KELOWNA BRITISH COLUMBIA THURSDAY, JUNE 10, 1915.—6 PAGES

\$1.50 Per Annum

MEET AGAIN IN FAR OFF LANDS

In Egypt, a British Cavalryman and a French Dragoon, who had already fought together in northern France, meet again in the east.

City Council Holds Short Session

Meeting Has Very Little Business to Transact

The council meeting Friday morning was of very short duration, the little business on the agenda.

Several items of correspondence were first disposed of, chiefly in connection with the sale of city bonds.

Advice was received from the Inspector of Municipalities that by-laws 174 to 188 dealing with local improvements had been found in order.

W. F. F. Bouvette wrote offering to cut the grass on certain streets and pay the city \$1.00 per load.

The resignation of Mr. P. E. Corby, as plumbing inspector was accepted.

The police report for the month of May was received, showing a total of seven cases before the magistrate.

This Morning's Fire

The fire brigade were called out just before noon today to a blaze which had started in an old shed to the rear of the Keller block.

Although the brigade responded to the call with remarkable promptness the fire had got a good hold and the shed was burned beyond repair.

The origin of the fire was not revealed, but it seems likely that someone must have carelessly thrown a lighted match or cigarette stub among the rubbish contained in the building.

The annual visit of the Oddfellows and Rebekahs to the cemetery to decorate the graves of departed brethren will be held Sunday.

Bishop of Kootenay to Visit City This Week

The Right Rev. A. J. Doull, D.D., Bishop of Kootenay will arrive on Saturday next, June 12th, for the purpose of holding a confirmation in the parish church on the Sunday following.

There will be an early celebration of Holy Communion at 8 o'clock; Matins and Holy Communion at 11 o'clock, when the bishop will preach.

After the arrival of the Sicamous there will be a Parochial Reception for the bishop and Mrs. Doull at Dr. Boyce's residence.

On Sunday there will be an early celebration of Holy Communion at 8 o'clock; Matins and Holy Communion at 11 o'clock, when the bishop will preach.

There will be no services at the East Kelowna school house on Sunday afternoon.

CALGARY EDITOR PAYS VISIT TO THE CITY

Mr. F. S. Jacobs, editor of the Farm and Ranch Review, Calgary is visiting at present in Kelowna, and will visit other lake points with a view to investigating fruit growing and marketing conditions.

Miss Jessie Metcalf was a passenger to Vancouver last Monday.

Mrs. Swardtger and family are leaving today for a few weeks visit to the coast.

Mrs. H. H. Millie returned this morning from a visit to Penticton, looking very much improved in health.

A further detachment of recruits for the B.M.R.'s consisting of Fred Neil, Thos. Barratt, John Plant, J. Mathews, Arthur Hill and Charles Groves, left yesterday morning for Kamloops, where they will take up their duties of bridge guarding, etc.

Sunday-School Picnics on King's Birthday

Children and Parents Enjoy Holiday in Glorious Sunshine

Last Thursday afternoon the Sunday schools of the Presbyterian and the Baptist churches combined forces for a picnic in the park. The weather was ideal for the holiday and probably one of the largest crowds ever seen in the park assembled in their gayest costumes.

The afternoon's program opened with the crowning of the May Queen (Miss DeHart). This was a somewhat belated ceremony it must be confessed, but it provided good fun.

The program of races and other sports was exceptionally well prepared and well carried out. Everybody entered with enthusiasm into the effort to make the children happy and they certainly succeeded.

Altogether the picnic was one of the most successful ever held, and every praise is due to the teachers, school officials and friends who worked hard to make it so.

METHODIST SUNDAY SCHOOL PICNIC

Recipe for an ideal picnic.—Take one glorious fine day, coming directly after a month or more of unsettled wet weather; one piece of sylvan country, with shady trees, running stream, and green fields, within fifteen minutes motoring over a good road, from the city; a few comfortable motor cars, a good number, say 200 or more, men, women and children, especially children and "young folks", all well leavened with the fraternal desire that the others shall have a good time; plenty of good food, and drink of the refreshing but unnebristing variety, such as fresh lemonade and tea.

That the ideal was as nearly as possible turned to the actual was, we believe, the unanimous verdict of those who took part in the picnic, held on the King's birthday last week, by the Kelowna Methodist Church and Sunday school.

Ben Hoy came in from Vernon on his motor cycle yesterday.

Mr. C. C. Prowse went down to Vancouver yesterday for a few days visit.

Mr. W. Metcalf left this morning for the old country where he will join the forces.

The annual tournament of the Kelowna Tennis Club is to be held in a few weeks' time, and will include both open and handicap events.

Manual Training and Domestic Science

New School Classes Will Start in Few Weeks

The manual training and domestic science classes in connection with the public schools will soon be in operation, as the government is preparing to put into effect the promises made some months ago.

The new department will be installed in the old school building, and will be conducted in conjunction with a similar school in Armstrong.

CHANGES IN SCHOOL STAFF

With the close of the present term, Mr. R. P. Richardson, the principal of the Public school will retire from his office, he having tendered his resignation some time ago.

Miss E. P. Duthie, teacher of music and drawing is also leaving this term. From motives of economy her place will not be filled, but her duties will be distributed among the rest of the staff.

PREACHERS SUED FOR LIBEL BY M. P.—WHAT DEFENCE CAN BE MADE?

The Rev. A. E. Cooke secretary of the Ministerial Union at the coast, who are behind the publication of the pamphlet "The Crisis in B. C." will speak on the subject in the park next Monday evening.

Mr. C. C. Prowse went down to Vancouver yesterday for a few days visit.

The annual tournament of the Kelowna Tennis Club is to be held in a few weeks' time, and will include both open and handicap events.

Mr. Wilbur Thompson left this morning for the old country.

Miss Warren was a passenger to Victoria yesterday morning.

Mrs. Geo. Fraser is up from Penticton this week on a visit to Mrs. D. D. Campbell.

