

## Council Approaches End of Office Term

### Nominations January 7th—Tiff Between Ald. Millie and Copeland Makes Meeting Lively

Formal arrangements for the election of Mayor and Aldermen for the coming year were made at last Friday morning's meeting of the city council, when the date of nomination was stated according to statute as Monday, January 7th, between the hours of 12 o'clock noon and 2 p.m. At the same time nominations would be received for the three vacancies on the Board of School Trustees caused by the retirement of Messrs. J. A. Bigger, J. B. Knowles, and W. R. Trench, whose two year terms expire this year. As usual, the city clerk Mr. G. H. Dunn, was appointed returning officer. If a poll should be necessary, this will be held on the Thursday of the same week, between the hours of 9 a. m. and 7 p. m.

In accordance with Section 5 of the Weekly Half-holiday Act, a vote will also be taken to determine whether the half-holiday which is now compulsory under provincial law, shall be held on Saturday or some other day of the week.

The ordinary routine of the council's business was enlivened somewhat by a little dust between Ald. Millie and Ald. Copeland. The squabble arose over the Pendozi street bridge, which it will be remembered Ald. Millie had some time ago reported to be in an unsafe condition, and had urged the council to sanction some structural repairs to avoid chance of an accident. Ald. Copeland, chairman of the Board of Works, under which department the matter naturally fell, happened to be away at the time, and Ald. Millie, the other member of that committee superintended the repairs to the bridge, and had put in some temporary supports. Ald. Copeland had since had these temporary supports removed, a procedure which greatly incensed Ald. Millie, and he enquired of Ald. Copeland, with much indignation, why this had been one without consulting the committee.

It appeared that prior to the meeting the Aldermen had had some words over the matter, so when Ald. Millie made his inquiry at the meeting, the controversy was reopened. Ald. Millie maintained that the bridge was unsafe for traffic, and that the removal of the braces which he had had placed under it had rendered it very dangerous and liable to collapse at any time. Ald. Copeland, while admitting that the bridge needed some repairs, denied that it was unsafe and offered to drive the steamroller over it and prove his assertion. He claimed that he had had the timbers removed as they were not needed and might cause a jam and wash the bridge away altogether if the creek had to rise.

From arguments the two got to personalities, and matters became a little warm for a time until finally the Mayor intervened and managed to restore order.

It was finally decided that the bridge should be repaired and the Board of Works was instructed to see that this was done.

Ald. Sutherland mentioned that the street lighting system was at present operating on one transformer only, the other being out of adjustment. He had taken the matter up with the representative of the Canadian Westinghouse Co., who had promised to make the necessary adjustments during his next visit to Kelowna.

The matter of grants to public institutions was the subject of a recommendation from the finance committee, and the following were authorized by the council:

Kelowna Hospital, \$200.00

## Rutland News

(From our own Correspondent.)

Mr. Clarence Duncan left this morning on a visit to Calgary.

Miss Jennie Lock left last Thursday on a visit to Bowden, Alta.

The Christmas entertainment at the Methodist church is to be held Friday evening in the church.

Mrs. Sharpe who has been in the Kelowna Hospital for some time, was able to get to her home Saturday last very much improved in health.

Mr. Gordon Caspel returned Saturday from a months visit to the prairie. Mrs. Caspel left Tuesday for Portland where she will undergo an operation.

Special Christmas music will be given by the choir at the Methodist church on Sunday. This will include selections from the oratorio "Christ and His Soldiers".

The Rutland Womens Institute met at Mrs. W. Schell's home last Thursday afternoon. Refreshments were provided by the directors, and a pleasant social afternoon was spent. Mrs. Whittaker sang "O Canada."

There is to be a dance in the Rutland schoolhouse on Thursday next Dec. 28th, in aid of the Kelowna Hospital and the Red Cross. An effort is being made to furnish especially good music, and refreshments will also be provided.

There was a special service at the Methodist church Sunday evening last for the purpose of unveiling the "Honor Roll" of members and adherents of the church who had enlisted for military service. The service which was in charge of the Rev. T. Griffiths, was of a patriotic character, and included a stirring address from Mr. Griffiths on the duties of the people in relation to the war. The unveiling of the Roll of Honor was performed by little Alma Bird, daughter of the soldier whose name appeared first on the list. There were fourteen names on the list, and these were inscribed in letters of gold upon a handsomely designed and executed tablet, the work of Mr. Mugford the Sunday school superintendent. After the unveiling was performed, the audience standing, joined heartily in the chorus of "O Canada". The names on the list were read out and were as follows:

- Aquatic Association . 65.00
- Red Cross . . . . . 22.25
- Agricultural Assoc. . 5.60

Ald. Millie drew the attention of the council to the fact that Lot 12, Plan 1365, on Ethel st., near the bridge, extended over the street line, and as one of the fire hydrants had been placed in the lot, and the owner was intending to fence it in, in his opinion the city should take steps to protect its interests.

