## Council May Regulate Sale of "Near Beer"

### Seek Some Means of Dealing With Growing Abuses

The advisability of adopting some method of regulating the sale of "near beer" and imposing a greater check upon the trade in substitutes, doctored cider, and other intoxicants, was the subject of considerable discussion at Monday's council meeting. As Mayor Sutherland pointed out, many cities were now adopting such regulations and in view of the growing abuses it would be necessary for Kelowna to do likewise.

The subject proved an interesting topic and many views were expressed as to the best means of checking the evils which were becoming connected with the business. It was finally arranged that the city clerk should secure from Vernon a copy of their by-law for the guidance of the council.

The policing of the city also came in for some discussion and the advisability of engaging a night constable, especially in view of the petty thefts which had been taking place of late. Whether such a constable should be paid for by the city or by the business firms was a point which presented some difficulty, it being finally agreed that the city should pay half the salary, leaving the business men to pay the other half.

As usual the "Better Housing" scheme occupied considerable of the council's attention several applications and readjustments being up for discussion. As very few tenders had been received it was decided that the committee continue to receive them and open them when a sufficient number had been received.

The tender of W. Blackwood of \$1.25 per yard for hauling shale to the park was accepted.

The secretary of the A. & T. Association asked that the new lease of the fair grounds be made for ten years instead of five as proposed. Objection was raised to this, however, on the grounds that the present council should not attempt to tie the hands of future councils.

The city of Vernon having adopted "Daylight Saving" a letter was received from the city clerk asking the co-operation of Kelowna and other municipalities in the valley. It was however felt to be outside the province of the council to decide the matter, especially as the merchants had shown no decided preference for it.

An application was received from Oyama Sunday-school for the use of the park for a picnic on Saturday, June 19th. This was granted.

A petition from the men working on the streets for a raise of pay to 55c per hour was laid on the table to await the return of the chairman of the Board of Works.

## Hudson Bay Head Visits Kelowna

Sir Robert Kindersley, the governor of the Hudson Bay Co., who has been touring the west in connection with the 250th anniversary of this great concern, paid a surprise visit to Kelowna yesterday, motoring down from Vernon in the afternoon and taking the boat south to Penticton. As no advice of his intended visit had been received from Vernon, no one was around, it being holiday, to do the honors of the city to such a distinguished visitor. Fortunately Mr. F. R. E. DeHart happened along and was introduced by Mr. Cossitt of Vernon, who had accompanied Sir Robert down the valley. In the limited time before the arrival of the boat Mr. DeHart was able to show the visitor a little of the city, and to regale him with tea at "Alagards." Sir Robert has a very pleasing personality and is much impressed with the fruit district.

## United Growers Will Build New Factory

### By-products Plant Will Take Care of Surplus Fruit

For some time past the Okanagan United Growers, Ltd., has been conducting an investigation into the subject of by-products; or some process of manufacture which would provide an outlet for the surplus fruit of the orchards, much of which is being wasted each year. The result of the inquiry is an announcement of the Okanagan United Growers Fruit Products, Ltd., a company organized under the direction of the O.U.G. with a nominal capital of \$100,000 and a first issue of \$45,000 in shares. The stock is to be issued only to shareholders in the O.U.G. or its affiliated locals, to growers under contract to ship through the organization, or to employees.

The provisional directors of the company are: Capt. J. Mutrie, of Vernon; E. Trank, Oyama; E. R. Simpson, Summerland; E. J. Chambers, Penticton; Thomas Powell, Peachland; E. M. Carruthers, Armstrong; L. J. Proctor, and W. J. McDowall, secretary-treasurer.

A site has already been secured at Vernon and construction of buildings will start immediately. The plant will be equipped with canning machinery and with eight kiln evaporator, both to be in operation for this season's business. The products to be turned out will consist of canned apples, apple jelly, apple butter, apple sauce, and a limited quantity of cider. The plant will handle twenty tons of raw products daily and plans allow for further extensions as required. If found advisable later, a branch plant will probably be located at some point on the lake to take care of soft fruits.

It will readily be seen that this plant will be of the greatest service to growers shipping through the co-operative associations, providing an outlet for practically all of their low grade fruit, which would otherwise be unmarketable.

## Prominent Musician Will Give Recital

Of Henry Green, conductor of the Vancouver Symphony Orchestra, who will be heard in recital here, Wenzel, the great musician (who was jilted by the wife who afterwards became the wife of the great Schumann), once said to a class of students: "Ah! but he has the touch that Schumann would have loved."

Although he has never sought publicity Green has been a musical favorite in many countries from boyhood. He was only seven years old when he first appeared as a solo pianist in Manchester. It was in these early years that he received tuition from Edward Hecht and Sir Charles Halle, the famous pianist and conductor.

