Civic "Clean-up Day" Next Thursday

Thorough Spring Cleaning of Back Yards and Vacant Lots Would Make Healthier Conditions

At its meeting Monday evening, the city council discussed the question of the annual clean-up campaign, and decided to fix next Thursday, May 9th, as the day for this great event. A thorough cleaning out of all back yards and vacant lots was urged in order to make a healthier and more attractive city. Those who had any spark of civic pride, it was felt, would at once fall in with the idea but for those who did not, there would later be police inspection and an enforcement of the regulations which prohibit accumulation of rubbish.

Three tenders were opened for the supply of a team and man for sprinkling the streets as follows: Max Jenkins Co., 70c per hour; A. Johnson 70c per hour; G. Dillon & Son, 65c per hour. The contract was awarded to the latter firm.

Mr. E. L. Cross, of the B.C. Evaporator Co., waited on the council in respect to several matters connected with the adapting of their factory for canning purposes. It was desired to install a sixteen-horse-power motor, bringing up their total consumption of power from the city to twenty-eight horse power. Mr. Cross desired to know if the city was in a position to supply this without delay and was assured that the city was ready and anxious to increase its sale of power and would at once make the necessary arrangements. The company also desired additional water connection.

The matter of the disposal of waste water from the canneries was discussed and arrangements made to go into the details with representatives of the various firms.

A letter from the Dominion Bank advised the loss of $50's worth of the city's debenture coupons by the sinking of the s.s. Andania during January. Application was made for payment and a form enclosed indemnifying the city against possible loss.

An application was made in person by Mr. J. Birch to rent 28 lots from the city at $1 each. This was granted.

The Fire Brigade sent a requisition for a lawn mower to keep the grass lawn near the fire hall in good order. This was referred to the Fire Committee.

An application of a resident on the northern part of Paul street for a water connection was not granted owing to the distance from the main.

Ald. Rattenbury reported that the building next to the theatre was in a dangerous condition and something should be done in regard to it. It was decided to have the building inspector look over it and report.

Ald. Knowles reported the planting of shade trees on the city streets and expressed the view that the public should be encouraged to water and care for trees near their property.

It was announced that at the next meeting a by-law would be introduced dealing with the street sprinkling.

Mr. P. Harding is a visitor in town this week.

Constable Graham left to-day on a visit to the coast.

Mr. and Mrs. W. T. Ashbridge left yesterday after a few weeks' stay in Kelowna.

Dr. and Mrs Keller left to-day for Kingston, Ont., news having been received of the critical condition of their son Rodney who is suffering from an attack of pneumonia.

The police have been receiving complaints lately about horses and cows tethered along the streets in such a way as to constitute a danger to passers-by, and instructions have been given to take measures to stop this practice.

Young Men Organize for Athletic Sports

New Club is Formed at Last Night's Meeting

One of the most urgent needs of the city for some time past has has been an organization which would take care of and encourage the different forms of sport amongst the young men. A few years ago there were several clubs enthusiastically maintained for baseball, lacrosse, football, and all aquatic sports, but with the war's drain on the young men of the district these clubs have nearly all dropped out of existence. Thus the younger men under military age who are growing up have been left largely to their own devices. This is a bad state of affairs, and anyone who has the interests of the young men at heart will learn with pleas- that a new association has been successfully launched, to be known as "The Kelowna Amateur Athletic Club."

The details incident to its formation were arranged at a meeting held last night and the club has already between thirty and forty members.

Mr. L. V. Rogers acted as chairman and later was elected president with Mr. E. C. Weddell vice-president, and an executive consisting of Messrs. G. Kennedy, H. G. M. Wilson, H. F. Rees and W. M. Crawford. Norman DeHart was appointed secretary and Jack Thayer treasurer.

The club will endeavor to provide facilities for all forms of sport and plans were made for the immediate starting of football, lacrosse and baseball clubs. Norman DeHart was unanimously elected captain of the baseball team, and A. Woods of the football. Jim Calder, Fred Fowler and Lloyd Day were appointed a committee to line up a lacrosse team. It is probable also that crews will soon be formed for the war canoe and racing shells.

The membership fee was fixed at one dollar.

The success of a club of this kind depends very largely upon the encouragement of the business men and general public, and it is hoped that every assistance will be given.

Cafe Chantant Raises Handsome Sum

As a result of the "Cafe Chantant" held Saturday afternoon and evening some energetic Kelowna ladies managed to raise the handsome sum of $325, to be divided between the Red Cross and the War Veterans. A feature of the affair was the large number of raffles of goods ranging from a pig to a load of coal, donated by merchants and well-wishers. A large part of the takings were realized in this way. The room was handsomely decorated, and was a popular resort during the day. The programme of entertainment was a distinct novelty and contained many varied and interesting items.

The committee are desirous of thanking all who contributed in any way to make the affair so successful.

In a recent campaign for the "Red Triangle" with the American Armies over $55,000,000 was raised to supply the recreation, social, religious and other needs of the men, to be conducted by the Red Triangle. There is a Red Triangle man and hut wherever the Sammies go on duty or leave. It is the nearest approach of home influence for the lonely boys "over there." In fact the doughty Y.M.C.A. men go right into the trenches with the doughboys, with their packs of reading matter, small games and refreshments, not to mention the stocks of stationery to enable the boys to keep in touch with home.

Baron Rhondda has resigned the office of British food controller which he has held for the last ten months. Lord Rhondda has been absent from his post for several weeks owing to illness.

