Flower and Vegetable Show Saturday

Large Number of Entries in Various Classes Expected

Given a fine day the aquatic pavilion should be a busy place Saturday afternoon, when the Women's Institute hold their annual flower show. The original date fixed was Monday, the 5th, but it has been found advisable to change this to the Saturday preceding.

This is the third year in succession that the institute has held this interesting show, which promises to become one of the chief local events of the year. It is certain that already it has given a considerable impetus to the culture of flowers in the city, for never in the history of Kelowna were there so many beautiful gardens as at the present time. Last year the entries were fully fifty per cent greater than the preceding year, and this year the increase may be in even greater proportion, especially as the scope of the show has been enlarged to include vegetables. Many people have engaged in gardening this year who never thought of it before, and these war gardeners are justly proud of the products of their back yards. They will find that to enter some of these things in the show in competition with their neighbours will give them a wonderful insight into the art of gardening.

During the week Messrs. Palmer L. E. Taylor, and Lawes have been busy judging the gardens, nearly twenty in number, which were entered in the contest instituted by Mr. Geo. Chick. The results of this will be made known Saturday.

The ladies, of course will serve light refreshments during the afternoon.

All entries are to be in place by 10.30 in the morning, the executive committee being in attendance during the morning to receive them, and judging will commence immediately after. The show will be thrown open to the public at 3 o'clock.

Rutland News

(From our own correspondents).

There is to be a meeting Monday evening at 8 o'clock in the schoolhouse, of the Rutland United Farmers, at which all water users are urged to be present, as important business concerning them is to be discussed.

Acting on instructions received from the secretary of state, late Friday night, the police raided the office of The Week newspaper at Victoria, Saturday, and put into execution orders of the Ottawa authorities to suppress the publication. In the message from Ottawa no reason is given for this action and it is merely stated from now on under pain of a fine of \$5000, the paper shall not be circulated or be in the possession of any person.

Development in the mine to the northeast of Pentiction is now going along and last week a carload of ore was shipped to the smelter at Greenwood. The ore is rich in gold and silver values and is expected to net a fair price. The old company apparently stopped work when they ran across what seemed to them to be the end of the vein, but the new promoters have picked up a new lead which runs in a V-shape from the old one, and if this develops a sufficient quantity of ore the mine will be a paying proposition.

Minister of Lands Expected Here To-day

The Hon. T. D. Patullo, Minister of Lands, and Mr. Young, the head of the Water Branch, are expected to arrive in Kelowna to-day to confer with water users upon various irrigation problems.

Irrigation Convention Held at Nelson

Many Representatives of the Okanagan Water Users

The twelfth annual convention of the Western Canada Irrigation Association was held last Wednesday, Thursday and Friday in Nelson and was attended by upwards of 250 delegates and visitors from all parts of the west. Delegates from the Okanagan included Messrs. J. W. Jones, M.P.P., Grote Stirling, G. Heggie, F. C. R. Wollaston, E. B. Knight, J. A. McKelvie, W. Ritchie, E. R. Simpson, R. Johnson, R. Helmer, J. Kidston, Dodwell, Latimer and Chambers.

The delegates were warmly welcomed by Mayor McQuarrie of Nelson, and other local men, and though rain interfered somewhat with outdoor arrangements, everything was done to make the visit enjoyable to all concerned.

The president of the Association the Hon. T. D. Patullo, presided at the opening session, and spoke of some of the difficulties of irrigation in British Columbia. He said the situation had now reached a point where the government was required to take strong action. His remarks concerning water legislation, however, were not very encouraging. There was not a man, in his belief, who understood the Water Act. Few lawyers understood it, and it was only the men of the water rights branch who were in touch with it all the time who could explain it. It should be simplified so as to be comprehensible by the ordinary layman. He dealt also with some of the problems of land settlement, and the rehabilitation of returned soldiers.

