VOL. IX. NO. 29. KELOWNA BRITISH COLUMBIA, THURSDAY, JUNE 7, 1917.—4 PAGES $1.50 Per Annum

Cheap Rates For Harvest Help From the Coast

Dominion Government Makes Arrangements With C.P.R.

Definite details are now available as to the arrangements which have been made by the Department of Agriculture with the C. P. R. for the transportation of harvest helpers from the coast cities to the Okanagan Valley at cheap rates.

Second class tickets will be issued at all stations west of Spence's Bridge, on the main line and branch lines, also from Victoria, on presentation of certificates signed on behalf of the government by one or other of the following:—W. E. Scott, deputy minister of agriculture, Victoria; R. M. Winslow, provincial horticulturist, Victoria; R. C. Abbott, coasts market commissioner, 305, Bank of Ottawa Building, Vancouver; Mrs. J. C. Kemp, B. C. Fruit Harvesters' Bureau, Carter-Cotton Building, Vancouver.

The tickets will not be issued to individuals, but only to parties of five or more travelling together on the going journey. The rate of fare will be one and a half cents a mile in each direction, ticket to be purchased for the round-trip and to be limited for return to sixty days from date of issue, but not later than November 30.

Tickets will be good to all points between Penticton and Salmon Arm inclusive, the dates of sale to be July 11th to 15th, 21st to 25th, August 1st to 5th, 11th to 15th, 21st to 25th, September 1st to 5th, 11th to 15th, 21st to 25th, October 1st to 5th, 11th to 15th, 21st to 25th. Tickets from Hope and stations west will apply via the Kettle Valley Railway and Penticton as well as via Sicamous.

These favorable rates should greatly facilitate quite an exodus of useful helpers from the coast cities to the fruit districts where help is short.

Similar arrangements are being made for berry pickers to go to Hammond, Haney, Mission, and Hatzic, where conditions are excellent for a heavy crop of berries, and it is expected that from 1500 to 2000 pickers will be required. In their case, however, the rate is fixed at a fare and a third.

It seems that owing to the publicity given to the agitation regarding a possible shortage of labor in the district, many strangers have already come into town during the past week or two, and frequent applications are being made to the secretary of the Farmers' Institute for jobs. Through the medium of the Institute labor bureau, some half-dozen of these have been found situations on farms. Some difficulty arises, however, from the fact that farmers do not make known their wants to the secretary. If there is a shortage of labor, no steps can be taken to supply the demand until the requirements of the farmers are made known, and it is possible that men may be coming into town and leaving again without getting a job from inability of anyone to tell him where to look.

HARDIE—On Friday, May 25th, to Mr. & Mrs. W. Hardie, a son.

PATTERSON—On Monday, June 4th, to Mr. and Mrs. A. L. Patterson, Benvoulin, a son.

Mrs. D. A. Cameron, of Penticton, has just undergone a serious operation in the Kelowna Hospital, but is now happily recovering and will soon be well enough to return to her home. She wishes to express her grateful thanks to the doctor and nursing staff at the hospital, and also to many friends for their sympathy and assistance. Mrs. Cameron is the wife of Mr. Duncan Cameron and was resident in Kelowna a few years ago.

The arrest of Grand Duke Nicholas, former commander-in-chief of the Russian armies, in consequence of royalist riots at Tiflis, is reported in a despatch quoting advices received from Petrograd.

Seven hundred and thirteen aeroplanes were brought down on the western front in May—only four less than April, when the struggle for supremacy in the air reached its maximum intensity. During May the Germans lost 442 machines and Allies, according to the claims of the enemy, 271.

Private W. Raymer Killed

Private Walter Raymer Killed

Killed in action, May 21th, was the brief information conveyed in a telegram Wednesday morning to Mr. Geo. Raymer, concerning his son Walter, who left Kelowna some months ago, eager and enthusiastic as any of them, with the Kelowna contingent of the 172nd. No other particulars were given.

The young fellow was only twenty years of age, and has lived in Kelowna more than half of his short life, attending school here, and later taking part in the management of the Opera House. He was one of three brothers who have gone overseas, one of whom is yet in England, while the other is in the trenches. He was a nephew of the late Ald. Raymer.

Death of Mrs. A. P. McKenzie

The death took place last Saturday evening after a long and trying illness, of Mrs. A. P. McKenzie. For some time it had been apparent that the dread disease of tuberculosis had got too strong a hold to yield to any care or treatment, and though every effort was made to alleviate her suffering, there was nothing for it but to accept the inevitable with Christian resignation. The end came Saturday evening about nine o'clock.

