VOL. X. NO. 17. KELOWNA BRITISH COLUMBIA, THURSDAY, MARCH 14, 1918.—4 PAGES $1.50 Per Annum

Seed Growing Presents Great Opportunities

If the farmers of British Columbia fail to take hold of the opportunity presented to them of getting into the business of seed growing, and making it a permanent and substantial industry, it will not be because of lack of government, assistance and encouragement. Up to the present time, it was pointed out by Prof. Boving, of the University of B. C., at a meeting yesterday in the Board of Trade room, 95 to 66 per cent. of the seed used has been imported into Canada, a large amount of it from Germany and other parts of Europe, and this notwithstanding the proven fact that Canada could produce the greater part of this in just as satisfactory a manner. Prof. Boving has spent many years in eastern Canada experimenting in this matter, but has come to the conclusion since his residence in this province that while the East can produce most varieties satisfactorily, he doubts if there is any country in the world where seed can be developed to greater perfection than in British Columbir.

The growing of seed, Prof. Boving pointed out, is a business where careful attention to details can make a great difference in both the yield per acre and the quality, and he therefore advised growers not to attempt too much at the outset. He counselled rather concentrating on one or two varieties in order to establish the best possible strains.

The business was a very profitable one, though he admitted there seemed too great a spread between the price paid to the grower, and the price at which the seed was sold to the user.

The professor gave a very detailed and interesting explanation of the methods adopted in producing different kinds of seed, with the probable yield and returns to be expected. As an instance mangel seed should show an average yield of 2000 lbs. to the acre. The contract price was 25c. and with a subsidy of 3c. would give a return of $560. The cost of growing had been worked out at $150 to $160 per acre. Two years were required to produce the seed crop.

Mr A McMeans, who is connected with the Seed Branch of the Dominion Department of Agriculture, gave some startling figures regarding the immense quantities of seed demanded by the market. California had already gone extensively into the business and he told of one concern which had raised 9000 acres of sugar beet seeds at a cost of 8c. which compared very favourably with the former price for imported seed. There was no reason why B. C. should not enter this business and make a success of it.

Mr. McMeans announced that he and Prof. Boving would be in Kelowna until Friday, and had authority to make contracts with farmers who desired to do so. They would be pleased to give all necessary information.

The local secretary for the Prisoners of War Fund reports the receipts during February, including the balance brought from January, to amount to $160.26.

The expenditures were as follows: Paid to Prisoners of War Fund $95 (including $5, share of proceeds of Billiard Tournament from Mr. Whitehead), paid to Red X Society $51.75, balance retained to cover expenses $13.51.

The following donations were received: G. McKenzie Co. Ltd., ter; Casorso Bros., butter; Kelowna Meat Market, butter; Jas. H. Trenwith, china for prize.

Enemy airmen bombarded Paris last Friday. There were some casualties. Berlin says this is in reprisal for alleged allied raids over Manneheim and Trier.

Coyotes and cougars are playing havoc with the deer in some parts of the Okanagan this spring. In the mountain sections there is a heavy crust on the snow which enables these marauders to approach their prey with ease. One settler reports that in a distance of a few miles above Lumby he saw recently the bones of seventeen deer.

Rutland News

(From our own Correspondent.)

The social held yesterday under the auspices of the Methodist Ladies' Aid proved one of the most successful of its kind ever held. The chief item on the programme was a sketch entitled "Sewing for the Heathen," in which Misses Alma and Abbie Wilson, Earla and Jean McDonald, Edith Gay, Joy and Amy Fleming and Ray Elliott took part. Pianoforte duets were given by the Misses Homuth and the Misses Dalgleish, whilst Everett Fleming, Leon Fitzpatrick and others gave recitations, Mrs. Griffiths contributing a violin solo, and Miss Morrison a pianoforte solo The programme was long and varied and the ladies sincerely thank the contributors of the items. The sum raised was $45, which will go towards the purchase of new hymn books.

The Rev. John McNeill, of Westminster Hall, Vancouver, will speak in the Methodist church Sunday evening on the work of the Sunday-school.

Leslie Richards has secured a position as steward on the S.S. Sicamous.

At the Rutland United Farmers' meeting on Monday next at 8 p.m., Mr. L. V. Rogers will give an address on Proportional Representation. As this is a subject coming strongly to the front and should be understood by all, the meeting will be an open one. Farmers bring your wives along.

Benvoulin Notes

Mr. D. McEachern, from the Prairie, is spending a week with his parents, Mr. and Mrs. D. McEachern.