Other important addresses on the first day were by Don. H. Bark chief of the Irrigation Investigation Division of the C.P.R., J. W. E. Biker of Nelson, Prof. Eastham of Vernon, and A. L. McCulloch of Nelson.

On the second day, M. S. Middleton of the B. C. Agricultural department, compared the cost of different methods of irrigation, the Hon. W. R. Motherwell of Saskatchewan gave an instructive talk on dry farming emphasizing the need for greater grain production owing to the war, and Prof. C. E. Parham, of the Invermere Experimental Farm told of the importance of alfalfa to orchard growers.

On Thursday the Hon. John Oliver, premier of British Columbia, made an appeal for the intelligent cooperation of agriculturists for increased production, not the reckless throwing into seed of unprepared lands, but concentrated effort to bring about quality production as well as quantity production. Jas. White, assistant to the chairman, Commission of Conservation, spoke on the water powers of British Columbia. A. Griffin, of the C. P. R. irrigation department, gave a valuable address on district ownership of irrigation works, with reference to its practical operation in California. W. H. Treherne, of Vernon, spoke of the control of insect pests in the Okanagan.

Friday's speakers were the Hon. Duncan Marshall, minister of agriculture for Alberta, R. H. Campbell, director of forestry at Ottawa, E. F. Drake, federal superintendent of irrigation, F. E. R. Wollaston, of Vernon ("Irrigation in the Okanagan"), J. J. Currie, staff engineer of the military hospital at Balfour, B. C., and others.

Several important resolutions were passed dealing with irrigation matters, and not the least interesting features of the meeting were the discussions which followed many of the addresses.

The guests were entertained at a most successful flower show and concert, while automobile and launch trips were made to several points of interest around Nelson.

The next place of meeting will be Medicine Hat.

Plans of the United States for participation in the expedition to give military aid to Russia are expected to be announced in a public statement by President Wilson very soon.

Cholera has broken out in Moscow, 224 cases being registered within 24 hours, according to a Russian wireless message Saturday.

Sunday Next is "Remembrance Day"

United Intercessory Service to Be Held in Park

Sunday is August 4th, the fourth anniversary of the day when war was declared with Germany, and the occasion is to be observed throughout the Empire as "Remembrance Day." In Kelowna a united "Intercessory Service" has been arranged to be held in the park Sunday evening at 7.45, in which all the churches will take part. The service will be in charge of the local clergy, and they will be supported upon the platform by His Worship the Mayor, J. W. Jones, M.P.P., member for the district, the principals of the Public and High schools, president of the Board of Trade, heads of the local lodges and representatives of the returned soldiers.

The following programme has been arranged:—

- Opening hymn: "O God, our help in ages past";
 - Psalm 46;
 - New Testament Scripture Lesson, Hebrews, chap. 12;
 - Hymn: "Holy Father in Thy mercy";
 - Special prayer for those at front, on sea, or prisoners;
 - Special Hymn for men at front;
 - Address;
 - Prayer;
 - Hymn: "Dear Lord and Father of mankind";
 - National Anthem;
 - Benediction.
- The singing will be led by the city band.

Will Extend Local Field of Manual Training

Mr. John Kyle, director of technical education in the province, has been in town during the past few days engaged in the reorganization of manual training work in the district. The success which has attended the local classes has prompted the educational authorities to extend their scope, and arrangements are being discussed to include some of the country schools.

Hitherto, Mr. Mitchell, the instructor, has been spending three days in Kelowna and then journeying to Pentiction for the remainder of the week. This will now be discontinued so far as Pentiction is concerned, a plan having been made for the latter place to work in conjunction with Summerland. Rutland, Benvoulin and Mission Creek have all been mentioned as likely to join in the plan with Kelowna, but so far nothing definite has been decided.

No change is contemplated in the domestic science classes.

BIRTHS

KNOX—On Thursday, Aug. 1, to the wife of Dr. W. J. Knox, a son.

SPALL—On Tuesday, July 30, to the wife of J. Spall, a daughter.

