Public Meeting Decides to Launch Co-operative Association

Contemplates Purchase of the McKenzie Co.'s Store

There was a large attendance on Tuesday evening at the G.W.V.A. rooms to hear the details of the proposal to start a co-operative association in Kelowna and upon which a joint committee of the Veterans and United Farmers had been at work securing information for some time. This committee presented its report, the bye-laws suggested having been adapted from other successful organizations which had been started at Vernon, Penticton and Salmon Arm.

The proposal was to purchase the business of the McKenzie Co., the capital to be raised by the issue to the public of shares to the value of \$20 each, half of which may be paid in three months.

There was considerable discussion upon the details of the scheme but there was general agreement upon the principle that a co-operative store would go a long way to reduce the high cost of living. Particular stress was laid upon the necessity for running a cash business in order to eliminate the losses and expenses of credit. Delivery charges, which were often absurdly high on small purchases, would have to be cut down to a minimum. As an instance of the latter one speaker pointed out that only recently through some misunderstandings, it had cost 60c to deliver a 35c length of stove-pipe.

It was stated that the following had consented to act as provisional directors during the formation of the company: Mayor Sutherland Messrs. J. F. Burne, C. E. Weeks, J. N. Thompson, A. A. Ballard, E. Weddell and Lt.-Col. Belson. This board will now proceed to draw up a prospectus, invite subscriptions, and advertise for a manager.

After the meeting about 40 members of the audience put their names down for shares and many others have since expressed their willingness to do so.

High School Notes

By Special Correspondent.

At the last meeting of the Literary Society of the High School, it was decided to put a small piece in the local papers, telling some of the daily "doings" at the High School. This is the first number.

One notable event last week was that a certain pupil of low standing (meaning height) in the Advanced class, condescended to visit the High School. Yet pressing business seems to have taken him away again, for we have scarcely had a glimpse of his cherub-like countenance since.

The Matric. class is attempting to get the following into their cereulean domes this week:—

"There are meters lambic, And meters Trochaic, And meters in musical tone; But the meter that's neater, Completer and sweeter Is to meet her by moonlight alone."

It is rather pleasant these days at recess to see the boys of the High School playing—leapfrog! So entertaining and instructive!

I wonder if all the pupils know that there is a toy for them to play with in the school—a jumping-jack. We missed his last act during Algebra the other day, and he was too shy to do it again. He rather resembled a "jazz baby." Is that enough description? (With apologies to the jumping-jack.)

TENDERS FOR POLES

Tenders will be received by the undersigned up till 21st inst., covering the supply of Cedar Poles, sizes 25, 30 and 35 feet; 6, 7 and 8-inch-tops respectively. Prices to be quoted carload lots, f.o.b. cars, Sicombe branch C.P.R., or delivered to yards, Vernon, Kelowna or Penticton. Lowest or any tender not necessarily accepted.

OKANAGAN TELEPHONE CO., E. B. Godfrey, Superintendent

Local Member Urges on Legislature Importance of Irrigation Question

Mr. Jones Fires First Gun before House on Oriental Question - Debate on Address Furnishes Opportunity for Vigorous Speech on Many Matters Vital to Province

The Oriental question and the expansion of the government's irrigation policy were the outstanding features in a long address delivered in the legislature Monday afternoon by J. W. Jones, conservative member for South Okanagan. The speech covered a multiplicity of topics and reviewed in general some of the more vital issues being grappled with to-day in British Columbia.

"Has taxation been equitably distributed?" was a question asked by the member for South Okanagan. Another was: "Has the provincial debt been kept within bounds?" This he answered by stating that the debt of British Columbia had increased since the present government came into office from \$16,176,000 to over \$35,000,000.

Mr. Jones proceeded to a review of the irrigation question, particularly as affecting the Okanagan valley. He was glad to see, he said, that the government was alive to the importance of this question, and while the system in vogue was anything but entirely satisfactory, still, he felt the government was doing good work in pressing irrigation matters. He told of the serious situation arising through the lack of water in the storage reservoirs in the Kelowna, Naramata and Penticton districts. In one instance the stored water disappeared through the failure of a dam on May 1. In other places the water was exhausted by August 1. He understood engineers were still giving their attention to the solution of these problems, but he wished to bring home to the government the striking urgency of the situation.

