The correspondence was then taken up, the first letter being an application from the Kelowna Furniture Co., for permission to place building material on Pendozi st., in front of their new building. The permission was granted.

An invitation was read from the Winnipeg Town Planning Commission to the council to attend the first national congress to be held July 15, 16, and 17.

Ald. Millie mentioned that there were a lot of people putting up buildings and moving them without getting permits. The building inspector found it difficult to get after them. Mayor Jones said the chief of police would be instructed to attend the matter.

A letter was addressed to "The Reverend President of the City," which proved to be an application from a Jap to establish a new pool room. He admitted that one such business was in town, but saw no reason why there should not be another in such a growing city As an alternative, if the council could not comply with his request, he asked that they would allow him to start a Japanese club. The letter was laid over for consideration.

Ald. Millie asked if it was true, as had been rumored, that a white man had been refused permission to establish a pool room. If so, he did not think a Jap should be allowed to start one.

Ald. Sutherland, and the Mayor both said that the rumor was not the truth, as no application had been received from anyone.

Reference was made by Ald. Raymer to a new office building which was going up in town, the foundations of which he did not think were sufficiently safe or sanitary in that the 2 x 8 joists were being laid almost close to the damp ground, without any provision being made for ventilation. He thought the building inspector's attention should be called to it. He alsopointed out some discrepancies between the specifications as signed by the building inspector and the requirements of the building by-law.

The matter of loaning the city's sinking fund was discussed, and two applications for loans approved.

The following resolution was also passed: "That the city raise by way of temporary loan from the Bank of Montreal any moneys required for the purposes of—(1) Extending the waterworks (2) Purchasing shool lands (3) Erecting school building (4) Constructing sewer systems (5) Permanent street improvement, and that for this purpose debentures, under by-laws 109, 110, 111, 112, 114, be hypothecated."

The Mayor exhibited a plan of Mr. F. E. R. Wollaston's subdivision near the cemetery, and pointed out a block of 8 acres which he thought the city might consider securing for cemetery extensions.

The matter was discussed, and it was dacided to approach Mr. Wollaston for a price on the land.

Ald. Sutherland mentioned that the light committee had made arrangements with P. Burns & Co. for a flat rate on their electric motor of $7 per month. The new cannery had also been given a flat water rate of $100 for the year.

Ald. Raymer reported that the board of works had met the engineer respecting the improvement of Bernard avenue, and the latter had made a suggestion which met with their approval. He was to make the finished road from kerb to karb 70 feet wide, with a ten foot boulevard on each side. He was to put in a foundation of heavy rock, with a finishing coat of gravel from the sewage farm. The rock would afford all necessary drainage.

Mayor Jones mentioned that the engineers had informed him that they would require a site for the pumping station in connection with the sewerage system. A lot had been pointed out in the K. L. O. Co.'s subdivision as suitable, but was too large for the purpose.

The matter was discussed at some length, and it was decided to take options from the K. L. O. Co., on two lots which might serve the purpose.

Ald. Taylor pointed out that the city had neglected its due display of loyalty on Dominion Day by omitting to have its flag flying.

The meeting then adjourned untill Monday next.

Badly Hurt by Explosion of Gasoline

Mr. J. M. Croft is in hospital this week as the result of an explosion in his tent of a can of gasoline: Mr. Croft owns a lot in Woodlawn and had erected a temporary tent in which he lived. On Tuesday evening about 6.30 he was making preparatians for supper when the neighbours were startled to hear a loud explosion and to see a large hole blown in the roof of the tent, which caught fire and with its contents was completely destroyed. Mr. Croft was badly burned about the legs and head, and after being attended to by Dr. Knox he was removed to the hospital. We are glad to hear he is getting along well and expects to be around again in a few days.

Disaster at Regina

Regina was visited Sunday last by a tornado which, although first accounts were greatly exaggerated was undoubedly terribly disastrous in its destruction of life and property. Thirty people at least have lost their lives and millions of dollars damage has been done to buildings, some of Regina's finest structures being in ruins. Some three or four hundred people were more or less seriously injured and thousands rendered homeless. It is estimated that at least 500 buildings were destroyed or damaged.