Leaving Manchester in 1876, young Green continued his studies in Leipzig under Carl Reinecke, Jadassohn, Wenzel, and finally Ernst Richter, the great theorist. He was accepted as a student by the Paris Conservatoire, although he did not study there owing to musical engagements which were already beginning to crowd upon him. After fulfilling these engagements Mr. Green returned to England to undertake a five year's series of concerts in Lancashire. Some idea of the breadth of Henry Green's professional and musical experience may be gained from consideration of only a few of his European successes. In 1901 he conducted the London Symphony Orchestra. In 1910 he conducted the "Konzert Vereins" in the "Ton Halle" at Munich, and in the same year had under his baton the famous "Bluetner Orchestra" in Berlin. At the conclusion of the latter performance he was warmly congratulated by Karl Klindworth, well known as the champion of Wagnerian music in London by his controversy with Davis; the then musical critic of the London Times.

Touring Australia in 1913 Mr. Green gave recitals in Sydney and

## New Voters' List is Now Being Compiled

### All Must Register Afresh as Old Lists are Wiped Out

A new provincial voters' list is now being prepared, and as all previous lists have been entirely wiped out, it is necessary for every voter to register if he wishes his name to appear. In view of possible misunderstanding it should be clearly stated that no matter how many years a voter has been on the list, or what his qualifications, his name will be omitted unless he fills in the form of registration provided by the new Elections Act. Women as well as men must now register as voters. The list is open to all persons of either sex, over 21 years of age, who are British subjects (or naturalized), and have resided in the province for six months, or in this electoral district for one month prior to application.

The local polling districts are Kelowna, Rutland, Ellison, Glenmore, Benvoulin, East Kelowna, South Kelowna, and Westbank. In each district a number of commissioners have been appointed for the taking of affidavits from applicants. The names announced up to the present time are as follows: Ellison—T. Bulman, A. R. Hartman, J. F. Bell.

Rutland—C. H. Bond, A. E. Harrison, Mrs. J. Maxwell, G. Monford.

S. Kelowna—St. G. P. Baldwin, W. D. Walker.

Glenmore—J. N. Cushing, F. H. Benson, H. K. Todd.

Westbank—J. Robinson, W. Brown, H. C. East. Kelowna—H. S. Atkinson, E. Gregory, W. Metcalfe, G. Allan, A. L. Patterson, Wm. Crawford, H. J. Johnston, R. S. Hall, Mrs. Knowles, Mrs. Langille, J. W. Jones, S. Old, L. Dilworth, E. Murdoch, W. Lloyd-Jones, R. F. Morrison, Mrs. E. A. Blair, H. Waldron.

Another list is expected in a few days and will be published later. All these commissioners are supplied with the necessary forms, and intending voters should get in touch with one or other of them without delay.

Mr. S. Gray has been appointed registrar for the South Okanagan division, and is making use of the Record office for the next few weeks as his headquarters. His duties consist in the receiving and classifying of the forms from the various commissioners, as well as taking applications direct.

## Complains of Mission Creek Road

A correspondent writes a vigorous protest this week against the road authorities for their neglect of the road leading to Mission Creek bridge, which at present is in a condition "constituting a menace to the public." A half finished culvert is described as a great danger to all travellers along the road, who, especially at night, run a risk of being plunged into a deep hole at the side. Mission Creek is also in a very dangerous condition from logs left lying across the channel and great damage may result in case of a bad flood.

other centres, and while fulfilling engagements there received a wire from Mischa Ellmann, the celebrated Polish violinist, asking for a joint booking. Arrangements were made, and at Christchurch, New Zealand, the great musician played with full orchestra to a tremendous audience, the great Beethoven concerta under Mr. Green's direction.

The war put an end to Henry Green's musical travels, but in 1918 he left England to fulfil engagements in Japan. Cancellation of the sailing of the s.s. Montague stranded him in Vancouver. Unwilling to remain idle while waiting for a passage, he organized with characteristic energy, the Vancouver Symphony Orchestra, achieving, in the face of tremendous difficulties a phenomenal, and, so far as Canada is concerned, a unique success.

## Scouts and Cubs Give Successful Concert

### Good Programme and Large Audiences at Annual Event

For seven successive years the Boy Scouts have held their concert and entertainment, and it is usually looked forward to with pleasure by all who are interested in boys and their ways. The performances of last Friday and Saturday were well up to the previous standard.

The programme was well arranged to show in addition to the musical items the various athletic exercises with which the scouts and cubs are building up the alert mind and healthy body which are the objects of this great organization. Following the "Reveille" by the buglers, the troop gave a stirring chorus "The Lads of the Old Brigade." This was followed by an exhibition of tumbling, etc., by six cubs, who went through their stunts in a very clever manner. A monologue by Scout H. Brown, "A Clean Sweep" with accompaniment by Mrs. Ambler, secured considerable applause and an encore.

"Parallel Bars" was the next item by the scouts, followed by "Pyramids," and they certainly reflected great credit upon their trainer, Mr. W. S. Andrews.