The "Follies" who drew such a large crowd at the local Opera House a short time ago are to pay another visit to Kelowna on Friday, June 18.

LATE PHOTO OF THE KAISER, CROWN PRINCE AND PRINCE OSCAR

The Kaiser is shown at the left of the picture, Prince Oscar fourth from the Kaiser. Next to the Kaiser is seen the Crown Prince in his swank of the Death Head Hussars, front of which is the emblem, skull and cross-bones.

Work of British and Foreign Bible Society

The work of the British Foreign Bible Society was brought to the notice of those who attended a meeting in the Presbyterian church on Tuesday evening, when the Rev. J. Knox Wright, secretary of the B. C. Auxiliary of the Canadian Bible Society, which is a branch of the parent society gave an address to a small audience.

The Bible is published in 487 languages, but there are 450 million people for which no Bible is printed.

Mr. Wright pointed out that some words in certain languages had a large number of meanings, this being due to the ways the word was pronounced.

Mr. W. Metcalf left this morning for the old country where he will join the forces.

Mr. Wilbur Thompson left this morning for the old country.

Miss Warren was a passenger to Victoria yesterday morning.

Mrs. Geo. Fraser is up from Penticton this week on a visit to Mrs. D. D. Campbell.

The "Follies" who drew such a large crowd at the local Opera House a short time ago are to pay another visit to Kelowna on Friday, June 18.

Vernon Transformed By Big Military Camp

Planned to Accommodate 6,000 Men in Training

Vernon.—Reports of the raising of new battalions on the coast and the sending to Vernon of the 48th battalion, now quartered at Victoria, are being discussed in the training camp here.

The 42nd battalion, to be recruited from Vancouver units, the 54th now being mobilized at Nelson preparatory to being sent here, and a new battalion to be known as the 57th, will all supplement the forces in camp or about to arrive there.

Lieut.-Col. Hulme, at present commanding the 6th D. C. O. B. at Vancouver, is reported to be the probable selection for the commander of the 62nd. This battalion, the 54th and the 57th will total about 3500 men and will with the units already here make a total of about 6000 men.

The work of constructing the camp providing accommodation for the troops and soldiers, is proceeding rapidly under the skillful direction of Capt. C. B. Russell, Commander of the Royal Canadian Engineers in Military District No. 11.

The tents are laid out along the most modern lines. Water mains and electric lights have been installed by the city and electric light is available for every tent whose occupants desire it and are willing to pay the city for it.

Sidewalks have been extended for three of four blocks up Seventh street to the camp, and the vacant buildings on the way are being occupied by photographers, soft drink men and others who have things to sell to soldiers.

Various versions of a report that the German prisoners in the internment camp at Vernon had revolted simmer down to an unofficial report of the bayoneting of two Germans. It is said that a party of prisoners ordered to start road making refused. Some of them grew ugly and were ordered out to their work at the point of the bayonet. One man is reported to have been wounded seriously and another less so.

Mr. H. Rive, chief of the dairy branch of the Department of Agriculture arrived in town on Wednesday's boat and will address several meetings in the district.

Mr. W. Newton of the Soils and Crops division, Department of Agriculture arrived in the city yesterday in connection with the judging of alfalfa and also to make arrangements for construction of silos in the district.

Public Should Assist
Agricultural Assn.

Kelowna, June 8, 1915.

To the public.
The general public do not seem to understand that it is impossible to run an agricultural show without funds, neither do they understand the position of their own local association.

In the first place, the Agricultural building, which is a credit to the district, was not built without assistance. This assistance was given by the government who agreed to put up half the cost, while the other half had to be raised by subscription or otherwise. The directors decided to build and went ahead without appealing to the general public, with the result that they had to borrow sufficient money to pay the contractors. This liability has to be paid this year, otherwise complications will arise and in all probability we will lose our building.

Now understand, the building is the property of the public, who have up to the present time, not been called upon to help pay for it, but it must now be realized that if the public wish to retain it for their own benefit they must make every effort to help matters out this year. They must divest from their minds the idea of the cash value of the prizes offered and create an unselfish determination to show all they can, simply having in view the honor of winning, which will help place the society on a sound footing.

This is the way the society appeals to all farmers, as well as the business men of Kelowna, who, directly or indirectly, receive some benefit from the annual show.

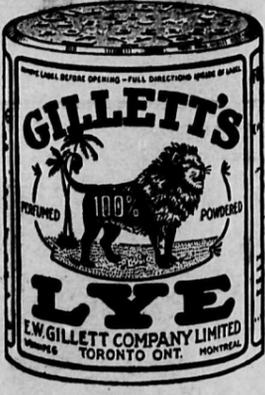

The society also asks the business men of the city who handle agricultural machinery, implements and dairy machinery to make some displays, which we feel sure will help to create business in their direction.

In running the society, the secretary has to be paid and there are many other expenses in connection with it. Last year, a large sum was paid off on account of the building and the sports' prizes. Unfortunately, this placed the society in the position of not being able to meet other well-earned obligations. This brief explanation, together with that given in a circular which will be issued later on, as well as that which will be given by a personal call by some of the directors, will, we trust, set at rest the minds of the people with regard to the present position of the society.

We would also like to point out that it is not fair or just that the general public, who receive a benefit from the annual fair, should allow the financial burdens of the society to be carried by some of the directors personally at the present time.

The society wants this year's fair made a notable success and if the following lines of action are adopted by the people it will be a success: First. Have some enterprise; exhibit in every class you can within reason, and show the visitors what we can produce. Second. Have a noble spirit among yourselves. There are men in our district who have sacrificed their own personal interests to help make the annual show a success and they have had to take chances whether they would get any remuneration whatever, and it

GILLETT'S LYE
EATS DIRT

cannot be expected that they will continue this indefinitely.

