## "Jarsey" Goes for a Swim

The aquatic adventures of Messrs. Casorso Bros.' well-known Percheron stallion "Jarsey," created a brief excitement Saturday on the wharf. The animal was to be shipped to Penticton via the s.s. Sicomous, and he was being taken over the gangway on to the boat. He was, apparently, an unwilling traveller, and strongly resisted all attempts to persuade him to cross the narrow gangway on to the boat.

After several trials he was blindfolded and with some difficulty induced to make a few steps forward on the gangway. In his struggles, however, he missed his footing and breaking through the side-rail dropped into the lake between the boat and the wharf. He started to swim out but scared perhaps by the crowd he went round the boat. When he reached the freight entrance on the far side he made an unsuccessful attempt to board the boat there, but rolled backward and went under. For a time it was feared he would be lost but finally he got his head up again and swam round the stern of the boat, getting ashore behind the Growers' Exchange feed warehouse.

He was much exhausted with his unusual exercise, but fortunately not much the worse. No further attempt was made to get him aboard that day and he was taken back to his stable where he was given a good rubbing down.

Tuesday he and his equally handsome son were loaded into a car and made the journey by barge. "Jarsey" is a valuable pedigreed animal imported from France, and his drowning would have meant the loss of some fifteen hundred dollars to his owners.

Gen. von Bissing, German governor-general in Belgium died last Wednesday.

His Lordship Bishop De Pencier, who has long been absent in France with the Canadian troops, arrived in Halifax Friday.

It is officially announced that the American navy is "rapidly taking over the patrol which the British and French vessels established on the American coast."

Some five thousand or more coyote skins have been shipped out of Ashcroft this winter, the bounty on which alone amounted to \$15,000.

The new government in Russia will not negotiate a separate peace for Russia as a result of overtures that have been made by German and Austrian Socialist representatives, according to information reaching Washington.

Serious rioting took place in Constantinople last week on the occasion of the return of a detachment of wounded soldiers from the Mesopotamian front. A mob assembled around the military hospital, hissing the German officers, throwing missiles through the windows, and clamoring for food.

Two German destroyers were sunk, and a third possibly destroyed when the enemy's vessels attempted to raid Dover, the admiralty announced Saturday. Five German destroyers attempted the raid. Two British patrol ships attacked. The fight ensuing lasted only five minutes.

Premier Brewster has promised that he will lose no time in appointing a judicial commission to enquire into the serious charge brought against the attorney general by J. S. Cowper, a liberal member for Vancouver. Cowper charged that the night before election a representative of the Canadian Northern Railway deposited \$15,000 in the safe of the Hotel Vancouver for the liberal campaign fund which was called for by Hon. M. A. Macdonald.

### BIRTHS

MARTIN—On Friday, April 20th, to the wife of F. A. Martin, a son.

MOUBRAY—On Thursday, April 19th, to the wife of G. H. Moubray (nee Stocks), of Glenmore, a son.

## Y.M.C.A. Work Amongst Boys at the Front

Captain Pearson tells Thrilling Story of Life in the Trenches

Before a gathering of nearly seventy of the local business men and others Tuesday afternoon in the Lakeview Hotel, Capt. Pearson who for the past two years has charge of Y.M.C.A. military service work in the shelled area in France told a thrilling story of British pluck tenacity and organization which had gradually turned the tide of war against the mighty German force, and from a contemptible little army ill-equipped with fighting material had developed a terrific fighting force which was now beginning to overwhelm the enemy, and would before long result in a victory for Democracy against unscrupulous militarism and autocratic domination.

The occasion was the beginning of a campaign to stimulate interest in the splendid work which is being done by the Y.M.C.A. amongst the boys who are bearing the unspeakable hardships of trench life. Luncheon was served at 12.30 and after this function had been disposed of Mayor Sutherland who acted as chairman briefly introduced the Capt. who was enthusiastically received. He has a most entertaining gift of narration and from beginning to end of his address he held the wrapt attention of his hearers.

His story commenced with the landing of the first small British contingent, which though lacking nothing in the traditional qualities of the British Army, was almost overwhelmingly outnumbered, and due to England's unprepared condition had what now seems an almost insignificant equipment of guns and shells with which to meet the onrushing Germans. Amid discouragement and disaster however, they held on grimly until the Empire could adjust itself to the calamity which had befallen the world, and send them not only reinforcements but artillery large enough and numerous enough to adequately meet the situation, until at present the Allied power in guns and shells was as more than ten to one of that of the enemy.

