Regular Meeting of City Council

Brief Meeting Deals With Minor Matters

The council met Tuesday evening in regular session, the only absentee being Ald. J. B. Knowles who is away at the coast. Only one or two minor items of business were up for consideration.

An application for water service from a resident on Bay avenue was refused owing to the distance from an existing main and the consequent heavy cost of installing.

The Occidental Fruit Co. made an application to purchase a portion of Block 42, for $200. This property had fallen to the city for delinquent taxes, and it was decided, before accepting the offer, to give the original owner one week to redeem the property if so desired for the same amount.

The Occidental Co. also asked permission to remove a portion of the sidewalk and put in two weigh scales, one to serve their new cannery and the other their fruit and vegetable shipping department. This was referred to the Public Works department. Enclosed with the latter communication was a document signed by the owners of property near the Occidental warehouse signifying their willingness to permit a railway track to be laid along the lane. A resolution was accordingly passed by the council granting the city's permission for the trackage needed.

The C.P.R. district superintendent wrote stating that the company was contemplating installing some form of water connection at the wharf for use in case of fire, and asking the cost of a 2-inch water connection.

The police report for the month showed only one case before the magistrate, that of a Chinaman in possession of opium.

The monthly milk tests were as follows: Norman Day 4.3; J. Birch 4.2; D. C. Middleton 4.2; R. Ritchie 4.1.

Ald. Duggan reported that arrangements were pending between the city and the Kelowna Sawmill Co. for the supply of sawdust and slabs during the year, and that a definite proposal would be made at the next meeting.

Repairs to Willow avenue, Water street and Beech avenue, were left in the hands of the Public Works committee.

It was decided to make some improvements to the footbridge over the creek on Water street, and it was arranged that the committee should pay a visit of inspection.

Ald. Meikle reported having consulted with the Fire Brigade regarding their complaint as to the obstruction of Water street by standing rigs and wagons. It was recommended that all the tie-posts be removed from the east side of the street so as to keep a clear track for the passage of the fire truck if necessary.

A proposal was approved to permit the canneries to run their cooling water directly to the lake, so as to avoid the necessity of enlarging the pipe giving them connection with the sewers.

Will Speak on Food Control

Mrs. Jean Muldrew, war food expert for the Canada Food Board, will address a public meeting in the Kelowna Board of Trade rooms on Thursday evening, April 11th, at 8 p.m.

Mrs. Muldrew is a speaker of wide experience and she is making a tour of the province in the interests of Greater Production and better Conservation of Foods. As she has been in close touch with the Food Control Board at Ottawa, she will be able to discuss with those present the new food regulations. This meeting is for both men and women.

In addition to the above meeting on the evening of the 11th, the Women's Institute is arranging to meet Mrs. Muldrew in special conference on the afternoon of the 12th, in the Prisoners' of War rooms, at 2.30. It is hoped that a large number will take advantage of this opportunity to hear discussion of the food question, which is daily becoming more serious.

Rutland News

(From our own Correspondent.)

Mrs. McGregor returned from Vancouver on Tuesday.

Miss K. Faris, who taught school here last year, spent the Easter vacation visiting friends in the district, and returns to the coast on Friday.

The Red X committee met at the home of Mrs. J. Plowman on Tuesday afternoon. Acknowledgment is made with hearty thanks of 17 pairs of socks from the G.E.C. (this applies to the younger ladies) and a bundle of old linen from Mrs. D. Hartley.

The Girls' Enterprise Club met at the home of W. H. Fleming on Tuesday. Various reports are to hand regarding the club's sale of work held last Saturday in the Prisoners of War room. That it was a gigantic success is certain, but the amount raised has soared to such a high amount, according to some, that we are afraid to trust the figures in print, and hope to give the exact amount later.

Mr. and Mrs. W. G. Schell and family left on Tuesday for Napenee Ont. They will be greatly missed in this district. Mr. Schell was presented with a travelling bag on Saturday evening in token of the esteem in which he was held and of regret at his departure

The Rutland Women's Institute will hold their meeting in the school on April 11th, at 3 p.m. This will be Red X afternoon. A good programme has been arranged and tea will be served by Mesdames Leithead and Fleming; proceeds for our Red X Material Fund. A collection will be taken as usual for the prisoners of war. Everyone is invited to attend.

Wilson Landing and Westside Notes

The land conditions have never been better than they are this spring.

The Kelowna Sawmill Co.'s camp has been removed to the summer site, and with its new additions has now quite an imposing appearance. It looks, with its newly erected buildings, more like a young city than a camp.

Mr. B. Kitson was a visitor at Cotvale on Sunday last.

The Messrs. Shaw have gone home to Peachland for the holidays. They entertained some callers on Friday afternoon last.

