Have Till Sept 1st to Avoid Tax Sale

New Pound By-Law Needed to Conform with Municipal Act

The meeting of the city council held Monday evening was brief and confined chiefly to matters of a routine nature. The principal business was the fixing of the date of a tax sale for the current year for Oct. 12th, and September 1st as the last day upon which delinquent rate payers might pay taxes less costs and expenses. It was arranged to repeal the original Pound By-Law and amendments and pass a new by-law drawn up in conformity with the present provisions of the Municipal Act. This was read a first time. A temporary loan by-law was also introduced to obtain funds from the Bank of Montreal. A special meeting of the council was held Wednesday evening for the purpose of advancing the formalities connected with the passing of these by-laws. Ald. Duggan reported that R. A. Murphy who had contracted to supply 100 cords of wood for the power house was unable to do so, necessitating calling for further tenders, and it was arranged that this be done.

Jap in Trouble Over Horse

A Jap from Westbank was in the police-court Tuesday on a charge of horse-stealing. This charge was afterwards altered to one of "unlawfully appropriating" of which he was found guilty and fined \$50 and costs. It appears he had found a horse loose upon the range over the other side of the lake and had taken possession of it and held it for a considerable time for his own use. The horse in question was one belonging to Hughes Bros., of Kelowna, and had had a somewhat adventurous career. Soon after arriving in Kelowna it had shaken off restraint, performing the somewhat unusual feat of swimming the lake. Arriving safely on the other side it settled down to a life of freedom on the range, until it was captured by the Jap and put to work.

Lend Money to Prevent Slaughter of Cattle

Members of the Manitoba legislature have endorsed the plan previously arranged by the government to advance certain sums of money to resident farmers for the purchase of breeding heifers. The object of this move is to prevent exportation and slaughter of young breeding stock which is now taking place owing to the great shortage of feed in certain districts of the province, and also in some portions of the provinces of Saskatchewan and Alberta. The action which the government through the department of agriculture already has taken with regard to the harvesting and stacking of hay was also approved. Government buyers will purchase the needed stock in the Winnipeg stockyard which is now being flooded with breeding cattle from the west.

Miss Coxworth was a passenger to Victoria yesterday. Mr. C. Maitland left yesterday on a visit to the coast. Russell Leckie left Wednesday on a holiday trip to San Francisco. Mrs. Alec. Morrison and family left this morning to join Mr. Morrison at Gull Lake, Sask. Mr. H. Chesbro, formerly of the provincial horticultural branch, and lately in charge of an orchard near Vernon, has returned to Kelowna.

Provincial Game Laws May Be Changed

Commission will Hear Suggestions from Sportsmen of the Province

A number of important changes in the game laws of the province will be made shortly if the recommendations of the various angling and game associations of the province are approved by the government game commission, which will hold its first regular meeting at Victoria, on July 29, 30 and 31. One important recommendation which appears to meet with general approval and which, if adopted, will mean a betterment in shooting conditions on the mainland, provides for uniform game seasons. Heretofore the season has opened around Chilliwack fifteen days earlier than on the lower mainland and it has been recommended that the season open and close at the same time in both districts. In the past the duck shooting season has opened on September 1st and closed on February 15. It is now proposed to open the season on October 1, closing on February 1. A bag limit of 25 per day for each hunter is also recommended, with the 250 limit for the season remaining the same. Another recommendation provides for opening and closing of deer and grouse season on the same date, Sept. 15 or Oct. 1, the date to be definitely fixed by the commissioners at their approaching meeting. In the upper country it has been proposed that the duck shooting season shall open around Kamloops and the Cariboo on September 1, but that the season be closed for prairie chicken. In the north, where there has been a closed season for grouse it is proposed to have an open season, with a small bag limit. The commissioners believe that on account of the different climatic conditions in various parts of the province that districts should be created and the laws arranged to govern accordingly. The northern section includes all north of the Grand Trunk Pacific Railway, the interior district will include all south of the G.T.P. and east of the Cascades, and the coast district to include Vancouver Island and all west of the Cascades. The public sessions at the coming conference of the game commission will probably be attended by representatives from various parts of the province who are interested in the game situation and who are anxious to co-operate with the officials in their work.

Mr. Ed. Gray, of Okanagan Mission left yesterday for Victoria, on a visit to his brother Robert, who has lately been invalided home to the military convalescent hospital, Esquimalt. This gallant soldier has had an adventurous and distinguished career since leaving Kelowna some three years ago to go overseas with the 72nd Seaforth Highlanders. With that famous regiment he fought in many engagements with such zeal as to win for himself the coveted military medal. He was wounded at Vimy ridge, resulting unfortunately in the loss of his left leg, which has kept him confined to hospital for a considerable time. Lately he has been decorated by the Russian government in recognition of services rendered.