To hold a show without the growers would be like fighting a battle without soldiers, so may the people come out and fight and take defeat stoically and gracefully, should defeat come their way, and be willing to try again. By so doing they will help the society to hold its building without any burden, and when they are pointing out the building to their friends they will be able to say with pride: "I helped to build it and for two years I placed exhibits in that building and willingly and unselfishly left my prize money behind."

The prize list will be circulated as soon as possible. There will be races for local horses only, so those who have horses can start in and get them into shape.

On behalf of the directors, Kelowna Agricultural and Horticultural Association.

J. L. PRIDHAM.
W. B. M. CALDER.
Special Committee.

Items from Ellison

(From our own Correspondent.)

We regret to learn that Mrs. Feather is suffering from sciatica. We hope the good lady will soon be around again.

Robert Booth was taken to the Kelowna hospital on Monday last but expects to be home again in a few days.

The A. B. C. of the Ellison Methodist church will hold an ice-cream and strawberry social on Friday next, the 18th inst. Musical items will be provided by well known musicians. Everybody come. All welcome. No charge for admission.

GREEN OR WET ALFALFA CAUSES
DEATH OF MANY CATTLE
AT SUMMERLAND

During the past few weeks a number of cows in the district have died as the result of "bloating," caused by eating wet or green alfalfa. Harry Howis was one of the latest sufferers in this way. Mr. Howis has been keeping his cow, day and night in a field of alfalfa, watching her closely all the while, and lately he has considered her so accustomed to the green food, as to be quite immune from "bloating." After milking on Tuesday night she was again returned to the pasture and great was his surprise when on Wednesday morning he found her dead, all indications pointing to bloating as being the cause. Mr. Howis says there is yet much to be learned as to the proper method of feeding alfalfa to cows as with the exception of the danger of bloating it is in every way the most desirable fodder.—Summerland Review.

K. V. R. STATIONS

The following names have been given to stations on the K.V.R. from Midway to Merritt and which opened to public use last Monday: Midway, Rock Creek, Zamara, Westbridge, Rhone, Taurus, Beaverdell, Carni, Lois, Arlington Lakes, Cookson, McColloch, Myra, KELOWNA, Lorna, Chute Lake, Adra, Glen Fir, Narumata, Pentleton, Winslow, West Summerland, Faulder, Kirton, Thirah, Osprey Lake, Errie, Jura, Belfort, Princeton, Coalmont, Tulameen, Manion, Roberts, Spearing, Brookiners, Kingsvale, Glen Walker, Merritt.

The way of the transgressor may be hard, but it is disgustingly popular.

The best way to get along with some people is to get along without them.

Don't expect any kind of a cow to make something out of nothing. She can't do it; she don't know how.

SYNOPSIS OF COAL MINING
REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for the lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the leases may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion lands.

W. W. CORY.

Deputy Minister of the Interior.
N. B.—Unauthorized publication of this advertisement will not be paid for.

IN THE COUNTY COURT OF YALE

Holden at Vernon.
In the matter of the Estate of Lum Lock, deceased.

Notice is hereby given pursuant to Section 27 of the Trustee Act, R.S.B.C. 1911, Chapter 232, that all Creditors and other having claims against the estate of the said Lum Lock, deceased, are required on or before the 20th day of June, 1915, to send by post or deliver to E. C. Weddell, room 9 Willits Block, Kelowna, B.C., Solicitor for the Estate, or to Kong Quan Hoo Lock, Kelowna, B.C., Administratrix for the Estate, their full names, addresses and descriptions, the full particulars of their claims, the statement of their accounts, and the nature of the securities, if any, held by them.

And further take notice, that after such above mentioned date the said Administratrix will proceed to distribute the Estate of the deceased among the parties entitled thereto, having regard only to the claims of which she shall then have notice, and that she will not be liable for the said assets, or any part thereof, to any person or persons of whose claims notice shall not have been received by her at the time of such distribution.
Dated at Kelowna, B. C., this 20th day of May, 1915.

E. C. WEDDELL.

Solicitor for Kong Quan Hoo Lock, Administratrix of the said Estate.

Printed Butter
Wrappers

You can be supplied with neatly-printed wrappers for your butter at the Kelowna Record Office, for the following prices:

Table with 2 columns: Quantity and Price. 100 PAPER & PRINTING INCLUDED \$1.50, 200 " " 2.00, 500 " " 2.75, 1000 " " 3.75

According to the new Dominion Government regulations all farmers who sell butter either to the stores or privately, are required to have it properly covered in a wrapper on which MUST appear in prominent letters the words "DAIRY BUTTER." The fact is also emphasized that all butter in such packages must be of the full net weight of sixteen ounces, and in default of same a fine of from \$10 to \$30 for each offence is imposed. Whey butter must be so labelled even when mixed with dairy butter, and dairy butter retains its label though it be mixed with the creamery product.

These prices include Both the Paper, which is the best obtainable for the purpose, and the Printing of same. Please note this.

Guns of the Queen Elizabeth

An English correspondent, assigned to report the operations in the Dardanelles, describes his arrival at the anchorage of the allied fleet, in the following words:

Now we round a bend and come in sight of a portion of the fleet. The first sight which greets our eyes are the fighting tops of the mighty Queen Elizabeth—the most powerful warship afloat in any waters. Her huge body is hidden by some low-lying land. Shades of Nelson! But suddenly we see a destroyer dashing her way towards us and flying the French flag. It is hard to believe that within two days' gentle steaming of where the Battle of the Nile was fought, a century after Trafalgar, a French destroyer is engaged in protecting England's battleships.

We give our number, and the destroyer retires satisfied, and we make our way slowly in. Then a torpedo-boat, this time flying the British colors bashes up and asks if we know our way among the rocks and shoals. We do not, and frankly admit the same, so she gives us a friendly lead. Half an hour later we are amongst the battleships, cruisers, storeships, and destroyers. Everything in the navy is organized down to the smallest detail. Our captain sees a comfortable looking unoccupied berth, and makes for it to anchor. On a battleship close by a sailor sits astride the bridge and starts furiously waving little flags. These cannot be read from our bridge and both officers and men lack practice at the rapid reading of signals, so we have to turn the ship and go back. The little flags tell us that a berth has been assigned for us at the other end of the bay. When we are half way across a pinnacle steams up and two officers come on board who take charge of the ship and conduct us personally to our anchorage.