WILSON—On Wednesday, July 31, to the wife of H. G. M. Wilson, a son.

The 30 days of grace allowed by the Canada Registration Board for registering expired on Monday. Attention is now called to the fact that people who marry or change their place of residence must notify the Central Registrar within fourteen days.

America will spend more than \$100,000,000 on shipping to be constructed in China and Japan. Announcement is made of the awarding of contracts for thirty vessels of 6,500 tons or more, to thirteen Japanese yards.

The Austrian general commanding at Przemysl has issued an order condemning the dirty, ragged appearance of the soldiers who loaf on the streets. Some are actually begging and show no respect to officers, not saluting them and even shoving them off the pavement. The order says if this continues the commander will forbid the soldiers to use the streets.

Results of B.C. Entrance Exams.

The results of the High School Entrance examinations were made public last weekend. Owing to the fact that in Kelowna the recently authorized and more sane and sensible principle of granting entrance upon the results of the past year's work, was adopted by Principal Gordon, only four candidates presented themselves for examination, of whom three passed with a very creditable showing of marks. They were as follows:—

KELOWNA CENTRE

Theodore R. Neish 762, Bessie Haug 729, Ronald Todd 728.

Granted entrance standing without examination on recommendation of the principal:

Division I. Donald G. Balsallie, Jeannie W. Black, Isobelle G. Crawford, M. B. DeHart, Violet Dillon, Alfred J. Duggan, Bessie H. Duggan, Dorothy J. Graham, Hazel M. Graham, Agnes I. Laws, Winnifred Longley, Nelson Marshall, Effie F. Neill, Evelyn Packham, John V. Parkinson, Marie A. T. Ritchie, Jessie M. Roger, Margaret Sanders, Myrtle E. Swendager, Elizabeth I. Thompson, Henry Tutt, Ralph Weddell, Charlotte Whitehead.

Division II. Ralph Ball, John Groves, George Mantle, Clair Rowcliffe, Ralph Silver, Cecily Tutt, Stanley Whitehead.

Non-Municipal Schools

Bear Creek. Number of candidates, 1; passed, 1. Kimball Chaplin 554.

South Okanagan. Number of candidates, 1; passed, 1. Betty Fuller 680.

Private Study. Number of candidates, 1; passed 1. Elizabeth K. Davis 631.

In the three neighboring centres the results are given as follows:—

RUTLAND CENTRE

Ellison. Number of candidates, 3; passed, 1. Eunice M. Teather 276.

Rutland. Number of candidates 5; passed, 1. A. C. Olive Stafford 597.

PEACHLAND CENTRE

Peachland Municipality

Peachland. Number of candidates 6; passed 4. Bayard O. Iverson 652, Alan Iverson 637, Florence B. Clements 606, Charles F. Elliott 561.

Non-Municipal School

Westbank. Number of candidates, 1; passed, 1. Hermon Smith 602.

SUMMERLAND CENTRE

Summerland. Number of candidates, 13; passed, 11. Ruth Graham 677, Ronald White 675, Minnie Ritchie 602, May Harrison 590, Muriel Wilson 590, Laurance Beavis 585, Jennie J. Love 585, Wilson Morfitt 582, Margaret Robinson 578, Bertha Barnes 565, Roland E. Reie 558.

Non-Municipal Schools

Naramata. Number of candidates 4; passed 0.

Trout Creek, Upper. Number of candidates, 1; passed, 1. Richard B. Turner 582.

The examinations were held on June 24, 25 and 26. There were 1956 candidates, of whom 1422. The examinations were held in 103 centres.

A total of 1620 public school pupils in addition have been granted high school entrance standing on the recommendation of the principals of cities of first and second class.

Entrance standing was also given on account of S.O.S. work, but the returns are not complete.

Pentiction centre passed 22 candidates, a perfect score. Kaslo passed 13 out of 13. South Vancouver passed 191 out of 212, considered to be a remarkable showing.