Further Restrictions on Flour and Sugar

Hoarding of These Foods to be Discouraged

In order to prevent hoarding or further to reduce wheat consumption in this country, so that Canada may send more to the Allies where the cereal shortage is increasingly grave, the Canada Food Board announced additional restrictions on holdings and use of wheat and flour. The order provides that no person with the exception of manufacturers of flour, bakers, confectioners, wholesale or retail dealers or persons living at a greater distance than two miles from a licensed dealer, shall hold or have in his possession or under his control, more flour, made wholly or in part from wheat than is sufficient for his ordinary requirements for a period not exceeding fifteen days.

Any wholesale or retail dealer licensed by the Canada Food Board may not hold flour made wholly or in part from wheat, in excess of a quantity sufficient for his ordinary trade requirements for a period not exceeding sixty days.

On and after May 1, it will be illegal to feed or permit feeding of whole wheat or any product thereof except bran and shorts to livestock or poultry or to permit such feeding.

The Canada Food Board has issued an order strictly limiting holdings of sugar by persons, other than cane sugar manufacturers, providing for seizure and forfeiture of sugar held in excess of the quantities prescribed under the order, and making a violation of the order an offence subject to penalties which shall not be less than $100 and may run as high as $1000 or to imprisonment for a period up to three months, or both fine and imprisonment.

The order stated that no person, other than a manufacturer of cane sugar, shall have in his posession, or under his control, at an one time more cane sugar than is sufficient for his ordinary requirements for 15 days, except persons living at a greater distance than two miles from a dealer licensed by the Canada Food Board, manufacturers licensed by the Canada Food Board and using cane sugar in the manufacture of their products, and licensed wholesale and retail dealer.

The Kelowna Womens Institute will meet on Monday May 6th at 3 p.m. in the Prisoners of War room. Miss McFarlane will give a demonstration. An Apron Shower will be held and proceeds given to the Patriotic Fund.

It is probable that the Hon. E. D. Barrow whose elevation to the cabinet as Minister of Agriculture has necessitated an election at Chilliwack, will be opposed. Mr. Barrow is an ex-mayor of Chilliwack and a prominent man among the farmers of the Fraser valley.

The twenty-seventh annual meeting of the Presbyterian Synod of British Columbia will be held in Vancouver, beginning on Tuesday, May 7th, and continuing to Friday, May 10th.

Mont Stromboli is in violent eruption. Flowing lava has set fire to vineyards. It is believed some lives have been lost.

Stefansson, the Arctic explorer, lies dangerously ill on Herschel Island. A message tells of his being ill fifty days, after being stricken with typhoid and pneumonia, followed by complications.

Vice-Admiral Schroder, the commander at Zeebrugge, according to reports, will be deprived of his command for being taken by surprise by the British last Tuesday.

An order by the Canada Food Board for the curtailing of the manufacture of candy is expected within the next few days. The Food Board already has taken action regarding ice cream, limiting the amount of butter fat which shall be used in the manufacture.

Sergt. Anderson Returned Yesterday

Yesterday another returned soldier was welcomed back in the person of Serg. Anderson who left Kelowna with the 172nd, and on the division of that body overseas was assigned to the Canadian corps headquarters. Shell shock and the effects of a touch of the poison gas has undermined his health to some extent and necessitated his return. He is at present on a couple of weeks' leave and must report at the end of that time at New Westminster.

Rule of Road in Canada

The legislature of New Brunswick has decided to conform to the rules of the road now in operation in Quebec and other Canadian provinces and the United States. When the Highways Act recommended by the committee of the whole House goes into effect, the drivers of all vehicles in New Brunswick will keep to the right instead of to the left.

The three maritime provinces and B.C. have been the only provinces to retain the old English custom of turning to the left. The hope was expressed that similar action would follow in Nova Scotia next year. The change will not go into effect in New Brunswick until proclaimed by order-in-council. It is probable that the change will be made about the first of the year.

Another week of the great German offensive has passed with much the same result, namely, the gain of a little more territory but at a fearful cost of lives. The most serious gain they have been able to make was the capture of Kemmel Hill, a piece of high ground threatening the Allies hold on Ypres. The Allied lines, says the despatches, are yet all intact, and we can only hope for a turn of the tide soon. Monday indeed was a bad day for the Germans who met with defeat and disaster on all sides in their desperate attempts to advance their hold on the ridges.

Bona Fide Farmers May Obtain Leave

Efficienl farm laborers in medical categories lower than "A" may be granted temporary leave of absence from the militia on the authority of the officer commanding the district. Orders issued by the militia department provide that:

"Any member of the Canadian Expeditionary Forces in Canada in a category lower than 'A,' who can be temporarily spared from his military duties, may be granted leave of absence without pay on the authority of the officer commanding the district, on production of a certificate from the agricultural representatives of the district, appointed by the department of agriculture in Ottawa, to the effect that the man concerned is an efficient farm laborer, or whose services are urgently required on the land.

Such leave will be granted in the first instance until July 15 and may be extended by the officer commanding the district or on or before that date for a further three months on production of a further certificate from the agricultural representatiae to the effect that the man concerned has, during his first leave, been continuously engaged in agricultural work and that his service is still urgently needed thereon."

Next Thursday May 9th has been declared by the council to be "Clean-up Day for Kelowna." Some people have already performed that annual ceremony no doubt but those who have not should not let the day pass without gathering up all their rubbish and getting it moved to where it will cease to be offensive.

