

A TITLED RED CROSS NURSE IN BELGIUM

Lady Dorothy Fielding, a well-known English woman of title, photographed in Alost, Belgium, during the bombardment of that town by the Germans, talking to Belgian officers. Lady Dorothy has been doing Red Cross work in Belgium almost from the start of the war. As shown in the photograph she goes about in male attire to facilitate her movements over the battlefields.

## B.C. Horse May Form Part of Second Contingent

### Regiment Will Go as Mounted Troops

After considerable tedious waiting and uncertainty orders are at last about, it is understood, to be issued to the 30th Regiment of B. C. Horse to leave their temporary training camp at Vernon for some destination as yet unknown. All the members on leave in Kelowna and other parts of the valley have been recalled, those from Kelowna leaving for Vernon by this morning's boat. The regiment it is stated is to be recruited up to the full strength again and will in a few days be sent to some larger military camp for serious cavalry training with a view to forming a part of the second contingent which is now being raised. Whether this training will be carried out at the coast or in the east is not known at present.

Capt. Temple is down from camp this week on account of the illness of Mr. G. F. Burne, but will return to Vernon tomorrow. Major Clarke was also in town this week leaving yesterday for the coast.

## Rutland News

Mr. Bert Dilworth left yesterday for Calgary where he expects to reside for some time.

Last Friday, 23rd, Miss Ida Fleming was the recipient of a number of useful presents, given by her many friends in the district. "The Kitchen Shower" came off at the home of the Misses Gay, and a very enjoyable afternoon was spent by the numerous gathering.

The old school house in Rutland has been remodelled as a Presbyterian church, and will be opened for public worship on Sunday morning, Nov. 1 at 11 o'clock. Rev. C. O. Main, M.A., B.D., of Vernon will preach the opening sermon. The choir will provide special music for the occasion. On the Monday evening following a grand concert will be given in the new school by the members of the Presbyterian choir from Kelowna. Anthems, quartettes and instrumental selections will form part of the program. The ladies of the Rutland congregation will serve light refreshments in the basement of the school at the close of the concert. A charge of 25 cents for adults and 10 cents for children will be made at the door. Concert to begin at 8 p.m.

After an illness of only a few days from acute pneumonia the death took place last Thursday of Robert W. Bird, of the family of Mr. T. Bird of Rutland. The funeral took place Saturday afternoon at the Kelowna cemetery. Service was held at the Methodist church at one o'clock and was attended by a large number of friends of the family. At the cemetery the cortege was met by a number of local Masons, of which order deceased was a member, and a Masonic service was held at the grave side. Deceased who was 50 years of age has been a resident of the Rutland district for a number of years.

The Kelowna Growers' Exchange has closed down the packing at the local shed, leaving the foreman, Mr. J. Moore in charge. The fruit still to come in will be forwarded to Kelowna for packing. The amount of produce which has passed through this branch this season has taxed its capacity to the limit, and extensive enlargements will need to be made in order to handle next year's output without unnecessary delays.

A patriotic concert is being arranged to be held in a few weeks at Rutland. Everyone in the district should do their utmost to make it a success, and let us prove by our actions that we appreciate the peaceful conditions under which we live, whether we are British or foreign born—It's a poor sort of citizen who knocks the land in which he is living and finds his work.

One of the prettiest weddings which has taken place for a long time in Rutland occurred yesterday when Miss Ida Fleming was married to Percy Gordon Dilworth. Both the young people are members of well-known families of the district and as a consequence the ceremony which took place at the Mount View church was largely attended. The ceremony was performed by the Rev. Gordon Tanner. The bride was prettily attired in a dress of white satin and lace with wreath of orange blossom and veil, and carried a bouquet of white chrysanthemums. She was attended as bridesmaids by her sister Miss Joy Fleming, and Miss Flossie Dilworth, sister of the bridegroom. Mr. Bert Dilworth acted as best man. The bridesmaids were dressed in pink voile and carried bouquets of pink carnations. The decorations of the church were very effectively carried out in white flowers and green foliage. Mr. Gay and Everett Fleming acted as ushers. The musical part of the service was attended to by Miss Annie Gay who played the "Wedding March"