The funeral took place Monday afternoon, the Rev. A. Dunn officiating. The pall-bearers were the four members of the Presbyterian session, Messrs. J. Ball, A. Todd, Jas. Harvey, sr., and D. McMillan, and Messrs. N. D. McTavish and J. W. Currie, and a large number of friends and sympathisers were present at the service.

Mr. and Mrs. A. P. McKenzie came to Kelowna with their four children about three years ago, and have made a wide circle of friends, though Mrs. McKenzie has been in poor health for the most part of that time. A few weeks ago, realizing that the end was approaching, the children who are all young, were sent to visit relatives in Vernon, Edmonton, and Ontario, and they are still away. Deep sympathy is expressed on all sides with the bereaved husband in his great loss. Mr. McKenzie is a brother of G. S. McKenzie, of the McKenzie Co., Ltd., and is secretary of the Kelowna Hospital.

Deceased, whose maiden name was Edith E. Hawthorne, was born in Milton, Ont., in 1878, moving in early life to Rapid City, Man., where her parents both died. She was married to Mr. A. P. McKenzie in Phoenix, B. C., in 1902. One of her brothers is in England with the Canadian forces; others are in Toronto, Miniota, Man., Alberta, and San Diego, Cal., respectively, the five being now the only surviving members of a family of fourteen of which deceased was the youngest.

Mr. Percy Harding came in today for a few days visit from Nelson.

Church of England service is to be held Sunday next at St. Andrews, Okanagan Mission.

At Knox Church Sunday next in the morning there will be a children's rally and in the evening a special musical service.

Two British airmen have been rescued by a destroyer from their wrecked machine to which they had been clinging for five days and five nights, with a piece of chocolate as their only food.

The Poultry Association is to form itself into a joint stock company for the cooperative purchase of poultry supplies, flour, feed, and household supplies generally, if the recommendation of a recent directors' meeting is accepted. The proposed capital is placed at $3000.

The government, it is stated, has finally decided upon the question of maximum and minimum ages of those who will be called upon to register for conscription. The ages are between 20 and 45. It is stated that ten classes are specified in the bill.

For reasons which navy yard and customs officials refused to reveal, the port of New York was for a good part of Friday afternaon closed to all shipping by the closing of the gate in the steel net closing the harbor, which was placed in position soon after the severance of diplomatic relations with Germany.

Hon. J. Oliver Will Speak at Convention

Revised List of Speakers For Dairymen's Convention

The Hon. John Oliver, Minister of Agriculture, is to speak at the forthcoming convention of the B.C. Dairymen's Association, to be held in Kelowna the 22nd and 23rd of this month. Though railways and railroad matters are at present absorbing a large part of the hon. minister's attention, it must not be forgotten that he is a practical agriculturist of many years' experience in the province, and in addition he will no doubt have much to say regarding the government's plans to encourage and assist the farming industry. The deputy minister, Mr. W. E. Scott, will also be present, Dr. S. F. Tolmie, the B.C. representative of the Dominion Live Stock Branch, W. T. McDonald, provincial live stock commissioner, Prof. L. Stevenson, superintendent of the Dominion Experimental Farm at Sidney, Vancouver Island, Prof. J A. McLean, animal husbandry department, and Prof. P. A. Boving, of the field husbandry department, University of B.C.

In addition to these well known agricultural experts there will be the president of the B.C. Dairymen's Association, vice-president, secretery and other officers.

The full detailed programme will be available in the course of a few days.

Hospital Egg Day

The Kelowna Poultry Association has decided to hold a "Hospital Egg Day" on Saturday, June 16, when contributions of eggs will be received for the Kelowna Hospital. Farmers and poultry keepers generally are asked to bring in eggs, in large or small quantities, and leave them at the boot repairing store of Mr. C. S. Dark.

Rutland News

(From our own correspondent).

Quite a lot of spraying has been done in the district recently.

An ice cream social is to be held at St. Andrew's Presbyterian church Rutland, on Thursday, June 28th, when ice cream, strawberries, tea, cake and candy will be on sale. A programme will be rendered.

The Girls Enterprise Club met at the house of Mrs. S. Elliot on Tuesday evening. There was a good attendance and final arrangements were made for the ice cream social which will be held on the lawn at the schoolhouse on Friday evening, June 8th.

The service held at the home of Mr. and Mrs. Wilson last Sunday was well attended thirty-four people being present. Many friends came out from Kelowna. It is expected that the arrangement will be repeated at a future date.

The Young People's Society of the Methodist church held a meeting last Friday evening when Mr. Gorman, a returned soldier, was to have given a talk on the war, but unfortunately he was unable to attend. The evening was spent in singing patriotic songs and an impromptu debate on Prohibition. It is hoped that Mr. Gorman's address can be arranged for at a later date and further announcements will be made accordingly.