A "patriotic service" is to be held next Sunday morning in connection with the Presbyterian Sunday School. This service will take the place of the regular morning service. An address will be given by the Rev. A. Dunn, B.D., on "Citizenship." The children will assemble in the Sunday School Hall at 10.45, and the Bible Class meet as usual at 10 o'clock.

Certificates for the year's work at Mission Creek school were won by the following pupils: Alice Swordy, proficiency; Beatrice McClure, Deportment; and Ruby Lytle for Regularity and Punctuality.

Miss Irwin was an arrival by Wednesday's boat from Regina on a visit to Mrs. Geo. Meikle.

Mr. and Mrs. Thos. Lawson and family left for Victoria this morning, where Mrs. Lawson will remain for some weeks.

Mr. A. R. Davy is to hold an auction sale of household goods at the home of Mr. A. Hanmore, Harvey Ave., on Saturday July 13, at 2 o'clock.

Rutland News

From our own correspondent

Mr. T. Duggan has sold his orchard to Mr. R. Johnson, of Winnipeg. He intends going into business eventually in Kelowna.

The many friends of Miss Edna McGee will be sorry to learn that she has resigned her position as teacher. Their best wishes are extended for her success in her future studies.

Still another school meeting! the annual one this time, on Saturday, the 13th, in the schoolhouse at the unusual hour of 10 o'clock (a.m.). All interested in school matters should make an effort to attend.

Mr. and Mrs. J. W. Woolsey returned on Monday from their short western trip. They are glad to get back to the Rutland district having seen nothing to equal it during their travels.

Principal R. C. Warden left on Tuesday for Victoria, where he intends spending his vacation and also to take a course of instruction in cadet training. Mrs. Warden and family are staying at Okanagan Centre during the holidays.

Mrs. Dunton, of Vancouver, is visiting her brother, Mr. A. E. Clark; she is accompanied by her children, who will no doubt cheer and enliven their lonesome uncle during their month's stay.

Most Rutlanders observed Dominion Day by working hard and blessing the abundant moisture of the past few days, although several flags were flying in honor of Canada's birthday, notably the one which nearly surrounded the home of the three batchelors.

The store of to-day has a decided up-to-date appearance and the increased wall and floor space should enable the stock to be shown to greater advantage. The post-office department is much more conveniently situated, in fact the whole ground floor is to be used for business purposes. Mr. Crowcroft intends to rent the Sproul homestead now owned by Mr. Amyot.

Saturday's Wrestling Match

Sutherland Stands His Ground Against Connolly

Last Saturday night, before an audience of about 500 people, Bob Sutherland, of Kelowna, was amidst tremendous enthusiasm, declared winner of the great wrestling match against Pat Connolly, the champion of Great Britain and Ireland.

Nothing of the kind on so great a scale has ever been held in town before, and much local interest had been evoked, the bias of favor being, of course, toward the local man whose past history in the world of sport speaks for itself.

The match was preceded by several first-class preliminaries in the way of boxing and wrestling, but the eager expectations of the audience were realized when at two minutes to ten the two men entered the ring, each being welcomed with a round of applause. Both appeared in the pink of condition and looked typical specimens of physical culture and fine manhood.

Mr. W. D. MacDonald acted as referee and Messrs. Chas. Rimmer and Dick Edwards as seconds for Sutherland and Connolly respectively. Bob gave the Irishman 5 lbs. turning the scale at 180, whilst his opponent went at 185.

The conditions of the match as announced by the referee after the introduction of the men were that Connolly undertook to throw Sutherland twice within one hour, a throw to consist of the holding square on the mat both shoulders for the space of two to three seconds; any throw off the mat not to be counted and the strangle hold disallowed.

At eight minutes past ten the gong sounded, and at the same instant the men came to grips, and from that time on the audience were kept in a ferment of excitement. The men seemed pretty well matched and neither gained any advantage over the opening passes. Three minutes from the start, however, Connolly threw Sutherland to the ground but amid cheers the local man recovered himself. Already the perspiration made it difficult for the men to come to grips but after some skirmishing Sutherland turned the tables and the challenger met the mat. It was but the work of a minute though when he was up and showing marvellous strength picked Sutherland up and swung him round like a child.

