Further Increases in Civic Salary List

Attention Drawn to Fire Danger in Packing District

Some further increases in the civic salary list formed the chief topic of discussion at Monday evening's council meeting, several applications being up for consideration. Though in the present instances some action was deemed desirable, it was unanimously agreed that in future no applications for increase of salary would be considered except those received in January or June—this in order to prevent unexpected additions to current expenditure from upsetting the calculations of the various committees.

A resolution was passed giving an increase to Chief Thomas of $15 per month, W. Sabine, of $10 and F. Swainson, of $10

J. Duncan was appointed fireman at the power house at a salary of $90 per month in place of F. Varney who had resigned.

Several applications it was stated had been received for the position of stenographer, but the appointment was not completed.

A letter from the Kelowna Board of Trade drew attention to the danger of fire caused by the burning of rubbish in the vicinity of the packing houses.

Ald. Meikle as chairman of the Fire committee took charge of the letter, promising to go into the matter with Fire Chief Alsgard and have the condition improved.

As a result of the refreshment booth conducted during the Fall Fair by the ladies of the Hospital Aid and the Red Cross the sum of $74.77 was cleared over expenses and has been equally divided between the two committees.

The price of paper has increased sixty per cent. since the beginning of the war.

Revision of the Book of Common Prayer, affer seven years' work by the committee appointed for that purpose by the Anglican Church in Canada, was completed on Friday, when the General Synod adopted the report of the committee, with the amendments made during the past week. Acceptance of the revised book by the provincial Synods of the Dominion is now awaited, but in the meantime one edition will be printed as expediously as possible for use by the Church.

Old country people will be interested to know that remarkable preparations are being made on the Duke of Devonshire's Derbyshire properties for operations of Canadian lumbermen. Lydop Wood will be the first to be felled by a Canadian forestry company who for nearly a year have been engaged in similar work in the Mansfield district, in Nottinghamshire. The company is being reinforced by another batch of the Forestry Corps. Extensive hutments are being erected for the men, for the work will extend over 18 months or two years. A special light railway line will be built from the woods to Rowsley station. A new wooden bridge is being erected across Derwent stream. Sawmills will also be constructed near the station. The little colony will be self contained in every respect.

Help Fight Your Country's Battles

Are you saving any money for Victory? That's the question that has to be answered one way or the other now. Are you doing anything at all to help fight your country's battles?

Surely it is time to wake up. What counts is the decision to do things. If you start a saving fund of your own, that settles it, you are on the patriotic side. Your efforts count. If not, you might as well be a spendthrift enemy!

Now is the time to act. Either you are a patriot doing your bit by saving your funds, or you are an enemy, disregarding the call of your country and your boys, whose lives are going out at a tremendous rate in Flanders just now.

It is not too late to begin. Save for Victory!

Public School Notes

Edited by Principal Gordon

Formerly we have been in the habit of issuing the monthly reports to parents on the first of each month; but owing to the pressure of other reports I have asked the teachers to issue their report on the pupils' attendance, conduct and work on the fourth school-day after the end of the month. By this plan parents will receive much more thorough reports. The results of tests and examinations must be added and averaged. This requires time and care. Often tests are given at the end of each month and the possibility of error in adding and averaging on short notice is too great.

Owing to the change of teacher in Div. V, it has been deemed advisable not to issue full reports for that class for September.

Miss Wood does not issue reports on the pupils of the Receiving class, for it has been found impossible to report adequately on children whose work cannot be formally tested.

Teachers as a rule try to give as thorough a report on each pupil as the forms will allow, and I sincerely hope that parents will respond to their effort by taking an interest in their children's work. In order to help parents to understand the reports in detail I am offering the following table of values with a few notes:

Ax	Excellent	100
A	"	95 to 99 incl.
A-	"	90 to 94 incl.
Bx	Good	89
B	"	80 to 88 incl.
B-	"	70 to 79 incl.
Cx	Fair	69
C	"	60 to 68 incl.
C-	"	50 to 59 incl.
D	Failure	Below 50

The average marks in this classification are: A, 95; B, 80; C, 60. The plus and minus signs will be used to indicate variations from these. An average of 50 per cent. in each subject is required. It is not possible to give an exact percentage in every subject; e.g., in oral history. Arithmetic and spelling are the only two subjects that can be valued in exact percentages.