A Pentiction girl, May Macdonald of the Ellis public school, leads the pupils of the province in the high school entrance examinations held in June. Out of a possible 1100, her marks were 887.

Winners of the bronze medals given by the governor-general for

Five in Family Have Seen Service Overseas

Pte. C. Adams Lost Leg From High-Explosive Shell

Minus a leg, and suffering from the effects of several other wounds Pte. C. D. Adams, another member of a Kelowna family which has given five of its members to the service of the empire, returned last Wednesday afternoon. Pte. Adams went over with the 172nd, but like several of that company, was transferred to the 47th when he went over to the front line. He was in some of the famous battles at Lens, Vimy Ridge and other places, but the wound which put him out of action was received later while serving back of the line in the transport service. He was with a party hauling up sandbags when enemy shells began to come over, evidently searching for ammunition dumps. Twice the high explosive shell fell short, but the third reached him. But for the fact that it first came through the wall of a house which afforded some protection, he could not possibly have escaped alive. As it was he was badly shattered, portions of the shell striking him in three or four places, the worst injury being to his leg which had to be amputated about three inches above the knee. It was three weeks before he was able to be moved to England.

He came over to Canada on the ill-fated Llandoverly Castle which was sunk on its return journey a few weeks ago. He is here now on special leave from the military hospital at Whitby, Ont., where he must return in a short time, leave being granted owing to the illness of his mother.

He has two brothers still overseas. One of them, Alf, is in France, while Jack is in Scotland with a forestry corps. Harry returned about for months ago, his leg badly injured by a shell. His father is also back after a considerable time in England and France, where he contracted asthma and bronchitis.

A telegram has been received this afternoon to the effect that Corp. Alf Adams has been admitted into hospital suffering from a gunshot wound in the leg.

Postal Strike Continues

In spite of the report that the post office strike had been called off, the trouble still continues in Vancouver and several other points, due to the government's refusal to appoint a conciliation board to adjust the difference with the letter carriers, and the greatest inconvenience is being felt through the tie-up of the mail service. Millions of letters have accumulated, and the situation is growing more serious every day. Boards of Trade and public bodies generally appear to sympathize with the strikers, and are bringing pressure to bear upon the government. It now seems likely that a royal commission will be appointed to deal with the problem.

the pupil receiving highest marks in each district:

District 1—Marjorie P. Locke, Div. 1, South Park School, Victoria, 823 marks.

District 2—Polly Faulkner, Div. 2, Quennell School, Nanaimo, 834 marks.

District 3—Sarah Wright, Div. 1, Dawson School, Vancouver, 833 marks.

District 4—Willie Wallace, Sexsmith School, Vancouver, 794 marks.

District 5—Thomas H. Mileson, Chilliwack, 782 marks.

District 7—Elaine M. Jackson, Kamloops, 824 marks.

District 7—May Macdonald, Ellis School, Pentiction, 887 marks.

District 8—Phyllis M. Gregory, Central School, Rossland, 799 marks.

District 9—Helen S. Fowler, Div. 1, Nelson, 834 marks.

District 10—John Fotos, Prince Rupert, 775 marks.

Changes in Tariff for Carload Shipments

Minimum Loads Based on the Cubical Contents of Cars

Some important changes of interest to fruits shippers have just been announced in the railway tariff relating to carload shipments of fruit and vegetables. It will be remembered that early in the year in conference with chief officials of the C.P.R. and particularly with the traffic manager, Mr. W. B. Lanigan, a schedule of minimum carloads for fruit and vegetables was agreed upon, the minimums fixed being in most cases very considerable increases upon the old schedule with a view to conserving car space, and making fuller use of available equipment. This schedule was based upon minimum weights of the various kinds of produce, a plan which has not been found to work to entire satisfaction owing to the variation in the size of cars used for fruit hauling. In the smaller cars the minimum weight would often be too much for the capacity of the car, while the larger cars could be loaded still heavier without inconvenience.

