CANADA'S BIG YEAR

The Most Prosperous in The History of the Country

FINANCE MINISTER'S BANNER BUDGET

Capital as Well as Ordinary Expenditure All Made Out of Revenue and Big Piece Bitten Out of National Debt.

Hon. W. T. White, Finance Minister, was able last week to announce in his budget speech the largest surplus in the history of Canada. The surplus of ordinary revenue over ordinary expenditure was no less than \$55,000,000 as much as the total revenue of but a few years ago. Thanks to careful financing combined with buoyant revenues Canada's credit was never in such a satisfactory position as at the present time. The capital expenditure was all paid out of revenue, the total amount being \$33,000,000 leaving no less than \$23,000,000 which was applied to reducing the national debt, which during the year was brought down from \$339,000,000 to \$316,000,000.

LOANS PAID OFF

Two loans which matured during the past year were also paid out of revenue so that the Finance Minister did not have to float a solitary loan during the past year. Another loan of £1,700,000 falls due this fall and it too will be paid by Mr. White out of revenue.

THAT JOKER CLAUSE

Then during the year there was purchased some \$13,000,000 worth of G. T. P. bonds. This was done through the legislation passed this year. By the 'joker' inserted by the Laurier Government in the G. T. P. contract the Government was compelled to implement the difference between the selling price of the bonds and par. Mr. White has saved much of this difference by purchasing the bonds.

OUTLOOK IS BRIGHT

Altogether the Canadian financial situation was never better and the outlook for the coming year is for the best twelve months in the history of the Dominion.

WHAT '94 DID TO KASLO

In 1894 the water commenced to get high in B. C. about the 28th of May. At Kaslo the water surrounded about seventy-five buildings and these were blown into the lake when the cyclone of Sunday, June 3rd blew through Kootenay. Later in the summer of 1894 it did not rain for six weeks, and the forest fires burned several towns in the Slocan.—Greenwood Lodge.

METEOROLOGICAL.

The following are the readings showing temperature, etc., for the week ending May 25, 1913:

AT THE MINE.		
	Maximum	Minimum
May 19	47	30
18	52	28
20	55	29
21	61	38
22	63	38
23	62	30
24	60	34

Average maximum temperature 57.18
Average minimum do 33.71
Mean temperature 45.44
Rainfall for the week 0.00 inches.
Snowfall " " 0.00 "

CORRESPONDING WEEK OF LAST YEAR		
	Maximum	Minimum
Highest maximum temperature	67	
Average maximum do	55.55	
Lowest minimum do	27	
Average minimum do	36.57

AT THE MILL.		
	Maximum	Minimum
May 18	61	30
19	62	37
20	61	30
21	60	40
22	77	50
23	79	48
24	77	48

Average maximum temperature 69.42
Average minimum do 44.57
Mean do 56.09
Rainfall for the week .00 inches
Snowfall " " .00 "

CORRESPONDING WEEK OF LAST YEAR		
	Maximum	Minimum
Highest maximum temperature	80	
Average do do	74.71	
Lowest minimum do do	38	
Average do do	44.28	
Mean do do	59.49	

ANOTHER SWAP MATCH

Cricketers and Baseballers Play the Return Game and Latter Score Easy Win

"Every man to his trade" and "Never play a man at his own game" are old expressions the truth of which was equally demonstrated at the two swap matches played between the cricketers and the baseballers. The match was a baseball game this time and while the cricketers had the short end of the argument on a score of 20 to 8 they surprised themselves at their prowess as baseballers. Of course they do not flatter themselves that their opponents had their best team on, nor yet do they claim that the baseballers could not have beaten them worse than they did, but they demonstrated the fact that when it comes to hitting a ball with a bat they do not require a four inch wide bat to make connection. The department of the game in which they were most behind was in throwing to the bases, and the ball was also a less familiar pellet to the feel than the hard unresisting cricket ball. The game of baseball is not as stable as cricket and its rules have been changing so much in late years that men who played it twenty years ago or less and were familiar with the rules at that time, are so much at sea that they scarcely know it now, while cricket is practically the same as it was when our grandfathers played it.