Cub Donald Duggan recited "My Old Cavase," an animal soon to be forgotten—possibly some future scout may recite "My Old Tin Liz." A chorus "Ye Sons of the Empire," by the cubs concluded the first half.

After the interval a chorus "Freckles" was sung with Scout McCarthy as the soloist.

A sketch "The Monkey's Surprise" proved a very attractive item with Scout W. Akeroy as the monkey scout, O. Winter as the old gent, and Leader A. S. DuMoulin, Second E. Wilson and Scouts B. McCarthy, F. Mordean and J. Laidlaw as the real genuine B.P. scouts. The sketch illustrated the great superiority of the real article over a mere "book" scout.

"You'd be Surprised," declared Scout H. Mantle, and the audience were certainly much surprised with the grace and beauty of this fair dame who had intruded into a boys' concert.

The presentation of badges by Lt.-Col. Moodie formed a large portion of the first evening's programme, the bugle band taking its place on Saturday with a couple of marches. Mr. P. DuMoulin in introducing Col. Moodie spoke of the excellent work Scoutmaster Weddell and the Cubmasters were doing with the boys. The money raised by the concert, he said, would go towards the expenses of the annual camp. After a few remarks by Col. Moodie on the value of the scouts during war time the badges were presented.

The rest of the entertainment was devoted to exhibitions of semaphore signalling, Indian club swinging and gymnastic drill, and a chorus by the troop "Have a Smile" with Geo. Mantle as soloist.

## Seek to Form New Water Municipality

The water users of the Kelowna Irrigation Co. decided unanimously at a meeting held this week at Rutland, to petition the government to form a water municipality in conjunction with the users under the Black Mountain Water Co., as the Belgo-Canadian system is called.

Lumby are due at Kelowna today in the league championship. Kelowna are making two alterations in their team, A. Woods will play outside right, B. Woods right half, and it is hoped that W. Woods will be sufficiently recovered to play at left half. The Kelowna line-up will be as follows: goal, J. Parkinson; full back, H. Davies, A. Woods; half back, B. Woods, P. Hayes, W. Woods; forwards, A. Graves, J. Fisher, W. Sadler, H. Whittingham and W. Fisher.

## Too Drunk to Know Leg Was Burning

### Drank "Cider" and Then Rolled into Camp Fire

Joe Michelle Azard, a Westbank Indian, was fined \$25 and costs Monday for supplying intoxicating liquor to another Indian. His offence, though always a serious one in the eyes of the law, had unusually serious consequences this time, for the recipient of the liquor, one Felix Joe, is lying in a dangerous condition as a result of his potations.

It appears that Joe Michelle had secured half a jar of some cider compound in town, and had given it in charge of Felix Joe at the ferry wharf to take home for him, at the same time giving him permission to take a nip or two if he felt like it. Felix felt very thirsty indeed as he neared the reservation, and decided to camp where he was for the night and enjoy himself. He made a fire and proceeded to drink himself into unconsciousness. In his drunken stupor he contrived to roll into the fire, and apparently laid there insensible to the pain until a large part of the flesh was actually burnt away from his leg. His injuries were kept secret from fear of an enquiry, until his condition became critical, when the doctor was summoned. It is now feared he may not survive the effects of the injuries and their neglect.

## First Games in Town and District League

Rutland defeated Ellison to the tune of 11 to 4 on the Rutland school grounds Tuesday evening. The game was fairly lively, though of short duration, being called at the fifth inning on account of darkness. "Slim" Craft, the Rutland twirler, was in good form, kept the hits pretty well scattered and received good support from the rest of the team. Carney, pitching for Ellison was not so fortunate, the local boys succeeding in bunching hits on him in both the third and fourth innings, and assisted by a number of errors and wild throws they piled up a substantial score. In justice to Ellison it must be stated that two of their regular players were absent, whose presence might have evened the score to some extent.

The line-up of the teams was as follows:—

ELLISON	L.F.	RUTLAND
Teather	M. Berard	
McCormick	R.F.	Dalglish
Conroy	C.F.	Gray
Lang	S.S.	Abbott
Monford	1 B.	Logan
D. Berard	2 B.	Fleming
L. Hereron	3 B.	Heisip
W. Hereron	C.	Swurdy
Carney	P.	Craft

Score by innings was:—  
Ellison—1 0 1 1 4  
Rutland—1 4 5 0 11  
Umpire, Fred Berard.

The other game in the local league took place the same evening in the city park, Kelowna being matched against Glenmore. The Kelowna team was somewhat late in arriving and play did not start until about 7 o'clock. The game was characterized by somewhat loose play on both sides, and a big score was run up, the final result being a win for Kelowna by 14 to 10.