Mrs. (Dr.) A. J. Gordon of Vancouver is a present on a visit to Dr. and Mrs. Telford. A brush fire back of Peachland has been causing some trouble during the past week. Herbert Hoover, United States food administrator, told the Allied food controllers in London that the corner in food production and supply has been turned. There is no longer anything to fear from the German U-boats, he declared. In his address, delivered at the Mansion House, he said: "The submarine menace no longer threatens the food supply. We have turned the corner at last."

The United States armored cruiser San Diego, 13,680 tons, was torpedoed by a German submarine ten miles off Fire Island, New York, on Friday. There appears to have been no loss of life.

Foch's Strategy Places Army of Crown Prince in Dangerous Corner

Germans Making Frantic Efforts to Fight Way Clear of Tighter Grip on Soissons-Rheims Salient

The war situation has developed considerable interest during the past week, and news has been more favorable than for many months past. Following the breakdown of the German offensive, and the French-American counter blow in the neighbourhood of Soissons and Chateau-Thierry, the tables have been almost completely turned upon the enemy, who is now struggling to withdraw his forces from a perilous situation. Despatches from the front declare that the allies' bombardment from both sides of the Rheims-Soissons pocket leaves the Germans only a seventeen-mile passage for the withdrawal of their forces. For a time news showed the retreat to be so precipitate as to almost become a rout, but by heavy rear-guard fighting and the hastening of reserve troops for the Crown Prince's help from further north, the enemy has managed to stave off disaster so far. The retreat was first in the direction of Fere-en-Tardenois, but the allied aviators have set fire to this place and Fismes, points of enemy concentration, dropping more than 32,000 pounds of bombs on these two cities. The allies are still progressing at several points, while the Germans are withdrawing towards Veale. The German retreat north from the Marne was illuminated by burning villages, the sky being illuminated from horizon to horizon

by blazing towns and ammunition dumps. The Americans are believed to have captured Buzancy, four miles below Soissons, and east of the Soissons-Chateau-Thierry highway. The French are reported to be holding Oulchy-le-Chateau. The enemy's communications are being seriously threatened and actually cut off at several points. Great numbers of prisoners and vast piles of stores are reported to have been captured, though no clear details as to the result of the fighting have come to hand. News from the front will be eagerly watched during the next few days it being generally understood that vast consequences hang upon the result of the next few days' fighting. Should Foch's squeezing tactics succeed in cutting off the army of the Crown Prince or greatly reducing its effectiveness, the effect on the war situation would be tremendous. German newspapers are already beginning to admit their failure and to prepare the country for news of defeat. Peace proposals are in the air again, and it is said that Germany is approaching Spain to act as mediator. Latest reports state that the Germans have countermanded their retreat orders and are endeavoring to rush in troops to enable them to still make a stand in the Soisson-Rheims sector.

Commission Enquires Into Steamship Trouble

Session of Board Conducted Monday in Vancouver

The royal commission appointed to inquire into the matter of wages of masters and mates on western steamships and also as to the status of the Merchant Service Guild which lately threatened a strike which would have affected the boat service on the Okanagan lake, began its sessions at Vancouver Monday. The evidence of Andrew Goodlad, secretary of the Guild sketched the progress of the trouble from the issuing by the Guild on April 19th, of a new scale of wages and working conditions and sent it to the owners. The latter declared they were willing to consider the question of wages but refused to recognize the Guild or to deal through it with the men. On May 23, a ballot or plebiscite was taken among the members of the guild on two questions presented. One asked if the members preferred dealing direct with their employers, the other gave instructions to the guild to act for each member. The result of this vote was that 99 per cent. of the membership voted for the guild to act for it. The guild then, after finding that it could not persuade the owners to deal through it, asked the government to appoint a board of conciliation. Mr. Goodlad then went on and told of the final decision of the guild to strike unless the royal commission was appointed. The consequence of this decision was that the present board comprising W. E. Burns, chairman; E. A. James for the owners, and J. H. McVety for the guild was appointed.