VICTORIA DAY IN HEDLEY

Victoria Day passed very quietly in Hedley. The town had practically gone en masse to the celebration in Keremeos and every vehicle available was pressed into the service. A good many more would have gone had there been suitable train service, and in the absence of such they felt that they were pursuing a course more conducive to their own personal comfort by staying at home. All were interested in the outcome of the baseball at Keremeos but their curiosity could not be gratified for the telephone service was NON-ESR for the day and nothing could be learned of what was going on. Not until some of those who had gone began to return later in the evening was the result known and then all that could be learned was that Penticton had carried off the prize. Later when fuller details came to hand there was considerable quiet indignation at the treatment received, and censure was liberally handed out and variously distributed. Hedley having to begin the game three players short looked decidedly like rubbing it in, but nevertheless there was much of the blame coming to both the players themselves and to the management of the team, which took altogether too much for granted and trusted to chance rather than to definite pre-arrangement. The reason given by the players who failed to turn up when required was that they had been told that they would not have to play until the afternoon. It is true that they had no business to be governed by mere hearsay from parties who may not have had any official connection with the sports, and it is equally true that they should not have had to take information from unauthorized outsiders but should have been supplied with the necessary information from the proper source and that source is the management of the team. If there is no cohesion nor definite understanding as to where the different members are to be and what they are to do, there is nothing. A team without a team spirit and team discipline is no team at all.

Johnny Beam arrived in Hedley on Tuesday. He did not get here in time to see his father before he left, but had the good fortune to meet him in Oroville on Monday evening. He was accompanied by a college mate, Mr. R. R. Harper, and both will spend the summer with the diamond drill crew prospecting the canyons of Twenty-Mile.

The isolation tent erected to the south of the hospital will make comfortable quarters for many patients who may prefer it during the summer to the regular ward in the hospital itself. A fly over the tent so as to make an air space will prevent it from becoming too hot.

MORE SURVEYING IN COQUIHALLA

Agreement of K. V. R. With V. V. & E. Necessitates Changes

Further delay in the construction of the Kettle Valley Railway, through the Coquihalla River Valley is unavoidable. The last survey made by C. J. Seymour, was practically completed before the conclusion of the agreement between the Kettle Valley and V. V. & E. companies. As an indirect consequence of that agreement a re-survey has been ordered by A. McCulloch, chief engineer, of 11 miles of the road from Hope east. The work is beginning at once under G. C. Clough. Camp will be pitched at the upper end of the section, 11 miles from Hope.

It will be remembered that by the agreement made, the K. V. R. company is to build and operate 57 miles of road from Hope to Otter Summit. At the last-named point connections will be made with the V. V. & E. line from Princeton by way of Tulameen. The Kettle Valley line from Merritt westward to the summit is already nearly built.

It is at the Hope end of the line that a problem is presented. The grade must be high enough to join on to the relocated C. P. R. main line by the bridge across the Fraser, and must also afford the V. V. & E. company an easy connection with the Canadian Northern tracks in or near Hope. These objects, it is expected, may both be attained by relocating the line through the canyon of the Coquihalla.

How long the delay will be can hardly be stated in advance. A survey of eleven miles is not in itself a formidable undertaking but this survey may prove so. Three times the Coquihalla valley has been surveyed by railway engineers and the line through the canyon has been practically the same each time. It is difficult to find a feasible alternative route line and yet that is what is now sought.

Naturally a change in the line of the railway as it enters Hope may affect the approach to the bridge but the change, if any, will probably be very slight.

The bridge crew is continuing the sinking of test holes. It was probably never contemplated that the building of piers would begin before the late autumn of the present year.

Pending the re-survey of the line there can be no call for tenders for construction.

REPATRIATION WORK

Many Canadians Leaving New England Towns For Canadian West

Boston, Mass., May 15.—Whittinsville, a prosperous town thirty miles west of this city, is being rapidly deserted. In two days three hundred French Canadians, former residents of the province of Quebec, have left for Edmonton, Alta. Later this summer another contingent will leave. Many are giving up paying positions in the mills in towns near Whittinsville. Families are being broken up in many cases, and the station presents a sorry sight.

The emigration to Canada from this and other New England towns is becoming alarming to business people, and an effort will be made to induce the residents to stop here. The Canadian government is working actively through agents all over New England to induce the Canadian born people to return to their native country.

Game warden Schissler was in town last week and is disposing of gun licences to all who may require them. Very few are being taken out thus far and in all probability the greater number will defer purchasing until the open season has about set in.

While up the river last week Chief Constable Simpson was on hand for a whiskey round up. A shipment of a couple of dozen bottles was made to a Swede who had some station work under way. The liquor was confiscated and destroyed and Charley Henderson of Tulameen who sold the liquor was fined \$50 for violation of the Liquor Licence Act in selling a larger quantity at a single vending than the law permitted.