The speaker was puzzled over the doubling of the estimate placed by the minister of lands upon the Osoyoos reclamation project, stating that this work was originally planned to cost \$750,000, while recently Mr. Pattullo had placed the estimate at \$1,500,000. He referred to a recent "venture" of the minister in the Okanagan country, where he said Mr. Pattullo was operating a small ranch, planting trees in the fall rather than in the spring, the customary time for starting the seedlings. He wondered what the idea was. Perhaps Mr. Pattullo intended to grow dried apples!

Before leaving the irrigation question, Mr. Jones strongly advocated government ownership of storage reservoirs.

He next dealt with railway matters, complimenting Premier Oliver minister of railways, upon the apparent success being met with in the operation of that department. He thought Mr. Oliver had surely missed his calling. He would have made a good railway contractor, said the member for South Okanagan. He did regret, he said, the deplorable delay in the completion of the Kamloops-Kelowna branch of the Canadian National Railway. It had been hoped to have this line completed before the end of the present year, but it now looked as though it would be two or three years before the line would be finished. Mr. Jones urged speed in this regard.

He next commented upon the question of roads, stating that the roads of British Columbia resembled irrigation ditches in many instances and were in a hopeless situation. He quoted figures of estimates for road building in the United States, saying that California had voted \$40,000,000 for this work; Oregon \$12,000,000; and Washington \$50,000,000. The area of the three states was less than that of British Columbia while the population was less than six times as great.

"If we did as well as those states according to population," said Mr. Jones, "we would spend upon our roads not less than \$15,000,000. The Department should waken up and give us better roads to the coast. The interior is not linked up with the coast and great inconveniences are suffered as a result."

The speaker contended that the roads appropriation was altogether too small.

Another road question touched upon by the member for South Okanagan was the question of the commencement of work upon the National Highway.

"Agricultural development is by far the most important task we have before us in British Columbia," said Mr. Jones, in reviewing rural development. He spoke of the immense area of the province, the acreage being 255,190,400, with nearly 29,000,000 acres considered suitable for agriculture and only 513,000 acres under cultivation.

"What is the Department of Agriculture doing to advertise our great resources?" was his query. The hon. Mr. Barrow has been likened to the great Lincoln so many times, and there is a physical resemblance. It is to be hoped that he shows himself like Lincoln in ability. The interior thinks he is asleep.

The speaker regretted the fact that half of the foodstuffs of the province had to be imported, and pointed out to the House that very little effort would be necessary to speed up production to the point where British Columbia could be self-supporting in this regard. He reminded the Minister of Agriculture that every farmer placed upon the land meant a warranted increase in population of eleven persons.

He touched briefly upon what he called mismanagement in connection with lands at Camps Merville and Lister, and passed on to a discussion of the new soldier settlement at Kelowna, where the Christian ranch had been purchased and subdivided. Mr. Jones had considerable criticism to offer in this connection. First of all, he wished to know why F. R. E. DeHart, a former director of the Land Settlement Board, had been dismissed. He also wished to know why a profit of \$9,000 had been paid in the purchase of this property, stating that a Mr. Morrison, president of the Liberal Association at Rutland, was the man who profited through the government's purchase of this property. Mr. Jones went into the history of the purchase of this farm, which, he said, contained 449 acres, and which cost Mr. Morrison \$24,000 and the Land Settlement Board \$35,000. After an investigation, he continued, the director referred to was called to Victoria and later dismissed. Mr. Jones wondered if the director, a friend of the government, was sacrificed to save the ministers of the government. He also wondered why one director only was fired, when two, Messrs. DeHart and Ward, had made the inspection and recommendation.