Probably the largest shipment of hogs from this district went out last week for Vancouver. There were two carloads totalling 147 head, mostly from Casorso Bros., and particularly fine specimens.

An important amendment to the Pound Act provides that where a pound-keeper is unable to get a bid for the sale of a worthless unclaimed animal he may order its destroyal, and collect his fee from the government.

Aquatic Association Annual Meeting

Look Forward to Revival of Interest This Year

The annual meeting of the Kelowna Aquatic Association was held Monday, when the affairs of the past year were reviewed, and plans made for the coming season. The balance sheet showed a considerable improvement over last year, though the Association is still suffering from the effects of the dull times. The capital debt had been substantially reduced, and it was confidently expected that there would be a noticeable revival in interest, and consequently in revenue this year. Last season's operations, after deducting $290 for depreciation, showed a loss of $110, while the annual regatta had increased this by $26. Considering the many disadvantages, the shareholders were well pleased with the outlook.

W. H. Crawford was reelected president, with E. C. Weddell vice-president. H. G. M. Wilson was reappointed secretary, with many expressions of appreciation of his past efficient services. Messrs. W. J. Mantle, G. A. Meikle and W. C. Renfrew were reelected directors for a further term of three years. W. G. Benson was also reappointed auditor.

It was agreed to open the season on Wednesday May 15th with a dance in the pavilion and to continue the dances fortnightly thereafter.

Some change was made in the scale of charges for tickets which will be as follows: country ladies, $3; country gentlemen, $4.

Family tickets inclusive, $10; family tickets for two, $7.50; gentlemen, $7.50; ladies, $5; country families, $5; country gentlemen, $4; country ladies, $3. Transient tickets will be issued for $3 per month, in addition to which non-resident can obtain the privileges of the association for 50 cents per day or $1.50 per week.

Lord Rhondda Cables:

"We Cannot Achieve Victory Without Food."

"Canada Food Board,
"Ottawa

"In these stern days it is inspiring to learn that Canada is tackling the food problem with redoubled energy. The terrific pressure on our military front makes it all the more imperative that those behind the line should strain every nerve to defeat the enemy's avowed object of destroying the British Empire.

"Germany hoped first to starve the Old Country by the submarine campaign and then to smash her land forces. She has failed to starve us and she will fail to smash us but **we cannot achieve victory without food. There never was a time when it was more needed.**

"The Canadian farmer and the Canadian farmhand now have the opportunity to make an effective reply to the enemy's present onslaughts by bending their undivided energies to the increased production of those food supplies for which we depend to such vital extent upon your great Dominion."

(Signed) "RHONDDA"

London, April 10th

The Prime Minister of Canada, in a call to Greater Food Production, says: "The crisis is grave and urgent beyond possibility of exaggeration."

Our Allies are depending upon Canada to produce this year more cereals—especially Spring Wheat—and more meat—especially Pork.

The world shortage will inevitably continue for years after the war—with this continent the nearest source of supply for the 200,000,000 persons in Europe who will be clamoring for food.

Measures have been taken and plans have been formulated which, on the authority of the Director of Agricultural Labor, will provide help needed for harvest.

City and town people who cannot go on the farms are helping to feed themselves by growing their own vegetables, so that the farmers may grow more food for export.

The food crisis calls for the utmost effort by all the people of Canada, because, as Lord Rhondda says, **Food is essential to Victory.**

Next week for three days—Tuesday, Wednesday and Thursday—a great campaign is to be waged throughout the whole of the Dominion to raise funds for the military service branch of the Y.M.C.A. So many campaigns have been run of late to raise money for various purposes, that it is not to be wondered at that people can be heard to say they are getting sick of them—fed up, in fact. BUT—all this kind of talk is pure thoughtlessness. There is no use getting tired of it until the war is over and the need for it is past. The only remedy for any such tired feeling is to dig in cheerfully and dig up cheerfully too.

War is a horrible thing, and of all the agencies which are working to mitigate its horrors, none are worthier of heartier and more generous support than the magnificent organization which has grown up under the auspices of the Y.M.C.A. For years before war came to shake the world and plunge the nations into disaster, the Young Men's Christian Association was one of the living and effective forces for good amongst the young men of many countries, and it has proven up to the hilt its virility and worth by taking hold of the present situation, and following its young men into the trenches with help and comfort and fatherly oversight. Nobody needs this attention more than soldiers on active service, and it is quite certain that no sectarian body could have achieved such marvellous results amongst such a cosmopolitan crowd as the "Y". Under the very fire of the guns the "Red Triangle" has set up its huts and one of the most touching phases of the whole horrible business, is the deep gratitude and appreciation with which every returned soldier speaks of them.

The work is costing money, and this must be forthcoming—must be forthcoming! The work can not stop. Distributed individually the sum asked is a mere trifle compared with the amount being spent by everyone in personal luxuries of all kinds. Make no bones about it next week, when the canvassers come around, but dig up the money and think how much better off you are than the boys at the front.

Holstein versus Jersey

The growing demand for "community breeding" which has arisen from the rapid increase of dairying in the district, has been productive of much discussion as to the comparative merits of the leading types of dairying stock. One of our local farmers has been endeavoring to gather authoritative information on the subject from various sources; and amongst other things has lately received some interesting data culled from the files of "Hoard's Dairyman," bearing upon the comparative cost of producing butter fat with two of the best known breeds, Holstein and Jersey.