LOCAL NEWS

Many old residents of Camp McKinney and the eastern part of the Similkameen riding will regret to hear of the death of Mrs. J. P. Flood which occurred at Grand Forks about the middle of the month. Deceased resided in McKinney for a year or two about 1899 and 1900 and afterwards resided for ten years or more in Greenwood from which she moved with her husband to Grand Forks.

Before his departure for Denver Mr. Beam saw the camp fairly established for prospect work on the new groups they have under hand and the drills actually at work. It was a hard job to get everything in readiness and power and water lines laid over so great a distance and over such rough rocky country down into those canyons in which much of the diamond drilling will be done. Three drills will be kept constantly at work and a force of about 25 men will be employed in carrying on the work.

A. Winkler has been making some important improvements to the Grand Union premises, and the betterment is appreciated by his guests and the general public. Two large cess-pools have been put in—one to accommodate the garbage and wash water from the kitchen and the other for the new closets he has put in. The new closets accommodate both the ground and upstairs floors and are altogether up-to-date. He is also putting in a large cellar to the north of the hotel. The cellar is 20x14 and 7 feet deep and when it is completed he will erect over it an addition to the present premises 24x28 and one storey, and to make room for it he will tear out some of the shacks that are now occupying some of the ground. These changes all denote enterprise and a desire to keep abreast of the times.

The moving pictures on Friday night last brought out a fairly good house and the machine reproduced them in good shape. The pictures had little if any of the shaking flickering effect that is so often seen in machines that are not working right. The show consisted of five films, of which two described the slaughter of the United States 4th cavalry by the Apaches and these were very plain and realistic. Saturday evening's performance was not so well patronized and in all probability the number that were out of town for the holiday accounted for this. A change of films will be along for the shows tomorrow night and Saturday. It is understood that these shows may be expected every week during the summer and mostly on these nights although possibly it may be necessary to change the night occasionally to steer clear of other engagements for the hall.

At the close of the Anglican service in Fraternity hall on Sunday evening last a vestry meeting was held for organization purposes and to consider ways and means for carrying on the services. The former church wardens were R. S. Collins and W. C. Lyall and as the latter did not wish to be re-appointed, C. P. Dalton was elected people's warden in his place while the pastor, Rev. Herbert Mayers, re-appointed R. S. Collins as pastor's warden. The six men appointed were H. D. Barnes and R. W. James. The pastor explained to the meeting the position of the church in the valley and stated that united action would be required to maintain regular services in the several stations of Princeton, Hedley, Coalton, Tulameen and Five Mile, and read a memorial to the Bishop which had been drawn up showing the population or estimated population of these different points and the amounts which it was proposed to assess each of them. The amount allotted to Hedley being in excess of the pro rata allotment on the basis of population as stated in the memorial the Hedley wardens did not feel inclined to take upon themselves the responsibility of signing the memorial and committing the congregation to the expenditure without obtaining an expression from others in the congregation. There were others present, however, who thought that it could be undertaken and to that end it was decided to make a trial.

The Duchess of Connaught continues to improve in health.

EDITORIAL COMMENTS

Although the vote on the question of organic union between the Presbyterian, Methodist and Congregational churches taken a year ago did not result in a sufficiently large majority to encourage the church authorities to put it in force, there are not lacking signs that the sentiment of union is gaining ground and gaining it strongly. Doctrinally these bodies are practically the same but in the matter of church polity was to be found the greatest obstacle towards accomplishment of the desired end. But now it is believed that the agitation of the question a year ago has borne its fruit and the more the people have looked into the matter the broader their ideas have become, until at last many who a year ago were averse to any kind of church government or management that was in any way different from their own, are prepared at last to see some merit in others. Methodists ever since the days of John Wesley have clung tenaciously to the itinerancy, but only last week we find the Methodist conference which is the highest court of Methodism in the province, violating the principle and practice by sanctioning the Methodists of Kitsilano in retaining a pastor who had completed the term of itinerancy. And while this is going on in Methodist circles it has been seen that presbyteries in several parts of Ontario are up in rebellion against retention any longer of the humiliating practice of candidacy and preaching for calls in the choice of a new pastor, and they call for some saner method or basis of appointment more like that employed in other churches. On small mission fields of the west the burden of maintaining or attempting to maintain an exhibition sample of every stripe of religious denominationalism that has served in the past to kick up strife in communities, has been found unbearable and has done more to paralyze the efforts of the protestant body than anything else. People who are so bigoted and will refuse to apply the same amount of common sense that they are expected to use in the conduct of their own business should be made to pay the whack themselves, and then they will get a better idea of the senseless waste now entailed in the useless multiplication of mission fields by different denominations.

