Agricultural Society's Annual Meeting Next Saturday

Will Discuss Proposed Changes in Constitution and By-laws

The annual general meeting of the A. & H. Society will be held on Saturday, November 25th, at 2.30, in the Board of Trade room.

The accounts of the Fall Fair will be presented to the members of the Association and various alterations to the Constitution, By-Laws and Rules and Regulations will be suggested, of which notice of motion will be given for the next general meeting, the date being fixed by the members present. The directors hope that all members will endeavor to be at the meeting on November 25th.

The alterations suggested are given below in order to afford time for consideration:—

CONSTITUTION—Article 3. "The officers of the Society shall be a President, Vice - President, Secretary-Treasurer, six Directors (instead of 14), and one Auditor (instead of 2)."

BY-LAWS—[4] "Shall elect one auditor" (instead of 2), "and eight directors" (instead of 14).

[9] "Whenever any vacancy shall occur in the Board of Directors of the Society, it shall be filled by the Directors, who shall report at the next general meeting." Change to "The Board of Directors shall have power to fill up vacancies during their year of office, to appoint Committees from their number, and to co-opt other suitable persons to these Committees."

[11] "The current year shall mean from Jan. 1st to December 31st" (instead of July 1st to June 30th).

[14] "The fee of each member shall be $1 for each year (instead of $2.50).

[15] "Any person paying $15 (instead of $25) shall be entitled to the privilege of life membership."

[17] "Neither the Constitution nor the By-Laws shall be changed except by a two-thirds vote of all members present when at a regular meeting of the Society, due notice of the proposed change having been giv . . . at a previous general meeting" change to "in writing to the Secretary 30 days previous to the annual general meeting."

Rules [1] "The annual fee of membership of $1 (instead of $2.50) entitles the member (not 'members of his family') to compete for the Society's prizes free of charge, also free access to the Exhibition."

[2] Entries. All members' entries for competition must be made to the secretary one week before the opening day, or non-member's fees must be made." Previous rule—entries taken till day before opening day.

[5] "Four members (instead of 5) shall form a quorum . . . of Directors."

[6] To allow live stock and cut flower exhibits to be brought on first day of show.

[7] New rule—"Unless there are three or more entries the first prize will be witheld, second prize money to go to the first prize exhibit, second a card."

[14] To be entirely done away with "Any exhibitor winning $5 or over in prizes shall have $2.50 deducted as membership for the ensuing year."

[23] "The grounds will be open to the public at 1 p.m. on each day of the Exhibition (instead of 9 a.m. on the first day. Add "members to have access at all times."

The secretary of the A. & H. Society (Mr. R. L. Dalgleish) will be glad to discuss any of these suggested alterations at the Board of Trade office.

Following the precedent set by the British government, the French government has deprived Wm. Randolph Hearst and the International News Service of the use of cable sereice between Paris and America. The order applies to all the news channels under Hearst's control. The order was issued Tuesday and yesterday all Hearst employees in Paris received notice to look for other positions.

Scarcity of Grouse Due to Disease

Devastating Effect of Epidemic May Mean Closed Season

A great falling off in grouse and ptarmigan this year similar to that which prevail'd in the province eight years ago has resulted in showing that the birds are victims to a serious disease which has so depleted the flocks that a close season for grouse and ptarmigan is certain to be ordered.

Examination by experts shows that the birds have ulcers and are infected with ticks, and that many of them are afflicted with a form of tapeworm. It is said that it is the aftermath of an epidemic of tapeworm which seems periodically to attack the hares. The hares dying, permit the germs of the tapeworm to sink into the ground, where they survive in an altered form in certain vegetation and in turn are taken into the intestines of the birds.

The extent of the visitation is shown by a report from Stewarts' Ridge on the Carrilloo road. Last year at this time a thousand blue grouse could be seen any day. Now there are only a score of the birds visible. Not only the birds, but coyotes and foxes suffer in the train of the visitation which begins with an attack on the hares. The last attack eight years ago so devastated the grouse and prairie chicken in most districts that a close season had to be ordered.

