

Most Interesting Series of Lectures Arranged

Mr. W. E. Scott, deputy minister of agriculture and superintendent of Institutes, has arranged for a series of lectures to be given by Mrs. J. S. Chalmers, of Thrums, B.C., on the various branches of women's work on the farm and in the farm household.

Mrs. Chalmers comes recommended as a clear and forceful speaker, and it is hoped that all present members of the Institute and many new ones will avail themselves of the opportunity of hearing a lecturer who speaks from practical experience. The greatest interest has been aroused where these lectures have already been given, many farmers having attended and derived great benefit. A syllabus of the lectures is given below:—

The Home Garden

Flowers: How to make a hot-bed for early flowers and vegetables.

Annuals, from seeds, best time to plant, etc.

Perennials, for permanent planting.

Bulbs: How to plant for indoors for winter flowers, different kinds, outdoor bulbs.

Edging plants, candytuft, lobelia, alyssum, etc.

Plants that succeed better in partial shade.

Dahlias from seed in one year.

Vegetables, hotbed for early.

How to plan a vegetable garden and rotation of plots.

Essentials to a successful garden, good seeds, good land, abundance of plant food and moisture, cultivation.

Cucumbers, melons, etc.

Best methods of culture.

Seeds suitable for a good home garden.

Home grown seeds.

Live Stock on the Farm

Live stock essential to success. Cows and pigs on a small farm.

Chickens in an orchard.

Care of chickens and market returns.

Geese, a profitable side-line.

Successful butter making.

Curing hams and bacon.

Soils and Crops

Soils and their improvement.

Green manure, barnyard manure, etc.

Vetches for sandy soil.

Soiling crops, two crops on every acre.

Fall rye, fall wheat, barley and peas, oats and peas, millets and buckwheat, Sudan grass, corn,

Signal Honor for Gen. Joffre

The French government has decided to raise General Joffre to the dignity of Marshal of France, in recognition of his services to the country. A decree nominating him will be submitted for the ratification of parliament as soon as possible.

The title of Marshal of France has fallen into disuse since the establishment of third republic, when it was specified that conditions under which it could be conferred should be fixed by a supplementary bill. That bill, however, has never been proceeded with.

The Germans got no petrol in the Roumanian oil fields. The refineries and wells were so completely destroyed that they cannot be operated under a year, according to statements of nearly one hundred American refugees, who have arrived in Petrograd with their families from the oilfields. Property worth \$50,000,000 was destroyed and the whole field will have to be re-bored. Ten large and many of the smaller refineries were burned. Fifty thousand car-loads of oil were destroyed.

Essex rape, etc.

Home Canning

Vegetables, peas, tomatoes, etc., methods and recipes.

Canned fruit, without sugar and with it.

Canned meats, chicken, and sausages, chops, roast, etc.

Recipes for above.

The lectures will be given on the Board of Trade rooms on Monday and Tuesday, Jan. 8th and 9th, commencing at 3 and 8 p.m. each day. Members of the Farmers' Institute will also be welcome.

Imperial Conference To Be Called Shortly

Will Deal With Vital War, Peace and Labor Problems

A cable received by the Governor-General Thursday from the Colonial Secretary amplifies the announcement made in the British House of Commons last week by Premier Lloyd-George in regard to the Imperial Conference to be called to consider the co-ordinated war efforts of the Empire. Walter Hume Long, Colonial Secretary explains that the proposed conference is to consider with the British War Council war measures, possible peace terms and the problems immediately following the termination of the war. The attendance of the Dominion's Prime Ministers is especially desired and it is hoped that the conference can assemble by the end of February at the latest.

The calling of the conference for February will doubtless affect plans for the coming session of parliament. If Sir Robert Borden decides to attend, as seems likely, he will be absent from Ottawa during the greater part of February and March. In that event there might be an adjournment of the session for a few weeks until he returned with information which might have a large effect in determining the action and policy of parliament with regard to war measures in Canada and the question of a further extension of the parliamentary term.