## Baptist Young People Meeting

Monday was Missionary night of the Baptist young peoples meeting. Miss Leckie was in charge of the program and in the course of an interesting paper on the reflex benefits of missions said missionary effort keeps the church alive. The church that lives for its own personal interests, without a thought for the carrying out of the great commission will soon find a deadly lethargy coming over its life. On the other hand there were rich rewards in store for those who, forgetting self, gave their time and energy to the work of world evangelization. Foreign missions had a good effect on the home church, as a hot enough to warm the distant four corners of a large department must surely diffuse a genial glow in the circle close around it. The grasshopper proverb which says that water poured on the roof of a coconut tree comes back in the sweetened milk that falls from the top. And so it may be truly said that offerings given to missions will return in showers of blessings on the giver. It had been said that religion was a commodity of such a peculiar sort that the more we exported the more we had at home, and it was a fact that, dating from the time when William Carey, the first missionary went out to India. Their denomination as well as others had experienced a wonderful growth. Spiritual growth and numerical increase were at once noticeable and the larger the undertakings in foreign missions, the greater the harmony among the denominations at home and in the churches of each denomination. A church that is thoroughly alive to the importance of missions has no time for church quarrels. There was, then a reflex benefit to the world, to the church and to the individual. The world benefited because the spread of the Gospel made life more enjoyable. Wherever Christianity was found there were elevating and ennobling influences that enriched all around. The church benefited because of growth in the spiritual life, in numerical increase, in unity, in the individual churches and denominations. The individual benefited because of enlarged interests and spiritual joys that come from participating in service for God.

Besides the paper two letters were read from missionaries on the field by Miss Beatrice Wilson and Miss Louie Evans, and the choir sang an anthem, "Tell it Out." A short discussion on the question "Are we on fire with enthusiasm for missions?" was taken part in by several of those present.

Next Monday the men are to give an original program, which will include a ten-piece orchestra of a novel nature.

The sum of thirty-six dollars and twenty-five cents was realized from the collection of the school children for the Okanagan Ambulance League.

Mr. J. F. Burne has been ill this week with a severe attack of gastritis but is now recovering.

Many people will learn with regret that Mrs. D. Leckie has been removed to the hospital this week suffering from typhoid.

A fire which broke out in the saw-dust hopper which feeds the boiler fire at the sawmill was responsible for the alarm which was turned in last Thursday night. There was little danger of the fire spreading as the hopper is built of concrete and steel, but it was difficult to get at, and the hopper had to be entirely emptied before all fire was extinguished.

The Rev. J. C. Switzer will conduct the anniversary services of the Ellison Methodist church on Sunday next. On Tuesday evening the annual congregational supper will be held at which speeches are to be delivered and a musical program rendered.

Mr. and Mrs. W. E. Adams returned Monday from Ontario where they have been staying for some weeks past.

Mr. T. W. Stirling returned last week and from the old country.

An Ottawa dispatch says: "The business program to be submitted to parliament at its next session will, it is learned, from official circles be very brief and devoid of contentious measures. It is anticipated, in consequence that the session will be unusually brief, having regard to the conditions which obtain because the empire is at war. In consequence of this, if a session beginning Nov. 1, would have any chance of concluding before Christmas it will be summoned, if not it will probably be summoned in January."

and by the choir who sang the anthem, "The voice that breathed o'er Eden."

After the ceremony a reception was held at the home of the bride's parents, Mr. and Mrs. W. H. Fleming, over sixty guests sitting down to a sumptuous repast. The happy couple who were the recipients of numerous gifts and congratulations from all sides left later by car for Vernon where the honeymoon will be spent.

HOW THE TURCOS FOUGHT AT SOISSONS

Two Turcos troopers (French Algerian soldiers from northern Africa) firing at the Germans in the streets of Soissons, France, from behind their own baggage carts and baggage. The Turcos are furious fighters and never surrender, preferring death to capture.