The Rutland Womans' Institute will hold their meeting in the school house on Thursday June 14 at 3 o'clock. Red Cross afternoon tea will be served at moderate prices by Mrs. A. Cross; proceeds for our Red Cross Material Fund. Members are requested to bring in on or before this date any socks or other Red Cross work they have finished. Visitors welcome.

Mr J. H. Turner, for several years agent-general for British Columbia in London and who was superseded last year in favour of Sir Richard McBride, is once more in charge of his old office. He officially took over the direction of affairs in accordance with a request from Premier Brewster.

Seeking Fruit Markets In Orient

The decision of the United States department of agriculture to send a special commissioner to Japan, China' Australia, the Philippines and Siberia for the purpose of seeking new markets in those countries for the fruit crops of the Northwestern States, has aroused considerable interest among Okanagan orchardists, who are faced with the same poor outlook as their American competitors, owing to the British embargo against North American apples.

Transpacific markets as possible outlets for the surplus output of British Columbia orchards have received comparatively little attention in the past except Australia and New Zealand. with which a satisfactory trade is being developed. As far as known the first practical effort to sell British Columbia apples in the Orient was made last year when the B. C. Growers Limited of Kelowna shipped a carload to China.

Fruit growers of the Okanagan Valley are discussing the possibility of the Dominion Government appointing a trade commissioner to look into the possibilities of the markets. Quick action would be necessary to ensure success in the face of the strong competition which United States fruit will undoubtedly provide. It has been suggested that this matter be taken up with the Ottawa authorities by Messrs. Barnes and Palmer of the B. C. Fruit Growers' Association while on their visit to the capital in the effort to secure an embargo against import of United States apples into Canada.

News of Near Neighbours

The Summerland Hospital Society has recently received a grant from the provincial government toward the cost of finishing the upper floor. The society now hopes to be able to have these additional rooms ready for use at an early date.

Principal Thos. Rankine of the Armstrong public school, who a year ago was given leave of absence to enlist in the University Battalion, has died of wounds received at Vimy Ridge.

The tabulating of the names of applicants for inclusion on the voters' list has been completed at the registrar's office at Vernon. It is evident from the results that a large proportion of the women of the districts of both South and North Okanagan have availed themselves of their first opportunity to become voters as the additions to the lists are almost entirely names of women. In South Okanagan 970 new names were added bringing the total up to 2,855. In North Okanagan there were added 1,398 names, making the total voting strength of that constituency 4,844.

1 Flora Sewell
2 Doris McKinley
3 Kate Avender.

Advantage of Keeping Dairy Records

One remarkably satisfactory result of keeping simple dairy records, yields of milk and cost of food, is the knowledge gained that cows of good dairy type do repay the cost of extra feed.

One example may be given. Not far from St. Hyacinthe, Quebec, one hundred cows produced 104,854 pounds of milk more during 1916 than one hundred did in 1915. The 1915 records showed that ten were not paying so they were beefed, and again in 1916 eleven were sent to the block, being replaced by better milkers. Better feeding contributed largely to the above noted big increase in milk yield: more corn was fed, more clover and a little higher meal ration.

The value of the extra feed was $605.00; this produced more milk to the value of $1,677.66, so that the extra clear return was $1,072.66, and the cows were in much better condition.

Dairy records help to select good cows and to ensure larger profit. Write the Dairy Commissioner., Ottawa, for free milk and feed record form.

A hen owned by a New Westminster man has laid an egg weighing 6 3-4 ounces, a record weight in hens' eggs for that district.

Rowland E. Prothero, president of the British Board of Agriculture, in an address said that under a plan devised by the government, the success of which he believed to be assured, Great Britain would grow sufficient wheat in 1918 for all the needs of the population, with a liberal supply left over for the livestock.

Thursday was the anniversary of the battle of Jutland, the most considerable naval fight of the war. In memory of those who fell on that occasion, services were held in London, largely attended by officials and by officers and men of navy.

Premier Brewster is to assume the position of acting commissioner of fisheries during the absence of the attorney-general, and it is announced that in view of the fact that the new attorney-general will also be the minister of labor, the Premier may retain the commissionership, being a practical man in that department.

Westbank News

(From our own correspondent).

Mr. and Mrs. J. Faulkner have returned to the Dundas ranch and are busy spraying, &c.

Miss Grace Lake and Ben were the guests of Mrs. L. Hitchner, of Glencoe, for the week-end.

Miss Geraldine Campbell was a visitor to Glenrosa this week as the guest of Mrs. Greive Elliott.

The C.P.R. engineers are at Gellatly surveying a site for a carslip near Gellatly wharf.

Mr. and Mrs. Henry Drought and Mrs. Clarke were visitors to Westbank this week.