According to news recently to hand, the following Kelowna boys were chosen to form part of a draft which has since crossed the channel:—

F. Cowrie, D. Allan, A. Berard, D. Berard, H. Budden, H. Clower, J. Diggle, C. Favell, J. Ferguson, L. Gillard, G. Garvin, W. Hewlett, A. Hooper, B. Hooper, A. Horley, G. Monford, J. McDougall, J. Reosda, D. Stewart, J. Thompson, A. Thompson, E. Ward, F. Whittingham, G. Weir, snr., J. Ward, F. Mawhinney, A. Wigglesworth, M. Williams, D. Cummings, J. Fitzpatrick, D. Hinkson, A. Gray, and R. Rowley.

The naval service department announces that no more Canadian recruits for the naval air service will be required for some time, probably some months. A large number of Canadians have offered for this service and enough have been accepted to provide a steady movement overseas for two or three months. In addition there is a lengthy list of eligible men from which recruits may be taken.

"Cry Peace, When There is No Peace"

But Many Notes Are Sent Full of Suggestions

During the past week there has been considerably more news of peace than of war. Suggested peace, that is, but the suggestions do not seem to find any favor with the Allied nations. There is no evidence of any change in the disposition to regard Germany's offer as merely a gold brick, and a trap to draw the allies into what might be compromising negotiations.

The unexpected note from President Wilson, in which he invites the various belligerents to state precisely what they are fighting for, has received even a still warmer reception. The unfortunate wording of the note, which implies that the war is but an ordinary quarrel with much to be said on both sides, totally ignores the great principles at stake. The note was ill-timed, too, seeming to give support and approval to Germany's crafty peace advances. Similar notes have also been sent by Switzerland and Sweden.

New 'Gun' a Boon to Farmers

While the guns of the European armies are thundering incessantly on many battlefields their mission at killing men and destroying crops, the grape cultivators of France, in their turn, are using artillery to good advantage. But theirs is not destructive artillery; they are using guns only to protect their vineyards against the destructive effects of hailstorms, which are not infrequent in the grape-growing districts.

Anti-hailstorm guns cannot be said to be novelties in the strictest sense of the word, for they date back to 1896, when an Austrian named Stieger, who had had an opportunity of witnessing the devastation caused by hailstorms each year in the districts of his country, conceived the idea of firing a cannon shot at the clouds charged with hail, using an artillery piece of special design. Steiger learned that as a result of artillery fire directed against the clouds, the threatened storm moved elsewhere before bursting, thus saving the crops in the immediate vicinity of the anti-hailstorm artillery.

A short time later similar experiments were carried out in Italy, followed soon after by the introduction of this method of protecting grape vines and cereal crops in France. In the latter country the use of anti-hailstorm guns has been extended until today they are in general use, principally in the Bordeaux, Bourgoigne and Champagne regions.

A representative type of the anti-hailstorm cannon is composed of four members. First a tripod which serves to support the carriage mechanism; second, a breech-loading mechanism which receives the cartridge and explodes it by means of a striking or firing pin; third, a smoke-stack, or funnel, which is a continuation of the breech-loading member and serves as an outlet for the gases; and fourth, a sheet of iron measuring three or four metres (9 to 12 feet) long, surmounting the cannon and passing the roof of the shed that serves as a shelter for the cannon and its operators.

Following the discharge of the cannon, these escapes from the stack or funnel a whirling shaft of air, which, according to a French authority, M. Vermoret, brings about certain changes in the atmosphere. The condensation produced by the discharge modifies the unstable electrical state of the hailstorms that enshroud the clouds most feared by the agriculturist. Whatever may be the merit of these theories offered in explanation of the anti-hailstorm cannon, the fact remains that this odd artillery is serving its purpose well. —Scientific American.

Rutland News

(From our own Correspondent.)

A son was born to Mrs. Jack Hall last Saturday.

Mr. Magee has been spending Christmas with his daughter Miss Edna Magee of the Rutland School.

Xmas Eve brought an interesting Christmas box to Mrs. A. Wigglesworth in the shape of a little son.

Mrs. Hardie received the sad news a few days ago that her mother had died in Toronto.

The Rutland United Farmers are to hold a meeting next Tuesday, Jan. 2 (instead of Monday) in the schoolroom.

On Thursday last an entertainment was given on behalf of the suffering Belgian children. There was a good attendance and as a result the sum of \$50 was realized. The programme was of a miscellaneous character, the children contributing most of the items. Recitations were given by Frank Stonehouse, Daisy Wilcox, Leslie Richards, Dudley Fitzpatrick, Miss Munford and Miss Quinn, songs by the junior boys and girls, a duet by Miss Magee and Miss Faris, and patriotic songs and choruses by the school. There were several pretty drills, including "Soldiers, Drill," by the junior boys, "Scarf Drill," bar-bell drill, and a "Christmas card drill" by the junior children.