## Germans Unable to Make Progress

### Terrific Slaughter in Fighting For Possession of English Channel Seaports

What little has been learned during the past week of the desperate struggle of the Germans to break their way through in northern France in order to gain control of the coast line and consequently of strategic points overlooking the gateway to the North Sea goes to show that the battle has surpassed for intensity and for ghastly slaughter anything which has yet happened during the war.

The Times' correspondent in West Flanders says the Germans have paid a terrible price for crossing the Yser River, and for the strip they still hold at the bend of the river.

Again and again they have been practically wiped out by Belgian shrapnel, but have continued to pour men into the death trap.

At Dixmude and Nieuport the struggle is equally severe. At Dixmude, French marines were compelled to stand for forty hours a continuous attack, before they were able to expel the Germans at the bayonet point.

The Germans made a crossing Saturday near St. Georges Chappelle, and a frightful struggle ensued. Fighting

## Will Elect Bishop for Diocese

A general meeting of the synod of the diocese of Kootenay has been called for November 25 for the election of a bishop of Kootenay. The meeting will be held in Nelson and between 100 and 125 lay and clerical delegates are expected to be in attendance. This was the decision reached at a meeting of the executive committee of the synod of the diocese when the investment committee reported that a sufficient amount of the bishopric endowment fund had been invested to permit the election of a bishop. The fund, it was reported, had been invested in Vernon, Kelowna, Revelstoke and Nelson, thus being kept entirely within the diocese. The mission grants for the different missions in the diocese were also outlined and the grants placed for the half year instead of the quarter year as is usual.

Provision has been made for the endowment of the office of bishop of this diocese by a fund of \$50,000 which has been raised for that purpose. Of this amount \$40,000 is invested in securities in the four principal cities of the diocese, Revelstoke, Kelowna, Vernon and Nelson. In the past the Arch bishop de Pencier has been acting bishop of this section. This action marks a progressive step in the development of the Church of England in this district.

Steelhead on that section of the Canadian Northern line building eastward from Port Mann has now reached a point one mile east of Cisco Bridge, leaving a gap of but eighty-five miles to complete the line to Kamloops.

An application to wind up the firm of Alvo von Alvensleben Limited is to be made to the supreme court. The statement, compiled from a cursory examination of the books made by the Yorkshire Trust Company, shows liabilities of \$3,626,088.50 and assets of \$3,465,681.25, but the actual value of the assets can not yet be determined.

## Golf Club Handicap

The Kelowna Golf Club held their first handicap competition on Thursday, Oct. 22nd. The weather was ideal and twelve members entered for the competition. The winner was Mr. Grote Stirling with a net score of 88. The following cards were handed in:

Grote Stirling, 50, 56—106
less 18 handicap . . . . . 88
C. Quinn, 56, 55—111, less
17 handicap . . . . . 94
H. T. Boyd, 54, 56—114, less
18 handicap . . . . . 96
L. E. Taylor, 53, 49—102,
less 5 handicap . . . . . 97
A. Soames, 56, 54—110, less
12 handicap . . . . . 98
Mitchell 55, 62—117, less 18
handicap . . . . . 99

Several new members have joined the club and one afternoon as many as 25 people were noticed on the course. Several visitors have also taken advantage of the privilege of the club, including Mr. Miller of the Victoria Golf Club who spoke in eulogistic terms of the excellence of the new course considering the short time it has been started. The club will welcome a visit from any member of the community who cares to watch the play and it may be mentioned that play has taken place every day since the course was opened with one exception when the weather was bad.

The admiralty has issued a statement outlining the steps that are being taken to round up the eight or nine German cruisers at large in the Atlantic, Pacific and Indian oceans. These cruisers include the Emden, which has sunk and captured twenty British vessels to date in the Indian Ocean, and the Karlsruhe, which has taken thirteen British ships in the Atlantic. The statement says: "Searching for these vessels and working in concert under various commanders-in-chief are upwards of 70 British, Australian, Japanese, French and Russian cruisers. Among these are a number of the fastest British cruisers."