DOWN ON B. C.

The Liberal party at Ottawa from Sir Wilfrid Laurier down, appear to have it in for British Columbia. Sir Wilfrid's opposition to the Highways Bill was largely aimed at British Columbia which he is afraid might benefit by the federal grant which could be applied to give us a good highway over parts of the province that the Provincial Government have never felt justified in tackling themselves, as the cost would be greater than any local interests to be served would warrant; and yet it is a road that from a national point of view should be built, and the building of it is a duty which Canada owes to herself. Then there is the ill-concealed hostility of Hon. Frank Oliver who has started in to libel the province, district by district, and has already covered a considerable portion of it. The lead counties which they themselves brought in when there was a chance for them to get some Liberal votes from the Kootenays, has now become in their eyes a most iniquitous thing and should be chopped off, even if in doing so the silver lead mining industry of the Kootenays is to be strangled thereby and hundreds of miners thrown out of employment. Again we have the lumbering and the fruit-growing industries of British Columbia which have jointly and severally made themselves objects of suspicion to sundry Liberals in the House and furnished cause for momentary outbreak from men like W. E. Knowles of Moos Jaw. In fact British Columbia has become hopelessly reprobate in the eyes of Sir Wilfrid and his henchmen, so far as any chance of getting political support is concerned, and they must vent their impotent rage at every turn and on the slightest pretext.

IN THE SUPREME COURT OF BRITISH COLUMBIA

IN THE MATTER OF THE ESTATE OF WILLIAM TREADWELL ATHERTON, DECEASED

NOTICE IS HEREBY GIVEN that all persons having claims against the estate of the above William Treadwell Atherton, deceased, who died on or about the third day of April 1913, at Hedley, B. C., are required to send or deliver to Ainsley Megraw, of Hedley, B. C., the executor of the estate, on or before the 10th day of July 1913, their names, addresses and descriptions, and a full statement of particulars of their claims and the nature of the security, if any, held by them, duly proved by affidavit or statutory declaration; and that after the said day the Executor will proceed to distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which he then shall have notice. All accounts owing to the estate are to be paid forthwith.

Dated this 15th day of May A.D., 1913.
 29-1 A. Megraw, Executor.

NOTICE

SIMILKAMEEN LAND DISTRICT DISTRICT OF YALE

TAKE Notice that I, Amos Charles Kennedy, of Keremeos Centre, B.C., rancher intends to apply for permission to purchase the following described lands:
 Commencing at a post planted on the north boundary of Lot 2388 (being also the south boundary of Lot 2389) at a point about twenty chains west of the north-east corner of Lot 2388 and being at an angle of said lot 2388; thence westerly following the north boundary of Lot 2388, a distance of 15 chains more or less to a point true south of the north-west corner of said Lot 2388; thence north to said corner of Lot 2388; thence north-easterly following the southern boundary of Lot 2388, a distance of 8 chains more or less to an angle in said southern boundary of Lot 2388; thence south-easterly following the said southern boundary of Lot 2388 to a point true north of the point of commencement; thence south to the point of commencement, containing 3/5 acres more or less.

Synopsis of Coal Mining Regulations

COAL mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, were leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,500 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
 Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for. 9-6m

WATER NOTICE

For a Licence to Take and Use Water

NOTICE is hereby given that Barbara McCurdy of Similkameen will apply for a licence to take and use 100 inches of water out of Deer creek which flows in a southerly direction through S. E. corner of Lot 2392 and empty into Trout Creek near south boundary of Lot 2392. The water will be diverted about 500 yards east of east boundary of Lot 2392 and will be used for irrigation purposes on the land described as Lot 2392.

This notice was posted on the ground on the 17th day of May 1913. The application will be filed in the office of the Water Recorder at Fairview.

Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C.

21-1 Barbara McCurdy Date April 24th, 1912. 18-10

Be Suspicious

BE suspicious of that of which nobody is proud. Be suspicious of the mere low-price argument offered in favor of an article with no reputation, no backer, no guarantor.