The Sunday school entertainment in connection with the Methodist church, was held Friday last, and proved very successful. The children who had been carefully trained by Miss Alda McDonald, Miss Annie Gay, and Miss Joy Fleming, performed their part of the programme in a very creditable manner. The chair was taken by Mr. Mugford and a long programme of recitations and dialogues, interspersed with songs and choruses by the school, gone through.

Recitations were given by the following: Madge Sharpe, Franklin Hartley, Jean Schell, Ernest Mugford, Helen Schell, Megan Griffiths, Herbert Stafford, Helen Longstaffe, Connie Stafford, Richard Wigglesworth, Daisy Wilcox, George Mugford, Alma Bird, Gordon Hall, Alberta Woolsev, Everett Wilson, Verna Ford, Barbara Harrison, Ernest Stafford, Edith Wilson.

At the close Santa appeared and distributed the usual Christmas presents to the children.

The Okanagan United Growers, Limited, have lately commenced an action against the Canadian Pacific Railway for the recovery of \$3,909 damages for the loss of goods alleged to have arisen through negligence on the part of the defendant company.

Practical destruction of the enemy's forces in an engagement on Saturday at Magdhabah, Egypt, was announced by the War Office. Thirteen hundred and fifty prisoners were taken.

Lumber orders amounting to over 16,000,000 feet have been received by British Columbia tide-water mills during the past few weeks from the English government. One of the orders is for half a million shell cases and will use over 6,000,000 feet of lumber.

A naval battle has occurred in the Adriatic. Austrian destroyers came out into the straits of Otranto for a space, but French and Italian warships drove them off with what losses is not known. The French and Italian losses were negligible.

According to a report Germany has handed neutrals a sealed packet containing the specific terms on which she is willing to make peace. Germany instructed the neutral nations that the prelude only should be forwarded to enemies answering the peace proffer and actually requesting terms, otherwise they will be returned.

The report said that in the case of the note submitted to the Pope, Germany permitted him to read the secret list of concessions and demands.

Local Boy Scouts Hold Annual Celebration

The Boy Scouts held their annual "bum feed" last night, and those who were fortunate enough to be there can vouch for it that it was a great time. The Scouts have a good many lady friends ('sh!), and these provided coffee and tea, cakes, and lots of other good things which you've got to be a boy to appreciate thoroughly, and you bet, the Scouts did it!

The programme of the evening included other things besides feeding, however, for there were a number of badges to present to those Scouts who had lately qualified for them. This important duty was performed by Mr. Somerset, of Nahon, who has lately returned from the front, where he was serving with the 2nd C. M. R.s. His chat about life in the trenches was very interesting to the boys, who very heartily cheered him at the close of the evening.

Preceding the presentation of the badges was the ceremony of saluting the colors, which was carried out in true soldier fashion. Following this two recent recruits to the troop, C. McKenzie and I. Thomas were duly invested.

The badges presented were as follows:

Rescue.—To Troop Leader R. Keller, and Scouts T. Taylor and F. Whitehead.

Swimmer.—To Patrol Leaders F. Buck and G. Groves, Second J. Groves, and Scouts T. Taylor and F. Whitehead.

Second Class.—Scout G. Mantle.

Tenderfoot.—Scouts C. McKenzie and I. Thomas.

The "Knowles Shield" for the season 1915-6 was won by the Curlew Patrol.

Games and fun generally (some of it not on the programme) contributed to make a very pleasant evening. One of the games was to test the olfactory powers (pshaw!) of the contestants by setting them blindfolded to recognize by smelling and name a number of little bags of spices, etc. Scout E. Small picked out six correctly out of eight, and won the prize, a fine Scout knife, given by Mrs. Cameron.

The president of the local Association, Mr. P. DuMoulin, acted as chairman and addressed the boys during the evening.

Co-operative Creameries Have Record Output

The co-operative creameries, under the direction of W. A. Wilson, dairy commissioner of the Saskatchewan Government, have created a record for the year 1916 up to the end of October. The chief item in the record is the increase of production by half a million pounds of butter, of 20 per cent. as compared with the same period of last year.