Cow Sold at Auction Gets Man into Trouble

Animal Was Found to be in a Diseased Condition

A cow which was sold at the auction sale of Mr. C. W. Jones on Saturday afternoon, the 4th inst., has been the source of much trouble for all parties concerned. The price paid was $90, and the purchaser, Mr. W.L. Chapman of the K. L. O. bench, claims that before before he paid over his cheque the animal was guaranteed to be in sound condition. He had known the cow previous to Mr. Jones owning her and did not examine her closely at the sale. On arrival home with the animal, however, he was surprised to find that she was unable to eat or drink, and closer examination revealed a seriously diseased condition of the throat, great lumps being formed which prevented food passing down.

Believing that he had been swindled, he brought the cow back to Mr. Jones' stable Monday morning, and gave notice to his bank, the Bank of Commerce, to stop payment of the cheque. Before this notice took effect, however, Mr. Jones had cashed the cheque at the Bank of Montreal, and had left on the boat in accordance with his previous arrangements to visit his son in Summerland, prior to going on to Oregon.

A warrant was at once issued for Mr. Jones on a charge of "obtaining money by false pretenses," and he was brought back to Kelowna and placed in the lock-up.

On Monday morning of this week he was brought before Magistrate Weddell and after a preliminary hearing was committed for trial. The trial is to take place tomorrow (Friday) in Kelowna, when Judge Swanson will hold a County Court at 10 o'clock.

The Gosden perjury trial arising out of the plugging scandals at the Vancouver bye-elections has for the second time been dismissed owing to the disagreement of the jury. The court has declared that there is to be no further trial.

Within a few hours after his arrival on Saturday from England on a British warship, the Duke of Devonshire was installed and took the oath of office as Canada's Governor - General. The ceremony took place in the Executive Council chambers before a great assemblage of government, military and naval officers and invited guests.

HOSPITAL JUMBLE SALE SATURDAY AFTERNOON

THIS is to remind you of the effort which is bein made this week to raise funds for that most necessary of local institutions—the Hospital. A circular letter has been sent outduring the week appealing for articles for the sale, and it is hoped that every one will make some little sacrifice for this cause. If you cannot bring in the goods yourself phone the Max Jenkins Co. Saturday morning and they will have their dray call. The sale will be held in the same place as last year, viz., the store north of the Kelowna Furniture Co, on Pendozi street, and you will miss a good deal of fun if you are not there. Arrangements are also being made to serve afternoon tea in the Furniture Co.'s store in a little room specially fitted up.

A Horse for 25c

IN order to help on the Hospital campaign for funds, Messrs. Casorso Bros. have again generously presented a Horse to be disposed of in the same manner as last year, that is, if you make a donation of 25c to the Hospital you will get a ticket entitling you to a change in the drawing for the horse, which will take place Saturday evening. The horse is a good one and there should be a big demand for the tickets. See that you get one or more.

MERCHANTS' "DOLLAR DAY"

SATURDAY is also Dollar Day, and some of the bargains being offered will draw the dollars from your pocket like a magnet.

Advise Soldiers' Wives Not to Go to Old Country

Information has been received by the government pointing to the serious position in which in all probability the women and families of Canadian soldiers who have gone to live in England during the war may find themsnlves.

The transportation prblem is already sufficiently acute, and when it is considered what a large amount of shipping will be needed to bring the troops back to Canada, the difficulty of providing for the return of the wives and their families may be appreciated

It is strongly urged by the government that all who may be contemplating going to England should seriously consider the question as it may well prove to be one of great embarrassment to them.

The Russians have crossed the Danube into Dobrudja at two points south of Tchernavoda, and the Russian fleet has renewed the bombardment of Constanza, according to Petrograd advices received by the wireless from Rome.

Field-Marshal von Mackensen is reported continuing his retreat with demoralized forces and with one-third of his effectives lost.

The ravages of disease and the military reverses sustained are declared in the Petrograd advices to have seriously affected the morale of von Mackensen's army, while the reinforcements he requested to make good his losses are said not to have been provided. His retreat, therefore, is being conducted under disastrous conditions.