Mr. J. W. Jones and T. McAlpine, road superintendent, were the guests of Mr. D. E. Gellatly on Friday evening.

Mr. Weeks came up from Penticton Friday and took his daughter Miss F. E. Weeks back with him to stay till Monday.

Mr. Bughman, of Penticton, is on his ranch again here doing a little irrigating and a lot of spraying and cultivating.

The alfalfa crop is ready for the first cutting and is rapidly being turned into hay. This should have a tendency to bring the price of hay down a little.

Miss Weeks was down to her home in Penticton for the week-end going by auto Friday night and back by boat Monday.

Mr. Washington Brown had a serious loss on Saturday. One of his cows had either eaten or drunken something that did not agree with it for it suddenly expired.

Mr. A. W. Joslyn during the discussion on Friday stated he shipped 250 boxes by express last year but by the look of his orchard it will have to be by the car his year.

Miss Clarke, Red Cross secretary, reports sending 25 pairs of socks to the Kelowna branch of the society on May 26th. Some folks can spin a yarn while others knit it!

Mr. H. Hirosawa is having quite a time with his Seragatum flume. It broke down in about one of the worst places washing out tons of earth and will now have to be carried on high trestles over the excavation it made.

The following were visitors to Kelowna this week: Mrs. Linstrom and daughter, Mr. and Mrs. Stribling and daughter, Mr. and Mrs. Blackwood, Mr. and Mrs. Alec. Nicol, Mr. and Mrs. A. W. Joslyn, Mr. and Mrs. Gore and Willie, and Mr. J. H. Campbell.

On Friday evening quite a few people were at the wharf to meet the member for South Okanagan—but, what caused more surprise, was a man in khaki by the side of him who had been up to Vernon this week and enlisted in C.M.R.'s, and was returning to put his house and things in order. It was Billy Ball and always will be Billy Ball! It was Billy while he collected for Red Cross, Patriotic and Y.M.C.A. He has worked hard for the boys who have preceded him, now he goes to join them. Billy, we hope to give you a welcome home again: adieu.

Mr. J. W. Jones, M.L.A., came over by Friday's boat to address a meeting on the subject of boat and car service. As Mr. Jones said he was not fully acquainted with what we had done the chairman called on Mr. Russell to explain to him what had taken place already in respect to the meeting of Mr. McNab, &c., which he fully explained to Mr. Jones who then addressed the meeting and seemed to be in favor of, at present, the enlargement of the wharf with a storehouse in the centre so that it would be possible to drive around it, but he believed that if a carslip was put in some of the packing firms in Kelowna would build packing houses beside it.

After the meeting had thoroughly discussed the subject with him and Mr. McAlpine, a delegation was appointed to meet Mr. Stuart the engineer, and explain to him just what was wanted, and further to make an application to the Dominion Government for the right to build a carslip on the lake shore. The delegates were Messrs. Russell, Blackwood, Last and Lake.

A hearty vote of thanks was accorded to Mr. Jones for his visit coupled with what he had done in regard to the boat service brought the meeting to a close.

Increasing Okanagan Fruit Production

Fruit Production of Province Increases 150 per cent. in Four Years

In four years the fruit production of the province has increased by 150 per cent., according to returns recently prepared by Statistician Tweedale of the provincial department of agriculture, the increase being from 1290 cars in 1913, to 3178 last year. The estimation for the coming season is 4,000 cars.

By virture of its heavy production the Okanagan and Boundary district leads the province, having produced last year, according to the records, over 2,500 cars of the total of nearly 3,200. The balance of about 700 cars was distributed through the remaining fruit areas of British Columbia. The Okanagan and Boundary districts are placed together in the department tables, but of the total represented by the two sections the Okanagan contributes about 90 per cent. and the Boundary about 10 per cent.

In small fruits the Lower Mainland is the banner producing district with 89 cars out of 190 for the whole province last year. The Islands, including Vancouver and the Gulf Islands produced nearly 50 cars, and the Kootenays 37.

In tree fruits alone the Okanagan and Boundary are long way ahead of the other districts, with 2540 cars out of a total of 2989 for the whole province. That district, therefore, grew last year about five-sixths of the tree fruits of British Columbia. The Islands produced 162 cars, the Kootenays 132, and the Lower Mainland 110. The Thompson watershed 44 cars.

Production Figures

In the production figures given below are included the fruit shipped, the fruit going into canneries and some local sales. In addition to the totals given there is, of course, a quantity of fruit consumed on the farms of the fruitgrowers themselves. The figures are:

Apples—1913, including crabs, 847 cars; 1914, including crabs, 1141 cars; 1915 not including crabs, 1529 cars; 1916 2312 cars, comprising is ands 125, Lower Mainland 57, Thompson watershed 43, Kootenays 110, and Okanagan and Boundary 1,977 cars.