The drawing for the box of apples donated by Mrs. J. Conlin to the Benvoulin Red X Society, took place on Monday afternoon, the lucky number being 104, and Mrs. Johnston of Penticton held the number.

The Benvoulin Red X Society will meet at the home of Mrs. G. Scott on Thursday, March 21st.

Mrs. T. Munson arrived home on Saturday, after spending the winter with her parents at Olds, Alta.

Mrs. A. Burrell is visiting friends at Armstrong.

Mr. and Mrs. Dan McPhee are moving to Hanley, Alta.

May Exempt Improvements

A petition to the government from 1800 farmers of unorganized districts of British Columbia asks for the exemption of farm improvements from taxation and also discusses what the farmers consider is the excessive taxation burden they have to bear at present.

The government is asked to remit and abolish the surtax brought into force last year by which taxation on lands in unorganized districts was doubled. It is also requested that courts of revision appointed under the Taxation Act be composed of a county court judge assisted by two competent assessors residing in the district.

It is understood that the government proposes to provide for exemption to farm improvements.

The payroll in Vancouver is now estimated at $1,000,000 per month.

Following a dance held in a Ruthenian schoolhouse about five miles south of Hafford, Sask., three dead bodies were found in the snow and one young girl is missing. The tragedy occurred during the blizzard last week-end.

After Mr. E. D. Barrow, M.L.A., Chilliwack, had explained the workings of the Frazer Valley Milk Producers' Association to a meeting of some 60 milk shippers, representing southern Vancouver Island, committees were appointed to organize the island from Chemainus south. If 80 per cent. of the shippers will come in on the scheme the organization will proceed along the lines adopted on the mainland.

Valuable Series of Lectures to Farmers

A series of lectures arranged under the auspices of the Kelowna Farmers' Institute were delivered last week at various points, commencing with Glenmore on Thursday afternoon, when Prof. F. M. Clement, of the B.C. University, spoke on the work being done by the B.C. Fruitgrowers' Association, Mr. R. S. Treherne, Dominion entomologist, on "Bugs," and Mr. J. A. Grant, Markets Commissioner, on "Prairie Markets."

Prof. Clement showed the many advantages gained and to be gained by the organization of fruitgrowers into a province-wide association, which was able to keep its members in touch with all developments affecting their interests, and to make a united stand in dealing with Federal or Provincial governments regarding legislative measures. The speaker also outlined the proposed advertising campaign to popularize B.C. fruit on the prairie, and asked for generous support on the part of all growers and shippers. Mr. Treherne adapted his talk on "Bugs" to the needs of the district and drew particular attention to the locust, which tended to become a very prevalent pest in Glenmore and on the benches, aphis and woolly aphis, with directions for effective control in each case. He strongly advocated the use of power sprayed wherever possible as being far more effective than hand methods.

Mr. Grant showed how conditions on the prairie were becoming more and more favorable to the development of a convenient and unlimited market for the products of the Okanagan. He urged that every effort be made to avoid the competition and price cutting which resulted in unnecessarily low prices to the growers. By proper co-operation the grower could get better returns from his labor and invested capital.

On Thursday evening lectures were held at three points simultaneously, namely, Rutland, Mission Creek and Kelowna. At Rutland Mr. M. S. Middleton, provincial horticulturist, gave some timely advice on the top working of winter injured trees, by cutting them down below the lines of injurs and utilizing the old root.

At Mission Creek Mr. Grant spoke again on "Prairie Markets," while Mr. A. B. Tweddle, of the Agricultural Statistics Branch, explained a very practical and easy method of keeping farm accounts. He stated that the department had a supply of all forms necessary for distribution free and would render all assistance possible to the beginner.

In Kelowna, Prof. Clement took up the matter of "War Gardens."

An important addition to the regular schedule of meetings was a talk at Rutland Friday by Prof. J. A. McLean of the B. C. University, on "Community Live Stock Breeding." Prof. McLean, who had made a special journey from the coast by request to deliver this address, pointed out the many advantages to be gained by confining a district to one breed of cattle, and concentration of effort to improve this so as to gain a reputation for it.

The discussion naturally turned on what breed should be adopted, and it was felt that as the Holstein had already secured a considerable hold here an effort should be made to adopt that breed of cattle.

New Surgical Discovery

A new surgical discovery, changing the whole method of blood transfusion, is announced at the French Academy of Medicine. From half a pint to one pint of blood can be drawn from the subject without pain, and without wasting a drop of blood. It is then chemically treated and bottled to be saved until wanted for injection into the veins of a patient. A small hypodermic needle is used for both giving and receiving the blood, so there is no danger, and no pain to either party.