During the season the co-operative creameries had a total output of 2,500,000 pounds of butter. Sixty-seven cars of butter have been shipped to points outside the province, while the local trade took care of about four carloads per month. There were 9,200 farmers who supplied milk and cream to the creameries.

A new venture proved to be a success. This was a trial shipment of butter to England from Alberta, Manitoba and Saskatchewan, the provinces combining to make a carload of butter, which went to Manchester, England. This shipment of butter was made direct from Regina and contained butter from Manitoba and Alberta, as well as that furnished by the creameries of Saskatchewan.

Plans for an amalgamation of the sixteen co-operative creameries in Saskatchewan are being perfected at the present time.

Mrs. K. Graham was an arrival from Vancouver yesterday.

CANADA

NATIONAL SERVICE

PUBLIC NOTICE is hereby given under the authority of the "War Measures Act, 1914," that during the first week in January, 1917, an inventory will be made by the Post Office Authorities, of every male between the ages of sixteen and sixty-five, residing in Canada.

National Service Cards and addressed envelopes for their return to Ottawa have been placed in the hands of all Postmasters for distribution amongst the persons required to fill in such cards. Every male person of the prescribed ages is required to fill in and return a card enclosed in an envelope within ten days of its receipt.

Any person who fails to receive a card and envelope may obtain the same upon application to the nearest Postmaster.

R. B. BENNETT,
Director General.

Ottawa, 15th December, 1916.

GOD SAVE THE KING.

NATIONAL SERVICE WEEK: 1st to 7th JANUARY.

England Will Abolish Game Preserves

Captain Bathurst, secretary of the Board of Agriculture announcing in the House of Commons that the government was about to end the preservation of game, gave another instance of the way the war is healing the social dissensions of Great Britain. During Lloyd George's land campaign in 1909 unexampled bitterness was displayed because the country dweller was frequently unable to obtain the tiniest patch of land to cultivate while hundreds of thousands of acres were devoted solely to game preserves.

If the order remains in force after the war the whole character of agricultural England will be changed.

Signs that the country is preparing energetically to increase the national food supply are found in the fact that many municipal bodies are setting aside land for the production of cereals and potatoes, while a vigorous campaign to restrict herds of cattle, sheep and pigs is producing its effect.

Measures now contemplated comprise a reduction of herds and an increase of the bread supply by utilizing vast quantities of grain now used in raising cattle for meat, and the cultivation of potatoes on land that is now producing turnips for cattle.

Surveys are now being carried out to ascertain the land at present idle or insufficiently cultivated and to have it cultivated to the fullest extent.

The Doukhobor settlement at Brilliant, near Nelson, has donated 24,000 lbs of jam "for use in Canada for the suffering ones caused by the war". The gift will make a carload, and is valued at \$5,000. The jam is made from fruit grown in their own gardens, and is noted throughout the country for its excellent quality. It has been declared to be the finest jam in the world.

Ask Governor

Government control for South Vancouver until such time as the municipality regains a firm financial standing, or until annexation with the city of Vancouver takes place, was discussed at a private conference between Mr. J. M. Baird, provincial inspector of municipalities, and the city council. The proposed change in the administration will, if effected, involve the appointment of a commission to handle the affairs of the municipality, and the probable retirement, after holding office for only a month or two, of the incoming reeve and council.

This step has been under consideration by the council for some time, and letters have been passing between members of the government and the municipal clerk on the subject.

Hon. A. Macdonald is Elected

Hon. Ralph Smith, the minister of finance in the Brewster cabinet, and Hon. M. A. Macdonald, the Attorney-General, were returned in the bye-election last Thursday in Vancouver. D. E. McTaggart, the Independent Liberal candidate who opposed the Attorney-General on account of the Scott charges, received 3866 votes as against Macdonald's 5011. Ralph Smith headed the poll with a vote of 7319.

The German submarine U45 has been sunk by destroyers, according to a despatch from Nantes. The U45 recently sank steamers off Saint Nazaire.

The War Office has announced the capture by the British of El Arish, a fortified Egyptian town near the border of Palestine, on the Mediterranean Sea. The Turks held the city for two years.

The Lewis machine gun, now used extensively by the Canadian forces, has been definitely rejected by the United States war department, which has let contracts for 4,000 Vickers machine guns and accessories, at a cost of \$5,500,000.