On a Super-Dreadnought

This same pinnacle, once we are safely anchored, takes me across to the Queen Elizabeth to visit the admiral. This, the latest of our super-Dreadnoughts, is a revelation. She only carries eight 15-inch guns, and a secondary armament of 6-inch. But these eight make every other gun you have ever seen look ridiculous and contemptible. The gunners say they can almost land on a penny at 17,000 yds, even with three-quarter charges. They have already done some wonderful shooting right across the Gallipoli Peninsula, over the low-lying ground near Gaba Tepe. The great ship has in turn received her baptism of fire, and has been struck by three shells, one of which came through the gun room, but, fortunately, all the midshipmen were at their stations, and no one was hurt. Another came through her unprotected side, high up, but burst without doing any damage. The third, I think, hit her funnel.

You get a good idea of what a complete command of the sea we have obtained when you see how we are able to spare this, our latest and most powerful Dreadnought, for the operations against the Dardanelles, instead of hurrying her off, as soon as completed to Sir John Jellicoe somewhere in the North Sea. Very shortly there will be four other Queen Elizabeths ready for active service; therefore, if the Germans ever intend to leave shelter of the Kiel Canal, they had better do so soon. They have no ships afloat which can compare in gun-power with the Queen Elizabeth.

A short distance from the Queen Elizabeth lies the Dreadnought cruiser Inflexible. This ship has seen more fighting in the war than almost any other vessel in the fleet. She was one of Admiral Sir Doveton Sturdee's squadron when he put an end to Von Spree and his squadron off the Falkland Islands. The officers tell you that that action was child's play to what they had to face on March 18th, when the great attack was made on the Dardanelles. The Inflexible suffered heavily. Her foretop was hit by a shell, which killed or wounded all of those up aloft but two seamen.

Germany and Austria Hungary have formally notified the government of Switzerland that they will respect Swiss neutrality. Time will show what their promise is worth.

Declaring that the German victory in Galicia was due to the overwhelming superiority in equipment and that if the allies in the west had been as well equipped, the Germans would long ago have been driven from France and Belgium, Mr. Lloyd-George, the new minister of munitions, made a stirring appeal at Manchester to employers and workmen to supply the British Army with the necessary munitions.

How Gas is Used by the Germans

A great deal has appeared on the use of asphyxiating gases by the Germans. Many statements have been made as to exactly what gas is used, how it is used, and what are its effects.

There are two essentials to the use of gas by the Germans. First, the gas must be of such a character that it will stick close to the surface of the ground and sink into all trenches and excavations—not rise in the air. Secondly, it must at least, temporarily stupefy the intended victims. Now, this being the case, it is obvious that gas may be resorted to successfully under certain conditions only. There must be only a very moderate or high wind blowing, and that must be regular or even, otherwise the gas would become too disseminated and diluted with air. It can be used only when the enemy's trenches are but a short way off. The battle front of the user must be either a straight line or convex toward the enemy. Otherwise the gas, when liberated, would cross at least some portion of the users' lines before reaching the enemy's lines with considerable damage to the users as well as the intended victims.

Chlorine gas seems to fill all the requirements. It is a heavy greenish yellow, suffocating, irritating, poisonous gas. When liberated in a moderate wind (two to six miles per hour) it will travel pretty compactly along the surface of the ground, filling the air for a depth of about three feet above the surface and sinking into all depressions. It suffocates and irritates the victims and produces acute orchitis and strangulation. In many cases the effect is temporary but complete unconsciousness and in many others death. Its color gives it the properties of a cloud which greatly conceals the advance of the enemy who follow close behind whenever possible. Needless to say, great quantities are required to be of real effect against a battle front of considerable length. So, it is chiefly used to attack certain selected points in the enemy's lines, with the sole idea of forcing a passage which might enable the breaking up and flanking movements so frequently attempted but seldom accomplished.

The Germans manufacture this gas in great quantities and force it into small cylinders under very high compression. These cylinders are shipped to the trenches, put in place, and when conditions are favorable are opened and turned toward the lines of the allies. The prevailing wind does the rest.

Quite a number of other gases could be used almost equally well, but the symptoms all clearly and unmistakably indicate the use of chlorine gas by the German army in all cases so far.—North Shore Press.

Germany's Chances of Final Victory Are Nil

A gunner with the Canadian artillery, writing under date of May, 14, says:

"We have, of course, never actually been out of action, but last week has been as good as a month at the seaside after previous experiences. It is all very well for the English papers to speak about the want of explosives and the heavy casualties, but we expected heavy casualties and we expect more still. The great factor in the struggle is not the heavy casualties, but whether, with each day's fighting, our forces are relatively weaker or stronger than the Germans. There can be no doubt about it as to the result of the last month's fighting. For not only have Germany's casualties been greater numerically than our own, but the Germans have also now practically reached the limit of their reinforcements, whereas the Allies have not yet called into action one-third of their available men of fighting age. There is not the slightest reason for people at home to be despondent or pessimistic. The Germans know as well as we do that their chances of final victory are just nil."

Scotland Yard has circulated a warning to London public that in the event of an air-craft raid all householders must shut the doors and windows of the lower part of the house to exclude the deleterious gases with which German bombs are filled.

Up to May 11 the British lost 201 trading ships of all sorts and conditions by the war. There are over 8000 British merchantmen travelling the ocean steadily. That is 24 per cent. in numbers, but in tonnage the loss is considerably less, as the number includes many trawlers and very small ships.

TOWN AND COUNTRY NOTES

Mrs. Wm. Ludlow went up to Vernon Monday for a short visit with her sister, Mrs. Major Clarke.

