City Park Will Be Much Used This Summer

Several Organizations Make Application to Council for Permission to Use It

That the city park will be much in demand during the coming summer was indicated by the different applications made at the council meeting Monday evening for the privilege of making use of it on different occasions. First came the newly-formed Athletic Club which sought a ground for baseball, football and other sports. Mr. L. V. Rogers, who is president of the club, appeared on behalf of the boys. The council expressed their readiness to allow the boys the use of the park. The choice of ground lay between the open stretch facing Abbott street and the area further back towards the lake cleared some years ago for the purpose of a ball ground. It was stated, however, that the latter was as yet far from being in a suitable condition for games. It was loose and sandy and would need a considerable expenditure of money to create a good surface. A firmer soil would have to be hauled on to it in places or some other means taken to i mprove its condition. The field fronting on Abbott street although rough could be more easily fixed, and it was decided to sanction an expenditure of up to fifty dollars to put it into shape. Mr. Rogers thought that the boys themselves could be organized to help with the work.

Mr. Rogers also informed the council that the Chautauqua would be held in Kelowna during the week commencing June 5th, and he had been asked to apply for permission for them to erect their tent in the park. The council granted the request upon the understanding that all work and arrangements would be submitted for the approval of the Parks Committee.

Ald. Knowles reported having been requested by a number of ladies to obtain the council's permission for the use of the park for a carnival in aid of the Canadian Patriotic Fund, and to charge an entrance fee to the park upon that occasion.

It was agreed that the park should be turned over to the patriotic carnival committee on Saturday, the 6th of July.

A letter was read from Mr. R.E. Denison suggesting that the council grant special rates to water consumers for water used for garden purposes this season. There was a general discussion on this proposal which threatens to become a hardy annual, and most of the old objections were gone into chief of which were the impossibility without extra meters of distinguishing between water used for irrigation and domesiic use, and also the overtaxing of the pump which was already working at nearly full capacity. The extra water pumped would mean a large increase in the consumption of fuel and consequently a probable increase in the loss on the operation of the plant for the year. It was decided that the request could not be granted.

The secretary of the Convalescent Soldiers' committee of Vernon wrote suggesting that as convalescent soldiers from all parts of the Okanagan were being treated at the Vernon Jubilee Hospital, and special cots and other requisites must be provided for these patients the citizens of Kelowna should take an interest in raising funds with which to purchase these supplies. The clerk was instructed to reply that an effort would be made to find a suitable organization to take the matter in hand.

The police report for April showed a total of six miscellaneous cases before the magistrate and fines paid of $40.

The samples of dairy milk collected and tested were as follows: D. C. Middleton, 4.0; Norman Day, 3.9; J. Birch 3.8.

Ald. Meikle reported that the Fire Committee had purchased a second-hand lawn-mower for cutting the grass on the fire hall property. He also stated that acting upon the advice of the building inspector certain repairs had been made to the building next the theatre in order to make it safe, and that the cost would be charged against the owner of the property.

Ald. Mantle reported having investigated a claim made by Mr. S. V. Bray for the construction of a culvert across the road to supply irrigation water to his property. It was stated that surveyors' levels would have to be taken owing to the nature of ground for which Mr. Bray had intimated that he expected the council to pay. The council decided that they had no liability in the matter, and declined to take further action.

Ald. Mantle stated that a suggestion had been made by the road foreman to purchase a single horse mower for cutting the grass along the streets. After some discussion the alderman undertook to obtain full particulars as to the price and cost of operation of the machine and the cost of doing the same work by manual labor.

Just which committee was responsible for the expense of planting and care of trees along the streets was the subject of a little discussion introduced by Ald. J. Knowles. He said he understood that the practice heretofore had been for the Parks committee to supervise the work and for the cost to be charged to the Public Works committee.

Ald. Mantle stated that he had refused to pass the accounts for the reason that he had nothing to do with the supervision of the work done, and he considered that work of this nature came within the jurisdiction of the Parks committee and should be charged to that department.

His Worship the Mayor stated that for several years the planting and care of shade trees had been done by the Parks committee and the cost charged to the Public Works department, but he believed this method had been authorized by a resolution of a previous council.

The clerk undertook to search the minutes later to decide the point.

Ald. Lloyd-Jones reported having made satisfactory arrangements with the canneries for the disposal of their waste water, the B.C. Evaporators being given permission to place a culvert across Cawston avenue.

The Mayor, with Ald. Mantle, Meikle, Lloyd-Jones and Rattenbury, were appointed a committee to act on the Court of Revision to be held Monday, May 27, at 10 o'clock in the morning.

Ald. Knowles reported that some members of the Parks committee had expressed the opinion that potatoes should be grown in certain parts of the park with a view to clearing up the land, but there would be difficulty in obtaining the water. In view of the cost involved it was decided to take no action.

A by-law to levy a rate of 3c per foot frontage per month on occupiers of property on Bernard ave. from Abbott street to Ellis street, and 2c per foot on Bernard ave east of Ellis street to the eastern boundary of the city, Lawrence avenue from Abbott street to Pendozi street, Abbott street from Bernard avenue to Lawrence avenue, Water street from Cawston avenue to Lawrence avenue, Pendozi street from Bernard avenue to Grenfell avenue, and on Ellis street from Cawston avenue to Bernard avenue. This was given three readings.