Ready Pluck Prevented Drowning Accident

Three in Trouble at Dangerous Part of Beach

A party of visitors in town had an unpleasant experience Saturday evening in the water near the ferry wharf, which might have ended fatally but for the ready and plucky assistance of Earl Raymer. The beach at this point slopes off very suddenly a few feet out into deep water, a fact of which strangers are likely to be unaware. The party were sitting along the promenade enjoying the pleasant evening while the children paddled in the water. Suddenly one of the youngsters got out of his depth and went under. The lady of the party noticing his danger rushed into the water and managed to seize him. In their struggles, however, the treacherous sand gave way beneath her feet and she too slipped into deep water. Her husband by this time was in the water endeavoring to reach them, and he, too, was in danger of being dragged in, when Earl Raymer pluckily dived in and after some effort managed to get the three of them ashore. It has been suggested that a warning be placed in a conspicuous place so that strangers would be made aware of the dangerous nature of the shore to all but good swimmers along the front of the promenade. There are plenty of shallow and safe bathing places for children, for instance on the south side of the grandstand, but between the pavilion and the wharf the beach shelves off very suddenly into deep water and non-swimmers are very liable to lose their foothold if they approach too near the edge of this sandy shelf. Twenty sheep are required to provide sufficient wool to keep one soldier clothed. In Canada there are less than 5½ sheep per soldier. Wool is at a record price, as is also mutton. The Canada Food Board urges greater production of sheep and municipal co-operation.

New Food Order Concerns Householders

Must Buy Flour Substitutes Amounting to 25 per cent. of Purchase

A new Food Control order is one of which all housewives must take careful note, especially as it is already in force. It relates to the purchasing of flour substitutes, for the purpose of economizing in wheat consumption. The order, which is dated June 27th and came into force July 15th, makes it obligatory upon all purchasers of standard flour, to obtain at the same time substitutes, such as rye flour, corn meal, bran, oatmeal, rolled oats, etc., in the proportion of one pound to four pounds flour. No dealer is allowed to sell flour except upon these conditions. This proportion applies to all points west of Port Arthur. East of these double the amount of substitutes must be purchased. Dealers are placed under a heavy penalty for violation of this order, and will be liable to a fine not exceeding \$1000 and not less than \$100, or to imprisonment for a period of three months, or to both fine and imprisonment.

Germany Planned Invasion of Canada

That Teuton conspirators planned even after America's entrance into the war to use German reservists to invade Canada and Mexico is indicated in the seized correspondence of Frederick von Strensh who when arrested was described as a former protege of Bismarck. To-day he is described as a relative of the German emperor. The objects of the proposed invasions, according to the authorities, were to hamper the despatch of Canadian troops abroad and to join armed Mexicans for the purpose of making an attack upon the United States. In these letters were sentences indicating that between November 1915 and April 20, 1917, plots were in existence for 25,000 German reservists to cross from Buffalo to Bridgeburg, Ont., and for 100 Germans to enter Mexico at a point along the Rio Grande. The seized correspondence also disclosed that a German, assuming a Russian alias and disguise, had entered the employ of the Curtiss aviation plant. The spy is now being watched by U.S. officials.

Postman's Strike is Called Off

The secretary of the Letter Carriers' Association called off the Dominion wide mail strike yesterday. It is understood that the government has met the demands of the men. This is supported by an official statement from the departmental offices that the government has decided to "go a long way towards meeting the requests of the postal employees." Repairs which the Germans made to the mole and locks at Zeebrugge have again been destroyed by allied airmen. Two torpedo-boats have been sunk in the harbour and the canal remains closed. The German observation tower at Lisseweghe was also hit by the airmen. The giant White Star liner the "Justicia" was sent to the bottom off the Irish coast last Saturday morning after a running fight with eight German submarines, which lasted upwards of twenty four hours. Eleven members of the crew but no passengers lost their lives. No less than ten torpedoes were fired at the huge ship, eight striking her, the last two penetrating the engine-room and forehold. The "Justicia" sank slowly allowing plenty of time for the transfer of passengers and crew to a tug.

High School Examination Results

Vancouver Pupil Wins Highest Marks (877) for Province

The results of the June High School examinations conducted by the provincial department of education have been announced as follows: all the students writing in Kelowna obtained the required 500 marks but three students in the Matriculation class must write supplementary examinations in one or more subjects, either this fall or next June to obtain complete Matriculation standing. The following are the candidates and the total marks obtained (total marks 1000, passing mark 500):—
Second Year Class:
Dorothea Buck.....742
Sara Gray.....611
Eileen Fowler.....574
Phyllis Teague.....554
Winnie Lang.....551
Ida Reekie.....522
Bert Davis, Lloyd Day, Carl McKenzie and W. Raymer left school to work on farms on June 1st. and are recommended for promotion;
Third Year, Matriculation Class:
Frances Heron.....685
Terence Crowley.....609
Louise Campbell.....595
Cecilia McIntosh.....578
Eleanor Dawson.....572
Marguerite Budden.....545
Godfrey Groves.....517
Rutland Superior School

No. of candidates 4, passed 2.
Second Year Class:
Mary Homuth.....606
Earla McDonald.....506
Leonard Breckon Wrinch, a student of King Edward High School, Vancouver, carried off the coveted silver medal, awarded by His Excellency the Governor-General and also won the \$150 scholarship given to the student achieving the highest standing in the province. Of the 998 candidates who presented themselves for examination 646 pass in all subjects, and 156 are granted university supplemental examinations.