## Patriotic Concert For Tomorrow Night

### Entire Proceeds Will Be Devoted to Relief of Local Distress Caused By the War

An energetic committee was formed a short time ago for the purposes of adopting some means of raising funds to meet the distress which in common with all other places, is likely to be felt this winter in consequence of the war. The pay of reservists and of volunteers who are now on active service is totally inadequate to support a family in this country, and there will no doubt be many who though not directly connected with the war, will find it hard to obtain the means of livelihood on account of the depression which it has caused. It is

to assist all such that the concert is being organized, and it is hoped that such a laudable enterprise will receive enthusiastic support.

The program which is given below is sufficiently varied and attractive, and it is also to be noted that all the artists are giving their services free. In this way the committee, who are themselves guaranteeing the one or two items of unavoidable expense, will be able to turn over the gross receipts to local relief.

The following is the program:

## R.M.R. Will Camp in Cars Will Train at Vancouver

A number of railway cars are now being prepared at the Revelstoke yard for the use during the winter of the members of the Rocky Mountain Rangers who are guarding the bridges between Field and Kamloops. The cars will be equipped at one end with bunks and other living accommodation and at the other end with stove and other kitchen requisites. They will be taken to the various military posts along the line lifted off the rails by a crane and deposited in convenient spots for the use of the sentries. It is expected that the cars will be completed and in place by the end of the month. In the meantime the troops are using bell tents and other shelters which they have constructed themselves. At Sicamous rations are provided at the station and at the largest post where there are 13 men a cook has been provided by the com-

pany. One of the two battalions of infantry to be raised in British Columbia for the second expeditionary force will be mobilized, trained and prepared for active service in Vancouver. The total force will comprise 1250 men raised from the following units: 72nd Highlanders, 250 men; 6th C.O.R. 250 men; 11th Irish Fusiliers, 250 men; and 104th New Westminster Regiment 250 men. Another 200 men will be drafted from the 102nd Regiment of Rocky Mountain Rangers. A military base and training camp will be established in the exhibition grounds at Hastings Park, Vancouver.

News has been received of the death in action of Lord John Spencer Cavendish, son of the late Lord Edward Cavendish, commissariat contractors, but at most of the posts the sentries cook their own food.

## Gleanings of War News

Soldiers from the Warsaw front say that Emperor William was personally on the field of battle. He was almost taken captive, barely escaping by automobile.

The Belgian refugees in Holland elected a committee which went to Antwerp to study the possibilities for a repatriation of the refugees. If the report is favorable a general return of the Belgians to their homes is likely.

A German submarine was rammed and sunk by the British Destroyer, "Badger" off the Dutch coast last week. The Badger's bow was naturally somewhat damaged. This is an official announcement made by the admiralty.

The losses in killed, wounded and prisoners to the Germans, Austrians and Prussians up to the middle of the present month are enormous, estimates place them at 1,350,000, with no official figures regarding the losses of troops from Bavaria, Wurtemberg, Saxony or Hanover.

A flat denial was given at the militia department of the statement contained in a cable to the effect that patriotic Britons in the United States had furnished and equipped 2000 men for the first Canadian contingent. This is untrue, says the department.

The Canadian Pacific Railway company, which has contributed the sum of \$125,000 to the Canadian Patriotic fund, from its shareholders and employees, has decided that \$10,000 of this shall be considered as having been their contribution in British Columbia to the British Columbia branch.

The Emperor's prediction of Oct. 3rd, that his forces would return home victorious before the leaves fell this fall would now appear to have been a sad miscalculation. In making this prediction the Emperor seemed very confident and cheerful as he assumed, as a matter of course, that Germany's victory would be complete.

The shortage of food in Brussels is serious. The supply of flour has become exhausted, and there is great need that it be replenished immediately. Extensive plans are under way for wholesale shipments of food from London and other sections.