Mr. T. S. Ruffell requested the council to take the necessarys steps to see that all transient traders pay a substantial sum to the municipality for that privilege.

BIRTHS

POW—On Monday, May 6th, to the wife of F. Pow, of Rutland, a daughter.

LOCK—On Wednesday, May 8th, at the hospital, to the wife of H. Lock, a daughter.

LEE—On Thursday, May 9th, at the hospital, to the wife of H. Lee, a daughter.

LEMON—On Friday, May 10th, at the hospital, to the wife of V. Lemon, a son.

John A. Calder, a farmer of east Nissouri, Ont., is a liberal candidate for North Oxford in the Ontario legislature. He is a cousin of the Hon. J. Calder of the Dominion Cabinet and of Mr. W. B. M. Calder of Kelowna.

Kelowna Sends Big Sum for Y.M.C.A. Work

Local Subscriptions Total Well Over $3,400 - Far Exceeds Objective Aimed At

Reports from all over the Dominion show that the big campaign for funds for the Y.M.C.A. has met with remarkable success, and that the objective of two and a quarter millions will be well over-subscribed. In Kelowna and district the reception accorded the canvassers was a surprise even to the more sanguine ones. When the sum to be aimed at was placed at $3,000 this, it must be confessed, was regarded by the committee as entirely out of reach. When the first day's collection realized nearly half of this sum, however, the objective did not look so far off, and the collectors were spurred on to a wonderful burst of energy. The second day's work doubled that sum, and placed the committee within easy distance of the goal. According to the latest returns, which are not yet complete, the total subscription is approximately $3400. Of this $3220 has been deposited in the bank.

In addition to this fourteen boys have joined the "Earn and Give Club" whereby they have pledged themselves to earn and give $10 to the Y.M.C.A. before the 1st of October.

The committee in charge of the campaign, L. V. Rogers, E. D. Braden, P. DuMoulin, J. B. Knowles and Joseph Ball, wish to express their appreciation of the generosity shown by the public at large in contributing so willingly to this fund, and also to express their thanks to all who assisted in canvassing the district, including the canvassers and those who supplied cars. In particular the committee wish to mention Mr. D. D. Campbell who motored Lieut. Whittaker to Vernon and Mr. Ballard for the use of the Palace hotel by the committee.

Collections in Kelowna have far exceeded those of other towns in the district. Vernon's contribution was approximately $2,250; Armstrong $1,800; Enderby $1,200; Summerland $1,600; Penticton $1,300; Grand Forks $1,600; Kamloops $4,000.

Some of these figures it should be stated are not altogether complete, but they are approximately correct.

Opposition Leader Here

Mr. W. J. Bowser arrived at noon to-day from Vernon in company with Mr. J. W. Jones, M.P.P., who met him at Vernon yesterday. A reunion of citizens and political followers generally is to be held at the Palace Hotel to-night.

A frightful collision occurred last Friday in Vancouver between a motor hose-wagon and a street car. Four firemen were killed and one badly injured.

Michigan has a surplus of 3,000,000 bushels of potatoes to dispose of and has started a campaign to sell them in the large cities. County food administrators will be in charge of the sale with prominent citizens as salesmen.

Cancellation of France's financial obligations to the United States is proposed in a resolution by Senator Kenyon, of Iowa. The resolution provides that "all obligations of the Republic of France to the United States of America for moneys borrowed or funds advanced since the commencement of the present war, including interest thereon be and are hereby cancelled."

Anarchy is spreading in the Ukraine as a result of the German action in overthrowing the government and replacing it with another one. There have been riots at several points and during a serious outbreak in Kiev a large number of persons were killed. An attempt was made to kill the Ukrainian premier, who, however, escaped with slight wounds.

Rutland News

(From our own correspondent).

The Young Peoples' club met at the school house on Friday the 10th inst. The meeting, which was a literary one, opened with the singing of "Keep the Home Fires Burning." After a few items of business which included the election of Miss Magee Miss Alda McDonald and Master Earnest Homuth to the office of reporters, there was a debate on the following resolution: "Resolved that country life has more advantages than city life." The debaters for the affirmative were Miss Amy Fleming and Mr. Fitzpatrick, those for the negative were Miss Magee and Mr. Alva Geen. The judges were Miss Kathleen Campbell, Mr. Lionel Wanlas and Miss Pennington. A number of good points were put forward on each side, but the judges were unanimously in the opinion that the affirmative had the strongest and more convincing arguments.

The editor, Mr. Ralph Campbell the read the "Tatler" the most conspicuous number of which was a pleasing little farewell ditty to Mr. Wanless who leaves for Victoria shortly to uphold the honor of the old flag. (We all wish him God speed and a safe return.

It was decided to have sixteen copies of the "Tatler" typewritten for sale amongst members and friends. The meeting closed by the singing of the National Anthem.

The next meeting, which will be a patriotic one, is to be held on Friday, May 24th at 8 p.m.

Mr. Duncan McGregor who has been visiting his parents for a few weeks, left on Monday for his home in the east.

Two Rutland young men, Mr. L. Wanless and Mr. C. McGregor, who had notice to report for duty at military headquarters, left early this week for Victoria.

