after the arrangements, states that everything is looking well for one of the largest conventions ever held on the coast.

**GENERAL NEWS**

The Australian budget shows millions for defence, and a great deal of it goes towards building up the naval strength of the colony.  
The collision of the Empress of Britain with the collier Helvetia was attended with a loss of over a million dollars.  
There was trouble in the Nelson police force and some resignations of members of the force became necessary to restore harmony.  
The ceaseless strikes among coal miners is one of the conditions that are leading to the use of oil for fuel. If the railroads and other large users of coal are forced to adopt the liquid fuel the striking miner may soon find his occupation gone.  
Quebec, Halifax and Esquimalt have been declared closed ports by the Canadian navy department. That does not mean that the shipping of foreign nations is not allowed in those ports at the present time but it means that if this country was in a state of war foreign shipping would not have the right of entry.

**A LONG TRIP**

**Westminster Man Plans to Pathfind Canadian Highway from Halifax to Vancouver**

New Westminster, B. C. July 31.—An attempt to traverse Canada from Halifax to Vancouver is to be made this fall by Mr. Herbert Gilley, of New Westminster, who is making this trip in the interest of the Canadian Highway Association, flying the pennant of that organization on his Canadian-built machine.  
It is Mr. Gilley's intention to make Halifax his starting point, although he is a resident of the Pacific Coast. He is now on his way to his old home in Charlotte County, New Brunswick, where he will complete his preparations. Insofar as possible, it is his intention to follow the outlined route of the Canadian Highway for the entire distance.  
No man, perhaps, is better acquainted with the roads in the different parts of Canada than Mr. Gilley for in addition to many years spent in lumbering enterprises in British Columbia he has a wide knowledge of road conditions in the eastern provinces, where he spent the best part of his life. He believes that the most difficult trip for an automobile in all British Columbia is over the Hope Mountains, a journey which has never been attempted. A road is being built over this section at the present time, and it is possible that a temporary way may be made for an automobile, but it is a foregone conclusion that by the time any machine has travelled over the Hope mountains it will be fit only for the scrap heap or for exhibition purposes.

**AID TO AGRICULTURE**

**Agreements Between Dominion and Provinces Completed Shortly**

Ottawa, Aug. 1. It is hoped by Hon. Martin Burrell to have agreements signed with all the provincial governments in a fortnight for the spending of subsidies granted for the encouragement of agriculture. The arrangements made involve the submission of the proposed expenditure to the Dominion minister of agriculture, and on his approval half the money will be paid over. The remainder will be paid when it is satisfactorily shown that it is to be spent advantageously. The Dominion can call for an accounting at any time. The British Columbia agreement only awaits the final documents, and correspondence is in progress with the governments of Saskatchewan and Alberta. The minister and deputy minister of agriculture of Quebec have just had an interview with Mr. Burrell on the subject. All the other provinces have completed arrangements.

**TOO MUCH COLOR**

**Jack Johnson Proves Costly Member to That Scotch Lodge**

London, Aug. 2.—The Grand Lodge of Free Masons of Scotland today affirmed the suspension of Forfar and Kincairdine Lodge of Dundee for initiating Jack Johnson, the prizefighter.

**STILL FEELING HEARTY**

West Yale Review  
"Many happy returns" and "best wishes" were tendered Mr. Hartly Morden on Tuesday, his 7th birthday.

**HOSPITAL DONATIONS**

Mrs. Loomer, flowers, carrots, parsley, beets, beans, lettuce and parsley; Mrs. Winkler, flowers; Mrs. S. L. Smith, spinach, lettuce and cauliflower; Mrs. Mierhoffer, lettuce and carrots; Mrs. Clare, lettuce, potatoes, cauliflower, onions, beans, cabbage, cucumber and huckleberries; Mrs. G. P. Jones, oranges; Mrs. Critchley, fresh trout; Mrs. McGibbon, jar of cherries; Mrs. Messenger, fresh trout; Mrs. Wirth, flowers; Mrs. Hamilton, flowers; Mrs. Forbes, fresh trout and flowers.

