Regular Meeting of the City Council

City Irrigation System Must be Repaired before used Again

The council held a meeting last Friday morning, Acting-Mayor Sutherland, and Aldermen Copeland, Duggan, Rattenbury and Taylor attending.

A batch of correspondence on various matters was first dealt with, including a communication from the district engineer of the Provincial Water Rights' Branch, who stated that while in Kelowna he had made an examination of the ditches and flumes for carrying the irrigation water to the different lots within the city, and had found that they were in a very bad state of repair. For this reason he had directed that the whole system be closed to the passage of water until the necessary repairs had been made.

A letter was also read from the Provincial Inspector of Factories requesting that two exposed pulleys in the power house be properly guarded. It was decided to instruct the chief engineer to see to this.

Alderman Sutherland stated that the committee in charge of the Patriotic Concert had suggested that in view of the fact that the Opera House and all work in connection with the concert was being given free of charge, the city might supply free light for the concert.

The council agreed to this and instructions were given to have the necessary meter readings taken.

Fire Threatens P. Burns & Co.

P. Burns & Co.'s store had a narrow escape drom destruction by fire Tuesday night, or rather in the early hours of Wednesday morning. By some means or other a fire started in a pile of wood up against the concrete wall at the back of the building and the flames were drawn in through a small ventilator at the foot of the wall, setting fire to the floor joists underneath the sausage room. Discovery of the fire was made by Mr. R. Burns, the barber, who has a room in the Morrison block next door. He was aroused by the smoke which had penetrated into his room and at once turned in an alarm of fire.

The fire was just beginning to secure a hold of the interior woodwork when the brigade arrived. By cutting through the floor and pouring a stream of water through the blaze was speedily extinguished, but not before considerable damage had been done to the refrigerating plant and other machinery.

No damage was done to the stock or to any other part of the store. It is estimated that the total loss will reach about $600.

How the fire came to start in the wood pile remains a mystery, as rain was falling at the time and would have extinguished any match or cigarette accidentally thrown down.

Germans Claim Victory in the Pacific

The German warships Gneisenau, Scharnhorst, Nurnberg, Leipsig and Dresden are said to have attacked the British fleet off Coronel, Chili. The British cruiser Monmouth was sunk. The cruiser Good Hope was very badly damaged, and as she was on fire is supposed to have been lost.

The British cruiser Glasgow took refuge in the harbor of Coronel and is now bottled up.

The German warship Scharnhorst, Nurnberg and Gneisenau anchored in Valparaiso harbor uninjured.

Mr. and Mrs. Rae and Mr. and Mrs. McLean of Vancouver, motored in from the coast this week on a visit to Mr. L. Richmond, leaving Wednesday after a few days stay for Penticton.

The Patriotic Concert organized by a local committee last Friday drew a crowd to the Opera House which packed the building to the doors. The varied and excellent program which had been arranged was a great success and almost every item was encored enthusiastically. As a result the handsome sum of $360 was raised, which is to be divided equally between the hospital and the Benevolent Society.

Rae Ritchie who is at McGill University reading for his B.A. degree has in common with many of his fellow students volunteered for service at the front with the second contingent. In consequense of the large number of students who are joining the ranks the University authorities have decided to give their next years' tuition to all volunteers free on their return.

Mr. Leckie desires to express his appreciation and thanks for the flowers and for the sympathy, expressed and otherwise, which all members of his family have received, for the many kind offers of assistance, and for the practical services rendered, wherever such were necessary or possible.

Community Suffers Loss in Death of Mrs. Leckie

Deceased Lady Most Widely Popular of Kelowna Residents

The unexpected death of Mrs. D. Leckie last Tuesday afternoon came as a shock to the whole community, for probably no one in the district was so well known or so widely and deservedly popular. Her bright, and cheery manner, and active and helpful participation in every social function, not only in connection with the Presbyterian church, with which she was most intimately connected, but in all other movements where the young people were concerned, made her so universally liked and respected that few people could be in town very long without coming in contact with and having a good word for Mrs. Leckie.

It was only a few days before that the deceased lady was found to have contracted typhoid, and was at once removed to the hospital, too late however to avoid the complications which set in and caused her death. The funeral took place yesterday afternoon service being held at the house at 3 o'clock by the Rev. A. Dunn, who voiced the feeling of everyone present when he referred to the great loss which the community, the church and the family had sustained, a loss which would only be realized the more as time went on.

As a mark of respect the stores in the town were closed for a short time during the funeral.

The pall bearers were Messrs. D. W. Sutherland, J. Ball, F. M. Buckland, A. L. Morland, J. N. Thompson and G. S. McKenzie.

The cortege to the cemetery was probably the largest which has ever been seen in Kelowna, and with the profusion of floral tributes, testified as much as anything to the great esteem in which the deceased had been held by all.

Flowers were sent by the following:

Mr. and Mrs. E. R. Bailey, spray white chrysaothemums and spirea; Dr. and Mrs. Boyce, violets; Mr. and Mrs. Boyer, spray, chrysanthemums and fern; The Boys, E. L. Hopkins, E. Hoy, C. C. Manifold, E. J. Schiedel, F. Straby, R. Whillis, wreath white chrysanthemums and violets with fern; Boy Scouts, anchor, lavender and white chrysanthemums and smilax; Mr. and Mrs. Buckland, spray pink and white chrysanthemums with pink and white chrysanthemums, fern; Mrs. Cameron, wreath, stocks, cedar, mignonette and sweet peas; The choir, Knox church, wreath, white and red chrysanthemums; Dalgleish & Harding wreath, daisies, cedar, fern and carnations; Mr. and Mrs. DeHart, wreath, white chrysanthemums, cedar fern and carnations; Two Doyle families, spray roses and fern; Mr. and Mrs. Duggan, spray, roses; Rev. A. Dunn, violets; Girls of Lawson's Store, Beatrice, Heather, Lena, Edith, Flossie, cross, primulas, white and pink, with fern; Mr. and Mrs. Greene, cross, white asters and autumn leaves; Mr. and Mrs Hallauer, spray, carnations; Miss Harvey, wreath, white chrysanthemums and fern; Charles Harvey, spray, carnations and fern; I.O.O.F., wreath, red and white chrysanthemums; Mr. and Mrs. Josselyn, spray, lavender and white chrysanthemums; Mr. and Mrs. Kerr, spray, chrysanthemums and maiden hair fern; Mr. and Mrs. Knowles, spray, chrysanthemums and fern; Knox church Sunday school, cross, chrysanthemums, buds, violets and smilax; Ladies' Aid, cross, lavender and white chrysanthemums; Mrs. Lemon, chrysanthemums and fern; Mr and Mrs. D. Lloyd-Jones, sheaf, white chrysanthemums and fern; Mr. and Mrs. Lysons, sheaf, pink carnations and ivy leaves; Mr. and Mrs. McIlie, spray, chrysanthemums and fern. Mr. and Mrs. Meugens, spray, chrysanthemums and fern; Mr. and Mrs. Moreland, spray, chrysanthemums and fern; Mr. McMillan, wreath, chrysanthemums Oregon grapes, and cedar; Okanagan Association of Heating and Sanitary Engineers, anchor, white chrysanthemums and smilax; Mr. and Mrs. Prowse, anchor, white chrysanthemums; Mr. and Mrs. J. E. Reekie, wreath, white chrysanthemums and carnations; Mr. and Mrs. Trench, spray, chrysanthemums and fern; The Teachers, spray, lavender and white chrysanthemums; W. C. T. U., anchor, white chrysanthemums, verben and fern; Mr. and Mrs. Weddell, wreath, white chrysanthemums, violets and fern; Staff of store, wreath, white chrysanthemums and carnations.

Amongst the mourners was Mrs. G. S. Pettipiece, a sister of Mrs. Leckie's who, with her husband arrived from Vancouver, just in time for the funeral.

It is some ten years since Mr. and Mrs. Leckie first came to Kelowna from Hartney, Manitoba, where they lived after their marriage in 1892. Mrs. Leckie was a native of Ontario, having been born in Garden Island in that province.