Mr. Jones said the land of the Christian ranch was good and that with water it would prove splendid for agricultural purposes. Unfortunately, though, he maintained a proper investigation had not been made with regard to water, and later it was discovered that no water could be secured. The springs which should naturally irrigate the land could not be utilized through prior rights having been secured. The speaker said the result had been that the entire summer had passed without allotments being made to the returned men who had worked upon the land. He charged mismanagement all the way through, saying that while one contractor had offered to clear the land for \$60 per acre, the cost had already run over \$100 per acre. He also claimed the sale of the cordwood on the land would have paid the expenses of clearing. Over 5,000 cords of this had been burned.

Hon. Mr. Barrow interrupted to ask if Mr. Jones had not recommended the purchase of the Christian ranch. The member for South Okanagan replied that he had recommended the purchase of 2,000

acres of land which included the ranch in question, but not the purchase of this piece alone. When he heard that the Christian ranch alone was being purchased, he stated he went to the chairman of the Land Settlement Board and advised against it. He thought at that juncture an engineer should have been called in to make an inspection. Mr. Jones left this question after stating that he thought if the Sumas project was handled by the Land Settlement Board in the same manner as the Christian property and other projects the province would soon be bankrupt.

He urged that more assistance be secured in the Department of Agriculture, saying that it had been necessary for men to leave the service because of the meagreness of the pay. At a recent farmers' meeting, Mr. Jones quoted Dr. D. Warnock, Deputy Minister of Agriculture, as saying that the Department was not in a position financially to pay sufficient salaries to secure or retain experts. He wished the Department to make provision for instruction in fruit culture; to pay greater attention to fighting the codlin moth; to establish a fumigation plant in the interior, and to appoint an exhibitions commissioner to arrange British Columbia fruit for exhibits in eastern cities.

Mr. Jones brought home to the house the urgency of relief in the sugar situation, maintaining that great losses had been and would be suffered. If this danger were not eliminated the loss would be disastrous this year. The sugar shortage and the car and box shortage had each cost the Okanagan Valley a half million dollars. He urged the Government to leave no stone unturned to remedy this situation.

Mr. Jones was the first member of the house to take up the Oriental question, into which he delved most exhaustively. He spoke of the greatly increased wealth of the Japanese in this province and their determined efforts to acquire property and control irrigation works. He reviewed Japan's part in the war and expressed his admiration for the Japanese people, but he thought Canada should not admit citizens to whom she was not willing to extend in due time equal privileges. There was great danger, he said, from the menace of the foreigner and he thought the bars should be raised.

"There is a new national consciousness," said the member for South Okanagan. "It is felt in Great Britain and all over the Empire, and we should hold Canada's name high among the nations."

The speaker told of the progress being made by the Japanese in various parts of the Pacific, and said they were rapidly acquiring control of various branches of the agricultural industry. In Seattle they owned 47 per cent. of the hotels and 25 per cent. of the grocery stores. They had 6,600 acres of land in the Yakima Valley and were tying up large holding in this province. He stated there were 14,000 Japanese in British Columbia, and that this population had doubled in ten years.

Mr. Jones referred to a letter sent by the Japanese Consul at Vancouver to the Allied Boards of Trade, in which it was practically stated that if the opposition to Japanese immigration was not stopped Japan might refuse to send her money here for investment. Mr. Jones could see no catastrophe in this. He reviewed the Canadian legislation which had permitted the holding of land by the Japanese, and thought a great error had been made when the Dominion Government lowered the bars.

Premier Oliver at this juncture asked what would become of the Japanese Treaty if such steps were taken as these apparently advocated by the member for South Okanagan. Mr. Jones replied by stating that this government should bring in certain legislation which would prevent lands passing into the hands of undesirable. He thought that Ottawa should pass legislation reviving the clause in the treaty by which Canada could exclude Japanese laborers and artisans.

Canada does not regard admission as a right to any race—European, African or Asiatic. She considers her citizenship a privilege and reserves to herself the right to extend or not to extend that privilege to whom she will.