Better buy the thing you know and can trust, than an article unbranded and unvouched for.

The branded shoe, made by a maker with a reputation, is a safer shoe to buy than the one made in an unknown factory by an unknown maker.

That in which much money has been invested to make or keep it good is worth more than that on which nothing or but little has been spent.

The underwear made by a firm whose name is as familiar to you as your own, is worth more to you than underwear nameless or labelled by a maker of whom you have never heard.

Peace of mind is worth something, just as quality is. Buy peace of mind.

Tea sealed in a packet bearing the name of a reputable firm is to be preferred to tea of which the packer is not sufficiently proud to advertise its quality.

When you buy anything worth while buying, buy that of which you know—from advertisements, or from other dependable acquaintance. Buy the article with the "money back" guarantee—with the pledge of a known name behind it.

Put your faith in the advertisements appearing in good newspapers. Beware of the article that cannot stand the spot-light of publicity. The commodity an advertiser backs with his own money is something worth your buying.

Advice regarding your advertising problems is available through any good advertising agency or the Secretary of the Canadian Press Association, Room 503 Lumsden Building. Enquiry involves no obligation on your part—so write, if interested.

Town and District.

Don't forget your miner's licence. All miners' licences expire May 31st and must be renewed.

Dunc Woods returned last week from Summerland and is looking after his mining interests here.

A great improvement has been made in the appearance of Scott avenue by scraping the loose stones off it.

A broken bottle at Keremeos brought one of the tires of F. H. French's Overland auto to grief on Saturday.

Greenwood has had an outbreak of typhoid fever. Between fully developed cases and suspects there are thirty cases reported.

Rddie Simpson has been operated on for appendicitis in the hospital in Westminster and is making satisfactory recovery.

For catching fish in Boundary Creek which were under size J. V. Anderson and W. Doyle were fined \$15 a piece by Midway magistrates.

Mr. and Mrs. G. McEachern and children started on a visit to the prairies on Tuesday. J. F. Scott of Penticton is taking Mac's work as electrician in his absence.

General superintendent G.P. Jones left for the coast on Monday and expects to be away about ten days. He will go through to Victoria and also stay a while in Vancouver.

Mr. T. Walter Benn left on Monday for his home in Denver. He will remain there for about a fortnight and on his return will bring back with him his wife and daughter, who will spend their summer holidays in Hedley.

Tim Griffin was in town on Friday last and went back to Keremeos for the celebration. He and his partner, Patrick Murphy, have been working their claims on Cedar creek and are pleased with the showing they have.

Chief Constable J. Simpson of Greenwood was in town over Sunday. He had been up at Tulameen and came down on Saturday's train. Knowing that it would mean for him a wait over at Oroville for Sunday if he continued his journey southward that day he concluded to stop at Hedley.

The Gazette has been asked, whether the bond on the Kingston which was reported to have been taken at the beginning of the year, was still alive or had been dropped. The Gazette does not know and has received no work whatever as to the intentions of Mr. Clabon who was reported early in January to have secured the bond at a valuation of \$125,000. It was reported at the time that a substantial payment was required in six months, and in view of the fact that no move whatever has yet been made to begin work, it would scarcely appear likely that the bond would be kept alive unless the owners are disposed to extend a leniency seldom heard of in mining circles nowadays. Bona fide concerns which are in position to carry out mining deals of that magnitude do not make substantial payments until they have taken some steps to see what they are paying for, and as the first six months are already almost gone and no commencement made to prove the value of the property it would be quite unlikely that they could accomplish anything worth while in the way of development in the few weeks remaining to them.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Public Building, Greenwood, B.C." will be received at this office until 4.00 p.m., on Monday, June 16, 1913, for the construction of a Public Building at Greenwood, B.C.

Plans, specification and form of contract can be seen and forms of tender obtained at the office of Mr. Wm. Henderson, Resident Architect, Victoria, B.C., at the Post Office, Greenwood, B.C., and at this Department.

Persons tendering are notified that tenders will not be considered unless made out on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order

R. C. DESROCHERS,

Secretary.

Department of Public Works,
Ottawa, May 21st, 1913

News-papers will not be paid for this advertisement if they insert it without authority from the Department.

IN THE COUNTY COURT OF YALE, PROVINCE OF BRITISH COLUMBIA

IN PROBATE

IN THE MATTER OF THOMAS SIROIS DUPLISSIS, DECEASED
AND
IN THE MATTER OF THE "OFFICIAL ADMINISTRATORS' ACT."