## Fruit Industry In Need of Sugar

Determined efforts on the part of the government to prevent a recurrence of losses in the fruit industry through sugar shortage are predicted by Hon. E. D. Barrow minister of agriculture. Hon. Mr. Barrow said there must be strict guarantees of prompt shipments of sugar at satisfactory prices and at the right time, else there would undoubtedly be serious losses

## Conference Agrees to Farmers Amalgamation

### Farmers' Institutes and United Farmers to Form One Body

The proposed amalgamation of the United Farmers and the Farmers' Institutes of the province, which has been the subject of many meetings and conventions during the past year, was finally decided last Friday at a conference of the executives of the two organizations—at least so far as these representatives could decide, for the final ratification of the union must come from the various individual local Institutes.

Some time ago a joint committee was appointed to go into the proposal for amalgamation and prepare a report. This report favored the union of the Institutes with the United Farmers but suggested several alterations in the constitution of the latter. After open conference of about two hours and a half following several private consultations of the executives, the following resolution was adopted: "That this meeting adopts the constitution as revised by the joint committee, and revised and adopted by this meeting, and that each association shall send a copy of the constitution to each of its locals, and this meeting of the joint boards heartily approves the proposal for amalgamation, and each member pledges himself to do everything in his power to make the amalgamation a success."

J. W. Berry, the well-known president of the Fraser Valley Milk Producers, made a genial and skilful chairman and did much to guide the at times somewhat tangled discussion to a definite conclusion.

Mr. J. Bailey of the Farmers' Institute Advisory Board advised caution in bringing about the amalgamation. The Farmers' Institute had been in existence a long time, and there was no doubt a strong feeling of loyalty remaining on account of the valuable educational work which they had accomplished, which might lead many members to object to a sudden dissolution.

Mr. R. A. Copeland, president of the United Farmers of B.C., made a strong appeal for an independent organization of the farmers, powerful enough to gain their ends without fear of the government.

A great deal more discussion was indulged in over the general principles of amalgamation, members of the United Farmers apparently feeling that the advisory board was not prepared to go far enough and members of the latter contending that they were strongly in favor of amalgamation, but must keep within the bounds of their jurisdiction.

The official resolution, as outlined above, was then drafted and proposed by chairman Bailey and seconded by president Copeland. There were no dissenting votes.

In the evening the delegates to the conference and also the party of dairymen who had been attending the dairymen's convention at Armstrong, and who were enjoying a tour of the valley before returning to their homes, were entertained to a banquet at the Palace Hotel. Amongst the speakers was the Hon. E. D. Barrow, minister of agriculture, J. W. Jones, M.P.P., Mayor Sutherland, J. L. Pridham, J. W. Berry, Mr. Redman, (representing the stock breeders), R. A. Copeland and others.

suffered by the fruitgrowers again this season.

C. E. Barnes, of Wallachin, and L. E. Taylor, representatives of the B. C. Fruitgrowers' Association will visit Ottawa in the near future, accompanied by Mr. R. M. Palmer of Cowichan, for the purpose of straightening out the sugar question insofar as the British Columbia fruit industry is concerned.

Without a dissenting voice on Monday the city aldermen sent a resolution to the charter commission in favor of compulsory voting in Montreal municipal elections, "If such an enactment is within the powers of the said municipality."

# Sour Milk

is a source of annoyance which can be avoided by buying from the City Dairy. We supply Fresh Milk guaranteed not more than two hours old when you receive it.

We make two deliveries daily—morning's milk delivered the same morning and evening's milk the same evening. This is the only way to ensure satisfaction.

### Rutland News

(From our own correspondent).  
The Rutland Ladies' Aid are  
arranging for a social to be held  
on June 24th. Keep this date open  
and come along and have a good  
time.

It has been again found necessary  
to postpone the Y.P.S. dance,  
but we understand that it will be  
held on Friday, June 18th, without  
fail.

On Thursday, June 17th the  
local football team will try con-  
clusions with Kelowna on the  
Rutland grounds. The game is  
scheduled to start at 6 p.m. sharp.

Messrs. C. Duncan and J. Bam-  
ling returned Tuesday from a brief  
visit to Calgary. They made the  
return trip by road, in Duncan's  
new 1920 model light Chevrolet,  
coming by way of the Crow's Nest  
pass.

The Rutland and Ellison football  
teams met in a friendly contest on  
Saturday evening at the Rutland  
school grounds. The game was  
delayed somewhat by the non-  
arrival of some of the Ellison play-  
ers and in the end Rutland had to  
give Ellison one player to enable  
them to place a team in the field.  
Neither team played at all brilliant-  
ly, but throughout the game the  
Rutland team were the aggressors.  
The game ended with the score of  
2 to nil in the favor of Rutland.

On Wednesday evening the  
Methodist church was the scene of  
an enjoyable social gathering to  
welcome the new minister and his  
wife. Mr. Mugford acted as chair-  
man and on behalf of the congrega-  
tion extended to Rev. Mr. Curry  
a hearty welcome and assured him  
of the whole-hearted support of all  
the church members. Mr. Curry  
replied in a very neat and appro-  
priate speech. Messrs. W. Gay  
and E. Money also spoke briefly.  
It was encouraging to observe that  
the predominant note sounded by  
all the speakers was not the promo-  
tion of the interests of the  
church, but of the community and  
the development of a spirit of co-  
operation amongst the various or-  
ganizations of the district. A short  
musical programme then followed,  
after which refreshments were  
served by the Ladies' Aid.