United Growers Dispute With Graham Co.

Judgment has been reserved by Mr. Justice Clement in the action brought by the Okanagan United Growers against the Graham Company and the Graham Company, Limited, of Belleville, Ont; for the recovery of $16,007.33, balance of an account alleged to be due by the defendants on the sale of a quantity of potatoes, onions and carrots as well as the value of some sacks which, it is claimed, should have been returned.

An agreement was entered into between the parties for the delivery by the plaintiffs of 5,000 tons of No. 1 white potatoes, and the plaintiffs' case was that the defendants had not paid for those already delivered and for the sacks which, it was stipulated, should have been sent back to the Okanagan United Growers.

In their defence, the Graham Company repudiated the claim and counter-claimed for $71,294.45. They alleged that the plaintiffs did not deliver the full amount agreed upon and that they were forced to purchase in another market and in that way suffered loss in the sum mentioned. The hearing of the action commenced some weeks ago and was adjourned until Friday morning when further evidence was given.

Mrs. Prowse and daughter left yesterday for Los Angeles where they intend to reside for the present.

Automobile and Good Roads Assn.

Successfully Launched at Meeting Tuesday

The Kelowna Automobile and Good Roads Association is now an accomplished fact, for with a membership of approximately 75, a number which will undoubtedly be increased in the next few weeks, a start was made at a preliminary organization meeting Tuesday afternoon.

The meeting was held in the court house, Mr. P. DuMoulin who was chairman of the Board of Trade committee which had charge of the initial steps, pending the election of permanent officers.

Mr. F. M. Buckland was unanimously elected first president, with J. D. Williams vice-president, and P. DuMoulin, A. L. Soames, S. T. Elliott, L. V. Rogers, D. H. Rattenbury, W. C. Renfrew and G. Monford as executive committee. The position of secretary-treasurer will be filled by Mr. J. W. B. Browne, who kindly undertook to perform his duties free until the association had a chance to get onto its feet.

It was arranged that a committee should meet Saturday next to draw up a suggested form of by-laws and constitution to be approved at a later meeting.

There was some discussion as to the objects of the association and the amount of the fee to be charged, which latter will be decided at the next meeting.

It was agreed that the first aim of the Association should be the improvement of roads, and in order to further this cause the Association should be thrown open to all users of the roads whether owners of automobiles or not. Another suggestion was the provision of finger posts and other road signs at necessary places, for the convenience of tourists.

It is probable that the Association will be linked up at as early a date as possible with similar organizations in other parts of the province.

The meeting ended with a vote of thanks to the committee which had taken care of the preliminary work.

Quebec Riots Result in Bloodshed

Opposition to the Military Service Act in Quebec has culminated during the week in serious rioting in Quebec city, and clashes between the military forces and the rebels have already resulted in the loss of many lives. The rioters have become possessed of arms by looting hardware stores and other means, and several pitched battles have been fought. Snipers fired at the soldiers from the doorways and behind snowbanks, the military replying with machine guns. Still further trouble seems inevitable, the disaffected element showing a decidedly ugly spirit.

Chickens should be hatched early this year so that they will mature on the fresh green stuffs of the summer season. Store feed is bound to be high this year.

One pair of rabbits in one year would increase to 2484 at the rate of six young ones per month, which is a very conservative rate, some young families numbering as high as thirteen. This is allowing for the elimination of surplus male bunnies as soon as they are big enough to eat. Rabbits can live on hay and get along very cheaply. They provide five pounds of meat when full grown.

A rate of 50 mills, or five cents on the dollar, was struck by the Chilliwack City Council in special session as being necessary to provide the required $25,000 for schools and general revenue for the ensuing year. The money is needed for the repair of streets and roads, and the meeting of payments an the bonded indebtedness of the city. The estimated valuation of the city property is $708,000 against which there is a bonded indebtedness of $225.000.

Standard Fruit Box For Whole of Canada

Fruit Convention Makes Important Recommendations

Some far-reaching effects on the fruit industry are looked for as results of the convention of fruit men which has just been held at Ottawa. The standardization of Canadian fruit boxes and packages, long urged in resolutions from all parts of the country, was successfully accomplished, along with other reforms which require only the endorsement of the government to put them into practice.

The American or Washington apple box, 18 x 10½ x 11½ inches, will henceforth be recognized all over Canada as the standard where boxes are used, the only exception being made in the case of export to countries which have fixed laws requiring a certain size of box. The barrel also is to be standardized, but that concerns us very little in the west, where boxes are used for apples exclusively.