I should like to protest against the false reports that appeared in our local papers on the incidents of damaging the drum belonging to the band and of the theft of field glasses. As a matter of fact the drum is very little damaged, and what is done might have happened accidentally; and the field glasses were taken by a little boy of five years without any very criminal intent. And in this matter indirectly affecting the school I should like to protest against condemning the boys of Kelowna without inquiry and certainly without proof.

Let me take this opportunity of saying that you will go into a good many towns in B.C. before you will find better behaved boys and girls than in Kelowna. I say this without reserve, for they were well behaved when I came to the town and long before, and I do not think they have deteriorated. Juvenile delinquency is at a minimum in Kelowna. And in a town like Kelowna with only one constable and endless opportunities for wrong-doing it is a wonder there is so little, considering that so many fathers and brothers are away it says a great deal for the boys that they are as well-behaved as they are. They certainly do not merit special acts of parliament to keep them in order.

C.P.R. Plans Extensive Changes at Depot

Mr. W. Miller, district superintendent of bridges and buildings for the C.P.R., was in town Tuesday in connection with the proposed rebuilding of the wharf and depot. The plans provide for some radical changes in the appearance of the wharf which will be greatly enlarged. A new landing pier is to extend out into the lake at right angles to the present wharf in order to provide a better approach for the boat in rough weather. New freight sheds will be built, including a slatted warehouse for the storage of fruit awaiting shipment. The station buildings and offices will occupy the position to the east of the entrance at present given up to the old freight sheds. A new driveway will also be provided in order that teams can make the circuit of the wharf without turning. It is possible that the work will be started in the spring.

Bulgaria is the First of Germany's Allies to Surrender

Faced With Defeat Accept the Allies' Terms Unconditionally

Things have been moving fast in war matters during the past week, and not since the great struggle began over four years ago, has such a wave of confidence and optimism passed over the entire Empire. Bulgaria's surrender, "the beginning of the end," as no one has any doubt it is, is hailed as significant of the fact that Germany's power, mighty as it was, is on the wane, and the triumph of the Allied cause is looming into view. Bulgaria took up arms in the belief that Germany was invincible, and that she would be the top dog when the fight was over. Bulgaria has experienced a change of mind, and when her front was broken through last week, she deemed it policy to throw up the sponge.

It is learned authoritatively that at Saloniki, Bulgarian and Allied representatives discussed only the conditions of Bulgaria's disarmament and not political questions. All conditions laid down by the Allies are unconditionally accepted

The terms laid down by the Allies are unofficially reported to be as follows: Surrender of all Bulgarian forces outside Bulgarian territory and demobilization of the army within; complete breaking of relations with Germany, Austria and Turkey, and free access of Allied forces to Bulgarian territory.

Following this, the first real final and decisive achievement of the war, events are likely to move in quick succession. Turkey isolated from German help and beaten and crushed in Palestine, can not avoid a similar surrender, and Austria is already striving with all her power to get into a position where she can withdraw. Bereft thus of her friends, and with continually weakening powers, Germany now faces inevitable disaster.

Almost the whole western front is ablaze with fighting—one vast battle in which Foch, with stupendous and everwhelming resources at his disposal, is taking one important centre after another, and smashing to fragments the vaunted Hindenburg line. Cambrai and St. Quentin are now practically in the Allies' hands, and thousands of prisoners are daily being gathered in. No wonder the opinion prevails that the end is not far distant.

Government Taking Output of Creameries

The somewhat startling report that owing to the shortage of butter in England, the Dominion government had taken over all creameries from the first of the month has caused a good deal of puzzled inquiry from patrons of the local creamery. Though the report, which emanates from Ottawa, was very definite in its statement that *all* the creameries of Canada were included, the management of the Kelowna Creamery so far has not received any notification. The assumption is, therefore, that the scheme is not so comprehensive as the report would lead one to believe, but is confined possibly to the government creameries of Saskatchewan and Alberta.

The price, says the report, has been fixed at 46½c per lb. for grade No. 1; 46c for grade No. 2, and 45c for grade No. 3. The stocks on hand, which amount to 18,000,000 pounds, and dairy butter, will be left untouched and will be available for home supply. It is estimated that this will be sufficient to meet home consumption.

The U.S., on August 31, commandeered six per cent. of all the butter stocks on hand at that time, which amounted to some 800 tons. The immediate result was that the price for home consumption greatly increased.