On a strictly butter fat basis it is stated that by results of all contests and investigations cows producing high testing milk will produce butter fat at the lowest cost per pound. At the Louisiana Purchase Exposition the Holsteins produced fat at a cost of 15.6 cents per pound for feed and the Jerseys at 12.5 cents per pound.

The Nebraska Station records show that the Holsteins in this herd produced fat at a feed cost of 10.42 cents per pound and the Jerseys at 8.24 cents. While the gross annual returns from butter fat were $7.37 per cow greater for Holsteins, the Jerseys consumed less feed, and were able to produce an annual net return over feed cost of $2.56 per cow and returned 56 cents more for each dollars worth of feed consumed.

A Wisconsin bulletin gives the following interesting figures, showing the comparative returns from $1000 invested in feed for each of the two breeds:—

	Holstein	Jersey
Value of butterfat of herd	1,549.24	1,882.00
Cost of feed per cow	$91.07	$53.88
No. of cows	11	18½
Value of products (fat and skim milk) per cow	$164.40	$113.00
Value of product of herd	1,808.40	2,090.50
Net return of herd over feed cost	808.40	1,090.50
Value of butter fat per cow	140 84	101.73
Net return of herd for butter fat	549.25	882.00

The article in a summing up states that both breed are excellent dairy animals and that relative excellence is more a question of individuals in the breed than the breed itself.

Orders for Local Scouts

Kelowna Troop
Troop First; Self Last

Edited by Pioneer. April 30, 1918

ORDERS by command for week ending May 11, 1918.

DUTIES: Orderly patrol for week Beavers; next for duty, the Otters.

PARADES: With the exception of a Court of Honour to be held on a date to be announced later, there will be no parades or meetings of the troop during this week, to make up for the many demands we had made upon the time of the Scouts during the present week of the concert.

After the concert is over we shall have to decide if, when and where we are going to hold our camp this year. If will depend upon whether the services of the different members of the troop are required for production of food stuffs during the camp period. If the camp is held, the time will be during the first two weeks of July; the "where" has yet to be settled.

• • •

We wish to thank Mr. R. A. Pease very much for a very handsome gift of books to our library—45 volumes in all.

• • •

In a letter received by one of us from a Kelowna boy now in France, he writes as follows: "About the only thing a fellow has to look forward to in this country are letters from home. If it were not for letters I am sure it would be a hundred times worse for one in this country. . . . I noticed in the Scout Column a short note about the wearing of shorts. Well, I never knew what fine things they were until last summer, and believe me if I had my way I would not wear anything else during the summer months. They are away ahead of the kilt or any other dress I know of."

More than 60,000 cups of hot tea and coffee are distributed daily in France by the Y.M.C.A. free. The estimated cost for this service for eight months is $48,000.

Printed Butter Wrappers

According to the new Dominion Government regulations all farmers who sell butter either to the stores or privately, are required to have it properly covered in a wrapper on which MUST appear in prominent letters the words "DAIRY BUTTER."

The fact is also emphasized that all butter in such packages must be of the full net weight of sixteen ounces, and in default of same a fine of from $10 to $30 for each offence is imposed. Whey butter must be so labelled even when mixed with dairy butter, and dairy butter retains its label though it be mixed with the creamery product.

You can be supplied with neatly-printed wrappers for your butter at the Kelowna Record Office, for the following prices:

100	PAPER & PRINTING INCLUDED	$1.50
200	" "	2.00
500	" "	3.15
1000	" "	4.50

These prices include Both the Paper, which is the best obtainable for the purpose, and the Printing of same. Please note this.

Owing to the extraordinary rise in the price of butter parchment (which has gone up over 100 per cent) we have been reluctantly obliged to raise our prices slightly. Nearly all this paper was previously manufactured in Belgium, and needless to say this supply has been entirely cut off. Unfortunately there is no guarantee against further increases, indeed, they are more than likely.

We Like to See a Smart "Classy" Job

Leave the office—but not every sort of work demands that. In some instances speed is more essential than good looks; on the other hand there are times when delicacy is the demand — We can oblige with either, or both.

Rutland News

(From our own correspondent).

The Y. P. Society have post-poned indefinitely their concert announced for May 3rd.

The collection for the Rutland Red X taken at the Patriotic Service at the Methodist Church last Sunday evening amounted to $20.75. The committee wish to thank the trustees of the church for their willing help.

A meeting of the Rutland Womens Institute will be held in the school on May 9th at 3 p.m.. The "Grandmothers" are in charge of the afternoon programme, which will include afternoon tea, proceeds for Red X Material. Usual collection for our prisoner of war. Every-body invited.

On Tuesday a packing school was started for the older scholars who wished to learn apple-packing.

There will be a meeting of the United Farmers in the school on Monday May 6th at 8 o'clock prompt, when Mr. J. W. Jones, M.P.P., will give a review of the work of his Parlimentary session at Victoria, just closed, and will also speak on other subjects of interest to farmers. It will be an open meeting and ladies are cordially invited. Please make a special effort to attend.

England Stops Making Umbrellas

An interesting feature of war prohibition in industries of various kinds is that obtained today in England, and which may come to this country if the military necessity becomes sufficient. For instance, none of the manufacturers of umbrellas in England are permitted to operate on their normal lines, not because it has stopped raining in England, but because the government there learned that the country has enough umbrellas to last until the war is over, so the umbrella makers are now engaged in making wings for aeroplanes. In England no new furniture is being made, and as a consequence second-hand furniture in good condition is worth more than when it was new. Walking-sticks, jewelry, builders' hardware, etc., and many other things have been practically prohibited of production because the resources of the factories are needed for more direct military work. In this country we have a long way to go before we approach the conditions prevailing in those countries of Europe engaged in the war.