Hogs Can Help to Win the War

To boost the pig as a factor in winning the war was the object of a visit last week to Kelowna of Mr. J. S. Harris, of Moresby Island. Mr. Harris, besides being an enthusiastic and successful farmer in several lines, as well as a breeder of pedigree Jerseys, is a past master in the art of hog raising, and his talks on the subject are full of interest for all pig owners. Mr. Harris spoke at Rutland and Mission Creek, taking advantage of the Farmers' Institute lectures there his own visit having been somewhat unexpected, and not known of in time to be fully announced.

Mr. Harris prefaced his remarks by referring to the present serious shortnge of foodstuffs and the necessity for producing and conserving every ounce which can be shippeb overseas to feed the Allies. Bacon was one of the things which contained a large amount of nutritive matter in proportion to its bulk, and therefore was an easy thing to transport just now when ships were scarce.

He was not out to advocate extensive hog raising where the farmer had to buy a lot of mill feed at the present high prices to do it. He specially advocated spring pigs to be raised on summer pastures and sold in the fall. If all farmers who could would thus utilize their summer feed to the full extent, the pig production might easily be doubled without going to any great expense for mill feed. Even weeds and cut-offs from root crops and other waste could be turned into pig with proper means. An outdoor cooker was a wonderful saver of waste foods for hog feeding.

For the mill feed used he recommended dry feeding instead of slops, using a self-feeder to save labor, and a self waterer.

In addition to these lectures, Mr. Harris visited the Rutland and Kelowna schools and spoke to the scholars on the pig clubs which were being formed in various places.

He would be back again in the district he said later in the fall and would be interested to know just what had been done.

Replying to a question in the Commons Sir Gilbert Parker representing the food ministry, declared that until further orders no fresh grain may be used in brewing.

Roumania Forced Into Practical Surrender

Roumania, through the failure of Russia, has been put into a position little less than tragic, said Andrew Bonar Law, Chancellor of the Exchequer, addressing the House of Commons Thursday night. At present, he said, peace negotiations were proceeding between Roumania and the Central Powers and it would not be right to go further than to reiterate the sympathy felt for the Roumanian people and the regret that conditions absolutely beyond the control of the Allies rendered it impossible to go to her assistance.

Referring to the Mesopotamia and Palestine the chancellor said he doubted whether it ever had been possible to carry out decisive operations by means of troops transferred by sea.

It was never expected, the chancellor explained, that the Saloniki forces would be solely on the defensive. There had been reason to believe they would play a part in another way, but the events in Russia had made that impossible. He intimated that it was not impossible the Saloniki forces might be attacked, but predicted that the Central Powers would pay dearly for every yard they drive the Allies back.

But for the position the Allies were now holding Constantine would still be on the throne of Greece and the whole country overrun by the Germans, who would have been able to control the Balkans from all sides. This would have been a great accession of strength he pointed out, while the Greek harbour also would have been at the disposal of enemy submarines, and it would have been almost impossible to keep up communications with the east.

The Rev. A. Dunn and two children left yesterday for Vancouver, where Mr. Dunn intends to take up his residence for the present.

Seven or eight German airplanes made a raid over England last Thursday. One of them reached London and dropped bombs in the northwest and southwest districts of the city. Eleven persons were killed and forty-six injured. Six other persons, it is believed, are still buried in the wreckage.

Enlist Next Week as "Soldiers of the Soil"

With the purpose of getting the "Soldiers of the Soil" movement started in Kelowna and district the Rev. J. A. Miller of Vancouver was in town this week, and as a result of his visit definite steps have been taken in readiness for "Enlistment Week," which is from the 17th to the 23rd of this month.

As already explained the movement seeks to enlist the services of High School boys from 15 to 19 years of age to assist in farm work and production during the coming season. As this new youthful army is expected to have at least 25,000 boys on its roll in Canada, many of whom have already had some experience in farm work, the effect on production this year should be enormous. The scheme is not new entirely for a similar plan was tried with great success in Ontario last year.

This great scheme, inaugurated by the Canada Food Board, will be under the direction of Mr. Taylor Statten, the national secretary for Y.M.C.A. boys work. Mr M. Wright of Vancouver, will act as provincial secretary.

The Department of Agriculture has undertaken to prepare a roll of farmers requiring help so that no time may be lost, while the movement itself will look after all details of enlisting placing and supervising the boys.

Recognizing that this is war work just as much as other branches of non-combatant service, a special bronze medal will be struck and boys who can show show three months' service with the "Soldiers of the Soil" will be entitled to wear it. Even boys who are working on their father's farms can enlist and their services will count just the same.