Troop First; Self Last

Edited by Pioneer Dec. 26, 1916

Orders by command far week ending the 6th of January, 1916.

DUTIES: Orderly Patrol for the week, Wolves; next for duty, Otters.

PARADES: The Patrol Leaders will parade at the Club room on Tuesday the 2nd of January at 7.15 p.m.

The Seconds will parade at the same time and place on Wednesday the 3rd of January.

The combined Troop will parade at the same time and place on Saturday, the 6th of January at 2.30 p.m.

The following have still to re-pass their Tenderfoot Tests before the end of the year, that is they will only have two days left after the publication of this column: Wolves, S. Whitehead; Otters, J. Butler and C. Gillard; Curlews, R. Birch; Eagles, F. F. Sinkinson and W. Parker; Kangaroos, H. Crowley, C. Ferguson, H. Coles, and J. Krimmer; Wood Pigeons, R. Weddell, and Beavers, G. Sutherland, W. Day and H. Duggan, a total of fourteen. In last week's issue we inadvertently omitted the Kangaroos from the list, but since it was published eleven scouts have secured the 85 per cent necessary to pass the tests, leaving us with a possible enrolment of twenty-seven.

Every scout in the troop, and particularly those who attended the camp at Penticton in July, 1915, will be indeed sorry to learn of the painful wounds received by former Scoutmaster Pitman of the Naramata Troop, in action at the Front, and will all join in wishing him a very speedy and complete recovery. Scoutmaster Pitman, almost immediately after the Penticton camp, enlisted with the 47th Battalion, then in camp at Vernon, and this fine Battalion has lately been through some very hard fighting, during which its officers and men nobly upheld the magnificent reputation gained by our Canadian soldiers in this great war. We are sure that Scoutmaster Pitman would be very happy to hear from any of the Kelowna Scouts who made his acquaintance at Penticton, while he is in the hospital, for time passes slowly while you are stretched out helpless in a cot.

An audit of the provincial accounts and books of records was commenced last week by a corps of expert chartered accountants belonging to the firm of Price, Waterhouse & Co., of London, Montreal and New York. All the members of the staff are Britishers, it being one of the stipulations made by the Premier and the minister of finance that none but British subjects should be engaged on the audit.

May Cut Down Zepp. Raids

The great Anglo-French offensive on the Somme in Northern France has a direct bearing on future Zeppelin raids on England. This hint was given by a British official in a position to know.

As the Anglo-French on the Somme drove a wider and deeper wedge into the German line, the entire line must eventually all back to straighten itself. This would mean that the Allied aerial bases in Northern France would also move forward. The natural sequence is that German military and aviation bases, both in Belgium and across the Rhine, become from a strategic and military point of view more legitimate objectives for Allied air squadrons. Hitherto Allied air forces have been able to make long distance raids but not heavy ones.

The great Zeppelin hangars in Belgium, including those now under construction and those in Germany from which the present raiding Zeppelins operate, will become practically useless to Germany.

Thus all calculations concerning the Zeppelin radius of action atmospheric conditions, and the other scientific problems of Zeppelin raids on England would have to be made over again. Even the radius of the great super-Zeppelins would be seriously cut down, and the smaller type of airship probably would become wholly useless so far as "strafing England" is concerned.

DON'T WANT CHINESE

There was quite a little excitement at the last Mission City Board of Trade meeting when the word "Chinese" was mentioned. The discussion showed that there was no intention of the Board endorsing the motion of the Fraser Valley Growers' in asking that the head tax be removed so that Chinese could come into the province—not even in small numbers—as asked by a certain resolution which has been the talk of the province and the subject of numerous resolutions, beginning with the Matsqui council. A resolution was passed instructing the Board's delegate on the joint committee to assist the growers in securing labor, but not to sanction the idea of bringing any more Chinese into the province.

Printed Butter Wrappers

According to the new Dominion Government regulations all farmers who sell butter either to the stores or privately, are required to have it properly covered in a wrapper on which MUST appear in prominent letters the words "DAIRY BUTTER."

The fact is also emphasized that all butter in such packages must be of the full net weight of sixteen ounces, and in default of same a fine of from \$10 to \$30 for each offence is imposed. Why butter must be so labelled even when mixed with dairy butter, and dairy butter retains its label though it be mixed with the creamery product.