In a telegram received yesterday by Dominion Fruit Inspector Love-day, the revised tariff is given; the basis for minimum loads being the cubical contents of the car.

The following figures are given: Fresh Fruit, 60 per cent. of cubical capacity of car.

Fruit and Vegetables (mixed cars), 66 and two-thirds per cent.

Apples (June 1st to Sept. 30th), 75 per cent.

Apples (Oct. 1st to May 31st, 90 per cent.)

Vegetables (early, June 1st to Oct. 15th), 66 and two-thirds.

Vegetables (Oct. 16th to May 31st) 80 per cent.

These figures are not to apply to refrigerator cars of less than 1,500 cubic feet capacity.

Investigate the Pending Steamship Strike

The commission appointed to investigate the case between the steamship owners and the masters and mates of the Merchant Service Guild, is still continuing its labors at the coast, having spent its time so far interrogating various officers and members of the Guild, things having gone fairly smoothly so far.

The Guild has completed its case on the point of recognition, which is the first phase of the inquiry. Opposing counsel were agreeable to let it be understood that their opposition to recognizing the Guild, while recognizing deckers' unions and so forth was because of the nature of the employment, the master of a vessel having confidential relations with the owners, and also the difference in rank, the steamship companies arguing that for masters and mates to belong to the same organization would be bad for discipline.

Mr. and Mrs. J. Ball and Ralph returned yesterday from Calgary.

Mrs. A. D. Monsees was a passenger to Vancouver Monday.

Miss E. F. Edwards left Monday on a visit to the coast.

Mr. J. L. Wilson went to Vancouver Monday.

E. L. Cross is away this week on a business trip to the coast.

Mr. and Mrs. W. J. Clement left Tuesday for Edmonton.

Mrs. Galbraith and her sister went up to Vernon for a short visit Tuesday.

Mrs. Hunter and daughter left Tuesday for Strome, Alta.

Mrs. J. L. Pridham and daughter were passengers to Vancouver Tuesday.

Mr. John Rowcliffe left for Regina this morning. On his way he intends to stay a short time at Banff.

Farmers Erect Large Lumber Mill

The lumber mill erected at Hut-ton, B.C., by the United Grain Growers has cost \$500,000 and has a capacity of 75,000 sawn lumber per day. This mill is for the purpose of supplying the farmers of the three prairie provinces with lumber below prices now prevalent and on the co-operative plan.

C. Rice Jones, first vice-president of the United Grain Growers, states that the mill has been long desired by the farmers. They are in need of adequate and cheap lumber at present. The plant comprises saw mills, planing mills, lath mills, machine mills and drying kilns, and is one of the most up-to-date industries in the lumbering world.

Situated in the Rocky Mountains on a 26 mile timber limit owned by the United Farmers, the mill will be fed by means of a light railroad running straight from the bush to the saws. A large dam was built, providing a wide mill-pond to receive the lumber. After drying the lumber will be shipped to the western provinces over the Grand Trunk Pacific railway, the main line of which passes through the limit.

This land was first located by John Kennedy, now second vice-president of the company. He was accompanied by W. A. Willis, who now has charge of the whole milling and logging operations. The site was located seven years ago when no town was closer than 300 miles. Part of the journey had to be made in a canoe on the Fraser river. The future advantage of the land was realized by the Grain Growers, and a lease was secured. Now that the railway is through and the factories complete, Manitoba farmers as well as those of Saskatchewan and Alberta are supposed to reap the benefit of the early prospecting by the farm company's officials.

Mr. and Mrs. Gilbert Gagnon, of Megantic, Que., are the happy parents of their twentieth child. The Gagnons have been married twenty-one years.