The Girls' Enterprise Club will meet next Tuesday evening at Mrs. A. J. Clever's home.

The Presbyterian and Methodist Sunday Schools held a Union Service last Sunday (Mothers' Day) in the Methodist Church. Rev. A. C. Campbell gave an appropriate address. A collection was taken for the Y.M.C.A.

At the meeting of the Rutland Women's Institute last Thursday, the "Grandmothers" had entire charge of the programme, and the record attendance of 36 members and 14 visitors proved that Grandmas are popular. Mrs. S. A. Craig (aged 79) contributed two items on the programme, Mrs. Wilson and Mrs. Elliott gave readings, Mrs. McGregor and Mrs. Fleming sang old songs and all the Grandmothers joined in singing about "Grandfather Clock." The most popular item was a song by Mr. Martin (a great grandfather), "Old Time."

Mr. Jas. Harvey, sr., left this morning for a visit to Indian Head. He was accompanied by Mrs. J. M. Harvey, who goes on to Toronto.

Delegates from all parts of the Okanagan are to meet this afternoon in the Board of Trade room in connection with the coming convention of the Western Canada Irrigation Association at Nelson in July. The purpose of the meeting is to make preparations for that convention and to draw up a tentative programme. Mr. R J. C. Stead is the acting secretary.

The city of Vancouver has inaugurated a "civic goat fund" to which already over $2000 has been subscribed. The idea is to purchase and import milk goats from California for sale to householders. They will be landed in Vancouver for $15 per head.

According to Dr. Newell Dwight Hillis, who is stumping the country against Germany, the Kaiser's minions had their plan for world control figured down to the finest point. Secret service men who raided the home of former German Consul Bopp found documents indicating that Bopp was slated to become governor-general of British Columbia, and E. H. von Schack was to have been tax collector and treasurer.

Farmers Slow to Apply for "S.O.S." Boys

If Help Not Secured Here in B. C. Boys will be Sent on to Prairies

Thar British Columbia farmers are slow in making application for boys recruited in the "Soldiers of the Soil" movement is the substance of a statement just issued by Mr. J. H. Beatty, associate provincial superintendent of the "S.O.S" who adds that the only chance for the local farmer to secure assistance from this source is by immediate application to the headquarters in in the agricultural department in Victoria. The demand for more boys for work east of the Rockies is, Mr. Beattie says, still persistent and unless British Columbia farmers make application now the officers of the "S.O.S." can not be expected to hold the boys from taking positions on the prairies. It is desirable, however, that the B. C. farmers and fruit growers should have first place with respect to these boys. Even if the help is not required until late in the season the present is the only time to apply. Those boys who are not applied for in the near future will doubtless go to the prairies.

Germans Preparing for Another Drive

Sinister silence spreads along the battle line while the Germans are preparing a third and perhaps the biggest thrust. Although the battlefields are unusually dry, the armies are curiously inactive. Six weeks have passed since the combined drive was checked on both sides of the Somme. Comparatively little ground has been won on the Lys during the past four weeks. Yet more than one hundred and fifty German divisions have been used and Hindenburg's quick decision promise has defaulted. Hindenburg is reported as concentrating the empire's entire output of brain, brawn and machinery.

A fire at the fishing community of Steveston wiped out Tuesday nearly half a million dollars' worth of property.

Bank Hours Will Be Changed

Commencing with Tuesday, June 4th, a change is to be made in the banking hours throughout Canada, and consequently in the hours of the three local banks. The new hours during which the banks will be open to the public are from 9.30 a.m. to 2.30 p.m., and on Saturdays from 9.30 to noon

The new plan has been adopted by the Bankers' Association in consequence of the serious depletion of staffs owing to enlistment, and the necessity of getting through the daily routine a little earlier.

It is interesting to note in this connection that the three largest banks in Canada have each contributed more than 1,000 men to the army and recent draft regulations are drawing still more heavily upon their forces.

The new hours will be observed during the period covered by the "Daylight Saving" scheme.

Minister of Agriculture Elected

The Hon. E. D. Barrow who last Friday appealed to his constituency at Chilliwack following his elevation to the cabinet as Minister of Agriculture, was elected by a substantial majority over his opponent. It is stated that the Hon. Mr. Barrow is shortly to pay a visit to the Okanagan.

Further reductions in the meat rations in the old country have been found necessary.

Arrangements are now being made for the issue of chevrons indicating the length of service of soldiers who have been overseas.

The Coughlan shipyards at Vancouver were burnt out yesterday throwing 2,000 men out of employment. The damage is estimated at two million dollars.

The city of Berlin has been ordered to produce forthwith 40,000 complete second-hand suits for war workers, principally those engaged in railway and farming work. It is to be a "voluntary surrender against a small payment," but warning is given that if the clothing is not forthcoming it will be taken by force. This applies especially to persons whose social position warrants the assumption that their wardrobes are well stocked.

IONIAN SERENADERS AT CHAUTAUQUA

IONIAN SERENADERS.

The Ionian Serenaders are to give two concerts on the opening day. This splendid company is made up of four young women who sing, read and play with unusual ability. Perhaps the most interesting feature of their program is the revival of the accordion as a concert instrument. The numbers given on this fine old instrument are always highly appreciated, and deservedly so, for in the hands of these talented young players it becomes a veritable symphony orchestra.