The mines in Fernie have been thrown idle for the last few days by disturbances which the miners call "bumbs," believed to be due to seismic movements of the earth. One miner has been entombed and several rescue parties have had narrow escapes.

How to Estimate Weight of Hay in a Stack

Estimating the number of tons of hay in a stack by measuring is often resorted to when it is inconvenient or impractical to weigh it. It is impossible to give a rule for measuring hay which is entirely satisfactory. The following one has often been used, states Professor E. G. Schafer of the Washington Experiment Station at Pulman, and and approximates the correct weight:

"Width plus over, divided by four and squared, then mutiplied by the length and divided by 512."

The above rule assumes that the cross section of a stack may be obtained by dividing the width plus over measurement by four and squaring it. Stacks vary so much in shape that this cannot be absolutely true with all stacks. The above rule also asumes that there are 512 cubic feet in a ton.

The length of time a stack has been built, the size of a stack or the amount it has settled, also the kind of hay—all influence the weight of a certain volume of hay

The above or other rules should not be relied upon unless it is impossible to weigh hay when it is sold.

Problem—Assume that a hay stack measures 18 feet wide, 26 feet over (distance from ground on one side up over the stack and to the ground on other side) and 30 feet long.

The solution would be:

18 plus 26 equals 44; 44 divided by 4 equals 11; 11 squared equals 121; 121 times 30 equals 3630 cubic feet in stack; 3630 divided by 521 equals 7.09 tons.

Mr. W. Crawford returned from a trip to the coast Tuesday.

Mr. George Fraser is back in town.

Result of Schools Showcard Contest

Merchants Buy Cards for their Store Windows

The competition inaugurated by the Merchants' Association for the best window showcard advertising "Dollar Day" and the "Jumble Sale" was taken up enthusiastically at the Public Schools, and a large number of cards were sent in. The original intention was to give three prizes to the High School and three to the Public Schools, but as none of the High School pupils entered, and about equal numbers of entries came from two classes only in the Public School, these classes were awarded the separate groups of prizes.

The cards were prepared in a great variety of designs, and much ingenuity had been displayed in the arrangement of some of them. On the whole the drawing and coloring were good, the weakness which disqualified many of them for prizes being the lettering of the announcement, which apparently had been regarded as a great nuisance and put in under protest, all the care being bestowed upon the design and decoration.

Prizes were awarded as follows: Mr Gordon's class—1st, Hazel Graham, 2nd, Bessie Duggan, 3rd, Jessie Mc Millan; Miss Caldwell's class—1st, Dorothy Graham, 2nd, Nelson Marshall, 3rd, Iris Webster.

After the prizes had been awarded, the merchants met in the office of the hospital secretary and the cards were sold to the highest bidders for the store windows, inthis way realizing a small sum over the expenses for the hospital fund.

Sir Sam Hughes Resigns

@General Sir Sam Hughes has resigned his portfolio as minister of militia. The exact reasons will be given when the official correspondence between Sir Sam and the premier is published, but it has been freely intimated that the gallant General's desire to take the whole Allied cause upon his own shoulders has been the reason for his removal. 6He is an example of a man with a superabundant fund of energy and organizing ability but little wisdom.

Cold Weather on Prairies

Early last week there was a heavy fall of snow in the Calgary district, followed by zero weather, the temperature falling Saturday night to 15 below. The situation was aggravated in Calgary, Lethbridge, and other towns by the failure of the natural gas supply, the sudden cold breaking the main pipe line.

The world's record for lofty aeroplane flight of 23,500 feet, held by the British since April last has been beaten at Turin by an Italian flyer, who attained a height of 25,800 feet in a flight which occupied one hour and 57 minutes. After ascending 19,750 feet, his thermometer registered 89 degrees below zero. 7

Formation of a new kingdom of Arabia with Grand Shereef Hussein Ben Ali as monarch, and Mecca as its capital, has been reported to the state department at Washington, with a request for recognition.