Mrs. H. Blair left on Monday morning to spend a couple months visit in the east.

Mr. and Mrs. John Croskell left on Monday for Vernon where Mr. Croskell has obtained employment.

Mr. L. V. Rogers went down to New Westminster Tuesday to attend a session of the Oddfellows' Grand Lodge, of which Mr. Rogers is District Deputy Grand Master.

The government remount purchaser is to pay another visit to Kelowna July 1st, and expects to pick up a further bunch of riding and artillery horses.

Mrs. Foraman left for the east on Monday.

Mrs. T. Marven Syer, of Penticton is visiting Mrs. J. D. Williams.

Mrs. Tilbrook went down to the coast on Monday for a visit with relatives and friends there.

Mr. Jerman Hunt was a passenger on Monday morning's boat up the lake returning Tuesday.

Mr. Lysons has kindly undertaken to repeat his generous gift of last year of plants and flowers for the beds in front of the new school.

Rev. W. T. Beattie will take as his subject in Bethel church, Benvoulin on Sunday evening "The Parable of the Empty House" all are cordially welcome to attend.

Two Pretty Local Weddings

BERRYMAN-TODD

A very pretty wedding took place on Tuesday last at Benvoulin Presbyterian church between Jenny Sanderson, only daughter of James Aikman and Mrs. Todd of Crestown, Kirkcubrightshire, Scotland, and Greville Fielding, only son of Lieut. Col. R.A. M.C., and Mrs. Berryman of Woking, Surrey, England (formerly of Muttra, India).

The bride, who was given away by her brother, Mr. Aikman Todd, wore a smart sage blue costume with black hat and was attended by Miss Violet Tutt of Kelowna. Mr. F. A. Martin acted as best man. The guests included Mr. and Mrs. William Todd; Mr. and Mrs. Aikman Todd and children, Miss Brown, Mrs. Galbraith, Mr. E. W. Wilkinson and Rev. W. T. Beattie, who performed the ceremony.

Both the bride and groom are old residents of Kelowna and were the recipients of many useful and pretty presents.

After the reception at the home of Mr. and Mrs. William Todd, Mr. and Mrs. Berryman left by car for Vernon accompanied by the bridesmaid and best man, where a farewell supper was partaken of, the newly married couple travelling on to the coast where the honeymoon will be spent.

LEMON-WATSON

June weddings are proverbially pretty, and one which took place in Summerland on Thursday, June 3rd, upheld well all the happy matrimonial traditions of the month. On the morning of that day, Miss Myrtle Watson, eldest daughter of Mr. and Mrs. Courtland Watson, became the bride of Mr. Verna Lemon of Kelowna. The ceremony took place at 11 o'clock at the home of the bride, "Watson Heights", Jones Flat, the officiating minister being Rev. C. H. Daly of the Presbyterian church.

Relatives and guests were present to the number of about thirty-five, and these included Mrs. Lemon, mother of the groom, two of his brothers, and Miss Ethel Thompson, who acted as bridesmaid, all from Kelowna.

In the room where the wedding was held an extremely pretty decorative effect had been achieved by the use of Oregon grape and cut roses. The bride entered the room on the arm of her father as the "Wedding March" was being played by her cousin, Miss Olga M. Watson. In a dress of white organdie, trimmed with hand made lace, and with the conventional veil caught with orange blossoms, looked very charming. The bridesmaid, Miss Ethel Thompson, was also dressed in white. Supporting the groom as best man was his brother, Mr. Arthur Lemon.

At the conclusion of the ceremony, after the happy couple had received the congratulations of the guests, the company sat down to a wedding luncheon, served at tables decorated with yellow roses. During the course of the luncheon the customary toasts were honored, and the bride cut the three-tier wedding cake.

In the early afternoon Mr. and Mrs. Lemon left by auto for Kelowna amidst showers of rice. They will make their home on Mr. Lemon's ranch some miles back from the city. The bride's travelling dress was a very becoming suit of alic blue. The best wishes of all their friends both here and in Kelowna follow the young couple to their new home.

Mrs. Lemon sr., Miss Thompson and the Messrs. Lemon accompanied the bride and groom on their journey as far as the Orchard City.—Summerland Review.

The Kelowna Poultry Association has just distributed a car of mixed feed amongst the members. They expect to be able to get in a car every month for some time from now on.

Bugler Pavle, of the R.M.R., who is stationed at Beaver Creek bridge, a car Field spent a three-day leave of absence in the city, arriving by Saturday afternoon's boat.

Bishop Doull will come to Kelowna Saturday next from Vernon. In the afternoon a reception and garden party will be held at the home of Dr. and Mrs. Boyce to which all parishoners are invited. Confirmation service will be held Sunday evening.

The Philharmonic Society are going to Vernon on the 24th of this month by automobile, some nine or ten cars being needed. They will give a concert in the Empress Theatre, selecting certs in addition to patriotic songs. Special arrangements are being made to accommodate the soldiers quartered at Vernon, to whom reduced rates will be given.

The Ladies' Aid in connection with Bethel church, Benvoulin will hold a strawberry and ice-cream social at the home of Mr. and Mrs. F. Mawhinney on Wednesday evening, June 16th. Admission, adults 25 cents, children 10 cents. Tea and cake provided free. Berries and ice-cream extra. A good musical program will be rendered. Everybody welcome. Come and bring your friends.

I.O.G.T. Entertain Friends

Last Tuesday night was open night at the Good Templars, when the members entertained a considerable number of friends and visitors.

Mr. W. B. Pearson occupied the chair.

Following is the program which was greatly enjoyed by those present:

Solo "Yeoman's Wedding" Bro. Weloc.

Recitation Sister Varney.

Solo "Duck the Cannon Ball." Bro. Wilkie.

Recitation "Rubenstein's Piano" Bro. Snashall.

Dialogue "An Awful Mistake." Sister Varney and Bro. Pearson.

Recitation "The Little Hero." Bro. Ellis.

