CITY COUNCIL HOLD REGULAR MEETING

Armoury May be Built Next Year---Motorists and the Speed Limit

There was a full attendance at last Friday's meeting of the city council, meeting, which however, was only a short one.

The first item of business was a letter from the Minister of Militia, the Hon. Sam Hughes, in reply to a communication from the council offering a free site in the park for an armory for the local contingent of the B. C. Horse.

City Clerk,
Kelowna, B. C.

Dear Sir,—I am in receipt of your letter of the 8th instant relative to the establishment of an armory for your squadron of the B.C. Horse.

I am erecting two or three drill halls in the vicinity of Kelowna this year, and I am afraid it will be impossible to give you one this year. I shall be pleased, however to consider the claims of Kelowna at the very earliest possible moment.

I thank the city very much for their kind offer of a free site in your public park and shall hope to avail myself of the same within a very short time.

Again thanking you.

Faithfully,
SAM HUGHES.

Commenting upon the letter, the mayor said they had hardly expected to have the armory built this year, as no definite site had been fixed upon, and it would be necessary also to take a vote of the ratepayers before any site in the park could be given. All this would take considerable time. He thought it was very probable that the armory would be built here however.

The Finance committee recommended payment of the following accounts:

J. A. Morrison & Co.	11.42
Max Jenkins & Co. Teaming	15.25
H. G. Blair.	
D. Leckie.	69.10
A. Forsyth, sewer work	10.50
J. Conlon, sewer work	10.50
F. Bruno, sewer work	9.00
T. Ferre, sewer work	9.00
J. Cutts, sewer work	6.00
F. Pattessi, sewer work	9.00
H. Herbert, sewer work	9.00
J. Borsi, sewer work	9.00
L. Anich, sewer work.	9.00
W. Tindley. sewer work	9.00
A. Tiberi, sewer work	9.00
E. Taylor, sewer work	9.00
P. Candle, sewer work.	9.00
C. Petria, sewer work	9.00
D. H. Rattenbury, W 10 feet of lot 1, map 710	79.00
E. E. Erskine, W. 10 feet of lot 2, block 21, map 830	106.00
C.P.R. Co., freight	1.98
C. P. R. Co., freight	21.40
E. C. Weddell, fees for attending police court.	12.00
Sewer pay roll for 1 days ending June, 30, 1913.	765.00
Sewer pay roll for 15 days ending July 15, 1913	1717.95

Respecting the payments included in the accounts for land taken in widening Pendozi street, the mayor asked if all the payments had now been made.

The city clerk replied in the negative. The money was available, and all had been notified, but delay had been caused in many cases by the parties failing to have the necessary certificates of title, etc., ready.

Alderman Sutherland reported that the Finance committee had not considered it advisable to do the filling work asked for by the school trustees, and the board had been notified to that effect.

Alderman Thompson said there had been talk last year of having a wire guard stretched under the water at the edge of the bathing beach where it dropped off into deep water, so as to prevent a recurrence of last year's accident. The Park committee had consulted the bathing instructor, Mr. Foote, and he had not been very favorable to such a plan. He said that if the wire netting was put below the surface of the water it would be a very dangerous thing, and if left sticking out of the water it would be an obstacle to boats going in and out. The suggestion had been made that a space be enclosed where boats would not need to pass.

It was the opinion of other members of the council that whether a guard of any kind was placed there or not, notices should be posted conspicuously informing the public of the danger due to the beach ending a short distance from the shore in a sudden drop into deep water.

Alderman Cosens said he would like to see notices posted in the streets cautioning motorists against exceeding the speed limit. The way in which some drivers were racing along the streets was a danger to the public. Such notices might serve to remind them that they were breaking the law.

Alderman Calder said he had noticed that after matches at the exhibition grounds motors were raced down Ellis street in a most disgraceful manner. Last Thursday, for instance, he was sure some of them must have been going at 50 miles an hour.

This brought a remonstrance from Alderman Taylor, whose sense of accuracy prompted him to maintain that there were no cars in the district which could travel at 50 miles per hour on these roads.

Alderman Calder, however, while not insisting upon the 50 miles an hour, said that drivers of cars certainly "let them out" in a very dangerous way on the return trip to town.

The council had actually adjourned its session when a belated deputation, consisting of Messrs. F. M. Buckland, D. W. Crowley, W. Crawford and A. L. Meugens, appeared on behalf of the Aquatic Association to ask for a grant from the council towards the expense of the forthcoming regatta.