From then the battle commenced in dead earnest and both put in some strenuous work. The half and double Nelson holds were common and Connolly twice got the "scissors" on Sutherland who just prior to the call of 30 minutes obtained a double Nelson hold and nearly succeeded in putting Connolly's shoulders down. This naturally evoked a lot of excitement on the part of the audience which refused to quit passing jocular remarks at the request of the referee. But the visitor proved more than equal to the occasion and arching his back as though it was a matter of ease rolled over out of danger.

Both men were now breathing very hard and Gonnolly began to force the pace a bit making Sutherland do a lot of work. The audience caught its breath as the referee went to his knees as Connolly got a half Nelson on Bob, but by exerting what seemed superhuman strength he freed himself and gained his feet.

A game spirit was maintained on both sides, and a splendid spirit of friendly rivalry was marked throughout the match, only once did the referee have to speak in stern tones.

At 45 minutes Connolly got what appeared to be an advantage over Sutherland and how Bob escaped is yet a mystery. The pace now became fast and the men were obviously putting forth their best efforts. The local man frustrated an attempt for a leg hold and threw his man to the mat. Excitement now became intense and it seemed that Bob would score a throw after all. There were three minutes to run to time and both men seemed to realize it. The audience in the front were now standing and as Connolly once more escaped by the proverbial hair's breadth, time was called. Immediately the ring was beseiged by delighted spectators who showered congratulations on both men which they responded to by short speeches.

Remarking on his failure to throw Sutherland Connolly asked indulgence seeing that he had been travelling for quite a while, also lacking training. Not having met with defeat in the course of his seven years' career he was confident that, after training, he could beat the local man, but acknowledged the fact that Sutherland was a wee bit more than he had anticipated. If a reasonable gate would be forthcoming he would be prepared to wrestle to a finish in about three weeks' time.

Sutherland replying, said he had met his man before, and would be pleased to meet him again whenever convenient. He thanked the people very heartily for the splendid way in which they had supported him.

Induction of New Presbyterian Minister

Rev. Alec. Dunn, B.D., Enters Upon New Ministry

Last Thursday evening the ceremonies connected with the induction to the charge of the Presbyterian church of the Rev Alex. Dunn. B.D., took place, and were attended by a large congregation. The Rev. G. H. Daly, B.A., of Summerland presided as interm moderator, the Rev. C. O. Main, B.D., of Vernon leading the devotional exercises. The ceremony of induction was performed by the Rev. R. J. wilson. B.A., of Vancouver, who gave the solemn and inspiring charge to the new minister. An eloquent sermon was preached by the Rev. G. M. Milligan, D.D, of Vernon, the Rev. J. G. Reid, B.A., of Salmon Arm also delivered an address. The service was a most impressive one, and the special music rendered by the choir was much appreciated.

Mr. Dunn preached the Sunday services for the first time after his induction, and created a very favorable impression. He has had a very wide and varied ministerial experience, and it is anticipated will take a prominent place in the religious wora of the city.

He was at Fernie in the early days of that city, and again later in its history. His work has not been all confined to this country, he having spent some time teaching in Beyrout College, in Syria, and afterwards in College work in Central India. Latterly he has been assistant minister at St. Andrew's Church, Vancouver, where he was extremely popular. It is from Vancouver that he comes to Kelowna.

Wedding at Rutland

A wedding was celebrated on Wednesday morning at the Methodist church, Rutland, when Miss Ada Lock and Mr. Frank Bouvette were married by the Rev. W. Vance. The pretty bride was charmingly arrayed in white silk, with silk net, pearls and veil. The bridegroom was dressed in—oh well, it doesn't matter, he was there, anyway! Miss Emma Bouvette and Mr. Henry Lock supported the bride and groom, whilst Effie Bouvette and Jennie Lock made dainty-looking flower girls.