The Militia Department will build armories on Deadman's Island

**COMMUNICATION**

The Editor of the Hedley Gazette  
Dear Sir:

In your article on "Some Blue Laws" August 1st I was somewhat surprised to see the strong stand you take against the strict observance of Sunday laws which are laid down so as to promote the observance of that day in such a way that it shall be devoted to the study of the Word of God and to promote the greater use of religious services in the various churches to the honor of God. There was a time when the people of England were under the direction of the Roman church, that games of a certain limited sort were allowed on Sunday afternoons, on condition that the participants attended service in the morning, but even this condition is altogether overlooked in your article. In the time of the Reformation, it was generally conceded that the laws of God, respecting the Sabbath needed to be much more closely observed than had been the common practice heretofore. This stricter observance was very largely complied with before any change in the laws took place, later on stricter laws were enacted and observed. It was to the men that initiated this movement that we are indebted for the civil and religious laws that have made the Anglo Saxon race what it is in the present day and it is a very poor policy to lower the bars and allow any and every desecration of the Lord's Day. If you will examine into the present difficulties that arise so frequently in our midst, as communities, and to the Anglo Saxon race at large it will be found that the disregard of the study of the Word of God and the forgetfulness of the people respecting the worship due to God lays at the foundation of all our trouble. When the above points were most strictly observed, was the time, when our nation was most blessed of God in prosperity and advancement of every sort and was most respected by the nations around us and it is to be hoped that the laws of God in this direction will be so recognized by the people at large that God may bless us again as in past times.  
Thanking you for your courtesy in inserting this in your paper, I remain  
Yours truly  
MARK JUKES  
Princeton, Aug. 2nd, 1912.

**GENERAL NEWS**

Cloudbursts have been causing heavy damage in various parts of the states to the south.  
Winston Churchill, First Lord of the Admiralty, has accepted Mr. Borden's invitation to pay a visit to Canada. It is expected that the visit will take place in a few weeks after the return of the Canadian Ministers.  
Work on the widening and deepening of the Welland canal will not begin until next spring. A great deal of preliminary information has to be obtained by borings before the contracts can be let and that preliminary work is now under way.  
Typhoid is again becoming epidemic in Ottawa. It is likely to have a damaging effect on the success of the Dominion Exhibition.  
A brakeman on the C. P. R. was shot by a tramp who was stealing a ride on the train. The shooting took place at Morley station, Alberta, and the brakeman whose name was Roy Blair died in the hospital at Banff shortly afterwards. The tramp who did the shooting escaped but his companion who stuck to the brake beams and was dragged out a few stations farther on is held in custody.  
The I. W. W. have again been making mischief and have delayed railway construction. This time they have managed to tie up construction on the Grand Trunk Pacific near Hazelton.  
The Privy Council has confirmed the judgment of the Supreme Court of Canada in the Anderson-Ralston case involving titles to lands in South Vancouver. By it the decisions of the Supreme Court of British Columbia and the Court of Appeals is reversed. The land had been sold for taxes in 1900 and the case hung on legality of the sale, which is now declared to have been irregular and Anderson gets back his land.

**LOCAL NEWS**

A larger number of picnic parties than usual went out of town in different directions on Sunday last. They were evidently trying to make the most of their time in case another order should come forbidding them that liberty.  
Mrs. G. H. Sproule arrived from the coast on Saturday where she had accompanied her sister, Miss Amy Lowndes, on a visit to Mrs. Dickenson and other friends on the coast. She left Miss Lowndes at Sicamous on her way back east where she will visit friends at Ann Arbor, Mich., New York, Toronto and other points before sailing for England early in September.  
Capt. Kent and wife accompanied by Mrs. Vic. Ryder left on Saturday morning for the coast via the Hope trail. Trouble in finding their horses delayed the start a couple of days beyond the time they had planned for making the start. The trip will be a trifle strenuous as the party although old hands at a long horseback journey are temporarily out of practice and will have to undergo the seasoning process by the way.  
The Mayor of Kamloops and Hon. Secretary of the Citizens' Committee have the thanks of the Gazette for invitation to attend the reception to be tendered His Royal Highness the Governor General on Tuesday, September 17th and at a fete to be held in Kamloops on September 17th, 18th and 19th to celebrate the one hundredth anniversary of a white settlement at Kamloops. This event gives to Kamloops a hoary air of antiquity that is calculated to make about ninety-nine per cent of the other towns in British Columbia green with envy.  
Rev. A. H. Cameron was accompanied to Hedley on Friday last by his sister, Miss Cameron, and his nephew's wife, Mrs. J. W. Cameron, both of Calgary, who are visiting with him. They took the run through to Coalmont on Friday from Keremeos, returning to Hedley by the afternoon train which gave them three days in Hedley before their return to Keremeos on Monday. Miss Cameron whose health has not been good of late was advised by her doctor to try this climate for a while and has already benefited much by the change. On Sunday evening Mr. Cameron took his usual service. On Saturday morning and Monday morning he had the pleasure of unfolding to his niece, Mrs. J. W. Cameron, the mysteries of the game of golf, and found her a very apt pupil. In fact Mr. Cameron is becoming quite noted as a tutor in that noble art. He assisted at the initiation of Rev. G. A. Wilson, Superintendent of Presbyterian Missions, Rev. J. Knox Wright, D. D., Secretary of the Bible Society, school inspector, Pollock, and he was master of ceremonies with his latest pupil.