This special privilege is granted for the purpose of advertising the city and district.

All changes in contract advertisements must be in the hands of the printer by Tuesday evening to ensure publication in the next issue.

Makes Appeal to the Householder

Mr. Henry B Thompson, chairman of the Canada Food Board, in a statement issued last week; urged that as a patriotic duty the regulations of the Food Board relative to public eating places and those now governing the manufacture of biscuits, cake, ice cream, &c, should be observed voluntarily by householders. It is necessary that this should be done, Mr. Thomson stated, if Canada was to do her utmost to send overseas those supplies which were so greatly needed.

Mr. Thompson said that some misunderstanding had occurred as to the confectionery products which it is now illegal to manufacture for sale. The list is as follows: Products known as fresh or puff pastry; doughnuts or crullers; biscuits or cake known as Scotch bread or cakes; fancy almond macaroons or like products containing more than 50 per cent. of cane sugar; marshmallow which contains more than 20 pounds of cane sugar to a 60 pound batch of marshmallow; cake or biscuits having on the exterior products made wholly or in part of cane sugar or filled with products of cane sugar or with shortening, except jams, jellies and pure or compounded fruit.

Reports received from all parts of Canada indicate that the Food Board will have the fullest co-operation of the trade in carrying out the regulations.

B.C. Will Grow Seed For Root Crops

Three hundred and twenty acres of land in British Columbia have already been sown this year for the production of seeds for root crops. In 1917 no more than 75 acres were doing duty in this connection. The satisfaotory advance noted in a most vital branch of agriculture is a tribute to the climate of British Columbia, and augurs well for the future of the industry which may reasonably be expected to assume such proportions as will not only remove the dependency of this Dominion in the matter of seeds on the United States and United Kingdom, but will enable her to enter the competitive markets with her own products for sale.

In the opinion of Prof. P. A. Boving of the University of British Columbia and A. McMeans of the Ottawa department of agriculture, there is a really excellent outlook for the industry both on Vancouver Island and in many other sections of the province. That British Columbia may look forward to attaining the proud position of seed garden of the world does not strike them as the least bit extravagant. with the machinery provided under the Seed Protection Act, passed last session, it is expected that the industry, so far as it has progressed, will get that meed of protection which is absolutely essential if the province is to live up to the reputation it has already achieved in seed production. The production of the entire 320 acres has been contracted for by the Dominion, while the extent of further contracts is limited only by the ability of seed growers to deliver the goods.

Miss Mildred Wilson was a visitor to Vancouver Saturday.

Speaking at Regina on Saturday last with regard to Food Conservation matters, Mr. J. D. McGregor, western representative of the Canada Food Board, stated that an appeal would be made to all organizations conducting social functions at which food is served, whether for patriotic purposes or otherwise, to conform strictly with the regulations governing hotels and restaurants. If such an appeal is made we feel confident that it will meet with the entire approval and support of everyone who has at heart the welfare of our armies overseas.

Summer brings with it numberless picnics and other out of door entertainments at which refreshments are served. The mainstay at most of these is the ever popular sandwich in one form or another, although of course their use is not by any means restricted to outdoor functions. When we consider that one of the main objects of the regulations referred to is the conserving of wheat flour bread, it must be admitted that the sandwich is really a most extravagant article of food. There are, however, plenty of substitutes which can and should be used instead. All that is required is the exercise of a little thought and ingenuity on the part of the refreshment committees.

The people of British Columbia should not wait to be appealed to on this score. Our various societies and organizations, patriotic and otherwise, should take the lead in the matter and announce that all refreshments served at future entertainments of any kind will be "War" lunches, dinners or suppers. This province was not behindhand in supplying men for the fighting forces and we are not to lag behind now when it is necessary to make sacrifices (which after all are small enough) to supply the fighting forces for our men and those of our Allies.

Surely no one who views this matter from the standpoint of patriotism and loyalty to the men who are fighting our battles will consider the Food Board's regulations as constituting a hardship. As a matter of fact we should be ready and eager to go them one better wherever possible and of our own accord do anything and everything within our power to bring about the desired result.

Caribou Meat to Offset Present Shortage

To offset the present serious shortage of meat supplies, the Advisory Board on Wild Life Protection has under consideration the possibility of utilizing the countless herds of Barren Ground Caribou in the northern regions of Canada. From time to time travellers and others have stated that these herds could be utilized to relieve the meat shortage. They have been estimated to number from 10,000,000 to 30,000,000 animals; but, naturally, such estimates can be little more than guess-work. Nevertheless, we know that these animals may be numbered by millions. Once a year, during the winter months, they reach, in their southward migration, the northern limit of tree growth, extending from Churchhill on Hudson bay in the east, to the neighborhood of lake Athabaska in the west.

At present, labour and adequate means of transportation and storage present unsurmountable difficulties. Reaching the herds during their winter sojourn also presents peculiar difficulties because there is no certainty that they will be found on their usual route when travelling southward.

Should any method of making use of such a natural meat supply be found feasible, it would be necessary to put it into effect under government administration. Naturally, the control which it is possible to exercise under the Northwest Game Act would prevent any exploitation of this valuable natural resource by private interests.