Duet "Sweet and Low." Sisters Sverdtager Pearson.

Reading "Royal Bumper Degree." Sister Varney.

Solo "Fisherman and His Child." Sister Ellis.

Recitation "The Pied Piper of Hamelin" Bro. Snashall.

Solo. "Annie Laurie" (Irish version) Bro. Wilkie.

Dialogue. "Mrs. Gadabout's Day Out." Sisters Varney and Ellis and Bro. Pitt.

Recitation "Bravo." Bro. Pearson.

Solo "Deathless Army." Bro. Welsh.

Male Quartette. "Good Night Ladies"

It is hard to say which item on the program was most enjoyed, but the songs by Bro. Wilkie and recitations by Bro. Snashall are deserving of special mention and were vigorously enjoyed.

After the program refreshments were handed around and the singing of the National Anthem brought a most enjoyable evening to a close.

Schools Baseball League

With only Saturday's games to be played to complete the schedule in the Schools league much speculation as to the winners is being indulged in. At present the two country teams are holding the first position between them with seven victories and three defeats each to their credit. The High school have won an equal number of games, but have lost one more, placing them second. The Public school team are at the bottom, but are still putting up a good fight for each contest, although sorely outclassed.

On Saturday last the High school team defeated Rutland by a score of 24 to 9, thus pulling themselves up pretty close in the race, while Ellison won from the Public school by 13 to 4, bringing them up into a tie with Rutland at the head of the standing.

The games were both of the loose variety and only in spots showed the brand of which the teams are capable. Especially is this true with regard to the three stronger teams.

The Public school team, in the hope of strengthening their line up drafted "Billy" Fuller into the fold and placed him on the mound, but alas "poor Billy" suffered the same fate as his predecessors and was given a "warm" reception by the Ellison players, who opened the first inning with a joyous swatfest, fattening their batting averages and scoring no less than nine runs. After this the game was very even as both sides secured four runs during the balance of the game.

Who will win the championship it is hard to say but it will lay between the two country teams. The game on Saturday will break the tie at present existing, but there is still a tie game to be played off and one of the teams must win both of these games before they can claim the leadership of the league.

Below is given the standing of the teams:

TEAM	P	W	L	Per.
Rutland	10	7	3	700
Ellison	10	7	3	700
High school	11	7	4	640
Public school	11	0	11	000

The games this week are:
High school at Public school.
Rutland at Ellison.

Botanical Notes

Following is a further continuation of the list of wild flowers:

39. Canada Violet (*Viola canadensis*). Upright, to over a foot in height often. Flowers nearly white, the upper petals tinged with purple beneath, lateral petals bearded, the lowest veined with purple. Spur very short.

40. Western Sweet Cicely, (*Osmorhiza hiza*), has the much divided leaf characterizing the parsley family (umbelliferae). The small flowers, and the later elongated fruit, are in few rayed umbels, slender-stemmed.

41. Purple Plantain (*Plantago Purshii*). Silver-green, narrow leaves, and a dense white woolly spike.

42. Columbine (*Aquilegia formosa*). Height about two feet. Showy red and yellow flowers. The five sepals and prominent spurs are red. In formosa the spurs are not so long as the elongated sepals.

43. Goat Chicosy, (*Troximon heterophyllum*), has a yellow rayed flower which is soon replaced by its white silky pappus. Leaves narrow, simple.

44. Lacinate Goat Chicosy, (*Troximon laciniatum*), much taller than the above. The leaves are much incised and thread-like.

45. Field Horsetail, (*Equisetum arvense*), has jointed stems of two kinds. The tall fertile stems are not branched, but have numerous pointed sheaths and a yellowish or brownish green head. The sterile stems are much branched.

46. Common Scouring Rush (*Equisetum hyemale*), very tall, ever green, stiff, usually not branched.

47. Scarlet Gilia, (*Gilia aggregata*). A graceful plant, 2 or 3 feet high, with 5-lobed tubed flowers of the rare scarlet color. Silver leaves, divided in narrow segments.

48. Poisonous Zigadenes, (*Zygadenus venenosus*). A blubous plant, lily family; flowers cream colored in a simple raceme, about a foot in height.

49. Tallima parviflora has smaller flowers and appears rather later. Saxifrage.

50. Rayless chamomile, (*Matricaria discoidea*).

Note.—The Water Spoutwell of this district is American. The flower stalks are more slender than in the British kind. Both are found on this continent. The suggestion as to the local variety of *Dodecatheon Meadia* (Shooting Star), which is reported to be obtained from an Ottawa list of identifications was not so obtained, and "frigidum" has not been reported in B. C. The variety of the specimen of D.M., sent from here was "pauciflorum."

Vancouver to Furnish a Hospital

Some little time ago the directors of the Vancouver General Hospital offered to the British War Office, through Major General Sam Hughes, Minister of Militia at Ottawa, the personnel and equipment of a base hospital during the period of the war, to the capacity of 1,000 beds. At first the offer was refused, with an expression of appreciation of the spirit of patriotism which had promoted it, but later negotiations were resumed, and the Hon. W. J. Bowser cabled Sir Richard McBride in London asking him to interest himself in the matter. Mr. Bowser has now received a cable from Sir Richard stating that the war office accepts the offer, Vancouver furnishing staff and entire equipment. The authorities are anxious that due recognition be given British Columbia medical men already at the front in any appointments to the proposed hospital.

Enderby Seeks Government Financial Aid

The City of Enderby has been obliged to appeal to the government for aid in meeting its financial obligations. In order to cover the repayment of a loan of \$9000 outstanding from last year the Bank of Montreal has demanded that all taxes, both current and arrears be paid into the bank direct, thus leaving the city practically without revenue to meet other obligations. The bank has also refused to grant any loan for the present year. Debenture interest is considerably in arrears and the city is having difficulty in dissuading the bond holders from taking action. Only one month's salary has been paid to the school staff this year, and the schools will be closed up after the summer holidays. Notices to this effect have been served upon the teachers.