**METEOROLOGICAL.**  
The following are the readings showing temperature, etc., for the week ending August 3, 1912:

AT THE MINE.

A. MEGRAW, Managing Editor.

Calendar for August 1912 showing moon phases (Full Moon, Last quarter, New Moon, First quarter) and a grid for the days of the month (Sun. to Sat.).

THOSE SUNDAY GAMES

We regret that we are unable to offer very hearty congratulations to our Rev. brother from Princeton on the way in which he has sought to deal with our attitude towards arbitrary prohibition of Sunday baseball in the Similkameen. When he accuses us of "taking a strong stand against the strict observance of Sunday laws, which are laid down to promote the observance of that day" he becomes guilty of an offence very much akin to that described in the decalogue as "bearing false witness against a neighbor."

Let us see what the Lord's Day Act says about it: Section 5 which is the only one at all relating to outside games says:

"It shall not be lawful for any person, on the Lord's Day, except as provided in any Provincial Act or law now or hereafter in force, to engage in any public game or contest for gain, or for any prize or reward, or to be present thereat

What magistrate who will do his duty and administer the law as he finds it would think of applying that clause to the games that have been played here solely for healthful exercise and diversion, or would award the penalty provided in section 10 in such a case? These games they propose to prohibit

have not even the semblance of commercialism in them and that seems to be the one feature the statute aims at preventing. It is altogether begging the question for Mr. Jukes to attempt to evade the main point at issue and indulge in platitudes or didactically rehearse to us what the Romish church used to do, for if he has read his history with no better understanding than he appears to have read the editorial he essays to answer his readers and hearers would be safer to take their historical pabulum from good old standards like John Richard Greene or Freeman.

He even undertakes to elide us for "altogether overlooking" in the editorial in question that when the Romish law in England permitted sports on a Sunday afternoon it was on condition that the participants attend church in the morning. No doubt he feels that the Alliance were faint-hearted in the framing of the Lord's Day Act. That a similar condition was not imposed. If not, why does he wish to twist us with it? He views fondly the restrictions that followed the Reformation and the enactments of "Praise-God-Barebones" are doubtless to him as "sweet smelling savor", but he forgets that the Puritanical restrictions of that time are to a great extent responsible for the licentiousness that followed so closely on its heels in the time of "the Merry Monarch."

Need it surprise our Princeton friend if we tell him that we feel proud to think that the ball games of the northwestern league cannot be played in Vancouver or Victoria on Sundays and that all the Sunday games of the Vancouver and Victoria teams in the schedule have to be played in American cities.

SAFE AS THE SAFEST

Cheaper than the Cheapest

THE MUTUAL LIFE OF CANADA

The history of thousands of policies on the above plan shows that it has cost less than four dollars per year to carry a policy of one thousand dollars. If you doubt this call on the local representative and see the history of one policy for 25 years; then ask yourself whether you know of any other concern whether insurance company or benevolent society that can show a similar record.

Every Plan of Genuine Insurance

It is the people's Company and its profits are all for the people

This accounts for the wonderful success which has attended forty-two years of unparalleled progress and achievement.

**Town and District.**

In Hedley, August 7th, 1912, to Dr. and Mrs. McEwen, a son.

Mrs. Shier and her two boys left for the coast on Thursday last.

C. A. C. Stewart, came in on his car from Penticton last week, accompanied by Mrs. Stewart.

To-morrow is the day set for the hanging of the man who shot constable Aston. The Indian who was convicted of a murder at the same assizes will hang on the same date.