A printer's error crept into the  
account last week of the sports  
organized by the "Rustlers." The  
notice should have read "every  
Thursday evening" instead of every  
third evening.

Hon. James Dunsmuir, a former  
Lieut.-Governor, British Columbia's  
wealthiest citizen and head of the  
family whose name is associated  
most intimately with the develop-  
ment of coal mining on the Pacific  
Coast, died suddenly at Cowichan  
Lake, Vancouver Island, early on  
Sunday. He had been in bad  
health for many months.

The Idol Dancer, at the Empress  
Friday and Saturday

### SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion  
in Manitoba, Saskatchewan and Alber-  
ta, the Yukon Territory, the Northwest  
Territories, and in portion of the Pro-  
vince of British Columbia may be leased  
for a term of twenty-one years at  
an annual rental of \$1 an acre. Not  
more than 2,500 acres will be leased to  
one applicant.

Applications for the lease must be  
made by the applicant in person to the  
Agent or Sub-agent of the district in  
which the rights applied for are situated.  
Each application must be accompan-  
ied by a fee of \$5, which will be refund-  
ed if the rights applied for are not  
available, but not otherwise. A royalty  
shall be paid on the merchantable  
output of the mine at the rate of five  
cents per ton.

In surveyed territories the land must  
be described by sections or legal sub-  
divisions of sections, and in unsurveyed  
territories the tract applied for shall be  
staked out by the applicant himself.  
The person operating the mine shall  
furnish the agent with sworn returns  
accounting for the full quantity of  
merchantable coal mined and pay the  
royalty thereon. If the coal mining  
rights are not being operated, such re-  
turns shall be furnished at least once  
a year.

The lease will include the coal min-  
ing rights only, but the lessee may be  
permitted to purchase whatever avail-  
able surface rights may be considered  
necessary for the working of the mine  
at the rate of \$10 an acre.

For full information application  
should be made to the Secretary of the  
Department of the Interior, Ottawa, or  
to the Agent or sub-agent of Dominion  
lands.

W. W. CORY.  
(N.B.—Unauthorized publication of  
this advertisement will not be paid for).

### Local Boy Scouts

Edited by Pioneer. June 8th, 1920

ORDERS by command for week  
ending June 17th, 1920.

DUTIES: Orderly patrol for the  
week, Owls and also for week fol-  
lowing; ext for duty, Cougars.

PARADES: the combined troop  
will parade at the club room in  
full uniform on Friday next, the  
11th inst., at 5 o'clock, for the pur-  
pose of having the annual troop  
photograph taken. Photographs  
of some of the pyramids will also  
be taken. It is hoped that no scout  
will be found missing from the  
1920 troop photograph. There  
will be no further parades.

We asked to have all the con-  
cert returns in on Monday last, the  
7th, but at the moment of writing  
there are still several to be brought  
in. We are therefore unable to say  
yet what we have realized, but the  
gross receipts would appear to be  
about the same as last year with  
the expenses a great deal higher.

In addition to those whom we  
thanked through our column last  
week for their assistance in con-  
nection with the concert, we should  
like to add Mrs. Ambler for ac-  
companying and training Scout H.  
Brown with his monologue and  
Mr. J. C. Richards for his services  
in the box office.

We wish to extend our very sin-  
cere sympathy to Second A. Clare-  
nce who lost his mother last week  
after a brave fight against a long  
illness. Mrs. Clarence was a very  
ardent admirer of the scouts.

We have not had any official  
notification of the awarding of the  
Lieut. Governor's shield for last  
year, but we notice in the Sum-  
merland scout column of last week  
that Seymour Troop, Vancouver,  
was awarded it. We believe the  
shield is in very good hands again  
and desire to offer our most hearty  
congratulations to the Seymour  
Troop on their well earned suc-  
cess.

Now that the garden planting  
season is well on we wonder how  
many scouts in the troop are en-  
deavoring to obtain their Garden-  
er's Badge. The requirements for  
this are:

1. The scout must dig a piece  
of ground not less than 12 feet by  
12 feet;
2. Plant and grow suc-  
cessfully six kinds of vegetables or  
flowers from seeds or cuttings;
3. Know the names of a dozen plants  
pointed out in an ordinary garden;
4. Understand what is meant by  
pruning, grafting and manuring.

### G.W.V.A. Notes

A resident of Kelowna lately  
returned from England was much  
struck with the number of ex-sol-  
diers unemployed. He states that  
there is no organization to look  
after their interests and that those  
who are employed appear to care  
nothing for the plight of those who  
are not. There is a small element  
in Canada equally selfish who take  
no interest in the conditions the  
G.W.V.A. are striving to improve.  
The two most urgent matters at  
present are the inadequate pensions  
paid to widows and totally disab-  
led men. It's hardly conducive to  
the well being of a T.B. patient in  
a sanatorium when he knows that  
when discharged he will have to  
live on \$60 a month.