Another reform dealt with the "Inspection and Sales Act." The grade known as "Fancy" is entirely eliminated, No. 1 taking the first place for fruit of the first quality. The standard of No. 2 was raised to permit only 15 per cent. of defective fruit instead of 20 per cent. as hitherto. A third grade to be known as "Domestic," was introduced to cater for a certain class of trade. As a concession to Nova Scotia shippers a No. 3 grade is to be allowed in addition to comprise apples too small for shipment in other ways, but which command a ready export market.

A standard was also fixed for peach, pear and prune crates, and a stipulation made that all packages should be properly filled at point of shipment, or be subject to rejection by fruit inspectors.

The convention was attended by delegates from all over the country, the B. C. contingent comprising President Barnes of the B. C. Fruitgrowers' Association, Vice-President J. E. Reekie of Kelowna, Prof. Clement of the University of B. C. and secretary of the Association, Mr. Geo. Chick of Kelowna and others.

Well-Known Couple Married Yesterday

KENNEDY—PETTIGREW

The marriage took place early yesterday morning at the home of the bride, of Mr. George N. Kennedy to Miss Ida Beatrice Pettigrew.

The affair was of a very quiet nature only the immediate relatives being present. The ceremony was performed by the Rev. D. E. Braden, at 7.30 in the morning, this early hour being chosen in order to allow the happy couple to catch the north bound boat. They will spend the honeymoon at the coast and on their return will reside on Richter street.

Both contracting parties are well-known in the district. The bride is a member of a well-known Kelowna family. The bridegroom returned last fall wounded from service in the trenches, and has since acquired an interest in the livery business of the Max Jenkins Co.

The wife and child of Mr. Trodden in charge of the Customs Office arrived this week from Ottawa.

Mr. F. Carruthers a brother of Mr. E. M. Carruthers and Mrs. E. Murdoch, arrived yesterday from China on a short visit.

A theft of a suit of clothes from Lawson's store was pulled off so neatly and cleverly last Saturday that although suspicion rests on certain parties it has not yet been possible to bring the offence home to them. Two Chinamen who had been around several times during the day were arrested and charged but through lack of evidence were dismissed. In searching their persons, however, one of them was found to be in posession of opium, and for this he was fined $25 and costs.

Fire in the Orpheum Theatre at Vancouver Monday night did damago te the extent of $25,000. A performance was in progress at the time, but all the audience got away safely without panic.

Was First White Family to Settle in District

Only One Survivor of Original Lawrence Family

Another link with the very earliest history of the Kelowna district was severed almost unnoticed a month or two ago by the death at Kamloops of Joseph Lawrence, a former resident here, at the age of sixty-three.

It is close upon sixty years ago since this same Joseph Lawrence, along with his father Cyprian Lawrence, and an uncle Theodore Lawrence, first entered the Okanagan—the first white people, so far as is known, to settle here. The land they took up is next to the old Mission Ranch and is now divided between Messrs. Casorso and T. Renwick.

The Catholic missionaries, the Oblate Fathers, came in the same year first taking up the Simpson and Postill ranches but later moving to the Mission Ranch.

Cyprian Lawrence, the father of the recently deceased Joseph, lived only a few years, his death happening under circumstances which have remained more or less of a mystery ever since. He was found dead on the road near what is now Renwick's place. His brother, Theodore, then already an old man, lived a few years longer, reaching the age of 82.

Thus Joseph Lawrence only a boy was left to earn his own living, which he did by packing over the Hope Mountain trail, then the only means of getting in goods from the outside world. When the Lequime started their store at the Mission he would make the trip with his pack train three or four times a year. For twenty-five years he continued this, until the construction of a road from the north and later still a railroad from the north rendered his occupation unnecessary.

Joseph Lawrence had two sisters, one of whom became Mrs. Dan Nicholson, former owner of the Bankhead and Pridham properties. Dan Nicholson is yet alive and now up north in the Cariboo, but his wife died some fourteen years ago. The second sister is Mrs. Joseph Saucier, now the only surviving member of the Lawrence family. Mrs. Saucier, who is a regular visitor to town preserves many interesting memories of the old pioneers, and of the days before Kelowna was thought of as a city.

Pete Moore Talks of Silos

All the dairy farmers in the province know P. H. Moore, superintendent of the Colony Farm and many in the Kelowna district heard him speak at the B. C. Dairymen's convention held last summer. The following is a brief summary from a recent article of his published in the Daily Province:—

"Happy is the dairyman who today finds himself in posession of a silo. The silo stood the test when mill feeds ranged from $22 to $30 per ton. It is not the matter of prices which concerns the feeder to-day, the question is whether he can procure grain feed of any description. There should be a silo on every farm, large or small. The silo was not only meant for the corn but it is equally useful for alfalfa, clover, oats, peas and vetches &c. Ask the men who have silos if they would do without them now. They need not be expensive articles to construct. For full particulars get Bulletin 66, 'Silos and Silage', and plan to build and fill a silo this year.