Penticton is taking her celebrations on the instalment plan this year. Before the end of this month they will have pulled off three since the beginning of July. The next is scheduled for August 29th.

Haying was not nearly so badly interrupted in the Similkameen by the wet weather as it was in the Okanagan. Around Keremeos where a good deal of hay was grown it has nearly all been saved and most of it in good condition.

Dr. McEwen found it necessary to amputate one of Mrs. Collins' limbs and on Tuesday the operation was performed when Dr. MacCaffery came down from Princeton to assist. The patient stood the operation very well and is doing nicely.

The Midway & Vernon claims have at last reached settlement, an agreement having been made between the Provincial government and the Kettle Valley, each of which will contribute half the amount necessary to wipe off the balance of what claims are proven to be genuine.

A burn-out of the big generator occurred on Friday night or Saturday morning and as a result there was no juice for the town lights nor for the motors through the mill and other portions of the works. The small generator was hitched up and supplied light for the mill.

James Stott has been painting the bridge down at Ashnola during the past fortnight, with Hugo Boeing as assistant. The occasion was taken advantage of as a holiday outing by Misses Mattie Stott and Florence Messenger who combined the holiday with obtaining a little experience in camp cooking.

Mrs. R. S. Collin who has been in the hospital for the past ten days has not been improving as fast as could be desired and on Saturday Mr. Collin who has been over at the Jewel mine near Eholt was sent for. He started on receipt of the telegram and as a result he reached Oroville on Saturday night where he was forced to remain all day Sunday.

Keremeos fruit begins to come in in greater quantities week by week. The small fruit season is pretty nearly over and the larger fruits are coming in. So far it has been mostly early apples and a few peaches, but from now on it may be expected that the luscious peach will be very much in evidence for six weeks or more.

Wm Mathews was hurt on Saturday when taking some heavy mill fixtures up the little tramway to the tippie. The drum of the hoist slipped allowing the car to shoot back down the grade until caught up again by the brake. Three others were on the car at the time and jumped. Mathews was the only one to get hurt. His back was injured and he is now in the hospital but is expected to be all right shortly.

The Gazette was shown at Keremeos Centre the garden out of which O. H. Carle has been feeding the multitude. It is but three and a half acres in extent but it would be hard to find a like acreage anywhere producing the quantity and quality that is coming off that patch. He has corn over nine feet high and of three plantings so as to lengthen out the green corn period. There is cauliflower, tomatoes, beans, onions, carrots, parsnips, squash, cantaloupe and even ripe pumpkins, but the cry is that old wail "no market" until the road is through to the coast. This year he has shipped largely into the Boundary and sent his "garden sass" all the way up the West Fork of the Kettle to Carmi.

Dr. McEwen's father and mother who were visiting the doctor and Mrs. McEwen left on Saturday for their home in Brandon. They had been away about two months, the first two or three weeks having been spent on the coast after which they came in to Hedley and had a very enjoyable stay, during which time they made many warm friends. Both are remarkably hale and hearty for their years and the snowy locks are the only marked evidences that the greater activities of life are passing. Mr. McEwen saw

pioneer life in two provinces for in the days when Ontario's commercial greatness was in the making he was one of the best known commercial travellers in the province and his calling led him into almost every settlement within its bounds. It was in Manitoba, however, that he ranked more as a pioneer and it is no wonder that comparatively young province made such remarkable advance if many of its pioneers were men of the same breadth and stamina.

During the past fortnight there has been a marked shortage of water in the higher portions of the town and for a while it was a very rare thing that any could be had out of the taps in the hospital. This shortage is not because of insufficient supply in the mains but because there is altogether too much needless waste of water in other parts of the town where it has been noticed that some were so inconsiderate as to point and fasten the nozzles of their garden hose out through the fence and let the water fly for hours at a spell out among the rocks and weeds, during the blazing hot sun doing no good to themselves nor anybody else and at the same time they had to carry water to the hospital from taps lower down. The watering of lawns of course uses up a lot of water but this does not last so long and is only done in the evenings or the early morning, but when no water can be drawn at the taps in the hospital or in other places over on the hill to the east it is a very sure thing that there are some taps in the other parts of the town that either through stupidity or cussedness are running to waste.