The same situation presented itself in regard to aircraft, the British and French having now gained ascendancy in the air. So much was this the case that many men have been months in the trenches without having seen a German aeroplane, while thousands of the Allies' machines thronged the air, and maintained a regular and effective patrol of the lines. In addition to this, companies of Allies' aircraft passed daily over the enemy's lines, taking photographs and directing the fire of the heavy guns.

The present successes of the allies were not due to any offensive or "drive," but were rather the cumulative effort of over two years of solid preparation both at home and in France. The vast achievements of the navy in keeping open the seas, and of the contingents from Canada and other parts of the empire, the former alone greater than the whole British army of the first few months, were also sketched.

Capt. Pearson told of the organizing of the military service branch of the Y.M.C.A., and its endorsement by the British government and of Lord Kitchener himself. It had done a wonderful work in helping and sustaining the soldiers under their terrible trials and in ministering to their comfort and recreation.

In conclusion Capt. Pearson foreshadowed some of the serious problems which would face the country upon the conclusion of the war, when the soldiers, fresh from the terrible life of the trenches, would be coming home.

Mr. E. C. Weddell, in proposing a vote of thanks to Capt. Pearson, gave further information concerning the work of the Y.M.C.A. in France, and urged that every possible encouragement and assistance be given to the movement.

In the evening Capt. Pearson addressed a mass meeting in Knox

## Germans Read Speech of President Wilson

Aviators Shower Translation in Pamphlets Over Enemy Lines

Copies of President Wilson's famous address to Congress asking for the recognition of a state of war were dropped over the German lines last week by American aviators. Specially made up and tied with a parachute-like arrangement, packages thrown from the aeroplanes above the German positions fell a little way and then burst open, with the thousands of leaflets printed in German scattering like a snow squall. The froth appeared for a moment to be the scene of a raging snow blizzard.

French artillery and aviator observers, watching activities behind the German lines through powerful field glasses from observation posts in trees and captive balloons, reported that the shower of pamphlets caused a great commotion behind the German lines. Soldiers scrambled out of the dug-outs, grabbed copies, and hastily darted back out of range of the French guns and snipers.

Copies in German were put into the hands of every German soldier or civilian prisoner in France. The distribution was quickly completed, and reports from the camps show that the pamphlets created a profound impression.

## Dominion Government Issue New Dairy Regulations

New Dominion dairy regulations have been put into force by order-in-council which provide that dairies in which milk or cream are produced for sale shall be licensed, and that no license shall be issued unless the dairy shall conform to the required standard.

Compensation is to be paid to owners of cows slaughtered at the rate of one-half of appraised value if destroyed for open tuberculosis, and two-thirds if destroyed as a reactor at the request of the owner. Milk or cream from a herd containing reactors must not be sold except when pasteurized.

church which was filled with one of the largest congregations ever seen in that building, and all listened with the closest attention while he drew vivid pictures of the scenes which are being enacted in the battlefields of France. He conveyed in a manner which no cold press despatch could do, a living picture of the horror and pathos of the first retreat from Ypres, before the unexpected early gas attacks, when soldiers and civilians, old men and women and young children, transport trucks and guns, struggled along the narrow lane which afforded the sole means of escape.

He also told of the manner in which the Y.M.C.A. organization had been used to act as a medium between the love and anxiety of those at home and the men at the front, surrounded as they were by physical dangers and discomforts, and still greater moral pitfalls. The tents and shelters of the Y.M.C.A. were amongst the bright spots in that terrible country, and the greatest blessings to the men at the front.

Mr. Estabrook, national secretary, who has had charge of arrangements for the visit, supplemented the captain's address by a brief outline of what was involved in the carrying on of the work of the Y.M.C.A. at the front and the need of keeping it up to the highest degree of efficiency. Though not directly appealing for funds an opportunity would be given, he said, to Kelowna people to contribute to the support of the movement, and for that purpose the local committee had made arrangements for a rapid canvass of the city.

After the meeting there were several who volunteered to carry out the suggested canvass, and it is understood that their efforts are meeting with success. The canvass is to be continued until Friday evening.

## Grants For Discharged Soldiers

On being honorably discharged from service every soldier of whatever rank, who has served for six months, a portion of which has been overseas, is to receive a grant of three months' pay and allowances of the rank he held when honorably discharged. Nurses will participate in the grant upon the same terms as soldiers. The grant includes separation allowance as well as pay. The object of the extra pay is to keep the soldier in funds during a period in which he may be expected, by reasonable efforts, to find employment and be reabsorbed into the industrial or business life of the community.

