City Council Will Be Held Responsible

M. Bornaes Delivers Ultimatum Regarding His Creekside Property

A very short meeting sufficed Friday last for all business before the city council.

Mr. Alcide Bornaes, who for some time past has periodically worried the council without success to undertake some protective work on the banks of the creek near his new house sent what he declared was a final notice to the council, that he would hold them responsible in case of any damage.

"Your attention," he wrote, "has already been drawn to the fact that Mill Creek is a menace to my properties on Pendozi street. The water is actually undermining the bank of the above mentioned lot, and in the case of a flood it would, if nothing be done, constitute an immediate danger to the rear part of the said lot where wood shed is standing. Therefore take notice that in case of damages to my properties through the neglect of the city council in fixing the bank of the creek . . . and that if the council still obstinately refuses to do anything to keep Mill creek in its course at that point, and thereby allows damages to be caused my properties in case of flood, that I intend and will hold the city council of Kelowna, B.C. responsible for all damages.

Even this dire threat failed to move the stony-hearted council and the letter was filed.

Alderman Adams reported that at a meeting of the Light and Water committee held on the 12th inst. the several applications for the position of engineer at the power house, vacated by Mr. Hirst had been considered, and it had been decided to engage Mr. J. L. Wilson at a monthly salary of \$100. It was also decided to give Messrs. Freeman and Varny two weeks holiday each, during which time their work would be done by A. W. Andrews. B. M. Hill's salary was cut to \$90 per month from June 15th, and A. W. Andrews was notified that there would be no further need of his services after July 1st.

In reply to a question by Alderman Baymer, Alderman Sutherland said Mr. Hill's services could not be dispensed with, without engaging another man.

Alderman Copeland asked if there was any money available for street work, a query which brought broad smiles to the faces of the finance committee. Nevertheless, the chairman of the Board of Works persisted that it was very necessary after the rainy weather to put the split log drag out a little in order to fill up the ruts. Water street north, and one or two other streets needed gravelling or they would certainly out through this year, and he did not think the city could afford to allow that. There was also a piece of road near the Growers' Exchange which needed fixing.

Alderman Sutherland said that no money could possibly be available for new work of any description until after the taxes were received, and that even general maintenance and repairs would have to be kept at a minimum.

It was estimated that a man and team for six days with the split log drag would do all that was required, and it was decided to sanction this expenditure.

Alderman Battenbury stated that he had been informed by the Chief of Police that the complaint of Mr. Galbraith in reference to the Steam Laundry running dirty water into the lake had been investigated by him, and the laundry was apparently disposing of the water in accordance with instructions from the Medical Health officer.

The following accounts were passed for payments:

W. H. Paisley, hauling rubbish	\$ 4.00
A. J. Jones, refund	25.00
Oxford Grill, special's meals	7.00
H. Newby, prisoner's duty	6.00
S. D. Colquette, salary	150.00
F. B. Hirst, salary (in full)	156.18
E. Fowler, salary	110.00
F. Varny, salary	85.00
E. Freeman, salary	85.00
B. M. Hill, salary	100.00
A. W. Andrews, work at power house	52.00
G. H. Dunn, salary	160.66
F. V. Royle, salary	110.00
P. T. Dunn, salary	100.00

Fire Brigade Receive Two Calls in Week

The screech of the fire alarm startled the city early last Saturday afternoon and for a while there was an excited scurry to and fro of automobiles and rigs, and some hair-breadth escapes by pedestrians and dogs. Mr. John Levitt's well-known quadruped which is doomed to go through the rest of its life minus its rear fly-flicker, due to an accident with some falling timbers, nearly lost another considerable chunk of its anatomy when in the hubbub McKenzie's truck passed over its neck. "Prince" arose with difficulty, gasped a few times, and then retired for a rest-up, fortunately emerging next day little the worse for the mishap. Meanwhile the motor fire engine with a long train of miscellaneous automobiles, rigs and bicycles set out pell-mell for Elliott avenue, where a defective chimney in the home of J. Thruswell was found to have started a small fire in the roof. This was quickly extinguished with a chemical tank. No great amount of damage was done.

For the second time within the week the fire brigade were called out in the early hours of this morning, to an outbreak at the livery barn of Mr. Robson, at the rear of the Lakeview Hotel. The fire was first noticed by the night man at Max Jenkin's barn opposite and running across he found the hay in one of the mangers burning. He awoke Mr. Robson's man who was sleeping in the front office and together they got out the horses and then extinguished the fire with an ordinary hose. Thinking all the trouble was over the night man from Jenkin's barn was on his way back when he noticed that the shed to the rear of the barn was in flames and he immediately telephoned an alarm to the brigade.

The flames had secured a good hold before the brigade arrived, but they speedily had them under control, not however before three or four buggies and cutters were destroyed. The shed itself was of little value and was not insured, but the contents were covered.

Dr. C. W. Dickson has this week received his commission as Justice of Peace for the Ellison district.

Mr. James Whittup has donated to the Kelowna Farmers' Institute library eight volumes containing reports of the Ontario Fruit Growers' Association and Entomological Society. These books are very interesting and instructive to fruit growers.

Miss Nora Castle, niece of Mr. H. H. Millie arrived Saturday last from London, England, and will take up her residence here. Miss Castle had a most exciting trip across the Atlantic. She left London, May 7th by C. P. R. line, the day following the sinking of the Lusitania, over the scene of which they passed. The sea was strewn for miles around with the wreckage of the great liner. The passengers counted no less than eight wrecked boats, and in one which they passed quite close could be plainly seen the dead body of a baby. Owing to the presence of more submarines they dared not stop to pick up this or others of the many bodies floating around.

R. W. Thomas, salary	115.00
Albert Gibb, salary	85.00
James Patterson, salary	65.00
F. Swainson, salary	85.00
G. Babilie, salary	70.00
E. Weddell, salary	62.50
W. Sabine, salary	97.29
J. A. Bigger, salary	5.00
A. R. Davy, salary	125.00
Dr. H. L. A. Keller, rent	27.50
H. I. Johnston, rent	40.00
Kelowna Tennis Club, refund	9.00
L. McKillican, hauling wood	60.65
Harry Dillon, street watering	36.00
Jas. Copeland, street watering	33.75
Stewart Bros. Nursery, trees	37.10
Burbank Motor Co, supplies	9.60
H. Harrison, elec. light work	7.00
G. Dowley, hauling wood	61.00
G. Markham, cleaning	12.00
S. N. Simpson, fire dept. work	1.50

The clerk was instructed not to charge ratepayers with street watering for the months of April and May.

Boy Scouts' Clever Entertainment

Brave Young Scout Gets Special Medal for Merit

The Kelowna troop of Boy Scouts has made remarkable strides during the past year, both in numbers and quality under the leadership of Scoutmaster E. C. Weddell, and the entertainment given in the Opera House last Friday night gave evidence that they possess considerable talent also. The entertainment was of a miscellaneous character and included also the presentation of a number of medals and badges by the Hon. and Rev. T. R. Henage, assistant commissioner for British Columbia. The fact that the hall was filled to the doors was ample testimony to the growing popularity of the movement in Kelowna.

The program opened with a solo, "Boys Be Prepared," by Second Tommy Snashall, in the chorus of which the troop lustily joined. This was followed by a "Parallel Bars" exhibition by eight of the troop, some very clever feats being performed.

The next item was a Staff Drill with a solo, "Bonny Jean" by Scout H. Tutt and chorus. The musical items were all accompanied on the piano-forte by Mrs. Thayer, valuable assistance in training having been rendered by Miss E. P. Duthie.

The Thayer brothers received well-merited applause for a club swinging exhibition and Scout R. Leckie sang "There's a Land."

An amusing sketch "The Dentist's Den," very cleverly carried out provoked roars of laughter from the audience. The characters were Mr. Grabbit, a dentist (Patrol Leader H. Spawley); Mr. Jenkins, his pupil, very anxious to perform his first operation and very anxious to get out of the serious fix into which it led him, (Patrol Leader F. Buck); Mr. Smith, the victim (Troop Leader R. Keller); Sam, the "Buttons," (Second B. Patterson).