The city is asking the government either to loan money direct or to guarantee its indebtedness to the bank.

PREPARING FOR TOURISTS AT BANFF

The celebrated Rocky Mountain resort, Banff, Alberta, will this summer have an added attraction in the shape of a "Stampede" or frontier-day celebration. It will be arranged by H. C. McMullen, who managed the Calgary stampede, one of the very biggest events of its kind, three years ago. A big arena has been built, and a grand stand capable of accommodating one thousand people is almost completed. The best riders and ropers on the continent will be secured, as well as a large number of Indians. Two performances a day will be given throughout the tourist season.

HOSPITAL DONATIONS

The following donations in kind were received by the hospital board during last month for which they wish to express their thanks:

Mrs. Cameron, one pint cream; Mrs. Hayes, two dozen eggs; Mrs. Harker, eight dozen eggs, two chickens; Mrs. Wilcock, one quart cream; W. A. Scott asparagus; Mrs. Willis, milk, rhubarb and lettuce; Watson Bros, four sacks potatoes; Mr. Peterman, rhubarb; Mr. Knippel, lettuce and cucumbers; Dr. DePlyffer, one dozen eggs; Mr. H. D. Riggs, milk, \$5.00; A friend, lettuce.

CREAMERIES PROGRESSING IN SASKATCHEWAN

The number of farmers sending to government operated creameries during the summer season in Saskatchewan has grown from 213 in 1907 to 3,925 in 1914, while the make of butter has increased from 86,246 pounds to 1,161,290 pounds. The number of farmers sending cream during the winter months has grown in the same period from 118 to 1,677 and the make of butter in the winter from 21,589 to 237,500 pounds. The creameries in Saskatchewan are not owned by the government, they are built and owned by the farmers, assisted by the local townspeople.

The Ford Motor Company has purchased a site in Winnipeg, at a cost of \$100,000, and will proceed at once with the erection of a \$350,000 plant. It is understood that the company also has in consideration the establishment of other plants in Western Canada.

Suitor (waiting for the lady)—Is your daughter coming out next winter?
Father.—She'll come out when she's good and ready and if you get tresh I'll knock your block off.

Small Percentage of Wounded in War Die

The available French statistics from official reports gathered early in the war, that is, for the first four months seemed to indicate that up to December 1st, a little less than 3 1/2 per cent. of the wounded went on to fatal termination. This figure seemed so low in comparison with the death rate of other wars as to be almost incredible until it was realized what magnificent strides conservative surgery and the antiseptic treatment of wounds have made during the last generation.

In the Crimean war 15.31 per cent. of the French wounded died from their injuries. In the French-Austrian war of 1859-1860, the percentage of death among the French wounded was nearly 17.5 per cent. The conditions as regards nationality, high development of surgical practice and army medical organization so far as that was in being were the same in both cases and were the best in the world at the time although the losses, can well be understood, were appalling.

An Aviator's Adventure

A plausible explanation of the aeroplane lights which were reported to have been seen from lake points about three months ago has lately appeared in the daily press. A man who gave himself out to be a British military aviator has given out an interview in Buffalo, N.Y., in which he states that the British authorities, having cognizance of an aerial attack which was to be made upon the Pacific Coast towns by a German aeroplane, despatched him to combat the assaulting aircraft. The German aeroplane was to have had its headquarters on the decks of a German cruiser at sea, and the British aviator asserts he was hurried across the Atlantic also on a cruiser, and started off on his long flight when a few miles off the east coast. The flight across Canada was made without incident, and in a spectacular battle in the air it is alleged that the German aeroplane was destroyed and the British hero so badly wounded that he is only now recovering to make his way back to England.

Of the 670 members of the British parliament no less than 139 are serving their country in the army and navy.

Anonymous letters are again in circulation at Penticton, and as usual prominent local citizens are singled out as the recipients of the missives.

The Bishop of London, at an ordination council to pass upon the application of men for the ministry, caused to be passed a resolution that no such application can be considered unless the applicant proves his inability to serve in the war.

The Dominion government has arranged to appoint a commission to investigate the iron ore resources of Canada, and the best means of their development, as well as the establishment of iron and steel works to handle the manufacturing end of the business in the Dominion.

Three German submarines recently were trapped and captured in the Firth of Clyde, near Glasgow, according to persons arriving on the steamer Cameronian. It was asserted that the undersea boats had penetrated far into the Firth of Clyde not far from the city, had been detected there and trapped by nets dropped in the narrow fairway, through which they would have to leave. They remained submerged for six hours, it was said, then came to the surface and surrendered.

According to the Daily Express, the coalition cabinet have agreed to arrange their salaries on a coalition basis—that is, all the salaries will be pooled and then equally divided, the only exception being Premier Asquith, who will receive his full salary as before, and Sir Edward Carson, attorney general, whose fees will not be included in the pool. Under this novel scheme, each member of the cabinet, roughly speaking, will receive £42,000, instead of some receiving £30,000 and others £2,000 and lesser sums.

Three boys were called before the school master for coming late, and the following ensued:
Master.—Excuse, Sandy?
"I had to mind the baby."
"Yours, Henry?"
"Had a cold sir."
"Now, Pat, yours?"
"Sure, yer honor, someone took the doortstep away and we couldn't get out."

Considerations for the Business Men

WE have devoted a considerable amount of both time and space in trying to convince the general public of the unprofitable plan of buying their supplies from mail order houses, and thus sending money OUT of their own town and receiving no more than they could get for it at home. The same principle applies to the business man in the matter of Printing. There are some who have not considered this. They get their Printing orders executed by outside offices, and yet expect the people of their home town to quit the mail order houses and deal with them.

We have every facility for doing all kinds of Commercial and High-Class Printing, and by giving us your orders you will not only boost your own town but directly help your own business by keeping money circulating at home.