The German government has given "final notice" to the public to give up voluntarily at least one suit of clothes each to the war workers and the army. Failure to meet the demand will result in forcible requisition and delinquents will be liable to imprisonment for one year and a fine not exceeding 10,000 marks. How high the need for fabrics has risen is shown by a decree announcing the impending confiscation of curtains which will be replaced gratis with paper fabric material or paid for at the original peace time cost price, less wear and tear.

Correspondence

Readers are reminded that opinions expressed in letters inserted under this heading are not necessarily endorsed by us. Letters should be as brief as possible and to the point.

To the Editor of

The Kelowna Record.

Dear Sir,—Will you kindly grant me space in your valuable paper to call attention to a serious condition which is in our midst in regard to fruit growing in this district. I refer to the menace of fire blight which is prevalent to an alarming extent as can be seen in many orchards while driving along the road.

In the first place I am beginning to wonder if we have a fruit pests inspector or not. If we have, according to my idea of the duties of such as officer, he is very lax in carrying out his duties or we would not be confronted with such an alarming amount of fire blight as there is. My idea of the duties of our inspector is that he should visit orchards periodically, and if anything serious is found, to acquaint the owner of the fact and tell him the remedy, and try to persuade him to apply that remedy and if unable to do so, some other means should be used.

Now, if I am wrong about the duties of an inspector, I withdraw this statement and humbly apologize. If I am not wrong then I emphasize it very strongly.

I also have a word to say in regard to owners of orchards. Surely most of them know the serious nature of fire blight, and I am surprised that they do not see that all affected parts are cut out for their own sake to say nothing of infecting their neighbors. It is rather discouraging for one who is trying to produce fruit and to take care of an orchard as it should be, to see fire blight everywhere and ready to invade his orchard next spring and cause endless labor to subdue it all over again.

Fire blight is one of the most deadly things we have to contend with, yet it is the simplest to control if taken in time and persistently cut out, but eternal vigilance is the price of keeping it down.

Some of us have been hardly hit by frost destroying our fruit, then we were confronted with shortage of water, and now we are threatened with this menace, worst of all, which will put us out of business if we are not careful.

The first of these three conditions was entirely beyond our control, the second was also as far as this season is concerned at least, but the last is entirely in our own hands to control if we will.

It is not very pleasant to have to explain to visitors when asked what is the matter with our orchards to have to explain that we are losing them through sheer neglect. I feel like saying much more but perhaps this is enough to start somebody thinking.

Thanking you, sir, for this space, I am, yours respectfully,
A FRUIT GROWER.

Orders for Local Scouts

Kelowna Troop
Troop First; Self Last

Edited by Pioneer. July 30, 1918

We expect each patrol to hold a separate meeting of its own some time this week, for the purpose of deciding and letting us know what entries their different members can make for the sports on Regatta Day. We also wish to have the time taken of every scout who proposes to go in for any of the swimming events. We have a relay race of our own and we also wish to put in a team in the open relay. The privilege of representing the troop will be given to the 4 scouts who can make the best time. There are several members of the troop who do not yet hold the Swimmer's Badge although we are quite sure they could easily pass the required test. Make arrangements at once to try for this badge and also for the Rescuer's, while the water in the lake is warm. Every member of the troop should hold both of these badges. We again repeat that the summer holidays are a splendid time for passing tests.

Scout A. Clarence completed the tests for his second class badge at camp, and Recruit W. Thomlinson passed the tests for his tenderfoot badge on Wednesday the 24th instant.

The shield presented to us by the Aquatic Association is awarded to the patrol which has made the most progress and has carried on in the best manner from the end of September in the one year to the same time in the next year, so that there is a little time yet for the different patrols to raise their standing.

We have just recently forwarded to the Provincial Headquarters our annual census returns, which are given as at the 30th of June. During the period from the 30th of June last year, 9 scouts left the troop, one to attend T.C.S., Kingston, 2 to attend T.C.S., Port Hope, 1 enlisted, 3 left Kelowna to work in other towns, and 2 are still in Kelowna. All of these were second class scouts, 3 were Kings' scouts, and together they held 39 proficiency badges, so that quite a loss to the troop took place in one year. Those left however have been carrying on well and with a total strength of 28 we have one King's scout, 2 first-class scouts, 10 second-class scouts and 18 scouts holding 65 proficiency badges, which is the same number we held last year.