France is undertaking to distribute tobacco by cards like bread and sugar. Leading French suffragettes are protesting against the new regulations under which women are excluded from the privileges of the distribution by card of tobacco.

The final session of the Yukon Legislature took place last Tuesday. Formal notice abolishing the council and substitution of a simpler form of government is expected from Ottawa shortly. Eight bills were passed by the council during the session, including an $8 poll tax on all males over eighteen regardless of their status as taxpayers or property-holders, a moratorium protecting Yukon soldiers, and more liberal use of caribou and moose meats for food purposes.

Orders for Local Scouts

Kelowna Troop
Troop First; Self Last

Edited by Pioneer. May 14, 1918

ORDERS by command for week ending May 25, 1918.

DUTIES: Orderly patrol for week Otters; next for duty, the Beavers.

PARADES: The combined troop will parade at the club room on Wednesday and Saturday the 22nd and 25th of May at 7.15 and 2.15 p.m. respectively.

Second George Mantle is appointed Acting Patrol Leader and Scout John Croves acting second of the Beavers. Assistant secretary P.-L. Charles Gaddes is appointed secretary, and acting P.-L. Geo. Mantle is appointed assistant secretary.

• • •

There are still a few returns to come in for tickets sold so we are unable to say exactly what our gross receipts from the concert have amounted to, but they have easily surpassed all previous years. We expect they will reach $290. Our expenses amounted to $55.55, as follows: Rent $25, fixing stage $6 85, advertisements $4.90, programs and tickets $9 25, posters 5.05, electric wiring $2.50, and presentation pictures $2.

We are giving a little over 10 per cent of our net taking, $25 to be divided between the Red Cross and Canadian Patriotic Fund, and $50 to the Cubs. Besides the concert our only other sources of revenue for the year are the monthly subscriptions of 10c from each scout, not collected however during the months of July and August. Our two main expenditures for the year are the camp and rent. The latter amounts to $3 a month except during the two summer months when we do not meet as a troop, and last year we had to draw on our troop funds for the camp to the extent of $120. We cannot afford to draw so much for the same purpose again and it will probably be necessary to raise the camp fee from the usual $2 per head to meet the increasingly high cost of living.

Speaking of camp: we shall be glad if every scout will keep on the outlook for a good site. A change from Cedar Creek might be appreciated, but the latter place is hard to beat.

• • •

Scout Walker a few evenings before the concert on returning home to the Mission dropped his purse containing quite a sum of money. It has been picked up by someone to whose attention we hope this column will come, in order that the finder may have the opportunity of doing a good turn by returning the purse to the owner.

• • •

The provincial census returns are taken up to the 30th of June in each year, and as we have been fortunate in getting the concert over so early, there is a splendid opportunity for every scout in the troop to get to work on the 1st class and some proficiency badges Patrol Leaders will at once find out from each scout in their respective patrols what he proposes to undertake in this connection. There is no room in the troop for any drones or laggards.

We would point out to any intending recruits that a boy must have passed his Tenderfoot tests before attending our troop camp, and that he cannot be a Tenderfoot until he has been attached to the troop for one month.

Apples in England are selling at one shilling and upwards per lb. The high price is said to be due to the fact that very few apples were shipped to England from the U.S. and Canada last winter.

The Corporation of the City of Kelowna

NOTICE is hereby given that the first sitting of the annual Court of Revision for the purpose of hearing complaints against the assessment for the year 1918 as made by the Assessor, and for revising, equalizing and correcting the Assessment Roll of the City of Kelowna and Kelowna City School District, will be held in the Council Chamber, Kelowna, on Monday, May 27th, 1918, at 10 a.m.

All appeals, complaints or objections must be in writing and delivered to the Assessor at least ten (10) clear days before the first sitting of the Court of Revision.

Dated at Kelowna, B. C., this 20th day of April, 1918.

Noted French Violinist Coming

Ferdinand Fillion Heads Company of Artists at Chautauqua

FILLION CONCERT PARTY.

A real musical treat awaits Chautauqua audiences in the coming of the Fillion Concert Party on the second day. This company of three eminent musical artists in both programs feature the music of the masters, presenting it in a manner, however, which makes it popular with everyone.

Ferdinand Fillion, who heads the organization, is a French violinist who has attracted unusual press comment through his masterly musicianship. He brings to Chautauqua a famous old de Salo violin, made in the 16th century.

Fern Goltra, dramatic soprano, was formerly with the Chicago Grand Opera Company and is noted for her voice of unusual warmth and brilliancy. Edna McEachern, pianist and accompanist, formerly of the Moscow Conservatory of Music, is the third member of this splendid organization

University Will Have Big Poultry Plant

By autumn the twenty-acre plot on the University of British Columbia grounds at Point Grey dedicated to fhe branch of poultry industry will be equipped with a plant sufficient to carry on the work in keeping with wartime economy. The necessary buildings will be started this summer so that birds and equipment may be installed and the plant be put in smooth running order for the busy curriculum work slated for 1919. Organization is progressing rapidly under Prof. A. G. Lunn's direction. He will have charge of the work of this branch, for which he is eminently fitted by long experience.