Joseph Walters, Liberal member for Yale, moved the adjournment of the debate.

Organize Branch of Provincial Honey Producers Association

Aim to Promote Cooperation Between Local Apiarists

Local beemen got together last Monday evening for the purpose of forming a branch of the B.C. Honey Producers' Association, which already numbers upwards of 200 members throughout the province. The production of honey has been steadily increasing in the Kelowna district for a number of years and although no accurate figures are available, it is probable that the annual output is now close to ten tons.

The new local organization, which is the first to be formed in the Okanagan, will embrace the territory from Okanagan Centre southwards, its object being to further the interests of apiarists, to promote a cooperative spirit which will promote uniformity of price, and cheaper supplies.

R. H. Brown, who was instrumental in calling the meeting, was elected first president, H. H. Lyons vice-president, and P. T. Dunn secretary-treasurer. As directorate: J. Robinson, Westbank; J. E. Reekie, East Kelowna; D. E. McDonald, Rutland; D. Alexander, Ellison; R. Sweney, Ok. Mission; W. J. Rankine, Glenmore; Glenmore; N. H. Caesar, Ok. Centre; P. Casorso, Benvoulin; W. K. Whipple, Oyama; S. J. Weeks and W. J. Palmer, Kelowna, were appointed with R. L. Dalglish, as auditor.

The bye-laws of the provincial organization were adopted, the annual fee being fixed at \$2, of which half goes to the provincial and half to the local association. Those desirous of joining should communicate with the secretary.

First Games Played in Basketball League

The Kelowna basketball teams make their first appearance in the league games to-day, representatives of both ladies' and men's teams having gone down to Summerland to play games there. The ladies had Mrs. H. G. Wilson, Marjory Leckie, Evelyn Packham, Bay DeHart, Jessie Mantle and Blossom Buck, while the champions for the men's cause were Lloyd and Fred Day, Jim Calder, Dick Parkinson, Ewan McLennan, Norman DeHart and Bob Dykes.

The first games of the series took place last week at Penticton, when the Summerland men's team was beaten by 20-18. The Summerland ladies were unable to put a team in the field for that occasion so that the game will probably go to Penticton.

Next week games will be played in Kelowna, teams from Penticton being due to play here on Thursday. The contests will take place in the Exhibition building and it is hoped that as many as possible will turn out that evening and encourage the sport.

G.W.V.A. Notes

The construction of the new wharf at Naramata is now under way.

The Vernon Branch has succeeded in electing four out of its five candidates for the City Council including the Mayor.

The meeting on Saturday endorsed a resolution from Point Grey branch calling for an extension of one year in the Moratorium Act.

A meeting of delegates from all G.W.V.A. branches in the Okanagan will be held here at 3 p.m. on the 26th inst. to decide on delegates to the Dominion convention at Montreal on March 22nd, and the policy to be pursued at

I.O.D.E. Has Had Active and Progressive Year

Many Worthy Causes Have Benefitted by Chapter's Efforts

A year of steady progress and quiet work is reported by the secretary of the Jack McMillan Chapter I.O.D.E., which held its first annual meeting on Tuesday afternoon at the home of Mrs. Byron McDonald. Touching on the wide scope of the Chapter's undertakings, the secretary's report referred briefly to many activities.

The Chapter assisted financially towards the French Relief Fund, \$15 to the Mary Gooderham Fund Toronto, \$225 to the National War Memorial, \$25 to the Roumanian Fund. A contribution was also made to the jeweled badge presented to the National President. Eight bales of splendid clothing and \$27 was sent to destitute people in Saskatchewan.

A very successful tag day for the Navy League was held, \$96 being raised. The members of the Chapter were hostesses to the returned soldiers at an "at home" given early in the year. In March a Shamrock Tea was given and the proceeds, \$17.40, given to the G.W.V.A. A sign "Welcome to Our Boys" was placed on the wharf and a committee appointed to meet the boat. Bar pins were presented to mothers of soldiers in the Chapter.

