Fatally Hurt By Flying Stump

Wilson Landing Resident Killed While Land Clearing

One of the saddest happenings in this district occurred on Friday when E. Redsull, of Wilson Landing, met his death as the result of an accident while blowing stumps. He was at the time engaged in land clearing operations and when he did not arrive at his usual hour for supper search was made for him. When found by Mr. Browse he was able to say that a root had struck him. He was given what aid was possible but passed away before his friends or a doctor could reach him, both having been summoned by phone the first possible moment.

Coroner Weddell investigated the case and decided that an inquest was unnecessary. The funeral was held on Monday afternoon by the ven. Archdeacon Greene at the Church of England and interment took place at the Kelowna cemetery.

Mr. Redsull who had been many years in the district, owned a beautiful place midway between Nahun and Wilson Landing, which it was his delight to keep in the pink of condition. He was a soldier who had been through some heavy fighting in the South African war, and he joined up in the great war but was prevented going overseas by disablement sustained in the former service. His loss will be much felt by his friends who appreciate his many good qualities.

The sympathy of the community are extended to Mr. Redsull, snr., and his daughters Mrs. H. Lenev and Mrs. J. Brixton.

McGibbon - McMillan Wedding

At noon on Tuesday, Knox Church was the scene of a very pretty wedding, the contracting parties being William McGibbon, son of Mr. and Mrs. Alex McGibbon, and Anna Margaret McMillan, third daughter of Mr. and Mrs. Dan McMillan. There was a large attendance at the church, both families being well known and respected throughout the district. The bride was attended by her sister, Miss Jessie McMillan, Mr. A. McKay acting as groomsman. The ceremony was performed by the Rev. E. D. Braden. The Wedding March was played by Mrs. Angus McMillan, while Mrs. Braden sang "Because" during the signing of the register. The bride was given away by her father.

A reception and luncheon were held at the home of the bride's parents on Richter street, the happy couple leaving later on the boat for Spokane, where they are to reside.

New Screen Comedy

Doris May, the pretty screen actress who was recently raised to stardom by Thomas H. Ince, has packed a record of achievement into the seventeen years that she has spent on this terrestrial ball. At four she was playing her own compositions on the piano in public. She studied elocution at seven and completely outstripped her class, according to the professor at Puget Sound University who taught her. When Kubelik, the famous violinist, made a public appearance at San Francisco, nine-year-old Doris was his accompanist. At the age of twelve she drilled thousands of little people in folk dances for the San Diego exposition. Two years later she appeared at the Ince studio and asked the famous producer for a chance to appear in pictures. When he inquired what she could do, she replied, "I can do everything." And on that basis she was given a job—and made good. She was cast opposite Charles Ray and the other stars in several pictures, then Mr. Ince judged her ripe for stellar honors in her own name and formed the co-starring team of Doris May and Douglas McLean, which will make its initial local appearance in "Twenty-three and a Half Hours' Leave" at the Empress Theatre on Wednesday and Thursday, June 9th and 10th. It is a screen version of a humorous Mary Roberts Rinehart story and is said to be a thoroughly enjoyable screen comedy.

Rutland News

(From our own correspondent).

Have you bought your hair yet?

The Y.P.S. dance, which was to have been held Friday has been postponed to June 11th.

The first game of the new local baseball league takes place next Tuesday when Rutland meets Ellison at Rutland at 6.30. A collection is to be taken. The team has unfortunately lost its pitcher W. Quigley, who has gone across the lake on a survey party for a couple of months.

The little storm over fixing up a tennis court on the school grounds has been happily stilled by Mr. Gay kindly offering the use of his lawn for tennis games.

Every third evening the Rustlers are meeting at the school grounds for sport, and all girls from their teens up are invited to join in the club's good times.

On May 27th, the Rustlers met at the home of Miss Earla McDonald. The roll was answered by "naming the chief faults of my left hand neighbour." Then each member contributed two minutes towards the programme.

A football match was played on Thursday afternoon between the R.A.C. and Glenmore. No score was made during the game so extra time was played and during this brief interval Rutland scored twice.

A most successful dance was held Friday night which netted the Athletic Club $40, which, together with other funds in hand, will be sufficient to purchase the baseball uniforms now on order. These are dark green with white trimmings and the word Rutland in white letters.