**COPPER**

The New Edition of the  
**COPPER HANDBOOK.**  
Just published, is volume X, for the years 1910-1911, and required nearly eighteen months in preparation.

It has 1902 Pages  
containing nearly one and a half million words or about twice as much matter as the bible. There are 35 chapters, and the book covers the

**Copper Industry of the World**  
COVERING: Copper History, Geology, Geography, Chemistry, Mineralogy, Mining, Milling, Leaching, Smelting, Refining, Brands, Grades, Impurities, Alloys, Uses, Substitutes, Terminology, Deposits by Districts, States, Countries and Continents, Mines in Detail, Statistics of Production, Consumption, Imports, Exports, Finances, Dividends, etc.

Vol. X of the Copper Handbook lists and describes  
**8,130 Mines and Companies**  
these descriptions ranging from 2 or 3 lines; in the case of a dead company, in which case reference is made to a preceding edition giving a fuller description, up to 21 pages in the case of the Anaconda, which produces one-eighth of the copper supply of the world. The chapter giving mine descriptions, which lists the largest number of mines and companies ever given in any work of reference on mines or mining investments, has been fully revised.

The new edition of the Copper Handbook is a dozen books in one, covering all phases of the copper industry of the entire world. It is used as the

**WORLD'S STANDARD REFERENCE BOOK ON COPPER.**

by the managers of the mines that make ninety per cent of the world's output of copper and is used in every civilized country of the globe. It is filled with facts of vital importance to

**Synopsis of Coal Mining Regulations**

COAL mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,500 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns setting forth the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,

Deputy Minister of the Interior.

WATER RIGHTS BRANCH**

Take notice that the Board of Investigation acting under Part III of the "Water Act" will meet at the times and places hereinafter mentioned to hear and determine claims to water rights on streams in their respective vicinities, existing on the 12th day of March 1908—

On the 6th day of August, 1912, at 1 o'clock in the afternoon, at Grand Forks.

On the 7th day of August, 1912, at 3:30 o'clock in the afternoon, at Greenwood.

On the 9th day of August, 1912, at 2 o'clock in the afternoon, at Princeton.

On the 10th day of August, 1912, at 1:30 o'clock in the afternoon, at Keremeos.

On the 12th day of August, 1912, at 10 o'clock in the forenoon, at the Government Agent's Office, Fairview.

On the 13th day of August, 1912, at 10 o'clock in the forenoon, at Penticton.

Parties who presented claims to the Board in 1910 and have received licences in substitution of the records need not present any statement of claim.

Dated at Victoria, B. C. the 18th day of June, 1912.

By order of the Board of Investigation,  
J. F. ARMSTRONG  
Acting Comptroller of Water Rights.

KEREMEOS, the Centre of Lower Similkameen---Famed for Fruit Growing

## Town and Lower Valley.

With the old smile Bill Hope is back with us again.

Mrs. Dr. White of Penticton is visiting with Mr. and Mrs. R. L. Cayston.

Constable Kruger of Fairview was here in an official capacity on Tuesday.

Mrs. Richter and daughters, Bessie and Freida, were visitors to Princeton last week.

Mr. and Mrs. Lawless took a pleasure trip to Oroville Thursday, returning Saturday.

W. Thomas of Princeton came in Saturday in his automobile to pay us a short visit.

Rev. A. H. Cameron accompanied by his sister and niece spent the week end at Hedley.

Rev. T. A. Osborne, of Princeton, was in town Friday renewing old acquaintances.

Miss Bessie and Freida Richter went out on Friday's train to spend a few days with their uncle.

The Hargreaves brother went up to do some more fencing on their pre-emptions on Crater mountain.

Mrs. A. E. Hargreaves and children left with her parents, Mr. and Mrs. Perrin, for Bowden, Alberta, on Tuesday.

Mrs. Joe Goodwin and daughter spent a few pleasant days in Keremeos as the guest of the Keremeos hotel.

Mrs. Daly and family and Miss Lindsay spent a few pleasant days camping up the Ashnola river last week.

Mrs. George Sproule passed through Saturday on her way home to Hedley after spending a pleasant vacation at the coast.

A party consisting of Messrs. Lucas, Arnold, Parsons and others of Penticton came over for a few hours' visit Sunday last.

Hill Innis came in Saturday from Trout creek, where he has been proving up his pre-emption for the past two months.