It is interesting to note that in  
the past three years the Dominion  
office of the G.W.V.A. at Ottawa  
has recovered \$5,000,000 in vari-  
ous claims of gratuity, pension, pay,  
allowance, etc., for returned men,  
whether members of the G.W.V.A.  
or not.

A lot of new songs have been  
secured at Victoria by Mr. Pashley  
and there will be a concert at 9  
p.m. next Saturday, the 12th inst.

All members are urged to get  
registered on the new voters' list.

The meeting nights have been  
changed to Saturday nights again  
as the attendance on Wednesdays  
has not been satisfactory. The  
next meeting will be on the 19th  
inst. and every alternate Saturday  
afterwards.

The German submarine U-20,  
which sank the Lusitania and later  
was wrecked on the west coast of  
Jutland, where she has been lying  
buried in the sand ever since, has  
lately been emptied so that only  
the hull now remains. This will  
now be destroyed, the intention  
being to use German mines which  
drifted ashore for blowing up the  
hull so that every trace of the evil-  
famed boat shall disappear.

# Empress

FRIDAY AND SATURDAY

D. W. Griffith presents

## "The Idol Dancer"

A most remarkable production of the South Sea Islands. The dance is  
strange and fascinating. Truly a work of art and wonderment. Don't miss  
the dance!

Also a Chester Outing and a Christie Comedy.

Evening, one show only 8.15, 55c and 25c  
Saturday Matinee at 5.30, 20c and 35c

MONDAY AND TUESDAY

## FLORENCE REED

## "Her Code of Honor"

Its story of an artist living in the Latin quarters of Paris. A young and  
handsome model and the conventions that follow are quite new in the telling  
of this old tale. Also

Also the 12th chapter of "A Million Dollars Reward."  
And a good Comedy

Evening 7.30 and 9 Admission 20c and 35c  
Matinee at 3.30, 10c and 25c

WEDNESDAY AND THURSDAY

Maurice Tourneur production

## "Hells Island"

This is in a line with Maurice Tourneur's former successes. All the mys-  
teries and thrilling situations follow one another in a series of wonderful  
climaxes, the whole being supported by a strong cast.

Evening, 7.30 and 9 Admission 20c and 35c  
Matinee at 3.30, 10c and 25c

## CREAM PRICES

from June 1st, 1920

Kelowna prices: No. 1 - 65c per lb. butter fat  
No. 2 - 63c " "

KELOWNA CREAMERY, LTD.

## Universal TIRE FILLER

It is not a liquid.  
It is a resilient cushion, having all the riding qualities of a  
pneumatic tire.  
It does away with Blowouts, Punctures, Spare Tire & Tubes.  
It is not affected by heat or cold.  
It can be changed from one tire to another.  
It adds miles to tire wear.  
Thousands of satisfied users in Canada and U.S.A.  
Will be installed by a factory expert.

GUARANTEED 100,000 MILES

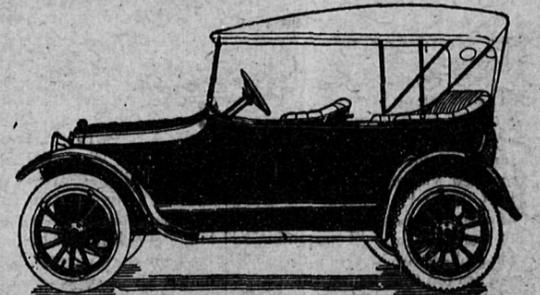

## Veteran Vulcanizing Works

AUTHORIZED SERVICE STATION  
G. LANE, exclusive agent. Corner Ellis Street & Bernard Av., Kelowna  
If you have Rubber to repair, send it to us.

## CHEVROLET

You will be surprised how little it costs to operate the Chevrolet car. Twenty  
five to thirty miles on a gallon of gasoline is not an unusual record. The  
care-free, regular performance is the Chevrolet rule.

Chevrolet "Four-Ninety" Touring Car is a handsome, roomy, comfortable car  
—a car you can be proud to own.

490 Touring, \$995 f.o.b. Oshawa, Ont.

TOWN AND COUNTRY NOTES

A. D. Clyde was a passenger to West Robson on Friday.

Mrs. Neil was a passenger to Edmonton last week.

Mr. J. C. Richards left this week for Nelson as a delegate to the Oddfellows' Grand Lodge.

Vernon has adopted "Daylight Saving" starting last Sunday.

Mr. and Mrs. T. Graham were visitors from Victoria yesterday.

C. F. Williams was a Penticton visitor Tuesday.

Mr. and Mrs. D. Morris, of Ok. Centre, were visitors in Kelowna Tuesday.

Mrs. Barkwell and her daughter were passengers yesterday to Yellowgrass, Sask.