Crab apples—1915, 109 cars; 1916, 183 cars, comprising Kootenays 2 cars, Okanagan 181.

Pears—1913, 25 cars; 1914, 48; 1915, 71; 1916, 78, comprising Islands, 14 cars, Lower Mainland 14, Thompson watershed 1, Kootenays 4, Okanagan 45.

Peaches—1913, 120 cars; 1914, 113; 1915, 142; 1916, 109, comprising Kootenays 1 car, Okanagan 108.

Plums and prunes—1913, 139 cars; 1914, 200 cars; 1915, 238; 1916, 249, comprising Islands 16, Lower Mainland 39, Thompson watershed half car, Kootenays 10, Okanagan 184.

Apricots—1913, 15 cars; 1914, 41; 1915, 67; 1916, 23, comprising Kootenays one-tenth car, Okanagan 22.09 cars.

Cherries—1913, 16 cars; 1914, 32; 1915, 36; 1916, 34, comprising Islands 7 cars, Lower Mainland 1, Kootenays 4 Okanagan 22.

Total tree fruits—1913, 1162.5 cars; 1914, 1575.3 cars; 1915, 2194.3 cars; 1916, 2988.9 cars, comprising Islands 162 cars, Lower Mainland 111, Thompson watershed 44, Kootenays 132, Okanagan and Boundary 2450 cars.

Carloads of Berries

Strawberries—1913, 66 cars; 1914 136; 1915, 92; 1916, 103, comprising Islands, 38, Lower Mainland 30, Thompson watershed half car, Kootenays 29 cars, Okanagan 6.

Raspberries—1913, 44 cars; 1914 37; 1915, 46; 1916, 53, comprising Islands one car, Lower Mainland 39, Kootenays 6, Okanagan and Boundary 7.

Loganberries—1914, 2 cars; 1915 3; 1916, 5, principally from Islands and Lower Mainland.

Bush fruits—1913, 4½ cars; 1914, 12; 1915, 13; 1916, 16, comprising Islands 4, Lower Mainland 7, Okanagan 3, Kootenay 2.

Total small fruits—1913, 128 cars; 1914, 199 cars; 1915, 166; 1916, 190; comprising Islands 47, Lower Mainland 89, Thompson watershed half car, Kootenays 37, Okanagan and Boundary 16.

The total fruits of the province run year by year as follows:—

1913—Islands 66 cars, Lower Mainland 96½, Thompson watershed 70, Kootenays 102, Okanagan and Boundary 956. Total 1290.

1914—Islands 112, Lower Mainland 173, Thompson watershed 39, Kootenays 156, Okanagan and Boundary 1304. Total 1774.

1915—Islands 109 cars, Lower Mainland 173, Thompson watershed 39, Kootenays 156, Okanagan and Boundary 1883½. Total 2360 cars.

1916—Islands 209, Lower Mainland 200, Thompson watershed 44, Kootenays 169; Okanagan and Boundary 2556 cars. Total 3178 cars.

Movie Masterpiece to Be Shown Wednesday

"Intolerance," D. W. Griffith's latest masterpiece will be the attraction at the Kelowna Theatre on Wednesday June 13th.

Never within the memory of the atregoers has anything approaching the splendor and magnificence of this attraction been presented on the American stage. Nothing short of a master mind could conceive the story and produce it as Griffith has done Those who have been of the opinion that Griffith had reached the limit in his production of "The Birth of a Nation," simply gasp at the magnitude and splendor of "Intolerance." As one New York critic said: "The Birth of a Nation" is to "Intolerance" what the old one-reeler is to the feature of to-day."

The musical score is interpreted by a large symphony orchestra carried by the company and many realistic effects add greatly to the enjoyment of the attraction.

Patrons are earnestly requested to buy their seats early and so avoid standing in line and possibly missing the impressive opening scenes.

Saskatchewan elections to the Legislature are to be held June 27.

The government has granted $10,000 towards rebuilding the Salmon Arm school lately destroyed by fire.

A delegation from Vancovuer is at present in Ottawa seeking to bring about the nationalization of the harbour of Vancouver. The suggestion is made that the port of Vancouver should be administered along the lines of Montreal, which borrows money for development from the Dominion Government at a low rate of interest.

Women's boots are to be lower this summer but this has no reference to prices. It is announced that the British government proposes to economise leather by prohibiting the manufacture of boots exceeding seven inches in height. Trade journals say manufacturers will gladly com ·ly, though hoping they will be permitted to make tall boots with tops of other material than leather. This permission is not likely to be given. Fabrics appropriate for such uses also are scarce.