After some discussion the council decided that as very little inconvenience would be caused to the citizens by this lot being fenced in, they would not be justified in purchasing any portion of it under existing conditions.

Ald. Duggan reported that the Light and Water committee had engaged Mr. J. McMillan as chief engineer of the power house at a salary of \$125 per month. This action was confirmed by resolution.

Included in the correspondence was a copy of the resolution from the Penticton board of trade in reference to the diverting of the Transprovincial Highway.

Mrs. Frances A. Pedlar applied for a rebate of a portion of the taxes paid upon her house in Graham street, or, an assurance that a proper sidewalk would be constructed, that water connection would be given, and that a street light would be placed.

The usual batch of accounts was submitted by the Finance committee and passed for payment.

## The Compliments of the Season to All Our Readers

And may there never be another Christmas when one needs to hesitate about the propriety of wishing all our friends

## A Merry Christmas and A Bright and Happy New Year

May all men's hearts at this time incline to that sweet reasonableness which alone means "Peace on Earth and Goodwill Towards Men."

## Britain Rejects the German Proposal For "Lasting Peace"

### Object Must Be Attained Before the Sword is Sheathed-- Historic Scene in the House of Commons

Probably few utterances of the head of the British government have ever been more keenly awaited by the public, not only of Great Britain, but of the whole world, than the announcement of the new Premier, David Lloyd-George, as to Britain's attitude to the offers of peace from Germany, transmitted through the United States some days ago.

For some days Mr. Lloyd-George has been confined to his bed and there was some uncertainty as to whether he would be appear before the House Tuesday as planned. When he did appear in the historic chamber, he was loudly cheered from all sides.

"I appear before the House," he began, "with the greatest responsibility which has fallen on any man as chief adviser of the crown, —in the midst of the most gigantic war ever waged, on which depends the destiny of nations and humanity. The responsibilities of the government are accentuated by the declaration of the German chancellor and the note communicated through the United States. Our answer will be given in full accord with our allies.

"The German note was a mere paraphrase of the chancellor's speech," the Premier went on. "Each of the allies has separately and independently considered the matter, and arrived at the same conclusion. I am glad the first answer has been given by France and Russia. They had unquestionably the first right to speak, for the enemy is still on their soil, and their sacrifices have been great. I simply stand here to give clear and definite support to the statements they have made.

"Anyone who wantonly prolongs this conflict has a crime on his soul which oceans of tears could not cleanse," the Premier declared, but anyone who abandons the struggle without attaining the object would be even more guilty. Are we likely to attain our object by accepting the German proposals? To accept the proposals would be to put our heads into a noose. Historic examples cause us to regard the proposal with disgust."

Premier Lloyd-George declared that Hollweg's speech and the German note afforded small hope of an honorable, lasting settlement. He bitterly and ironically said: "Chancellor von Bethman-Hollweg failed to use a single phrase indicating that Germany was prepared to accept the only terms that would make peace possible."

Lloyd-George quoted Lincoln: "The war must end when its object is attained under God. It will never end until we achieve that object." Great cheering followed his statement.

"We do not propose to put our heads into a nooze, with the end of the rope in the hand of Germany," Lloyd-George continued. Britain endorses every word of Russia and France's refusal. Without reparation, peace is impossible. A few pious phrases about humanity cannot liquidate all the German outrages on land and sea.

"The allies' terms are complete restoration and full reparation, with effectual guarantees for the future. The allies insist the only end of the war is a guarantee against Prussian militarism disturbing Europe's peace. It would be cruel folly if the washbuckling through Europe's streets were not punished as an offence against the law of nations. Hollweg's self defence plea deludes the German nation."

The Commons scene was the most tense since the war was declared. Dignitaries packed the floor of the galleries and wildly cheered Lloyd-George and Asquith.

In our personal column will be found a paragraph relating to Cap. Stewart being appointed as organist at the English church. Word has just come to hand that Mr. Stewart has been given a military appointment in Calgary, and he has reluctantly had to cancel his decision.

Nelson Board of Trade decided to ask the city council to hold an inquiry into the high cost of living. Flour, sugar, meats and fuel were among the articles specified for enquiry as to the reasons for the prices at which they are being sold.

During October the courts of Cook county, Illinois, in which Chicago is situated, granted one divorce to every six marriage licences granted by the county clerk. In all there were 3203 marriage licences issued and 634 divorces granted.