You can be supplied with neatly-printed wrappers for your butter at the Kelowna Record Office, for the following prices:

100	PAPER & PRINTING INCLUDED	\$1.50
200	" "	2.00
500	" "	3.15
1000	" "	4.50

These prices include Both the Paper, which is the best obtainable for the purpose, and the Printing of same. Please note this.

Owing to the extraordinary rise in the price of butter parchment (which has gone up over 100 per cent) we have been reluctantly obliged to raise our prices slightly. Nearly all this paper was previously manufactured in Belgium, and needless to say this supply has been entirely cut off. Unfortunately there is no guarantee against further increases, indeed, they are more than likely.

Kelowna Record

TOWN AND COUNTRY NOTES

Mr. R. B. Kerr was a visitor to Kamloops yesterday.

Mrs. Lawley and baby returned yesterday from a visit to Okanagan Center.

Miss Dorothy Evans returned last Friday from Normal school to spend the Xmas vacation.

Mrs. Stuart, of Summerland, is the guest of Mrs. A. Peabody this week.

Mr. Thomas manager of the Creamery returned from Vancouver yesterday after a few days visit over Christmas.

Mr. and Mrs. DeHart returned last week end from the coast. Mrs. DeHart who has been undergoing an operation in hospital there is now very much better.

Mr. and Mrs. Jas. Brydone came in last week, to spend Christmas with Mrs. Brydone's parents Mr. and Mrs. W. A. Hunter.

The Kelowna Hospital has this week received through Mr. K. Iwashita a cheque for \$100 as a donation from the local Japanese.

An interesting amalgamation of two of Kelowna's legal firms is announced this week. Messrs J. F. Burne and E. C. Weddell having entered into a partnership arrangement.

The merchants generally have been agreeably surprised at the great improvement in Christmas business this year, and some of the stores especially report a very satisfactory trade.

Ald. D. W. Sutherland, it appears, is not going to be allowed to escape from the work of the city council so easily as he anticipated, and during the past week a petition has been circulated and largely signed asking him to run again for mayor. This it is understood that he has consented to do so.

The Dominion Cannery evidently find the Okanagan a good field for operation. It is now known that they propose operating another cannery in the Valley, just in what town it is not stated, nor is it known that they have reached a decision on this point. They are now operating extensively at Vernon, and a guess has been ventured by our informant that the second factory will be established at Kelowna. Summerland Review.

Mr. L. V. Rogers left this morning on a visit to Victoria.

"Wid" Thompson went down to the coast yesterday on a visit.

Mr. W. Marshall was a passenger Tuesday for Winnipeg.

The Rev. A. Dunn left Tuesday on a short visit to Vancouver.

H. A. Burbank and family left Tuesday for his old home at Sherbrooke, Que.

Alwyn Weddell, Bert Treadgold, Billy Wilson, Bill Bradley and Bob Bouvette, were some of the local boys in khaki to be in town for the holiday.

Mr. H. Etter, who has just completed a term at Normal, has, we hear, secured a position on the staff of the school at Burnaby. Mr. Etter was leader of the orchestra whilst at Normal.

Don't forget the Fireman's Masquerade Ball in aid of the hospital new year's night, in the Morrison Hall. There will be a prize given for the best costume. If you have not got your fancy costume ready come anyway and help to make a good crowd. Cards and refreshments.

We have just received by mail advance copies of the "vintage reports" of a prominent British wine merchant. The reports are voluminous, but scarcely have we ever seen so much valuable information given out for nothing. For instance, we grieve to learn that the champagne crop has been practically a failure and that many other wines are so dear as to be prohibitive. How we are going to get through this winter we do not know!

The annual re-union and social evening of the Baptist Young Men's Club is to be held on New Year's Day at the home of Mr. and Mrs. H. C. Jenkins, on Cadder Av. All past and present members are requested to accept this notice as a personal invitation to be present. Supper will be served at 5.45, after which the Rev. A. Evans will give a brief new year's address, the remainder of the evening being spent in a social way.

Patriotic Services at St. Michael's

On Sunday next, the 31st inst., the Roll of Honor, containing the names of the men of the congregation who are serving their country, will be dedicated at the morning service, 11 a.m.