After a brief interval, the whole troop gave an exhibition of marching, with a chorus, the ease with which they carried out most difficult figures and turns being freely applauded.

Following a gymnastic drill, the ceremony of presenting the medal and badge was conducted by Mr. Henage. The first scout to be thus honored was Second Bob Thayer, who received a medal of merit for a strikingly brave and self-sacrificing action last summer. The incident will no doubt be remembered. During a motor boat trip on the lake little Aileen Armstrong, daughter of Mr. Fred Armstrong had almost the whole of her scalp torn off when her hair accidentally caught in the fly-wheel of the engine. Skin grafting became necessary and Boy Thayer showed himself a true scout of the noblest kind by volunteering and actually undergoing the excruciating torture of having over thirty square inches of his skin removed to be grafted on the poor girl's injured head. Someone reported the incident to Victoria, and from there it was brought to the notice of the Chief Scout for Canada, H. R. H. the Duke of Connaught. The Duke was strongly impressed with the boy's bravery and declared it was one of the most unselfish acts he had ever heard of. He awarded the medal presented by Mr. Henage, whose recital of the circumstances was received with the

(Continued on Page 6.)

STOCKS-BOURNE

The marriage took place last Thursday afternoon at St. Michael's church of Mr. Lumb Stocks, of Kelowna, to Miss Marion Inez Bourne, daughter of J. C. Bourne, Esq., and Mrs. Bourne of Cole Park, Twickenham, London, England. The bride, who only recently arrived from England was given away by Mr. M. B. Stocks, brother of the bridegroom, the bridesmaids being Miss Stocks, and Miss E. Stocks. Mr. Harold Tod Boyd acted as best man. The ceremony was performed by the Rev. Philip Stocks, M.A., father of the bridegroom, assisted by the Rev. Thos. Greene. The honeymoon was spent in a week-end launch trip up the lake.

The newly married couple will reside on Sutherland avenue.

Private Mitchell, Pringle and McLennan, who have been in training with the squad here for the past few weeks are leaving tomorrow morning for Kamloops, from which place they will be sent to various points where bridge guarding is being carried on.

Mayor Jones has recently been taking up with the militia authorities at Ottawa the advisability of establishing a camp for interned aliens at Kelowna, thereby relieving the pressure on the two existing camps at Nanaimo and Vernon. The matter was laid before the minister of Justice and General Otter, but so far the authorities feel disinclined to increase the number of camps, and consequently the expense. Correspondence, however is still proceeding.

Mr. W. G. Benson has been appointed a notary public.

Mr. and Mrs. C. G. Buck left last Thursday morning for a visit to eastern Canada and New York.

Mrs. Byron McDonald will not receive on Tuesday, June 1st, no again this season.

Mr. and Mrs. Smith, the colored lady and gentleman who have been engaged as help for some time past at the home of Dr. Boyce left this morning with their funny little pickaninny, born in Kelowna, to return to their former home at Barbadoes.

On Sunday, June 13th the Oddfellows will pay their annual visit to the cemetery to place their remembrances upon the graves of their departed brethren. The lodge is anxious to secure the names of all Oddfellows buried there, and relatives or friends will confer a favor by communicating with Reid Johnson at the C.P.R. telegraph office.

BIRTH

TRENCH.—On Thursday, May 27th, to Mr. and Mrs. W. R. Trench, a daughter.

Italy Takes Stand on Side of Allies

Victorious in First Clashes with Austrian Forces

Sunday, May 23, 1915, will go down in history as one of the most important days of the great European conflict. On that day Italy outraged by the overbearing conduct of the Austrian nation, formally declared war on her former ally, after months of diplomatic negotiations in which every endeavor was made to patch up differences and remain neutral in the greatest of wars the world has ever known.

Italy is not unprepared. During the time that negotiations were going on the nation has been preparing daily, leaving apparently nothing undone towards being in a position to strike hard when it became necessary. A strict censorship has been instituted, but in the first clashes between the Italians and Austrians it is reported that the former have been completely successful. The Italian fleet is instituting a blockade of Adriatic ports.

Public interest has been diverted somewhat during the past week from the actual war by the course of political events in the old country, where a reconstruction of the cabinet is in progress with a view of forming a coalition government to carry on the affairs of the war. It is becoming evident, however, that such a reshuffle is not likely to impair, but to greatly increase the effectiveness of the campaign. Strong resentment was roused at the criticism levelled against Lord Kitchener by the Harmsworth papers.

The 1915 Eolies company, which visited Kelowna last Monday evening undoubtedly furnished a real treat to the large gathering present. The company was composed of real artists of a very high order, and their up-to-date and clever program was entertaining from beginning to end.

Private Mitchell, Pringle and McLennan, who have been in training with the squad here for the past few weeks are leaving tomorrow morning for Kamloops, from which place they will be sent to various points where bridge guarding is being carried on.

Mayor Jones has recently been taking up with the militia authorities at Ottawa the advisability of establishing a camp for interned aliens at Kelowna, thereby relieving the pressure on the two existing camps at Nanaimo and Vernon. The matter was laid before the minister of Justice and General Otter, but so far the authorities feel disinclined to increase the number of camps, and consequently the expense. Correspondence, however is still proceeding.

Mr. W. G. Benson has been appointed a notary public.

Mr. and Mrs. C. G. Buck left last Thursday morning for a visit to eastern Canada and New York.

Mrs. Byron McDonald will not receive on Tuesday, June 1st, no again this season.

Mr. and Mrs. Smith, the colored lady and gentleman who have been engaged as help for some time past at the home of Dr. Boyce left this morning with their funny little pickaninny, born in Kelowna, to return to their former home at Barbadoes.

On Sunday, June 13th the Oddfellows will pay their annual visit to the cemetery to place their remembrances upon the graves of their departed brethren. The lodge is anxious to secure the names of all Oddfellows buried there, and relatives or friends will confer a favor by communicating with Reid Johnson at the C.P.R. telegraph office.

BIRTH

TRENCH.—On Thursday, May 27th, to Mr. and Mrs. W. R. Trench, a daughter.

Local Farmers Should Support New Creamery

Will Soon Be Ready to Receive Cream Shipments

The new creamery is now all completed except for the installing of the remaining machinery ordered from the coast, and which is at the present moment somewhere in transit. Within a day or two after the arrival of the car, the company will be in readiness to receive cream and commence operations. From all appearances it seems as though the new venture from the very outset is to receive hearty support and encouragement on all sides. There will no doubt be a little hesitation on the part of some, who will hang back to see what others do, and a little confusion is almost unavoidable at the outset, but as soon as things get down to a steady basis, the district will not be slow in realizing the great benefit of a creamery.

There are one or two mistaken ideas which will need correcting. One is that a farmer must be a shareholder in order to sell his cream to the creamery. This is not so, of course, and the creamery will be open to buy from any man who has a good article to sell, whether he is a shareholder or not. Of course a good deal of the success of the creamery at the first at least depends upon the amount of financial assistance it gets from purchasers of shares, and it has been gratifying to find the readiness with which they have been taken up. The certificate of incorporation has been received and the statutory meeting, of which all shareholders will have due notice, will be held in the course of a couple of weeks when a permanent board of management will be elected.

Mary enquiries have been made lately regarding the collection of cream. It is not the intention of the creamery to install any collecting system at present, owing to considerations of expense. It is desirable that every possible cent go to the farmers, and by delivering their own cream they will retain what would have to be paid out in wages and upkeep of rigs and horses. It is an easy matter for say half a dozen farmers in a district to get together and arrange to bring the cream from all of them in turn, thus reducing the trips necessary to a minimum.

A word about the manager. In Mr. Thomas the directors feel that they have secured the right man. He is a man of action rather than words, and his long experience and intimate knowledge of the business, his whole life having been spent in the work, give every assurance that he can be safely relied upon to make good, both in the quality of his product and in the efficient working of the plant.