British Ready For Delayed Offensive

Prince Rupprecht is Awaiting Signal from Higher Up

The British are watchfully waiting for Prince Rupprecht's prepared offensive. Great masses of German storm troops are ready. Plans prepared weeks ago only wait the signal from the German high command. A huge concentration of artillery is also ready. The airdromes are crowded with machines. Rupprecht is simply awaiting the high command's signal which doubtless awaits developments on the crown prince's front. It is believed Rupprecht has actually set the date several times. The last was to follow the expected success on the Champagne front, but delay became necessary. His army group, however, is intact. Only a few reserves have been drawn into the Champagne. It is absolutely certain that recent events have so lessened the confidence of both the army and the people in Ludendorff and Hindenburg that some dazzling strokes are needed in the quickest possible time. But with barely ordinary luck the Allies should turn developments favorably. Undoubtedly much heavy fighting is ahead. The Allies probably have as many or more troops than Germany in strategic positions. The Allies are not out of the wood, but are certainly warranted in breathing easier. Another Fall Fair special Prize of \$10 has been offered by the Land & Agricultural Co. of Canada, with a second prize of \$5, by Holman's Orchard Co., Ltd., for an Apple Packing Competition to be judged on points (speed and pack, &c.).

Airplane to Detect Forest Fires

The department of lands is to negotiate for the lease of a hydro-aeroplane for a series of tests in the way of a forest patrol in the air. Should the experiments prove satisfactory the department will arrange to have an aeroplane patrol next year. It will not have to go outside of the service for aviators as a considerable number of the forestry staff have been serving in the Royal Flying Corps. It is believed that by means of aeroplanes a very much more effective scouting system for fire outbreaks can be maintained than by launch and horseback as at present. With the large shoreline and network of inland lakes it is believed that hydroplanes will have convenient landing places in abundance. Hon. T. D. Pattullo, who has been interested in the possibility of an aeroplane service for his department, is expecting to make a trip aloft himself during the course of the experimental trips.

The department of education has announced that the provincial normal school at Victoria will open for the next session on September 3, 1918. The students attending Normal from all points east of Hope on the main line of the C.P.R. must, by regulation, attend Victoria.

The newspapers are giving prominence to a report of a new type of British airplane which, having been tested at the front with the greatest success, is about to be employed in large numbers. It is said not one of these wonder machines has been downed.

Prince Arthur of Connaught who arrived in Victoria Monday, is to spend three days on Vancouver Island in the course of which he will inspect the different military establishments and visit all the military convalescent hospitals. To-day he is going on to Vancouver to make an inspection there. Brigadier-General R. J. Gwynne, director general of mobilization, is to meet the prince as the personal representative of the Dominion government. He will accompany him across Canada. Prince Arthur is also to be met by Sir Frank Bernard, the lieutenant-governor; Major-General R. G. E. Leckie, Hon. J. W. DeB. Farris, acting premier, and a military guard of honor.

Notes from the Prairie Fruit Markets Bulletin
By Commissioner J. A. Grant, Calgary.
Green apples are arriving from Yakima, Okanagan, B. C., and the Fraser Valley. The market is hungry for pie stuff and these are selling at a good price. The first box arriving from B. C. sold at \$4.00. Armstrong celery is coming in considerable volume and sells at 15c. lb. wholesale. The chief vegetable in demand is the spud.

The management of the Dominion Express Co. both in B. C. and Alberta have been very energetic during the past week instructing their messenger loaders and unloaders, the correct method in handling perishable and tender fruit. Fruit is now arriving without the pungent odor formerly noticed when the ventilation en route was not so rigidly looked after. Besides the handling of the crates is greatly improved. The shortage of labor and continuous change of workmen makes it an onerous task for the management to keep the service efficient. Last week's campaign by Dominion Express officers will save the shippers and buyers considerable money, give consumers a better impression of B. C. fruit, and enlarge the express shipments.

B. C. has now control of the cherry market, and some fine Bings and Lamberts are coming in from there. The recent rains caused many ripe fruit to split and the warm spell caused the juice to leak from the split and it would in it. The loss is not as great as appearances would indicate, and if picked over a great portion would grade No. 1. However, wholesale merchants cannot pick fruit over at peak of season, and as a result this off condition stuff is jobbed. The cherry market has recovered and good prices are again obtaining. Some nervous shippers who have consigned their goods to retail merchants and public markets are the only "bears." The public market on the prairie is the slaughter house for B. C. fruit. Job lots are either peddled or sold on the public market, and good fruit consigned to the public market meets with this competition. The day may come when public markets on the prairie will handle choice fruit entirely, but it is not in sight yet.