Arrangements are being made by the Department of Education so that boys who thus serve in farm work may be released from their studies with as little loss of position and interruption in the progress of their studies as possible.

Mr. L. V. Rogers, high school principal, has undertaken the work of enlisting the boys of this district.

Mr and Mrs. Smith, visitors from the prairie who have been living at the Garth, returned to their home this week.

CANADA

Income Tax Forms

Are now available

Returns must be filed on or before 31st March

THE Dominion Income War Tax Act requires you to fill in one or more of the five special Forms provided before 31st March, 1918. In order to assist the public to understand just what is required of them, information on each Form is given below. Read carefully, then get three copies of the form that fits your case and fill them in. Answer all questions fully and accurately. For making false statements, **a penalty of $10,000 or six months' imprisonment, or both, is provided.**

Individuals.—All persons unmarried, and all widows or widowers without dependent children, whose income is $1500 a year or more, must fill in Form T1. All other persons whose income is $3000 or more, use the same Form. Where any income is derived from dividends, list amounts received from Canadian and Foreign securities separately. Fill in pages 1, 2 and 3 only. Do not mark on page 4. Partnerships, as such need not file returns, but the individuals forming the partnerships must.

Corporations and Joint Stock Companies, no matter how created or organized, shall pay the normal tax on income exceeding $3000. Use Form T2—giving particulars of income. Also attach a financial statement. Under Deductions, show in detail amounts paid to Patriotic Fund and Canadian Red Cross or other approved War Funds.

Trustees, Executors, Administrators of Estates and Assignees use Form T3. Full particulars of the distribution of income from all estates handled must be shown as well as details of amounts distributed. A separate Form must be filled in for each estate.

Employers must use Form T4 to give names and amounts of salaries, bonuses, commissions and other remuneration paid to all employees during 1917 where such remuneration amounted in the aggregate to $1000 or over.

Corporation Lists of Shareholders.—On Form T5 corporations shall give a statement of all bonuses, and dividends paid to Shareholders residing in Canada during 1917 stating to whom paid, and the amounts.

Figures in every case are to cover 1917 income—all Forms must be filed by 31st March. For neglect, **a fine of $100 for each day of default may be imposed.**

In the case of Forms T1 and T2, keep one copy of the filled in Form and file the other two with the Inspector of Taxation for your District. In the case of T3, T4 and T5, keep one copy and file the other two, with the Commissioner of Taxation, Dept. of Finance, Ottawa.

Forms may be obtained from the District Inspectors of Taxation and from the Postmasters at all leading centres.

Postage must be paid on all letters and documents forwarded by mail to Inspector of Taxation.

Purchase Seed as Soon as Possible

Farmers who have not already made provision for securing the seed grain necessary for the crops they plan to grow during the present year will now have great difficulty in obtaining good selected seed. Throughout the Dominion of Canada and the United States a great scarcity of practically all kinds of seeds exists, and those who have not as yet filled their requirements would be well advised to take immediate steps to do so.

The Department of Agriculture is receiving daily many requests from farmers asking that they be supplied with seeds of different kinds. It is obvious that it would be an impossibility, neither would it be sound policy, for the Department of Agriculture to undertake to meet the requirements of all those people who ask for assistance of this kind. It is the duty of cultivators of the soil to make provision themselves for their seed requirements, and all progressive farmers under ordinary conditions do so.

Instances occur, however, when there may be a total or partial crop failure in certain districts where the assistance of the government in the way of supplying seed grain is, in the public interests, both necessary and advisable.

In these times, when the greatest crop production is essential for the well-being and very existence of our British Empire, it would be nothing short of a calamity if any lands ready for crop were to lie idle owing to the owners being unable to secure the necessary seed.

GOVERNMENT METHOD

The Hon. Minister of Agriculture has therefore authorized the purchase by the Department of a number of carloads of wheat, oats and barley, which will be placed for distribution at those centres where there is the greatest need for seed. The "Seed Grain Act" introduced on the opening day of provincial legislature, gives authority to the Minister of Agriculture to purchase seed grain to any amount not exceeding $20,000, at any one time, for distribution to farmers, the recipient of the grain to pay the actual cost of same, or, in the event of his being unable to do so on delivery, he shall sign a promissory note which shall be payable on a date to be fixed by the Minister, not later than December 3 next, following the date of the sale, with interest payable thereon at a rate not exceeding 7 per cent. per annum. As an additional security for payment of seed grain, the Minister shall file for registration in the Land Registry Office for the district in which the lands described in the application for the seed grain are situate, a certificate which establishes a first charge against the lands as additional security for the seed grain supplied. A number of carloads have already been purchased by the Department of Agriculture, but farmers are advised not to rely on this source of supply, as it is highly probable that, owing to the great seed scarcity, it may be impossible for the Department to fill all requirements.