H. Weatherall left yesterday for Hamilton, Ont.

Mr. C. H. Cordy of Summerland was in town this week.

Miss Blackwood was a passenger to Hamilton, Ont., yesterday.

Miss Russell's Classes recommence April the 7th. The usual English branches. Modern languages if necessary, Painting and other Arts and Crafts. Individual tuition for one or backward children. Particulars on application. Address Kelowna Post Office. 19-0

The entire Turkish forces in the Hit area in Mesopotamia have been captured or destroyed by the British, the war office announces. Three thousand prisoners were taken.

Four More of the Boys Come Home

A party of four more returned overseas men came in last Thursday. A. Gibb, formerly night constable, was one of the 172nd men, and has been returned owing to persistent rheumatism. J. Plant was with the Forestry Battalion. Pete Smith, a well-known local chauffeur, went over with the Foresters but was transferred in England to the transport service. He was unable, however, to pass the medical examination to enable him to get over to France. Fred. Bussell, who left Kelowna early in the war, is a victim of trench fever, recovery from which is a slow process.

First Drive of German Offensive Halted

War dispatches detail only local actions of minor importance. Field Martial Hindenburg is apparently content to hold what he has won until heavy artillery arrives and to recuperate the badly shattered divisions. There is continued digging in at some points. Shelling of Arras and St. Pol indicates preparations to break through in the neighborhood of Arras. A complete checking of the German advance renders possible a comprehension of the stupendous nature of the enemy's offensive plan. It comprised three giant simultaneous thrusts towards three important railway, industrial and political points. The right wing was sent against Arras, the centre against Amiens and the left Paris. It is now checked at all three points.

Mrs. Boyce returned this week from Vernon and will spend the next few months in town.

To avoid complications or overlapping in connection with the organizing of women and girls for fruit picking and other farm work in British Columbia, Miss Gertrude M. Perry, National Service Secretary, has asked the Kelowna Women's Institute to register the local help, and the following committee was appointed at the last meeting of the Institute: Miss Reekie, Mrs. W. Haug and Miss G. Hunter. Women or girls wishing to enroll for this work may hand their names to the committee.

Subscribers at the regular rate can have extra papers mailed to friends at a distance at HALF RATE, i.e., 75 cents per year.
This special privilege is granted for the purpose of advertising the city and district.

All changes in contract advertisements must be in the hands of the printer by Tuesday evening to ensure publication in the next issue.

Calling up Men of "B" Category

Responding to a demand from the military authorities, the military service council has decided to call up for service men in medical category "B" under the Military Service Act. Category "B" men are liable for overseas, but not for combatant service. They are being called out because of the necessity of securing more men for railway construction and similar service.

"A military demand for men for railway construction and other similar work has arisen and it is therefore become necessary to draft all men in medical category "B" in respect of whom no other grounds for exemption exist" says the official memorandum.

"The military service council is therefore issuing instructions to registrars to take immediate steps to call up such men. Under the procedure heretofore adopted, questions arising in regard to the exemption of men in medical category "B" on other grounds were posted until men in the same category should be called up, and these men as well as their employers and relatives will therefore be given an opportunity of presenting claims for their exemption.

The applicant for exemption will be required to state his case before the tribunals and if the claim is disallowed the machinery for appeals will be the same as formerly. It will probably be a couple of months before the class would actually be called to the colors.

According to the classification of in class one affected by the Military Service Act, the B.C registrar's records show that there are in the province 1440 "B" men, 1102 in class "C", 298 class "D" and 2962 in class "E".

French General to Command West Front

The French and British governments, according to the Morning Post, have decided to appoint General Foch commander of the Allied armies on the western front during the present operations.

The step was taken, the paper says, in order to obviate the difficulties due to the mixing up of British and French troops on various parts of the line.

Field Martial Haig, it is said, concurs fully in the appointment of General Foch.

This means the unification of all the armies opposing the Germans a step which the American and French military men long have urged and which apparently has been brought about by recognition of the imperative demand of concentrated effort to hurl back the gigantic thrust of the enemy in France.

That there are nine hundred schools which are empty from lack of teachers is the statement of Mrs. Nellie McClung, who is in B.C. for the purpose of recruiting members of the teaching profession to fill the vacancies.

Five hundred Siamese aviators are being trained for service in Europe as Siam's contribution to democracy's armies, according to Frank D. Arnold, former American charge d'affaires at Bangkok, Siam, who was in San Francisco last week. He says the Siamese make excellent aviators.