Those who are contemplating shipping cream to the creamery should make a point of seeing Mr. Thomas, as he can give them more valuable information suited to their own needs than pages of reading. It is very desirable that the names of those who will at once, or might in the future send in cream be known to the management, and as far as possible Mr. Thomas wishes to get into personal touch with every one.

Reports have been received this week that "Billy" Wilson, of the Princess Pats has been wounded, but whether seriously or not is not known.

Mr. G. R. S. Blackaby, teller at the Bank of Montreal is resigning his position to enlist for active service. He already has several brothers in the trenches, as well as one brother an officer with the navy.

Mr. and Mrs. J. B. McKechnie (nee Miss P. Louise Adams, sister of Mr. W. E. Adams of Kelowna) were in Kelowna for a few days last week end. They were married April 29th at Hanover, Ont., and are returning to Toronto after a honeymoon tour of the Southern States and the Panama Exposition. Miss Adams was well known in Kelowna musical circles a year or two ago. Mr. McKechnie is assistant manager of the Canadian Life Insurance Co.

Philharmonic Society Concert Next Tuesday

The Philharmonic Society will give another of their popular Orchestral Concerts in the Opera House on Tuesday, June 1st and with the exception of one number rendered by special request the program will be a complete change from last performance. The orchestra will be assisted by Miss Francis A. Pearson, L.R.A.M., and Mrs. A. L. Soames, both well known and popular vocalists; also by Miss Alison Hogarth, whose piano solos were so well received at the last concert.

An interesting feature of this concert will be a violin solo by Mr. Drury Pryce, played upon a violin made in Kelowna by Mr. Frank Small. This instrument is interesting and somewhat unique, being largely constructed of British Columbia cedar and for a new instrument its tone is remarkably powerful, free and clear.

The orchestra numbers will include the following:

Overture, "Merry Wives of Windsor" (Nicoli); Overture, "Light Cavalry" (Von Suppe); Suite, "Sigurd loralin" (Greig), repeated by special request; Prelude, "Rachmaninoff"; Serenade (Widor), and other popular classical numbers.

Seats are now on sale at Crawford's store.

GOOD TEMPLARS HELD DELIGHTFUL PICNIC MONDAY

The Good Templar's picnic, which was to have been held in the grove near the exhibition grounds on Monday, was, on account of the threatening showers, held on the old school grounds, adjacent to the lodge room and was a huge success. One shower only during the time of the mid-day meal came on, but did not in any way mar the outing. Long tables were spread the whole length of the lodge room and over one hundred senior members, juveniles and friends partook of the good things provided and by the time the meal was over, the sun was shining brightly and an excellent program of sports, races, etc., were run off. Supper was served at 6 o'clock and the prizes distributed, after which the singing of the National Anthem closed the pleasant event with the kiddies tired but happy in the knowledge of a day spent enjoyably by all.

The complete success of the picnic was largely due to the untiring efforts of Mrs. H. W. Swardfager, the Supt. of the Juvenile lodge, assisted by a committee from the senior lodge.

JUVENILE TEMPLARS VISIT PARENT LODGE

At the regular meeting on Tuesday evening the Good Templars had the pleasure of a visit from some forty members of Purity Juvenile Temple. The program for the evening which consisted of sacred songs and recitations was participated in by members of both lodges. A guessing contest was held for the Juvenile visitors and prizes were given for ones who guessed nearest to the number of beans in the bottle; leaves on the branch and the number of flowers that go to make up a "Snowball." Everyone thoroughly enjoyed themselves. The program for next Tuesday evening will be "Apple Night." Everything will be about apples and apples will be served for refreshments. All Good Templars are welcome.

Alderman R. A. Copeland, who is managing the Glenmore Ranch had a nasty accident last Saturday while out riding which might easily have ended a good deal more seriously. He was out rounding up some cattle, when his saddle came loose and slipped around under the horse. Mr. Copeland was thrown off, but unfortunately did not fall clear, one of his boots remaining fast in the stirrup. He was dragged for some distance, and badly shaken and bruised, and his thigh severely twisted. He has been confined to his bed since, but happily is getting better, and will probably be around again in the course of a week or so.

Communications

B.C. Fruit Growing and It's Future

In my last letter I gave an estimate of our losses, I am now going to show those losses more in detail, and how they could have been avoided. To do this I am going to use another great business for comparison, a great railroad transportation company.

Will anyone question that marketing is not of as great importance as transportation? A transportation company has a tremendous investment, but is it any greater or nearly as great as that of the producers? We will call the producers stockholders in production, the same as we speak of stockholders in the railway investment. Then we will compare marketing the producers' goods with operating the railway company's plant. The railway company know exactly what it costs to haul a ton a mile. Everything is worked out to a scientific basis. Every unnecessary expense is eliminated, and concentrated effort and efficiency is obtained in every department. Do you think a bunch of stockholders in a transportation company would take a train of freight cars and haul it to Calgary not having provided a warehouse, clerks, agent, etc.? Can you imagine such a thing? But this is exactly what we are doing in marketing.

We form an association with all its expense and send our goods to some jobber in Calgary. There are in Calgary six large jobbers and several smaller fry. It costs in Calgary and vicinity \$120,000 to \$150,000 to sell our fruit. This is an estimate, but I think fairly correct. It would be next to impossible to get exact figures, as the jobbers handle so much other produce as well as ours. Taking the total expense, and charging up to our goods, our proportionate share, the figures will be found fairly accurate and will prove to be \$50,000 more than it should have cost us. With an added shrinkage or waste in carrying stocks of \$25,000 gives a total of \$75,000 wasted in Calgary and vicinity for 1914.

Now let me digress long enough to call your attention to these facts. Any loss is a public loss. If a retail merchant fails, we may not be one of the actual creditors and so not directly affected, but it is a public loss just the same. The wholesalers, who are the creditors, have to charge a little more to the consumer to make up this loss or give their stockholders a small dividend. If a neighbor's house is burned, you say: "No loss, fully insured," but you and others are paying premiums to cover this loss. If your neighbor's cow dies, you are sorry for his loss, but it means money sent out of the valley for another cow, or more butter brought in; moreover the fat cow would eventually have been killed for beef, and now another carcass of beef must be brought in, helping to create a trade balance against the valley. A trade balance against a district means hard times in that district.

This \$75,000 that has been wasted in marketing in Calgary has helped to put a trade balance against us and helped to cause hard times with us. When you stop to think, any loss is a public loss, any waste a public waste, and therefore the marketing question is a public one. We know what the transportation of our goods is costing

WHEN BUYING YEAST INSIST ON HAVING THIS PACKAGE

DECLINE SUBSTITUTES

us. We would not stand for an excessive freight charge. We would not stand for our goods being delayed in transit until they spoiled. We would straightway appeal to the railway company. But we do stand for excessive costs and waste in marketing. We must remember too, that the consuming public has some say in the matter. The man bringing up a family in the city has a right to know whether he is getting full value for his money. It means well-clothed, well-fed and educated children, the future rulers and inheritors of everything we have, or it means poorly-nourished, poorly-clothed and poorly-educated children, not fitted for good citizens.

Now let me tell you that three very influential bodies of citizens of Calgary are seriously considering this matter, and are ready to aid us when we, as a body of producers ask them to do so.

I told you it was a simple business matter, conducted on broad business principles: a wholesale market in Calgary, where all goods could be consigned, sold by the present commission merchants or others; where all retailers could come into direct contact with all goods offered, and each buy what was best suited to his particular trade; where all stocks would be carried and not in separate warehouses. The cost and waste could be thus reduced as per the amount I have stated. I am sure the C. P. R., would give us truckage and platform selling room. It would not cost us one cent of investment, only a majority wish.

The first thing you will say is, "Can't get everybody to this one point." Why not? Goods are handled on a smaller cost, smaller waste, better and quicker net returns and prompter payments. Will anybody fight against these things? Survival of the fittest will come very quickly. The commission merchant who gets the best and quickest returns will vary quickly get the business.

Again let us make comparisons with the transportation company. Does anyone attempt to compete with them with teams and wagons? No, certainly not. Then if by sending our fruit to this one point we so reduce the cost of marketing that there is nothing in it for any except the largest dealers and jobbers, handling a large volume of business at a low per cent cost, will there be any competition with them?