The Archbishops and Bishops of the Anglican church have directed that a special Service of Intercession and Thanksgiving in recognition of the devotion shown by the manhood and womanhood of our empire, should be held on the last Sunday of the year. This service will be held at St. Michael and All Angels at 3.30 in the afternoon. A collection will be taken for the Red Cross, and Patriotic Societies. All are welcome, and as the time of the service will not interfere with any other church service, it is hoped to see a large attendance.

Miss BUCHANAN
Keller Block

The Handicap of Bigness.

Many have thought that the mere bigness of the mail order houses enables them to sell more cheaply than the local merchant. On the contrary, bigness entails vastly increased expenses, out of proportion to the increased business. Trace your order through mail-openers, checkers, cashiers, more checkers, billers, still more checkers, shippers, teamsters, etc., with checkers to check the checkers at every step. Then consider the enormous taxes and rents they have to pay. You will find that your local merchant, who superintends his own business, is in a position to give you better service at the same or better prices.

Bobsleighs and Cutters

Our carload of the above arrived just in time to be in demand and we expect to do a big business. We have a fine show of Cutters at varying prices, and are satisfied that we shall be able to please you.

In the Matter of the Estate of Esther Alma Schell, deceased.

NOTICE is hereby given that all Creditors and others having claims against the Estate of the said Esther Alma Schell deceased, are required on or before the 21st day of January, 1917, to send by post or deliver to William Garrett Schell, of Rutland, B.C., Administrator of the said Estate, their full names, addresses and descriptions, with full particulars of their claims, statement of their accounts, and the nature of the securities, if any, held by them.

And further take notice that after such above-mentioned date, the said Administrator will proceed to distribute the estate of the deceased among the persons entitled thereto, having regard only to the claims of which he shall then have notice, and that he will not be liable for the said assets or any part thereof, to any person or persons of whose claims notice shall not have been received by him at the time of such distribution.

Dated at Kelowna, B.C., this 21st day of December, 1916.

WILLIAM G. SCHELL,
Administrator of the said Estate.

**Canadian "Christmas Ship" Arrives Safely**

Animated scenes were witnessed in Liverpool when the Canadian Pacific steamer Missanable arrived. She was the Canadian Christmas boat and took over hundreds of women and children desirous of spending Christmas with their husbands and brothers training in Britain or on leave from the front. Of 340 cabin passengers only 43 were men, with all parts of the Dominion represented.

There were women from Newfoundland, Nova Scotia, New B. Quebec, Ontario, the prairie provinces, B. C. and the Yukon, the majority having never seen the old country before.

The train carried them to London and various Canadian camps and hospitals scattered throughout Britain.

The steamer also carried a big mail and huge consignment of Christmas parcels for the men training and at the front.

An official stated that over 800,000 Canadian parcels were received in one week in the mail despatched from Montreal.

Two Canadian Pacific steamers recently took between them 20,000 bags of mails and parcels.

To meet the requirements of the winter campaign the War Contingent Association has already sent 81,000 pairs of socks to Canadians at the front.

"That this meeting of merchants and clerks is heartily in favor of Saturday for the half-holiday, and further we believe that a mid-week holiday will be detrimental to business," was a resolution passed unanimously at a meeting consisting of between 300 and 400 retail clerks and merchants, held in the Labor Temple, Vancouver, on Wednesday night.

The Corporation of The City of Kelowna

PUBLIC NOTICE

NOMINATIONS

FOR

Mayor, Aldermen & School Trustees

PUBLIC NOTICE IS HEREBY GIVEN to the Electors of the Municipality of the Corporation of the City of Kelowna, that I require the presence of the said Electors at the Council Chamber, Bernard Avenue, Kelowna, B.C., on the

Eighth Day of January, 1917

at 12 o'clock noon, for the purpose of electing persons to represent them in the Municipal Council as Mayor and Aldermen, and on the Board of School Trustees as School Trustees.

The mode of nomination of Candidates shall be as follows:

The Candidate shall be nominated in writing; the writing shall be subscribed by two voters of the Municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of this notice and 2 p.m. of the day of the nomination; the said writing may be in the form numbered Five (5) in the Schedule of the Municipal Elections Act, and shall state the names, residence and occupation or description of each person proposed, in such manner as sufficiently to identify such candidate and in the event of a poll being necessary such poll will be opened on the

Eleventh Day of January, 1917

at the Council Chamber, Bernard Avenue, of which every person is required to take notice and govern himself accordingly.