B. C. shippers who receive a big price for their first early fruit on Coast markets are often disappointed in their returns for same goods sold on the prairies. The conditions are altogether different in the two points. The prairie draws its supplies from many early points in the U. S. and early varieties are generally small and poor in quality by comparison with later sorts. Our early varieties come into competition with later and better varieties from earlier places. Some parts of Oregon and Washington will have reached the peak of the season when ours is just beginning. They ship largely to Calgary and our supply of early inferior varieties is entirely discounted by them. Late stuff always finds a good market, at a good price, when all competitive stuff is off the market and B. C. has the field to herself with the best quality of goods. B. C. growers would be well advised to grow late stuff rather than early for the prairie market, in many cases, and never early varieties of inferior size and appearance.

Sunday Footwear

I intend to make a little change this week, as there are a couple of hundred pairs of Men's Best Boots arriving. These are a line that many have asked for and sell for \$8. I shall put these on sale as a special directly they get here at

Orders for Local Scouts

BE PREPARED Kelowna Troop Troop First; Self Last

Edited by Pioneer. July 23, 1918

There will be a meeting at the scoutmaster's office on Saturday of this week, the 27th instant, at 7.30 p.m., of Patrol Leaders and seconds, at which a full attendance is required. We wish to ascertain what entries we shall be able to put in for the land and water sports on Regatta day. A preliminary programme will be out before this column appears, and we should like all leaders to be able to say what entries can be made from their patrols.

There will be a special prize given to the scout who wins the greatest number of points during the day.

It was with a deep sense of regret and personal loss that we learned of the death in action of our great friend, Mr. E. C. McIntyre. Mr. McIntyre was scoutmaster of the Rossland Troop at the time it won the Lieutenant-Governor's Shield, it being the first troop to win it, for the season 1911-12. He was one of the most courteous and obliging officials in his daily work we have ever had in Kelowna and his cheery smile will not soon be forgotten. He always seemed to see "the silver lining through the dark cloud shining." To Mrs. McIntyre we express our very deep sympathy.

We are very glad now to be able to say that it has been definitely decided to hold a two-day conference of Okanagan Valley scout officers and patrol leaders at either Penticton Summerland or Kelowna. The time has not yet been definitely settled, but we expect that it will be during the week between Christmas and the New Year. Provincial Headquarters are going to pay for the transportation of all delegates and they will be billeted round different homes at the town where the conference is held. We have frequently stated in this column what a benefit a good conference of this sort could be, and the time is not too soon to make preparations for the coming one right away.

The scoutmaster and P.-L. Godfrey Groves were the guests of the Summerland Troop on Saturday last, the former with Scoutmaster Zimmerman and the latter with P.-L. J. Gayton, and motored down on Sunday with the whole of the Summerland troop to visit the Penticton Troop in camp at Okanagan Falls. The Penticton scouts were some 25 strong with the Commissioner, Scoutmaster Atkinson and Mr. Smith, who was in charge of the cooking. It is a very beautiful drive from Penticton to the Falls and the camp is very prettily situated at the south end of Dog Lake and a short distance from the falls of Okanagan River. There were four patrol tents, headquarters and the cook tent. One great advantage they had over our own camp was a wharf with a spring board.

We arrived in camp just before tent inspection by the commissioner, after which a bathing parade was enjoyed very much by everyone. P.-L. Alec Smith of the Summerland Beavers experimented with a new dive which he may be persuaded to repeat at our regatta. It takes two others though to help him with this spectacular feat. After bathing parade everyone did their best to consume all the available grub in camp after which compulsory rest was certainly appreciated. Later in the afternoon camp service was held by the commissioner, followed by another bathing parade, followed again by supper. The guests and visiting scouts left for home soon after. It was a most enjoyable day for all concerned, and we wish to thank Mr. Atkinson and his scouts as well as Mr. Zimmerman and his scouts for their kind hospitality. We believe the proper scout spirit of brotherhood is being created by this intermingling of the scouts from different troops, and may the good work continue.

There will be a special meeting of the Cubs at the cub room on Friday evening, at 7.30, to make arrangements for camp. The dates are now definitely fixed—August 2nd to the 8th, and all Cubs will be expected to attend the meeting to get orders and instructions.