The last two meetings of the Rustlers have been of a less serious nature. The one on Saturday May 14th, took the form of a picnic to Mission Creek, which was so enjoyable that preparations are being made for a two-week's summer camp when school is ended. Will all girls who intend going notify the secretary as soon as possible?

An exhibition basehall game, the first of the season, was played last week. It was pretty ragged, both teams needing more practice. The score by innings was:—

Ellison— 0 0 0 3 3
Rutland— 4 0 0 6 –

Rutland's batterv consisted of Cownie and Berard, with Croft and Swordy for Ellison.

General regret is felt this week at the departure from the district of the Rev. T. Griffiths, for four years the pastor of the Methodist church, who left today for a similar position at Sydney, Vancouver Island. Mr. Griffiths has fulfilled his duties at Rutland with an earnestness which has commanded the respect of all. His successor is the Rev. Ebert C. Curry, who will preach for the first time on Sunday. Mr. Curry has lately returned from overseas.

There will be a Health Exhibit in the school on Tuesday, June 8, to be opened at 4 o'clock by Mrs. V. S. MacLachlan of Victoria. This will be of special interest to mothers. Mrs. MacLachlan, who is intensely interested in the subject of public health in the rural districts, an able speaker, and in close touch with the work of the government Board of Health, will address a public meeting in the evening, commencing at 8 o'clock. She has been largely instrumental in the establishment of the health centre at Saanich, the first to be organized in the province, and as health is a subject of vital importance to both men and women it is hoped there will be a good attendance. The chair will be taken by Mr. J. W. Jones, M.L.A., and Drs. Bryce and Shepherd will also address the meeting. A baby clinic will be held in the afternoon when a collection will be taken up in aid of the Jewish Relief Fund. The Institute will not hold its regular meeting this month.

A quiet wedding was solemnized yesterday at 11 o'clock in St. Michael's Church, by the venerable Archdeacon Greene, when G. L. Challoner was married to Miss Muriel Hilary Edgcumbe, who arrived only a few days ago from Milton Abbot, Devonshire, Eng.

Hardware Store Has Heavy Fire Damage

Fire and water did damage last Friday morning to the extent of $20,000 in the D Leckie hardware store. It was in the early hours of the morning that the brigade were called out. Dense volumes of smoke had by that time filled the building and were pouring out of the windows, and owing to this for some time the firemen were unable to locate the true situation of the fire. Once its position was determined, namely amongst the shelving in the recess under the stairway leading to the rooms above, it was quickly extinguished. By that time, however, a large amount of damage had been done to the valuable stock, fixtures and also to the building. The damage was all confined to the front store, the rear warehouse being protected by a fire proof wall which proved very effective. Mr. Leckie estimates that the stock carried in the front store at the time would amount to about $30,000. The loss will be largely covered by insurance.

The occupants of the rooms upstairs suffered very little damage with the exception of Dr. Bryce, whose two rooms at the rear were flooded with water.

Kelowna City Band to be Reorganized

It looks as though Kelowna were to have a real band after all, and certainly there has long been a great need of one to brighten up with music our festive occasions. A complete reorganization was effected at a meeting last Thursday, with Ald. Meikle president, Ald. Knowles vice-president, and A. McMillan secretary-treasurer, and a determined effort is to be made to place the band on a better footing, fully realizing the great credit due to those who have stood by it during years of difficult going.

Mr. F V. Coxon, an experienced band leader, has been induced to take an interest, and is starting a class for beginners who can be taught free and provided with an instrument. A number of young men have already signified their intention to join and the public are to be asked to subscribe generously towards providing the instruments. The council has already undertaken to contribute a fixed sum per month towards the general upkeep of the band, and if the public will do their share at the start success is assured.

New Local Baseball League is Formed

A local baseball league which will provide more frequent games than the valley league was organized Monday at a meeting at which the following officers were elected: President, Dr. Wright; secretary, J. D. Whitham; executive, Kelowna, E. Hill, Rutland, A Gray, Ellison, H. Larg and Glenmore, R. Watt. Games are to be played each Tuesday evening at 6.30 p.m., the first two being next Tuesday, when Glenmore meets Kelowna in the park and Rutland plays Ellison at Rutland.