The Canada Food Board, after an investigation on the subject, decided that there would be less likelihood of interference with the domestic supply and increased prices if the creamery supply was purchased and stocks on hand were not commandeered, and dairy butter left for home use.

The creamery butter is being taken, and it is easier for the government to deal with the creameries of the country than with the thousands of individual farmers.

All of the salmon pack of British Columbia of grades one and two is being purchased for the British government. Negotiations to this end have been in progress for some time.

The marriage took place on Monday Sept. 30th, of Clarence Favell to Miss Edna Tolkofink, both of Kelowna. The ceremony which was performed by the Rev. E. D. Braden, took place at the home of Mrs. Mortimer, Ellis street. The bride was attended by Miss Adeline Favell, while Mr. Nelson Haynes acted as best man. Mr. and Mrs. Favell will reside in Kelowna.

A million dollars has been voted at Washington to fight the Spanish influenza epidemic. Two hundred physicians are to meet in Chicago to formulate plans for combatting the disease in Illinois.

Women's Institute Conference Next Week

Delegates from sixteen different Institutes will be present next Tuesday and Wednesday at the District Conference of Women's Institutes which is to be held in the Prisoners of War room. The Hon. E. D. Barrow, minister of agriculture, and Dr. Young will be amongst the speakers.

Mr. J. W. Gibson, director of elementary agricultural education, is to address a meeting Tuesday evening on the subject of "The Place of Agriculture in the Public and High Schools." The meeting is to be held under the joint auspices of the Board of Trade, the School Board and the Women's Institute. On Wednesday Mr. Gibson will speak to the conference on "Food Conservation," of which movement he is the provincial chairman.

All the meetings are open to the public, and a general invitation is given, especially to the evening sessions.

Great Britain has already gone back to the old time, clocks having been set back Monday morning.

That Turkey has demanded money from Germany, threatening to break relations if it is not forthcoming, has been reported. It was said that at a recent diplomatic conference in Berlin, a Turkish Grand Vizier requested a loan and demanded cancellation of all previous Turkish debts to Germany.

The provincial gaol at Kamloops closed this week. Prisoners now serving short sentences will be employed on the prison farm, which will be transferred to the Provincial Home, the government's institution next to the prison at Kamloops. In future prisoners sent up for trial will be taken to Okalla.

Prof. Clements of the University of B.C. is authority for the statement that there are 18,000 farmers in British Columbia, 15,800 of whom own their own farms. This is 90 per cent, and is a larger average than in any other province in Canada.

Britain's army numbers 8,500,000 men, while her navy has in excess of 8,000,000 tons and nearly 500,000 men. From a standing army of 300,000, the land forces jumped to 5,000,000 through the volunteer system while the balance was secured through conscription. The islands supplied 6,250,000 men, the Overseas Dominions 1,000,000 and India and dependencies supplied 1,500,000. In 1914 England had 2,000,000 tons of fighting ships and a personnel of 145,000 men and officers.

Hon. Martin Burrell Visiting Here To-Day

Distinguished Statesman is on Vacation Trip to B.C.

The Hon. Martin Burrell, the distinguished representative of the district, and member of the federal union cabinet, where he is minister of mines and secretary of state, arrived in Kelowna this morning for a brief visit. Mr. Burrell, along with other ministers, is at present on a visit to the Pacific coast, partly on holiday and partly to consult on several important matters of state, and took the opportunity to call at his home at Grand Forks and to renew acquaintances in different parts of his constituency.

The hon. gentleman came up by boat from Penticton and was met by Mr. J. W. Jones, Mr. W. J. Mantle, representing the Board of Trade and a party of citizens. On the boat also were Mrs. Burrell and her sister from Naramata, but they went on to Vernon.

Mr. Burrell has not enjoyed the best of health for some time past, and it was apparent even to the casual observer, that he was badly in need of the holiday and rest. A slight stoop could be noticed in place of the upright and sprightly manner which was with him on past visits. These are hard days for cabinet ministers and possibly we do not sufficiently appreciate the worries and cares and heavy responsibilities which attach to such offices at a time like this.

After a short stay in town and a look over the industries and the country generally, Mr. Burrell will proceed to Kamloops and the coast.

Rutland News

(From our own correspondent).

The Rutland United Farmers are holding a meeting in the schoolhouse Monday Oct. 12 at 8 p.m.

Miss Annie Phillips and Miss Pullen returned to Vancouver on Friday.