Orders for Local Scouts

Kelowna Troop
Troop First; Self Last

Edited by Pioneer. April 2, 1918

ORDERS by command for week ending April 13, 1918.

DUTIES: Orderly patrol for week Beavers; next for duty, the Wolves.

PARADES: The combined troop will parade at the clubroom on Wed. and Sat. April 10th and 13th at 7.15 and 2.15 respectively. The combined troop will parade at the exhibition building on Friday the 12th inst., at 7.30 p.m.

* * *

Scout A. Clarence of the Wolves passed his second-class ambulance test on Friday, March 29.

Recruit W. Walker is attached to the troop and posted to the Wolf Patrol for instruction.

Scouts E. Small and E. Hunter of the Otters left town for their first-class hike on Easter Monday with a Shetland pony as a pack horse, carrying grub and other impedimenta. At the time of writing we have not heard whether they returned or not, so they have evidently had the hike at any rate.

* * *

The Sons of England have very generously come to our rescue with regard to a piano, and have loaned us theirs for a month. We appreciate their kindness very much indeed, and wish to thank Mr. Lee and his committee for their assistance to us.

We also wish to thank Mr. Cunningham very much for moving the piano to the club room for us, which is another saving of expense.

We also wish to thank Mr. R. F. Morrison for letting us have the use of his hall and piano last week for our first rehearsal of songs for the concert. As we have now been able to secure a piano, all future rehearsals will be held at our clubroom which is a great saving of time and trouble to us.

* * *

Owing to the weather looking so threatening early on Saturday morning last, the hike to Crawford Falls for that day was called off, and took place on Easter Monday instead. The troop was only 14 strong on this hike, and it is to be regretted there was not a better turn out as it was such a fine day, but it is the misfortune of those who did not attend. We left the clubroom at 8.15 and reached the falls in two and a half hours. We left the falls at a quarter to 2 and arrived in town again shortly before 4. There is quite a bit of frost in the ground at the falls and as a result of this there were many impromptu slides in getting down below the falls and to the creek bottom. There was just enough frost out of the ground to make the surface loose and slippery.

Re-opening of Southend Store

Mr. L. O. Brown has leased the O.K. Lumber Co store at the south end of Pendozi street, and will open with a fresh stock of Staple Groceries, Flour, Feed, &c., on or about Saturday, April 13th.

The business will be conducted on the strictly Cash and Carry system, though arrangements will be made by which those so desiring, may have their goods delivered at a small additional expense.

While not desiring to be known as a cheap, cut-price store, the long established and undeniable accommodation and luxury of Credit and Delivery must be taken into consideration, and allowance will be made by reducing the price of the goods as much as possible.

This business will be entirely separate from the O.K. Lumber Co., though I am still acting as secretary, and will continue to look after the interests of that company.

The store has been opened with the idea of accommodating the residents of the south end of the city and surrounding districts, and I trust the public will find it an accommodation and favor me with a goodly share of patronage.

L. O. BROWN.

Electricity is generated by a windmill so successfully at a German technical school that it is estimated that a similar plant could supply light and water for 100 persons at a cost of $125 a year.

How Forests Assist the Mines

The oil flotation process for the treatment of metalliferous ores has been discussed a great deal of late, because by this process even very low grade ores can be profitably mined while the returns from high-grade ores are increased. This process demands the use of a wood oil, pine oil from the southern pine forests of the United States, and the demand there is so great that the oil is almost unobtainable in anada.

In this situation some of the mining companies applied to the Minister of the Interior, who, through the Forestry Branch, started the chemists of the forest production laboratories to work to find whether pine oil could be procured in this country. After eight months' work it was discovered that not only could pine oil be made in Canada but also that a much less expensive oil being produced daily as a by-product in wood distillation could be used successfully in the oil flotation process. This means that Canadian reduction plants are now independent of oil supplies from the United States. and it is one of the many proofs of the advantage of having a government laboratory assist the producers of the country in increasing the output of material, especially at this time when everything calls for increased production that Canada may fully do her part in the war.

The C.P.R., in order to make their train schedule between Canada and the United States conform to the daylight saving scheme introduced in the United States, will hold all its trains one hour at the border. The new regulation came into effect Monday, April 1st, but it is expected that in a very short time Canada will see a similar bill put into effect.

A request has been received by cable from the overseas authorities for the immediate organization and despatch overseas of a Canadian tank battalion, consisting of 87 officers and 700 other ranks, a certain proportion of whom must have certain technical experience and mechanical qualifications. Lieut.-Col. R. L. Denison, late 8th Battalion, C.E.F., and lately commanding the Machine Gun Corps in Canada, has been selected to command the unit.

NOTICE

In the matter of the estate of Rembler Paul, late of Kelowna, in the province of British Columbia, deceased.