Needless to say the greatest sympathy is felt for Mr. Leckie and the family of four children, Date, Marjory, Dorothy and Russell in their bereavement.

A CONVICTED TRAITOR ON HIS MARCH TO PRISON

Corporal Grualt of the French Infantry, was caught as he tried to sell documents to the enemy regarding the Eiffel Tower wireless installation. He was tried, convicted and sentenced to be discharged from the army with ignominy and publicly stripped of those parts of his uniform significant of army service, then to be imprisoned for life. The photograph shows him on his way to prison after the ceremony of degradation before his entire regiment.

German Fleet Shows Signs of Activity in the North Sea

Turkey has been Dragged Into Contest --- British and French Bombarding Dardanelle Forts --- Allies Continue to Gain Ground in Flanders.

The outstanding feature of the war news this week is the joining in of Turkey apparently at the instigation of Germany, and with the intention no doubt of dividing the attention of Russia and decreasing her pressure on Germany's eastern frontier. By threatening Egypt also it is hoped to divert a section of the British forces. How far this new development will complicate matters and involve other countries, as for instance Greece and other Balkan states, and Italy, is yet only a matter of conjecture, but that Turkey's illadvised action will draw down upon her head certain retribution is the opinion of many widely differing authorities. For the present however, the danger of stirring up trouble amongst the Mohammedans in India seems to be only a remote possibility.

With Turkey a participant in the European war diplomats declare it is extremely likely that Italy and practically certain that Greece, Roumania and Bulgaria, will be drawn into the struggle. If Italy enters the war it is considered a foregone conclusion it will be on the side of the allies.

Russia has already declared war on Turkey notwithstanding a belated apology for the raids on her navy in the Black Sea, and failing to receive satisfactory answers to an ultimatum a British Cruiser has shelled and occupied the fortified town of Akabah in Arabia. Combined British and French fleets are also bombarding the forts guarding the entrance to the Dardanelles. Turkish troops are reported along the Egyptian frontier, but it is stated that full preparations have been made some time ago by the British government to repel any attempt at invasion. Indications have been found that the Turkish army as well as the navy includes many German officers.

GERMAN FLEET WAKING UP

Brief reports during the last day or two seem to indicate that the German fleet is at last waking up and that a squadron has come out from its base.

The British submarine D-5, says an Admiralty report was sunk in the North Sea Tuesday by a mine which was thrown out by a German cruiser running from British cruisers. Two officers and two men of the submarine were saved.

The German squadron fired on the British gunboat Helicon, which was patrolling, wounding one man. "Various naval movements were made," the report continues, "as a result of which the Germans retreated rapidly, and, although shadowed by our light cruisers, in her retirement, threw out a number of mines, and the submarine was sunk by one of them."

Rumors are also being circulated that several overland submarines have been brought overland by train in sections and put together in the canal at Zeebruge.

ENEMY FALLING BACK ON LAND

The tumult of battle has rolled back from the Belgian coast, and after the apparent failure of their fierce assault on the English and Belgian lines around Ypres, the Germans evidently are diverting their attack toward a more southerly point.

French official announcements are very encouraging, and state that the Germans have completely abandoned the Yser, and are rapidly retreating eastward.

Discovered Shipping Firearms to China

An interesting discovery was made last Saturday by Chief Thomas who acting upon a suspicion which he entertained siezed a sofa which was lying at the local Dominion Express office shipped to Hong Kong. Upon removing the lining underneath a formidable array of arms and explosives was revealed in the shape of two 44-40 repeating rifles, a Browning automatic revolver, and 700 rounds of ammunition. The shipper was Quon Lee Yuen, a well-known Chinaman in town who it was stated was leaving in a few days for China. He was at once placed under arrest.

What was the exact purpose of the shipment of arms it is not exactly known, but the police surmise that either they were intended for use by the revolutionaries of southern China who are stated to be making active preparations for a rising, or they may have been meant for the use of the river pirates who infest that part of world, and who it is well known are constantly supplied with arms from some mysterious source. In the meantime however, the police are communicating with the authorities at Ottawa and also with the provincial Attorney General.

Quon Lee Yuen was brought up before the magistrate Monday and remanded until Wednesday, when the case was again adiourned for a week to await replies from the authorities.

A quiet wedding took place last Thursday afternoon at the Methodist church when F. Swainson, of the city staff was married to Miss Barrett, of Kelowna. The Rev. J. C. Switzer officiated.

BIRTHS

WILLIAMS.—On Monday, Nov. 2nd to Mr. and Mrs. H. J. Williams, a son.

AITKEN.—On Saturday, Oct. 31st, to Mr. and Mrs. W. Christie Aitken, a daughter.

Proposal to Revive Local Tobacco Industry

Montreal Firm Makes Offer to Kelowna Farmers to Raise Crop Next Year

A scheme which has for its object the revival of the local tobacco growing industry, which owing to the collapse through flagrant mismanagement and extravagance of the British North American Tobacco Co., has naturally been suspended, was laid before a public meeting of farmers and others in the Board of Trade rooms last Thursday evening by Mr. Kleine, a representative of the firm of Youngheart & Co., cigar manufacturers of Montreal. The meeting was well attended, and considerable interest was manifested in the proceedings.

Mr. Kleine, whose many years of experience in all phases of tobacco growing, curing, manufacturing and marketing, make him a well recognized authority on the subject has been in the district for some time past enquiring closely into the situation here, declared emphatically that he was profoundly impressed with the suitability of the Kelowna climate and soil for the raising of tobacco. Beyond any doubt it had been proved that the quality of leaf which could be grown here was such that would command a ready market and he believed that, notwithstanding anything that had happened once it could be placed upon a proper footing there was the makings of a large and profitable industry for the farmers if they were willing to take the chance of doing a little pioneering work.

The proposition which he had to make he frankly admitted was in the nature of a gamble, but one in which his firm of Youngheart & Co., was willing to take equal risks with the growers. Briefly his plan was that a sufficient number of growers should raise next year, a crop of tobacco, aggregating if possible a total of 200 acres, which they would harvest, put into parcels and ship to Quebec. There his firm would receive it and perform the subsequent operations of grading and curing, and sell it to the best advantage. The total proceeds would then be divided equally between themselves and the growers. It had been found he said that the average cost of raising a crop of tobacco, including the preparation of the land, plants, planting and harvesting, was as nearly as possible five cents per pound, and that the grading and curing cost about the same figure. Thus his firm would be risking in such a venture precisely the same amount of money as the growers. Assuming that only ten cents per pound was realized for the finished product, then each would get five cents per pound, and neither would gain or lose. This however was placing it at the very lowest figure, and although he purposely avoided making any rash promises, he believed that unless everything went wrong a much higher price would be obtained.

He was very candid in stating that the whole success of the plan from the farmer's point of view depended upon the honesty and integrity of the firm of Youngheart & Co., and though he could assure them that the firm was a reputable one and rated high financially as they could ascertain for themselves, it was impossible to eliminate this feature from the transaction. It was necessary that the farmers should place a certain amount of confidence in the firm, which Mr. Kleine said stood to lose just as much as the farmer if things went wrong.

Personally he felt sure that once the initial stage had been passed and one crop of tobacco had been grown there would be no difficulty about getting another.

If the farmers were willing to take up the proposition, and venture a little for the purpose of starting the industry going, he was prepared to give his own time in rendering assistance and also to see that a qualified expert was placed at the disposal of the growers so that the best results might be obtained.

Mr. Klein was subjected to a very close questioning, not to say heckling from the farmers present, whose attitude was fairly well expressed by Mr. M. Hereron who declared that the farmer had been stung and olluffed so often on this matter that he wanted to know before he took it up again exactly where he stood.

Asked why the tobacco could not be cured and manufactured here in Kelowna, Mr. Kleine said it was at present impossible, owing to the absence of experienced help and the fact that if help were brought in the cost would be too great.