It would be an easy matter to come to some equitable working arrangement with them, or we would take the goods from them.

Just a word more. You fear American competition. You have to give all your goods to one great concern on its own terms or it will flood the markets with American goods, leaving you no market and causing you great loss. Straight bluff! To do this would cost a sum of money large enough to wreck any company that tried it. Then the consuming public not stand for it. They would boycott the American stuff and help us to get a higher tariff. The boy who is afraid to fight is always getting licked. Don't you think we fruit growers have been licked about long enough? I have outlined no complicated scheme, but something simple and cheap, like the man told to bathe in the river of Jordan. We know what the transportation costs us, we have the same right to know what our marketing costs. We have always begun at the wrong end to market successfully. We must begin at the markets, not the points of production. Had we diverted 25 per cent. of the money we have spent in the valley on so called marketing arrangements, to building up our marketing agencies on the markets themselves, we would now have laid the foundations for the future which would put our industry in a splendidly prosperous condition.

Yours truly,
J. W. WOOLSEY.

Last week one hundred and fifty-five Austrians entrained at Fort George for Prince Rupert en route to the new internment camp at Vernon.

News of Kelowna Boys at the Front

The following letter from the scene of the fighting in France where the Canadian contingent distinguished themselves so gloriously, but alas, at such heavy cost, will be read with keen interest by Kelowna people, as it mentions several of the Kelowna boys who went out with the first contingent. The letter is from Sergeant Douglas Lloyd, as he is now, to his sister, Mrs. W. C. Duggan. The "Billy" Matthias, who is mentioned as among the killed, was well-known in Kelowna especially on the K.L.O. bench. He was a member of the Kelowna football team. He joined the R.M.R.'s and enlisted early in the war for active service. Fisher, whose death is also recorded, also joined the R.M.R.'s with his father and brother. The two latter, for whom general sympathy is expressed, are now in town on leave from their duty as bridge guards. The wounded Anderson brothers are members of a K.L.O. bench family. The last mentioned "Mac", having since in reply to cabled enquiries been reported missing.

Dear Sister Kath:—

I am afraid I have been a source of worry to all you people at Kelowna this past week or so, wondering how I am. Well, old kid, I'm still smiling, but how it came about I can't imagine. I suppose I was born under a lucky star which has served its purpose for once at any rate. Well Kath, I have the very worst news to convey to you. We have all lost poor old Billy Matthias. We fought side by side and can assure you we left our mark, but unfortunately poor Billy got hit, but thank God his death was absolutely painless. I have lost my best pal and our company, one of the most popular N. C.'s. You will also be sorry to hear that we have also lost young Fisher, he was also killed, both the Anderson's were wounded, "Joak" in the arm, where "Mac" was wounded I have not heard. Sergt. Taylor is in the hospital with a shot. Sands was already in hospital before we went into action with a poisoned hand, so there is only young Matthews and myself left out of the Kelowna boys. No doubt the Canadian papers have given you all a vivid account of her boys, well they deserve it. All the credit that is coming to them has been hard earned, really its wonderful to think what we have lived through (those who did come through). I can't explain it, I never saw the slightest sign of being beaten and when we got the order to retire, which was absolutely necessary, we did so, but one and all felt the same longing to get even with the cads. No doubt some of the "armchair critics" will have said the French ought not to have retired, but knowing what they had to suffer through the gases, which the enemy used, they are clear of all blame. They used it on us the next day so I know what it must have been like in their trenches. Ah, well I can assure you in future they will have the greatest respect for the Canadians, we haven't finished with them yet. We have lost heavily as you know but I'll guarantee they lost a jolly sight more. You will be glad to know that I have been promoted to a full Sergt. Please let this letter go the rounds of all relations in B.C. Trusting you are all in the best of health, with fond love to all, Your affectionate brother,
DOUG.

Items from Ellison

(From our own Correspondent.)

Mr. and Mrs. McDonnell have taken up residence at Whelan's ranch for the summer.

Mr. C. H. Goen has returned home from his trip to the north, where he has taken up a fine pre-emption.

Mrs. T. Hereron is now recovering from her illness. We hope to soon see the good lady around again.

Several of our residents spent the 24th at Rutland, and had a real good time. What is Ellison going to do on July 1st?

E. C. Graham, of the K. V. R. office staff at Penticton died last week in the hospital there after an attack of typhoid.

A contract for eggs, which will probably total more than \$4,000 a year, is at present receiving the consideration of the Summerland Poultry Association.

Camera Days

The valley is filled with wonderful views, which you can catch and keep by means of a camera.

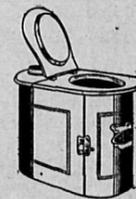

All people should use a camera. It is refining and educational, and it is a most interesting diversion.

We stock Kodaks and all Supplies.

Printed Butter Wrappers

According to the new Dominion Government regulations all farmers who sell butter either to the stores or privately, are required to have it properly covered in a wrapper on which MUST appear in prominent letters the words "DAIRY BUTTER."

The fact is also emphasized that all butter in such packages must be of the full net weight of sixteen ounces, and in default of same a fine of from \$10 to \$30 for each offence is imposed. Why butter must be so labelled even when mixed with dairy butter, and dairy butter retains its label though it be mixed with the creamery product.

You can be supplied with neatly-printed wrappers for your butter at the Kelowna Record Office, for the following prices:

100 PAPER & PRINTING INCLUDED	\$1.50
200 " " "	2.00
500 " " "	2.75
1000 " " "	3.75

These prices include Both the Paper, which is the best obtainable for the purpose, and the Printing of same. Please note this.

Kelowna Record

Latest Type of German Submarine

The comparative speeds of the submarines and surface boats has made it possible for many merchantmen to escape. In many instances by zig zagging and running at high speed the ship was enabled to dodge the deadly torpedo. Every torpedo fired costs a large sum. Obviously, Germany could not afford to waste many. So, shortly after she started her submarine warfare, she restricted her use of torpedoes as much as possible. Whenever feasible, her submarines would rise to the surface, halt the merchantmen by gun fire, board her, and blow her up with dynamite. This course was cheaper, surer, and no waste of expensive torpedoes. But, the submarines were equipped with only very small calibre guns, not more than one and one-quarter inch, with only a short range, and there was always some time required to get them into action. The merchantmen were continually becoming more and more alert and frequently escaped before the submarines could halt them with their small gun fire. To avoid this, and at the same time to avoid all dangers incurred in boarding operations, a new plan has been adopted. They no longer board and blow up a merchantman. They sink her by gun fire. This of course, requires a much more powerful gun, and greater speed of operating it.

Briefly the construction and arrangement is as follows: At a suitable point in the hull is arranged a hydraulic elevator on which is fixed a the entire gun. On the pedestal, it mounted a short powerful four-inch gun with a recoil cylinder above for taking up the shock of the discharge and using that energy to reload the gun. Arranged above the gun and cylinder like an umbrella, is a heavy plate of armor, completely protecting the entire gun. On the pedestal, at each side and close to the gun is a seat for an operator, who is also completely shielded by the armor plate. This armor plate is really the hatch which rests on a rubber packing and closes and seals the hatch-way through which the gun rises. As the submarine approaches its prey, and comes to the surface, the operators step to their seats, one of them swings a lever, and the elevator immediately raises the pedestal gun, and shield. The operators then start firing to sink the merchantman. As she sinks, the operator reverses the lever and the pedestal gun, and gun crew disappear into the hull, the armor plate gun shield closing tightly as a hatch cover on the rubber packing of the hatch-way. This latest development in armaments of submarines is the explanation of many of the more recent successes of the German submarines, and they say that every effort is being made by the German navy, to make their submarines more and more deadly as the war goes on.—North Shore Press.