The church was very prettily decorated and well filled with their many friends who wished them the best of luck. Being the first wedding in the church the bride was presented by the officials with a handsomely-bound Bible, and the popular young couple were the recipients of many useful and valuable presents. In the evening a reception was held at the Bouvette home in town.

An interesting wedding ceremony took place last Friday at St. Michael's church when Miss Kate Thompson, of Toronto, Ont., was married to Provincial Constable John Tooth. The ceremony was performed by the Rev. Thomas Greene.

Okanagan Mission

A special vestry meeting was held at St. Andrew's Church on Friday, June 21st, to receive the report of the Vicarage Building Committee. The Rev. C. H. Meyrick occupied the chair, and about twenty-four residents attended. The report of the committee was presented by the Hon. Sec., Mr. Chater, and stated that two estimates had been sent in, by M. J. Curts of Kelowna and W. Thompson of the Mission. Both of them, however, would be in excess of the maximum sum agreed on by a previous Vestry meeting, and so the committee had prepared a provisional plan, the cost of which, with outbuildings and site, would be about $2,300. It was moved by Mr. A. H. Bell, seconded by Mr. R. Gray, that this more modest plan be adopted by the Vestry, and that building be started as soon as possible. Mr. J. H. Thompson wished to know how the financial position was, and in answer Mr. Harvey announced that about $1,300 had been promised for the vicarage, spread over three years. The rest would have to be raised by mortgage, and Mr. A. S. Burdekin stated that his father was prepared to advance the necessary sum at 6½ per cent. Mr. Thompson wished to know how the annual income of the church was likely to be affected by the proposed separation of the parish, and by the building. Mr. Harvey replied that an annual sum of about $700 would be required, while the present income was about $500. Mr. Thompson then moved as an amendment that the building of a vicarage be postponed until the Mission funds were more able to meet the increased annual costs of a separate parish; this was seconded by W. Walker, and carried. So that for the present. matters remain as they were.

The Okanagan Mission 2nd Tennis team won by 6 matches to 3, but the contest was quite a close one, as Kelowna won 12 sets and 114 games to the Mission's 9 sets and 106 games. The scores were as follows:--

Rev. C. H. Meyrick and J. H Thompson (Mission) beat L. E. Taylor and D'Aeth, 6-4, 6-3; beat Leigh and Leslie, 6-3, 6-4; lost to Dr. Boyce and Adams, 7-9, 3-6. E. W. Chater and R. Favell (Mission) lost to Taylor and D'Aeth, 7-9, 5-7; lost to Leigh and Leslie, 6-4, 5-7, 4-6; lost to Boyce and Adams, 5-7, 6-3, 4-6. R Fordham and J. Thompson (Mission) lost to Taylor and D'Aeth, 2-6, 2-6; lost to Leigh and Leslie, 4-6, 6-3, 3-6; beat Boyce and Adams 7-5, 6-4.

On Monday, June 24th, a close and interesting match took place between the Mission 1st team and the Rutland Bench. The Mission again lost, this time by 4 matches to 5. Mallam and Stubbs won all their matches, but the other pairs could only win one match between them. Results: Mallam and Stubbs (Mission) beat Leigh and Francis, beat Russell and Bentley, beat Bebb and Bond. Gore-Browne and Barneby (Mission) lost to Russell and Bentley, lost to Leigh and Francis, lost to Bebb and Bond. Bartholomew and Meyrick, (Mission) beat Bebb and Bond, lost to Russell and Bentley, lost to Leigh and Francis.

Two sales of property have recently been effected here, Mr. Gore-Brown having sold his lakeside ranch to Mr. Edgelow, just come to Canada from Smyrna, in Asia Minor, while Mr. Stubbs who has just lately sold his ranch at Benvoulin, has purchased Mr. Butler's property on the bench.

Okanagan Centre

(From our own correspondent)

Dr. Stuart, veterinary surgeon of Vernon, was down here Tuesday looking at some horses belonging to the Okanagan Valley Land Co.

Miss Orton and Miss Evans are camping together on the lake shore near Mr. Cæsar's.