## H. J. Williams Dies in English Hospital

News came to hand this week of the death in hospital in England of Pte. H. J. Williams, who went over with the rest of the Kelowna boys last fall, but who owing to continued ill-health has never been able to get to the front. He was unfortunate enough to contract measles which was epidemic amongst the men for a time, and suffered severely. Later he sustained an injury while engaged in bayonet drill. His death however was due to pneumonia.

Mr. Williams came to Kelowna some four or five years ago from Danville, Quebec, where he was for a considerable time superintendent of the asbestos mines. He was a son-in-law of Mr. J. C. Stockwell, and leaves a wife and four young children.

## Private Barlee Killed in Action

Pte. Roland Finch-Hatton Barlee, eldest son of Lieut. and Mrs. W. R. Barlee, of Kelowna, has been added to the list of "Killed in action" during the week. Pte. Barlee, who was only fifteen years of age, was born and lived practically the whole of his life in the Kelowna district. He went overseas last fall, only a short time after his father, who had seen service with the first contingent, was invalidated home. Lieut. Barlee is now with the B. C. Horse in Vernon.

Mr. W. A. Scott, of Benvenuto, received a wire during the week that his son, Clifford who is in France, had maintained a slight gunshot wound in the hand.

The numbers of strikers in Berlin is placed, even in the semi-official report, at 125,000, and is distributed, according to the Tageblatt, through machine works, electrical establishments, and part of the munition plants. A strike has also broken out amongst the Polish munition workers in Warsaw.

Nearly 6,000 laborers to work on farms in western Canada are reported to have been secured in the United States up to last Saturday as a result of the campaign conducted by the Dominion government and the governments of Manitoba, Saskatchewan, and Alberta.

Several fruit growers' organizations have asked retail merchants' associations in Western Canada to exert influence to have the entry of foreign fruits into Canada during the Canadian fruit season prohibited. Negotiations with the federal government relative to the proposal have been started.

The military hospitals commission now has 5,430 convalescent soldiers under its care. The convalescent hospitals alone have 2,364 patients, of whom 1,997 have been overseas. Over 500 soldiers are under treatment at the sanatoria for tuberculosis, 875 of whom have been overseas. There are also 88 soldiers, 69 being returned men, in hospitals for the insane.

After severing all telephonic communications with the outside world, one or more burglars blew open the safe of the Royal Bank of Canada at Ladner, B. C., some time after 11 o'clock last Thursday night. For some reason or other the safe crackers were apparently frightened and left without reaching the inner chamber.

## Boys' and Girls' Club Makes Good Start

Thirty-one Members will Enter Various Competitions - Officers Elected

The organization meeting of the boys' and girls' club was adjourned from Saturday, the 21st, to Tuesday, the 24th, when the officers were elected and further details arranged. Thirty-one members from town and country have joined the club and the officers elected by them were: Quentin Fallis, president, sec.-treas., Tom Taylor, whilst Mr. W. Mitchell is club organizer.

The two departmental competitions selected are potato growing and poultry raising. In the potato growing there are six positive entries and five more wish to enter if land can be procured for them. Mr. Mitchell is very anxious that as many competitors as possible take part in this competition, and as the potato plots must be one-tenth of an acre in area, he wishes to hear from someone who has land suitable for potatoes in a central part of Kelowna, which they would lend or rent to help out this competition. There are eight entries in the poultry competition and the breed selected is White Wyandottes.

The organizing committee have in view the following competitions for the year—manual training, collection of vegetables, noxious weeds (mounted), noxious weeds (seeds), canning and preserving, garment making, cooking, photography and essay, in addition to which it is proposed to have school collections of sewing, school handwork and school collections of flowers and vegetables. It is intended that all these exhibits shall be shown at the fall fair. Friends have already promised prizes for three of these competitions and the committee hope that any others who are interested in this movement and would like to give special prizes will notify Mr. Mitchell or Mr. Dalglis at once so that the competition can be properly arranged and a leaflet of rules, &c., distributed within the next fortnight.

The rules for the department potato competition are briefly: Plots to be exactly one-tenth of an acre; one variety to be grown by all; each competitor to do all the work himself, except that the girls and younger boys may be assisted with heavy work such as ploughing, &c.

The rules for the poultry competition are: Competitors to raise chickens of the same breed (white Wyandottes chosen); the eggs to be set under a hen and not more and not less than 13 eggs shall be set. Eggs can be procured for competitors to cost not more than 50c per setting.