Cost of the Panama Canal

The widely published official figures of the cost of the Panama Canal have possibly given the general public an exaggerated idea of the cost of the canal as a piece of engineering work. The statement has been made that the entire cost of the canal to the United States when completed will be in the neighborhood of \$400,000,000 (Colonel Goethal's recent figures are \$353,559,049), and it is a natural conclusion that the bulk of this expenditure has gone into the work of digging the canal and constructing the locks.

It will surprise many engineers even, we doubt not, to learn from figures published in the last number of the "Canal Record" that up to March 31, 1914, the entire expenditure on the canal in the department of construction and engineering has been only \$204,097,000. The total expense up to the same date for all purposes connected with the canal was \$282,859,000.

The chief items in the account, apart from construction and engineering, were, in round numbers, civil administration, \$7,000,000; sanitation, \$17,000,000; fortifications, \$6,000,000 and general items, \$90,000,000. Under this latter head are included the payment of \$40,000,000 to the French Canal Company and \$10,000,000 to the Republic of Panama. There is also included under this head very heavy expenditures for the reconstruction of the Panama Railroad, the construction and repair of buildings, and the cleaning up of the cities of Colon and Panama.—Engineering News.

The Enderby tax rate this year for the City of Enderby has been fixed at 20 mills made up as follows: 7 mills for school purposes and 13 for general and other purposes.

estal, gun, and gun crew disappear into the hull, the armor plate gun shield closing tightly as a hatch cover on the rubber packing of the hatch-way.

This latest development in armaments of submarines is the explanation of many of the more recent successes of the German submarines, and they say that every effort is being made by the German navy, to make their submarines more and more deadly as the war goes on.—North Shore Press.

Dairymen's Offer to Agricultural Society

The following are details of an offer the B. C. Dairymen's Association is making to supply display refrigerators to Fall Fair Associations. Recognizing the necessity for arrangement other than open tables for the keeping of dairy produce on fair days, the Dairymen's Association is constructing a number of refrigerators (upon a plan offering the maximum amount of display space) which it proposes to furnish as below.

The refrigerator occupies 6 x 4 feet of floor space. The space for display is altogether, 16 square feet, allowing considerable produce to be exhibited. With the central chamber stocked with ice, a temperature below 50 degrees is easily obtainable for the articles stored, as the walls and door are of double thickness. Manufactured by it and neatly painted inside and out and crated for transportation, the cost is \$60 to the Dairymen's Association.

One of these will be furnished to any fair association that will undertake:

- 1. To keep the ice chamber stocked during fair days.
2. To send in to the secretary of the B. C. Dairymen's Association 25 subscriptions to that Association for 1915.

Members will be entitled to their choice for one year of one of the following papers:

Farmer's Advocate, London or Winnipeg editions; Farm and Dairy; Canadian Farmer; Fruit and Farm; Farm and Ranch Review; and will also be privileged to compete for the Association's special prizes given below: Bacon Hogs—Best pen of three bacon hogs, any breed or cross, live weight, 180-220 pounds, to be judged as bacon hogs. First \$10.00, second \$5.00.

Cream—Special to producers. Best half-gallon of cream in one quart and two pint bottles. First, Seale or Milk Fiver Outfit. Milk Exhibitors for any of the above prizes must be members of the B. C. Dairymen's Association before August 1, 1915.

Applications for membership in the B. C. Dairymen's Association should be made to Mat Hassen, Secretary of the Agricultural Society on or before July 1915.

Renew for the Record

Communications Sale of Music for Red Cross Fund

Editor Kelowna Record.

Dear Sir.—I see in this week's paper you have kindly put a notice about the music I am trying to sell for the Red Cross fund, for which I thank you heartily. Unfortunately, there is a slight mistake, which I should like to correct. You have mentioned it as second hand music. While there is a little second hand truly, the greater portion is quite new and up to date, and contains some very good pieces, also dainty songs, duets, etc. The prices are very reasonable, ranging from 10 cents up to 25 cents for pieces usually costing from 25 cents to one dollar. I believe it has only to be made known and it will, I feel sure sell readily. In spite of hard times and scarcity of money young ladies eat candy, and young men smoke cigars, and people who want music and books buy them just the same. But the Red Cross makes such good use of every dollar that I want to help it all I can.

I have enclosed a list of music. I wonder if it would be asking you too much to insert it in your next issue. I may say that Mr. Cox has kindly offered to sell it free of charge.

Yours truly, Mrs. J. T. CAMPBELL.

Following is the list:

Table with 3 columns: Title, Former Price, Sale Price. Includes items like William Tell, The Quaker Girl, The Storm, Minuet, Valse Mignon, Du Soir Valse, Carnival Valse, Silver Waves Valse, Simple Simon March, First Love Waltzes, Dreamland Waltz, Dreams of Love Waltz, Chirubini Waltz, Cricket's Parade, Merry Hussar, Turkish Patrol, Old Uncle Ned, Massa In Cold Ground, A Waltz Dream, La Fille De Regiment, Souvenir Gavotte, Harmonious Blacksmith, Homesickness, Lancers, dance, Fifty Miles from Boston, Popular Dance Folio, La Czarina Mazurka, La Sommambula, Yogne Gavotte, Salut au Op., Bohemian Girl Opera, Golden Fitter, opera, Caprice Espanola, Poppies (Japanese), Schurzion, instrumental, Edelweiss, etc., Sacred Selections, Folio Instrumental, Easy pieces for children, 100 Dances for Cornet, Instrumental Book, clarinet, Musical Scales, Oh, Margarita (Faust, with violin), Between Two Stools, The Old Countree, To The End Of The World, With You, The Garden of Eden, Is This All? (Sacred), Florodora, Trust Her Not, duet, Dutch Dolls, Two Little Songs, What Is A Maid to Do?, Eloquent Pat, Shepherd Divine, The Curse of an Aching Heart, Shine on Harvest Moon, Dreams of Long Ago, Kiss Me Good Night, Wonder Land, Beggar Maid, Sometimes and Always, The Rock-A-Bye Boat, Ye Banks and Braes, In Dear Old Arizona, Dearer Than Pearls, Would You Care?, A World of Promise, Bells of Kharney, When My Golden Hair Has Turned to Silver Gray, Hiawatha, Ronde Pekines, Let It Alone.

Hon. Thomas Taylor, minister of railways, reports that on the Canadian Northern Pacific Railway ballasting is well advanced on the sections between Lytton and Kamloops, and that the line will be finally completed to the latter point by July 1, according to the present expectations. Ballasting on the sections north of Kamloops probably will be finished about the end of the month. A start on the erection of station buildings will be made at an early date.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for the lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion lands.

W. W. CORY, Deputy Minister of the Interior. N. B.—Unauthorized publication of this advertisement will not be paid for.

IN THE COUNTY COURT OF YALE

Holden at Vernon. In the matter of the Estate of Lum Lock, deceased.

Notice is hereby given pursuant to Section 27 of the Trustee Act, R.S.B.C. 1911, Chapter 232, that all Creditors and other having claims against the estate of the said Lum Lock, deceased, are required on or before the 20th day of June, 1915, to send by post or deliver to E. C. Weddell, room 9 Willis Block, Kelowna, B.C., Solicitor for the Estate, or to Kong Quan Hoo Look, Kelowna, B.C., Administratrix for the Estate, their full names, addresses and descriptions, the full particulars of their claims, the statement of their accounts, and the nature of the securities, if any, held by them.

And further take notice, that after such above mentioned date the said Administratrix will proceed to distribute the Estate of the deceased among the parties entitled thereto, having regard only to the claims of which she shall then have notice, and that she will not be liable for the said assets, or any part thereof, to any person or persons of whose claims notice shall not have been received by her at the time of such distribution. Dated at Kelowna, B. C., this 20th day of May, 1915.

E. C. WEDDELL, Solicitor for Kong Quan Hoo Look, Administratrix of the said Estate.

"MADE IN CANADA"

Ford Touring Car Price \$590

Your neighbor drives a Ford—why don't you? We are selling more Fords in Canada this year than ever before—because Canadians demand the best in motor car service at the lowest possible cost. The "Made in Canada" Ford is a necessity—not a luxury.