Premier Lloyd-George Tuesday announced to the Commons that Great Britain intended to recognize the Venizelos provisional Greek government. They would refuse to recognise King Constantine. He said a firm Greek stand was necessary to prevent a repetition of the Roumanian disaster.

## Okanagan Ambulance League

Financial Statement for the month of November: Sale of flowers by Mrs. Dundas, \$1.85; Anonymous, \$3.00; Miss Wood, \$1.00; Mrs. C. C. Allen, \$2.00; Women's Institute, \$2.50; Mrs. Greenstead, \$5.00; Mrs. MacGregor, 50 c.; Miss Storey, \$1.50; Mrs. Simpson, \$2.25; Mrs. Boyce, \$1.50; Mrs. Buck, \$4. Ellison Girls' Dance, \$20.00; Expenses for month, \$93.14; Balance in hand, \$82.96.

The following articles have been sent to Headquarters: 55 helpless shirts, 185 towels, 19 suits of pyjamas, 20 day shirts, pair bedroom slippers, 5 pairs ward shoes, 4 pairs bed socks, 3 operation stockings, 25 hot bottle covers, 120 pairs sox, 16 tray cloths, 10 table cloths, 2 sheets, 1 scarf, box old kid gloves for making into wind-proof waistcoats.

The following articles have been donated during the month: 1 pair mitts from Mrs. Swain, 1 pair sox from Mrs. Lefevre, 1 suit pyjamas from Mrs. Seddon.

Mr. Lloyd-Jones kindly supplied us with a load of box ends to light our stoves during the winter months and the following five ladies each gave us one dollar to purchase a supply of cord wood: Mrs. Knox, Mrs. Rees, Mrs. Murdoch, Mrs. Wilson and Mrs. Seon.

We all regret very much the loss of our most able and efficient president, Mrs. Boyce. It is hoped that all members will make a special point of being present at the meeting next Tuesday to discuss the future arrangements of the Society and the election of a new president.

Mr. and Mrs. A. McGregor left this morning to spend Christmas with friends in Calgary.

Mr. Fred Stirling, C.P.R. general freight agent at Nelson, was through here yesterday.

Mr. and Mrs. Kinnear, Messrs. J. McEachern and Gordon Scott were passengers to the coast this afternoon.

Word has been received in letters from England that a draft of the 172nd Battalion have been already moved over to France.

A change has taken place this month in the ownership of the Kelowna-Westbank ferry, Jas. I. Campbell having sold out to L. Hayman. Mr. Hayman, it will be remembered, held the contract formerly for a number of years, being succeeded about six or seven years ago by A. E. Hankinson, who was in turn succeeded by Mr. Campbell, who has just completed his fifth year on the lake. Mr. Campbell, it might be mentioned, has purchased the ten-acre ranch on the Vernon road known as the "Glass place," from Mr. Lloyd and will turn farmer.

Voting takes place today in the bye-election fight between Hon. M. A. Macdonald the Hon. Ralph Smith, and Macdonald's opponent D. E. McTaggart. Owing to the peculiar circumstances of the contest the result is very problematical.

An alloy steel has been devised in England which is non-rustable. It is said that knives, forks and other cutlery made of it will not even tarnish, and if turned out by the factory bright and shining they will remain in that condition to the end. A little washing is all that is necessary to restore it under any circumstances.

A supplementary estimate issued by the British parliament last week calls for an additional one million men of all ranks for the army service during the present fiscal year. The original estimate was for four million.

Questions galore have been raised by the new food regulations in the old country and their operation. One of the problems which faced the Londoner at dinner was whether two helpings from one course constituted two courses, for the number of courses is limited by law.

## Caught Selling Liquor to the Indians

### Police Unearth Serious Case and Impose Heavy Fine

Although it is strictly illegal for any person to supply an Indian with liquor, it has been obvious for some time past that the Siwashee of the neighborhood have been getting plentiful supplies of "fire-water," and though the police have suspected the existence of some secret source of supply, they have hitherto been unable to run it down. It was due to the smartness of Provincial Constable Graham, therefore, this week, that the mystery has been cleared up and the culprit brought to book.

Constable Graham had suspected for some time that Rheuben Draper, a man who occupies a house not far from the lake on the south of the town, had been conducting this illicit business, and on Saturday night last set himself to watch. He noticed several Siwashees coming and going and managed to collar several of them who carried unmistakable evidence of their errand, including one young lady named Emily, otherwise "Girlic" McDougall. In the course of their statements at the police court, they stated that Draper had been carrying on the business for years and that they and others had frequently bought liquor from him.