Two celebrated lecturers were brought to the city during the year, Dr. Wilson Herald and F. A. McKenzie.

The main objective during the year was to co-operate in the building of a memorial hall. \$100 was given towards this, and an additional \$400 on hand to be given. Delegates were sent to meet with the G.W.V.A. to discuss the local war memorial and also to co-operate with them in joining a ladies' auxiliary. Delegates were also appointed to meet the Co-Operative Society. A visiting committee each month has visited the sick and the schools.

A tea was given in Wesley Hall, the proceeds being \$25.05. A booth at the regatta was also a success, \$124.79 being derived from this. One pleasant feature during the year was the birthday tea, and the bazaar held in December was financially a great success, the proceeds being \$552.25. The New Year's eve ball was both financially and socially a success, the proceeds of this being \$261.50, \$175 going towards the I.O.D.E. National War Memorial.

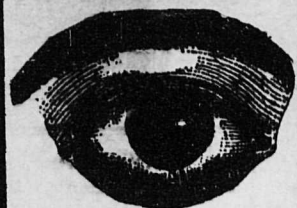

Work has been commenced towards securing proper sewerage in the school. This is very urgent.

During the year \$1095.64 passed through the treasurer's books and the membership steadily increased, 41 being on the membership roll. This is a creditable showing for the first year of the Chapter's organization and it is hoped the succeeding year will show still greater progress. During the afternoon election of officers took place, the following being elected: Regent, Mrs. J. W. Jones; 1st Vice-Regent, Mrs. Packham; 2nd Vice-Regent, Mrs. W. Lloyd-Jones; Secretary, Mrs. B. McDonald; treasurer, Mrs. Benmore; Standard-bearer, Mrs. Pitt; Echo secretary, Mrs. W. W. Lorne; Educational secretary, Mrs. Geo. Meikle.

the convention.

Suggestions have been made to the B.C. Government for the eliminating of certain details of the plans of houses submitted under the Housing Act. These plans were drawn up to suit conditions at the coast, and with the present price of lumber it would cost too much to erect them. The meeting was strongly of opinion that the Government should take steps to provide lumber at a reasonable cost to the returned soldier.

It was decided to hold the annual general meeting on Wednesday, March 3rd, and nominations for president, vice-presidents, secretary-treasurer and six committeemen must be in the hands of the secretary on or before the 25th inst.

Says B.C. Unsuitable for Sugar Beets

There is no prospect of the provincial government giving assistance towards establishing the cultivation of sugar beets in British Columbia. Hon. E. D. Barrow, minister of agriculture, states that he has given the matter considerable attention but, owing to labor difficulties, he thinks British Columbia hardly in a position to engage in the sugar beet branch of the business. This, he said, required an abundance of help, and there could not be found in British Columbia any section of the province where it would be possible to secure sufficient cheap labor to produce successfully enough sugar beets to supply a refinery. He stated that fully 18,000 acres would be required, one-quarter to be used each year on the rotation system.

Record Price Paid for B.C. Holstein

A record price for British Columbia Holsteins has been established during the week-end, word having been received from Mr. P. H. Mopre, superintendent of the Colony Farm, at present in Toronto attending the annual convention of the Canadian Holstein-Friesian association, that he has disposed of Zarilda Clothilde 3rd DeKol (14, 887 C.H.B.), holder of several world and Canadian records, to Mr. John A. Bell of Cornapolis, Penn. The price paid was \$15,000 which includes the month old calf of Zarilda's. The price paid by Mr. Bell is not only a British Columbia record but also one covering Western Canada, and clearly demonstrates the prestige earned by the provincial stock farm at Essondale, where Zarilda was raised.

One British and one French cruiser are bombarding Odessa, a Moscow despatch declared. Fierce street fighting preceded the capture of the city by the Bolsheviks, the despatch added.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for the lease must be made by the applicant in person to the Agent or Sub-agent of the district in which the rights applied for are situated.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

In surveyed territories the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or sub-agent of Dominion Lands.