Since Ald. Mantle pointed out at a recent council meeting the need of some adequate public hall in Kelowna there has been a revival of discussion of this burning subject and there is no doubt about the existence of a strong feeling in most people's minds that "something should be done." Had the city possessed other similar buildings at the time of the fire which destroyed the Opera House the loss would not have been so great. But alas! it was the only one, and its loss was nothing short of a public disaster. It is to be feared that Kelowna never fully realized the debt it owed to the late Mr. Rayer for his enterprise in putting up that building—"You never miss the water till the well runs dry!"

Of course, it is almost a sacrilege to speak of amusement with the war on, but it is impossible to live without relaxation of some sort occasionally. Even in the trenches the boys will have their fun, and it is a safe bet that these same boys would not be any more pleased to learn that the folks they had left behind were to be driven crazy by sheer dulness and lack of recreation. Understand, this is not meant to excuse extravagant pleasure-seeking in war time. But in avoiding this there is no need to drop into sheer inanition.

Besides, the need of a public hall is not merely a question of amusement. We have the "movies" for that, and the many outdoor sports which are better for young and old than indoor shows at this time of the year anyhow. There is an educational side to the thing. Without a proper public gathering place a community the size of this is almost as badly off as an old-world village without its town pump.

This whole question of recreation and amusement for young and old, but especially for the young, is one which Kelowna and other places like it will have to face in the near future. Boys and girls are growing up around us with a natural thirst for something better than parading the streets and more exciting than weeding gardens or raising pigs. They are growing up like plants in an impoverished soil—but what's the good of preaching; everybody knows it. Who is going to get busy and find a solution?

A British air raid on the Schleswig-Holstein coast resulted in the destruction of a great hangar and two Zeppelins therein. Schleswig is 350 miles from the nearest Allied point.

Garden peas grown from Belgian seed brought to this country fifty years ago are being shown by Mrs. McAllister, of Milner, B. C. These peas were brought over by Belgian lady who has recently died and were found among her possessions after her demise. Mrs. McAllister planted a few as an experiment and every one of them germinated. The seed is being saved by Mrs. McAllister and these Belgian peas will be perpetuated in the district.

Our Summer Clearance Sale

COMMENCES ON SATURDAY

We shall place on sale Saturday morning at 8.15 a great many Ready-to-Wear Garments, Small Lots and Oddments. The difficulties of procuring merchandise make this Sale an event to be taken full advantage of, and the extraordinary reductions are such that careful buyers will appreciate the values offered.

Kelowna

Benvoulin Notes

Mrs. Findlay is visiting her daughter Mrs. Gordon Scott.

Miss Willey from Vancouver is spending a few weeks with her brother Rev. F. Willey.

There will be a prayer meeting every Wednesday night in Bethel church at 8 o'clock. Every body welcome.

The Ladies Aid of Bethel church gave a wheatless thimble tea on Thursday last, realizing over \$5. The refreshments served were very tasty and went to prove that wheat flour is not essential to dainty cooking.

The ladies of the Glenmore district gave a dance in aid of the Red Cross on Monday night, July 15th, at which they realized the sum of \$21.75 clear, which they handed in to the Benvoulin Red X Society. The Benvoulin ladies wish to take this opportunity to thank Glenmore for this sum.

IN THE SUPREME COURT OF BRITISH COLUMBIA

In Probate.

IN THE MATTER of the Estate of Arthur Wigglesworth, deceased, late of Rutland, near the City of Kelowna, B.C.

NOTICE IS HEREBY GIVEN that all creditors or other persons having any claim or demand against the estate of the above-named deceased, who died on active service in France on the 6th day of September, 1917, and probate of whose Will was granted to Esther Victoria Wigglesworth, of Rutland aforesaid, on the 17th day of June, 1918, are required to send in their claims to the said Esther Victoria Wigglesworth, Rutland, B.C., or to the undersigned, Kelowna, B.C., on or before the 27th day of July, 1918, after which date the estate will be dealt with having regard only to the claims and demands then received.

Dated at Kelowna, B.C., this 27th day of June, 1918.

BURNE & WEDDELL,
32-6 Solicitors for the Executrix.

IN THE MATTER of the Estate of HAROLD THOMAS THIRWALL GORE BROWNE, late of Okanagan Mission, in the Province of British Columbia, deceased.

NOTICE IS HEREBY GIVEN that all creditors or other persons having any claim or demand against the Estate of the above deceased who died on the 23rd day of August, 1916, and Probate of whose Will was granted to John Ford Burne, the Executor in the said will named, on the 10th day of September, 1917, are required to send in their claims to John Ford Burne, of Kelowna, B.C., or to his solicitors, Messrs. Burne & Weddell, of Kelowna, B.C., on or before the 30th day of September, 1918, after which date the Estate will be dealt with having regard only to the claims and demands then received.