We welcome a further scout column in the Okanagan, namely that now appearing in the Vernon News which makes 4 scout columns altogether in the valley.

We are now able to give the figures for the total cost of our camp. They include cartage, stationery, long distance telephone calls, express and freight on tents, hardware, groceries, meat and the cook's fee, food, and altogether amount to \$136.40. Against this, at the rate of \$2.50 a head for camp fees and 25c. a meal for those who visited us for parts of a day, we have \$45.50 coming, all of which has been paid to date with the exception of \$10.50, so that this year we shall only have to draw on our troop funds for the camp to the extent of \$90.90 as compared with \$120 last year. We of course had a smaller camp this year with a charge of 50c. more per head, but then again nothing has gone down in price and our thanks are due to the quartermaster for his good work in this connection. We also wish to thank Messrs. D. D. Campbell and Casorso Bros. for discounts allowed us on our accounts, and Mr. Geo. S. McKenzie and Mrs. Whitehead for donations the camp fund.

Several Scouts who attended camp have not yet handed in their diaries and we must ask them to show a little keener observance of the 7th Scout Law.

Dollars may not go as far nowadays as they used to, but they certainly go FASTER!

Admission, 25c & 10c

New Freight Rates | on August 1st

New schedules of rates for all Canadian railways will go into effect on August 1. Railways are now preparing their new rate schedules and representatives of the roads are in conference with members of the government. The new rates will be put in force by order-in-council under the War Measures Act, and there will be no hearing of applications before the Railway Commission as in normal conditions has been necessary. Increases will not be as high as 25 per cent. as had at first been anticipated nor will they apply uniformly to all commodities, neither will they apply to passenger rates.

The Yakima Valley shipped more than 100 carloads of cherries this season as compared with 60 in 1917.

TOWN AND COUNTRY NOTES

H. P. Hodges, of Killiney, was in Kelowna Monday.

Mr and Mrs. G. Lake, of Vancouver, were among the week's visitors to Kelowna.

Miss Mabel French left for Olds, Alta., on Friday after a few weeks' stay in Kelowna.

Mr. F. R. E. DeHart was in town last week for a few days, leaving Monday for Enderby.

Mrs. H. B. Burtch is visiting Mrs. C. E. Burtch of Penticton at her summer cottage on Dog Lake.

Pte. Norman Blackwood returned to the coast Friday after his short leave here.

J. W. Hay, of Peachland, was a visitor in town Friday.

Mr. and Mrs. W. J. McDowall and children were down from Vernon on a visit Monday.

Mr. H. F. Wilmot was in town Tuesday on business connected with the new provincial assessment.

Miss Jenny Dillon was a visitor to Vancouver last Friday.

Miss Anna Louttet was a passenger Friday for Winnipeg-Beach.

Fair day this year will also be tag day for the hospital and it is hoped that everyone will gladly help as so little has been asked for this institution since the war.

Miss E. C. Cook was a passenger to Belmont last Thursday.

Miss Sinclair left Friday last for Winnipeg.

Mrs. W. B. Pearson was a visitor to Vernon Saturday.

Don't forget the Flower Show in the aquatic pavilion on Saturday afternoon.

A party of visitors from Vernon last week end included Mr. and

Mrs. V. Anderson and child, Mrs. Lawrence and child and Miss Ward.

A. Mathison of Armstrong was in town Thursday last on a business visit.

J. Ritchie of West Summerland was in town on business yesterday.

Mrs. S. Tyler of New Westminster is a visitor in town this week.

T. A. F. Wiancko, dairy inspector under the Department of Agriculture was in town this week for a short time.

Mr. and Mrs. G. Lake, of Vancouver came in Tuesday for a short visit.