Miss Chitchley, a recent arrival from the Old Country, is assisting Mrs. Rheam at the Grand View Hotel.

Arthur Cochrane, of the law firm of Billings & Cochrane of Vernon, was in on Friday last adjusting some matters in connection with the Code estate.

The government road gang were called away the first of the week to do some necessary repairs to the Woods Lake beach road, the high water having made some serious encroachments.

The government orchard inspectors paid the district a visit last week, looking over the local orchards for manifestations of pear blight and other troublesome diseases.

An accident, which might very easily have terminated fatally, occurred last week on the Vernon-Kelowna road. Mr. J. R. Bready was driving to Vernon with a horse and rig loaded with strawberries, and when reaching a point on the new road above Johnson & Carswell's sawmill encountered an auto. The horse became frightened and bolted over the bank upsetting the rig and scattering the strawberries all over the embankment. Just previous to the upsetting of the rig Mr. Bready jumped out, and miraculously escaped unhurt, with the exception of a severe shaking up and bruising all over. This is all the more remarkable as Mr. Bready is a man well advanced in years. A neighbor, Mr. Monsees, was coming along immediately behind, and was able to take Mr. Bready home again, the rig being all broken up. The driver of the car never stopped or rendered assistance in any way, just kept on going. We understand later that the owner of the car has made good to Mr. Bready tha amount of damage which ensued. There seems to be a manifest need for greater care being exercised by some of the drivers of automobiles, a lack of all consideration for that portion of the travelling public who have to confine themselves to the horse-drawn vehicles, being altogether too prevalent.

The Dominion Day Celebrations are now a thing of the past but we feel sure the memory of the enjoyable day spent by all will not soon fade away. Weather conditions were not as propitious as they might have been, and slightly marred some of the events taking place in the late afternoon, and the rain prohibited the open-air dancing for the evening, which would have been enjoyed so much by lovers of this form of amusement. Quite a number of people from different points in the Valley were present, and also from across the lake. The wharf was very tastefully decorated for the occasion with evergreens and bunting. Arches were placed at intervals across the main street, and the more prominent buildings were also decorated. The open-air dancing platform came in for its share, and was very prettily adorned with festoons of evergreens and Japanese lanterns. The most interesting event of the day was the fast launch race. The competitors were the "Otter" owned by Mr. Ewing, "Rip II." of Kelowna, and "Lugretta" owned by F. Wilson of Carr's Landing. The course was some eight miles in length. The "Lugretta" was in first winning by a minute and a half. The "Otter" came second half a minute ahead of "Rip II." Mr. Ewing unfortunately allowed a few drops of water to fall on his spark plug, which caused a vexatious delay till the water could be dried off again. The 6-10 h.p. launch race was won by Mr. J. Goldie, manager of the Rainbow ranch, and the 3½ h.p. by the Rev. D. Robertson. The lake was not in the best of shape for racing, quite a wind springing up in the afternoon and making it pretty rough and choppy. The swimming and diving competitions proved very interesting, and some excitement was caused by the cowboy race. Dancing was carried on till a late hour in the Westbury Hall and Grand View Hotel. The Women's Auxiliary ran a refreshment booth on the grounds throughout the day which rewarded their efforts by proving a financial success.

To the Editor of
the "Kelowna Record,"

Dear Sir,—Please express for us through the columns of the "Record" our heartfelt appreciation of the countless manifestations of sympathy during our recent bereavement.

We trust that all will regard these lines as our personal words of thanks for each of the many acts of kindness and sympathy and thoughtfulness.

—MR. & MRS. G. A. ROBISON.

Mr. and Mrs. G. A. Robison desire in this way to thank the Mission Band, the True Blue League the Kelowna Study Club, the Methodist Sunday-school, the pupils of Miss Fullerton's class, and all other friends who so kindly sent such lovely flowers during the illness of their little daughter, and after she had passed away.

Dysentery is always serious and often a dangerous disease, but it can be cured. Chamberlain's Colic, Cholera and Diarrhœa Remedy has cured it even when malignant and epidemic. For sale by all dealers.