Dated this 24th day of June, 1918.

BURNE & WEDDELL,
32-6 Solicitors for the Executor.

IN THE MATTER of the Estate of JANE MARY GRAY, late of Okanagan Mission, in the Province of British Columbia, deceased.

NOTICE IS HEREBY GIVEN that all creditors or other persons having any claim or demand against the estate of the above deceased who died on the 1st day of March, 1918, and probate of whose Will was granted to Edwin Gray, of Okanagan Mission, B.C., the Executor in the said will named, on the 22nd day of May, 1918, are required to send in their claims to the said Edwin Gray, of Okanagan Mission, B.C., or to his solicitors, Messrs. Burne & Weddell, of Kelowna, B.C., on or about the 30th day of September, 1918, after which date the Estate will be dealt with having regard only to the claims and demands then received.

Dated this 24th day of June, 1918.

BURNE & WEDDELL,
32-6 Solicitors for the Executor.

TOWN AND COUNTRY NOTES

Mr. W. J. Black of the Dominion agricultural department was in town Friday.

C. W. Little of Vernon was in town on business Tuesday.

Geo Rankin of Princeton was a visitor here Tuesday.

Mr. J. Crehan, of Crehan, Martin & Co., is in town on business this week.

Dr. Hsley, district veterinary inspector, was down from Armstrong Monday.

Mr. and Mrs. F. DeGrey of New Westminster, were in town Monday.

Mrs. R. W. Ball and her son left Saturday for Vancouver.

F. J. Wilkinson, of Red Deer, Alta., was an arrival in Kelowna Saturday.

Another Fall Fair special Prize of \$10 has been offered by Messrs. Thos. Lawson, Ltd., for the best year-old heavy draft colt, filly or gelding.

L. A. Roberts, of the provincial Water Board, was in town this week.

Mr. Alfred Adams, who has sold his place at Woods Lake, is staying in town.

Mr. and Mrs. Pike, of Keremeos, stayed here for a while Sunday in the course of a trip through the valley.

Mr. and Mrs. R. Butler, Mrs. F. W. Taylor, and Mr. L. T. Panatules, of Keremeos, were registered at the Palace for the week-end.

There will be a five hundred drive in aid of the prisoners of war next Monday evening, July 29th, commencing at 8 o'clock. It will be held in the tea room on Pendozi street.

Next Sunday morning in the Baptist church the Rev. W. Arnold Bennett will preach on "How the Lord carries His people." At the evening service his topic will be "Can the immortality of the soul be satisfactorily proven?"

B. R. Iseli, consul-general for Switzerland, stayed off at Kelowna for a few hours last week in the course of a trip through the district. He is making a tour of prison camps throughout the province in company with Mr. Gintzburger, Swiss consul at Vancouver.

The Flower and Vegetable Show of the Kelowna Women's Institute, will be held in the aquatic pavilion on Saturday, August 3rd. Exhibits must be in place by 10.50 on Saturday morning. An admission fee of 10c will be charged which together with proceeds of tea will be given to Red Cross work.

Miss Annie McMillan left Friday morning for Bellingham, where she will finish her nursing training. Miss McMillan, who has been spending her vacation in Kelowna expects to join the Red Cross at the end of her period of training.

The lady cherry pickers of the K.L.O. bench, who, by the way, are nearing the end of their labors, have arranged to give an open-air concert in aid of the Red Cross. It is to be held to-morrow night (Friday) at the manager's residence, the young ladies providing all the items of a miscellaneous programme, whilst the East Kelowna Red Cross ladies are providing ice cream and refreshments. All the proceeds will go to the Red Cross funds.

Mr. Jas. S. Reekie of Vancouver was in Kelowna for a few days this week on a visit to his mother.

Mrs. D. Hamilton left last Thursday for a visit to Halcyon.

Mr. G. A. McKay is a visitor to Winnipeg this week.

Miss Mather was a passenger Thursday last for Victoria.

The Misses Pennington were passengers to Victoria Friday.

Miss Rogers, lately of the staff of the Okanagan Loan Co., left Monday for her home in Vancouver.

Mr. D. D. Campbell is away this week on a few days' holiday trip south.

Mr. Tom Swurdy left Tuesday morning for Revelstoke to meet a certain train from Winnipeg and rumour has it that his trip has an interesting object.

Mr. W. Haug has just installed a new weigh platform outside his coal warehouse.

We hear that Chas. Shayler, who was lately called from his duties at the C. P. R. telegraph office to military training at Vancouver, is to be returned, he having contracted asthma during his absence at the coast.

A six-year-old boy named Jimmy Mould was drowned at Pentiction last week by falling off the end of the wharf. The previous Sunday Ray Darkis almost lost his life at the same place by striking his head in diving. His neck was almost dislocated, but he recovered after a few days in hospital.