Geo. Thomlinson is opening up business this week as harness and shoe repairer in the store next to the Royal Hotel and opposite the C.P.R. wharf.

The Wolf Cubs are leaving tomorrow (Friday) for a week's camp at Cedar Creek. Arrangements have been made to meet at the Cub headquarters at 10.30 and ample transportation will be provided. Any parcels or letters for the Cubs may be left at the office of Mantle & Wilson until Wednesday afternoon.

Mrs. Frances L. Neth, of Vancouver, for several years with Dr. Torrey at Los Angeles Bible Institute, will conduct a Bible conference in Kelowna from August 8th to 11th, in the Baptist church.

The services on Sunday, August 4th (anniversary of the declaration of war), at St. Michael & All Angels' Church, will be: Holy Communion, 8 a.m.; Matins at 10.30 and second celebration of Holy Communion and sermon, 11 a.m.; Evensong, 7 p.m. Special prayers, hymns and sermon.

At the United Church on Sunday morning the sacrament of the Lord's Supper will be observed. The evening service will be withdrawn owing to the commemoration service in the park at 7.45 p.m.

Next Sunday morning in the Baptist church the Rev. W. Arnold Bennett will preach on "Secret Disciples Encouraged." In the evening his topic will be "The Emblem of Heaven's Antidote." The ordinance of Believer's Baptism will be observed at the evening service, which will commence at 7 o'clock instead of 7.30.

The directors of the A. & T. Association have asked us to give publicity to the fact that cattle, horses, sheep, hogs, &c., will be judged on the second day of the fair, that all animals to be exhibited must be on the grounds by 10 a.m. and that no stock will be allowed on the grounds for exhibition after 10 a.m. This rule will be rigidly enforced.

Visitors to Manhattan Beach have often remarked upon the dangerous nature of the turn from the end of Ellis to the road leading to the beach. It is particularly bad just now when the bulrushes have grown up high in the slough, making it impossible to see anything coming in either direction. The cutting of these rushes would have prevented an accident which happened Sunday night when Messrs. Calder and T. Morrison had a collision which did considerable damage to both cars. Fortunately no one was hurt.

BIRTH

HARTWICK — On Wednesday, July 24th, to the wife of E. Hartwick, a son.

Printed Butter Wrappers

According to the new Dominion Government regulations all farmers who sell butter either to the stores or privately, are required to have it properly covered in a wrapper on which MUST appear in prominent letters the words "DAIRY BUTTER." The fact is also emphasized that all butter in such packages must be of the full net weight of sixteen ounces, and in default of same a fine of from \$10 to \$30 for each offence is imposed. Whey butter must be so labelled even when mixed with dairy butter and dairy butter retains its label though it be mixed with the creamery product.

You can be supplied with neatly-printed wrappers for your butter at the Kelowna Record Office, for the following prices:

100	PAPER & PRINTING INCLUDED	\$1.50
200	" "	2.00
500	" "	3.15
1000	" "	4.50

These prices include Both the Paper, which is the best obtainable for the purpose, and the Printing of same. Please note this.

Owing to the extraordinary rise in the price of butter parchment (which has gone up over 100 per cent) we have been reluctantly obliged to raise our prices slightly. Nearly all this paper was previously manufactured in Belgium, and needless to say this supply has been entirely cut off. Unfortunately there is no guarantee against further increases, indeed, they are more than likely.

Kelowna Record

AUCTION

At the Vacant Lot next to the Keller Block, Kelowna

Saturday, Aug. 3, 1918

Commencing at 3 p.m.

I have been instructed by ERIC DART, Esq., to sell without reserve TWENTY HEAD OF HORSES including the following: Imported Hackney Stallion "Agitator," imported Thoroughbred Mare "Merry Maid," Thoroughbred Stallion "Quick Silver," 3-year, by Brockhampton ex "Merry Maid."