Further applications to join in these two competitions can be taken if handed at once to Quentin Fallis, Tom Taylor, or Mr. W. C. Mitchell, or Mr. R. L. Dalglis, and it is hoped that many others will join the club to make it the biggest in the valley, whether they intend to go in for these two competitions or for the others which are being arranged.

Any boy or girl from 10 to 17 years may join, and the membership fee for the year is 25 cents, payable to Tom Taylor, sec.-treas.

Canadian soldiers in uniform will not in future be allowed to enter the United States. It has been thought that since the United States has entered the war on the side of the Allies, Ottawa would permit Canadian soldiers to go to Seattle or any other American city in military garb, but the order states that there has been no relaxation of the previous orders. Consequently soldiers will be obliged to remove their British uniform before entering the State of Washington.

The destruction by fire of a large quantity of potatoes in the Graham Evaporator fire at Belleville has occasioned a serious shortage for army consumption.

## Westbank News

(From our own correspondent).

Mrs. Clarke is not making a very rapid recovery and is still with her daughter, Mrs. H. Drought.

Mr. and Mrs. Hockey, of Glenross, were visitors to Kelowna on Friday, driving as far as the ferry.

Mr. D. E. Gellatly is putting in a cement dam on McDougal creek so as to be able to water the Bush-rie ranch.

Miss Whitworth accompanied Mrs. J. Drought on Saturday when she came up to pay a visit to Mrs. W. Brown.

Mr. J. Drought was here this week trying to buy young calves as he has more milk than he can feed.

Miss Clarke, secretary of the Red Cross, reports forwarding 19 pairs of socks to the Kelowna branch on April 14th.

Mr. Steele is busy doing necessary repair work on the roads, pending the passing of supplies in the legislature.

Mr. Cutbill was a visitor to Westbank on Monday, driving as far as the ferry to meet Mr. Groves, the engineer.

Mr. Groves, civil engineer, is a guest at the Lakeview this week whilst supervising some work being done on the Indian reserve.

Mr. and Mrs. Blackwood are visiting Penticton this week-end, being the guests of Mr. Baghman, who took them back with him in his car.

Mr. Baghman motored up from Penticton this week to plant a few trees on his ranch here, having uprooted cherries, replacing them with apples.

Mrs. Hay, of Peachland, was a visitor to Westbank Sunday afternoon, accompanying Mr. Rowland the minister, to the services he holds here.

Lieut. Seeley was in town this week looking for recruits. There are not many left here now the boys having answered the call in fine style.

Mr. Alex Micol had to make a hasty trip to Kelowna by the ferry on Monday, having dislocated his alfalfa renovator whilst he had at least ten acres to finish.

Geo. Brown, who has been hunting cows these past few days, reports deer in plenty between here and Glenrosa. Guess they know it is close season!

Mr. J. Davidson is unable to do his spring work himself this year owing to a severe attack of gout. Mr. Ball is helping him out with the plowing, &c.

Mr. and Mrs. J. Falkner have moved to their own ranch on McDougal creek, having completed the spring work on the Dundas place.

Mr. L. Hitchner, of Glenross, has been appointed postmaster and mail carrier in the place of his brother who has gone to the prairie.

Pte. J. C. Tolhurst, who is convalescent at the military hospital Resthaven, Sidney, B.C., is making steady progress and says he may see us again this summer if all goes well.

Pte. L. C. Fetherstonehaugh did not go overseas when reported to have done so. They were kept on the coast somewhere for five or six weeks. However, he arrived safe in England on the 9th of this month.

The Misses Watson and Hogg, of Summerland, are visitors in town to-day.

The hearty thanks of our soldier boys, their dependents and the local committee, are due to the Kelowna "Messiah" choir who have through their secretary, Mr. H. Bartholomew, handed twenty dollars, part proceeds of their splendid concert, to the treasurer of the local Canadian Patriotic Fund.

All changes in contract advertisements must be in the hands of the printer by Tuesday evening to ensure publication in the next issue.

Women Should Get On Voters' List

The amendments to the Provincial Election Act providing for the registration of the women of British Columbia as voters is now law and every British Columbia subject male or female over twenty-one years old is entitled to vote if registered in the usual way. Under the changed law the time for registration as a voter has been extended until Monday, May 14th, and every woman voter should make it a point to have her name upon the list.

Forms are provided upon which the application is made, the form varying according to whether the applicant is a British subject by birth, by marriage to a British subject by birth, by marriage to a naturalized British subject or by naturalization in person.