Col. J. Bruce Payne, of Granby, Que., a well-known eastern cigar manufacturer and a purchaser in the past of much of our local output has been in town this week looking over conditions here. He has every confidence in the ability of this district to produce under careful growing methods a leaf which will bear comparison with any of the older districts. Already, he states, the local product has succeeded, in spite of conservatism and prejudice on the part of manufacturers, in making a place for itself and establishing a demand and he feels sure of the ability of his firm to market from two to five hundred acres of crop each year from Kelowna. During the week he paid a visit to the thirty acres on the Dickson ranch being grown by Mr. L. Holman, and which is reported to be in fine condition. Col. Payne is accompanied in his trip west by Mrs. Payne.

The war canoes promise to be a prominent feature of this year's regatta, the idea once started having been taken up with a great deal of enthusiasm. No less than four local crews are now in training. The two men's crews represent the Fire Brigade and the Athletic Association and they are now hard at work practising. Two mixed crews have also been formed and from past experience we know that some of our local ladies can put up a good fight for the cup. Crews for the racing shells are also in training and there will be some good races in this line. The Athletic Association crew got together to compete with the fire brigade at the regatta, took their trial run on Monday evening, under the able captaincy of Mr. W. M. Crawford, whose skilful acrobatic feats several times prevented the capsizing of the canoe. There are a number of pretty husky fellows, however, in the crew and with consistent training should put up a good race.

Auction

At the residence of J. SEWELL, 514, Bernard Avenue, Kelowna, on THURSDAY, AUGUST 1st, commencing at 2 p.m.

Rutland News

(From our own correspondent).
The Girls' Enterprise Club met at the home of Mrs. Ford on Tuesday evening.

Some splendid sweet peas are growing in the garden of the Methodist parsonage just now. One specimen seen by the correspondent a few days ago had seven blooms on one stem!

Last Wednesday a dance was held in the schoolhouse which was well attended considering the busy season. The proceeds, which amounted to over \$35 were given to the Girls' Club for Red X work.

The Red X committee of the Women's Institute met on Thursday, July 18th, at Mrs. Hardie's, and packed a box of Red X supplies valued at \$91, which was forwarded to the central Red X depot at Vancouver.

The Rutland Young People's society held its regular meeting on Friday, July 19. The president, Mr. E. Fleming was in the chair. After singing "O Canada," the business of the evening, as to whether there should be dancing at Club meetings, was brought up. After a long and somewhat heated discussion it was finally decided to dispense with dancing at future meetings. Miss A. McDonald and Earle Hardie were nominated to act as a programme committee. Owing to the lateness of the hour the literary programme was omitted. The meeting then adjourned.

Look For Increase in Freight Rates

There is every likelihood of a considerable increase in freight rates in Canada being ordered by the Railway commission, as a result of the McAdoo schedule of railway workers' wages having been advanced. Announcement to this effect may be expected shortly. It is said that the increase may be as high as 25 per cent. on existing tariffs, despite the 15 per cent already granted during the present year. Although the probability of a general strike of the shopmen has been averted, the government in applying the McAdoo schedule to all railway employees, organized and otherwise, has placed an additional burden on the railways, and this it is stated, must be balanced by a considerable increase in rates.

The Corporation of the City of Kelowna

TENDERS FOR CORDWOOD

Tenders will be received by the undersigned, up to twelve o'clock noon on Monday 5th August, for supplying the City of Kelowna with 500 cords of wood.

This wood must be sound, dry pine or fir, cut into four foot lengths and of such a size as to be suitable for fuel at the City's power house. Delivery must be completed on or before 31st December 1918.

The price quoted must include delivery and piling at the City's power house.

Payments of eighty per cent. of the purchase price of the wood will be made from time to time upon delivery. The remaining twenty per cent. will be paid upon completion of the contract.

The lowest or any tender not necessarily accepted.

G. H. DUNN,
City Clerk.
Kelowna, B. C.,
July 23rd 1918. 36

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon territory, the Northwest Territories, and a portion of the Province of British Columbia are leased for a term of twenty-one years - an annual rental of \$1 an acre. Not over 2,500 acres will be leased to one applicant.

Application for the lease must be made by the applicant in person to the Agent or Sub-agent of the District in which the claims are to be situated.

In surveyed sections the land must be described by sections or legal subdivisions of sections, and in unsurveyed land the tract applied for shall be stated by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of 10 cents per ton.

The person operating the mine shall furnish to agents with every return questionnaire for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the operation of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of the District.

W. W. COBB,
Deputy Minister of the Interior.