NOTICE is hereby given that by an Order made by His Honor J. R. Brown, Judge of this Honourable Court, dated the 18th day of March A.D. 1913, the undersigned was appointed Administrator of all and singular the estate and effects of the above-named Thomas Sirois Duplessis, late of Hedley, in the County of Yale, in the Province of British Columbia, deceased; and who died intestate on or about the 3rd day of September, A.D. 1912.

All persons having claims against the estate of the said deceased are required to send the same with the particulars thereof duly verified to the undersigned on or before the 30th day of June, A.D. 1913, and all persons indebted to the said deceased are required to pay the amount of such indebtedness to the undersigned forthwith.

Dated this 14th day of May, A.D. 1913.

JOSEPH A. BROWN,
Official Administrator for the County Court,
District of Similkameen, Keremeos, B.C.

Sealed Tenders addressed to the undersigned, and endorsed "Tender to Complete Jetty at Steveston, B.C." will be received at this office until 4.00 p.m. on Tuesday, June 17th, 1913, for the completion of a Jetty at Steveston, at the Mouth of the Fraser River, New Westminster, B.C.

Plans, specifications and form of contract can be seen and forms of tender obtained at this Department and at the offices of C. C. Worsfold, Esq., District Engineer, New Westminster, B.C.; F. W. Aylmer, Esq., District Engineer, Chase, B.C.; and on application to the Postmaster at Steveston, B.C.

Persons tendering are notified that tenders will not be considered unless made out on the printed forms supplied and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The department does not bind itself to accept the lowest or any tender.

By Order

R. C. DESROCHERS,

Secretary.

Department of Public Works,
Ottawa, May 16th 1913

WATER NOTICE

For a Licence to Take and Use Water

Notice is hereby given that Barbara McCurdy of Similkameen will apply for a licence to take and use 100 inches of water out of Camp Creek which flows in a southerly direction through Lot 2091 and empties in Trout creek on Lot 2091. The water will be diverted at 100 yards north of north of boundary of Lot 2091 and will be used for irrigation purposes on the land described as Lot 2091.

This notice was posted on the ground on the 17th day of May, 1913. The application will be filed in the office of the Water Recorder at Fairview.

Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

Barbara McCurdy

WATER NOTICE

For a Licence to store or pen back water

Notice is hereby given that The Daily Reduction Co., Limited, of Hedley, B.C. will apply for a licence to store or pen back 13.8 acres by 5 ft. deep acre-feet of water from the Similkameen River, a stream flowing in a southerly direction and emptying into the Okanagan River near Oroville, Victoria, B.C. The water will be stored in a reservoir of 3,000,000 cubic ft. capacity, built or to be built at Hedley, B.C. and will be used for power for mining purposes as authorized by Water Record No. 1. Water License No. 1, or under a notice of application for a licence to take and use water, posted herewith, on the land described as being near the northwest corner of Reserve No. 2.

This notice was posted on the ground on the 19th day of May, 1913. The application will be filed in the office of the Water Recorder at Fairview.

Objections may be filed with the said Water Recorder or with the Controller of Water Rights, Parliament Buildings, Victoria, B.C.