The poultry branch being established by the university is for the benefit of the people of the province at large and its importance is emphasized because it will be a prime factor in better methods of production and increasing of the food supply. Although some of the eastern universities have poultry courses through their various connections, the British Columbia University is well to the fore in this progressive movement.

A second naval expedition was made early last Friday morning to the submarine bases at Ostend and the now famous cruiser "Vindictive" filled with concrete sunk across the entrance to the canal there.

Wales Players at Chautauqua

Present Noted American Play "Rejuvenation" Third Night

CLARE VAUGHAN WALES' PLAYERS.

One of the feature attractions of the coming Chautauqua will be the appearance of the Clare Vaughan Wales' Players on the third day. In the afternoon they will present the one-act comedy, "The Hypochondriac," and in the evening the famous American play, "Rejuvenation," by Warren Harding.

Clare Vaughan Wales, the talented actress who heads the company, needs no introduction to Chautauqua audiences. Her career of twelve seasons as manager of her own company, which includes six trips across the continent, has long since demonstrated her standing in the dramatic world.

Printed Butter Wrappers

According to the new Dominion Government regulations, all farmers who sell butter either to the stores or privately, are required to have it properly covered in a wrapper on which MUST appear in prominent letters the words "DAIRY BUTTER." The fact is also emphasized that all butter in such packages must be of the full net weight of sixteen ounces, and in default of same a fine of from $10 to $30 for each offence is imposed. Whey butter must be so labelled even when mixed with dairy butter, and dairy butter retains its label though it be mixed with the creamery product.

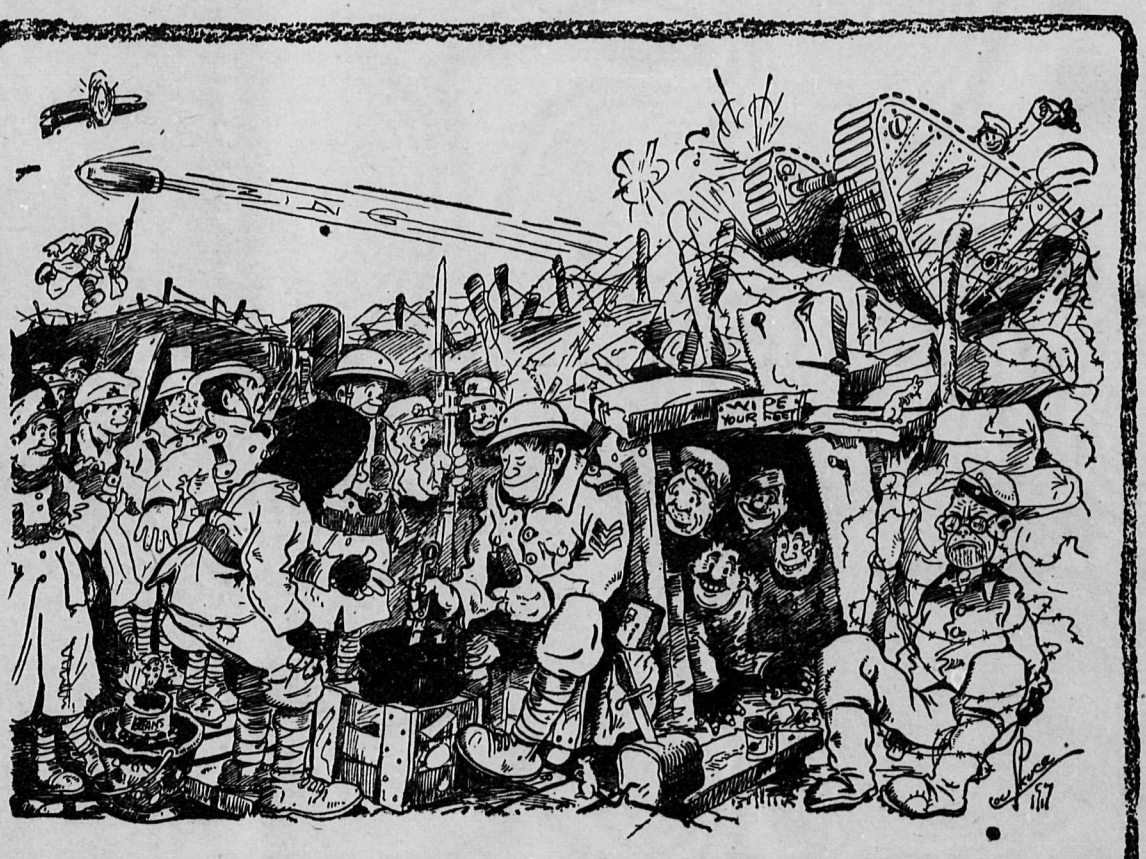
You can be supplied with neatly-printed wrappers for your butter at the Kelowna Record Office, for the following prices:

100	PAPER & PRINTING INCLUDED	$1.50
200	" "	2.00
500	" "	3.15
1000	" "	4.50

These prices include Both the Paper, which is the best obtainable for the purpose, and the Printing of same. Please note this.

Owing to the extraordinary rise in the price of butter parchment (which has gone up over 100 per cent) we have been reluctantly obliged to raise our prices slightly. Nearly all this paper was previously manufactured in Belgium, and needless to say this supply has been entirely cut off. Unfortunately there is no guarantee against further increases, indeed, they are more than likely.