BUY MADE IN CANADA GOODS

Local Boy Scouts

Edited by "Wolf," Feb. 10th, 1920

ORDERS by Command for week ending February 19th, 1920.

DUTIES: Orderly patrol for week Eagles; next for duty, the Otters.

PARADES: The combined troop will parade at the club room on Tuesday, February 17th at 7.15 p.m., and the bugle band at the fire hall on Thursday, February 19th at 7.30 p.m. Basket ball practices will be as usual on Friday and Wednesday.

Scouts Harry Mantle, Percy Geen and William Walker passed their second class signalling on Tuesday last. Scout Sutherland also passed his Kim's game test on the same date.

Attendance was poor at the last meeting, which was disappointing to say the least of it in view of the fact that Colonel Belson was good enough to give us a further lecture upon the subject of "Map Reading." We wish to draw scouts' attention to the fact that we have a rule in the troop in which a scout who misses three consecutive meetings without a reasonable excuse, is disbanded from the troop. We have at present in our attendance book the names of one or two scouts who will in the near future have to answer for themselves as to their neglect in this respect.

We now have at hand from headquarters the annual scout census for the year ending June 30th, 1919. This shows that there are at present in the province 30 active troops comprising a total of 656 scouts for the whole province. There are also 15 packs of Wolf Cubs, and the total number of cubs is 272. The latter figures are very creditable when we take into consideration the fact that this branch of the movement is only in its infancy. With regard to our troop itself we find that we are the second largest in B.C., having a strength of 44 scouts. We as a troop hold the second largest number of proficiency badges and have two King's Scouts out of a total of 14. The Wolf Cub returns do not appear to have all come to hand, but what we have show that the local pack is the third largest, having a strength of 30, also they are recorded as having the greatest number of two star cubs and second largest number of one star cubs. We have not yet been able to ascertain what troop is this year entitled to have their name engraved upon the Lieutenant Governor's shield, as being the best all-round troop in our province.

With regard to the visit of the Prince of Wales to Canada, it is, we think, only right that scouts should know his final message to scouts of Canada. The following is a copy:—

"H.M.S. Renown, Camperdown, November, 25th, 1919. To the Boy Scouts and Girl Guides of Canada. I am just leaving Canada for the old country and I want to send you all my best wishes before I go. I have thoroughly enjoyed seeing so many of you on parade during my visit and I shall tell your brother scouts and sister guides in the old country that you are every bit as smart as they. Value your training as scouts and guides, for, the more you value it, the greater will be your own value as Canadians and Britishers. Good luck to you all till I see you again. EDWARD P."

Picking her way daintily thru the grime of the locomotive works, a young woman visitor viewed the huge operations with visible awe. Finally she turned to a young man from the office who was showing her thru, and pointing asked "What is that big thing over there?"

"That's a locomotive boiler," said the young man. She puckered her brows. "And what do they boil locomotives for?"

"To make the locomotive tender," and the young man from the office never batted an eyelash.—Canadian Boy Magazine.

This is the type of conversation we may expect to hear between scouts of the troop on the advent of the first train into Kelowna on the C.N.R. line which is now under construction.

Summerland has organized a brass band with twenty members.

The annual convention of the United Farmers of British Columbia has been called for February 23rd and 24th at Victoria. The chief business to come up before the convention will be the proposed amalgamation of the U.F.B.C. with the Farmers' Institutes of the province. Considerable discussion will take place before a decision is reached, some doubt being expressed among certain circles that the amalgamation will be laid over for a year.

TOWN AND COUNTRY NOTES

Miss McLellan left Thursday last for Calgary.

Miss Patterson was a visitor last weekend to Armstrong.

A. Homuth left Saturday on a visit to Vancouver.

Grote Stirling went Monday to Banff for a short visit.

Miss Webster who has been staying in town for a few weeks left Friday for Victoria.

The usual Church of England service will be held at East Kelowna on Sunday next at 3 p.m.

The Mission Circle of the United Church are serving a Valentine tea Saturday afternoon in Wesley Hall from 3 to 6.

