

Notes from the Prairie Markets Commissioner

Sunshine and rain alternately might describe the weather here this week. Business is dull and resting between the seasons of American and British Columbia supplies, the last car of Hood Rivers that will come to Calgary is distributed to the retailers, movement very slow. Gordon Head and Keatings' first car rolled on Thursday for Calgary. Haney-Hammond will roll cars at once. Very little l.c.l. berries are coming in except from the Japanese of Mission, and this stuff so far has little to recommend it, slack pack and poor berries, and in some cases the boxes three-quarters full.

B. C. gooseberries are already crowding the market, some neat packages of them are arriving from Kelowna in Ontario grape baskets. The popular pack is the 24 deep pint crate. Mission Japs are using the two-fifths quart which should not be done. B.C. cherries are now arriving. Hothouse tomatoes from Victoria are coming in considerable volume.

The peak of the egg season is passed, and prices are expected to go higher from now on. Prices the same as last week—30c per doz. wholesale.

Butter is increasing in volume and is wholesaling in bulk at 40c per lb. The quality is excellent.

Alfalfa hay is quoted from Yakima at \$25 per ton f.o.b. shipping point.

The Calgary Fair is an attraction next week. Everything points to its being a success. Nothing has happened that would injure the bumper crop prospects.

Sad Drowning Mishap at Revelstoke

Four lives were lost as a result of a drowning accident which took place in the Columbia River at Revelstoke on Sunday. The dead are Walter Nelson aged 21, Miss Bella Laughton aged 20, Miss Muriel Armstrong aged 18, and Miss Marjorie Cleland aged 14, all well-known young people of Revelstoke.

The accident, which has cast a gloom over the city, is supposed to have been caused by Walter Nelson, who was an expert boatman, endeavoring to row over the crest of the dam, a feat which he had often done previously. It is thought that the distance between the water level above and below the dam was greater than he had figured on, with the result that the boat swerved broadside on and overturned in what is a raging torrent at this season of the year. Search parties are out with drag irons but so far no trace of the bodies has been found.

Lieut.-Col. R. L. Doidge, a former member of the Burnaby police and during the past winter physical training instructor for the Y.M.C.A., has just received the appointment of chief of police of Penticton.

The Countess of Dudley was drowned on Sunday while bathing at one of the small places in Connemara, Ireland.

Charles Hutchison, known as the "Human Fly," fell 75 feet from a cornice of the Welland hall, St. Catharines. Physicians said he will not recover.

dicating a poor fruit crop this year. Berries are a light crop generally and apples are now reported about half last year's crop.

Minister of Lands in Kelowna Tuesday

Minister of Lands T. D. Pattullo was a visitor in Kelowna Tuesday, having motored down from Vernon in company with Mr. Cleveland, chief of the Water Rights Branch. Mr. Pattullo is making an informal tour of the valley and incidentally making enquiries into irrigation and other conditions. He is well satisfied, he declares, with the progress being made in clearing up the irrigation problem, which he realizes is the keystone of the whole prosperity of the district. Mr. Pattullo went south the same afternoon and will visit the Osoyoos soldier settlement project before returning to the coast.

Rutland News

(From our own correspondent.)

Mr. Lionel Wanless returned on Tuesday from the Peace River.

The R.A.C. held a very successful and enjoyable dance in the school on Friday last. The dance was well attended and the affair will net the boys something in the neighbourhood of \$50.

A meeting of the Rutland United Farmers will be held in the school on Mynday, July 5th at 8 p.m. A large attendance is requested as there are a lot of important matters to be settled in connection with central and other locals.

Three of Mr. C. Duncan's nieces, Consuelo, Ruth and Delpha Woolsey arrived on Tuesday from Calgary. They expect to remain here till the end of the fall.

The Rutland Rustlers have established their camp on the banks of Mission Creek above the K.L.O. Bridge. Some ten or so girls are enjoying the "simple life" in this manner.

Near Beer Retailers Must Be Licenced

Strict Regulations Imposed by New Municipal By-law

A draft of the municipal by-law, the purpose of which is the regulation of the sale of "near beer," was introduced at a meeting of the city council Monday evening. The by-law is in accordance with authority given by recent amendments to the Prohibition Act, and consequently is restricted in its application to the object laid down there. Only "beverages made from malt or hops" of a strength less than 2 1/2 per cent. proof spirit are included in the regulations, cider being apparently outside its scope. The regulations provide for the licensing of all retailers of near beer, and the payment of a fee of \$200 per annum. No person under the age of eighteen can purchase in such a place, and women are not allowed to serve. The old regulations regarding bar-rooms and their accessibility to inspection at all times, the absence of view-obstructing curtains and window blinds, &c., are to be revived. The hours of sale are also to be limited.