Runs about \$540; Town Car price on application. All Ford cars are fully equipped, including electric headlights. No cars sold unequipped. Buyers of Ford cars will share in our profits if we sell 30,000 cars between August 1, 1914, and August 1, 1915.

BURBANK MOTOR CO. - KELOWNA, B.C.

TOWN AND COUNTRY NOTES

Mrs. R. H. Steuart, of Summerland, is the guest of Mrs. A. Peabody.

Mr. T. Bulman returned yesterday from a visit to the coast.

Mr. A. L. McNaughton was a visitor to Kamloops last week.

Mr. Lionel E. Taylor returned last week end from the old country.

Don't forget to attend the Country Girl's sale of work at Mr. Challenor's home on Burne avenue Saturday.

Mrs. H. C. Jenkins left Saturday morning on a visit to her mother at Mara.

Mrs. P. Brooke left Victoria last week for New York, whence she sailed yesterday for England by the "Adriatic."

Alderman H. W. Raymer left Monday morning for Rossland to attend the Grand Lodge of the Knights of Pythias. From there he will go to Mirror, Alta., on a visit to his brother.

Buy your cakes and pastry, candies and other eatables at the Country Girl's Hospital Aid Society's sale of work to be held at Mr. Challenor's residence, Burne avenue on Saturday.

Rev. J. C. Switzer, who has been in attendance at the Methodist conference at New Westminster for the past two weeks, will occupy his own pulpit next Sunday, both morning and evening.

All contributions for the Country Girl's Hospital Aid sale of work to be held on Saturday should be left at the home of Miss Irene Cather, 548 Harvey avenue, Miss M. Dykes, 106 Park avenue or Miss Hewetson, Glenwood avenue not later than Friday, 27th inst., also the articles entered for the competition. Cakes and other eatables however may be handed in on the morning of the 29th.

The thanks of the Kelowna Branch of the Red Cross is tendered to the artists who so greatly delighted the large audience at the Aquatic building and executed the program in splendid style on Tuesday last, also to the Kelowna Aquatic Association who generously donated the amount of the hire of the hall for the evening, and the assistance given by them which first made the undertaking feasible. Also to Max Jenkins for services of transferring chairs. The handsome sum of \$32.00 was realized on the occasion.

Mr. T. Wynn who has been in charge of the dairy branch of the K. L. O. ranch is holding a sale of his effects next Thursday, June 3rd, prior to leaving for the old country to rejoin the army. Mr. Wynn was Staff Sergeant-Major in the 11th Prince Albert's Hussars up to the time of leaving for Canada, having served full time of twenty-one years. On account of his long experience he has been repeatedly called for by the war office, and he has decided to go. He moreover confesses to a certain eagerness to get back into uniform under present conditions.

RENNIE-HILL

The marriage took place on Saturday, last, 22nd inst., at St. Michael and All Angel's church of Mr. Ward H. Rennie and Miss Betty St. Quintin Hill. The bride was given away by Mrs. M. E. Cameron and Mr. F. A. Martin acted as best man. A few friends were entertained after the ceremony by Mrs. Cameron, at Guisachan Ranch, including Mr. and Miss Parker, Mrs. Sutcliffe and Ponkie, Mrs. Parkinson, Miss Irene Cather, Miss Ferrier, the Misses Whitehead, Mr. and Mrs. F. A. Martin and Mr. Ernest Wilkinson. The Rev. Thos. Greene officiated.

"THE MILLION DOLLAR MYSTERY"

The final episode of the great serial photo-play "The Million Dollar Mystery" will be shown at the Opera House on Thursday, June 3rd. It is to be hoped that all picture patrons who followed out this serial will be able to avail themselves of this opportunity to see the final chapter, as the management has received positive instructions not to hold the film over on any account. The solution of the mystery was written by Miss Ida Damon, a girl stenographer of St. Louis, Missouri, and for which she was awarded the big prize of \$10,000. This film will be shown along with a selected program both at the matinee and two evening performances.

Mrs. D. MacFarlane returned Monday from Victoria where she has been visiting for some weeks past.

Mr. W. F. Muirhead left Monday for a visit to Fernie, where the other branch of his shoe business is located.

Mr. A. M. Dalgleish paid a brief visit to Kamloops last week end, returning on Tuesday.

Mrs. S. V. Bray will not receive on the first Friday in June nor again until October.

The Ladies Hospital Aid will hold their regular meeting next Monday, the 31st inst., at 3 o'clock in the Board of Trade rooms.

A quantity of souvenir silverware is at present lying at the provincial court house awaiting identification. Any person laying claim to such can by seeing Constable McDonald recover it.

A Children's Aquatic Fete will be held in the park on Saturday afternoon, June 5th, under the auspices of the Church of England. Sports, launch rides, refreshments, flowers, music and games of all sorts will be provided. Make your plans to bring the children in for a jolly afternoon's fun.

Owing to the unfavorable weather on Monday many of the picnics and outings which had been arranged were sadly interfered with, and in some cases abandoned. The Presbyterian and Baptist Sunday school picnics to have been held in the park was among the latter, it having been decided to postpone the event until Thursday, June 3rd.

Methodist Epworth League

The Epworth League meeting in the Methodist church on Monday last was in charge of the Citizenship department.

Mr. W. E. Adams gave an interesting address on the history and people of Poland.

From the resume given of the history, it was made apparent that liberty and freedom among the common people, which has done so much for the development of the western world, was conspicuous by its absence from the institutions of Poland. The aristocrats, who ruled the country for many centuries, by jealously guarding what they looked upon as their rights and privileges, and giving little or no consideration to their duties to their less fortunate countrymen, kept the great mass of the population in a state of pitiable subjection and poverty, as a consequence of which, what should have been an extremely powerful nation, fell an easy prey to the aggression of the neighboring empires of Russia, Prussia and Austria-Hungary, which countries eventually shared up the country of Poland between them. Some description was given of the great agricultural and mineral wealth of the different portions of Poland, including the remarkable salt mines in Galicia, containing practically cities in salt. Reference was made to the good industrious characteristics of the peasants of Poland and the work of the women, who feel it a great compliment to be told by their husbands, that they could work like a horse. It was also shown that at one time Warsaw, and other Polish cities were the greatest centres of education in Europe.

The efforts, mostly in vain, of both Prussians and Russians to repress everything Polish from the country—the language, national songs, and all else that kept alive the Polish National spirit, was mentioned, and the suffering of the people of Poland during the present war, was briefly touched upon.

A slight discussion followed, in which Messrs. J. W. Jones, Simpson, Clement, Cooper and others took part.

Mr. S. M. Simpson, who was cashier of the meeting, announced that it would be the last indoor meeting of the League for the season. Mr. Jaynes, president of the Tennis branch, announced that a social would be held next Monday, the 31st inst., at the Parsonage grounds, Richter street. An excellent program, is being arranged by the choir, assisted by members of the orchestra, and everybody in the city will be welcome to attend. No charge will be made for admission, but refreshments, to be provided by the ladies of the League, will be charged for, the proceeds going to the funds of the tennis branch.

Hay Time will be Early This Year

Correspondence for Prisoners in Germany

The following instructions regarding letters to prisoners in Germany have just been made public by the post office department:

1. Letters (letters should be left open) postcards and postal parcels should be addressed as follows:
 1. Rank, initials, name.
 2. Regiment, or other unit.
 3. British (or Canadian, French, Belgian or Russian) prisoner of war.
 4. Place of internment.
 5. Germany.
 Place of internment should be stated always if possible, and parcels cannot be accepted unless place of internment is stated. All addresses must be in ink.
2. Communications should be limited to private and family news and to necessary business communications, and should not be sent too frequently. No references to the naval, military or political situation or to naval or military movements and organizations are allowed. Letters or postcards containing such references will not be delivered.
3. Friends of prisoners of war are advised to send postcards in preference to letters as postcards are less likely to be delayed. If letters are sent, they should not exceed in length two sides of a sheet of note paper and should contain nothing but the sheet of note paper. On no account should the writing be crossed.
4. Letters cannot for the present be accepted for registration.
5. Postage need not be paid either on letters or parcels addressed to prisoners of war.
6. No letters should be enclosed in parcels, and newspapers must not on any account be sent. So far as is known there is no restriction on the contents of parcels; tobacco may be sent and will be admitted duty free but food stuffs of a perishable nature should not be sent. Parcels should not exceed eleven pounds in weight.
7. Remittances can be made by money order to prisoners of war. Instructions as to how to proceed can be obtained from postmasters of accounting post offices. The transmission of coin, either in letters or parcels, is expressly prohibited. Postal notes and bank notes should not be sent.
8. It must be understood that no guarantee of the delivery of either parcels or letters can be given and that the post office accepts no responsibility. In any case, considerable delay may take place, and failure to receive an acknowledgement should not necessarily be taken as an indication that letters or parcels sent have not been delivered.
9. So far as is known, prisoners of war in Germany are allowed to write letters or postcards from time to time; but they may not always have facilities for doing so and the fact that no communication is received from them need not give rise to anxiety.