A Garden for Pleasure

Out of the garden and on to the table, without having to lie wilting in farmers' wagons from the day before or exposed for sale in shop windows! How much better our vegetables would taste, how much more wholesome, and how many more would be eaten, if we had them growing in our backyard.

To cultivate a small patch is not a task—it is a pleasure, and the development of the crop is a study that is in itself interesting. Many who this year will cultivate that little piece of ground around their homes will be surprised at the amount of food which can be secured from a few square feet of land.

Canada needs your help in increasing the food supply. She needs men, she needs money, but what are men and money without food, and if, by the cultivation of only a small area, you can reduce the demand upon the general supply, it will by just that much be a benefit to Canada.

Canadians eat too much meat. A greater use of vegetables would tend to better health for many. By growing vegetables, that they may be available during the summer months, many families will reduce their living expenses and be the healthier for the effort.

An aerial line between New York City, Paris and London is to be established soon, says a dispatch from Rome. Italy has started an enormous industrial expansion looking to the developement of aviation.

More than 150,000 magazines are distributed free every month by the Y.M.C.A. Estimated cost $15,000.

His Grace the Duke of Devonshire said recently: "In every quarter both overseas and at home the war work of the Y.M.C.A. is spoken of in the highest and most well-deserved praise. In the scope and character of its various operations, the Y.M.C.A. covers a large field, but a mere recital of its activities is but a feeble testimony to the true value of its work. In addition to what ir does for the material comfort, health and enjoyment of our men its influence for all that is best, is especially marked, and in its purpose and intention it occupies a unique position.

The Corporation of the City of Kelowna

NOTICE is hereby given that the first sitting of the annual Court of Revision for the purpose of hearing complaints against the assessment for the year 1918 as made by the Assessor, and for revising, equalizing and correcting the Assessment Roll of the City of Kelowna and Kelowna City School District, will be held in the Council Chamber, Kelowna, on Monday, May 27th, 1918, at 10 a.m.

All appeals, complaints or objections must be in writing and delivered to the Assessor at least ten (10) clear days before the first sitting of the Court of Revision.

Dated at Kelowna, B. C., this 20th day of April, 1918.

G. H. DUNN,
City Clerk.

WATER STREET KELOWNA

SHERWIN-WILLIAMS PAINTS & VARNISHES

Home Beauty that means Home Economy

Old Furniture—like old friends—has a charm all its own. So—if you have a table, dresser, bureau, bookcase or old chairs handed down from great grandmother's day—cherish them; and protect and restore them to their former beauty, with

SHERWIN-WILLIAMS VARNISH STAINS

They lend their own beautiful rich undertones to the fine old Furniture, that needs but the proper finish to look its best. There is a full family of colors to duplicate all hardwood effects.

MAR-NOT, For Floors. Made for floors—to be walked on and danced on, if you like—to have water spilled on it, and furniture dragged over it. ***MAR-NOT*** is tough, durable, absolutely waterproof. Dries in 8 hours, rubs to a dull finish, pale in color, particularly desirable for fine hardwood floors.

SCAR-NOT, For Furniture and Woodwork, has been the means of converting thousands of women to the idea of protection in the home. They use ***SCAR-NOT*** to make their furniture fresh and bright. Even boiling water does not injure this varnish.

REXPAR, For outside work—doors, etc. —it is absolutely waterproof and will not turn white no matter how long exposed.

We carry a complete line of Sherwin-Williams Paints and Varnishes. Ask us for Color Cards, prices or any other information you may require.

D. LECKIE - Kelowna

Y.M.C.A.

Campaign to Raise Funds for ITS MILITARY WORK

Tuesday, Wednesday and Thursday of Next Week

Local Committees will canvass the district for your subscriptions. See to it that the RESPONSE IS LIBERAL

Two and a quarter million dollars must be raised throughout Canada on the dates given.

Kelowna's Share is

$3,000.00

Let each one do his best and the accomplishment of this objective is easy.

PUBLIC MEETING

Next Sunday Morning, at 12 o'clock sharp in Knox church

SPEAKER:

Lieut. Whittaker

"The Fighting Parson"

who has lately returned from service in the trenches.

Vast Issues Depend Upon the Welfare of Our Men!

Cheer Up and Thank God for the Y.M.C.A.

TRY to picture yourself in the muddy cold trenches after exciting days and long nights of mortal danger and intense nervous strain. Rushing "whiz-bangs" and screaming "coal boxes" are no respecters of persons. You are hit! But despite shock and pain you still can face the long weary trudge back to dressing station. Weary, overwrought and depressed, you are prey to wild imaginings of that other coming ordeal with the surgeon. There are other "walking wounded," too! You must wait, wait, wait. And then—

Up comes a cheery Y.M.C.A. man, the ever-present "big brother" to the soldier, with words of manly encouragement. Close beside the dressing station the good generous folks at home have enabled him to set up a canteen. He hands you biscuits, and chocolate or coffee.

Red Triangle Fund

$2,250,000 May 7, 8, 9

Canada-Wide Appeal

"In thousands of cases," writes an officer, "it was that first hot cup of coffee that dragged the man back to life and sanity."