More than 1000 Germans of all classes, from merchants to waiters, have been interned in a public park near Johannesburg, South Africa, by British authorities, as the result of reported activities of German agents among the natives.

The British naval bombardment utterly destroyed the town of Slype, which the Germans held in force. The house occupied by the German headquarters staff was blown to bits. The naval marksmanship, according to the despatch, was superb. A British signalman, in a stationary balloon, was shot by the Germans.

Two Russian soldiers, taken by the Germans report terrible atrocities by their captors. Both Russians had been wounded, and after fainting with the pain suddenly revived by receiving a sharp kick in the ribs and found German officers standing over them. He was ordered to stick out his tongue, and thinking the man a doctor, did so when it was suddenly grabbed and cut off. Another on refusing to open his mouth was hit with the butt of a rifle, stunning him and knocking out most of his teeth. On coming back to consciousness he found his tongue had been cut out by the roots.

The admiralty has through the official press bureau issued a list of the officers and men of the British submarine E-3, with a statement that it is feared no hopes for the safety of the submarine can now be entertained. Berlin official advices under date of Oct 20th, stated that the British submarine E-3 was sunk on October 18th by German warships in the North Sea. This is the first loss sustained by the British submarine service during the war. The boat was only completed in 1913, and carried 16 men.

The Mormon church in Alberta has given 40,000 pounds of flour to the Belgian Relief Fund.

A despatch to the Daily Telegraph from Athens says: "There is considerable friction between German military men in Turkey and Turkish soldiers. At Adrianople the Turkish troops came to blows with German officers, and a protracted fight followed. Several cars filled with wounded were sent to Constantinople."

Major-General, the Hon. Sam. Hughes has advised the Militia Department that he expects to sail for Canada this week. The minister had been in conference with Lord Kitchener and the British war office in regard to the composition of the Canadian force, and it is likely that he will bring back with him details of the second contingent, which have been awaited by the Canadian authorities. The militia officials do not expect that the Canadian troops at Salisbury Plain will leave for the front until about the middle of December, as it will take that time to complete their training.

Although Germany contends that Canada, by sending troops against Germany has violated the spirit of the Monroe Doctrine, Germany has no intention of attacking Canada nor attempting to colonize the Dominion, according to a statement issued by the German Embassy at Washington. This statement was in amplification of the view expressed by Count von Bernstorff, German Ambassador, that by taking part in the war Canadians had justified an aggressive campaign against themselves.

## Identifying the Fallen in Battle

All the big powers have adopted a plan, whereby their soldiers can be easily identified on the battlefield.

The British soldier has a small oblong card, known officially as Army Form B 2067, which is stitched inside the tunic.

On it are entered particulars of the man's name and regiment, next of kin, etc. Besides this, every article of the man's clothing is stamped with a number which corresponds to one written opposite his name in the regimental records, as well as the county depot of his battalion.

The French, who formerly used little aluminum name-plates, which in war with savages seemed an irresistible attraction to the enemy now use little cards, like the British; but Austria still has an ornate identification badge of gun metal, shaped like a locket, with inside all particulars inscribed on little parchment leaves. German soldiers carry a metal disc bearing a number, which corresponds with a number at the Berlin war office. After a battle, numbers, not names are telegraphed and verified.

Russians carry an "Ikon." The Japanese system is very similar. Each man has three discs—one round his neck, another on his wrist-belt, and a third in his boot—on each of which are three numbers corresponding to the wearer's name, corps, and brigade respectively, while the Russian soldier wears a numbered badge shaped like an "ikon"—sacred picture image—which is formally blessed by the priests.

The United States government uses a simple cloth tag woven into the shoulder strap of the tunic.

Italy uses a small zinc plate affixed to the trousers at the waist, on which are embossed the soldier's name, place of origin, number, and date of enlistment, while the Portuguese cavalry soldier has a number stamped on his spurs, the infantry having a similar number stamped on their leggings.