The Children's Fete

The children's fete in the park last Saturday proved a great success although the high wind was a little trying to stall holders who found some difficulty in anchoring their tempting refreshments, displayed on the counters. Fortunately this was not necessary for long, as they proved very popular and disappeared rapidly. The lake trip on the scow was abandoned owing to the rough weather and the committee were very sorry to have to disappoint the children.

The church wardens desire to thank all those who assisted in organizing the fete and those who contributed to the stalls and to congratulate them on the entire success of their efforts which resulted in a happy afternoon for the children and substantial assistance to the church. The ladies committee wish to thank Mr. Thomas, of the creamery, for the excellent ice-cream, made by him free of charge.

Miss Wells and Mrs. D. C. Foster left yesterday morning for the coast.

The Country Girls' Hospital Aid will hold their monthly meeting at the home of Mrs. Ferrier on Saturday next, June 12th at 3 o'clock. It is hoped all members will be present as there are several letters to be read and important matters to discuss and arrange at this last meeting before the holidays. The treasurer (Miss Hewetson, Glenwood Ave.) asks for all unpaid subscriptions to be paid on or before that date.

Kelowna Fall Fair Will Be Held as Usual

The directors of the Agricultural Association met last Saturday afternoon and it was decided to proceed at once with arrangements for the fall fair, which will be held on September 21st to 23rd, inclusive. Committees for various branches of the work were appointed, and an earnest determination was expressed to carry the fair through to a successful issue. Mr. P. B. Snashall has undertaken the duties of secretary for the year.

BAPTIST, YOUNG PEOPLE'S SOCIETY

The Young People's Society of the Baptist church closed its 1914-1915 season with a social last Monday evening. A good number of members and friends were present and a very enjoyable time was spent. Contests and games of various kinds formed the program, after which ice-cream and cake was served by the ladies. The singing of Auld Lang Syne brought a pleasant social evening to a close.

It is expected that the Society will resume its regular weekly meetings some time in the fall.

United States Secretary of State, William Jennings Bryan Tuesday, following the determination of the cabinet to forward a vigorous note to Germany as outlined in recent news despatches, resigned his office.

School Reports for May

KELOWNA PUBLIC SCHOOL
Owing to the fact that divisions 1, 2 and 3 are now doing review work exclusively, and that the final written tests are near there will be no reports furnished for these classes this month. Following are the other classes:
Division IV.—Bessie Haug, Edna Wynn, George Ryder and Winnie Longley, equal.
Division V. Terry North and Jack Parkinson equal; Frank Wynn, Ethel Hilliard.
Division VI. Ralph Ball, Hugh McKenzie, Rosalie Wilson.
Division VII. Hector Duggan, Andrew Knox, Denis Gore.
Division VIII. Percy Andrews, Willie Akeroyd, Maude Kincaid and Mabel Graham equal.
Division XI. Jack McKenzie and Harry Gorman, equal; Frances Treadgold, Frances Bayliss.
Division X. Lillian Webster, Helen Campbell, Dorothy Cox.

BLACK MOUNTAIN SCHOOL

First Division
Senior IV.—Lillian Sproule, Beth Dalgleish, Millie Ford.
Class IV.—Earl Hardie, Billy Plowman, Amy Fleming.

Class III.—Mary Woolsey, Evelyn Sproule, Jeanie Warden.
Division II.
Second Reader.—Martha Woolsey, Olive White, Elva Fleming.
Second Reader, junior.—Verna Ford, Minnie Monford, Nora White.
First Reader.—David Warden, Ian McMillan, Everett Wilson.
Second Primer.—George Elder, Dudley Fitzpatrick, John Harrison.
First Primer.—Doras White, Edith Wilson, Jessie Plowman.

Lieut. Lauder, son of Harry Lauder, the Scotch comedian, has been wounded in the fighting in France.

Sir Cecil Spring-Rice, the British Ambassador has transmitted a note from the British government solemnly assuring the United States that the Lusitania was not armed. This assurance conforms with the investigation conducted by American officials before the ship was given clearance from the port of New York by Collector Dudley Field Malone. Affidavits claiming that Gustave Stahle saw guns mounted on the Lusitania are still under investigation by the Department of Justice, but officials declared no evidence had been adduced to prove the statements made in the affidavits.

NOTICE

Notice is hereby given, that at the next statutory meeting of the Board of Licensing Commissioners for the City of Kelowna, B. C., I, Arthur Peabody, intend to apply for a renewal of my licence to sell liquor by retail in the premises known as the Palace Hotel, situated on the north side of Bernard avenue, between Water street and Pendozi street, in the City of Kelowna, B. C. 25-29

SPIRELLA CORSETS

Mrs. J. H. Davies will be at Mr. Mathie's (over tailor shop, Pendozi street between the hours of 2:30 and 5:30 p.m. Saturday of each week to meet ladies wishing to order corsets. P. O. Box 626, Kelowna. 204f.

Box 663, Kelowna

The British government is considering initiating a national insurance scheme to cover the losses inflicted by German aircraft.

The Biscuit Business

It is getting increasingly hard to obtain the English Biscuits that the people want. With the increased demand in Europe, the increased cost of production, and the increased insurance caused by the present conditions, the matter of getting a complete stock is practically an impossibility. However, we have lately received a small shipment of the well-known Huntley & Palmer lines, a few of which we mention:

Coronation, Folkestone, Kindergarten, Alexander, Alphabet, Osborne, Arrowroot, Abernethy and Wheatmeal, at 40c per pound, and Popular Mixed and Golden Snaps, at 25c per pound.

The Canadian manufacturers have quickly appreciated the condition of affairs and have come forward with several lines to meet the scarcity of English Biscuits. The leaders of the Biscuit business in Canada who are Christie, Brown & Co., have made four new lines which are particularly acceptable. They are Polo, Sugar Shortbread, Nice, and Sovereign Fruit, all of which sell at 50c per pound. We also have ten or a dozen of the regular lines at 25c per pound, and every biscuit that Christie makes is good.