All women who are anxious to take advantage of the franchise which has been granted them under the new law should see to it that they procure one of these forms and fill in the particulars required. It is, perhaps, hardly necessary to point out that it makes no difference whether the form be procured from a Liberal or a Conservative. The information sought is simply for the purpose of compiling a list of all those eligible to vote. If your name is on this list, in the event of an election you can have a vote, but not otherwise. It will be six months before another list is made.

Plan For Settling Returned Soldiers

Hon. W. J. Roche, minister of the interior, has given formal notice of the following resolution upon which legislation will be introduced providing for the settlement of returned soldiers upon the land:
"That it is expedient to establish a board to be called 'The Soldiers' Settlement Board,' consisting of three commissioners and to provide for salaries and expenses in connection therewith and to empower the minister of the interior at the request of the board, to reserve such Dominion lands as may be required and upon the recommendation of the board to grant a free entry for not more than a 160 acres of such reserved lands to any person who has served in the naval or military expeditionary forces of the United Kingdom and who has left the forces with an honorable record or who has been honorably discharged, and the widow of any such person who died on active service; and further to provide that the board may lend upon such terms and conditions as may be prescribed, to any such settler an amount not exceeding \$2,000 for acquiring land for agricultural purposes, payment of encumbrances on lands used for agricultural purposes, improvement of agricultural lands, erection of farm buildings and purchase of stock, machinery and equipment, the money to be expended under the supervision of the board."

Two steamers arrived at Halifax Saturday in transport service. One brought from England 300 invalided and wounded officers and men and 1036 civilian passengers, 900 of whom were women and children coming home from England "by request" of the British authorities. The second transport brought 540 wounded and invalided officers and men.

Orders for Local Scouts

BE PREPARED Kelowna Troop Troop First; Self Last

Edited by Pioneer. April 24, 1917

Orders by command for week ending 5th May, 1917.

DUTIES: Orderly patrol for week, Beavers; next for duty, Curlews.

PARADES: The combined troop will parade at the club room on Wednesday, 2nd of May at 7.15 p.m. at the exhibition building on Friday the 4th of May at the same time, and at the club room on Saturday the 5th of May at 2.30 p.m. Every scout must have his staff at each of these parades and full uniform is compulsory on Saturday. A scout wearing his uniform neatly at any parade is entitled to 3 points for neatness, as well as points for attendance and conduct. Patrol leaders will please ascertain at once what equipment in the way of uniforms, billycans etc., is required by any scout in their patrols and hand in a list to the scoutmaster. The annual troop photo graph will be taken at either the above Saturday parade or the Saturday following. As our total roll is only 28 we cannot afford to have any absentees.

There was a time when as a troop we had a good name for punctuality, but we are afraid that excellent attribute is becoming one of our past glories. We have a lot of work to do for the concert, which we must make a success, and it is our aim to do all of this work with the least possible interference with school studies. In addition to the above parades we must have some singing rehearsals, but if you (each of you individually) will make a point of being punctual at each rehearsal, give close attention and put some vim and energy in your work while there, we are sure that you can make a success of both your scouting work and your studies. Do not make one good thing an excuse for not doing another good thing or doing both of them half-heartedly, which is so often done. Be honest with yourselves, and if it is a sacrifice for any of you to give up some other amusements for the concert or scouting—and there is something wrong with you or the troop if that is so—we ask you to make that sacrifice up to the concert at any rate. After the concert let us then find out what is wrong. When a parade is called for 7.15 let us be able to commence work at that time, and not have different scouts come straggling in for half-an-hour after that. Then when the parade is over make a bee-line for home at scout's pace. Punctuality is an absolute essentiality for success in any walk of life, and many a man owes his present place at the bottom rung of the ladder, or half way up, when he might have been at the top, to the simple, catching and common fault of unpunctuality. It is most pleasing to know when an appointment is made with any one that it will be kept promptly, and nothing is more indicative of what a troop of boy scouts really are than punctuality. By it we know whether a troop is a bunch of luke warm, half-hearted boys with some slackers mixed in, or a bunch of keen, alert, smart, and loyal scouts, who will make the same kind of men to-morrow. We are not writing this for the sake of filling up space, but we earnestly wish each individual scout in the troop to carefully read this and apply it to himself, because it is needed in the troop now, and badly.

If we are able to arrange for the concert on two nights, we shall have it on the 17th and 18th of May. The tickets will be given out for sale on Friday the 11th of May, and will be the usual price of 50c for adults, and 25c for children. Who is going to win the prize for selling the most this year? Last year the following four headed the list in the order named—R. Keller, J. Groves, J. Calder and C. Rowcliffe.