Turkey alone has no formal identification badge. Said Edhem Pasha, when remonstrated with regarding the omission: "A dead man is of no use to the Sultan; why, therefore, trouble about him?"

## Changed German Names Into English

Nearly 300 Germans in England have changed their names for British ones by legal process since the beginning of the war. All who have done this are either British born or naturalised British subjects. No alien is granted legal authority to change his name. The following are a few of the German names and the British names which have replaced them, as they appear in the register kept at the law courts:

- Russmann—Maclaren.
- Rosenthal—Rodney.
- Kolsch—Bathurst.
- Howitz—Howard.
- Schnaack—Mayman.
- Schwarz—Vincent.
- Stohwasser—Stowe.
- Gruntweg—Grantway.
- Koenig—Kingsley.
- Dunklesbuhler—Duncan.
- Scharlieb—Shirley.
- Weischenk—Wynnae.
- Eicholz—Eccles.
- Kuss—Cuss.
- Brueggemeyer—Bridges.

A few people contented themselves with simply translating their German names. Thus, "Schloss" became "Castle", and "von Schwarz" becomes "Black." The most effective expression of change of name, nationality, and loyalty is, perhaps, that of the man who has substituted "King" for "Kaiser."

## A Gigantic Creamery

Australia has the largest creamery in the world. It is "some pumpkin" if we may judge from the following description from the pen of an Australian writer:

"A few weeks ago the big Byron Bay Co-operative Butter Factory in New South Wales added another record to the many that it has put up in the past. Its output no less than 200 tons of butter in seven days. The season has been late, owing to a dry summer, but the rains arriving at last characterized the autumn with a wonderful growth of grass, and the cows have apparently been trying to make up for lost time in the lactation period. Besides the turnover in butter, this factory handles more pigs over week than any other farmers' concern in Australia.

"It used to be said that there was a larger butter factory in America than the Byron Bay. But the writer a couple of years ago tried to get particulars for comparative purposes without success. Apparently the American factory was satisfied they did not come up to the colossal Australian."

"The double advantage of the Byron Bay factory is that the whole of the money in it belongs to the suppliers, who also see that the management is entirely in its own hands. An object lesson to farmers, this concern is unique."

## TOWN AND COUNTRY NOTES

Mrs. T. Lawson will receive with Mrs. Rowcliffe on Tuesday, Nov. 3rd.

Miss Abercrombie returned yesterday from Peachland.

"European Armies in Action" is the feature picture at the Opera House tonight, (Thursday).

The Kelowna Study Club will hold its regular meeting on Thursday evening, Nov. 5th at the home of Mrs. A. M. Dalgleish, Glenn avenue.

Mrs. Margaret Bouch arrived on Monday afternoon from Spokane to spend the winter with her sister, Mrs. Geo. Dillon.

Mr. and Mrs. J. E. Reekie and daughter, accompanied by Mr. and Mrs. McGregor left Wednesday by auto for a visit to Tappen, near Salmon Arm.

Mr. P. E. Corby of Kelowna was foreman of the jury at the Vernon assizes last week which tried King for the murder of Berryman at Lumby. A verdict of not guilty was brought in.

Owing to the big task involved in the overhauling and remarking of Richmond's stock it has been found necessary to postpone the sale which was advertised to start Friday until next Tuesday, Nov. 3rd.

The Kelowna Volunteer Fire Brigade have decided to hold their seventh annual ball and supper in Morrison's Hall on Thursday, Nov. 26th. The proceeds are to be donated to the Benevolent society.

News has reached this city from Milwaukee of the marriage of Mr. Harry Dillon, son of Geo. Dillon, of this city to Miss Mamie Sibby, who was also a resident of this city until about three weeks ago, when, accompanied by her sister and Mr. Dillon, they left for Milwaukee where they were met by Mr. Maxey who is engaged in railway work at that place. Mr. and Mrs. Dillon will make their home in Milwaukee, where Mr. Dillon has secured a position with the railway company.

Major Clarke paid a brief visit to the city last week end.