Mention was made of the possibility of inducing the government to give some financial assistance to the farmer in establishing the industry, as had been done in the province of Quebec, and it was decided to take this matter up with the Hon. Martin Burrell.

Mr. Kleine said that Quebec had been given a grant of $40,000 for tobacco growing, and in his opinion, comparing the natural advantage here and the possibility of building up a great industry, Kelowna should be given $140,000. The province of Quebec, he said was not growing anything like so good tobacco as had been raised in Kelowna, and yet not one pound of Quebec tobacco remained unmarketed. In Wisconsin he said when the farmers first started to grow tobacco they sold their first crop for 3 cents per pound; now they were getting 12 cents and there was hardly anything else grown there but tobacco.

As an alternative proposition for those who were unwilling to take the risk of waiting to see what the tobacco would sell for, Mr. Kleine offered to guarantee a price of 8 cents per pound to the grower, his firm to take the rest.

On his return to Montreal, he said, he would have an agreement prepared which would embody the proposal which he had made and would be worded so as to be fair and equitable to all concerned. It would be straightforward and plain and would contain no traps or "jokers". This would be submitted to the farmers and would be open to amendment and alteration if considered necessary.

It was desirable, Mr. Kleine pointed out, that about 200 acres, if possible be placed in tobacco, as this amount would be sufficient to ensure economical handling of the crop, and also produce enough to secure a market.

In spite of the keen questioning to which Mr. Kleine was subjected it was evident that his proposal had produced a favorable impression upon his hearers, and when the chairman, Mr. S. T. Elliott to test the feeling of the meeting called for those who would volunteer to put a portion of their land into tobacco next year, promises were obtained from Dr. Dickson, Mr. Hereron. T. G. Speer, Casorso Bros., and others for varying amounts totaling about 60 acres. Dr. Dickson himself undertook to devote 35 to 40 acres to the experiment.

A committee was also appointed consisting of Dr. Dickson, M. Hereren, T. G. Speer and J. Cather, to interview the farmers and securing the balance of the acreage needed. The committee would also take up the question of assistance from the government.

The young people of Rutland organized a surprise party last Saturday evening at the home of Mr. Geo. Munford, and a very pleasant time was spent.

More Kelowna Recruits For the Front

Another Batch of Kelowna Boys Volunteer for Active Service

Recruiting for the second overseas contingent has been proceeding during the past week under the direction of Capt. Rose, and the following fourteen volunteers are proceeding to Victoria at once to go through a course of preliminary training: C. S. Despres, C. L. Hunt, C. H. Taylor, A. H. Benson, F. Smith, E. A. Kidner, Frank Fuller, A. B. Quinn, J. H. Eastwood, J. B. Wykes, W. Charman, L. B. Simeon, W. J. Davis and W. R. Alexandra.

Twenty-five was the number of men asked for from Kelowna, but owing to the very short time given in which to enrol names, and to the fact that many were rejected under the rigid medical inspection imposed, that number was not reached before instructions came to close the list. Had it been possible to extend the time for even a few days the required number could easily have been made up, many applications having been received too late.

Since the list was made up all the time possible has been put in in elementary drill and instructions.

In addition to above volunteers for active service. A. J. Clarke and J. B. Whitehead have joined the Rocky Mountain Rangers for home defence and left Monday for Kamloops whence they will be sent for bridge-guarding duty. Privates Lloyd, Gray and Moon who were on leave of absence also returned at the same time to Kamloops.

DEATH OF WELL KNOWN YOUNG MAN

The death took place in the hospital last Tuesday of William Stanley Morris, a young man who was well-known around town. Morris who was only 25 years of age, was admitted to the hospital about a week before suffering from appendicitis, and an operation was performed.

Deceased, who was an ex-army man came out from the old country a few years ago, and during his few months residence in Kelowna has occupied several positions and seems to have been generally liked. Lately he has been assisting the provincial police, to which body he had applied for appointment. The suddenness of his death was a great shock to his many friends, a large number of whom attended the funeral which took place this afternoon.

Mewa Singh, the self-confessed slayer of Immigration Inspector W. C. Hopkinson, was tried and found guilty of murder and sentenced to be hanged on January 11. He made no denial of the offence.

Wilson Landing and Westside Notes

(From our own Correspondent.)

Mr. and Mrs. Coldham are staying at Nahun.

* *

Mr. P. H. L. Seeley lost a valuable cow on Saturday last.

* *

On Friday last Miss G. M. McKinley returned to Kelowna, after spending a short visit here.

* *

Mr. Ed. Batt, jr., of Kelowna arrived here on Saturday's boat for a short visit.

* *

Messrs. Leney, Cheeseman and Vaughan are getting out ties for the C.N.R. The contract including the delivery of same to a point on the east side of the lake.

* *

Mr. L. Everitt is encamped at Otter Point on the ranch belonging to Messrs Goodacre and Browse. He has the contract for supplying the poles for the government telephone line and goes on down to the Westbank ferry landing. Most of the ranchers along the route being willing to sell their trees either standing or cut, there has in consequence, been quite an activity noticeable in the district he passed through. The fact of seeing the poles along the road gives a civilized air to it and an assurance that we are really to have a line at last.

Rutland News

The opening services of the new Presbyterian church in Rutland was largely attended on the morning of Sunday, Nov. 1. Rev. C. O. Main, M. A., B.D., of Vernon was the special preacher for the occasion, and he livered a stirring and impressive sermon from the narrative of "Christ's Anointing by Mary."

The choir was strengthened by the addition of several Benvoulin members and they acquitted themselves creditably. Mr. Brown of the Rutland store sang the "Holy City" with much feeling.

On Monday evening a Grand Concert was given by the members of the Presbyterian choir from Kelowna under the leadership of Mr. Boyd in the assembly hall of the new school building.

The concert was a huge success in every respect. The many numbers given being applauded and encored repeatedly.

It would be invidious to dilate upon any one number but one cannot help paying homage to the magnificent work of Mr. Drury Pryce on the violin. Such mastery of the instrument as he displayed on Monday night puts him in a class by himself.

The choir was well balanced and in the anthems and solos rendered revealed effective tuition and able leadership. Mr. Boyd at the piano was a host in himself.

The Presbyterian congregation at Rutland desire to express, through the medium of the Kelowna newspapers their deep appreciation of the help given.

Benvoulin Notes

Rev. W. T. Beattie will take as his subject in Bethel church, Benvoulin, on Sunday evening, "The Optimism of Faith."

Mount Vesuvius is again in eruption. The inhabitants of the district are greatly alarmed.

Kaslo housekeepers are now allowed free "juice" for one porch light, provided their electric light bill runs $2.00 a month.

The British Columbia Telephone Co. is putting its Rossland main street wires underground.

A recent long distance wireless record was established between a station in Persia and a ship off Australia, nearly 7000 miles apart.

Ellison News

(From our own Correspondent.)

We learn that Mr. Hayland of the Newstead ranch has been wounded whilst in action at the front. We hope to hear of a speedy recovery.

* *

Mr. Pearson who has been in charge of the Newstead ranch since Captain Harmon left to rejoin his regiment, left on Wednesday's boat to take his place at the front, he having been recalled to the colors.

* *

We understand that Mr. M. Hereron will look after the interests of the ranch during the absence of the gentlemen referred to above.

* *

On Tuesday night last a social gathering was held in the Methodist church on the occasion of the anniversary of the opening of the present building. A large number of friends sat down to the sumptuous repast which had been prepared, and which was thoroughly enjoyed by all. The ladies in this district certainly know how to provide for the inner man. After supper the remainder of the evening was spent in songs and speeches, the pastor making an efficient, and withal humorous chairman some of his remarks causing much merriment, particularly those referring to the man who sleeps during the sermon. The Rev, Mr. Switzer, of Kelowna made a stirring speech on "The Church" especially in its relation to rural districts, at the same time pleading for more social intercourse in the country than at present obtains. We heartily endorse the rev. gentleman's remarks and trust they will have effect. "Nuff sed." Songs were rendered by Miss McGee, Mrs. Mugford and Mr. G. Whitaker which were highly appreciated.