Draper's house was searched and a quantity of whiskey and other liquors found. He was accordingly arrested and on being brought before the magistrate on Monday the evidence against him proved overwhelming. He confessed having given drinks to the Indians, but denied having ever sold any to them. He was, however, found guilty and a fine of \$100 and costs imposed or six months.

He paid the fine, but his hopes of liberty were dashed, for he was immediately re-arrested by the city police on a charge of having stolen goods in his possession. It appears that during the search of his house the police had come upon several pairs of boots and a quantity of dry goods, which bore unmistakable traces of having come from the salvage stocks of Messrs. Muirhead & Co. and Thos. Lawson, Ltd., whose premises were recently destroyed by fire.

Evidence was received from several Siwashees that they had purchased boots and dry goods from Draper at a very cheap rate. The charge, however, was dropped owing to the impossibility of securing evidence to prove that Draper came into possession of the goods unlawfully, he claiming to have purchased them at the salvage sale. He was convicted, however, in the city court of supplying liquor to "Girlic" McDougall and a further fine of \$100 and costs imposed, which was paid.

It was recalled that about three years ago Draper had been fined for living on the Indian Reserve.

Don't forget the "Hospital Show" which is to be held Thursday next, Dec. 28th.

The Mission Circle of the Methodist church is holding a sale of candy on Saturday afternoon in the store next to Jerman Hunt's. Afternoon tea is to be served.

The ladies of the W. C. T. U. are arranging for a social to be held in the Methodist Church on Jan. 11th, at 8 o'clock. The purpose is to raise funds towards the W. C. T. U. "Cocoa Fund", supplies of which beverage are being forwarded to the troops as an additional comfort during the winter months.

Lieut.-Col. H. D. Hulme has been appointed president of the Special Inquiry Board of the five colonies in London, appointed to determine the standing of every Canadian officer now in England whose battalion has been broken up, and who is, figuratively, unemployed. The board will decide what duties shall be assigned to the officers, or whether they shall be returned to Canada.

**National Service Campaign**

First Week in January is Time Decided Upon

The national registration and inventory of "man power" in the Dominion, which is being undertaken by the new National Service Board, is to be taken during the first week in January and a vigorous effort is being made to secure the hearty cooperation of the public in the carrying out of the scheme. It is for this purpose that Premier Sir Robert Borden, in company

with Mr. R. B. Bennett, director general of National Service, are at present holding a series of meetings throughout the west. For the purpose of taking the inventory or census, the Board has decided to utilize the facilities provided by the Post Office department, and the national service cards, which are intended to be filled out by all males between the ages of 16 and 65, will be obtainable at the Post offices.

It seems not unlikely that the registration scheme will be met with some opposition from organized labor throughout Canada, and much suspicion has been manifested in that quarter that it may be only the forerunner of conscription, against which the labor unions have always taken a determined stand, having only recently defeated such a measure in Australia.

Magnetized plates, to be fastened to a finger with clips, have been invented to save carpenters' time in picking up nails.

Miners and prospectors will be able to get a short course in mining and allied subjects at the University of B. C., following a decision arrived at by the senate. The matter has been urged by several public bodies, and the rulers of the University have decided to include these short courses in the curriculum. The subjects to be dealt with are mining, smelting, fire assaying, geology and ore deposits, mineralogy and petrography, surveying, and blacksmithing. The courses in the year 1917 will be for six weeks only, and are not intended for those who have had a technical education but are for the benefit of miners and prospectors and those whose business is connected with mining.

**Orders for Local Scouts**

"BE PREPARED" Kelowna Troop Troop First; Self Last

Edited by Pioneer, Dec. 19, '16

Orders by Command for week ending 30th December, 1916.

**DUTIES.**—Orderly Patrol for week, Beavers; next for duty, Wolves.

**PARADES.**—There will be a full dress Parade of the combined Troop at the Club Room on Wednesday the 27th instant at 7.30 p.m. At 8 p.m. we shall be ready to receive our visitors, and we cordially invite all our parents and friends to visit us this evening. We are very fortunate through the kindness of Mr. Cameron in being able to secure the attendance of Mr. Somerset, a returned soldier, for the evening, who will present the badges won since the concert, and also give us a little chat on some of his experiences at the Front. The Investiture Ceremony will be held when two recruits will make their "Promise" and one or two Patrol competitions will be held to provide some fun. As it is also to be a "bun feed", we have to provide the "bun", not anticipating any difficulty as to the "feed" part of it. Each Scout or family, will therefore bring a cake or sandwiches, according to whatever arrangement he may make with his Leader.