Patrol leaders who wish to have separate patrol meetings will have time given them for this purpose at the regular troop parades up to the concert.

It is stated that \$10,000,000 is the sum which the government proposes to provide for the improvement of Canadian roads in connection with the Highways Act again to be introduced this session. A bill to amend the Bank Act will authorize the banks to lend money on live stock.

America's Preparation For the War

On account of the many interesting side-lights which it throws upon the way in which the idea of war has been received in the country, to the south of the line, and on preparations which are being made to meet the problems which are bound to arise as a consequence of the step taken by the government of the United States, we are printing the following extracts from a letter just received by Mr. W. D. Brent from a friend in Memphis, Ten.

"We are at last in the war," he writes. "Guess Canada was elated at the entrance of Uncle Sam into the struggle. The South is adrift with enthusiasm. A big demonstration was held in Overton Park yesterday—Sunday—and conservative ligues place the crowd at 45,000 to 50,000. I never saw such a crowd in my life. Overton Park covers about 480 acres, and it appeared as if every foot of it was jammed with people, and every one of the immense throng appeared bubbling over with enthusiasm. A young French officer in uniform, a veteran of the Battle of the Marne River, in the early part of the war, where he lost an arm, was one of the speakers, and I never before witnessed such a scene. He spoke English fluently, was a brilliant talker, and he set the crowd abire. While the speaking was in progress, flying machines were in the air above dropping small American flags, and everything had caught the spirit. We have an aviation school in Memphis now, and machines are always in sight above and around the city. Believe they have something like fifty practice machines on the grounds, and new ones are coming in all the time. It was quite a novelty at first, but they have become commonplace.

"You would be surprised at the unanimity of feeling in this section for the war. For a long period before declaration was made by Congress of a 'state of war' it was a foregone conclusion that war was bound to follow, and when it was finally reached, everyone was reconciled to it and considered it as a matter of course. It is astonishing how little it has affected America—I mean as to excitement over it. Everybody seems to feel as if it was a personal job on the part of each individual which had been held up or delayed as long as possible, to get into it and uphold our rights, and we are not a bit confused over it or doubtful about the result. This year will not see the end. Nobody expects the U. S. to do anything effective inside of almost a year.

"It's a good sign at Washington, too, that the government is going into everything on a big scale. It might surprise you to know that 75,000 rear automobile wheels have been shipped out of Memphis in three weeks by the Kelsey Wheel Co., and another order has just been entered for 50,000 more. These wheels are finished and ready for the tire.

"Never before has such concerted action been taken in America as to a particular undertaking as is now in progress, backed and influenced by the government at Washington, to foster and push agriculture and planting of every description. 'Plant a garden' is the local slogan, and on a bigger scale is the campaign in the country. One Lumber concern in Memphis began this week spending \$15,000 for an outfit—mules, plows, etc.—to plant every foot of their out-over lands in Arkansas in corn and potatoes. Also the Singer Sewing Machine Co., operating a land and lumber company in Memphis, is preparing to plant about 4,000 acres Arkansas, Missouri, and Florida in potatoes, corn, peas, and beans. The local office was ordered from New York to push clearing and planting at once. They expect to spend about \$20,000 raising the crop, on which it is said, they don't expect or want to clear a cent. Tremendous and concerted pressure and influence is coming from high places, and I have no doubt the government at Washington is behind the moneyed class urging action. It is a well-known fact that for months and months preparation has been made for the time that is now upon us, and we are really better 'prepared' than generally known. I am told that for months the secret service department has had men in every city getting a line on all allies, and here in Memphis a number of these have been hauled up and juggled. Guess we will have an internment camp here before long."

**TOWN AND COUNTRY NOTES**

There was a bunch of the boys up for the week-end from Vernon.

Mr. E. S. Gardner left Tuesday on a trip to the Cariboo country, and expects to be absent about three months.

Miss Edith Haug returned, to Kelowna Monday from the coast where she has been attending a business training college.

The picture donated to the Red Cross by Mrs. Smith, now on display in the window of P. B. Willits & Co., is to be drawn for on Saturday night next and the result will be placed in the window the same evening.

Mrs. T. A. Woods and children returned Saturday from a visit to her aunt, Mrs. Downton, at Summerland. Her sister, Mrs. A. C. Bennett, who is at present residing in Summerland, accompanied her and will make a short stay in Kelowna.