KEREMEOS, the Centre of Lower Similkameen--- Famed for Fruit Growing

VICTORIA DAY CELEBRATION

When Victoria Day arrived it found the town ready to receive all visitors from far and near gaily decorated with flags and bunting from one end of the street to the other. Fir and pine trees were placed along the sidewalks giving everything a very pleasing appearance. A large number of people including most of the Princeton Lacrosse team came down on Friday evening's train so they could take in the dance at Richter's hall. Both hotels were filled to capacity shortly after the arrival of the train from the west. All automobiles were requisitioned and after many trips conveyed those who wished to attend the ball to the centre. At first it was thought that there would hardly be enough ladies present but to everyone's pleasant surprise the reverse happened and out of the hundred and forty present there were sixty-five ladies which went all the way to make the dance the fine success it was. Never was seen so many at any previous dance here. Uncle Sam sent a large number of his sons and daughters from Oroville, Nighthawk, Conconally and Loomis to help us celebrate. Pentiction, Hedley, Princeton, Fairview and Similkameen were all represented not only at the ball but the Empire day celebration as well as many staying over the week end at Keremeos and the Centre. Pentiction baseball team and band were the first to arrive in the morning in autos closely followed by Hedley ball and lacrosse players in a four horse stage with Capt. B. S. Wilson at the helm. The train from the south arrived on time bringing the Oroville baseball team and many followers. The captains of the team got together to draw for the first round of the tournament Pentiction getting the bye. Oroville were soon ready and on the field but quite a long delay was caused by some of the Hedley boys who came down the night before not being present, however, they started one hour behind schedule. A very exciting game resulted with Oroville the winners by two runs. Immediately after the game the trap shooting took place which was very close and exciting. After about an hour interval for lunch the band which had been playing some lively airs in the forenoon started again with renewed vigor. The cowboy turnstake race was very exciting, there were six entries, three running at a time. E. M. Crooker and C. Shuttleworth were winners of their sets. The final was won by C. Shuttleworth, who although did not come in first, was awarded the prize as Crooker turned the wrong stake on the last lap. Much discussion took place over the outcome which resulted in a match race being called this was extremely exciting, both contestants felt certain of victory. Both got away to a good start, nevertheless, Crooker with his little pacing blue came in ahead. The children's races came next and these caused no little excitement. The hundred yard dash which was anxiously watched by a large crowd was won by Fred Brouillette with T. Morris second. Next on the list was the high jump C. Shuttleworth taking the honors. Excitement ran high among the baseball fans when Oroville and Pentiction got on the diamond and although Pentiction won a good game much credit is due Oroville for putting up such a good fight after having much of their energy taken away with their game with Hedley. The summary of the games will be found later. The lacrosse game ended in a victory for Princeton by four goals to two. Keremeos who were sadly in need of training and playing eleven men to their opponents twelve for nearly three quarters put up a good fight. J. A. Brown played splendidly in goal for the home team and if it had not been for his timely saves the score would have been vastly different. In the evening a wrestling match took place at the centre between Clarence Eckland and three local men. Eckland guaranteeing to throw any five men in the district in one hour. John Jones, Sid Edwards and Jack Vader each took a hand and did very well staying with the champion for about ten minutes each before their shoulders were put to the mat. Eckland's partner was the last to wrestle, he staying twenty minutes this ending in a draw and incidentally ending the most successful celebration ever held at Keremeos. On behalf of the com-

mittees in charge we extend our heartfelt thanks to our many visitors for the splendid turnout and the great pleasure they gave in having them with us.

Mr. and Mrs. Smith of Hedley drove down Sunday and were the guests of Mr. and Mrs. R. C. Clarke. During their short stay they had the pleasure of visiting at the Willows and Mr. and Mrs. R. L. Cavston's. They returned to Hedley Monday after spending a very enjoyable time.

Mr. Hiram Ingles of White Lake paid the town a visit on Tuesday 20th.

Mr. and Mrs. Jones accompanied by Miss French of Hedley motored over to Keremeos last Thursday.

Word was received from Vancouver that Miss Ella Innis had to undergo an operation in the Vancouver hospital which has proved very successful we are pleased to say. Jim or Bob Innis hope to accompany her home for a long rest as soon as she is sufficiently strong enough to travel.

Miss Annie Innis left for Princeton for a few days on Monday.

The Similkameen Fruit Grower's Association met in the town hall at 7.30 on Monday. The following officers were elected. President, G. B. Clarke; vice-president, W. H. Quant; sec-treas. Donald McCallum; directors, R. C. Clarke, Geo. S. Tickell, W. H. Cameron, P. F. Quant and Albert Mattice. Much business was discussed in regard to the better handling of the fruit and vegetable crops. The directors decided to have a meeting at 7.30 Saturday next to lay out the work for the coming summer.

The Royal Commission of Agriculture will hold a session at Keremeos in the Town Hall on June 6th.

YOU WANT THE BEST IT ALWAYS PAYS BEST

There are Two Kinds of Printing

The one is turned out by the man who believes that anything goes, but the other by the one who values the reputation of his establishment too highly to allow any work to go out which will not do him credit.

There is just as good work being done in country offices as in the cities, and often as poor work in the cities as in the worst country shops

In Prices the country office can do just as well for you and you save the express. The city printer may get his stock a trifle cheaper by saving the local freight, but his rent and other overhead expenses are higher, and in the end he is obliged to charge as much or more than the country printer will charge for the same class of work.

THE HEDLEY GAZETTE

is prepared to do any kind of work that may come along. No order too small and none too large.