Town and Country

Mrs. Leon Robison arrived last Friday from California to join her husband here. Mr. Robison has rented Mr. Harold Newby's cottage, the latter having moved into his new house.

Mr. J. C. Stockwell is selling by auction next Wednesday the effects of Mr. H. Wallace. The sale will take place at 2 o'clock, next to the sawmill office.

Mr. Dobie, who has been reinstated as manager of the Okanagan Telephone Co., was in town last week.

Mr. E. Wrench, founder and general organizer of the Over-Seas Club is to address a meeting in Raymer's Hall to-night.

Messrs. Coates, Edwards and Gowen have completed the purchase of their premises known as the Elliott Block, upon which they have had an option for some time. The price it is understood was $14,000.

Ald. Millie left yesterday for an extensive tour of eastern Canada and "Ould Oirland," which country was responsible for his birth. He will be absent some three or four months and was accompanied by Mrs. Millie.

Ald. R. A. Copeland left last week-end on a visit to Calgary, to take in the fair. He will also act as delegate for the city at the convention called to consider the effect of the Panama canal on western Canada.

The local Orange Lodge will hold their annual church parade on Sunday evening next, marching from the lodge room in Raymer's Hall to the Baptist church at 6.30 p.m, The Rev. D. J. Welsh will preach. All visiting Orangemen are invited to take part.

Mr. A. W. Dalgleish has sold out his interests in the implement firm of Dalgleish & Glenn, the latter partner taking over the whole business. Mr. Dalgleish finds that his Rutland property, upon which he is making extensive improvements has now reached a stage when it demands his whole attention.

Dr. Gaddes and Mr. A. W. Dalgleish have arranged for an interesting automobile trip shortly. They will take two cars with their respective families, driving as far as Winnipeg. Mrs. Dalgleish is now staying in Winnipeg.

The Dominion Day holiday was somewhat unfortunately marred by the rain which, though welcome enough for other reasons treated the pleasure seekers badly. At Penticton, where races and sports were being held, the weather was worst, the north end of the valley strange to say having comparatively fine weather. Thus the celebrations at Armstrong proved a great success, including the flying exhibition which realized all expectations. What is the matter with having a similar display at Kelowna fall fair?

On Tuesday last at the regular meeting of the fire brigade the boys decided to arrange and manage another wrestling match for Thursday, July 18th, between Bob Sutherland and Pat Conolly, who signed an agreement and posted a forfeit with the brigade secretary. The articles call for a contest to a finish—best two falls out of three—with a time limit of three hours actual wrestling. This sounds very satisfactory.

Buy it now. Chamberlain's Colic, Cholera and Diarrhoea Remedy is almost certain to be needed before the summer is over. Buy it now and be prepared for such an emergency. For sale by all dealers.

Labor for Fruitgrowers

As a result of an inquiry conducted by the British Columbia Fruit Growers' Association throughout the various fruit districts of the province, asking what labour would be required for the current year, it is of interest to note that the fruit districts are much more thoroughly supplied with labour than was the case two years ago, when the last general inquiry was instituted. At that time fruitgrowers made application for 1450 men; as a result of the present enquiry they have asked for only 300.

Wages in the fruit districts have advanced slightly in two years, and the conditions of the working man have also inproved in that fruitgrowers are more generally supplying comfortable lodging and suitable board.

From the inquiry it was learned that on Vancouver Island and in the Lower Mainland suitable help can be secured with little difficulty without any special effort on the part of organizations for the purpose. It is true, however, that in these districts the Chinese and Japanese to some extent receive the preference over white men.

The Okanagan, which will have the largest crop of fruit in its history this year, has made the most enquiries for labour, and it is evident that there will be suitable employment for men adapted to the work of harvesting and handling fruit.

Summerland's tax rate has been fixed for the present year at 12 mills on the dollar.

The western trip of the Duke of Connaught is to extend only as far as Winnipeg.

Field Marshal Sir George Stuart White, defender of Ladysmith, and one of the most distinguished soldiers in the British army, has just died.

The Dominion Government will build an elevator this year at the head of Lake Superior that will hold 3,000,000 bushels of grain.