AUCTIONEER

I have had over 21 years' experience in the Auctioneering business, particularly in the line of Cattle, Farm Implements and Household Furniture; and this experience is at your disposal. It means better results from your auction sales. Anyone wishing to arrange for an Auction Sale should see or write

The Ford Is Economical

THE average man can easily afford a Ford car. It is the most inexpensive car to drive.

20 to 25 miles on a gallon of gasoline is an every-day occurence. 33 miles is frequently reported by Ford owners. Yearly repair expenses of less than one dollar are not unusual. The car is light in weight, and tires give more mileage on a Ford than on any other car.

You can buy a Ford for yourself and one for your wife for the price of one car at $1000. You can run both Fords at about the same expense as for one large, heavier car.

You can always sell a 'used' Ford at a good price. You have to accept a big reduction for a "used" larger car.

Go and take a ride in the 1917 model. See how comfortable it is. And stylish, too—stream line effect, tapered hood, crown fenders, beautiful finish. You need one for business. Your wife and children need one for pleasure and health.

Pictures Every Tuesday, Thursday and Saturday

Printed Butter Wrappers

According to the new Dominion Government regulations all farmers who sell butter either to the stores or privately, are required to have it properly covered in a wrapper on which MUST appear in prominent letters the words "DAIRY BUTTER." The fact is also emphasized that all butter in such packages must be of the full net weight of sixteen ounces, and in default of same a fine of from $10 to $30 for each offence is imposed. Whey butter must be so labelled even when mixed with dairy butter, and dairy butter retains its label though it be mixed with the creamery product.

You can be supplied with neatly - printed wrappers for your butter at the Kelowna Record Office, for the following prices:

100	PAPER & PRINTING INCLUDED	$1.50
200	" "	2.00
500	" "	3.15
1000	" "	4.50

These prices include Both the Paper, which is the best obtainable for the purpose, and the Printing of same. Please note this.

Owing to the extraordinary rise in the price of butter parchment (which has gone up over 100 per cent) we have been reluctantly obliged to raise our prices slightly. Nearly all this paper was previously manufactured in Belgium, and needless to say this supply has been entirely cut off. Unfortunately there is no guarantee against further increases, indeed, they are more than likely.

TOWN AND COUNTRY NOTES

G. H. Mohr district fire warden was in town this week.

Mr. D. Leckie returned Saturday from a trip east.

Mrs. J. Macdonald of Vancouver, is the guest this week of Mrs. G. Barrat, Glen Avenue.

The Occidental Fruit Co. have just received settlement through Messrs. Burne &Weddell of their claim in the action against G. Vipond & Co., of Winnipeg.

The junior lodge of the I.O.G.T. is to attend the Baptist church on Sunday evening next in a body, and will parade from the lodge room on Richter street. Visitors will be welcomed.

The Rev. J. Knox Wright, D.D. was a visitor in town this week soliciting subscriptions for the Canadian Bible Society, of which he is district secretary. He occupied the pulpit in Knox church on Sunday evening.

The Occidental Fruit Co. have rented the packing house at Okanagan Mission and will operate it this season. They have also just completed the erection of a packing house at Penticton.

The Women's Missionary Society of Knox church will hold a sale of home cooking on Saturday June 16th in the store next to Crofts Boot shop, from 2 o'clock until 6 o'clock.

Friends of Mrs. Swayne and her sister Mrs. Hamilton, will regret to will regret to learn that the latter has recently been bereaved of her husband at Calgary. Mrs. Hamilton has spent considerable time in Kelowna, and was well-known to many. Mr. and Mrs. Swayne are at present on a visit to Calgary.

We have been asked to state in connection with the Boys' and Girls' Club, that Professor W. T. McDonald, superintendent of Boys' and Girls' Clubs has arranged to be in Kelowna on Friday June 22nd and has promised to give a talk to boys and girls on the evening of that day. The list of extra club competitions is being dra n up and one of the most interesting is for collections of weeds, mounted. This competition is mentioned now as many weeds must be gathered now before they are out of flower.

An illustrated lecture on South Africa was given in the Knox church Monday evening by Dr. J. Knox Wright, in the interests of the Canadian Bible Society. Some fine views of the Victoria Falls and Rainbow Island, the diamond mines at Kimberly, the gold mines on the Witwatersrand, and Cape Town were thrown on the screen, together with some pathetic pictures illustrating the conditions prevailing among the natives at some of the mission stations Interesting slides were those showing different languages into which the Bible has been translated.

Miss Jean Kincaid returned from the coast Saturday.

Miss D. Evans returned from Normal School Monday.

Mrs. S. V. Bray will not receive again formally.

Eugene Neumeyer left for Victoria Friday morning to enlist in the C.A.M.C.

Miss Morgan, who has been at the Palace hotel for some months, left this week for Bear Creek where she will reside with relatives.