The Dominion Live Stock Branch will pay reasonable travelling expenses of a farmer or the authorized agent of a number of farmers from any section of Canada desiring to purchase one or more carloads of breeding stock or of feeding and stocker cattle in any part of the country.

The Revelstoke council will set aside a sum of money each year to provide for the erection of a monument to the soldiers from that city who have died in the war.

Death of Rutland Reeident

Rutland has lost one of its most respected residents in the death of Mr. Peter Fitzpatrick, which took place last Thursday. Deceased, who had reached the age of 63 years, came to Rutland about three years ago with his family, taking up residence on the Burrows place. He was born in Adelaide, Middlesex Co., Ontario, and for twenty years he was engaged in business there as a livery stable proprietor. He afterwards moved to Saskatchewan, and after a ten years' residence in that province came out to settle in Rutland.

The funeral was held Sunday afternoon, service being held in the Rutland Presbyterian church. There was a large attendance, including members of the local Masonic fraternity, of which the deceased was a member.

He is survived by a widow and family of five sons and one daughter. The latter is Mrs. J. Fleming. of Kelowna, while of the sons, three are at home, one living in Regina, and a fifth left recently with the 172nd regiment for overseas service.

Wilson Landing and Westside Notes

(From our own Correspondent.)

Mr. Critchley has been here for a short visit and left on Tuesday for Kamloops. He looks very fit now, though lately in hospital. He intends to go afterwards to New Westminster where he will consult a specialist about his foot which has caused him some trouble. He hopes to join another regiment later.

From Bear Creek to Killiney the residents all contributed to the sale at Mrs. H. Leney's on Monday last, with most successful results. By work, time and money combined, the sum of $70 was realized for the Fund for the Prisoners of War, a most enjoyable time being spent, although only fourteen people were able to be present. Those who could not attend in person did not forget the cause of the brave men who are doing their bit under semi-starvation. A vote of thanks was tendered to the thoughtful host and hostess, who spared no efforts in caring for the comfort of their guests, also to those who had braved the elements and driven a matter of twelve miles or so, including Mrs. Kenyon and the small son Robin, and Mr. and Mrs. Colquhoun.

Bad Motor Accident at Coast

Nine people lost their lives on Saturday evening when a motor-stage from the Ladner ferry plunged through the open draw of the bridge at the foot of Fraser street at the crossing of the North Arm of the Fraser River. Three of the occupants of the automobile were rescued. Among the drowned was the driver, George Smith, who apparently did not realize where he was until he struck the gate which marked the opening of the draw about ten feet beyond.

The Fire Brigade will hold a cinderella dance to-night in the Morrison Hall. A good turnout is hoped for.

The special express rates on fruit shipments will end for the season with this month.

Mr. Arthur Muirhead left Saturday on a visit to Toronto.

A splendid meeting of the W.C.T.U. was held last Thursday when Mr. Braden gave an excellent address on "After Prohibition—What?" Mrs. Dilworth's solo was enjoyed by all. Next meeting will be held at Mrs. Millie's on the second Thursday in December, at which all members or visitors will be welcome.

Crop Rotation Increases Duty of Water

In these days when the slogan of every farmer should be greater production per acre rather than an increase in acreage, on account of the shortage of help and the inability of water companies and municipalities to raise capital to enable them to store more water, the Superintendent of the Experimental Farm at Summerland points out the necessity of putting irrigated farms under a rotation.

Experience has shown that alfalfa in most soils responds in yield up to 3 ft. 6 ins. or 4 ft. of water. Clover and pasture follow this very closely during a period lasting from the middle of April to the middle of September. Grain, on the other hand, requires much less water, varying according to soil from 1 ft. 6 ins. to 2 ft., and spread over a much shorter period, say from April 15th to July 15th. So that it is quite evident that with a rotation, including some grain, the maximum amount of water would be needed during flood water time, and thus reserve the damand water for the alfalfa, clover crops, and pasture. Hoed crops require less water than other crops as moisture may be conserved by good tillage.