Qualifications for Mayor:

The persons qualified to be nominated for and elected as Mayor are such persons as are male British subjects of the full age of twenty-one years, and are not disqualified under any law, and have been for the six months next preceding the day of nomination the registered owners, in the Land Registry Office, of land or real property in the City of Kelowna, of the assessed value, on the last revised assessment roll for the City of Kelowna, of One Thousand Dollars or more over and above any registered judgment or charge, and who are otherwise qualified as municipal voters.

Qualifications for Aldermen:

The persons qualified to be nominated for and elected as Aldermen are such persons as are male British subjects of the full age of twenty-one years, and are not disqualified under any law, and have been for the six months next preceding the day of nomination the registered owners, in the Land Registry Office, of land or real property in the City of Kelowna, of the assessed value, on the last revised assessment roll for the City of Kelowna, of Five Hundred Dollars or more over and above any registered judgment or charge, and who are otherwise qualified as municipal voters.

Qualifications for School Trustees:

The persons qualified to be nominated for and elected as School Trustees are such persons as are male British subjects of the full age of twenty-one years, and are not disqualified under any law, and have been for the six months next preceding the day of nomination the registered owners, in the Land Registry Office, of land or real property in the Kelowna City School District, of the assessed value, on the last revised assessment roll for the Kelowna City School District, of Five Hundred Dollars or more over and above any registered judgment or charge, and who are otherwise qualified to vote at an election of School Trustees in the Kelowna City School District.

Given under my hand at Kelowna, B.C., this Twenty-eighth day of December, 1916,

G. H. DUNN,

Returning Officer.

**SYNOPSIS OF COAL MINING REGULATIONS**

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for the lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory, the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the right applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre. For full information application should be made to the secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion lands.

W. W. CORY,

Deputy Minister of the Interior.

S. M. Simpson

One doorsouth of Firehall. Phone 312

To Our Friends:

We wish to thank you for the business you entrusted to us during this year of 1916

The Christmas business was particularly gratifying. The customers bought early, were patient, kindly and appreciative, making our part in the transactions distinct pleasure.

Naturally, the goods we sold were decidedly more of the necessities of life than of the luxuries of life.

Several lines we were late in receiving and others we were unable to procure at all, but we thank you for being so willing to understand these difficulties and to uncomplainingly accept the situation.

Again for 1916 business we thank you and let us assure you that our efforts for the future will not be lessened in our endeavors to make this store for the coming year a pleasure for you to visit, and a satisfaction for you to deal at. Our good old motto—"QUALITY AND SERVICE" will still guide us during 1917.

Potatoes - \$1.60 per 100 5-6

The Tageblatt announces that the Swedish diplomatic representatives have handed to both belligerents and neutrals a note in support of those of President Wilson and the Swiss government.

Japan's answer to President Wilson's note, it is believed, will be warmly appreciative of his solicitude for the restoration of peace, but will regret the impossibility of stopping belligerency before the purpose of the war is effected.

Germany in the form of a note in reply to President Wilson handed Ambassador Gerard proposes meeting the delegates of all belligerents in a neutral city. The note hints that Germany's work for the prevention of future wars can only commence after the end of the present struggle. When this moment arrives Germany will be ready with pleasure, it says, to collaborate entirely with the United States in its exalted task.

Don't forget the Masquerade on New Year's night. Proceeds will be handed over to the hospital.

There is a probability that within the very near future a moving picture film city and factory will be established in British Columbia similar to the Universal City outside Los Angeles, California.

A report went the rounds of the press this week that parents of children dressed like soldiers were to be prosecuted. There is no confirmation, however, says an Ottawa despatch, amongst military officials of the report that orders have been issued forbidding children to wear any clothing designed from military uniforms. Regulations have always been in force forbidding the wearing of any imitation of the king's uniform, but these regulations have never been interpreted as applying to children. They were designed merely to guard against personation.

A National Call for Information!

THIS CARD MUST BE FILLED IN AND PROMPTLY RETURNED BY ALL MALES BETWEEN THE AGES OF 16 AND 65 INCLUSIVE.

NATIONAL SERVICE.

1. What is your full name?	2. How old are you? years