Kelowna Record



$200.00 REWARD!

THIS PICTURE HAS NO TITLE

For the Best Title for This Picture we are Offering the Following Prizes:

First Prize, $100.00 Second Prize, $50.00 Third Prize, $30.00
Fourth Prize, $15.00 Fifth Prize, $5.00

CONDITIONS

1—Write your answer on a plain sheet of paper with your name and address at the bottom of the page,—write nothing else or your answer will be disqualified.

2—Your answer must contain not more than twelve words, but may contain less than twelve words.

3—IMPORTANT. Go to your grocery and buy a ten-cent package of Cowan's Supreme Chocolate, cut out neatly the colored Maple Leaf from the package and pin it to your answer. If you fail to pin the Maple Leaf to your answer your title for the picture will be disqualified.

4—Only one answer is allowed for every Maple Leaf enclosed. In other words, if you enclose three Maple Leaves from three packages you are entitled to three answers for the best title to the picture, or as many answers as you have Maple Leaves enclosed.

5—Mail your answer to Mr. L. L. Berry, care of Kirkland & Rose, Water Street, Vancouver, B.C., who are the Cowan Company's Agents in this city. Do not send any letter to Toronto, as this competition is exclusively for British Columbia.

6—Your answer must be in before June 14th, as this competition closes on June 15th.

7—Your answer need not contain the words, "Cowan's Supreme Chocolate," unless you wish to use it.

8—The Cowan Company Limited reserves the right to be the sole judges in this competition, and their decision as to the winners will be final.

9—The winning titles will be published in all papers throughout British Columbia during the first two weeks in July of this year.

IN CONCLUSION READ THIS

Do not forget this fact, that if you do not win a prize you have the Cooking Chocolate. Well now, what are you going to do with it? Here is what to do: Wait for a few days and every person who sends in an answer to this competition, enclosing a Maple Leaf from the package of Supreme Chocolate, will receive free a beautifully illustrated Recipe Book, just off the press, containing one hundred recipes for Supreme Chocolate and Perfection Cocoa. When you get this book you will know what to make and how to use this special unsweetened Cooking Chocolate. Remember the name.

This Competition is Exclusively for British Columbia.

COWAN'S -SUPREME- CHOCOLATE

For Cooking Purposes, Unsweetened.

TOWN AND COUNTRY NOTES

Mr. E. L. Cross was a passenger to Vancouver yesterday.

Mrs. Hall, who has been visiting Mrs. Ira Law left yesterday for Altona, Ont.

Church of England service will be held next Sunday at East Kelowna at 3 p.m.

Another little contingent of Kelowna boys left Tuesday for the coast called up for military service under the new regulations. The party of five consisted of Kenneth McMillan, W. Rutherford, A. Neil, Lionel M. Wanless and C. P. McGregor.

The cool cloudy weather following upon mid-summer heat of last week-end is welcome enough as an indication that rain may soon be around. Rain is now badly needed to give things a good start.

Next Sunday morning in the Baptist church the Rev. W. Arnold Bennett will preach on "The Great Revolution—an Earthquake, Darkness, and Falling of Stars from Heaven." At the evening service his topic will be "Daniel's Litany." After the evening service the sacrament of the Lord's Supper will be administered. Song service at 7.15 p.m.

The War Veterans' Association having partially furnished their rooms are now in need of a few of the smaller matters in the way of bedding, blankets, pictures and some extra chairs, and if anyone is disposed to give these goods they can be left at Hewetson and Mantles office or word sent to Mr. Geo. Reith, secretary, Box 462, when they will be gratefully acknowledged.

The newly-formed athletic club is losing no time about getting into action, and the baseball section is having a match this afternoon with a Vernon team. Sanction of the council has been obtained for the use of the park and a little financial assistance too to put it into shape. A number of the boys have been at work during the past few days raking, levelling and rolling, and with a little more attention of the same sort it will soon be in fairly good condition.

Miss Newson and Harry left Tuesday on a visit to Victoria.

Mrs. G. A. McKay and Miss Vi Bailey were passengers Monday to Winnipeg.

The Rev. D. E. Braden, and the Rev. T. Griffiths of Rutland were passengers to New Westminster Monday to attend the Methodist conference there.

Mayor Sutherland was down to Penticton last weekend, returning Monday.

Mr. and Mrs. Witt and family returned Tuesday from a visit down the lake.

There will be a five hundred and bridge drive at the prisoners of war room on Monday, May 20, at 8.30, proceeds to go to the Prisoners of War Fund.

Mrs. Greene, Mrs. Crawford, Mrs. Cameron, Mrs. Binger, Mrs. Crowley and Mrs. Murdock were passengers for Penticton Tuesday to attend a diocesan convention of the Women's Auxiliary.

The service at Knox church on Sunday morning will be taken by Principal Gordon, who at the request of the Sunday-school workers will speak on "Ideals in Religious Education." The Rev. Mr. Campbell, of Rutland, will preach in the evening and Miss Dalzell will sing.

Setting out of the tomato plants is now proceeding as rapidly as available labor will permit. The acreage in this crop in the district is so much in excess of anything ever before attempted, that one wonders where the pickers are to come from to gather in the crop not to mention the tremendous haulage involved.