Visions of financial stringency and empty public coffers, caused a broad smile to overspread the features of the worthy aldermen, as the word "grant" was mentioned, but they listened patiently to the persuasive eloquence of the deputation, as they explained that the regatta this year was to be a bigger event than ever before, and that they would consequently like a larger sum than last year.

The mayor said the Finance committee had been preparing the estimates of money to be appropriated for the various committees, and they had come to the conclusion that it was impossible to make any increase of grants this year. They would try, however, to give the same as last year, namely, $150.

The deputation admitted the difficulty of the situation, and had perforce to retire with this assurance.

Motor Cycle Club Formed

The Okanagan Motor Cycle Club was inaugurated at a meeting last Thursday in the Kelowna Garage Co.'s office, and already considerable interest is being shown in it. It was proposed to hold a number of tours during the present summer and fall, and arrangements were discussed for the holding of track races and contests locally.

The following officers were elected: Hon. President, Mr. Pearce; President H. A. Burbank; Sec.-Treas. H. Lequesne; Chairman of competition committee, R. Sutherland; Chairman of membership committee, W. S. Petrie; Chairman of social committee, Fred Muller. The annual membership fee was fixed at $1.00 with an initiation fee of $1.00. All interested are invited to become members whether owners of machines or not.

A further meeting is to be held tonight at the garage, where a clubroom is being fitted up.

THE BAND CONCERT

Following is the program for the weekly band concert at the park tomorrow night:

March, "Greeting to Bangor."	Hall
Overture "Eldorado."	Bowman
Tranmerei	Schumann
Golden Rod Mazurka	Hermann
Spanish Waltz "Ynita"	Brown
Dixie Land Cakewalk	Beyer
Selection "Mascot"	Andrau
March "Kelowna"	Bornholdt

O Canada.

N. BORNHOLDT, Conductor

A meeting of the Kelowna Poultry Association will be held on Thursday August 7th at 8 p.m. In the Sons of England room, Keller block. All members are requested to make a special effort to attend. Also any poultry fanciers who wish to join the association. The Winter Show date has been fixed for Dec. 2, 3, and 4 and there is a lot of business to arrange. Members are invited to bring some young cockerells on which a discussion will be held on utility and show points.

IMPORTANT IMPROVEMENTS IN FREIGHT AND PASSENGER SERVICE

Special Scow Will Clear Up Fruit Shipments During the Night Sunday Boat Service will be Resumed This Week

Recently the C.P.R. have been paying special attention to the expeditious handling of the fruit and produce of the Okanagan valley which is increasing in volume year by year. The matter has been seriously considered by the company's chief officials and it is gratifying to hear that no stone will be left unturned to bring about a satisfactory condition of things.

"We intend to clear up every ounce of freight each evening," was the statement of Superintendent J. M. McKay in the course of an interview yesterday morning with Mayor Jones and Mr. S. T. Elliott, Vice-president of the Board of Trade, "and in order to give effect to this we will put on an additional evening scow to clear up all the fruit and produce remaining over each day at Kelowna and the other points along the lake. To carry this into effect we must ask your co-operation in placing lights on the Kelowna wharf while the freight is being handled."

His worship at once intimated that this would be done, and Mr. McKay said that steps would be taken to commence the new service without delay.

Mr. Robertson, the manager of the Central Selling Agency, who was also in Kelowna yesterday morning, expressed extreme satisfaction with the prospect of the service. Mr. McKay was accompanied by Capt. J. C. Gore, superintendent of the company's lake and river service.

Another interesting point on which a pronouncement was made yesterday morning was the question of the resumption of the eastbound Sunday passenger service to Okanagan Landing The Board of Trade have had this matter up with the C.P.R., and had pointed out to the company the great inconvenience caused through there being no northbound steamer from the Saturday to Monday morning to enable the public to join the main line at Sicamous. The announcement is now made that the Okanagan will resume this service on Sunday morning next.

Remains of Serg.-Major Pettman Interred With Military Honours

One of the saddest events in the history of this community was enacted on Tuesday last when the remains of Arthur Coles Pettman were interred in the cemetery with military honors. About six weeks ago an accident occurred, near the Presbyterian church in which a vehicle was overturned and its three occupants were thrown out, two of them sustaining bruises, while the deceased received a blaw entailing concussion of the brain, complications following from which he died on Sunday last.