The tremendous helpfulness of the Y.M.C.A. as an aid to the "morale," or fighting spirit, of the soldiers is everywhere praised. No wonder the Germans make every effort to smash the Y.M.C.A. huts out of existence.

The Y.M.C.A. is **everywhere.** You first met the helpful, manly Y.M.C.A. worker in camp, then on train and boat, at camp in England and in France, close to the firing line. Often he risks his life to reach you in the trenches. He has won the warmest praise from military authorities, statesmen—the King!

Have you a precious boy at the front? You cannot be "over there" to guide him away from fierce temptations of camp and city. You cannot comfort him in his supreme hour of trial. Your parcels to him are necessarily few. But the Y.M.C.A., thank God, is "over there," going where you cannot go—doing the very things you long to do—doing it for you and for him.

Will you help? This vast organization of helpfulness needs at least $2,250,000 from Canada for 1918. For your boy's sake be GENEROUS!!

War Work Summary

There are:

—96 branches of Canadian Y.M.C.A. in France.

—79 branches in England.

—Dozens of Y.M.C.A. dug-outs in forward trenches under fire.

—Over 120 Military Secretaries overseas.

—300,000 letters a day written in Y.M.C.A. overseas buildings.

—$133,000 needed for athletic equipment. (Helps morale of soldiers.)

—Y.M.C.A. saved hundreds of lives at Vimy Ridge by caring for walking wounded.

—Over 100 pianos in England and France, also 300 gramophones and 27 moving picture machines.

—Y. M. C. A. helps boys in hospitals.

—More than 60,000 cups of hot tea and coffee distributed daily in France—free. Estimated cost for 8 months, $48,000.

—150,000 magazines distributed free every month. (Estimated cost $15,000.)

—$125,000 used in 1917 to build huts in France.

—Concerts, sing-songs, good-night services and personal interviews energetically conducted. Concerts, lectures, etc., cost $5,000 a month.

—Thousands of soldiers decide for the better life.

—Y.M.C.A. sells many needful things to soldiers for their convenience. Profits, if any, all spent for benefit of soldiers.

—Service to boys in Camp hospitals.

—Red Triangle Clubs for soldiers in Toronto, St. John and Montreal. Centres in Paris and London for men on leave.

—Out of Red Triangle Fund, $75,000 to be contributed to the War Work of the Y.W.C.A.

Boys!

Here's your chance to do a fine stroke in the big war! Help the Y.M.C.A. to help your big brothers overseas by joining in the

"Earn and Give Campaign"

Six thousand Canadian older boys are invited to earn and give at least Ten Dollars ($10) to the Red Triangle Fund. That means $60,000 in all! Splendid! Five thousand dollars will be used for boys' work in India and China; another $5,000 for the National Boys' Work of Canada, and $50,000 to help big brothers in Khaki. Ask your local Y.M.C.A. representative for information and pledge card. When you have subscribed one or more units of Ten Dollars, you will receive a beautifully engraved certificate.

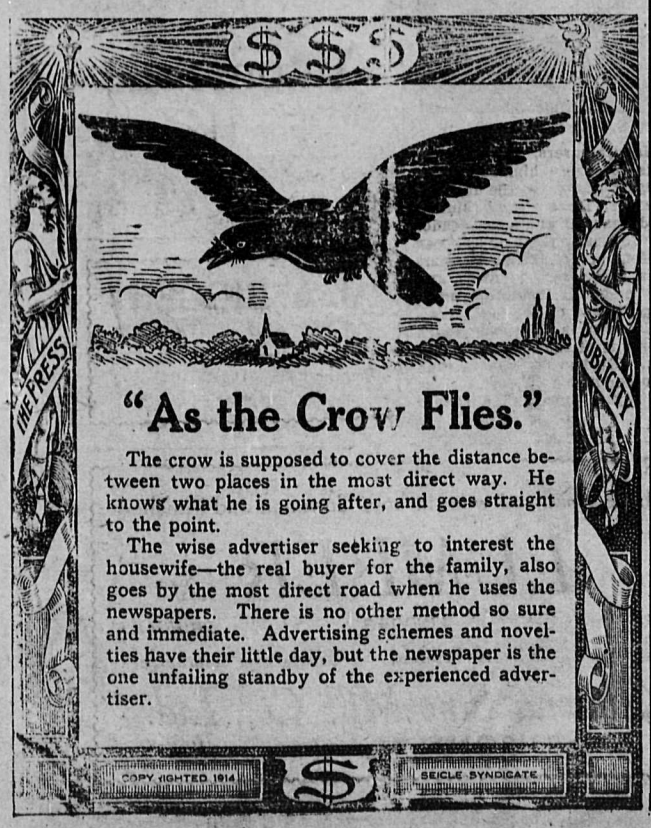
Oak Hall Clothing Company, Ltd.

"THE HOUSE OF FASHION"



"As the Crow Flies."

The crow is supposed to cover the distance between two places in the most direct way. He knows what he is going after, and goes straight to the point.

The wise advertiser seeking to interest the housewife—the real buyer for the family, also goes by the most direct road when he uses the newspapers. There is no other method so sure and immediate. Advertising schemes and novelties have their little day, but the newspaper is the one unfailing standby of the experienced advertiser.

TOWN AND COUNTRY NOTES

Mrs. Tewart of Peachland was a passenger Monday for Ottawa.

Mrs. Goldsmith left Tuesday morning for Salmon Arm.