Ald. Shepherd reported that the Fire Brigade had again requested him to draw the attention of the council to the practice of parking automobiles close to fire hydrants. It was decided after some discussion that when the additional policeman commenced his duties this matter would be regulated to the satisfaction of the Brigade.

The Mayor suggested that signs be placed at the entrance to the city on Bernard avenue, Pendozi street and Thompson's corner, warning people to keep to the right after July 15th. To this the council agreed.

J. T. Barrett was appointed as a clerk in the city office at a salary of \$100 per month.

A claim was made by A. S. Mills, upon whose property the stone crusher had been working, for \$100 damages to property and alfalfa crop in consequence. This was referred to Ald. Meikle for report.

Indiscriminate Consigning Weakens Early Market

This market has been weakened for gooseberries and early fruits by the indiscriminate consigning by growers to wholesalers and jobbers, who have taken advantage of the ignorance of the growers shipping to them to undersell the market and thus set the price for these fruits much lower than would have ruled had the shipping been left to the established shippers in the valley, who are constantly in touch not only with Calgary but all markets, and are therefore in a position to regulate the supply to each point and to obtain all the market can afford to pay.

At the very outside of this season we see the same old "penny wise and pound foolish" policy of the grower who thinks he knows the ropes better than the shipper, cutting his own throat and those of all shipping into the same market. It is to be hoped that this practice will be discontinued so that the market for cherries and later fruits will not be undermined.

The Women's Institute will meet in the Domestic Science kitchen on Saturday at 3 p.m. Mrs. Cartledge will demonstrate the "preserving of fruit without cooking." Visitors welcome.

Men's clothing made to measure is not taxable at a lower price than sixty dollars for a suit or overcoat under a new ruling of the minister of inland revenue.

Mr. James Gordon, former principal of the school, left Tuesday for Grand Forks after arranging for the shipment of his furniture. Mr. Gordon has accepted a position in the Britannia High School, Vancouver, upon which he will enter after the holiday.

You Can Depend On It

EVERY drop of Imperial Polarine is 100% lubrication. It spreads a protecting cushion of oil between all wearing parts, making each part function smoothly and reducing wear to a minimum.

It has exactly the right body—forms a perfect piston-to-cylinder seal, maintains compression, conserves power and saves fuel. It does not break down or run thin under extreme heat.

Imperial Polarine burns clean, reduces carbon deposits to a minimum and assures long life, smooth running and reliability to your motor at all times, under all conditions.

There is an Imperial Polarine grade for every motor need, from crank shaft to differential. Consult the Imperial Polarine Chart of Recommendations for the correct grade to use in your car—it is on display wherever Imperial Polarine is sold.

Sold in one and four gallon sealed cans, steel kegs, half-barrels and barrels, by dealers everywhere in Canada. Buy in large containers and save money.

Edited by Pioneer. June 29th, 1920

ORDERS by command for week
ending July 8th, 1920.

PARADES: The combined troop
will parade at the club room on
Tuesday, June 6th, 1920, at 10
o'clock, with full camp kit and
equipment, and from thence will
proceed to camp. Leaders must
inspect the equipment of each
member of their patrol, lists of
which have been given to them for
distribution. There will be a fur-
ther meeting of the leaders before
camp, of which notice will have
been given before this column
appears.

The camp will be open to visi-
tors on two days, namely Sunday
July 10th, and Thursday July 15th.
On the Sunday the usual camp
service will be held at 3 o'clock in
the afternoon, and on Thursday
the annual sports.

Any parcels which parents or
friends wish to send down to camp
should be left at the offices of
Burne & Weddell in the morning.

Scout Winter was unfortunate
enough to break his arm about a
week ago by falling back on it
when he was jumping, and Scouts
Akroyd and Lloyd Cunningham
have been unfortunate enough to
contract measles, which will pre-
vent them from attending camp.
These are nasty and perplexing
little annoyances, chiefly for the
scouts concerned, but serve to re-
mind us how useful it is to be able
to smile and whistle under it all.