A silver cup has been generously donated for competition by Mr. T. N. Morrison of the Oak Hall Clothing Co.

A schedule has been arranged, the games not being carried beyond August 3rd, as it was felt that country players might become too busy after that date.

Visit of Peachland Checker Players

A party of seven Peachland checker enthusiasts came up to Kelowna last week and challenged the Kelowna players to a tournament. Kelowna has no regular checker club as has Peachland, but nothing daunted, seven local men got together and accepted the challenge, and what is more, handsomely beat the visitors by 18½ points to 8½. Four games were played by each pair of opponents.

Severe Penalty in Chinese Liquor Case

The case of Quong Tape, proprietor of the City Park Restaurant who was charged last week with supplying liquor to Indians, came up again Monday before Magistrate Weddell. The charge was based upon the evidence of the Indians themselves, who after being found drunk, claimed that they had got the cider from Quong's place. Evidence was also given that one of the Indians had been seen coming from the restaurant.

Quong Tape, who was defended by Mr. Ladner, of Vernon, denied all knowledge of the matter, as also did his employees. Defending counsel urged the previous good character of the accused. He maintained that a Siwash would never reveal the true source of supply from the fear that it might be cut off.

Quong, however, was found guilty, and fined $200 and costs in each of two charges. He declared his intention of appealing against the decision.

Many Deaths From Floods in England

At Louth. Lincolnshire, England fifty deaths have resulted so far, it is estimated, from the sudden overflow of the small river running through the town, which is attributed to a cloudburst in the woods nearby. The water spread so rapidly that houses in the low-lying part of the town were immediately enfiulfed in a rush which carried away bridges, fences, trees and other obstacles. One terrace containing 15 houses were entirely swept away.

G.W.V.A. Notes

On account of the time involved in getting to Fernie it was finally decided by the committee not to send a delegate to the provincial convention.

The new luxury tax appears to be a move in the right direction, but it should have been imposed during the war. The people who made money out of the war are still untouched.

The Dominion president has issued a call to all branches to press for a general election on the ground that the present government have failed to carry out promises made during the war.

The Saturday evening concerts have been discontinued until the pierrot troupe have finished rehearsing.

According to replies to questions by Major Andrews, M.P., the government are considering what to do with over $300,000, being canteen profits and regimental funds of C.E.F. units. In addition to this there will be the share of the army canteens to come from the British government. The government have promised to consult returned soldier organizations as to the disbursement of this money.

Several items of expenditure authorized by the house at Ottawa are of interest to the Okanagan, having first been recommended by Dr. Tolmie, minister of agriculture. The sums voted include $1,200,000 for experimental farms; $150,000 for the eradication of pests; $18,000 for entomology. $140,000 was voted for the fruit branch of the department of agriculture, and $1,500,000 for the health of animals branch. $165,000 was voted for development of dairying industry.

New Storage Building to be Started Monday

A start is to be made Monday on the new building of the Kelowna Storage Company, which is to be erected on the site adjoining the Kelowna Growers' warehouse on Water street at a cost of about $35,000. The building is to of brick, three stories in height, and thoroughly frost-proof, the walls being constructed with a central air space, and all doors, windows, and other openings thoroughly insulated. Mr. J. Harris has been engaged as general supervisor of construction, and will also take care of the woodwork. The contract for excavating, concrete, and brick work has been let to Messrs. Ward and Baldock.

The building, which is to be leased to the Kelowna Growers' Exchange, of which parent concern the Storage Company is a subsidiary, will be equipped with all modern packing appliances, grading machines, inclined box conveyors, electric elevator, etc. The packing is to be done on the second floor in order to avoid interference with storage operations, and the loading and unloading of cars. Excellent platforms and car loading facilities are to be provided.

When completed the building will give the Kelowna Growers' Exchange the largest and best equipped frost-proof building on the lake, and the second largest in B.C. It will enable the Exchange to store if necessary in the neighborhood of 200 cars of packed fruit.