The Benevolent Society will meet Monday next, Nov. 2nd in the English church mission hall at 3 p.m.

Mr. Wm. Morris was removed to the hospital last evening suffering from an attack of appendicitis.

Mrs. Robt. Duncan returned on Monday from a visit to relatives at Calgary.

Mr. J. M. Doyle, general superintendent, of P. Burns & Co., Ltd., Calgary and Mr. J. H. Smith, of Vernon, spent the week end in town.

Mrs. Loutil and family of Selkirk, Man., who have been the guests during the summer of Mrs. Reekie left Wednesday morning for home. They were accompanied as far as Sicamous by Miss Reekie.

Services in the Methodist church on Sunday will be conducted by the pastor. The morning theme is "The Church's Business and How to Do It" and the topic for the evening "Starting Life with a Social Handicap."

A serious accident happened Tuesday to Mr. J. Dayton Williams, at Salmon Arm, resulting in a broken leg. Mr. Williams who was in Salmon Arm, in the course of his business as district agent for the Mason & Risch Co., was fixing a sign when the ladder slipped and he fell to the ground sustaining a fracture of the lower leg. He was removed to the hospital at Salmon Arm where he lies at present. Mrs. Williams went up from Kelowna Wednesday morning.

There is a very great possibility that the local tobacco industry will be revived during the coming spring. Mr. E. A. Kleine, of Youngheart & Co., a large firm of Montreal cigar manufacturers is in town this week in negotiation with the liquidators in charge of the affairs of the B.N.A.T. Co., the result of which will be awaited with interest. In the meantime a meeting of all interested in the growing of tobacco has been called for tonight in the Board of Trade rooms at 8 o'clock, and at this meeting Mr. Kleine will put forward a proposal to individual growers which it is hoped will make it possible to grow tobacco at a good profit to the farmer.

### WAR NEWS IN PICTURES

In addition to the "Million Dollar Mystery" which is drawing large audiences to the Opera House every Saturday the Universal Weekly is proving another very attractive feature. Many interesting side lights on the European war are given in the pictures, which are arriving regularly from Europe every week. This week's views include a patriotic demonstration by the cadets of London Military Academy, President Poincare presenting war colors to a French regiment, an accident to a British Engineers' Corps at Canche River, France; Kaiser Wilhelm inspecting crack regiments of Germany; cartoons by Hy. Mayer and other pictures of timely interest.

### BETWEEN SAVAGE AND TIGER

Another Big Kleine Feature Picture

The most exciting and thrilling photo drama that Mr. George Kleine has ever produced in this country is his latest success, "Between Savage and Tiger", a magnificent six part production by the Cines Company of Italy. It presents a story of adventure and romance in the jungles of India that fairly bristles with action and keeps the spectators in a constant state of feverish interest and enthusiasm. Tigers, water-buffalo, antelope, savages and all the other wild elements with which the jungles of India abound are utilized in rounding out a consistent tale of gripping interest. It is the first big modern production that Mr. Kleine has imported and illustrates the versatility of the Cines Company. According to all accounts, no animal, jungle or adventure story that has thus far been seen in this country can compare with "Between Savage and Tiger". This remarkable entertainment is to be seen here for the first time next Thursday, Nov. 5th at the Opera House. The engagement will be limited to one day only and three performances will be given, one in the afternoon and two at night. The prices will be twenty-five cents for adults and ten cents for children.

In spite of the dry summer season Mr. G. C. Browse is busy cutting an A-1 crop of fodder corn. The land is in fine shape for autumn work.

Mr. L. Everitt who has the contract for telephone poles is at Nahun and making his way south, striking the road in readiness for pushing on operations.

### Benvoulin Notes

(From our own Correspondent.)

Rev. C. O. Main, M.A., B.D. of Vernon will conduct the usual service in Bethel Presbyterian church on Sunday evening, Nov. 1st.

Don't forget the "Winter Lecture Course". The first lecture in the series will be given on Tuesday evening Nov. 3rd at 8 o'clock, by Mr. R. B. Kerr, of Kelowna. Subject: "Progress." Everybody come.