A baseball team from Peachland are coming up to-day and will meet a Kelowna team in the City Park.

The Occidental Fruit Co. are again operating the tomato cannery at Okanagan Centre, and are looking forward to an extensive pack. They have also made arrangements for a fruit packing shed at the same place.

The Orchard City Evaporator of which Mr. W. B. M. Calder is the manager, is having a large extension built to its premises for storage and warehouse purposes. Owing to greater strictness as to the puality of apples which will be shipped out this year it is anticipated that there will be a much larger amount available for evaporating purposes.

The Kelowna Rebekah and Oddfellows' Lodges are holding a picnic down the lake Thursday June 28th. A hearty invitation is extended to all members their families also visiting brothers and sisters. Will the ladies please bring their baskets. Kindly be at the Ferry wharf at 12.30 p.m. punctual.

On Friday morning June 8th Miss Buchanan will begin her sale of summer millinery There are a few hats of best style and quality still in stock, and first buyers will get the choice. Prices will certainly please you, because all goods must be sold. Flowers, ornaments, ribbons—everything reduced.

Okanagan Ambulance League

The Okanagan Ambulance League report for May shown receipts to the amount of $44.40, which together with a balance of $109.35 from April made $153.75; the expenses for the month were $131.13, leaving a balance in hand of $22.62.

The following articles, worth $501.05 have been sent to headquarters:

One hundred and seventy four pairs of socks, 39 shirts and 35 ties, 82 pyjamas, 3 odd coats, 36 vermin proof suits, 12 hot bottle covers, 3 safety razors and strop and 80 bandages.

We wish to thank the following for donations:

Okanagan Mission for 10 day shirts, 16 suits of pyjamas, 13 hot bottle covers, 79 various bandages, 20 pairs of socks. Benvoulin 10 suits of pyjamas and 3 pairs of socks. Miss Story one pair of socks, Mrs. Taylor a bundle of old linen and an unknown donater for the razors and strop.

Mr. and Mrs. Harvey Celebrate Golden Wedding

Mr. and Mrs. Jas. Harvey were recipients, Tuesday, of many congratulations on the occasion of their golden wedding, they having been married in Ontario that day fifty years ago. The day was made the occasion of an interesting family reunion, and all the eight children were present except Jack, who is away at Kingston, and unable to get here. Two daughters and a son had travelled from Indian Head in order to be present on the memorable occasion, Mrs. W. J. Harrop, Mrs. Geo. Lang (who was accompanied by her own daughter), and Mr. G. C. Harvey who was accompanied by his wife. Those residing in Kelowna were Misses Molly and Peggy Harvey, Lieut. C. Harvey and Mr. Jas. Harvey, jr. It was a happy feature of the celebration to reflect that during all the years there had been no break in the family, and that all were alive and well.

A present from the children to their parents was a purse of gold, while many other tokens of respect and esteem and congratulations telegrams were received from friends both here and in the Indian Head district, where the family resided for many year. Mr. and Mrs. Harvey have been resident in Kelowna since 1906.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for the lease must be made by the applicant in person to the Agent or Sub-agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorised publication of this advertisement will not be paid for.

War Tends to Increase B.C. Fur Industry

The fur crop of the province for this year is expected to exceed $1,500,000, the reports received so far having been even more encouraging than last year when the fur exportations touched the $1,500,000 mark.

The advance in automobiling as a pastime is said to be one of the causes for the heavy demand for furs, though the war has made a demand for the cheaper warm furs as linings for winter coats. At the other end of the scale, the war profiteers have become buyers of expensive furs, so that for all kinds of furs, from coyote skins to the expensive foxes, there is a good demand at high prices.

Game Warden Williams, who has taken a great interest in the growth of the fur catch in the province, is of the opinion that there are too many unprimed fox and beaver furs finding their way to the market, and that it would be better not to start trapping each season till the animals are in their prime. In view of the diminution of the world's fur supplies, the possibilities of making the fur industry of British Columbia a very great industry are of moment, as there is not an acre in the province that is not capable of sustaining fur-bearing animals of some sort.

As a result of the six years close season for beaver these animals have been restored in many districts and afforded heavy trapping last year. In the Southern Okanagan Valley the close season is being continued owing to the good work the animals do in irrigating the land through damming up the pools and streams.

There are twenty fox-breeding farms in the province, with about 200 foxes in captivity for breeding purposes.

The Corporation of the City of Kelowna

TENDERS FOR HAULING GRAVEL

Tenders will be received by the undersigned, up to 10 a. m. on Monday, 11th June, for hauling one thousand cubic yards of gravel (more or less) from Cameron's pit. The said gravel to be delivered on Pendozi Street, between the City Limits and Bernard Avenue, as and where directed by the Public Works Committee of the Municipal Council.