Mr. H. W. Morgan, manager of the Lethbridge Mercantile Co., and formerly manager of the Brown Fruit Co., of Edmonton, has been appointed to take sole charge of the selling operations of the Okanagan United Growers.

Mr. A. L. Moreland, formerly of Kelowna, has according to the Summerland Review accepted a responsible position in Hamilton, Ont., as business manager of a hospital for invalided soldiers.

Two more Kelowna boys left this week to enlist—Wm. McQueen joining the Foresters and W. Marshall the C.A.M.C. Recruiting officer Wilkinson says he has some more recruits awaiting transportation.

The Kelowna Equal Franchise League is anxious to have the property qualification for school trustees removed and are forwarding to the government the following resolution: "Whereas a man may become prime minister of Canada, or provincial premier of British Columbia without any property qualification whatsoever; but whereas it is impossible to become a municipal school trustee without a property qualification; therefore the Kelowna Equal Franchise League requests the legislature of British Columbia to abolish this inequality and throw the office of School Trustee open to the public without attaching any property qualification thereto."

Pte. F. A. Martin is in Kelowna on ten days' leave.

Mrs. J. L. and Miss Vicary, of Peachland, were visitors to Kelowna during the past week.

Mrs. Pitcairn was a passenger to Halcyon hot springs Wednesday.

Pte. C. Adams returned to Vancouver Wednesday morning after a short leave.

Mr. F. W. Peters, of the C.P.R. passed through Saturday on his way to Nelson, returning Wednesday.

Mrs. P. B. Willits and Miss V. Bailey are spending a few days at the coast leaving Kelowna Tuesday morning.

The logs to be used in the piling for the repair of Pendozi street bridge, are being drawn up the creek from the lake and the pile-driver will be at work Friday morning.

Two carloads of pedigreed Holstein cattle came in Wednesday for Mr. Geo. Watson, who has leased the Glenmore ranch. The cows were from Mr. Watson's stock farm near Lethbridge. A car of settler's effects also came along, including several horses, a lot of poultry, turkeys, &c.

The labour bureau of the Farmers' Institute has been in correspondence with Mr. Max Ewart Immigration officer at Penticton re bringing in men from Washington if required. Mr. Ewart was in town on Wednesday and reported to Mr. Dalglish that he has received permission from Vancouver head office to give permits for men from the States if required for Kelowna. As the bureau had not at the moment any unfilled applications for labour Mr. Dalglish did not ask for any permit to be given but if farmers or others require white labour which might be found in Washington application will be made if they will file their wants with the labour bureau.

Dr. S. L. Taube, the eyesight specialist, will be at our store on Tuesday, May 8th, for the purpose of examining eyes and fitting glasses. All work absolutely guaranteed, so, no matter what is wrong with your eyes do not fail to consult him.—Trench and Currie, Druggists.

**Local Branch of W.M.S. Hold Annual Meeting**

The annual meeting of the local W.M.S. of the Methodist church was held on Wednesday, April 18th, at the home of Mrs. J. W. Jones. Reports of the Auxiliary, Circle and Mission Band for the year showed a marked increase, there having been forwarded to the branch treasurer \$146.60, being an increase of \$26.65.

A special feature of the afternoon was the presentation of a life member's certificate to Mrs. I. Brisbane by the circle members. The presentation was made by Mrs. Dilworth and Miss Dosie Sturtridge.

The election of officers resulted as follows: Pres., Mrs. J. W. Jones, Vice-Pres., Mrs. C. Faulkner, Rec. Sec., Mrs. W. H. Gaddes, Treas., Mrs. E. Langille, Cor. Sec., Mrs. L. Dilworth, Supt. of Christian Stewardship, Mrs. E. Braden, Supt. of Circle, Mrs. L. Dilworth, Supt. of Mission Band, Miss L. Thompson. Mrs. Gaddes was appointed delegate to attend the branch meeting in Vancouver, May 8th to 11th.

After the business of the afternoon a social time was spent among the members and visitors present.

**"Messiah" Concert Will Not Be Repeated**

The following statement in connection with the "Messiah" concert, rendered on Good Friday, has been handed in to us by the secretary: Total receipts \$75 (\$74.95 was exact figure); expenses \$27.50. Of the remaining \$47.50, \$20 was handed over to the Patriotic Fund, \$3.75 to the Red Cross, and \$23.75 to the Baptist church.