We received a notification from
the School Board last Friday that
they find it necessary to use the
room in the old wooden school
which has been used by both the
troop and the cubs as their quarters.
This means therefore that we are
now absolutely without a home.
As we shall not be holding further
parades after camp, the matter is
not serious until September, when
we resume our regular meetings,
with the exception that we have no
place to store our equipment, which
is now scattered around the town
in various places. We plan, how-
ever, to rent a place for storage in
the meantime, but we are afraid
that the activities of the troop can
no longer continue if we are unable
to obtain quarters. One of the
qualifications of a scoutmaster is
that he must have the ability to
find quarters for the troop. As
this does not seem possible, the
Scoutmaster will of course have to
resign.

The Scoutmaster and two Assist-
ant Scoutmasters had the pleasure
of being entertained by the Sum-
merland Troop at the dance given
by them in Summerland on Friday
last to raise money for their camp.
There was a great turn out for the
dance, which was very successful
and which was enjoyed by all
there. They went into camp yester-
day at Miller's Point for one
week.

We would ask all scouts or their
parents who intend ordering a
copy of the last troop photograph
or post cards, to give in their orders
as soon as possible.

We were pleased to note in the
Vancouver Province the other day
that some scouts, members of the
Seymour Troop, had assisted in
the capture of a holdup man, by
giving chase to the gentleman in
question and keeping track of him
until with the help of some police
officers they were able to corner
him. This is an experience in
which we have as yet had very
little opportunity of distinguishing
ourselves in Kelowna. It was in-
teresting to note in connection with
the Vancouver episode that in one
instance the police officer whom
the boys endeavored to get to
come along with them, after the
holdup man, thought they were
playing up a joke upon him and
would have nothing to do with them.

TOWN AND COUNTRY NOTES

Mrs. Symonds was a passenger to Vancouver last Friday.

Miss LaTrevor of the Mission school left for the coast Friday.

Mr. and Mrs. Lewis and son Fred left Monday on a visit to the coast.

Miss Peggy Harvey left Monday on a visit to friends at Indian Head.

Edmund Dark was a passenger Monday to Calgary.

Col. and Mrs. Lindsay were passengers to Victoria Saturday.

Mr. and Mrs. Bell and son, of Medicine Hat, are at present on a visit to Kelowna. Mr. Bell is a brother-in-law of Mr. A. Patterson.

The C.P.R. is running a special excursion today to the Dominion Day sports at Penticton, the boat leaving at 7.30 a.m.

Miss Hunter and her brother Ewan have gone this week to stay with their parents for the holidays at their ranch up the Cariboo road.

Mrs. A. W. Dalglish and daughter Verna returned Friday last from Rochester, where the latter has been undergoing medical treatment.

Mrs. Williams who sold her property here some time ago to go to the coast, returned Tuesday with her family and will again reside in Kelowna.

The Rutland Women's Institute will hold its regular meeting at the school on Thursday, July 8th, at 3 p.m., when a good attendance is hoped for. The women of the district are urged to register on the new voters' list and those who have not previously recognized their privilege in this respect will have an opportunity of doing so on this occasion.

Benvoulin Notes

The Rev. P. Connal left on Monday's boat enroute to his old home in Glasgow, Scotland.

Miss Almada Oakes left on Monday morning for her home in Enderby.

Miss Lucy Brock from Oyama is spending her holidays with her Kelowna and Benvoulin friends.

Mr. Wilson, superintendent of missions, will take the service in Bethal Presbyterian Church on Sunday, July 4th.

Remember the regular monthly meeting of the U.F.B.C. to be held at Mission Creek School on Tuesday evening next, July 6th.

Don't forget the Ladies' Aid Social at Mrs. McEachern's on Thursday evening, July 8th. No admission. A good programme is being arranged.

In spite of the weather on Thursday last there was a very good attendance at the Rutland Ladies' Aid Social. Strawberries and ice cream were served, after which came a short programme consisting of selections by Mrs. Blair, Mrs. DeMara and Mr. Coventry, Mr. Wigglesworth presiding at the organ. The special feature of the evening was the presentation of a suit case to The Rev. P. Connal, as a token of esteem from the Rutland and Benvoulin congregations, on the occasion of his departure for Scotland.

Mr. and Mrs. J. U. Dunn were visitors to the coast last week-end.