E. Hoy came in yesterday from the coast. Although, as he says, he is making a flying trip, he did not make the trip flying.

Mr. Bowden who lately came in from Cabri, Sask., to locate here, was joined this week by Mrs. Bowden and their daughter.

Next Sunday morning in the Baptist church the Rev. W. F. Price will preach on "The Transfigured Sacrifice." In the evening his topic will be "God's Latest Challenge to the Church."

The management of the Kelowna Garage Co. has lately been taken over by Jim and Charlie Harvey, both of whom are experienced machinists and automobile men.

Mr. and Mrs. C. C. Hall and J. Hulet who have been visiting Mr. and Mrs. A. A. Hall here, returned Tuesday for their home at Morse, Sask. They were very much pleased with the Kelowna district.

Mr. and Mrs. Tracey and family who have been residents in Kelowna for the past two or three years, left Tuesday for Spokane where they will make their home.

The I.O.O.F. Orchard City Lodge No. 59 are having a card party and dance at 8 p.m. on Tuesday, February 17th, 1920, in the Morrison Hall, to which all Oddfellows and Rebekahs now in Kelowna or district are cordially invited.

A very entertaining evening is promised to the patrons of the musical and dramatic performance put on under the auspices of the W.A. of St. Michael's and All Angels' Church. A play, sketch and musical numbers make up what promises to be an interesting programme. Morrison Hall will be staged for the performance. Don't forget to keep Monday the 16th free for this novelty entertainment.

Benvoulin Notes

The Benvoulin United Farm Women met at the home of Mrs. L. Gillard on Wednesday afternoon.

The Ladies' Aid of Bethel Presbyterian Church will meet at the home of Mrs. M. Byrns on Wednesday afternoon, February 18th at 2.30.

Mr. and Mrs. D. McEachern left on Thursday morning's boat for Vancouver where they purpose spending a couple of weeks visiting friends.

Mr. R. Snowden returned to Kelowna on Monday and is staying with his sister, Mrs. G. Rawlins.

Mr. Curtain from the prairie arrived last week to spend a short time visiting his sister, Mrs. F. Munson.

District Engineer Gwyer was in town for a short time yesterday.

Jim Patterson came in yesterday from the coast.

Mr. and Mrs. J. G. Carlyle left Tuesday for Vancouver.

Petitions are being circulated throughout the province asking for a change in the rule of the road.

The fruit-growers of Summerland are being invited to subscribe to a storage company similar to the one being projected in Kelowna.

Mr. W. E. Scott, former deputy Minister of Agriculture, has been sent to England by the Government to assist the Federal Land Settlement Board in the settlement of ex-Imperial Service men who are anxious to come to Canada.

Rutland News

(From our own correspondent).

The regular meeting of the Rutland United Farmers will be held on Monday, the 16th inst., at the schoolhouse, at 8 p.m.

The R.A.C. held a dance last evening which netted a few more dollars for the club fund. The attendance was not large, but a good time was passed by those who attended.

The Athletic Club is arranging a grand concert to take place on Wednesday, the 25th. The programme will be a somewhat unusual one, and will include many attractive items. Mrs. Ambler's pupils will contribute various musical items, and there is also to be fancy dancing by the pupils of Mrs. Anderson. The members of the Athletic Club are to give a sketch and certain other funny musical stunts. Violin solos by Drury Price and songs by Mr. G. S. McKenzie will also be given.

A meeting of the Athletic Club was held Monday at the home of Mr. Money, when various matters connected with the future of the club were discussed. A committee of three was elected to confer with a similar committee of the United Farmers and to gather all necessary data regarding a public hall and gymnasium and to report upon the feasibility or otherwise of the scheme. Final arrangements were also made for the concert which is to take place on the 25th.