The Scoutmasters attached to the Troop take advantage of this Column to wish each Leader, Second and Scout in the Troop, a Happy Christmas and all good luck for 1917. At the same time they cannot help but feel sorry that you are a year older, because advancing years always brings partings, and we have had the good old bunch together now for such a long time. The original Troop of 1912, with very few exceptions, is still intact in the present Troop, today. It was Kitchener who said "Once a Scout, always a Scout," and though you may not all be Chief Scouts, Commissioners or Scoutmasters, we hope you will never become inactive members of the great Brotherhood. If circumstances in years from now will not enable you to take any more active part other than keep the "Three-fold Promise", that will be a very great deal.

A Team from the Troop played a Team from Chesterfield School, which our Otter Patrol Leader loaned to them for the occasion, at hockey on Saturday last at Bankhead. As the Chesterfield team with two notable exceptions was also composed of Scouts, it was a case of Greek meeting Greek, and a very strenuous game was the result, with final official score 2 to 1 in favour of Chesterfield. We hope to have to have some more matches during the holidays. It is great sport. Mr. Ross of the Bankers' Team very kindly held down the dangerous job of Referee.

The following have yet to re-pass the Tenderfoot Tests before the end of the year, which is now almost here: Wolves, S. Whitehead; Otters R. Stillinfiel, J. Butler, C. Gillard; Curlews, Ralph Weddel, R. Burch, Eagles, T. Snashall, F. Sinkinson, E. Small, W. Parker; Wood Pigeons, F. Whitehead, R. Weddel, E. Hunter; Beavers, I. Weddel, L. Day, G. Sutherland, W. Day, H. Duggan, and N. Marshall. If none of these re-pass their Tenderfoot Test before the end of the year, or the Second Class Tests by the 31st of January next, we shall have a Troop composed of 5 Wolves, 1 Otter, 4 Curlews, 2 Eagles, 1 Kangaroo, 2 Wood Pigeons, and 1 Beaver, that is a total of 16.

## Food Restriction Goes Into Force in England

The first food restrictions went into force in England Monday. Hotels and restaurant are now forbidden to serve more than two courses for breakfast or luncheon, and three courses for dinner.

Little inconvenience was experienced in connection with the first two meals. The Englishman's usual breakfast consists of a cereal and bacon, eggs, or fish, and except in the more expensive places a luncheon of two courses is the rule. It was in arranging for a dinner of three courses that the caterers experienced the greatest difficulty, but even in this case few are likely to go hungry, as hors d'oeuvres and soup count only half a course each. For the other courses diners have the choice of fish, entrees, or roasts, with vegetables and desserts. Cheese with bread and butter or crackers is not counted as a course.

The meatless lay which is expected to follow shortly will prove a more difficult problem for restaurants which make a specialty of roasts

The Roumanian army is now safe according to news received in Paris by the Petit Parisien. The survivors are now beyond the Sereth river at Jassy and in Bessarabia, where they are being regrouped and refitted with a view to further operations. The entire Roumanian front is now stated to be held by the Russians alone.

The Greek government has revealed the text of its reply to the Allies' ultimatum. It completely complies with the terms of the Allies, and asks the resumption of "traditional relations with the Allies based upon reciprocal confidence." It says that Greece desires to give manifest proof of sincere friendship for the Entente. The government offers legitimate satisfaction for Greek attacks on the Allies on Dec. 1st, and suggests arbitration for the adjustment of details. It hopes the Entente will reconsider the blockade decision.

## Prussian Militarism Must Be Destroyed

To Remove European Menace is Allies' Main Objective

We quote, says the Nation, the final sentences of a document, which, being prepared primarily for influencing opinion in neutral countries, has not found publication in our ordinary press. After a rehearsal of the necessities which brought the Allies into conflict with the German claims, and which compel us to continue fighting until Prussian militarism is destroyed, the signatories of this document amongst whom we note consistent supporters of our cause such as Mr. Archer, Professor Gilbert Murray, and Professor Hobhouse, give the following account of our national demand: "When our ministers spoke of destroying Prussian militarism, they meant the ending of a system which has compelled all Europe to arm, and now to send its sons to die in millions. That system can be ended as soon as Germany is ready to accept what most other nations have long desired, the settlement of international questions by peaceful arbitration or cooperation in council, and not by the open or secret menace of the sword."

Here it seems to us remarks the Nation, is the clear statement of the first condition of a settlement. It is not certain that any military victory, however decisive, can in itself bring the ending of the Prussian system, or can even compel the German people to desire its end instead of desiring to foster it for some distant revenge. It is probable that further military successes for the Allies will be required to break the old obstructive will of Germany, but there are signs that with the gigantic loss of life which she has sustained, and with the certainty further disasters staring her in the face, she is ripening for a repudiation of all her conquests. If Germany could be brought to such a definite repudiation, and to a clear expression of her willingness to enter such a European system

## Wounded Canadians to Be Nursed in Dominion

Hitherto the Military Hospitals Commission of Canada has only had to deal with soldiers in the convalescent stage. From now on patients will be sent home to Canada as soon as they can travel without risk. A very large number of the 20,000 Canadian sick and wounded now in England will come under the new rule.