### Hints on Hair Health

If you use our treatment, we will either stop your hair from falling or pay for the treatment ourselves.

Dandruff is a contagious disease caused by a microbe, which if not removed causes baldness. This microbe often comes from a comb or brush belonging to someone else.

If you are troubled with dandruff, itching scalp, falling hair, or baldness, we believe that Rexall "93" Hair Tonic will do more than anything else to remove the dandruff, destroy the germ, make the scalp healthy and stop falling hair, and, if there is any life left in the roots, also promote growth of new hair.

We believe that probably 65 per cent of the cases of baldness could be overcome if people would only use Rexall "93" Hair Tonic for a reasonable time, as directed.

We don't want you to take our word for this. We want you to test the merits of Rexall "93" Hair Tonic at our risk. If you use it and it does not give satisfaction, just come back to us and tell us, and we will immediately hand back to you the money you paid for it. You promise nothing, sign nothing and your mere word will be taken for it.

We are dependent upon your confidence and patronage, and we would not make these claims, or make this offer, if we did not believe that Rexall "93" Hair Tonic is the very best hair preparation you can use. Two sizes of bottles, 50c and \$1.00.

You can buy Rexall "93" Hair Tonic in this community only at our store:

SYNOPSIS OF COAL MINING REGULATIONS
Coal mining rights of the Dominion Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,500 acres will be leased to one applicant.
Applications for the lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.
In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.
Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.
The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.
The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.
For full information application should be made to the secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion lands.
W. W. CORY.
Deputy Minister of the Interior.

Bowling
The games in the Dreamland League continue to draw large audiences of enthusiastic fans to the alleys each night and the keen, but friendly rivalry existing between the teams afford much enjoyment for all. The games are steadily showing the improvement the advancement of the season ensures, and no one team seems at present to have any firm hold on the pennant. The teams appear to be fighting at about equal strength as the league standing below will testify.
At times a team takes a sudden spurt or weakens materially and in this way some surprises occur which cause no little excitement. This week the Mission team have furnished the surprises. On Tuesday evening, rolling in splendid form the Mission took the measure of the Pastimes in two of the three games, thereby oulling themselves well up and within easy reach of the other teams just ahead.
The Bears continue to hold first place but are being crowded hard by those immediately following.
Following are the scores for the past week:

Table with 3 columns: Team Name, Wins, Losses, Points. Rows include Pelicans, Bears, Starlights, Royals, and Mission.

BOWLING CHALLENGE
During this week a bowling challenge was posted at the Dreamland Alleys by the "Oxley Rums", to any grocery store in the city. This challenge was immediately taken up by the Campbell Company and when they sought to arrange dates for the contest no arrangements could be made with the challengers who has suddenly developed an attack of "buck fever" and hurrying to the alleys altered the challenge so that it now reads: "The Oxley Rums challenge the McKenzie Co., to play any old time for money or marbles." Better be careful "John" they may accept.

William C. Hopkinson, chief assistant to Malcolm Reid, in the immigration inspection service at Vancouver, was shot dead in the Vancouver court house by a Hindu last Thursday. His assassin was immediately arrested by the police. Hopkinson's assassination was not altogether a surprise, for it had been known that his life had been threatened time and again. He was very active in handling the Hindu question at the time of the recent Hindius' visit to Vancouver. He was a very clever officer, and exercised great influence among the Hindus. He was at one time connected with the police force at Calcutta, and could speak the Hindu language like a native.

**7 SPECIAL 7 SEVEN DAY SALE**

Heretofore it has been the custom with this store to confine to Two Sales in the year—MIDSUMMER CLEARANCE and JANUARY STOCK-TAKING. We are, however, departing a little this season from our former custom and feel that, in spite of the great upheaval in Europe and the money stringency in consequence thereof, people will need Winter Supplies, and we think this an opportune time to fill your requirements. You will find very few merchants willing to make such material reductions on an advancing market