Miss Consuelo Woolsey and Mrs. McLellan arrived from Calgary last week.

The monthly meeting of the Rutland Women's Institute will be postponed to October 17, as the Okanagan conference of Women's Institutes is to be held in Kelowna on the regular date for our meeting. The directors hope that the members will try to attend as many sessions as possible.

The name of J. M. McCarthy of Kelowna, appears this week amongst the list of casualties, as "killed in action."

TO every home there comes a time when every thought, every hope, every prayer for the future centres on the recovery of one loved one. In that hour of anguish, every means to recovery is sought—the highest medical skill, trained nurses, costly treatment. Does the price matter?

* * * *

It may be so great as to stagger the imagination—a sum beyond the possible.

But does anyone ask, "Can we do it?"

Money or no money, they do it. And somehow they pay.

It may mean doing without things they think they need. It may mean privations, sacrifices, hardships. They make unbelievable savings, they achieve the impossible, but they get the money to pay.

* * * *

To-day in this critical period of our nationhood, there is imperative need for MONEY—vast sums of money.

Only one way now remains to obtain it.

The nation must save, every community, every family, every individual Canadian must save.

If anyone says "I cannot save" let him consider to what extent he would pinch himself to relieve the sufferings of a loved one at home; and surely he would not pinch less for our fighting brothers in France.

Without suffering actual privations, nearly every family in Canada can reduce its standard of living, can practice reasonable thrift, can make cheerful sacrifice to enrich the life-blood of the nation.

You who read this, get out pencil and paper NOW. Set down the items of your living expense. Surely you will find some items there you can do without.

Determine to do without them.

Start TO-DAY. Save your money so that you may be in a position to lend it to your country in its time of need.

Notes from the Prairie Fruit Markets Bulletin

By Commissioner J. A. Grant, Calgary.

We meet a decidedly strong opinion amongst prairie jobbers that apple prices are likely to slip from present quotations. There is nothing in the outlook so far as we can see to support them in holding this opinion. They contend that the high prices will limit consumption. This argument cannot hold good with the No. 1 grade as the bulk of the crop in this class is already sold. These are used mostly by the fancy trade and by those who can afford to pay. It becomes a matter of price then for the second and third grade apples. Last year there were 25 per cent. more apples produced in the Northwestern States, where our competition comes from, and B. C. reports ten per cent. less crop than last year. If the consumption is somewhat less, so is the available supply. The shortage of small fruit has been general on both sides of the line. Sugar shortage has limited home canning considerably and the apple is the fruit more than any other that does not depend on sugar supply for its sale.

Car shortage was largely responsible for the slip in prices last November. This year there is no car shortage reported. Eastern buyers are more active than formerly in Washington and last week a block of 150 cars of apples was purchased in Spokane by them. C grade or No. 3 apples are quoted today at $1.40 f.o.b. Yakima and at this price there is little chance of any coming to Canada until the B.C. supply has been exhausted. Industrial activity together with the improved business outlook at the Pacific Coast will increase the demand for apples on the home market. Ontario has bought, or will buy, about 100 cars more of our apples than they did last year. Apples, like everything else, are a little higher than last year, but where can be found a cheaper substitute for them in the food list that is half as popular and healthgiving.

There is only one factor that can seriously interfere with the apple consumption on the prairies and that is delay in buying and shipping to small points until severe frost prevents it.

Calgary wholesale prices are as follows:—

Wealthy, Jeffriee and Gravenstein, $2.50 to $2.65.

No. 2 apples. from $2.25 to $2.40

No. 3 apples, from $1.50 to $2.

Prices vary in accordance with size of order and in No. 3 with quality and variety.

Mackintosh Red, No. 1, $2.90 to $3.

Pears, Flemish Beauty, Howell and Bussock (strong), $3 to $3.25

Hyslop crabs, $2.35 to $2.50.

Plums and prunes (slow sale at varying prices), $1.75 to $1.85.

Peaches, about over.

Strawberries, $6 crate.

Blackberries, demand slow, $2.50 to $3.00.

Tomatoes, good stock, 75c peach box.

Very little movement in vegetables.

Cabbage, no demand.

B.C. celery 8c lb ; local 6c lb.

Squash 3c lb.

Citron, 3½c lb.

Onions, 3c lb.

B.C. potatoes, slow, at $40 ton.

Green peppers, in demand.