On Monday evening at the Baptist parsonage, the marriage was solemnized by the Rev. Arnold Bennett of Arthur William Neill ("Scotty") to Miss Olive Rees Pettigrew. The bride was attended by her brother, E. J. Pettigrew. The bridegroom has just been called up for military service and he left for the coast Tuesday morning, his newly-made bride and her sister, Mrs. Kennedy, accompanying him as far as the Landing.

Fire Brigade Respond Smartly to Call

About two o'clock Monday afternoon the fire brigade was called out to a fire which had broken out in the outbuildings to the rear of the house of Mr. Norman Day on Stockwell avenue. An ice-house, shed and chicken-house were all involved before the brigade were got out, notwithstanding the record run they made, and were burning furiously. The strong wind which was blowing from the north at the time made the fire a danger to the residence itself, which was scorched in places. The outbuildings and contents were completely ruined, involving a loss of about $400 none of which unfortunately were covered by insurance. The fire was caused by one of the children who had somehow obtained possession of matches and made a little fire of paper in the back yard.

WATER NOTICE

DIVERSION AND USE

TAKE NOTICE that Mrs. M. E. Hill and A. E. Hill, whose addresses are Kelowna, B.C.; will apply for a licence to take and use 20 acre feet of water out of Sutherland Spring and the waste water from Kelowna Irrigation Co. and irrigation system, which flows in a North-Westerly direction and drains into Okanagan Lake through District Lot Nine (9). The wrter will be diverted from the stream at a point about 320 yards from the North-West corner of District Lot 138, and will be used for Irrigation purpose upon the land described as Sub. Lot 44, Registered May 202, Osoyoos Division. This notice was posted on the ground on the 23rd day of April, 1918. A copy of this notice and an application pursunt thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is April 25th, 1918.

Mrs. M. E. HILL and A. E. HILL,
Applicants.
By A. E. Hill, Agent.

Results of Boys' and Girls' Competition

The results of these competitions have just been published and are as follows:—

Poultry.—Raymond Laws, 269 points; Alice Jensen, 268 points; Constance Cosens, 265 points; Stanley Whitehead, 228 points

Potatoes.—Christine Ferguson, 263 points; Pat Taylor, 184½ points; Mary Stewart, 175½ points; Una DeHart, 151½ points.

Christine Ferguson, with 81 points, won the first prize at Armstrong Seed Fair for best 20 lot of seed potatoes open to members of Boys' and Girls' Clubs in the southern interior.

East Kelowna News

Mrs. Robert's little son who has been in hospital for some weeks suffering from a broken thigh, the result of a fall from a rig, returned home yesterday.

The East Kelowna Red X ladies are arranging a picnic for the 24th near the Canyon. People from town are invited to join in and bring baskets for their own use. The road is to be marked so that no one need miss the way. There are to be sports for the children and prizes given, and two dolls are to be raffled.

VINOL MAKES CHILDREN STRONG

And Invigorates Old People

Any doctor will tell you that the ingredients of Vinol as printed below contain the elements needed to improve the health of delicate children and restore strength to old people.

℞ Cod Liver and Beef Peptones, Iron and Manganese Peptonates, Iron and Ammonium Citrate, Lime and Soda Glycerophosphates, Cascaria.

Those who have puny, ailing or run-down children or aged parents may prove this at our expense.

Besides the good it does children and the aged there is nothing like Vinol to restore strength and vitality to weak, nervous women and overworked, run-down men.

Try it. If you are not entirely satisfied, we will return your money without question; that proves our fairness and your protection. Millions of people have been convinced this way.

Sold by
P. B. WILLITS & CO., Kelowna

Birds' Nests Must Not Be Robbed

The old and often cruel sport of boys in robbing birds' nests and making rival collections of birds' eggs is now officially put on the list of national crimes. The sport is banned, according to an order-in-council just passed at Ottawa. The order is passed under the provisions of the migratory birds' convention, passed last session.

The new regulations provide for the protection of migratory game birds, migratory insectivorous and migratory non-game birds, which inhabit Canada during the whole or any part of the year. New close seasons are established for ducks, geese, brant or rails, and other edible wild fowl, from December 15 to August 31, both days inclusive.

The killing, capturing, injuring or molesting of insectivorous birds, their eggs or nests, is prohibited throughout the vear, except where special permits are granted to recognized museums or for scientific purposes. These insectivorous birds include robins, woodpeckers, wrens, meadow larks, humming birds, whip-poor-wills, thrushes and "all other perching birds which feed entirely or chiefly on insects." A close season for ten years is proclaimed for cranes, swans and nearly all shore birds, and a close season for five years on wood duck and eider duck.

That it pays to advertise and that there are a large number of good hearted people in the world, is shown by a story told in a Boston paper. A newspaper writer described the case of a man at a training camp who published the fact that he had never received a letter since he arrived there. In a few days he had received 1900 letters by ordinary mail, 19 by special delivery, and 54 parcels of comforts.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon territory, the Northwest Territories, and a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Application for the lease must be made by the applicant in person to the Agent or Subagent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lease may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion lands.

W. W. CORY.
Deputy Minister of the Interior.