The lowest or any tender not necessarily accepted.

G. H. DUNN,
City Clerk.

Kelowna, B. C.,

Orders for Local Scouts

Kelowna Troop
Troop First; Self Last

Edited by Pioneer. June 6th, 1917

Orders by Command for week ending June 16th, 1917.

Orderly Parade for week: Wolves; next for duty, Otters.

Parades—The combined troop will parade at the Club-room on Wednesday, the 13th inst., at 7.15 p.m., and on Saturday, the 16th inst., at 2.30 p.m.

* * *

As a Troop we do not have much opportunity in Kelowna of doing any war service work and so obtaining the special badges given for this work. Any work given to societies in connection with the war, such as the Red Cross, counts as work in this connection. A Scout is entitled to the War Service Badge for 84 hours of work. We have offered our services to the local company of Foresters to be recruited in Kelowna, in whatever way we might be able to give them any assistance, and we are glad that we are being given the opportunity of looking after their bugle calls for them. We have only one bugle in the Troop at present, but it is proposed to buy another, and if we could only get enough of you interested, we would be able to start a bugle band.

* * *

Another Boy Scout has brought has brought credit and fame to Boy Scouts the world over by his recent heroism in the battle you have all been reading about lately between two British and six German destroyers in the English Channel. This is Midshipman Donald A. Giles. While badly wounded himself over the eye, he met single-handed with an automatic revolver, a rush of frenzied Germans from one of their destroyers who had boarded his ship, H. M. S. "Broke," after being rammed by the British boat. He held them at bay until he received help. This was certainly a sea fight after the style of the good old days we have all read about. Midshipman Giles is nineteen years old, and when a Scout was a member of the First Muswell Hill Company, London, England. He was one of the first boys to join this troop when it was formed eight or nine years ago, and was a keen and enthusiastic Scout. He began his sea career with the White Star Line as a cadet on the training ship "Mersey." In his second year at sea he was nominated to the Navy for a year's training, and had just been posted to a battleship when the war broke out. Since then he has been on active service and has had plenty of adventures. He was nineteen months in the Mediterranean, and was all through the Dardanelles campaign, in which he did good work. At the landing of the Australians at Gaba Tepe he was wounded twice, but not seriously. He is now in a hospital in England recovering from the wound he received in the last fight. In John Travers Cornwell and MidshipmanGiles we have two boy heroes who will go down to all history as such. We have taken the above particulars from the Headquarters Gazette for May.

* * *

The report that Scout Master Pitman of the Naramata Troop had lost his arm has turned out to be incorrect. He has lost the use of his left hand, but possibly in time it may be all right again. He is having it treated at the present time in Ramsgate Convalescent home. We are sorry to hear that the Naramata Troop has temporarily disbanded owing to lack of officers, but hope that it will soon be flourishing again.

* * *

Mrs. Whitehead has given us some particulars which she received in a letter from her husband of our first Scout Master, Mr. Leggatt. In his letter Mr. Whitehead writes:—"This afternoon Whillis and I cycled into a neighboring town and on our way called at a place where Leggatt's squadron used to be to make enquiries. Well, you will all be glad to learn that he is not dead, but a prisoner in Germany. It seems he was attacked 6000 feet up, and made a nose dive, but just managed to flatten out before he struck. They showed me the tail of a Bosche aeroplane stuck out over the orderly room door with the black cross on it. It was the one belonging to the plane he brought down and for which he got the M. C. It was a delightful surprise. I saw Leggatt's brother on Monday and had a long talk with him. He told me Wilmer was attacked by two Bosche machines, and driven down in their lines. He nose dived to escape them from 3000 feet, and was fortunate enough to flatten out just before he neared the earth, and so secured a good landing. He was seen to walk away between two other men. It was three weeks after before they knew he was a prisoner. He was put in solitary confinement for a week because he was out after 'sausage balloons" and had bombs on board. He is a prisoner at Osnabruck, Germany.

Many tons of bombs have been dropped by British aircraft on the Belgian towns of Ostend and Zeebrugge, the war department announces.

The Alberta government has decided to insist that no fuel be shipped out of the province until all industries and citizens are equipped for the winter. British Columbia, Saskatchewan, and Manitoba can not hope to secure western coal from these mines this fall.

From information received by the education department it is apparent that comparatively few school boards throughout the province are favorably considering the offer of the department to allow the closing of schools so that pupils might assist in harvesting the 1917 fruit crop. The department offered to agree to the closing of schools in fruit-growing districts for a period of five weeks if seventy-five per cent. of the scholars would pick fruit, with the consent of theirp arents. Up to the present most of the school boards have reached the conclusion that the plan is not feasible.