Messrs. D. B. Johnstone of Kamloops, J. W. Jones, M.L.A., of Kelowna, and W. J. Pendray of Victoria have been added to the list of British Columbia directors on the board of the Northwest Tourist Association. This province now has thirteen directors on the board.

"Yes, I'll make it. The truck runs smoothly and dependably because I use nothing but Imperial Polarine for lubrication and Imperial Premier Gasoline for fuel. That's the unbeatable combination which keeps the mail on time."

Accurate Thorough Lubrication

IMPERIAL Polarine gives thorough lubrication und er every operating condition. Cars and trucks give longer, cheaper service when lubricated with Imperial Polarine.

Imperial Polarine will not break up or run thin under continued operation. It reduces friction to a minimum by maintaining a coating of oil on every wearing surface. It seals all the power behind the piston by establishing a perfect piston-to-cylinder seal.

Learn which of the three grades described below is best suited for your car from the Imperial Polarine Chart of Recommendations, which is on display wherever Imperial Polarine is sold.

Sold in one-gallon and four-gallon sealed cans, half-barrels and barrels, also in 12½-gallon steel kegs, by dealers everywhere.

Oppose Building of New Naramata Road

That opposition is likely to develop from the towns on the west side of the lake against the proposed Kelowna - Naramata road is evident from a report in the Summerland Review of last week's Board of Trade meeting. That of course has been expected. The diversion of the automobile traffic through the Okanagan to the east side of the lake would seem at first sight to be a move which would very adversely affect the places situated on the old route. It is a case, however, where it is very dangerous to jump to hasty conclusions, for after all it is very questionable whether much harm would be done except in one or two isolated instances.

In the first place Westbank and Peachland do not, nor are they ever likely to derive much of their revenue from tourist traffic. Were the whole traffic down the lake shore road to cease completely, which is not expected even if the new road were built, probably the only thing these two places would lose would be some of the dust which is thrown up into the atmosphere by the passing cars, which rarely stop at either place.

Summerland would perhaps be deprived of some of their growing revenue from automobile repairs occasioned by smashes and collisions due to the dangerous curves in the road at that point, and from travellers held up by the frequent mud slides which make the road impassable for days together. It is evident to anyone who passes over the road that only the expenditure of big sums of money can make it safe and satisfactory for tourist traffic. But even Summerland would lose little for it is not in any sense a tourist centre, but devoted entirely to fruit growing which would not be affected in the least by the new road.

One of the arguments advanced was that while the new road would shorten the distance between Kelowna and Penticton it would not serve any new territory. It should be pointed out in answer to this that the proposed road is not a new road strictly speaking but only the building of a short link of a few miles to complete a road which has been in use for years. The fact that the road is already built close up to each side of the difficult spot amply demonstrates its practical need apart from the overwhelming demand for it as a through trunk road.

The interest on such an investment, said another speaker, would maintain a free ferry. This is doubtful, but even if so, why waste the money on a ferry? Would not the road be much better?

That the Summerland board was in earnest was shown by the fact that a committee was appointed to draft a resolution opposing the expenditure and to solicit the support of Westbank and Peachland.

It is rather curious and significant that the issue of the Summerland Review which reports the Board of Trades' action should contain in the very next column a letter of protest from "A Frequent User" of the Summerland-Peachland road against its dangerous character, and advocating the construction of an alternative road for traffic going in one direction, and also for use in the winter time when the lower road is impassable.

As already stated, some little opposition to the undertaking is to be expected from interested parties, but the need of a through highway uninterrupted by the nuisance of a ferry, and so vastly superior in every respect, is so important and pressing that such opposition becomes trivial in comparison. The Okanagan will see so vast an increase in tourist traffic in the next few years that even if it were to cost a million dollars the road must be put through.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Applications for the lease must be made by the applicant in person to the Agent or Sub-agent of the district in which the rights applied for are situated.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

In surveyed territories the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or sub-Agent of Dominion Lands.

W. W. CORY,

Local and District

Edited by Pioneer. June 1st, 1920.

ORDERS by command for week ending June 10th, 1920.

DUTIES: Orderly patrol for the week, Otters. Next for duty, Owls.

PARADES: There will be no further parades until just before the camp of which notice will be given later. The buglers on whom we depend to blow the calls in camp will, of course, have to continue their practising and we should have one good bugler in each patrol. Have we?