Mrs. Renwick was a passenger to Vancouver yesterday.

Mrs. Buckland and Charlie went up to Vernon for a short visit yesterday.

Mrs. Gaddes and children returned yesterday from a visit to Summerland.

Donald Nelson, of the Bank of Commerce staff, left for the coast yesterday morning having joined an ariillery battalion.

Mr. R. Elkins of the Railway Accident Insurance department was in town for a few days this week, leaving for Salmon Arm Tuesday.

Mr. Geo. Dobie, the general manager of the Okanagan Telephone Co., was married in Kamloops last week, and is at present spending a honeymoon in the States.

In deference to the Boy Scout concert there will be no choir practice in Knox Church on Friday this week. The Baptist choir will meet on Thursday at 8 p.m.

Don't forget that this is "Hospital Egg Week." Donations may be left at Mr. C. Dark's shoe store, and will be thankfully received from anybody, whether members of the Poultry Association or not.

The 99th anniversary of Oddfellowship on the continent was celebrated Sunday by the local lodges of Oddfellows and Rebekahs with a parade to Knox church for morning service. Special music was rendered, the Rev. D. E. Braden occupying the pulpit.

The session at Victoria having ended Mr. J. W. Jones, M.L.A., returned Friday last. Owing to his position as a member of a small opposition, Mr. Jones has had a busy time for the past few months. He has taken a prominent part in the discussion of the Irrigation Bill.

Apparently there has not been a very hearty response to the request of the Red Cross ladies for junk of various kinds. They presume this to be accounted for by the fact that the barn belonging to Mr. Lloyd-Jones is not known—certainly not because Kelowna contains no junk! The barn where iron, rubber, rags, so on and so forth, is to be left is near the office of the telephone company on St. Paul street, which is situated be-Ellis and Richter streets on the north of Bernard avenue.

Over $125,000 was spent by the Y.M.C.A. in 1917 to build huts in France.

Mr. W. E. Adams came in last week-end on a visit from the coast.

Mrs. C. Burtch, of Penticton, is staying for a short while in town.

Mr. Thos. Duggan returned from Halcyon last Thursday feeling better for the visit to the springs.

Still a number of people have neglected to call at the Farmers' Institute room for the samples of seed potatoes for which they made application to the Summerland Experimental Station.

The secretary-treasurer of the Canadian Patriotic fund will be much obliged if subscribers will forward arrears to him before Monday, May 6th., on which date a list of subscriptions to the end of April will be prepared for publication in the local press.

In obedience to the new draft regulations our worthy C.P.R. telegraph operator Mr. Charlie Shayler, has now been called up for military service, and has to report at Vancouver this week. Miss H. G. Procter from Victoria has already taken up the duties of the office, starting Monday morning.

Unless it is that the Germans have extended their submarine operations to the Okanagan lake, somebody must have developed a mania for boat stealing lately. Several boats have disappeared, the latest being one belonging to Mr. Binger. In this case, however, an old boat of the Siwash type was left in its place. Some time ago Mr. Childers lost his boat and no trace of it has been seen since.

Next Sunday morning in the Baptist Church the Rev. W. Arnold Bennett will preach on "The Horses and the Riders." At the evening service his topic will be "If any man draw bask;—or, Once Saved Always Saved, is it a fact?" The Sacrament of the Lord's Supper will be administered at the morning service. Song Service will commence at 7.15 p.m.

CONROY—HUBBARD

A quiet wedding of local interest was solemnized at 9 o'clock on Monday morning in the Catholic church by the Rev. Father Verbeke, when Mr. Martin Joseph Conroy, of Ellison and Miss Emma Martha Hubbard were united in matrimony.

The bride, who was attired in white voile, was given away by her father, Mr. J. A. Hubbard, whilst Mr. W. Hereron acted as best man.

After the ceremony some twenty-two guests sat down to breakfast after which the couple left for their future home at Ellison, which according to Mr. Michael Hereron, "was about the nicest spot in British Columbia."

Benvoulin Notes

The Benvoulin Local of the U.F.B.C. have suspended meetings until the 1st of October.

Mrs. T. Renwick left for the coast on Wednesday to spend a short time with friends.

Mr. Delbert Speers arrived home on Wednesday last from Vancouver, where he had been for a few months.

The Ladies Aid of Bethel Church will meet at the home of Mrs. McEachern on next Wednesday May 8th. The word for the roll call will be "comfort."

The amount of $3.75 was realized from the sale of a box of apples sold at auction last Saturday, the box of apples being donated to the Red X by Mrs. T. Renwick.

Miss Bella Meldrum is spending a short time with Mrs. B. McClure.

The Boy Scout Concert

The Scout concert, which is to take place on Friday and Saturday has seemingly arrived at the stage when it can be called a popular annual event. Those responsible for the arrangement ask us to draw attention to the fact that tickets sufficient to seat the theatre to full capacity twice have been taken by different scouts for sale, and while a few of them may be returned unsold, it is pointed out that all who wish to see the Friday evening performance will have to go early in order to secure a seat. The programme will commence at 8.15 sharp and on Saturday at 2.45 p.m. sharp. Late-comers on Friday evening who are unable to secure a seat can of course use their tickets on Saturday.

The Rev. Mr. Laycock, of Vernon, is bringing down about 23 of his scouts on Saturday afternoon by car to see the show.