W. G. Baskin C. E. was in town last week for a day before driving through to Princeton where he is to do some government surveying.

The Ladies Aid will hold an ice cream, peaches and cream social in the Park on August 16th. Everyone cordially invited to attend.

Mrs. Sylvester and daughters returned home to Calgary the fore part of last week after having had a very enjoyable stay in the valley.

Tom Daly left for Penticton on Tuesday to join the baseball team there and proceed to Oroville where they are to play a match game on the eighth.

Charles H. Armstrong is acting Provincial Constable in place of Max Ewart who resigned to take up the position of immigration officer with headquarters at Penticton.

Fred Wadman, who has been with us for the past eighteen months returned to his old home in Nova Scotia last Friday to take up the reins and run the old farm back east.

A. H. Harrison is busy canning fruit. He has put up about 500 cans of cherries, which are of first-class quality, and he is now busy canning apricots and peaches for which there should be a ready sale in the fall.

Walter Frith, Mrs. Frith and children and Ethel Brouley are enjoying the pleasures of camp life for a few days. They are camped down the river about a mile and near the head-gate of the Lowe Estate ditch.

George Hargreaves, son of our esteemed merchant, met with rather a bad accident at Edmonton. While engaged in building a new church in that town he had the misfortune to slip from the building. Latest reports say that he is getting along nicely.

While returning from the Ashnola last Sunday Charlie Armstrong accompanied by Mr. and Mrs. Graham and daughter and Miss Margaret Clark met with an accident that very luckily had no serious ending. They had forded the river a few miles west of the town and were coming down the south side when nearing the bridge the bolt came out of the axle clip causing the democrat to swerve and go over the bank throwing all occupants out.

W. H. Armstrong, president of the Keremeos Land Co. and Mrs. Armstrong came in from the coast Tuesday evening to spend a few days of inspection and pleasure combined. While at Sicamous they were joined by their niece, Mrs. Carmichael and daughter, who have been away for over three months visiting friends and relations in Winnipeg and Carberry, Manitoba and Edmonton, Alta.

Some mistaken ideas have been occasioned by an item on this page two weeks ago in reference to the baseball team. Some seem to think that it reads as if the whole team were rowdy which was not the case. It was mentioned that those who wanted to spoil the good intentions of the others, the "those" referred to did not happen to be a member of the team but nevertheless was a supporter and follower of the team.

Two weeks ago when Mr. Armstrong had returned from the boundary country after opening up markets in different towns for Keremeos produce it was strongly urged in an item on this page that all fruitgrowers should use great care in packing and grading fruits. Apparently this has not been done, for apricots shipped to Grand Forks and Rossland did not meet with favor and letters have been received from both these towns cancelling further shipments for they claim fruit badly packed and not up to standard size. Now what is the good of having markets if fruit is put up this way. It may be the fault of one or two farmers but nevertheless they are representatives of the finest fruit in the Dominion so must take great responsibility on their shoulders in the way it should be handled. Too many trees are overburdened with fruit this year, which should not be the case, for it does not give the fruit a fair representation for size. Fruit must be thinned more and 25 per cent will be gained in size.

### ARE YOU A MASON

Ethel Tucker and her clever company will appear in the Town Hall, Keremeos, on Saturday, night, 10th of August at 8 o'clock p. m., in "Are You a Mason." Mirth reigns supreme during this performance. Nothing but fun, frolic and laughter. Some very catchy songs introduced that are very well sung. If life is getting too serious a nice little comedy and a bright little company of players will help you to forget it.

### A SAD BEREAVEMENT

Died at Greenwood hospital on August 2nd, 1912, of ptomaine poisoning, Kathleen Spencer Methof, wife of J. H. Methof, of the Canadian Customs at Myncester, B. C. Mrs. Methof was taken ill on Sunday, July 28th and gradually became worse. Drs. McLean of Greenwood, and Kyle of Molson, were in attendance and had her removed to the Holy Cross hospital, Greenwood, but all efforts were unavailing. She passed quietly away on Friday, 2nd of August at 5 p. m. and was buried in the R. C. cemetery on Sunday, August 4th when a large concourse of friends from both sides of the line were present. Mrs. Methof was beloved by all who came in contact with her, being of an extremely kind and charitable disposition. Besides Mr. Methof, two children, Babe aged 15 and Ernie aged 9 were left to mourn her loss.