Notice is hereby given that all creditors or other persons having any claim or demand against the estate of the above deceased, who died on the 18th day of November, 1916, and Probate of whose Will was on the 31st day of October, 1917 granted to The Royal Trust Company, are required to send in their claims to The Royal Trust Company, 732, Dunsmuir Street, Vancouver, B.C., the executor of the estate, on or before the Tenth day of April, 1918, after which date the estate will be dealt with having regard only to the claims and demands then received.

Any claim over $5 must be verified by statutory declaration.

R. B. KERR,
of 7, Rowcliffe Block, Kelowna, B.C.,
16-0 Solicitor for the Executor.

LAND REGISTRY ACT

Re Block 35, Map 462, City of Kelowna

NOTICE is hereby given that I shall at the expiration of one month from the date of the first publication hereof issue a Certificate of Indefeasible Title to the above mentioned lands in the name of the Royal Trust Company (Trustee) unless in the meantime valid objection is made to me in writing. The holder of the following documents relating to said lands, namely:

1. Release, dated 14th day of July, 1894, of Mortgage, S. McI. F. McIver Campbell to Leon Lequime of one half interest in Block 35, Map 462.
2. Deed, dated 2nd July, 1894, Bernard and Leon Lequime to William Haug of Block 35, Map 462.
3. Mortgage, dated 4th July, 1894, William Haug to Thomas Willing Stirling of Block 35, Map 462, and RELEASE of said Mortgage dated November 5th, 1895.

J. C. STOCKWELL - Keller Block

Printed Butter Wrappers

According to the new Dominion Government regulations all farmers who sell butter either to the stores or privately, are required to have it properly covered in a wrapper on which MUST appear in prominent letters the words "DAIRY BUTTER." The fact is also emphasized that all butter in such packages must be of the full net weight of sixteen ounces, and in default of same a fine of from $10 to $30 for each offence is imposed. Whey butter must be so labelled even when mixed with dairy butter, and dairy butter retains its label though it be mixed with the creamery product.

You can be supplied with neatly-printed wrappers for your butter at the Kelowna Record Office, for the following prices:

100	PAPER & PRINTING INCLUDED	$1.50
200	" "	2.00
500	" "	3.15
1000	" "	4.50

These prices include Both the Paper, which is the best obtainable for the purpose, and the Printing of same. Please note this.

Owing to the extraordinary rise in the price of butter parchment (which has gone up over 100 per cent) we have been reluctantly obliged to raise our prices slightly. Nearly all this paper was previously manufactured in Belgium, and needless to say this supply has been entirely cut off. Unfortunately there is no guarantee against further increases, indeed, they are more than likely.

Kelowna Record

TOWN AND COUNTRY NOTES

Mrs. A. H. Johnson left Monday for Calgary.

Mrs. Ambler, Mr. Lock and Frank Fumerton were passengers to Vancouver Monday.

Mr. and Mrs. Ives left Tuesday for Notch Hill after a visit to Kelowna.

Mr. and Mrs. W. G. Schell left Tuesday morning for Napanee, Ont.

Mr. E. D. Harvey left Tuesday on a visit to Saskatoon.

Miss E. Wood of the school staff left Saturday morning to spend her Easter vacation at Salmon Arm.

Mr. W. H. Rice who has been spending the winter in California, was in town this week. He is leaving shortly for Alberta.

The Rev. D. E. Hatt who is now connected with the Y.M.C.A. work, was in town last week for a few days.

Mr. J. Harvey who has resigned his position of assistant engineer at the Vernon power station, has been home for a while before leaving to assume new duties at Penticton.

Last Friday forenoon the Fire Brigade were called out to a blaze which had started to rear of the "Garth" on Ellis St.—or rather the "Green Tea Room" as it is now. A fire built to consume rubbish got beyond bounds in the wind and set fire to a small shed. It was extinguished, however, with little damage.

Next Sunday morning in the Baptist church the Rev. W. Arnold Bennett will preach on "Strengthening the things which remain." In the evening his topic will be "To a Soul inquiring after Jesus." After the morning service the Sacrament of the Lord's Supper will be administered.

Holiday makers on Good Friday were favoured with an almost perfect day, the bright hot sun which lasted all day making things feel more like summer than early spring. Before the following morning, however, the scene had changed, one of those rapid changes for which March is famous. A chilly storm blew up from the north, the violent wind overturning some of the things not too well secured to the earth, and bringing down a few trees here and there.

Dr. Davidson, of Vancouver, was a visitor in town last week-end.

A whist drive is to be held in the Prisoners of War room tomorrow night, April 5th. Will the ladies who took the tablecloths home to wash kindly return same to the room in time for the drive?