All returns from the sale of concert tickets must be in by Monday, June 7th, at the latest.

We should advise all friends who purpose seeing our entertainment not to wait until the second performance on the Saturday afternoon, for the reason that there are always a certain number who will do that anyway, and possibly they might not be able to get a seat on that day. That is what happened last year, although there was not much room left even at the first performance. The present theatre holds over seven hundred, so we trust that we shall not have to turn anyone away this time.

We believe we have a good program and it is certainly the longest we have ever had. We cannot let this occasion go by without expressing our very sincere gratitude to our friends who have made this year's programme possible. Miss Winnie Jones who is playing the accompaniments for the scout items has been an object lesson to every scout in the troop in the faithful manner in which she has attended every single regular rehearsal, not to mention the extra ones of which she has had many, and if we all only attended as well there would be no occasion to worry about the success of our show. She has certainly earned our lasting thanks and so has Mr. Andrews this year, who has taken the most pains-taking efforts with the parallel bar and pyramid squads, and who has made his time our time for the rehearsals. We are sure that all our friends will agree with us in this respect after they see these two items on the program.

Mr. Jack Thayer, one of our old boys, is also showing that he has still a soft spot for the troop and has put in some faithful work in training the club-swinging squad. Nor can we forget two of our old-time helpers in Mr. Thompson and Mrs. Calder, who have been assisting with the singing and play respectively.

The Cubs are also helping us with our program again under the training of Cub-masters Bartholomew and Wedge and also with the help of Miss Dorothy Leckie, who is training them for their song. So to all of these our helpers may we say in the expressive but dictionary-unheard-of language of the boy, "You have certainly treated us like."

• • •

Commissioner Clemenge has written to say how sorry he is that he cannot be present with us at the concert this year, and we are very sorry he cannot too, because we believe that if anyone ever enjoys our concerts he does with his whole heart.

Lt.-Col. Moodie, president of the Kelowna branch of the G.W.V.A., has very kindly consented to present our badges to us this year and the presentation of these will take place on the Friday. On Saturday in place of this event the bugle band will blow a couple of marches and with our friends whom we have mentioned above we do not forget Mr. Fred Gore who has given the band such a lot of his time and with so much changing and raw material. We shall look for something more from the band when we hold our next street parade. We have not yet got a big drum as if we make a lot of money at the concert that is sure to we shall probably spend some of it.

There will be a final and a full dress rehearsal of the whole program on Friday afternoon, commencing at 2 o'clock at the theatre. The principals of the schools have kindly consented to let our members off from school in the afternoon in time for this.

Miss Brown was a passenger Tuesday to Victoria.

W. H. Seaman went down to Vancouver Saturday.

Mrs. C. Ross was an arrival Monday from Indian Head.

Mr. and Mrs. P. Briar were Vancouver visitors Monday.

Mr. and Mrs. Harry Preston returned Thursday last after a visit to the coast.

Mr. and Mrs. Ball and family of Winnipeg were visitors in Kelowna Saturday last.

The Sunday School of the Baptist church will meet at 10 a.m. on Sunday next, instead of 2.30 p.m.

The Jack McMillan Chapter, I.O.D.E., will meet on Tuesday, June 8th, at 3 p.m., at the home of Mrs. Pitt.

Mrs. E. W. Keenleyside, B. C. manager of the North American Life Assurance Co., was a visitor in town from the coast during the week.

The Ladies Hospital Aid desires to thank all those who so kindly donated foodstuffs and help on May 24th. The total proceeds from the sale of drinks, ice cream and lunches amounted to $482.35, and the expenses were $160, leaving a balance of $322.35.

The Kelowna Volunteer Fire Department wishes to thank the business men of the city for their kind contributions which supplied trophy and prizes for the fire brigade competitions. The local brigade will make every effort to hold this trophy and eventually win it as their own property.

Mrs. A. Temple returned Saturday after a lengthy visit to England. She was accompanied by her sister-in-law, Miss Temple, and also by Miss Edgcumbe, who yesterday became Mrs. G. L. Challoner and Miss Wallace, who is to take up residence at Summerland.