This change involves a great increase in the commission's work and responsibility; though of course, these "bed cases" can only be brought over by degrees. Accommodation has already been secured for more than 1,680 at various centres, including Winnipeg, General Hospital, 100 Edmonton, Strathcona Hospital, 150; Vancouver, General Hospital, 300.

In British Columbia the Esquimalt convalescent hospital is now to be supplemented by Resthaven, a building erected as a sanatorium before the war, at Sidney, about twenty miles from Victoria. It will house 200 men, or double the number at Esquimalt. The acquisition of Sunnyview, near Kamloops, adds twenty to the accommodation for consumptives.

The women of the province of Quebec have for the second time been refused the privilege of practicing at the bar, and as last year, it was by a majority of only one vote that they were turned down.

Russia has evidently made up her mind as to Germany's intentions in suggesting peace at the present time, and the Duma has unanimously passed a resolution against the acceptance of the peace proposals, after a spirited speech by the minister of foreign affairs.

as is proposed, a preliminary basis for negotiations would have been reached. We should then be some distance from concrete terms of settlement.

Prove yourself a "Goodfellow" on Saturday afternoon when you meet the smiling young lady with her collecting box.

Have you found difficulty in deciding upon some particular

### SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for the lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory, the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the right applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion lands.

W. W. CORY,

Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for

### Wonderful New Warship

Has Range of Speed Hitherto Unheard Of

That necessity is the mother of invention has never been so conclusively shown as in present war. In every line of supply equipment, transportation, etc., there have been developments considered impossible before the war. The size, speed, and control of aeroplanes alone is hardly believable when compared with the greatest achievements before August 1914.

The latest wonderful development is in the Italian navy. They have just tried out a large battleship of a new kind, and driven in a new way. The details, of course, are not available, but it is known that she covered a distance of 800 miles at three times the speed of the fastest transatlantic liner, and that she was attacked by a submarine which fired a torpedo which passed several hundred yards behind because of the high speed of the boat. The torpedo boat destroyers acting as a convoy for the new battleship were lost to sight in a few minutes when the latter speeded up.

A vaporous mixture of naphtha and compressed air is used to develop a temperature of from 1,500 to 1,800 degrees centigrade in the boilers. She is driven by three turbines, each having 8400 horse power. The speed is so great that the boat seems to simply jump from place to place. The terrific force driving her shakes her like a perpetual earthquake. She would soon be wrecked to pieces except for the fact that she is specially constructed to stand this vibration, and a special steel is used throughout. Her trials have been so satisfactory that several others have been started by the Italian government.

The fastest boats have made the trip across the Atlantic in 4 1/2 days. Imagine making the same trip in 36 hours a few months after the war.—North Shore Press.

A fire which for a time threatened the whole of Summerside, P.E.I., did damage in that city last week to the amount of \$325,000.

By a vote of about forty thousand to six thousand, the people of Saskatchewan decided that the government dispensaries which took the place of the open bar for the sale of liquor, shall be abolished, and the province will accordingly adopt prohibition outright.

Predictions are being made by some radicals in Washington that within ninety days or less after the rejection of Berlin's peace proposals, diplomatic relations between Germany and the United States will be broken off because of the character of the submarine warfare which will be the only aggressive field left to the Teutonic nations.

### OLD SCOTCH ADAGE

Thrice the age of a dog is that of a horse.

Thrice the age of a horse is that of a man.

Thrice the age of a man is that of a deer.

Thrice the age of a deer is that of an eagle.

Thrice the age of an eagle is that of an oak tree.

### Losses in Heating

Value of Storm Windows in the Saving of Fuel

Owing to the rising price of coal and the need for heating our dwellings in winter, the cost of fuel is a large item of expense to the householder. Anything that can be done to reduce this cost without suffering inconvenience from the cold should be welcomed by all.

The average householder has but little knowledge of the principles and application of heating and there are many portions of Canada where the saving of fuel by the use of storm windows (or double windows) is not fully appreciated. Heat is lost from a building in two ways, by (1) radiation, i.e., that transferred through the walls, windows, and other exposed surfaces by convection currents, or leakage, namely the losses through the openings around windows, doors etc.

By the opening of outside doors much heat is lost. This to a great extent, can be overcome by the use of storm or outside doors. Better still is the storm porch, which allows of one door being closed before the other is opened. This porch may be removable, to permit of the use of all the verandah space in summer.