Miss Turnbull was a visitor from Vernon last weekend.

The Wolf Cubs to the number of about 30 had an enjoyable "hike" last Friday, crossing the lake on the ferry and tramping toward Westbank as far as Silver Leaf Creek.

Rae Ritchie left this week on a visit to Vancouver.

A party of officials of the C.P.R. are holding a conference in town today with members of the Board of Trade and representatives from the different shipping concerns.

Messrs. Reekie and Chick returned from their visit to Ottawa Monday.

Miss Lawrence left Thursday for a few days visit to the coast.

Miss H. McArthur left for Vancouver Thursday.

Mr. J. Kincaid left Saturday for Kamloops.

Mrs. H. Jenkins went up Saturday on a visit to Enderby.

Messrs. T. C. Macnabb and D. Rois of the C. P. R. were in Kelowna last weekend on an inspection visit, leaving Saturday.

Mr. Elmer Bigger returned Monday from Calgary where he has been visiting. Mrs. Bigger will rethere for a few months.

Miss Dorothy Evans who is teaching at Osoyoos, is spending her Easter vacation in Kelowna.

Mr. and Mrs. D. Priestley who have been spending the past few months at the coast returned home this week.

Mr. Pease of Westbank returned this week from a visi to the coast.

Mr. and Mrs. T. O. Hemming returned a few days ago from Vancouver, where they have spent the past few months.

Mrs. C. C. Fordham with Miss Jardine of Okanagan Mission school left Friday for a visit to Halcyon.

Miss Pennell of the Dominion telegraph office has been moved to Kamloops. Miss Emma Millie will remain in charge of the local branch.

Mr. W. T. Fallis left Saturday morning for Rocanville, Sask, where he and his sons intend to resume prairie farming for a time. Mr. Fallis came here from Saskatchewan a few years ago and it was with great regret that his many friends heard of his decision to go back again. They take comfort however from the fact that he is retaining his property here, and expects to be back again in two or three years.

Okanagan Ambulance League

During the past month the following articles were sent to Red X Headquarters: 46 suits of pyjamas, 2 pyjama coats, 42 shirts, 42 ties, 71 stretcher caps, 36 personal property bags, 138 pairs of socks, 158 face cloths, 1 pair bed socks, 12 handkerchiefs, 12 surgeons gowns, 2 pillows. Of the above Benvoulin contributed: 27 pairs socks, 6 personal property bags, 45 stretcher caps, 13 surgeons operating gowns, 12 handkerchiefs; the Mission: 11 suits pyjamas, 8 stretcher caps, 2 pairs socks, 1 pair bed socks; Westbank: 11 pairs socks.

The following contributions are gratefully acknowledged: Mrs. Binger, 2 pairs socks; Miss Lees, 1 pair sock. The League takes this opportunity to thank Miss Glenn for the ties she is making for the day shirts.

Cash contributions are as follows: J. Ball $1, Mrs. Burne $2, Mrs. Denison $5, Mrs. Wilson $2, Members' fees $1, Ellison Girls Club $43, Miss Jones $5, Mrs. McCarthy $5, Mrs. Brent (Raffle of picture) $12, Mrs. McPhee $3, Prisoners of War Fund $51.75, Mrs. Rowcliffe $2, Balance from February $62.18, making a total of $194.93. Expenses for the month amounted to $219.17, leaving in hand a deficit of $24.24.

THE ENTERPRISE CLUB

The Enterprise Club are certainly hustlers—
They work day and night for our war-worn tustlers;
They meet every Tuesday, to work and to talk,
Though sometimes it is a long way to walk.

The socks they knit are so cosy and neat,
They are balm to Tommy's poor weary feet;—
Of vermin suits, too, they make a great lot,
Which are certainly "comfy" when the weather is not.

They stage entertainments and make a fine show,
So you're only too glad to part with your "dough."
They've so much charming talent, their members among
You feel, when you hear them, exceeding young.

Just a few days ago they'd a tea and bazaar
For the Red Cross Fund and the Prisoners of War;
Their success was surprising, all records they broke,
And they well merit praise for this marvellous stroke.

(Of wondrous good luck, as some it would call,—
Which it really was not—no! not at all.)

So here's to the girls of the R.E.C.—
The zealous young maidens of Rutland, B.C.,
Who at one stroke of their own willing hands
Made ninety-five dollars for the war-weary bands.

—Contributed.

The latest official statement shows that 41,644 class "A" men have been made available under the Act.