Miss E. Coles was a visitor to Enderby yesterday.

W. Hardy was a passenger to Chilliwack, Tuesday.

Mr. and Mrs. Paul Brian, of Vancouver, are staying in Kelowna this week.

Miss Edith Haug left last week on a visit to Nelson where she will attend the meeting of the Grand Lodge of Rebekahs.

Visitors from Vernon Monday were Mr. and Mrs. E. Murray, Mr. and Mrs. P. Armstrong and son, and Mr. and Mrs. E. Pratt.

The Rev. Lennox Fraser, of Vernon, will preach at both services in the United Church on Sunday. The Masonic Lodge will attend the morning service.

The Jack McMillan Chapter I.O.O.F., will hold a tea and musicale at the home of Mrs. B. McDonald, Richter street, from 3 to 6 p.m., on Friday, June 25th.

Dr. and Mrs. Seon left yesterday on their return to Bermuda, after a residence of several years in Kelowna. Their departure is a matter of much regret to many friends.

The office hours of the C.P.R. telegraph here have been increased this week, and are now 8 a.m. to 10 p.m. for weekdays, and 9 to 10 a.m. and 5 to 6 p.m. for Sundays and public holidays. This has been made possible by the fact that the staff has been increased by an assistant operator, Mr. O. Francis, who left Kelowna some five or six years ago to go across with the 172nd.

Benvoulin Notes

The Benvoulin United Farm Women met at the home of Mrs. Day on Thursday afternoon.

Mrs. Rawlins returned home from the hospital on Tuesday last.

Miss Ella Patterson spent the week end visiting Miss M. Chamberlain.

Miss Young from Washington is visiting her sister Mrs. R. Durnin.

Miss Olive Chamberlain spent a few days of last week with Miss D. Day.

The Ladies' Aid of Bethal Church will meet at Mrs. Archie Hardy's on Wednesday next, June 16th.

The Rutland Ladies' Aid are arranging for a social on June 24th. Everybody come and have a good time.

Mr. and Mrs. C. Parker were passengers to Taft, Cal., last week.

J. M. Sutherland, of Summerland was a visitor last Saturday.

Mr. and Mrs. R. P. Dawson were visitors from Vancouver last Friday.

Mrs. J. Gordon and two children went down to Grand Forks Monday.

Mrs. O. Svean was a passenger this morning to Carmangay, Alta.

Alf. Gardener went down to the coast Tuesday accompanied by his sister-in-law Mrs. Arthur Gardiner and two children.

The city now possesses a Ford truck which is a great convenience in street work. Men and materials can be moved to different sections without loss of time.

Ald. Geo. Meikle returned this week from a visit to the coast.

Lumby meets Kelowna in the park to-night to decide a league football match. The game is called for 6.15.

A subscription list is being carried around to raise money for instruments for the newly re-organized city band.

A quiet wedding took place at the United Church on Wednesday when Edward Orton Stauffel was married to Miss Victoria Johnston, of Glenmore. The Rev. E. D. Braden officiated.

Mrs. R. G. Edwards with family of three children arrived last week from New Westminster to join her husband, the Rev. R. G. Edwards, who recently assumed charge of the Baptist church here. The new pastor is entering into his work with enthusiastic appreciation of the opportunities for broad and progressive church work in the district. He was educated at Brandon college, and has held churches in that city as well as at New Westminster.

BENSON—On Friday, June 4th, to the wife of F. H. Benson, of Glenmore, a daughter.

Women's Institute Hear Special Speakers

The Women's Institute was favored during the past week in having addresses by two lecturers of note. On Saturday, June 5th, Mr. R. C. Treherne, Entomologist in the service of the Dominion Government, ably discoursed on the habits and control of insect pests. The speaker prefaced his remarks with the regret that so few Canadian trained entomologists are available, and also that the study of natural history is not given greater place in our schools. Much valuable information was given as to treatment of house flies, stable flies, mosquitoes, moths, bugs, ants, cut worms, etc.

On Wednesday evening Mrs. V. S. MacLachlan, provincial secretary of Women's Institutes, spoke on "Public Health" and by means of comparisons, facts, concrete cases and reasoning proved conclusively that much more could be done for the preservation of life and the good health in the province, where preventable diseases take a heavy annual toll that could be greatly reduced by organized effort. Ten per cent. of the babies born in the province die under one year of age, as against four per cent. in New Zealand where an admirable health system prevails.

## "The Idol Dancer" Coming to Kelowna

Christians have been known by various symbols throughout the history of the world, but nowhere do a people stamp themselves as believers in the religion of Christ in as strange a way as on the South Sea Islands. All over the islands a calico wrapper on a native woman, or a cotton shirt on a man, is an unerring sign that the wearer has adopted Christianity.

This fact adds considerable humor to the delicious love story which is told in the latest D. W. Griffith production for the screen, "The Idol Dancer," which will be the attraction at the Empress on June 11-12.