Boy Scout Entertainment

The Fifth Annual Entertainment of the 1st Kelowna Boy Scouts, assisted by the Wolf Cubs, will be held

Friday, May 3rd, at 8.15 p.m.

With a Matinee on Saturday, May 4th, at 2.45 p.m.

Songs, Kazoos, Drills, Gymnastics, Pyramids, First Aid

On Friday Commissioner the Rev. and Hon. T. R. Heneage will present Silver Crosses and Badges

Admission Friday, for both Adults and Children, *50c*; Saturday, Adults *50c*, Children *25c*

WATER NOTICE
DIVERSION AND USE

TAKE NOTICE that Mrs. M. E. Hill and A. E. Hill, whose addresses are Kelowna, B.C.; will apply for a licence to take and use 20 acre feet of water out of Sutherland Spring and the waste water from Kelowna Irrigation Co. and irrigation system, which flows in a North-Westerly direction and drains into Okanagan Lake through District Lot Nine (9). The wrter will be diverted from the stream at a point about 320 yards from the North-West corner of District Lot 136, and will be used for Irrigation purpose upon the land described as Sub. Lot 44, Registered May 202, Osoyoos Division. This notice was posted on the ground on the 23rd day of April, 1918. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is April 25th, 1918.

Land Registry Act
NOTICE UNDER SECTION 36.

TAKE NOTICE that an application has been made to register the Corporation of the City of Kelowna, as the owner in Fee-simple, under a Tax Sale Deed from the Collector of the Municipality of the City of Kelowna, to the Corporation of the City of Kelowna bearing date the 30th day of November, A. D. 1916, in pursuance of a Tax Sale held by said Municipality on or about the 13th day of October, 1915, of all and singular certain parcel or tract of land and premises situate, lying, and being in the City of Kelowna in the Province of British Columbia, more particularly known and described as the Easterly 70 feet of Lots 1 and 2, and Lot 4 in Block 4, Map 462.

You and those claiming through or under you, and all persons claiming any interest in the said land by descent whose title is not registered under the provisions of the "Land Registry Act" are required to contest the claim of the tax purchaser within forty-five days of the service of this notice upon you. Otherwise you and each of you will be for ever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register the said Corporation of the City of Kelowna as owner in fee.

Your attention is called to section 36 of the "Land Registry Act" and amendments, and especially to the following extract therefrom which relates to the above notice:—

"And in default of a caveat or certificate of lis pendens being filed before the registration as owner of the persons entitled under such tax sale, all persons so served with notice, or served with notice under subsection (6) of section 155 of the "Municipal Clauses Act, 1906," or section 293 of the "Municipal Act," or section 139 of the "Assessment Act, 1903," or section 253 of the "Taxation Act," in cases in which notice under this Act is dispensed with as hereinafter provided, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes."

Dated at the Land Registry Office, at the City of Kamloops, Province of British Columbia, this 27th day of December, A. D. 1917.

C. H. DUNBAR,
District Registrar.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon territory, the Northwest Territories, and a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for the lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion lands.

W. W. CORY.
Deputy Minister of the Interior.

Conserve FLOUR
IN MAKING PANCAKES

Through a funny little blunder last week (on the part of the printer, of course) advice was given to "conserve sugar" in making pancakes. This should have read as above, "conserve flour," the idea of course being to use Rolled oats instead. Don't make the same mistake with your pancakes and you will find the recipe an excellent one.

Try this Recipe:

2 Cups of Rolled Oats;
1½ cups of Standard Flour;
1 Teaspoon of Soda, dissolved in 2 Tablespoons of Hot Water;
1 Teaspoon of Nabob Baking Powder mixed with the flour;
1 Teaspoon of Salt;
2½ Cups of Sour Milk or Buttermilk;
2 Eggs, beaten;
1 Tablespoon of Sugar;
1 Tablespoon of melted Butter.

Soak Rolled Oats in Milk overnight and in morning add the balance. Beat and cook as other pancakes

SERVE HOT WITH WAFFLE SYRUP

Noted Canadian Orator at Chautauqua.

One of the most impressive, instructive and interesting lecture that will be held at the big Chautauqua tent will be given by H. W. Wood. Mr. Wood is president of the Canadian Council of Agriculture and a real live wire. He has been one of the leading speakers at all of the big agricultural gatherings in the Dominion. Manufacturers, bankers and merchants recognise him as one of the strongest advocates the farming interest have. He is a great thinker, a splendid financier and a real leader of men. For many years he has been the president of the United Farmers of Alberta. The farm he owns, and manages personally, situated north of Calgary, is one of the best in Alberta. No man is in closer touch with the needs of the farmers of the Dominion. He has done more than any one other man to secure for the farmer his just dues and a square deal.

PRES. H. W. WOOD.

VINOL MAKES GOOD BLOOD

Positive—Convincing Proof

Many so-called remedies for anaemia are only so in name. Their makers are afraid to prove their claims by telling what their medicines contain.

The only way to be honest with the people is to let them know what they are paying for. Here is the Vinol formula. When the doctor knows what a medicine contains, it ceases to be a "patent" medicine.

℞ Cod Liver and Beef Peptones, Iron and Manganese Peptonates, Iron and Ammonium Citrate, Lime and Soda Glycerophosphates, Cascarin.

Any doctor will tell you that the ingredients of Vinol, as named above, will enrich the blood and banish anaemia and create strength. When the blood is pure and rich and red, the body is strong and robust.

You can prove this at our expense because your money will be returned if Vinol does not improve your health.