NOT RESPONSIBLE

In undertaking this work the Department of Agriculture accepts no responsibility whatsoever. Every effort will be made to secure the best seeds procurable at the lowest prices prevailing, but it must be clearly understood that they do not guarantee either quantity or quality and that the main object will be to have a supply on hand for distribution to those farmers who by reason of crop failure last year, or through other legitimate causes, are not in a position to secure for themselves the necessary grain seeds for seeding lands that they have ready for crop.

Orders for Local Scouts

Kelowna Troop
Troop First; Self Last

Edited by Pioneer. Mar. 12, 1918

ORDERS by command for week ending March 23, 1918.

DUTIES: Orderly patrol for week Wolves; next for duty, the Eagles.

PARADES: The combined troop will parade at the clubroom on Wed. and Sat. Mar. 20th and 23rd, at 7.15 and 2.15 respectively.

The offices of Troop Leader and Secretary-Treasurer have been divided. P.-L. Richard Parkinson has been appointed Troop Leader and P.-L. Henry Crowley will continue to act as Sec.-Treas., with P.-L. Chas. Gaddes as his assistant. Scout John Groves has been appointed assistant librarian.

• • •

Recruit Edward T. Groves has passed the required tests for his Tenderfoot Badge. T.-L. R. Parkinson has passed the First-class Signalling Test and Second George Mantle passed the required tests for the Horseman's Badge before Mr. A. Cameron on March 2nd. Mr. Cameron has set Saturday the 16th, at Guisachan, at 9 o'clock in the morning, as the time and place for all those scouts to re-try the tests for the Horseman's Badge who failed to pass the same at the first attempt.

• • •

Commissioner Heneage passed through Kelowna on Friday afternoon last on his way to Summerland, thence to Penticton and the Kootenays. He will be back in Kelowna for the concert.

• • •

There are two troops in Vernon, one attached to All Saints' Church which is going to endeavor to carry on under the care of the Rev. Laycock, and the other troop is going to try and carry on under its Leaders alone, as senior officers cannot be found. We wish these two troops every success and have always felt that there should be a good strong troop at Vernon.

• • •

At the local theatre last week one had an opportunity of seeing some American Boy Scouts at camp, &c., and was able to judge between the respective appearance of the American Scout's uniform and our own. We do not think there is much doubt but that shorts make a far neater uniform than knee breeches.

• • •

The Otters took a fall out of the Beavers at basketball last Friday, by the small score of 3 to 2, after a very close game. On Friday of this week there will be two matches commencing at a quarter to 8, and any of our friends who care to see the game played will be welcome.

• • •

Coming Events—Easter—Mock trial and all-day hike. End of April or first of May, Concert. July, Camp.

We have sent away for the following musical instruments: 1 boy scouts drum; 18 kazoos; 2 sonophones; 2 humanotones. These are for the concert, so "Be Prepared."

Correspondence

To the Editor, Kelowna Record,

Dear Sir,—I understand a petition, asking the Minister of Agriculture to authorize the formation of a new pound district, is now being circulated. Being a resident in the district, without any voice in the election of poundkeeper, I would respectfully suggest, to those concerned, that it is a splendid opportunity to do something for one of the returned soldiers in their midst.

Thanking you for giving me space in your valued paper, believe me to be,

Yours very truly,
J. R. BEALE.

Auction

Being instructed by Mrs. C. PROWSE, I will sell at her residence in Glenmore, 2½ miles from Kelowna, on THURSDAY MARCH 28th, all her neat household effects, live stock and movables, comprising:—