It is hard to conceive a whole city of people depending for their livelihood on a single manufacturing industry, yet this is true in connection with the making of Ford Cars. Approximately 14,677 people, are dependent upon the manufacture of Fords in Canada—enough people, according to the last official census, to make up the population of a city larger than either St. Catharines or Stratford, Ont. Practically all of the inhabitants of the town of Ford are dependent on the plant, as are also a large number from Windsor and Walkerville.

Schools Baseball League

In one the closest and clean games of the present season the Rutland team in the Schools Baseball League won from the High School team at the local park on Saturday afternoon last, the score being 10 to 7 in favor of Rutland.

Pearce was back on the firing line for the Rutlanders and while not up to his usual form he held the High School batter in check and on several occasions when in danger of being scored on he tightened up and pulled himself out of bad holes. However, it was not altogether due to this that the Rutlanders won, and a good share of the credit must be given to each and every player as the infield seemed air-tight and no hits were allowed to get through, while the outfielders took good care of all balls hit into their territory.

Sutherland was on the mound for the High School team and pitched good ball, he was also given good support by his team mates and while they had many chances to score the batters fell down in the pinches and failed to connect for the needed hits.

A good crowd turned out to see the game and were not disappointed in seeing a fine contest. Mr. Fallis handled the indicator.

ELLISON 20—PUBLIC SCHOOL 0

Immediately following the Rutland-High School game Ellison and the Public school crossed bats, the former being returned the winner by a score of 20 to 0.

The game was a rather one-sided, featureless game although at times the players showed flashes of speed and pulled off some really brilliant plays which called forth the applause from the crowd who had remained on hand from the earlier game.

McLennan pitched for the Public and was touched up for safeties when ever the Ellisonites deemed it necessary to add another run to the huge total they had already piled up.

During the third inning the Ellison players had a merry swatfest and no less than eleven runs crossed the plate in that period, but as the team had no other pitched McLennan was forced to face the music for the remainder of the game, which he did with much better success as the score will indicate.

MONDAY'S GAMES

Owing to the fact that there were many picnics arranged and many celebrations of minor importance in progress in the city and elsewhere the games scheduled for the afternoon were played in the morning to allow the players to amuse themselves in various other lines of sport during the rest of the day.

HIGH SCHOOL WINS AT ELLISON

The High School team journeyed out to meet the Ellison team and managed to return with the big end of a 9 to 6 score. The game itself was fast and clean and except for the disastrous first inning the home team put up a splendid fight. During this round the visitors scored a four run lead, the score being 5 to 1. This inning, however, proved the undoing of the home club as the lead was too great to overcome. In the second the homesters scores two while the visitors failed to tally. In the third both teams scored twice. This ended the scoring for the next five innings, during which time both teams played fine ball, many fine stops and throws being made at critical times and splendid throws to the plate from the outfield, cutting off runs were features of the game.

In the closing round the High school with the aid of a base on balls, and three singles in a row added two more tallies while Ellison sent one more over the plate, leaving the final score 9 to 6 in favor of the Visitors.

RUTLAND WINS AGAIN

Rutland won another game from the Public school team on Monday morning at the city park and once more went into first place in the League.

The game was one of the ragged variety and errors were the main features of the contest, however some timely hits livened things up considerably at times.

The final score of the game was Rutland 17, Public school 7.

LEAGUE STANDING

The following is the standing of the clubs to date:

CLUB	P	W	L	Pct
Rutland	8	6	2	.750
High School	9	6	3	.666
Ellison	8	5	3	.615
Public School	9	0	9	.000

SATURDAY'S GAMES

Public school at Rutland
Ellison at High school.

Vernon Wins Lacrosse Game

On Monday afternoon, in spite of the threatening condition of the weather a large crowd was on hand at the park to witness the first lacrosse game of the season between the local and Vernon intermediate clubs.

The Vernon players arrived by auto early in the afternoon accompanied by a good crowd of supporters who also motored down to spend the holiday.

The players arrived on the field shortly before 3 o'clock and began warming up and at precisely 3.30 Jas. Pettigrew, who acted as referee faced off the ball to start the game.

Immediately after the face-off Kelowna secured the ball and carried it close in on the visitors goal but missed the shot on the net, after which the Vernonites secured and came down the field with a pretty combination which was broken up by the Kelowna defence before they got into position for a shot at the goal. For several minutes after this the ball changed hands rapidly until finally Weddell intercepted a pass from a Vernon stick and with a brilliant run and some clever stick handling carried the ball close in and passed to Raymer who found the net with a neat shot from a scrimmage before the goal.

After the ball had been returned to centre and play resumed the visitors evened up the score and a few minutes later secured the lead by two goals to 1. The play was then carried on well in the centre of the field until shortly before the whistle blew for the first quarter Kelowna broke away and secured another goal, evening up the score, 2 all.

The second period was marked by many spectacular individual rushes, but as usual the individual work, no matter how clever went for nothing as the defence of the opposing side invariably sandwiched the individual and sent the chances to score glimmering when almost on top of the nets. Both sides showed a tendency to "hog" the ball during this quarter but not until they got back to the frequent pass did the ball find its way into the nets.

During the period Vernon forged to the fore with two goals while Kelowna annexed one, leaving the score 4 to 3 in favor of the visitors at half time.

After the ten minutes rest of half time and play being resumed the locals crowded the visitors hard and after about five minutes in which the ball was won and lost repeatedly by both sides the Kelowna boys went the entire length of the field with as pretty a combination as was ever seen in the valley and when in front of the nets Sutherland took the pass from Raymer but shot high, the ball going back of the nets. On its return Sutherland again secured the ball immediately in front and again missed. These tactics were continued until Sutherland had shot and missed four times in rapid succession, but on the ball being returned for the fifth time Curtis secured the pass and converted it into a goal with a fast, low shot, tying the score. The tie, however was soon broken by Vernon who broke away and with a clear field ahead went in close and shot, McMillan having no chance to save as the Vernonite had successfully eluded the Kelowna defence and carried the ball almost into the net, just as the whistle blew, ending the quarter. Score 5 to 4 in favor of Vernon.

At the start of the last quarter it was evident that the strenuous pace of the preceding periods was telling on the players, and especially on the local boys, and both teams played very carefully, not taking any chances on firing out until nearing the end, when Kelowna put on a burst of speed that completely outshone any other period of play and during which they once more pulled up on even terms with the visitors, but in this grand rally they had apparently overtaxed their stamina and Vernon soon found the goal again, after which time they did some phenomenal "ragging" until the whistle blew, ending the game 6 to 5 in their favor.

The work of Dan McMillan in the Kelowna goal was worthy of special mention and on numerous occasions his brilliant stops of difficult shots brought forth well merited cheers.

Throughout the game the play was comparatively clean and very few penalties were handed out although several times the referee was forced to warn players against holding and tripping.

Followers of the game are enthusiastic over the showing of the local boys and they feel sure that with a few good stiff practices the Kelowna team will be able to successfully cope with any intermediate team in the interior.