The Rutland Rustlers met last Friday evening at the home of Miss Alma Mugford, when Miss Bruce gave a talk on Parliamentary Procedure, which was followed by a talk and demonstration on First Aid by Miss Evelyn Sproule. Miss Fullerton, of Kelowna, then gave a very interesting address on Service, dealing largely with the work done among the Indians at Norway House, where she was stationed and worked in connection with for some time. The club expressed its gratefulness to Miss Fullerton for the inspiring talk. Games were also played and the hostess served refreshments after which the club disbanded, to meet again on Thursday the 19th, at the Misses Fleming's.

Short Pieces for the Wolf Cubs

By the Old Silver Wolf

The bun-feed was a "howling" success, and I think the word howling is correctly used in this case, at any rate, that is what one of our friends living near told me. When we broke up I don't think there was a Cub who was not quite ready for bed. All the arrangements worked well, because each did his share of the work and was on time, but we have to thank those who helped us by lending us chairs, planks for the tables and so forth, not forgetting our old friend Mrs. Campbell who boiled the water for us. I have heard that three ladies came with the intention of assisting, which was very thoughtful, but I am sure if the mothers could only see how hard their boys will work when preparing for this event, they would instantly realize that their labours end when the cake is taken from the oven. A Cub should be his own assistant.

The "howl" of welcome that greeted Mr. Gordon was worth putting on a gramophone, and must have meant great effort on the part of some, considering they had just left the table! We were glad he came and presided for a time at the Council Circle. I heard, too late, that Mr. Weddell had arrived that afternoon.

And now my "talk" has led me to the place where I must "unmask" and confess that the "Old Silver Wolf" is none other than the cubmaster himself. Some of you will have guessed this already. The reason I do so is to thank you personally for the gift you so kindly presented me with at the bun-feed. It has pleased me more than anything else to notice the real unselfish Cub spirit that exists in our pack, and the manner in which the boys are always doing good turns. This is the real purpose of the Cubs—not so much to get Stars and Badges, although that is part of our work. I expect to be leaving the pack very soon, but shall always have happy memories of my three years with the Kelowna Wolf Cubs.

WATER NOTICE

USE AND STORAGE

Take notice that W. J. Stevens, whose address is Kelowna, B.C., will apply for a licence to take and use 1687.5 acre-feet and to store 1,500 acre-feet of water out of Bear Creek, which flows Easterly and drains into Okanagan Lake at the S.E. corner of D. L. 539. The storage dam will be located at the east end of meadows east of small lake on the West Fork of the North Fork of Bear Creek. The capacity of the reservoir to be created is about 1,500 acre-feet and it will flood about 40 acres of land. The water will be diverted from the stream at a point near the N.E. corner of D. L. 3,859, and will be used for irrigation purpose upon the lands described as D.L.s. 507, 506 W. 1 of L. 505, 15 acres in the S.W. corner of the E 1 of L. 505, Lot 3461. This notice was posted on the ground on the 4th day of February, 1920. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within fifty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is Thursday, February 5th, 1920.

W. J. STEVENS,
Applicant.

EMPRESS ATTRACTIONS

FRIDAY AND SATURDAY

"Flame of the Desert"

A spectacular production of beautiful ensembles and massive effects. This picture stars Geraldine Farrar supported by her well-known husband Lou Tellegen, and a fine large cast. It is a story of romance and adventure in Egypt.

Also "Fiddlers and Acrobats," a Christie comedy.

Evening, 7.30 and 9. Admission 20c and 35c
Saturday Matinee 3.15 p.m., 10c and 25c

MONDAY AND TUESDAY

A Grand Metro Production

"Blindman's Eyes"

A story all will enjoy and for justifying and encouraging Metro Corporation policy of fewer and better pictures this is a fine example. Also the Ninth episode of "Mystery 13."

Evening, 7.30 and 9. Admission 15c and 25c

WEDNESDAY AND THURSDAY

A special select picturization entitled

"The Probation Wife"

Brilliantly acted by a selected cast of screen artists, this picture is a romance of life in extreme conditions. Also "All in the Swim," a real honest comedy, and the Screen Magazine, containing the latest events of universal interest.

Evening 7.30 and 9. Admission 15c and 25c