Bay Horse, good worker, weight 1200 lbs., large Black Horse, good worker, weight 1500 lbs, pure bred Holstein Cow (freshen May 1), Shorthorn Cow (freshen May 1), pure bred Holstein Heifer (freshen soon), 60 pure bred White Leghorn Pullets and Cockerel, 10 Rhode Island Red Hens. Household Furniture—Mahogany Parlor Suite (4 pieces), Mahogany China Cabinet, small Mahogany Table, Smoker Cabinet, Mantle Clock, Fumed oak Sideboard, cost $90, 2 Aladdin Lamps, Carpet Squares and Stair Carpet, 2 Heating Stoves, Lace Curtains, Kitchen Table and Chairs, Brass Bed, White Iron Bed, 2 Box Mattresses and Springs, Sanitary Couch and Mattress, G. R. Prowse range, Wood Box, DeLaval Separator, Beatty Bros.' Churn, small Churn, Fruit Jars, Doll's Table and Bed, small Rocker, Kitchen Utensils, Washtubs and Wringer, Milk Pails, 2 sets Double Working Harness, Set Double Driving Harness, 2 sets Single Driving Harness, 2 Horse Blankets, Single Wagon, with box and fruit rack, Double Wagon Box, Democrat, Top Buggy, Set Heavy Springs, Subsoil Plow, Potato Digger, Plow, Large Roller, Set Spring Tooth Harrows, 2 Cultivators, Planet Junior Cultivator, Hand Cultivator and Seeder, Mandy Lee Incubator, "Reliable" Incubator, Brooder, Hot Water Tank, 25-gal. Oil Tank, Wagon Pole, Wheelbarrow, Large Vice, Corn Grinder, Hot Bed and Sash, Lot of Carpenter Tools, Sleigh, 5 bundles Page wire Fencing (hog tight), Lot of Chains, Forks Shovels, Large Roll 9-strand Page wire, &c. Everything to be sold without reserve as Mrs. Prowse, is leaving the place.

Sale at 1 o'clock sharp

LAND REGISTRY ACT
(Section 24)

In the matter of an application for duplicate certificate of title No. 5288D issued to Simon T. Elliott covering 79.61 acres of S.W. quarter of Section 25, Township 26, Osoyoos Division, Yale District.

Notice is hereby given that it is my intention at the expiration of one month from the date of first publication hereof to issue a duplicate certificate of title covering the above lands to Simon T. Elliott, unless in the meantime I shall receive valid objection thereto in writing.

Dated at the Land Registry Office, Kamloops, B.C., the 15th day of February, A.D. 1918.

C. H. DUNBAR,
14-8 District Registrar.

NOTICE

In the matter of the estate of Rembler Paul, late of Kelowna, in the province of British Columbia, deceased.

Notice is hereby given that all creditors or other persons having any claim or demand against the estate of the above deceased, who died on the 18th day of November, 1916, and Probate of whose Will was on the 31st day of October, 1917 granted to The Royal Trust Company, are required to send in their claims to The Royal Trust Company, 732, Dunsmuir Street, Vancouver, B.C., the executor of the estate, on or before the Tenth day of April, 1918, after which date the estate will be dealt with having regard only to the claims and demands then received.

Any claim over $5 must be verified by statutory declaration.

R. B. KERR,
of 7, Rowcliffe Block, Kelowna, B.C.,
16-0 Solicitor for the Executor.

WATER NOTICE

DIVERSION AND USE

Take notice that Francis J. Nicholas, whose address is Rutland Post Office, B.C., will apply for a licence to take and use 500 gallons per day of water out of Buck Creek, which flows South and drains into Mission River about centre of Lot 4086. The water is to be diverted from this stream at a point about one half mile north of Mission River and will be used for Domestic and Irrigation purposes upon the land, described as lot 4086. This notice was posted on the ground on the 18th day of February, 1918. A copy of this notice and an application pursuant thereto and to the requirements of the "Water Act" will be filed in the office of the Water Recorder at Vernon. Objections to the application may be filed with the said Water Recorder, or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within 30 days after the first appearance of this notice in a local newspaper. The date of the first publication of the notice is Feb. 21, 1918.

14.8 FRANCIS J. NICHOLAS.

TOWN AND COUNTRY NOTES

Mr. and Mrs. J. H. Trenwith were visitors to Vernon Tuesday.

Mr. L. Stocks leaves for Penticton this afternoon to relieve his partner in business there, Mr. Willis. The firm recently opened up a branch at the south end of the lake and are running it in connection with their business in town.

Mr. D. Leckie is expected back in Kelowna tomorrow after an extensive trip to eastern Canada and the States. During the past few weeks he has been laid up with a severe cold, but is now better.

Next Sunday morning in the Baptist Church the Rev. W. Arnold Bennett will expound the Second Chapter of Revelation, "Marks in the Character and History of the Church." At the evening service his topic will be "God's Great Gift and the Devil's Snare." After the evening service the Sacrament of the Lord's Supper will be administered.

Mr. J. E. Reekie was a passenger Tuesday for Victoria.

A special meeting of the Farmers' Institute will be held on Saturday, March 23rd, at 2 p.m., to consider important matters in connection with the Pound Districts.