Mr. and Mrs. J. W. Jackson, of Kamloops, were amongst Monday's arrivals.

Mr. and Mrs. Chas. Marsh, of Kamloops, were visitors Friday.

The first car of Okanagan Jonathans reached Vancouver last weekend. They are selling around $3.00 per box.

A party consisting of Mr. and Mrs. J. B. Markell, W. F. Armstrong and Miss Kate Lawrence, passed through Sunday from Grand Forks on a trip through the valley, returning south Monday.

The Kelowna Aquatic Association are arranging for a dance on Wednesday next.

The Kelowna Wolf Cubs will hold their first parade for the season at their headquarters in the old school on Wednesday the 9th inst., at 7.15 p.m. All intending recruits for the cubs will hand in their nan es to the Cubmaster, Mr. Gordon, principal of the public school, before the above date.

The Rev. W. Arnold Bennett will preach in the Baptist church next Sunday morning on "The Harvesting of Souls." In the evening his topic will be "Spent and Mis-spent: What will the Harvest be?" At the morning service the ordinance of believers' baptism will be administered. After the evening service the sacrament of the Lord's Supper will be administered.

The Harvest Thanksgiving services at the Anglican Church last Sunday were notable for their hearty character, for the dedication of the new oaken choir and clergy stalls and, lastly, because for the first time, the choir occupied its proper place in the chancel. The building was tastefully decorated and no more suitable occasion could have been chosen for the dedication of the handsome memorial to the late Captain Anthony Temple. The inscription on the Archdeacon's Prie Dieu reads as follows :—

In memory of
Captain Anthony Temple
2nd C.M.R.
Killed in Action at Ypres,
April 5th, 1916.
R.I.P.

Mr. W. B. Pearson, of Vernon, was a visitor over Sunday.

Miss Hunter was a passenger to Victoria Friday morning.

Mr. and Mrs. A. J. Smith left for Vancouver Saturday.

Mr. Hughes, jr., was a passenger to Olds, Alta., Saturday.

Mr. J. W. Jones was a visitor to Vancouver and Victoria last weekend.

Lieut. Clarence Jones and his friend Lieut. Nodwell, left Thursday last for Toronto.

Mr. and Mrs. W. G. McMynn, of Victoria, were in Thursday last on a short visit.

The Graham Co.'s evaporator at Vernon has recommenced operation and is working on potatoes.

Mrs. Geo. McKenzie and Nurse Porte were passengers Tuesday morning for Rochester, Minn., where they are to undergo treatment in the famous hospital.

The regular monthly meeting of the Kelowna Women's Institute will be held on Monday, October 7th, at 3 p.m., in the Prisoners of War room. A full attendance is requested.

The Rev. W. Arnold Bennett was a visitor to Vernon this week where he interviewed Rev. J. B. Rowell, pastor of the Baptist church there.

After an interval of some weeks to tide over the hot weather, the Prisoners of War committee have arranged to resume the bi-weekly teas in the tea room on Pendozi street on Saturday next, the 5th.

Harvest Thanksgiving will be observed at the Baptist church on Sunday, when the church will be decorated in the customary manner. Music suitable for the occasion will be rendered and in the evening Mrs. Hammersley, who is staying in Kelowna will sing. Mrs. Hammersley, is a contralto singer from one of Vancouver's leading choirs, who was engaged until recently to sing in the hospitals and convalescent homes for soldiers in England.

The Junior Red Cross Society and the Amateur Athletic Club are arranging for a big dance in the Morrison Hall on Thanksgiving night, Monday 14th. This is to be the big opening dance of the season and everybody should keep this date open. There will be an orchestra in attendance and wartime refreshments will be served. The Athletic Club is arranging for games in the park in the afternoon of the same day.

Orders for Local Scouts

Kelowna Troop
Troop First; Self Last

Edited by Pioneer. Oct. 1, 1918

ORDERS by command for week ending Oct. 12, 1918.

DUTIES: Orderly patrol for week, Beavers; next for duty, the Wolves.

PARADES: The combined troop will parade at the clubroom on Wed., Oct. 9th, at 7.15 p.m. Patrol Leaders must be prepared to take charge of their patrols for separate patrol work for at least half an hour and if they cannot be present at any parade they must notify the scoutmaster and their respective seconds as long before the parade as possible. The idea is that leaders and seconds will attend a parade prepared with their programme beforehand. For the first few parades the tenderfoot and second class work will have to be reviewed and after that we shall tackle the first class and separate badge work.