The radiation losses are usually of greater importance than the convection losses. As losses due to radiation from walls, floor, ceiling, and doors, are determined by the structural features of the house, they are largely unavoidable. The most serious radiation losses are from windows, and the saving of heat resulting from the use of storm windows is largely due to the layer of dead air—one of the best non-conductors—between the inner and the storm sashes. Storm windows also prevent uncomfortable drafts.

The great heat loss from single windows is demonstrable. A square foot of window surface radiates as much heat as 2 1/2 square feet of an 8 inch brick wall surface. Storm windows reduce the loss to nearly one-half of this amount. In addition they reduce the loss due to leakage, and save from ten to fifteen per cent. of the fuel bill.—W. J. D.

A Ford car with its driver, ran off the edge of the Summerland wharf last week, and dropped into the lake. Both were eventually rescued.

General Joffre, in conformity with the changes in the French military command, has handed over the command of the French armies of the north and north-east to General Robert George Nivelle, and has taken the position of president of the Allied military council.

Nivelle has struck his first mighty blow as commander of the French armies on the west front. Smashing forward on a front of more than six miles last Saturday, the French armies advanced a distance of two miles along the entire line, took two villages and three strongly fortified works, and captured more than 8,000 prisoners. This important victory is viewed by the Allies with much satisfaction. It is France's effective answer to the bogus peace proposals of Germany.

## Cotton Has Advanced in Price From 6c Per Pound to 20c

## W. R. TRENCH & CO. DRUGS AND STATIONERY

## Printed Butter Wrappers

According to the new Dominion Government regulations all farmers who sell butter either to the stores or privately, are required to have it properly covered in a wrapper on which MUST appear in prominent letters the words "DAIRY BUTTER."

The fact is also emphasized that all butter in such packages must be of the full net weight of sixteen ounces, and in default of same a fine of from \$10 to \$30 for each offence is imposed. When butter must be so labelled even when mixed with dairy butter, and dairy butter retains its label though it be mixed with the creamery product.

You can be supplied with neatly-printed wrappers for your butter at the Kelowna Record Office, for the following prices:

100	PAPER & PRINTING INCLUDED	\$1.50
200	" "	2.00
500	" "	3.15
1000	" "	4.50

These prices include Both the Paper, which is the best obtainable for the purpose, and the Printing of same. Please note this.

Owing to the extraordinary rise in the price of butter parchment (which has gone up over 100 per cent) we have been reluctantly obliged to raise our prices slightly. Nearly all this paper was previously manufactured in Belgium, and needless to say this supply has been entirely cut off. Unfortunately there is no guarantee against further increases, indeed, they are more than likely.

### Kelowna Record

## TO THANK YOU

¶ We are grateful for your co-operation in our progress. For our success we extend to you our hearty thanks and sincere wishes for a bounteous share of prosperity in the new year. We look forward to a prosperous year and will do our part in meriting your continued confidence and patronage.

**D. D. CAMPBELL**

Phone Three Oh! Phone Three Oh!

**TOWN AND COUNTRY NOTES**

Miss Vance was a passenger for Calgary yesterday.

Saturday will be a big shopping day. Read the ads.

Mrs. Percy Dilworth left Tuesday on a visit to Three Hills, Alta.

The young lady you will meet on main street Saturday afternoon with a collecting box will be representing the Red Cross. Don't forget.

Any visitor in town or resident not attending another church will be welcomed Sunday at the Baptist. There will be familiar Christmas hymns and the choir will render three anthems appropriate to the season.

The Dominion Express Office will remain open Thursday, Friday and Saturday evenings of this week for the convenience of the public and to provide for the extra rush of Christmas business.

Miss Margaret Miley, who for several months past has been on the staff of the Palace hotel, left for the coast Monday. Being of an exceptionally cheerful disposition Miss Miley made several friends whilst in Kelowna who wish her happiness in the sphere of life she is about to enter.

The Methodist Sunday school is holding its annual Christmas entertainment-to-night. On account of the war a new departure will be made this year in that no refreshments will be served, but an evening's programme will be given by the scholars, assisted by Miss Chesterfield and Mrs. J. H. Trenwith, for which a nominal fee will be charged and the proceeds handed to the Patriotic Fund.

The sale of work and tea held by the "Twigs" last Saturday afternoon turned out to be a most successful venture, a sum of \$83.90 being handed over to the Red Cross. The "Twigs" are young ladies whose ages range from 12 to 14 years, and this was their second attempt to raise funds for this great cause. The gross proceeds were \$90.40, and the expenses \$6.50, leaving the \$83.90. The young ladies ask that the friends who so generously donated goods and eatables, will please accept their thanks.