Following is the line up of the local team: Goal, McMillan; point, Knight; cover, Heron; 1st defence, Weddell. 2nd defence, Neil; 3rd defence, Day, centre, Sutherland; 3rd home, Uffler; 2nd home, Curtis, 1st home, McLennan; Inside home, Raymer; Outside home, McPhee.

Referee.—James Pettigrew.

Grates are extra durable. Coal grate is duplex. Wood grate is the most modern type.

McClary's Kootenay Range will take extra large pieces of wood—just remove back end lining. Ask the McClary dealer to show you.

INTERESTING TEST WITNESSED BY LOCAL PEOPLE

Mr. Chas. MacLeod of the Massey-Harris Implement Co., was in Kelowna last week in company with Mr. J. R. Michell and son of Kamloops, representing the E. G. Prior Co., of Victoria and Kamloops, distributing agents for B. C., of the Massey-Harris Co., of Toronto. During their visit they sold several cream separators, and on Friday they installed one on the farm of Mr. G. C. Renfrew, Vernon road, giving a very interesting test which fulfilled all the claims made in the guarantee. Mr. MacLeod proved by the Babcock test that less than one-half of one per cent of cream remained in the skim milk. The test was witnessed by Messrs. G. C. Renfrew and family, A. J. Sears, S. J. Thomas, F. M. Buckland, E. L. Ward A. Hardy and others.

Rutland News

(From our own Correspondent.)

Mrs. A. A. Bentley of Saskatoon, who has been visiting her parents, Mr. and Mrs. J. Scott of Rutland is returning to Saskatoon this week after a month's visit.

Jack Fleming received a nasty injury last Monday morning during the High school-Ellison baseball match, the ball striking him full in the eye. It was feared at first that some injury was done to the sight, but later reports from the hospital, whither he was taken state that although badly hurt and, much swollen he is still able to see.

A preliminary meeting of the new Women's Institute was held this week to nominate directors ready for the organization meeting next month when Mrs. Lipsett of Summerland, the district organizer will visit Rutland.

The flag raising ceremony and sports held on Victoria Day were interfered with sadly by the rain which persisted at intervals throughout the day. In consequence of this the attendance especially from town was smaller than it would otherwise have been. However, strenuous efforts were put forth to make the best of the situation, and on the whole the affair went off successfully.

The flagstaff, surmounted by a gilt ball had been erected in readiness a few days previously, and at 2.30 Monday the Union Jack was run up to the top and proudly unfurled to the Okanagan breezes. Jean McDonald and Leslie Richards had been selected from the school children by ballot for this office, and as the flag floated free the Boy Scouts, of whom there were some twenty present under Scoutmaster Weddell, of Kelowna gave the salute and bugle call, the whole assembly joining the school children in the singing of the National Anthem.

The assemblage then moved over to the north end of the school, where from an improvised platform, and under the chairmanship of Mr. H. Elder, head of the school board, patriotic addresses were delivered by Mayor Jones, Mr. L. V. Rogers, Mr. Schofield and the Hon. and Rev. T. R. Heneage, assistant commissioner of British Columbia Boy Scouts. Patriotic songs were rendered by the children at intervals. In the school basement abundance of refreshments, ice-cream, etc., had been provided.

A program of races and other sports helped the day's enjoyment and included a baseball game between Rutland and Ellison.

Communications

Editor Kelowna Record:—
Dear Sir.—It would be of much value to the community if you would ascertain the views of those well experienced in the irrigation of fruit trees as to the present situation. I should like to know if the rainfall of this month exceeds any previous one, and if there would be any danger in cutting out the first irrigation this year, i.e., in June, and watering once only say the last week in July. It is a matter of considerable importance to the novice, as undoubtedly the use of too much water is injurious.

Yours truly,
P. A. LEWIS.

At Petrograd two thousand five hundred beds in hospitals, which were formerly occupied exclusively by patients whose diseases came from alcoholism, are now available for wounded soldiers.

Roumania's attitude regarding the war is being watched with keenest interest as no official announcement has been made as to whether the cordial relations which always have existed between that country and Italy have been transformed into an actual alliance.

Boy Scout Entertainment

(Continued from Page 1.)

loudest cheering, the audience rising to do honor to the brave young scout.

All Round Cords, green and yellow, given to winners of six proficiency badges were presented to Patrol Leaders Buck and Crowley.

Electrician Badges for electric knowledge of magnets, batteries, cells, bells and telephones, repairing fuses and broken connections, and first aid to persons suffering from electric shock, were awarded to Patrol Leaders Keller and Buck who also won Engineer Badges for general practical knowledge of motor cars, steam locomotives and marine engines, with their care and operation.

Musician Badges and Pathfinder Badges went to Patrol Leaders Buck and Crowley, the latter for familiarity with lanes and by-paths of the district, and ability to act as guides.

Pioneer Badges, for pioneer skill in felling trees, building huts, camp kitchens, etc., were won by Patrol Leaders Keller and DuMoulin. Handyman Badges, implying a useful ability to do numerous household repairs, etc., to Patrol Leaders Keller, DuMoulin, Buck and Crowley; Naturalist Badges to Patrol Leaders Buck, Crowley and DuMoulin; Horseman Badge to Patrol Leader DuMoulin; and Cyclist Badge to Scouts Calder and DuMoulin.

Scout J. Calder took his Second Class Badge for proficiency in general duties of a Scout, which include first aid, semaphore, and Morse signalling, Kim's games, lighting camp fire and camp cookery.

Tenderfoot Badges, which are the first decorations of Scouts went to Scouts Krimmer, J. Thayer, Davis, Tutt and Downing. To get this badge a boy must be between the ages of 11 and 18, satisfy the scout-master that he knows the Scout Law, signs and salute, the composition of the Union Jack and the right way to fly it, and be able to make certain knots.

At the conclusion of the presentations, Mr. Heneage gave a brief address in which he congratulated Kelowna on its excellent troop of Scouts, and the splendid work accomplished in a very short time by Scout-master Weddell. He spoke of the wide-spread nature of the movement and particularly in the old country, where after being officially recognized by the government at the outbreak of the war, the scouts had placed their organization of trained boys at the service of their country, and were rendering important service in bridge guarding, in Red Cross work, and in a multitude of other ways. Since his return from a recent visit to England, said Mr. Heneage, he had felt more than ever enthusiastic in the Scout movement, and he appealed to all parents to uphold and help it along.

Another amusing sketch, "The Monkey Scout," followed. The "Monkey" scout was a boy who preferred to take his scouting knowledge from a book rather than join the regular troop, and in this capacity Tommy Snashall (Patrol Leader R. Parkinson) who had slipped upon a banana skin, kept the audience in roars over his efforts to find the page in his book which would tell him just what to do. While he is thus deliberating, a troop of real B. P. Scouts comes along and with "neatness and despatch" bind up the old gent's foot, improvise a stretcher and convey him to the doctor. The "Monkey" Scout is so impressed with this performance that he undertakes to discard his book and join the troop (A. DuMoulin, I. Weddell, J. Parkinson, F. Duggan and R. Thayer).

A patriotic tableau introducing John Bull (Clare Rowcliffe), Scotland (little Miss Duncan), Ireland (Paddy Crowley), Miss Canada (Una Bellart), and Britannia (Miss Dorothy Evans), with solos and choruses, "John Bull," "Scots Wha Ha's," "Tipperary," "O Canada," "Rule Britannia," and "God Save the King," concluded a most excellent and successful evening's entertainment.

The proceeds, after paying expenses of the troop will be devoted to the summer camp which it is proposed to hold shortly in conjunction with the troops from Penticton, Summerland and Naramata.

RURAL DELIVERY FOR GLENMORE

A new rural mail route is being established for Glenmore and district. The service will be a tri-weekly one leaving Kelowna Tuesday, Thursday and Saturday, proceeding along the government and Glenmore roads, thence east to the Ellison road and then by way of Bankhead back to the city. The tender for carrying the mail was awarded to W. J. Rankin, and as soon as the new mail boxes arrive the service will be commenced. The inauguration of this service is to be attributed largely to the energy of Mayor Jones, who has been making efforts in that direction for some time past.