The meeting was brought to a close by singing the Doxology and everyone went home well satisfied at having spent a pleasant and profitable evening.

Glenmore Notes

A memorial service for the late Mr. Geo. Barrat will be held in the Glenmore school house on Sunday, Nov. 8th at 3.30 p.m. Rev. W. T. Beattie will conduct the service. Kindly take note of this intimation.

The Vale of Osoyoos

Range and forest rising far
East and west our ramparts are,
Beating back the western gale
Ere it reach our lovely vale:
Tempering the eastern chill,
Storing snow to feed each rill.
Here and there the summits tower
Golden in the sunset hour,
Green with verdure through the day,
In the moonlight soft and grey,
Breathing scents of pine and fir
Where the gentle zyphyrs stir.
Lower yet the verdant grasses
Yield to ev'ry wind that passes
Odors of the rose and thorn,
Dewy fragrance of the morn.
Myriad flowers star the grass
Where the lowing cattle pass,
Blue and purple, gold and white—
Nature's garden of delight;
All the range land lies ablaze
Through the golden summer days.
Where the Okanagan floweth,
Where the chim'ring aspen groweth,
Where the giant sumac shades
Velvet turf and fairy glades—
There is nature's beauty rarest,
There the scene is of the fairest.
See the sparkle of the stream
Through the quiv'ring verdure gleam;
See the carp or salmon splashing,
Up the stony shallows dashing
Till they reach some quiet pool
Dark o'ershadowed deep and cool.
Yonder see the meadows looming;
Hear the lonely bittern booming;
Loud and shrill the curlew's cry
While the winged phalanx fly
Northward to their nesting grounds
Far within the Arctic bounds.
In yon thickest willow grove
Timid whitetail love to rove:
Shyest are they of their kind
Seldom seen and hard to find.
Yet they live throughout the year
In the willow thicket there.
See the placid river flowing,
Through its fairy frondage going,
Turning ever here and there,
Loath to leave a scene so fair;
Gliding like some peaceful soul
Tranquilly to reach its goal.
Happily it comes to rest
On the lake's pellucid breast.
Ah! those waters cool and still,
Storing scenes of dell and hill,
Painting beauties of the rarest
Till I wonder which is fairest;
Till I dream the lake can see
Wonders unrevealed to me—
Who can paint thy beauties duly?
Who can tell thy wonders truly?
Who can speak the thoughts that rise
'Neath the saphire summer skies?
Truly bounteous nature stores
Thine embayed serrated shores
With the best of her vast treasure,
Given in unstinted measure,
Poured on ev'ry hill and dale,
Changing all our lovely vale.

Gleanings of War News

It is unofficially announced that the French government will return to Paris on November 20.

* * *

The insurance companies estimate the damage to Rheims at $200,000,000.

* * *

The Kiel ship yards are said to be building thirty armored cruisers, carrying 15,000 troops each, for British invasion by Kaiser's troops.

* * *

The Russian government has purchased in Canada two ice breakers which are to be used in keeping open this winter Archangel harbor on the Arctic Ocean, the only port which Russia has now open.

* * *

Germany has lost another colony. Edoa, in German West Africa, fell to a combined French and British force on October 26. It is a railway centre 990 miles from the coast.

* * *

Albert Smith of the Fifth Highlanders, Montreal, was killed last week. He fell from a motor truck while returning from Salisbury and fractured his skull.

* * *

A despatch from Sebastopol says the former German cruiser "Goeben", during its bombardment of that Black Sea port, was hit by the Constantinowzawa batteries, which forced the "Goeben" to withdraw. The shore section subsequently intercepted a wireless message from the "Goeben" which said "damaged, will return to Constantinople for repairs."

* * *

Announcement was made by the customs department that "Illustrated Bits" and "Alley Sloper's Half-Holiday," two English publications have been prohibited entrance into Canada. Similar action has also been taken in regard to "The Vital Issue." a new German daily published in New York to further the German publicity propaganda.

* * *

Rumors are again current in London that Hungary, weary of a war in which she has nothing to gain, would welcome a chance to quit. It is suggested also that Servia soon may be compelled to retire within her own borders and assume a purely defensive role in consequence of the national debt resulting from the fighting of three campaigns in as many years.

* * *

A Despatch from Sydney says it is reported that the German cruisers Scharnhorst and Gnieseau, which raided Tahiti some weeks ago, have been captured in the South Seas, having run out of coal.

* * *

French airmen from Dunkirk, flying in eight aeroplanes, dropped over two hundred bombs on a chateau near Dixmude where the German General staff had headquarters. They destroyed the chateau roof, fired the building, and forced the officers to seek refuge in the woods.

* * *

The official press bureau announces that an Indian contingent has joined the British and Japanese forces acting against the Germans at Tsing Tau on the Chinese coast.

* * *

The British light cruiser Hermes was sunk in the Straits of Dover on Saturday by a German submarine, according to an official announcement most of the officers and crew were saved.

* * *

A Rotterdam despatch says a German submarine became entangled in trawlers' nets off the Dutch coast Friday, and sank. The sunken submarine was the U-9, which the Germans claim sank the British cruisers Hawke, Aboukir, Cressy and Hogue.

* * *

The managers of the Nobel Institute have decided to give this year's peace prize, which amounts to about $40,000 to the Netherlands Government to be applied toward the support of Belgian refugees in Holland.

* * *

The government has under consideration a plan for the accommodation in Canada of a thousand Belgian refugees. It is considered these men could ne absorbed easily throughout the Dominion, and it is stated that Belgians find it impossible to get practical assistance owing to the number of unemployed in the cities It is believed that a thousand Belgians, who would be nearly all of the farming class, could be placed economically on Canadian farms and be welcomed. Details of the suggested scheme are not yet worked out.

* * *

For the first time the Ross rifle factory has started Sunday work, besides working night and day week days to get ahead with the contract for a hundred thousand rifles which it has just received from the British government and which calls for complete delivery in the space of a year. There are now about 800 employees at the factory and this number will be gradually increased until there are practically double that number which will be shortly after New Years. The rifle demanded by the imperial authorities is the same as is issued to the Canadian contingent. Extensive additions are being made to the factory.

* * *

The militia department has no official knowledge of the presence of Canadian troops at the front, despite the death recorded of Private William Cookhill of Montreal, killed by a German shell at Lille last week. It is stated that the expeditionary force being now in control of the war office the department is only kept informed on matters of prime importance. It is not believed however, that the entire army service corps of the Canadian forces is at the front.

* * *

The silver-lead industry in the Kootenay is likely to be substantially benefited by the fact that bullets for shrapnel shell naw being manufactured in Canada will be made from Canadian lead.

* * *

It is announced that when the British parliament reassembles on November 11 Premier Asquith will move a vote of another $500,000,000 on account of the war. A similar amount was voted in August, of which $350,000,000 has already been expended.

* * *

Making and dressing dolls was the occupation of a German spy arrested on the Yorkshire coast, garbed as a woman, but in reality a man. Instead of the usual sawdust stuffing, the dolls' bodies contained carefully prepared maps of the east coast.

* * *

The Canadian Pacific fund was augmented by the receipt of $100,000 from the Ottawa branch. This is a first installment. The total fund is now $630,970. There is also acknowledged $2000 from the Prince Rupert, B. C., branch of the fund.

* * *

Milkmaids are wanted by the military authorities of Paris to look after and feed the hundreds of cattle stocked in the race courses and open spaces round the city. All people who are desirous of doing this very necessary work are asked to give in their names to the dairies of their districts, and all people who are able to milk cows are urgently requested to register themselves as willing to undertake this work.

* * *

There is a shortage of wheat and flour in New Zealand, and the government has appealed to Canada. Representations have been received from the New Zealand authorities asking if it would be possible to purchase at once 250,000 bushels of wheat or else flour.