The first of a series of food conservation demonstrations will be given Monday, March 18th at 3 p.m., in the Domestic Science Kitchen, on Richter Street, by Alberta M. Macfarlane. Subject, "War Bread for Patriotic People." All are welcome.

The Department of Agriculture has notified the Farmers' Institute that they have purchased 50 tons of ferlilizer which will be sold to farmers at cost, namely, $72 per ton f.o.b. Victoria. This fertilizer analyzes 12.4 nitrogen against 15.5 nitrogen in Nitrate of Soda, so that it takes 2500 lbs. whale fertilizer at a cost of $90 to equal 2000 lbs. nitrate of soda at $127, showing a saving in favor of the whale fertilizer of $37.00. On page 267 of the February Agricultural Journal farmers will find some particulars of this fertilizer. Applications must be made at once and when approved, cheque to cover cost must be sent to the Department.

Messrs. Harvey, Duggan & Davies report considerable activity in real estate during the last three months. The following properties have changed hands: 13 acres the property of A. Cowan, Benvoulin, to Mr. T. Hargreaves, Lethbridge, Alberta; 23 acres, H. Francis, Rutland, to Mr. P. Alimonti, Kelowna; 13 acres, R. S. Aitken, to J. Matthews; 21 acres, W. Kinnear, to N. Marshall, Lethbridge, Alta.; 10 acres, Central Okanagan Land & Orchard Co., to C. Dore, Lethbridge, Alta.; 10 acres, J. H. Johnston, to D. Hartley, Rutland; 16 acres, R. Casorso, to G. E. McPherson, Calgary; 13 acres. H. B. Lloyd, to Messrs. Budgen & Taylor, Edmonton and 20 acres, the property of C. S. Gaspell, Rntland.

Mr. J. W. Jones, M.P.P., has been made a member of the following standing committees for the present session: Public Accounts, Municipal and Agriculture.

Misses Marjorie and Dorothy Leckie arrived Saturday from Hartney Man., where they have been spending the past few months. On their return journey they stayed for a few days in Winnipeg.

The Right Rev. A. J. Doull, D. D. Bishop of Kootenay purposes visiting Kelowna, and will officiate at the parish church on Sunday next March 17th. He will preach at the morning service, and confirm a class of candidates at 7.30 p.m. The hours of service will be as usual, except that Evensong will be said at 7 o'clock, with Confirmation at 7.30. The Bishop will be the guest of Mr. DuMoulin during his stay.

Miss Pearl White returned this morning from her home at Cloverdale. Mr. White, her father, was a visitor in town this week, leaving yesterday afternoon.

Professor John T. McNeill, of Westminster Hall, Vancouver, will be in the city on Sunday next and will occupy the pulpit of Knox Church at the morning service. In the afternoon he will address a Sunday School rally at the same place and will hold a Sunday School Workers' conference at the close. In the evening he will speak at Rutland.

A military whist drive is arranged for Monday evening next in aid of the Prisoners of War Fund. It will be held in the room on Pendozi Street.

Mr. J. J. Duggan, of Edmonton, Alta., is visiting his brother, Ald. W. C. Duggan. Mr. Duggan is connected with the Edmonton School Board, being chairman of the finance committee.

The Kelowna Growers have decided not to operate their spray factory this year, but have a supply on hand for growers needing same.

The evaporator has opened up again on a government contract, and will also clean up many of the onions at present stored locally.

Mr. L. E. Taylor is giving a lecture to-night in the public school on some wonders of bird life. The proceeds are to be donated to the hospital.

Mr. and Mrs. Atkin desire to convey their appreciation of the sympathy and kindness of their many friends in the recent sad death of their daughter Mary.

The following resolution was passed at the last meeting of the Kelowna Equal Franchise League, and sent to the Hon. John Oliver, M.L.A.: "Whereas Hindoos and naturalized Japanese are allowed to vote in every province of Canada except British Columbia on the same terms as white persons, and whereas there is no justification for the offensive discrimination against Hindoos and naturalized Japanese in British Columbia; Resolved, that the Kelowna Equal Franchise League requests the provincial government to introduce and pass an Act giving the franchise in British Columbia to Hindoos and naturalized Japanese on the same terms as it is granted to white men and women."

East Kelowna News

Mr. P. P. Gulseth has returned home after spending the winter at his old home in the State of Washington.

Mrs. Sedden's baby met with a nasty accident Tuesday when it fell from the platform of the packing shed, knocking its front teeth out.

The Ladies of the K.L.O. Benches are working over time at their Red X meetings every Tuesday, at the home of Mrs. Pooley, getting ready for their sale in Kelowna on the 6th of April. All members are requested to attend next Tuesday. March 19th.