**LOCAL BRANCH OF THE  
R.N.C.V.R. FORMED**

A local branch of the British Columbia Provincial Naval Recruiting Committee has been formed comprising Mr. P. DuMoulin (chairman), and Messrs. D. Lloyd-Jones and R. L. Dalglish (hon. sec.).

The R.N.C.V.R. require men of good character and physique for service overseas during the period of the war. Seamen 18 to 30 years of age, stokers 18 to 38 years of age.

Sturdy boys of 16 to 18 years of age may be enrolled for service in the R.N.C.V.R. Pacific Sub-Division for service in the Esquimalt station or on the boats on the Pacific coast. They can be enrolled for overseas work at the age of 18 years, providing that at that time they decide to go overseas.

All further particulars can be obtained from R. L. Dalglish, hon. secretary.

Mr. C. H. Jackson was a passenger for Vernon Tuesday.

Miss Mary Dykes leaves this week-end for California where she will spend a couple of months.

Prove yourself a "Goodfellow" on Saturday afternoon when you meet the smiling young lady with the collecting box.

The local Canadian Patriotic Fund committee regret to announce that, owing to the preoccupation of their hon. sec-treas. with the annual city audit, it will be impossible to publish a financial statement until early in January.

The Scouts made an effort to retrieve their bad fortune at ice hockey Saturday when they met a team representing the Chesterfield School. Both sides played vigorously but lacked combination, Sweney making some good individual runs. Mr. Ross, of the Royal Bank handled the whistle, the result being 2 goals to 1 in favor of the school, though 2 all would be a fairer one.

The C. P. F. cow, having heard that there are still a few tickets for sale, is now giving six quarts daily, instead of five, as an inducement to the charitably-minded to snap them up before Christmas. Will those selling tickets kindly redouble their efforts and hand in their books and cash to J. R. Beale not later than Tuesday, December 26?

The members of the Fire Brigade are arranging a masquerade ball to be held in the Morrison Hall, on New Year's night, January 1st. Here is another opportunity for assisting the hospital, as the proceeds will be given to that institution. Dancing to commence at nine o'clock.

Capt. W. S. Stewart, who has just been appointed organist at St. Michael and All Angels' church, is a veteran of the present war. At the outbreak of hostilities he joined the colors without delay. He was wounded at Ypres and wounded again and gassed at Laughemarcq. At the last-mentioned battle he received well-earned praise and promotion at the hands of Gen. French. Capt. Stewart is a Mus. Bach, R.U.I. and was for some time organist and choirmaster at St. John's church Toronto. He resigned the position of organist at St. Andrew's church, Calgary, when elected to that of St. Michael and All Angels.

**TRENWITH-PITT**

A very quiet and informal wedding took place last Saturday evening, the 16th inst., when Mr. James Henry Trenwith, well known in the city's business circle, was united in matrimony to Miss Phillis Mary Pitt, until recently on the Vernon staff of the Okanagan Telephone Co., and formerly of the government telegraph office here. The ceremony took place at the home of the bride's parents on Bernard Ave., the Rev. E. D. Braden officiating. Mr. H. H. Price acted as best man, whilst the position of bridesmaid was filled by Miss M. Patterson, the bride being given away by her father. Miss Pitt came to Kelowna from London, Eng., whilst James hails from the noted city of Cork, in the Emerald Isle. The honeymoon will be spent after the Christmas business rush, in the western states.

**The Destruction of Rheims**  
Rheims in time of peace had six thousand houses intact; of these, two thousand have been entirely destroyed and three thousand have been damaged more or less seriously. The Germans have guns at a distance of just one mile from the cathedral, and the cathedral is in the very heart of Rheims. Even with their field guns of .77 calibre stationed at Nogent l'Abessee and in the famous fort of Brimont they can hurl shells upon the cathedral. The two greatest industries of the city before the war were the woollen manufactures and the making of champagne wine. The Germans were unable to loot the bulk of the champagne supply or to wreck the immense mileage of wine cellars, but it is a different story with regard to the woollen industry. There is not a single woollen factory left in Rheims. The Germans' espionage system had revealed to them the location of every woollen factory, its capacity and equipment.

**Do Not Leave the Receiver Off.**  
Some person may want to do business with you. Do you, Mr. Merchant, realize that when you cease to advertise you are leaving the receiver off? Many readers of the paper have requirement in your line and have the money to satisfy them. If you do not tell them what you have and what the prices are, they will naturally go to your competitor who gives them this information and invites their custom.  
Do not leave the receiver off your telephone, and do not neglect your advertising if you wish to make it easy and pleasant to do business with you.