Last week in the published roll of the troop we inadvertently left out the name of Scout S. Whitehead. He remains attached to the Wolves as before.

* * *

Cub Bartlett McCarthy is transferred into the troop as a recruit. All recruits from the Cubs are required to pass their tenderfoot tests before the end of October, otherwise they will revert back to the Cubs.

* * *

Scout E. Groves of the Eagles passed the ambulance and points of the compass tests for his second class badge on Saturday, Sept. 28 Patrol Leaders Calder, Parkinson and Taylor are the only ones who obtained the necessary 85 per cent. to repass the tenderfoot tests in a written examination given to the leaders and seconds a short time ago. The remaining leaders and seconds are required to re-pass these tests immediately and also the second class tests.

* * *

The Otter Patrol is the winner of the Aquatic Shield for the year 1917-18, and we heartily congratulate P.L. Parkinson and his scouts for their good work in obtaining this honour. They are privileged to carry the colours at all parades held up to the end of September next year. At all Parades each scout in a patrol is given 3 marks each for attendance, neatness and conduct, that is a total of 9 marks. If he is late one or two marks are taken off his attendance and he is not considered to be neat unless wearing his uniform. If he is in mufti he obtains no marks under this head, and if parts of his uniform are missing he only gets one or two marke as the case may be. Since the end of September last year, not including camp, there have been 57 parades, at which it was possible for the Otters to obtain a total of 3375 points. They actually obtained 1976 points or 58 per cent. Their attendance and conduct alone would have placed them in the 80 or 90 per cent. column but they lost on neatness, as also did the other patrols. The Wolves, Eagles and Beavers followed with 44, 43 and 42 per cent. respectivelv. The Otters in addition held the most separate patrol meetings.

On the badges won during the year the Otters also won by a good margin having obtained 1,420 points under this head, for 15 badges including their Leaders, 84 hours War Service, and were followed by the Beavers, Wolves and Eagles with 1,045, 936, and 490 points respectively. For attendance at camp the Otters fell down and only obtained 42 per cent. for 71, 64 and 20 per cent. obtained by the Eagles, Wolves and Beavers respectively, but they won four out of the seven competitions held there; namely, first and foremost tent inspection and also the Tenderfoot, mile at scouts' pace and second-class ambulance. The Eagles won the sports and the Kim's game competition and the Wolves the semaphore signalling.

Which patrol is going to win this honour for the present year?

Conservation Column

The attention of the Canada Food Board has been called to the practice frequently adopted by licensed dealers in apples, turnips, potatoes and other fruits and vegetables, of having men living in different parts of the country acting as their agents, buying or contracting such produce, superintending the loading of same on cars ready for shipment, and receiving a commission from said dealers for such work.

All such agents operating in the manner mentioned without first having secured a license from the Board, are doing so contrary to the Order dated 13th day of December, 1917, wherein it states: "That on and after the 1st day of February, 1918, no person shall deal wholesale in fresh fruits or fresh vegetables, without first having obtained a license from the Food Controller," and in violating such order are guilty of an offence and subject to a penalty not to exceed $1,000, and not less than $100.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for the lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

In surveyed territory the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion lands.

W. W. CORY,
Deputy Minister of the Interior.

Men Exempted As Farmers

Having in view the importance of leaving a sufficient number of men on those farms which are actually contributing to the national food supply, notice is hereby given as follows:

1. ALL MEMBERS OF CLASS 1 POSSESSING EXEMPTION AS FARMERS, which is expiring, and WHO WISH TO REMAIN EXEMPT, SHOULD communicate with the registrars under the Military Service Act OF THEIR RESPECTIVE DISTRICTS, REQUESTING AN EXTENSION IN TIME OF SUCH EXEMPTION. Questionaires will thereupon be issued to these men by the registrar and they will receive further exemption upon furnishing satisfactory proof that they are contributing sufficiently to the national food supply.

2. In order to facilitate productive employment during the winter months ,MEN EXEMPTED AS FARMERS SHOULD APPLY TO THE REGISTRARS FOR PERMITS TO ENGAGE FOR THE WINTER IN SOME OCCUPATION OF NATIONAL INTEREST, SUCH AS LUMBERING, MUNITION WORK, ETC. Such permits will serve to enable exempted farmers to pursue other useful occupations for the months during which farming operations cannot be carried on.