VINOL MAKES CHILDREN STRONG

And Invigorates Old People

Any doctor will tell you that the ingredients of Vinol as printed below contain the elements needed to improve the health of delicate children and restore strength to old people.

Cod Liver and Beef Peptones, Iron and Manganese Peptonates, Iron and Ammonium Citrate, Lime and Soda Glycerophosphates, Cascarin.

Those who have puny, ailing or run-down children or aged parents may prove this at our expense.

Besides the good it does children and the aged there is nothing like Vinol to restore strength and vitality to weak, nervous women and overworked, run-down men.

Try it. If you are not entirely satisfied, we will return your money without question; that proves our fairness and your protection. Millions of people have been convinced this way.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon territory, the Northwest Territories, and a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Application for the lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion lands.

W. W. CORY.

Deputy Minister of the Interior

(N. B.—Unauthorized publication of this advertisement will not be paid for.)

"I've come to kill a printer," said the little man.

"Any printer in particular?" asked the foreman obligingly.

"Oh, any one will do. I would prefer a small one, but I've got to make some sort of a show at a fight or leave home since your paper called my wife's tea party 'a swill affair.'"

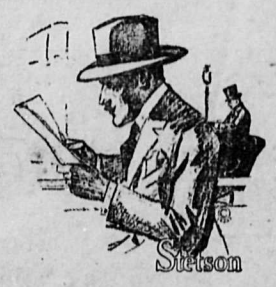
Men's and Boys' Fashions for Spring - Opening Display

Style tendencies this year are interesting. The attentively dressed man will indeed be smartly & elegantly groomed without any spark of suggestion of foppishness. Let there be no speculation on this matter. Quality is beyond any criticism; Prices will be found never more reasonable.

CAN anyone explain why men are so remarkably keen for *new* hats this season?



It's Springtime—everyone welcomes a Spring change.

Times are prosperous—everyone has the habit nowadays.

Men have better taste than formerly, they want dressy haberdashery.

We are mighty glad that we feature Stetsons—for Stetsons are what men and younger men are buying. We are told it's the snappiest line we have shown for years.

Come look them over.

Men's Staple Department

Men's overalls & work pants that are world-beaters:

Khaki Duck - $2.25

Khaki Denims - $2.50

Khaki American Duck - - $3.00

Stripe Denim, a real special, at - $1.75

Black, Blue & Grey Pant Overalls, $1.60 to $2

Work and semi-negligee shirts at old-time prices; big early buying insures you for this season prices nearly as low as last year, $1 to $2.25

Our Equalization system under present market conditions should meet hearty approval.

If you are a Young Man we have the Clothes that will Appeal to You.

Form-fitting styles, Pinch-backs and "Belters" at $5 Lower than Some Stores.

It is a fact that our clothing business is "away up," due to having the kind of clothes young men want at the price they want to pay. Men up to 40 can "get away" with these styles if their personality is young, so dont be discouraged and think that these rejuvenating clothes are not for you. Drop into the store some day and try a few on and get the facts. Between $22.50 and $35.00 you will find a collection of suits that are different to any in town. Other stores have some styles similar, but no other store has these styles patterns and values.

Clothing Values and Stocks for BOYS are the Best in Town

A very brief glance over the situation in other stores will convince you of this. We have reached that stage in the war situation when our big buying for CASH in advance of many price increases is telling to some purpose. Parents who want to make their money work to greatest advantage must come to Lawson's. These values are 25 per cent. better than some stores offer you, while the selection is far ahead of the next best showing in town. We have the snappy styles that boys want—pinch-back styles, patch pocket effects, etc. Also many of the suits have extra trousers—a very good point, for you will find the average coat will wear as long as two pairs of pants. Between $6.75 and $18 you can get all the satisfaction it is possible to get today in boys' clothing. We will let the clothes convince you of the truth of these statements.

Shoes of Quality, at $6.50 and $7.00

Featuring some of the most pleasing Examples of the Latest Smart English Las

Undoubtedly one of the most interesting features of the Spring opening will be the Shoe Section. Combining quality and style it will be able to offer prices as low as—

$6.50 to $7.00

Remarkably good leathers—both kid and calf. Most wanted shades of mahogany and tan and black. New English pointed lasts.

Boys' Bloomer Knickers, $1.50 to $2.75

Well made Knickers of strong Tweeds and corduroys, with Governor fasteners and belt loops. Others are bloomer cut, extra full, the kind most appreciated, Values extraordinary