Officers of the Royal Air Force are to wear swords, "as a symbol and the recognized insignia of their rank."

## Stop, Look, Listen; Use More Care

### Tons of Steel Are Harder to Stop Than Any Motor Car Made

Careless and thoughtless driving of motor cars have cost the lives of many people and millions of dollars damage since the auto came into general use in the United States and Canada. The railroads of both countries have been forced to pay out large sums of money in damages.

It should be remembered by all drivers of motor cars that a train has to run on tracks and that a motor car has a certain amount of freedom in this regard. It should be remembered that a motor car can be stopped within a few feet while it often takes far more than one hundred yards for a train to stop. Always look before crossing a railroad and be sure to approach the crossing at a speed such that allows you perfect control of your machine.

The growing list of fatalities from motor cars is alarming. In the United States it has reached such a stage that the public is crying out against it and in some cities some novel plans of punishment have been put in force. In Chicago speeders are sentenced to make a slow trip through the morgue under the guidance of a deputy coroner. In Youngstown, Ohio, speeders are sentenced to hold watch beside the dead body of their victim or at the hospital bedside of the injured victim. New York City makes the speeders go through practically the same procedure on arrest that they would the most daring criminal. Photographs and finger prints are taken and a "rogues" gallery is maintained.

### Grand Jury Report

St. Louis gives a splendid example of how serious the public are considering this question. In that city a grand jury was in session for four months and two-thirds of a lengthy report submitted dealt with recommendations for the safety of the citizens of the city.

Undoubtedly much of these facts bear on accidents on streets of the different cities, nevertheless, it shows how public opinion is shaping in the United States in regard to careless drivers. There is no reason in the world why a driver of a motor car cannot proceed along a city street or a country road with full control of his machine. Automobiles are built for business and pleasure and not for the purpose of killing people but they are not fool proof and probably never will be.

The Chicago Tribune printed an editorial recently as follows: "In emphasizing the great number of deaths and injuries caused by motor car accidents The Tribune is trying to bring home to the average motorist that a great majority of mishaps are the result of carelessness."

### Pedestrians Careless

It is an aphorism that an automobilist must not only watch himself but the other fellow as well. Drivers often are victims of the carelessness of others. And this is just as true of pedestrians as motorists.

Too many pedestrians fail to observe the simple precaution of "stop, look and listen." Too many pedestrians insist upon personal privilege to the point of disastrous collision with an automobile. A motorist may plainly be beyond his rights by speeding, by thrusting his car over a crossing, or by driving on the wrong side of the road. The fact that a motorist is guilty of gross law violation hardly compensates the pedestrian who persists in martyrdom to establish the legality of his position and the lawlessness of motorists.

A pedestrian, haughtily conscious of his right to cross a street, will saunter casually, though the pavement be slippery and though there is not the slightest assurance that the approaching motor, tons of steel, will not resist the brakes and skid down upon him. There is no question here of the pedestrians rights; the motorist clearly may be at fault, but what principle has been reinforced after the pedestrian has been killed or injured?

### At Railway Crossings

Investigations have clearly shown that often motorists will not take proper precautions at railway crossings, appearing to act in practically the same manner as the pedestrian in the above quotation. They seem to forget that the train, thousands of tons of steel and wood, has perhaps gathered a momentum since its last stop that would either send the train tumbling into the ditch, killing many passengers and doing thousands of dollars of damage by the sudden application of brakes, or that it might skid far enough to mean the death of all those in the motor car and the destruction of the car.

A swiftly moving train cannot stop as quickly as a motor car and a passenger train carries a heavier load of human freight than many motor cars can do. Motorists should constantly remember this. They should slow down and look for approaching trains. A few minutes at a railway crossing may save your life. It may save the lives of many passengers.

An engineer will probably be made unfit when he hits your motor car. Statistics prove that many engineers become physically unfit for their positions through just such accidents. It takes away their nerves.

### U.S.A. Statistics

According to the annual report of the National Highway Protective Society, dated January 1, 1918, there were 453 persons killed by automobiles on the national highways of New York state, including New York city, in 1912 and 837 persons killed by automobiles on these highways in 1917—an increase of approximately 100 per cent. in five years. The Society's report furnishes proof, besides railroad experience and records, that this railroad grade crossing slaughter is due to recklessness and the ascending companions, who almost invariably accompany drivers, and that these are the factors to be dealt with vigorously and rigorously if there is to be a cessation of street and railroad grade crossing accidents.

The alarming increase in the number of accidents to motors at highway crossings with the attending shattering of the nerves of engineers and their incapacitation for the very responsible duties of their position caused the Illinois Central Railroad Company some time ago to have observations made at certain highway crossings on their system for the purpose of noting the conduct of persons about to cross their track. It was seen that seventy-five per cent. of the people neither stopped, looked or listened for approaching trains but crossed the railway without apparently the slightest thought for the safety of either themselves or anyone else.