Earl Bell, who arrived Monday from Medicine Hat with the intention of joining the baseball team here, has unfortunately been laid up ever since with inflamatory rheumatism, which will necessitate a visit to the hot springs. Earl is a nephew of Mr. Andrew Paterson.

A visitor in town for the past two weeks has been Dr. Elizabeth Findlay of Winnipeg, who recently graduated at the medical college with high honors, besides winning a gold medal. She has been staying with her brother and sister here, Mrs. Nicholas and Mr. John Findlay, and was joined Monday by another sister, Dr. Jessie Findlay, who travels with her to the coast where they will embark on the s.s. Empress of Russia for India to engage in medical mission work.

Mrs. P. C. Parsons was a visitor Monday from Magna Bay.

Mrs. W. R. Glenn left Tuesday on a visit to Ashland, Wis.

Mrs. B. W. Heyer was an arrival from Vancouver this week.

Mrs. Thos. S. Brown of Armstrong was an arrival in Kelowna Monday.

A. McMeans, of the Okanagan Seed Growers, Penticton, was in town last weekend.

Frank Leonard was up in the police court yesterday charged with being drunk and disorderly. He pleaded guilty and was fined $5 and costs.

On Friday last Silveo Vicardo who has a place near the Five Bridges, was charged before the magistrate with allowing two cows and a calf to run at large in the city. He was fined $5 and costs.

A number of people have been summoned before the magistrate during the past week for allowing their horses or cattle to be tethered along the public streets. As these were the first cases for the season they were all discharged with a caution.

Taking advantage of the general holiday in honor of the King's birthday, the United Sunday-school are holding their annual picnic this afternoon at Benvoulin.

The new golf course was officially opened last Thursday afternoon. There was a turnout of some fifty people, players and spectators. P. B. Willits had the honor of declaring the course open while Dr. Campbell drove the first ball.

Local sportsmen are reminded that all game licences expired on May 31st, and that the new licence forms are now here and may be obtained from Magistrate Weddell or from Constable Graham. It will be noted that all licences will in future date from June 1st of each year. Another change is in the abolition of the metal tags with which the enthusiastic hunter has for years been wont to adorn his hat or watch fob. Only the receipt will be issued.

Benvoulin Notes

Mrs. Dilworth left last week for Brandon, Man.

The Benvoulin United Farm Women will meet at Mrs. Day's on June 10th.

Mrs. Hughes left on Friday's boat for Olds, Alta., to spend a few weeks.

The Benvoulin Auxiliary of the W.M.S. met at Mrs. J. B. Fisher's on Wednesday.

A pleasant afternoon was spent Friday last at "Blossomlea" Farm when Mrs. DeMara entertained several friends from town and country in honor of her mother Mrs. F. C. Davis of Calgary. Mrs. A. P. Findlay of Vancouver and Mrs. Ruth Crandell of Sask. Mrs. Findlay is visiting her daughter, Mrs. Gordon Scott, and Mrs. Fyvie expects to leave shortly for the east after having spent several months in Kelowna where she has made numerous friends. Mrs. Braden, Mrs. Scott and Mrs. Blair each contributed to the afternoon's enjoyment with songs and Mrs. E. A. Day presided at the tea table.

COLUMBIA STORAGE BATTERY

Your Boy

The Boys are everyones' favorites, and without doubt the Christmas Mails are packed on Friday when they put their show on. But they're beggars for boots! No material has ever been found that will make boots to stand up against a boy's foot, but I have the best yet—solid leather. A showing will be in the window. Remember it pays to get the boy a good strong boot, which in the end costs less—and still less if bought at Chas. Dark's.

ELECTRIC TIME SAVER WASHER

This Washer Pays for Itself In One Year

The Time Saver Electric Washer saves enough money to pay for itself the first year. It saves the washer woman's wages; it saves laundry bills; it saves the clothes, for they last four times as long when washed in this machine. It saves doctor's bills, for it cuts out back-breaking drudgery.

Time Saver Electric Washer

Costs less to run than the washer woman eats. It operates for 2c. an hour, and is easier to run than a sewing machine. It is moderate in price. We have a Time Saver ready to show you. Let us demonstrate it in your own home. Phone or call at our Store.