KITCHENER DISCOURAGES TREATING

In line with his now famous advice to the British expeditionary force to be courteous, Lord Kitchener, secretary for war has issued an appeal to the public in which he emphasizes the importance of keeping the army now in training in good condition.

This result. he says, will be obtained only by strict sobriety. He urges the public, both men and women, to aid the soldiers in their sobriety by refraining from treating them and by appointing committees to impress them with the need of temperance and assist them in avoiding temptation.

Lord Kitchener has been unanimously elected rector of the Edinburgh University.

Matinee at 3.15. Two shows at night at 7.15 and 9

Free Distribution of Seed, Grain, Potatoes

FREE DISTRIBUTION OF SEED GRAIN AND POTATOES

By instructions of the Hon. Minister of Agriculture a distribution of superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples for general distribution will consist of spring wheat (about 5 pounds), white oats (about 4 pounds), barley (about 5 pounds) and field peas (about 5 pounds). These will be sent out from Ottawa. A distribution of potatoes (in 3 pound samples) will be carried on from several of the experimental farms, the Central Farm at Ottawa supplying only the provinces of Ontario and Quebec. All samples will be sent free, by mail.

Applicants must give particulars in regard to the soil on their farms, and some account of their experience with such kinds of grain or potatoes as they have grown, so that a promising sort for their conditions may be selected.

Each application must be separate and must be signed by the applicant. Only one sample of grain and one of potatoes can be sent to each farm. If both samples are asked for in the same letter only one will be sent. Applications on any kind of printed form cannot be accepted.

As the supply of seed is limited, farmers are advised to apply early; but the applications will not necessarily be filled in the exact order in which they are received. Preference will always be given to the most thoughtful and explicit requests. Applications received after the end of January will probably be too late.

All applications for grain (and applications from the provinces of Ontario and Quebec for potatoes) should be addressed to the Dominion Cerealist, Central Experimental Farm, Ottawa. Such applications require no postage. If otherwise addressed delay and disappointment may occur.

Applications, for potatoes, from farmers in any other province should be addressed (postage prepaid) to the Superintendent of the nearest Branch Experimental Farm in that province.

Expel Spies from Switzerland

Three German spies having headquarters in Geneva, Switzerland, were sentenced by the Third Military Tribunal last Friday. The three are Lieut.-Colonel Otto Ulrich of Berlin; Dr. Wohlander and Herr Kohr, a chemist. They were charged with plotting against England and France, and thereby violating Swiss neutrality.

Col. Ulrich was not present, having gone into hiding, presumably somewhere in Switzerland. He was sentenced in default to serve two years in prison and pay a fine of £200. Dr. Wohlander must serve three months and pay a fine of £40, and Herr Kohr must remain in prison two months and pay a fine of £20. All three were sentenced to expulsion from Switzerland for life after serving their sentences.

The Phantom Leipsig

According to a drummer who was in town last week, the German phantom ship Leipsig is lying in Esquimalt harbor, shrouded in canvas and her sides full of holes. According to this authority the Leipsig became the prey of the Rainbow within a three-mile limit off the Alaskan coast and hence the quietude that is observed. So sure was this party of what he said that he offered to bet a thousand dollars with any person in town that the cruiser was where he said. He was safe enough in offering a bet for that amount around here. Meanwhile the Leipsig is variously reported from off the coast of Chili, the South Sea Islands and certain points in the roomy Pacific. Is it possible that the Germans have half a dozen Leipsigs?.—Kaslo Kootenaian.

BRIDAL PARTY MISHAP

Blinded for a moment by rice that was being thrown at a wedding, the driver of a bridal party motoring to church came to grief at Bargoed, Glamorganshire.

Friends threw rice at the bride and bridegroom. Some of it went into the chauffeur's eyes. At this moment he swerved to avoid a child.

The car, travelling at ten miles an hour, ran into a wall and overturned. The bride and bridesmaid had already jumped from the car, but the bridegroom, the best man and the chauffeur were pinned beneath it. The bridegroom received superficial injuries; the others were unhurt.

The party continued their journey to the church in a horsed conveyance after the torn dress of the bride had been repaired.

John Clark, a full-blooded Cree, 25 years old and the father of two children is the greatest Marathoner in the world if stories from the north, which credit the Indian with phenomenal feats in long distance running, are reliable. It is claimed that Clark ran sixty miles over ice and snow from Cross Lake to Norway House ahead of a dog team in less than seven hours. Another performance credited to Clark was to cover twelve miles over a rough course in sixty minutes. This is said to have been done with four watches held on him, one in the hands of a missionary.

Belgians for British Columbia

EXPERTS PREDICT GREAT RUSH OF SETTLERS TO CANADA

Transportation experts agree that the European war will result in a rush of settlers to Canada, and a special effort is being made to obtain for central British Columbia a large number of Belgian farmers driven from their homes by events in the war area. These people are known to be good farmers and very thrifty people, and will be a great factor in developing the agricultural possibilities of this section of the Dominion, recently thrown open to cultivation by the completion of the Grand Trunk Pacific railway. It is planned to settle a large tract in the Stuart River district with Belgians and their families. It is expected that after the war is over a large colony will be placed on the land there, as well as in many other valleys along the line of the Grand Trunk Pacific in northern and central British Columbia.

DECAY OF CHIVALRY

Those who care about facts will find food for thought in the official report of a recent naval victory (or disaster) in the North Sea. A submarine with a crew of eight or nine men attacks and sinks three cruisers carrying about 2,200 men. Of these latter some 1,400 are drowned. These men were not challenged to fight; they were not summoned to surrender; they are murdered wholesale while asleep in their bunks— cheaply, expeditiously, and with a minimum risk to those who destroyed them. That is modern war. The affair described is discussed at great length by naval experts, who argue whether battleships are obsolete. The "victors" are lauded and decorated, and take their place in the world's news. Blackbeard would understand that victory and approve it, so would Attila, so would Nero, but we should like to see a board of naval strategists trying to explain these modern methods to Sir Philip Sidney or Nelson or Bayard. The modern world is more practical than chivalrous.—Collier's Weekly.

MUNICIPALITIES BUYING APPLES

Acting on the suggestion of Dr. Dan Johnston, fruit commissioner, that municipalities should organize to secure apples direct from the farmers to sell cheaply to the consumers, the city of Ottawa has decided to try the experiment. The city council will secure as a trial a carload of apples from western Ontario. The apples will be purchased loose for about 45 cents a barrel, and loaded into the car with hay padding to protect the apples. Counting freight and all, it is figured that the apples can be retailed in Ottawa for about $1.25 for two bags. If the plan works well and they arrive in good shape the city will ourchase several more carloads.

The Last Days of Pompeii

The noisy rumble of this busy workaday world is all forgotten when one views the manifold beauties of George Kleine's photo drama production of "The Last Days of Pompeii," —the spectator seems again to live in the happy days of that lost city on the shores of the beautiful Bay of Naples. To feel one's seal a part and parcel of that chattering throng of pleasure seekers, scoffing at the new sect of Christians so earnest and severe in their mien,—to revel in the gossip of the happy maidens over the handsome Greek youth Glaucus and his beautiful Athenian sweetheart Ione. One can almost feel the presence of the blind flower girl Nydia, her bosom torn by her hopeless passion for her master whose love for Ione renders him far more blind than the unhappy slave herself. That same spirit of aversion and wonder comes over us when the wise Egyptian priest Arbaces passes, rapt in his profundity and contempt of his surroundings. And when Ione and Glaucus take their trips in their gayly decorated barge upon the bay, you can almost imagine you hear the ripple of the waters as they splash against the oars and so through every minute of this awe-inspiring drama of life, you follow the thread with an almost personal note, until the dormant Vesuvius rouses from its slumber and vents its potent rage in clouds of smoke and fire, pouring showers of molten stone and lava—forever blotting out the records of ages of man's attainment. And when the final curtain falls upon the picture of the beautiful slave girl Nydia floating peacefully upon the bosom of the sea—the spectator files out into the world again dazed by the maddening sounds and feels as though he has awakened from a dream in which he lived and moved more than seventeen centuries ago. Pictures that can do this with a spectator are no ordinary achievement. "The Last Days of Pompeii," will be the attraction at the Opera House next Thursday, November 12th.