AFTER SICKNESS THEY GAVE HER VINOL

And She Soon Got Back Her Strength

New Castle, Ind.—"The measles left me run down, no appetite, could not rest at night, and I took a severe cold which settled on my lungs, so I was unable to keep about my housework. My doctor advised me to take Vinol, and six bottles restored my health so I do all my housework, including washing. Vinol is the best medicine I ever used."—Alice Record, 437 So. 11th St., New Castle, Ind.

We guarantee this wonderful cod liver and iron tonic, Vinol, for all weak, run-down, nervous conditions.

Another Prophecy of the Great War

The following translation of an article in a Danish newspaper which, at any rate shows what exceedingly able seers lived at Vismar 200 years ago.

At the breaking down of a wall in the Monastry of the Holy Ghost at Vismar (a city on the island of Gothland in the Baltic sea) a 200 year-old prophecy of the war has been found. The prophecy, which was written on parchment by a monk in the year of 1701, is now kept in the town hall of Vismar. The manuscript reads: "Europe will some day, when the Pope is vacant, meet with a fearful punishment. Seven nations will turn themselves against a bird with two heads. The bird will defend itself with wings and talons. A monarch who always mounts his horse from the wrong side shall be surrounded by a wall of foes. It will be a tough struggle against east and west, and the lives of many shall be lost.

"War chariots shall roll forward without horses and fire dragons shall fly through the air and spew fire and sulphur and destroy towns. Mankind will not listen to the forboding of God and He shall turn away from them. The war shall last three years and five months. Starvation and disease will follow.

"Bread will be controlled and distributed among the people. Men will be lurking at the bottom of the sea for prey. The war will start when the corn is ripening in the fields and reach its maximum pitch when the cherry trees are blooming for the third time. Peace will be obtained about Christmas.

WATER NOTICE

DIVERSION AND USE

TAKE NOTICE that J. H. Kitson, whose address is P. O. Box 180, Kelowna, B. C., will apply for a license to take and use 500 gallons per day of water out of Unnamed Spring, which sinks underground and is situated near the North-West Corner Post Lot 3111. The water will be diverted from the stream at Spring 200 feet North of North-West Corner Post of Lot 3111, and will be used for Domestic purposes upon the land described as North West 80 acres of District Lot 2924. This notice was posted on the ground on the 12th day of March, 1918. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is March 14th, 1918.

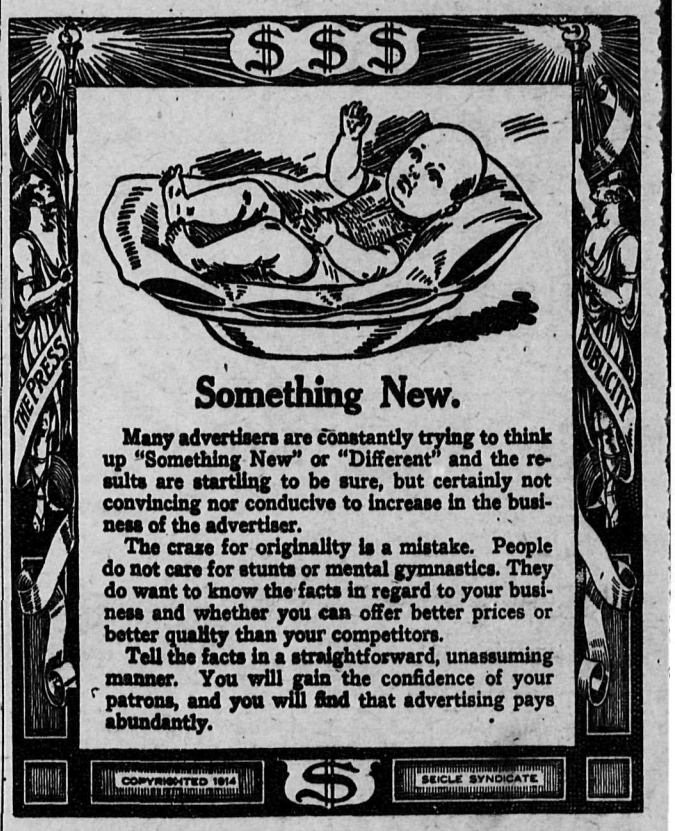
The McKenzie Co., Ld.



Something New.

Many advertisers are constantly trying to think up "Something New" or "Different" and the results are startling to be sure, but certainly not convincing nor conducive to increase in the business of the advertiser.

The craze for originality is a mistake. People do not care for stunts or mental gymnastics. They do want to know the facts in regard to your business and whether you can offer better prices or better quality than your competitors.

Tell the facts in a straightforward, unassuming manner. You will gain the confidence of your patrons, and you will find that advertising pays abundantly.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon territory, the Northwest Territories, and a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for the lease must be made by the applicant in person to the Agent or Sub-agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY.
Deputy Minister of the Interior.