In acknowledgment of repeated requests it had been decided to repeat the concert in a week's time and donate the proceeds to the Red Cross, but owing to the pending departure of Mr. and Mrs. Pedlar for the east it is impossible to arrange this, much to the disappointment of many.

The whole of the work was honorary and regret is felt by the choir at the departure of such able singers from their midst.

**Writing Paper Special**

YOU have been advised of the advance in price of paper for nearly two years. You were no doubt correctly informed, and the price is still increasing. We were, however, able to buy a quantity of boxed paper and envelopes which we will sell while they last at

#### SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,500 acres will be leased to one applicant.

Application for the lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights are situated.

In surveyed territories the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion lands.

W. J. COBY,  
Deputy Minister of the Interior.

(N. B.—Unauthorized publication of this advertisement will not be held responsible.)

## Rutland Boy in Disastrous Raid

The following letter from Pte. Arthur Gray, of Rutland, will give a glimpse of what our boys have been passing through during the past few weeks.

"Just a line or two to let you know that I am still in the land of the living. I can hardly realize how I escaped to tell the story of the disastrous raid our brigade attempted. My chums are nearly all wounded or dead and I am left on my own. Out of our platoon there are only four men and a sergeant left. Our lieutenant is dead and the other sergeant wounded.

"There was an armistice to gather up the dead yesterday morning. I was out on "No Man's Land" with a party of our fellows. The Fritzies helped to carry the bodies over. Some of the sights were sickening. Our colonel died in Fritzies' wire. He was buried with military honors to-day. Hope we go to billets soon for a rest. Heaven knows we need it. I lost my rifle, pack, and overcoat. Got fresh ones now, but my mouth-organ is gone!"

The British war cabinet has decided that every physician and surgeon and every man with military training of military age must be called up for service immediately.

## ROYAL YEAST CAKES

Alexander MacLaren, the great cheese manufacturer, and member for South Perth in the House of Commons from 1896 to 1908, died last Thursday at the age of 63.

Henry Ford has waived all patent rights on his farm tractor and has cabled the specifications to England so that Great Britain can manufacture tractors for use in the British Isles and in France. Mr. Ford hopes to have thousands of tractors ready for use in the United States and Canada by August 1st. His entire tractor plant, like his automobile factory, will be at the disposal of the United States government.

## Notice to Car Owners

### CHANGE OF BUSINESS

The stock and equipment of the Burbank Motor Co., Ltd., has been taken over by Chas. E. Smith who will carry business on in the old stand.

OUR REPAIRING is the kind which gives your car a new lease of life. HAVE YOUR CAR LOOKED AFTER HERE, we shall look for you back, but not so often.

The Chas. E. Smith Garage

**The Point of Contact.**

The merchant who is alive to his opportunities will keep in constant touch with his customers, and with others whom he hopes will become his customers. He will keep them informed of the arrivals of new goods, the prevailing tastes or fashions, the latest improvements in things to eat or to wear, or to make housework easier.

And the point of contact is advertising. To advertise intelligently, is an evidence of progressiveness. It is safe to conclude that you will receive the best service and best value from the merchant who seeks your patronage by modern methods.

## Our Own Blend of Coffee

ONCE upon a time when you were going to school you may have read these words: "Tea, Coffee and Cocoa, from which we make such pleasant drinks, are all of them some part of a plant."

Last week we had a word to say about Tea. This week let us say about coffee that there are many brands in many cans. Some are whole, some ground, some pulverized, some "other ized," some good and some indifferent. However, let us say this: if you want good Coffee, pure Coffee, unadulterated Coffee, why not buy our own blend which we grind in our electric machine from freshly-roasted coffee beans? The aroma is there, the flavor is there, the strength is there.

Ask for Our Own Blend of Freshly-Ground Coffee

## Printed Butter Wrappers

You can be supplied with neatly-printed wrappers for your butter at the Kelowna Record Office, for the following prices:

|                               |        |
|-------------------------------|--------|
| 100 PAPER & PRINTING INCLUDED | \$1.50 |
| 200 " " "                     | 2.00   |
| 500 " " "                     | 3.15   |
| 1000 " " "                    | 4.50   |

These prices include Both the Paper, which is the best obtainable for the purpose, and the Printing of same. Please note this.

Owing to the extraordinary rise in the price of butter parchment (which has gone up over 100 per cent) we have been reluctantly obliged to raise our prices slightly. Nearly all this paper was previously manufactured in Belgium, and needless to say this supply has been entirely cut off. Unfortunately there is no guarantee against further increases, indeed, they are more than likely.

## Kelowna Record