Further, by following a rotation, each part of the farm has a chance of getting its fair proportion of manure at regular intervals. Vegetable matter is turned in, thus getting the soil into better tilth, and, at the same time, increasing the duty of water.

Besides this, weed control under irrigation can be accomplished only by a rotation of crops. However careful a farmer may be with weeds, unless the ditches and the whole community served by those ditches are controlling weeds, the water coming through the ditches will seed the land it serves each year. The hoed crop year is, of course, the best year for weed control, and the cultivator should be used often and well during the season, and after each irrigation as soon as the land is mellow enough.

The rotation suggested as best suited to irrigation farming in British Columbia is as follows:—

1st year—Grain.
2nd year—Seeded to clover and timothy, or alfalfa and orchard grass.
3rd year—Hay.
4th year—Hay, one crop, manured in summer and second crop turned under.
5th year—Hoed crop.

Thus 20 acres of arable land would be cut up as follows: 4 acres grain, 12 acres hay, 4 acres hoed crop. To examine this from a water standpoint it would give 8 acres of crops requiring a small amount and 4 acres of hay which would be ploughed under, and would not need so much as if growing.

CAR SHORTAGE

Railway officials a Winnipeg in discussing the car shortage declare that they are doing their very best to relieve the situation in the Okanagan Valley. They point out that apple shipments must wait their time until the orders of the army and navy have been obeyed. In the service of one of the biggest Canadian meat packers there are several hundred refrigerator cars which are being used to haul frozen meat from the western packing houses to the Atlantic seaboard, where fast steamers wait at the docks to be loaded, and then to ply their way to the Old Country ports whence the meat is transported by the Army Service Corps to the men fighting in the trenches.

The railway officials say further that we in B. C. must put up with conditions. They are abnormal, they know, but still we must do the best possible and use paper lined box cars.

Across the line a similar situation prevails. The shippers there have taken the matter up with the Interstate Commerce Commission, but still no relief is in sight. Paper lined box cars are being put into service there as well. One railroad absolutely refuses to allow any of its refrigerator cars to be loaded with apples for a destination not on its own lines.

THE ROYAL NAVY WANTS CANADIANS

For immediate overseas service. Pay $1.10 a day and upwards. Free Kit. Separation allowance, $20.00 monthly. Apply nearest Naval Recruiting Station or Dept. of the Naval Service, OTTAWA

Orders for Local Scouts

Kelowna Troop
Troop First; Self Last

Edited by Pioneer. November 14th

Orders by command for week ending November 25th, 1916.

DUTIES:—The Otters, Eagles, Wood Pigeons, and Beavers will parade at the Club-room on Tuesday, the 21st of November, at 7.30 p.m. The Wolves, Curlews, and Kangaroos will parade at the same time and place on Wednesday, the 22nd of November. The combined Troop will parade at the same place on Saturday, the 25th of November, at 2.30 p.m.

• • •

WOLF CUBS. We are asked by Mr. Gordon to state that the first parade of all those boys who are anxious to join the new Pack of Wolf Cubs, will meet at the room in the old wooden school-house on Richter street, formerly used by "C" Company of the 172nd Battalion as an orderly room, on Friday next, the 17th inst., at 7 p.m. All Scouts are requested to bring this notice to the attention of their younger brothers, who, they know are anxious to join the pack.

• • •

A meeting of Patrol Leaders only is to be held on Friday, the 17th inst., at the Club-room, at 7.30 p.m.

• • •

A very business-like session of the Court of Honour was held on Saturday last, the 11th inst. The pruning shears have already commenced their work, and the Troop, by the decision of the Court of Honour is already reduced in strength by three, with more to follow.

• • •

Scout Dykes, of the Wolves, passed his Tenderfoot test on Saturday last, the 11th inst., and also Troop Leader Keller, and Patrol Leaders Calder, Parkinson, and DuMoulin. All Seconds and Acting-Seconds will be called upon at any time now to re-pass their Tenderfoot test, and attention is again drawn to the fact that every Scout in the Troop must re-pass this test before the end of the year. There is not much time left now.