Although this picture has been exhibited in all the large cities of the world at prices ranging from twenty-five cents to two dollars, Mr. Duncan by a very fortunate booking arrangement is able to show this wonderful picture here at the low admission price of twenty-five cents and children will be admitted at the usual price price of ten cents.

THE GERMAN SIEGE MORTAR

Antwerp, counted as one of the most strongly fortified cities in the world, has fallen before that most terrible new engine of war, the immense 11-inch field mortar which Germany has found so successful in battering into heaps of ruins the magnificent old cities of France and Belgium.

This is but another proof that the modern gun maker has radically changed conditions. General A.H. Brialmont, the Belgian engineer who designed the stronghold of Antwerp, considered that the iron and steel Gruson batteries and turrets which were embodied in these defence works would withstand all modern ordinance and gunnery. But attack has again overmastered defence, the factor in this case being the German portable field mortar, which marks a great stride in power and weight, particularly in mobility over any other mobile artillery ever yet constructed. The second war issue of the Scientific American thus describes it:

The outstanding feature of this great mortar is that it is so mounted that the gun and carriage can be hauled either by motor or by horse power at a speed approximating that of the lighter siege artillery, and that when it has reached the designated position it takes but a short time to have the gun in battery ready for attack. The weight of the gun and carriage is given as about forty tons, the weight of the shell is about 750 pounds. The maximum range at an elevation of about 65 degrees is 24,600 feet, and the maximum range at 42½ degrees elevation is a little over 33,000 feet. At Liege and Namur the Gruson turret forts afforded ample protection against the direct fire of high velocity rifles and the high angle fire of the lighter siege guns, but against the enormous Krupp mortars, fitted with delayed action fuses and filled with the most modern high explosives, the forts were absolutely helpless. And so also at Antwerp the new portable howitzers are said to have outranged the Belgian guns, and the rain of 11-inch shells, falling almost vertically from an altitude of several miles, must have wrought fearful destruction on the city and forts alike.

GET YOUR BIRDS READY

Hospital Directors Monthly Meeting

The regular monthly meeting of the board of directors of the Kelowna hospital was held last week, when those present were Messrs. H. J. Hewetson, N. D. McTavish, M. C. Gorrie, D. W. Sutherland, P. E. Corby, W. Haug, G. S. McKenzie and G. A. Fisher, secretary.

The minutes of the last monthly meeting were read and on motion of Messrs McTavish and McKenzie, confirmed.

The Matron submitted her monthly report and the secretary's financial statement was also received and the accounts ordered paid when properly verified and funds in hand. The statement disclosed accounts to the end of September as follows:

Unpaid July accounts . . .	$ 89.10
August accounts	362.90
Balance due architect . . .	200.00
September accounts	871.89
Total	$1,523.89

The balance due to Geo. E. Ritchie on the contract for the new Maternity ward is $807.56, this being mainly accounted for by the promised city grant but which at the time of the meeting was not available.

The total funds in hand to pay current accounts were $7.37 and government per capita grant of $505.50 expected shortly.

The balances due from patients covering the period from 1911 to date is $4,559.80 of which about $2,60 considered collectable, but mainly would be very slow.

The retiring visiting committee, Messrs. Haug and Corby were accorded a hearty vote of thanks for their services. The new visiting committee appointed for the ensuing three months include Messrs P. DuMoulin and D. W. Sutherland.

Selling Agency for Fraser Valley

The Fraser Valley Development League has definitely decided on the organization of a central selling agency, for the co-operative marketing of Fraser Valley produce.

The agency will be organized under the provisions of the Agricultural Association Act, which provides that when 20 per cent., of the capital is subscribed the provincial government will advance the remaining 80 per cent. The stock will be sold on the basis of 20 per cent., cash, the balance being over a period of five years. The deferred payments of stock will meet with the repayment of the government advance. It is proposed to put the capital of the agency association at $200,000, divided into 4000 shares of $50 each.

Pope Benedict has appointed a committee composed of Cardinals Merry Del Val, Disleti and Cagiano to prepare plans to be used in the erection of a sepulchral monument to the late Pope Pius X, in the crypt of St Peter's.

New British Ships Will Carry Most Powerful Weapons

It is probable that during the present week the British navy will receive a considerable accession to its great strength by the delivery of two new battleships—the Queen Elizabeth and the Warspite.

These boats will be the first to carry the new 15-inch gun, which is without doubt the world's deadliest weapon. As the first lord of the admiralty recently pointed out, it is the best guns Great Britain has ever had. It reproduced on a larger scale all the virtues of the 13.5-inch gun. Its power may be measured by the fact that, whereas the 13.5-inch gun hurls a 1400 pound projectile, the new gun discharges a projectile of nearly a ton in weight, and can hurl this immense mass of metal ten or twelve miles.

The high explosive charge of the 15-inch gun can carry through and get inside the thickest armor afloat, is very nearly as large again in the 15-inch gun as was the charge in the 13.5-inch.

Great Britain has thirteen ships in her navy mounting the 13.5-inch guns which are without equal in any of the navies in the world. but the Queen Elizabeth and Warspite will be the first vessels to carry this new and most powerful of guns.

Germany has no ship carrying a heavier weapon than the 12-inch gun, which ceased to be the British primary battle armament in 1909.

Striking a small rock slide, brought down by the heavy rains, a C. P. R. "double-header" freight train, eastbound, was derailed at 9.20 o'clock Monday morning about three-quarters of a mile west of Hope, a station 81 miles east of Vancouver. The two engines and two of the fifty cars of the train plunged down the embankment into the river. Four other cars were badly smashed up. Two men were killed and it is believed that a third also met his death.

It is stated that the $15,000,000 loan underwriten in London by Lessard Brothers for the Canadian Northern railway, just on the eve of the outbreak of the war, has been subscribed and paid over.

Sir Arthur Birch at one time administrator of the colony of British Columbia, died in London Saturday at the age of 74 years.

Rexall
TRADE NAME
Olive Oil Emulsion

Whenever your system becomes run down, whether through sudden climatic changes, overwork or excesses of any kind, you leave yourself open to contract any contagious disease.

To build up this weakened condition there is nothing equal to Rexall Olive Oil Emulsion.

It is a real nerve-food tonic and quite different from the so-called "tonics" which re-act on the system and either have no real food value, or, if they have, are too unpleasant to take.

Rexall Olive Oil Emulsion is pleasant to take,—the hypophosphites in it tone the nerves—the Olive oil nourishes both nerves and blood.

This preparation is guaranteed to be absolutely free from alcohol or any dangerous or habit-forming drugs.

Sold here exclusively by this, the Rexall Store, at $1.00 per bottle, also at over 7000 other Rexall Stores, the World's greatest Drug Stores, in Canada, the United States and Great Britain.

TOWN AND COUNTRY NOTES

Mr. G. R. Albrighton, of Kamloops paid a business visit to the city last week end.

* * *

Mrs. J. Chapman, who has been in the city on business left on Monday for her home at Canoe, B.C.

* * *

Mr. D. Wrigglesworth returned to the city Monday after spending several months in the east and on the prairie.

* * *

English church services will be held in the East Kelowna school house next Sunday afternoon at 3 o'clock.

* * *

Services will be held next Sunday morning in the St. Andrew's church at Okanagan Mission at 8 a.m.

* * *

Mrs. J. Chapman, of Canoe is a visitor in the city this week, the guest of Mrs. F. Bawtinheimer.

* * *

Mayor and Mrs. Jones returned to the city Saturday afternoon, after an extended visit to eastern Canada.

* * *

Mr. and Mrs. Perkins, of Indian Head, Sask., are paying a visit to this district, where they are well known.

* * *

Mr. Ernest Hoy, another local member of the R.M.R., who has been on patrol duty returned to the city on Friday, having been released from service.