Hon. Sam Hughes, minister of militia, has decided not to comply with the request of the Historical Association of Massachusetts to return to the United States the gun captured by the British at Bunker's Hill. The proposal has met with much opposition in Canada and the minister has decided to adopt a "What we have we hold" policy in regard to war relics.

Nearly 200 strong, representing investments of millions of dollars in lumbering, grain farming, mercantile and railroad interests, men of western Canada's most successful organizations gathered in Calgary this week for the Panama canal conference. They are meeting together to arouse interest throughout Canada in general, so that when the Panama canal is opened Canada will have in its Pacific seaports those facilities that will enable the Dominion to take its place with the other nations of the world in reaching forth and grasping the opportunities that the new waterway route will open up.

Twenty - six years ago last Friday (June 28) the first transcontinental train of the C.P.R. left Dalhousie station, Montreal, for the Pacific coast. The western terminus was then Port Moody which was shortly after changed to Vancouver, and the eastern terminus of the road was Montreal, and not St. John, N. B., as it is today. During the interval marvelous changes have taken place in the development of the country. At that time there were many who despaired of the future of the C.P.R., and imagined that the attempt of Canada to build a railway across the continent was an impossible dream.

If you are a housewife you cannot reasonably hope to be healthy or beautiful by washing dishes, sweeping and doing housework all day, and crawling inio bed tired at night. You must get out into the open air and sunlight. If you do this every day and keep your stomach and bowels in good order by taking Chamberlain's Tablets when needed, you should become both healthy and beautiful. For sale by all dealers.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for the lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the *tract applied for shall be staked out by the* applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

Athletics

Sports, so far as Kelowna is concerned, seem of late to be much the same as the weather—very cloudy. On both the baseball and lacrosse league tables they have gone near zero whilst the football has been laid very low, more on acconnt of bad weather than anything else.

The lacrosse game Thursday last proved a fiasco so far as local hopes were concerned, Armstrong taking the point by 9 goals to 4. It is greatly to be regretted that the old spirit of spite rather than sport, about which we had complaint last season, has once more been allowed to creep into the games—that fisticuffs and doctors' bills should take the place of game, clean sport and a better gate. This was in strong evidence last week, and whilst we attach no direct blame to either side it is only fair to add that the two injured men were both members of the Kelowna team and both laid out by the same man who was suspended for two minutes. Giving them their due, the Armstrong team were easily superior to the local boys, who lack a goal-keeper. Rumor has it that Speer, who is at present in Vancouver, will again play; indeed he did on Monday against Armstrong, at Armstrong, where the boys once again forfeited the point, the result being 5-4. This is all too bad, but it all rests with the boys themselves, and the result of the first match with Vernon would suggest that they are capable of far greater things.

Score by Quarters:

	1st Qr.	2nd Qr.	3rd Qr.	4th Qr.
Armstrong -	2	2	1	4
Kelowna -	0	1	3	0

	Played	Won	Lost	Goals For	Ag'st	Points
Armstrong	3	3	0	20	11	3
Vernon	3	1	2	14	24	1
Kelowna	4	1	3	24	25	1

Next game is July 12–Kelowna v. Vernon, at Kelowna.

Coming to baseball much about the same state of affairs seems to exist. Last Wednesday they lost to Enderby and Monday they lost to Vernon at Vernon, the result being 13-6. Enderby seems to have a great team, but they met their match last week when they played Armstrong who beat them after a great game 4-1. Nevertheless they still remain an easy first in the league. Their next game is on July 12th at Kelowna when Vernon play lacrosse here as well. This is the date of the Orange Lodge festival and should help to make next Thursday a regular banner day.