G. S. McKenzie and family returned Tuesday from their trip east.

Mrs. E. W. Ferguson and her daughter left Thursday last for Edmonton.

Mrs. J. F. Burne went up to Sicamous Thursday last to meet her daughter who was returning from school in the east.

The Baptist Sunday-school picnic which was to have been held to-day has been postponed owing to an outbreak of measles.

Miss F. H. McGillivroy, member of the Ontario Society of Artists, is at present visiting her nephew, Mr. Kenneth MacLaren.

There was the usual exodus of school teachers last Friday after school closing, each on their way to spend the two months vacation. Miss Davis and Miss Page went to Mission, B.C., Miss Wood to Victoria, and Miss Bell to Vancouver. Miss McNaughton motored in company with her brother to Princeton.

The Kelowna Bottling Works changes ownership this week, Bain Calder having sold out to J. A. Tilley, a returned soldier who has been resident in Kelowna for some time past. Mr. Tilley has had many years experience in the old country in the mineral water business and is thus in a position to build up a promising industry.

In view of the tendency some people have to play pranks with other people's cars, and to take little unauthorized rides, attention is being called to a section of the new Motor Traffic Regulation Act, which provides that any person who takes without permission another person's car, even though with no intention to steal it, renders himself liable to a heavy penalty. Even a person employed by an owner, as a driver is under the same conditions unless he first obtains consent to the use of the car.

G.W.V.A. Notes

The two additional bedrooms are now completed.

Members are reminded that next Saturday will be the regular meeting night and that matters of importance will come up.

It is necessary that all veterans register at once, even if they have not resided 6 months in the province or were not residing here before August 4th, 1914. Men who resided here before August 4th, 1914, and went overseas, are entitled to register whether they have resided here six months or not, but others who have only come into the province recently will have their cases taken up by the Court of Revision.

The persistent efforts of the G.W.V.A. have resulted in about a 30 per cent. increase in all pensions dating from September 1st. War service gratuity will be paid to widows and dependents of our fallen comrades. State insurance without medical examination to all veterans is to be provided. In spite of this a man called Flynn is travelling in this province at the present time organizing the Grand Army of United Veterans, making the false statement that the G.W.V.A. have accomplished nothing. It will not be long before the men induced to join his organization with the hope of getting a \$2000 bonus will suffer a rude awakening.

Shoe Repairs

For some time past I have found it difficult to keep up with the steady increase of work in the repair department, which has naturally resulted sometimes in disappointed customers. I have been fortunate in securing the services of Mr. Clifford, an old country shoemaker, for this department, and can therefore promise GOOD work and QUICK despatch.

The Romance of Tarzan

When "The Romance of Tarzan" is featured at the Empress Theatre on July 7th and 8th, the large number of film enthusiasts who have been sending in requests to Manager Simmons for weeks past regarding the date upon which the concluding chapters of "Tarzan of the Apes" by Edgar Rice Burroughs would be released in cinema form, will have their demands gratified.

According to the records on file in the box office of the Empress Theatre, "Tarzan of the Apes" played to more spectators than any other work of fiction that has been shown in this city in two years.

"The Romance of Tarzan" presents an even more gripping story, carrying the leading personalities in this epic of primitive life and the higher walks of civilization along to a denouement that is both surprising and highly satisfactory.

Scenery of the most striking beauty provides a background for much of the thrilling action, while savage cannibals, apes, tigers, lions, leopards, and an almost human elephant give unforgettable novelty to the story at various stages of its development.

Mr. and Mrs. Simmons returned Monday from their automobile trip to the coast. Except for a few minor delays they had an enjoyable tour.

25,000 Automobiles in B.C.

According to officials of the Motor Licensing section of the provincial police department, there are now in operation considerably over 25,000 automobiles in British Columbia. Plates running up to 27,000 are now being issued at the Victoria office, and the Vancouver staff are working on a series culminating with 30,000.

There are altogether about 1500 intermediate unissued old numbers, reserved for cars for which licenses have not as yet been renewed.

While large numbers of trucks are being put into commission, by far the greater percentage of the new licenses are for low-priced touring cars. There are approximately 1000 motorcycle licences now in force in the province with many additions to the roll every week.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for the lease must be made by the applicant in person to the Agent or Sub-agent of the district in which the rights applied for are situated.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

In surveyed territories the land must be described by sections or legal subdivisions or sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or sub-agent of Dominion Lands.