• • •

We have obtained two splendid books from headquarters at London, which every Patrol Leader and Second in the Troop should read. They are: "How to Run a Patrol," and "Letters to Patrol Leaders on the Scout Law," by the late Captain the Hon. Roland E. Philipps. In connection with the latter book the publishers have written the following "Foreword":—"Called to Higher Service. On July 6th, 1916, the author of this book, Captain the Hon. Roland E. Philipps, when gallantly leading his men of the 9th Battalion Royal Fusiliers in a charge against a German trench, was killed, or, as we like to call it in the Scout movement, 'Called to Higher Service.' Shortly before this time Captain Philipps had sent the following dedication for this book: 'Dedicated to those Patrol Leaders, young and old, in all parts of the world, who are trying daily to be loyal to their Scout promise, and to uphold the honour of their ten Scout Laws.' We are sure these letters will now be read by Patrol Leaders with a double interest, and will probably have a double influence throughout the whole Scout movement by the fact that Captain Philipps has proved by his own life that he was loyal to the Promise and the Laws upon which he has written for the Leaders whom he loved so much."

The Chief Scout has also written his "Foreword" as follows: "Foreword. What I said to the Patrol Leaders at their great conference at Manchester I repeat now to you who read this, namely, that you have a great power to do good or to do harm to the Scouts placed under your charge. It largely depends on your character and your example to them which way they go. Here are the three steps you should take: First, win your boys by making yourself their friend and helper; secondly, influence them by your example in conduct and in doing things; thirdly, control them by your good sense, and by keeping them up to the teachings of the Scout Law. Your key to success is thoroughly to understand the inner meaning of the Scout Law, to carry it out in all that you do, and thereby give the lead to your boys. The value of the Scout training hinges on the Scout Law. Therefore you will find the following delightful letters from Captain Roland Philipps of the highest value, and of the greatest help to you if you read them carefully. Then,—all success to you! Robert Baden-Powell."

We cannot over-emphasize the importance of reading, marking, and learning the contents of these most excellent handbooks.

Apple Market and Car Shortage

Jobbers and retailers alike are complaining at the slow movement of apples from B. C. points. Country points are not overly well supplied with apples, and what they have are all B.C.'s. It is regrettable that more cars could not have been placed before this, because the cold spell will affect the movement to some extent. Jobbers however, are waiting patiently for their cars.

This year has afforded British Columbia an excellent opportunity to properly show her wares. From Winnipeg west British Columbia apples are to be seen and there will be a good many more rolling to prairie towns. People are being persuaded by the retailers to purchase boxed apples because "Ontario has a poor crop this year!" This argument is being used in hundreds of towns by energetic retailers.

TOWN AND COUNTRY NOTES

There will be no Mass at the Catholic church Sunday.

Miss Annie McMillan is at present on a visit to her sister in Bellingham, Wash.

Mrs. J. G. Simpson, who was for a short time teacher at the Benvoulin school, left this week for Trail with her little child, to join her husband who has secured a situation there.

Serg. Chaplain went down to the coast this week and will take an officer's training course prior to entering the Foresters battalion. He was accompanied by Mr. John Willougham who is also taking a course.

An auction sale of furnirure is to be held at the home of Mr. C. Hawes, Harvey Avenue, Saturday, November 25th. Mr. Hawes, who has a ranch in Glenmore, is leaving for the prairie with his family.

News has been received of the death in France of Herbert Stubbs, a former employee of P. B. Willits and Co. He was a son of Mr. J. J. Stubbs, at one time resident in Kelowna, but afterwards proprietor of a laundry in Vernon. The family moved to Vancouver some time ago.

Mr. Fred Pedlar arrived in town last Saturday.

Mrs. Henry Burtch went down the lake last week-end visiting friends at Peachland.

Messrs. G. S. Schon and A. R. Smith, of Vernon, are reported as killed in action in last week's lists.

The service at St. Andrew's, Ok. Mission, will be held on Sunday next (19th) at 3 p.m. The officiating clergyman will be the Rev. H. King, of Armstrong.