	Played	Won	Lost	Runs For	Ag'st	Points
Enderby	6	5	1	70	32	5
Vernon	6	3	3	53	48	3

Lower Town 5 Upper Town 0

The local lacrosse match mentioned in our last issue took place between the Upper and Lower Town Juniors on Thursday last prior to the playing of the senior league game, with the above result. It was a matter for regret that more spectators did not attend to encourage the boys who at 3.30 lined up as follows:—

Lower Town		Upper Town
D. McMillan	Goal	V. DeHart
E. McLennan	Point	C. Knight
W. Fuller	C. Point	B. Raymer
G. Kincaid	1st Defence	W. Philp
R. Bouvette	2nd „	V. DeHart

C. Weddell	3rd Home	R. McGee
B. Fletcher	2nd „	Geo. Curts
C. Shayler	1st „	G. Pettigrew
R. Sutherland	Out „	M. Copeland
W. Raymer	In. „	J. Copeland

The Lower Town opened the score in the first quarter and scored twice, the ball being for the greater part of the time at the Upper Town end of the field.

In the second quarter the Upper Town boys made a change in their goaltender, Geo. Day taking the place of Victor DeHart, but still the ill-luck which seemed to dog their path remained with them and to make matters more uncomfortable the Lower Towners scored two more goals.

At half-time there was a little trouble with the Upper Town team, who wished to make some changes in their players, which, of course, the Lower Town team would not stand for and after an interval of about ten minutes an amicable understanding was arrived at and play resumed.

In the following quarter play was about even the Upper Town boys making a good effort to retrieve the lost goals, but all to no purpose, instead their opponents once more netted the ball for a score of 5-0.

The final quarter was practically a replica of the third, except for the fact that no goals were scored, and the match closed in favor of the Lower Town team by the aforesaid score.

Hot, did you say?

Yes, we know it is. It is a shame for any woman to stand over a fire more than is absolutely necessary this weather. Don't do it.

Feed the Good Man on Salads and Cold Meats

Boiled Ham, sliced and garnished with lettuce is good, or salad, with Lobster, Chicken, Shrimps, or any canned Fish or Meat, and use Royal salad dressing, or if you prefer home-made dressing use

"Map of Italy" Olive Oil

in it.

Then for dessert use Fresh Fruit or Canned Fruit (the "Niagara" brand is a good one), or better still a fruit salad

Teletypographing

Great activity is being evinced by numerous inventors in the field of telegraphic science for the purpose of increasing the advantages of this system of communication, a result no doubt due to the powerful competition that has been offered by the widespread use of the telephone. A Continental inventor has perfected an appliance which he describes as the 'teletypograph.' The idea is to enable messages to be telegraphed to an addressee and immediately written down, a kind of typewriter being employed for the purpose. The inventor has submitted his apparatus to the French Government postal officials, who have expressed a desire to see the invention in actual operation, and who propose to introduce it on lines of lesser importance at first where the telegraph operators are not very expert in handling the Morse code. Should the system prove commercially successful under these conditions its application will be extended to first-class lines, and possibly adopted throughout the whole French telegraphic system.

THE COLOR OF ANIMALS

The Influence of Surroundings on the Coloring of Animals and Birds.

That colour may be influenced in some cases by the taking of special kinds of food is well known, but little is understood as yet of the extent to which pigmentary colour in animals is related to the particular kind of food they eat. Writing upon the subject of this question in his work upon "The Colour-Sense," Mr. Grant Allen draws attention to the fact, as of probable significance, that the two most beautiful classes of animals in the world, as far as colour is concerned — butterflies and humming-birds — are, perhaps, the most exclusively flower-hauting of all invertebrate or vertebrate creatures respectively, and the parrots and their allies, which possess equally beautiful colouring, are fruit-eaters. Indeed, a correspondence with, if not a direct relationship to, the colour and nature of food, as well as of habitual surroundings, may be traced, with few contradictions, and many of these but seeming; and the general rule emerges that animals that possess conspicuous colouring themselves are those, also, which live upon the essence of flowers, or fruits, and are guided, in the search for food, by their "eye for colour." The inverse of this rule is found equally to correspond, on the whole, with facts, for the raptorial birds, which live mostly in the air, and whose senses are more attuned to discriminate sound and movement, are generally, themselves wanting in bright colours. The whiter-plumaged birds in a flock of pigeons, for instance, are nearly always the first to be destroyed by hawks on land, and on the coast where there are sea-eagles, black pigeons are at an equal disadvantage.