* * *

Mr. Alf. Dengis left on Friday morning for Calgary, where he will spend some time before going to Chicago to join his wife, who is now in that city.

* * *

Mr. E. L. Ward has just received 1000 tulip, narcissus and daffodil bulbs and six dozen hyacinths as a donation from Mr. W. J. Von Aalst, of the Holland Bulb Farm. Victoria, B.C. These bulbs are being divided between the school and the hospital and will make a nice show of bloom next spring.

* * *

Three members of the local corps, R.M.R., who have been home for some time left on Monday morning for Kamloops, from which place they will be sent to various posts along the main line of the C.P.R. They were Messrs. Lloyd, Gray and Moon.

* * *

Mr. William Sauter, well known here has gone to Vernon with the idea of organizing a dramatic class, to put on different plays during the winter for the benefit of the Okanagan Patriotic Fund and other similar benefits.

* * *

Will all the ladies who are working for the Red Cross Society see that all their work is sent in on or before Nov. 15th. Parcels may be left with Mrs. Geo. James, Abbott Street, or at Mr. H. F. Hicks' store.

* * *

The Anglican church will hold a sale of work in the Parish Hall from Thursday to Saturday, December 3rd, 4th and 5th. This will take the place of the "Olde English Faire" for which arrangements had been made and goods purchased and donated before the war. The articles received from the old country include household linen, printed cotton bedcovers, hand knitted socks, pottery, baskets, etc. etc. Everything sold will be of a useful nature and it is hoped that a substantial sum will be added to the Building Fund to which the proceeds will be given.

* * *

Mr. H. E. Upton the Government Poultry Instructor will give illustrated lantern lectures on Poultry Raising at Raymer's small hall on Nov. 25th and 26th at 8 p.m. He will also have the government exhibit of model houses and appliances. The slides for these lectures have been prepared by the Dominion government to encourage more farmers to raise poultry and to employ better methods.

* * *

The choir of the Kelowna Methodist church has arranged a splendid program of music for the concert to be given in the church on Thursday, November 12th at 8 p.m. The items consist of a choral work, chorus for ladies' voices, solos, instrumental and vocal, etc. This will be one of the musical treats of the season and should not be missed.

The Methodist Ladies' Aid are holding a sale of home cooking next Saturday week, Nov. 14th, in the vacant store next to Mr. Croft's boot store.

* * *

Mr. and Mrs. J. B. Knowles are away this week on a short camping holiday on their pre-emption up Bear Creek.

* * *

The Vancouver Cafe is now under new management, having changed hands on Nov. 1st. The new proprietor is Hop Lee.

* * *

Mr. Fred Henning, who severed his connection with the T. Lawson Co. last week left on Monday morning for Seattle where he will join his mother.

* * *

The donation of the work and the material for the large banner for the patriotic concert by Mr. T. Treadgold was greatly appreciated by the committee in charge.

* * *

Mr. G. G. Gladman was in town for a few days this week renewing old acquaintances. Mr. Gladman was formerly on the Kettle Valley engineering staff.

* * *

There is a movement now on foot to forward a car of Okanagan apples for the Belgian refugees in England. The idea was first suggested by Mr. G. J. C. White, and the matter is now having the attention of the United Growers. An effort will be made to have the C.P.R. carry the car free, and each district will be alloted a portion of the car. The privilege of donating apples will of course not be confined to Union members.—Summerland Review.

* * *

A definite reply has been received this week from the authorities at Ottawa regarding the application for rifles and ammunition with which to equip the "Home Guards." It is stated that the demand for both up-to-date and obsolete arms from military department has been so great that it would be impossible to send any to Kelowna.

* * *

The Women's Christian Temperance Union will meet at the home of Mrs. Fuller, on Tuesday, Nov. 10th at 3 p.m. A paper entitled, "Some experiences of a nurse in meeting with the results of the liquor traffic" will be read by Miss Port. A social half-hour will be spent at the close of the meeting, and it is hoped there will be a good attendance of members and friends.

* * *

The Rev. Philip Stocks formerly chaplain of the Church of the Resurrection in Brussels will shortly arrive in Kelowna, where three of his sons (one of whom has the photographic studio) and a daughter already reside. The unfortunate turn of events in Belgium has made it impossible for Mr. Stocks to return to his duties in Brussels for some time, and he has decided to seek at least a temporary home in the Okanagan along with the rest of his family. Mr. Stocks has been in charge of the English church in Brussels for the past four years. At the time the war broke out Mr. Stocks and his wife were on a holiday trip to Scotland. As soon as it became evident that trouble was in store for his adopted country he made haste to return. Reaching Folkstone, however, he was stopped with the tidings that the Germans were already nearing Brussels and that it would be impossible for him to proceed. In the meantime all Mr. Stocks' household goods and personal possessions are in Brussels at the tender mercies of the Germans, and he is naturally awaiting with some degree of anxiety for a favorable turn of events.

* * *

The Fire Brigade boys have decided after all to abandon their annual ball which was to have been held November 26th. After careful consideration of the matter the Brigade decided present conditions did not warrant going ahead with the ball this year.

* * *

A large real estate deal was put through this week, whereby the property on Bernard avenue, owned by Mr. D. Wrigglesworth has been sold to Mr. A. N. Anderson of Minneapolis. The price is understood to be $10,000 cash.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for the lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion lands.

W. W. CORY.
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

NOTICE OF DISSOLUTION OF PARTNERSHIP

Notice is hereby given that the partnership heretofore subsisting between us the undersigned as partners has this day been dissolved.

All debts owing to the said partnership are to be paid to Stanley Merriam Simpson, at Kelowna, in the Province of British Columbia and all claims against the said partnership are to be presented to the said Stanley Merriam Simpson, by whom the same will be settled and by whom the business will be carried on in future.

Dated at Kelowna, B.C., this first day of October, A.D., 1914.

O. C. ETTER
S. M. SIMPSON.

Bowling

Next week will see the schedule of the Dreamland Bowling league half completed and at present it looks as though the Bears, with their comfortable lead and going at a good pace appear to have the edge on the other teams. The Beavers and Pelicans are also in the race and are rolling good games. The Royals, since a general shaking up a couple weeks ago have been coming along strong, this week they captured a series from the Dreamlands. The Starlights took a brace this week and took three from the Pastimes who appear very weak and apparently need new strength if they are to remain a factor in the race. The Missions lost three last night to the Beavers, the Beavers rolling three good games.

The games continue to bring out a good crowd of spectators and furnish great amusement and excitement.

Following is the results of the last week's games and the standing of the clubs up to the end of last week:

* *

The Bears added another victory to their credit on Thursday night and won two games from the Starlights, by rolling good games:

STARLIGHTS

B. Treadgold	115	124	156—395
Budden	115	124	105—344
Shiedel	139	152	151—441
W. Pettigrew	164	159	122—445
Rossi	159	162	180—501
Totals	691	721	714-2126

BEARS

McLeod	120	154	158—432
Patten	166	120	164—450
Soresby	153	144	160—457
Hallauer	145	145	163—453
McCubbin	172	141	167—480
Totals	756	704	812-2272

* *

The Pastimes, rolling in very poor form dropped three games to the Starlights on Monday night: Following are the scores:

PASTIMES

L. Pettigrew	101	131	134—366
Swerdfager	163	139	121—423
Willits	136	104	111—357
Gibb	102	117	167—386
Purdy	152	129	170—451
Totals	654	620	703-1977

STARLIGHTS

Budden	154	130	106—390
B. Treadgold	143	170	127—442
W. Pettigrew	160	144	139—443
Shiedel	130	127	148—405
Rossi	95	164	182—441
Totals	682	735	704-2121

* *

The Royals took the first two fixtures from the Dreamlands on Tuesday night by 20 and 10 pins respectively and lost the last game by 12 pins. Following are the scores:

DREAMLANDS

Parker	134	144	134—412
Hedges	154	143	146—443
A. Johnson	152	116	154—422
Brown	136	105	140—381
H. Treadgold	133	153	155—441
Totals	709	661	729—2099

ROYALS

R. Johnston	126	153	142—421
L. P. Joates	144	126	128—398
W. Patterson	165	129	167—461
Marquet	129	104	143—375
L. W. Coates	166	159	137—462
Totals	729	671	777-2117

* *

The Beavers made a clean sweep last night, winning all three games from the Mission team by good margins:

MISSION

Stubbs	117	101	127—345
Mallam	139	105	92—336
Renfrew	120	140	119—379
Barneby	169	126	131—426
Baldwin	145	178	143—466
Totals	690	650	612-1952

RAINFALL
Rainfall for month .70

Baptist Young Peoples' Society

The program at the Young People's meeting at the Baptist church on Monday evening took a novel turn. It is not often that a kitchen orchestra is in evidence on programs in this city, and that composed of some half dozen young men at the Baptist church excited admiration from those who thought that no music could be obtained from the ordinary culinary utensils. It was young men's night—no ladies were down for items— and the said young men took full advantage of the opportunity and put up a first class menu. When the curtain was drawn a number of cooks, dressed up in white aprons were seen busily engaged in making bread. They got tired of the unusual effort and decided to have a concert. Mr. S. Weeks set the ball rolling with a song "Terence's Farewell." This was followed by a recitation "It's a sad story" by A. S. Wade, the story being copiously punctuated with tears from his fellow cooks. Mr. G. R. S. Blackaby recited in French. Mr. Wade came on again and preached the celebrated sermon on the text "Old Mother Hubbard went to the cupboard.' Last came the piece de resistance. "The Silver Band March" by the orchestra which was composed as follows: Conductor, G.R.S. Blackaby, organ; A.S. Wade, bass drum and cymbals (copper boiler and saucepan lids respectively); H. Bartholomew, tenor cornet (tea tray); J. B. Knowles, cornet, alto, (poker); S. Weeks, kettle drum (washboard and pegs); E. Blenkarn, treble instruments (large bottles); Al F. Pelton. An encore was demanded and given and a vote of thanks to the performers brought the meeting to a close.

AMENDMENT TO INSPECTION AND SALE ACT

An important amendment to the Dominion Inspection and Sale Act was passed at the last session of parliament and comes into force on the 1st of January, 1915. This act establishes new laws for the whole of Canada respecting flour, meal, rolled oats, rolled wheat, feed and vegetables. The important features in connection with the new act are that the weight of the contents of any bag, sack or package of any of the cereal products must be stated thereon, and that uniform weights per bushel or bag for vegetables through the whole of Canada will be definitely established, as from above date, January 1, 1915.

This act is one which will affect a large number of producers throughout our agricultural communities and copies can be obtained on application to the Deputy Minister of Trade and Commerce, Ottawa, Ont.

KAISER BUTTING IN TOO MUCH

Rumors from various sources keep coming to affirm that the Kaiser is in a very serious condition of health. It is also affirmed that the imperial relations with most of the leading generals of the headquarters staff are distinctly strained, and that had the Kaiser's orders been obeyed the retreat from the Marne would have ended in total disaster for the Germans. The Kaiser does not think so, and severely upbraids the leaders for not carrying out his views. On meeting one of his best officers, who had been obliged to fall back, the emperor greeted him with: "You fell back, and yet you are still alive."

All the staff resent this attitude as a personal reflection upon their courage and notwithstanding all their loyalty and the extreme deference always shown to the Kaiser, more than one bitter word has escaped their lips.

The Kaiser's great fear now is said to be assassination. Whenever his headquarters are taken, quick-firers are placed in and around the premises and big guns are trained on all approaches. Nobody is allowed to come within 200 yards. Searchlights are mounted on roofs and hundreds of troops keep guard, night and day. Even in war time, the emperor cannot forego his love of parade. His staff still numbers some three or four hundred officers.

Barron Strain For Eggs

I imported a pen each of Buff Orpingtons and White Wyandottes from Messrs. Tom and Will Barron respectively, Lancashire, England, last January, and now I have some very fine cockerels for stock birds, and for this month only (November), I will let them go at $3 and $2 each. Terms: Cash with order only.

Some of Mr. Tom Barron's recent winnings

1911-12 4th Prize and Two Silver Medals in the Philadelphia North American International Egg Laying Competition (100 pens competing, 12 months).
1912-13 International First Prize in the second Philadelphia North American International Egg Laying Competition.
1912-13 International 1st Prize and Cups and Medals in the Missouri State International Egg Laying Competition held at Mountain Grove, Mo., U.S.A.
1913-14 2nd Prize at the third International Egg Laying Contest held at Victoria, B.C.

ADMIRAL FISHER TAKES NAVY IN HAND

The appointment of Admiral of the Fleet Baron Fisher to succeed Prince Louis of Battenburg as First Sea Lord of the Admiralty, is announced.

The retirement of Prince Louis of Battenburg marks the successful culmination of a campaign of suspicion and slander. The anti-Battenburg campaign, due entirely to his German origin. was fanned by the fact that other royalty's relatives are fighting against us now.

The appointment of Admiral Fisher, however, can not but give general satisfaction. Fisher is to the navy what Kitchener is to the army, and to him is largely due the efficiency which makes possible the present British control of the sea.

Prohibition has been carried in the State of Virginia by a majority of 30,000.

The carnival at the roller skating rink which was advertised for tonight has been postponed until Tuesday, Nov. 10th.

W. Wilson of the Rangers, and Rolf DePfyffer and W. Berard of the B. C. Horse who were down on leave returned this morning to their respective duties.

PLOT TO BLOW UP THE WELLAND CANAL

United secret service men have discovered a plot to blow up the Welland Canal, and the Toronto, Hamilton and Buffalo Railway tunnel at Hamilton, according to information received from the Dominion government. Every available secret service man in the employ of the Canadian government and the detectives of the railway companies were summoned to meet at Toronto, whence they will leave to patrol the tunnel at Hamilton and the Canal from St. Catherines to Lake Erie. The canal has been under guard by Dominion troops since the outbreak of the war.

Mrs. T. Renwick has been visiting friends in town this week, and will leave tomorrow for the coast.

It is announced that during the progress of the sale at Richmond's the store will be closed all day each Thursday instead of merely in the afternoon. This is to afford an opportunity for the rearrangement of the stock.

Cranbrook has disposed of $35,000 worth of waterworks debentures at 88. This will be sufficient to enable the city to complete the distributory system this fall.

Christie's Canadian Biscuits

Another shipment of these far-famed biscuits has just come in and we want to apprise you of the fact, and to again state that Christie's Biscuits are known to be the one biscuit in Canada without a rival.

When travelers try to sell us a cheaper line of biscuits they always say: "These are just as good as Christie's and cost you less money, and you can sell them for the same price and make 10 per cent. more. But we prefer to handle the genuine article and make less money in order that our customers may have the best obtainable goods.

Social Teas, Jam Jams, Vanilla Wafers, Fig Bars, Rice Cake, Sultanas, Cocoa Bar, Assorted Sandwich, Vanilla Chocalate and Arrowroot sell for 25c lb.

The Zephyr Cream Sodas, in 2-lb. boxes are worth 40c., and in big 17-lb. boxes $2.75, and Graham Wafers in tins 45c

We bought some time ago a shipment of National Biscuits which we want to clear out as quickly as possible. We have 114 tins left which we propose to sell in a few days for 25c per tin. The regular price is 40c, but we are clearing them out that we may feature Christie's.

7 SPECIAL SEVEN DAY SALE 7
Heretofore it has been the custom with this store to confine to Two Sales in the year—MIDSUMMER CLEARANCE and JANUARY STOCK-TAKING. We are, however, departing a little this season from our former custom and feel that, in spite of the grert upheaval in Europe and the money stringency in consequence thereof, people will need Winter Supplies, and we think this an opportune time to fill your requirements. You will find very few merchants willing to make such material reductions on an advancing market