Last night at 5 o'clock Mr. Reid Johnston was married to Miss Bernice Helen Baker, at St. Saviour's church, Penticton, by the Rev. J. A. Cleland. The bride was wearing a travelling suit of cream broadcloth, the couple leaving for a three weeks trip to the Sound and California. On their return they will take up residence at Brookmere. Reid, who at one time resided in Kelowna, has many friends here, who will read this announcement with no little surprise (though we often suspected him!). Miss Baker's genial demeanor we can personally testify to, and heartily join in wishing the couple a happy and prosperous future.

Kelowna's Milk Business To Change Hands

An important change is to be made in the handling of the local milk business next week, which should result in putting it upon a much better basis than has been the case for some considerable time. Mr. A. McQuarrie has made arrangements to take over the entire output of the three principal local dairies, viz., W. H. Barlee's, J. B. Fisher's and C. Duggan's. Mr. McQuarrie is leasing the Harriss ranch near the Five Bridges, and here the milk along with that from his own cows will be gathered and properly standardized before being delivered to the public, who can thus be assured of a uniform product.

Mr. McQuarrie's experience in the dairying business extends over a period of many years. Before coming to reside in Kelowna he had control of most of the milk sold in Armstrong and Enderby, and his barns and dairy buildings were amongst the finest in the province. On several occasions he carried off much coveted honors granted by the Department of Agriculture for his equipment and methods of handling milk and cream. We wish him every success in his new venture.

Just opening up Christmas toys at Trenwith's "Electric Shop."

Rutland News

(From our own Correspondent.)

The unusually cold snap of the past week has frozen the Rutland "lakes" and many parties of skaters have already been seen on the ice.

Mrs. Fitzpatrick and family desire to thank all friends for the many kindnesses and sympathy shown during their recent bereavement.

Messrs. John Woolsey, Clarence Duncan and the Schell brothers, were out on a hunting trip last week and met with good luck, bringing in four deer and a coyote.

At the Women's Institute meeting last Thursday Mrs. B. McDonald gave a most interesting demonstration of candy making. There was a very good attendance. At the close of the meeting the candy was sold for the benefit of the Rutland Red Cross, realizing $2.05 after paying for materials.

Next Thursday, November 23rd, a bazaar and concert are to be held in the schoolhouse by the Women's Institute in aid of the Red Cross and Patriotic Fund. There will be a large array of useful and fancy articles suitable for Christmas gifts, homemade bread, pickles, fruit, candies, &c., and reasonable prices will be asked. Aftereoon tea will be served. The concert in the evening will commence at 8 o'clock. The artistes will include Messrs. Drury Pryce, H. Todd Boyd, G. S. McKenzie, Mrs. Braden, Miss Winnie Jones, Mrs. L. Dilworth and others.

NOTICE TO CREDITORS

Re Henry William Raymer, deceased.

Notice is hereby given that all creditors and persons having any claims or demands against the estate of Henry William Raymer, late of the City of Kelowna, in the Province of British Columbia, deceased, who died on or about the 6th day of April, 1916, and whose will was proved by Mary Shaw Raymer, the executrix therein named on the 19th day of August, 1916, in the Supreme Court of British Columbia, are hereby required to send in the particulars of their claims and demands to the said executrix on or before the 15th day of December, 1916. Particulars of such claims and demands may be effectually given by by being delivered to Mary Shaw Raymer, the above-named executrix, whose address is Kelowna, B.C.

All claims must be duly verified by statutory declaration.

And notice is hereby further given that, after the said 15th day of December, the executrix will proceed to distribute the assets of the deceased among the persons entitled thereto, having regard only to the claims of which she shall have then had notice, and that she will not be liable for the assets or any part thereof so distributed to any person of whose debt or claim she shall not then have had notice.

Dated at Kelowna, B.C., this 8th day of November, 1916.

52-1 MARY S. RAYMER.

"THE ELECTRIC SHOP"

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for the lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory, the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the right applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion lands.

W. W. CORY.
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.