Deceased was well known in the city having been associated with most every form of sport, especially football, lacrosse, the war canoe, and the gymnasium. He was a member of the fire brigade and a Sergeant-Major in the local squadron of the B. C. Horse. It was on this latter account that the funeral which took place Tuesday afternoon was of a military character, being attended by the city band and a detachment of the B. C. Horse. members of the fire brigade were also present and the Sons of England lodge, of which deceased was president. Possibly the most pathetic sight in the procession was the deceased man's horse which was led immediately behind his late master, with saddle and bridle draped with black and the boots reversed in the stirrups. The pomp and ceremony of a military funeral were enhanced by the slow strains of the band which the whole procession kept step. The pall bearers consisted of six members of the Sons of England. The coffin which was covered with a Union Jack bore a wreath and the deceased's military cap and tunic.

The procession started from the residence at 2 o'clock and proceeded along Richter street to the new English church, where a most impressive service commenced with the well known hymn, "Days and Moments Quickly Flying." This was followed in the usual way by a psalm and the inspiring passage from the Epistle to the Corinthians, after which a short address was delivered by Rev. C. H. Meyrick, in which he drew the large congregation's attention to the appropriateness of his text. "In the midst of life we are in death."

The service concluded with a hymn, "Rock of Ages", after which the sad procession wended its way to the cemetery, headed as before by the band.

On arrival the firing party lined up at the side of the grave into which the coffin was lowered, and prayers were read as the body was committed to the ground.

The firing party then gave a salute of three rounds in slow succession, the echoes reverberating through the hills. The solemn notes of the "Last Post" concluded the ceremony.

Floral tributes were sent from the officers of the B. C. Horse, the non-commissioned officers and the rank and file, and representatives from the Vernon squadron also brought a wreath. The Sons of England provided a beautiful wreath of red and white roses, typifying the two degrees of their brotherhood. Messrs Edwards and Finch, business partners of the deceased, and more fortunate sharers in the accident, sent flowers, also Mr. J. L. Macready. The wreaths were furnished by Messrs Palmer and Rogerson, and the funeral arrangements were in the hands of R. Mimns & Co.

Deceased, who was only 31 years of age, leaves a wife and two small children to mourn him.

He was born at Margate in England and enlisted in the 16th Lancers serving with them for eight years including the time of the South African war; after the proclamation of peace he joined the Cape Mounted Police.

He came to Canada in 1907, spending a few months in the east and Vernon before settling in Kelowna in November of 1908 when he took his position with the Bank of Montreal. This position he retained until March of this year when he entered into partnership with Messrs. Finch and Edwards, painters and decorators. As an evidence of the esteem in which Pettman was held is seen in the fact that the Sons of England members made a collection in town last week to provide for what was feared might prove a very protracted illness, and in a comparatively short space of time the sum of over three hundred and eighty dollars was given or promised, and it is hoped that this will be raised to at least five hundred shortly.

S.S. "Aberdeen" Will Run for Regatta Excursion

Boards of Trade are frequently called upon by a variety of organizations associations, and individuals, to endeavor to right a wrong or to give their support to some worthy cause or object. This week the local Regatta and Carnival committee approached the Kelowna Board of Trade and stated that the C.P.R., had refused to allow them the steamer Aberdeen for the usual carnival excursion on August 14th. They pointed out that this would cause great disappointment throughout the valley and the carnival would practically be a failure as a number of the competitors came from the towns down the lake.

The board immediately took the matter up with the C.P.R., headquarters at Vancouver, and also the Vice-President of the company, and after the exchange of several telegrams and letters the Publicity Commissioner received the following satisfactory wire last evening: "Will arrange to furnish steamer for your celebration as requested."

RESULTS OF HIGH SCHOOL EXAMINATIONS

High Percentage of Successes Amongst Kelowna Candidates

The results of the July examinations held in the high schools of the province are announced by the department of education.

The Victoria high school belongs the honor of having the individual pupil who ranked highest in each of the first two grades Miss Hazel McConnell in heading the preliminary course, junior grade, with a total of 842 out of 1000 marks, and A. Lincoln Marshall, heading the advanced course, junior grade with 857 out of 1000 maximum.

Of the 1729 candidates who presented themselves, 1218 passed, the number at the several centres being as follows:

	Candidates	Passed
Armstrong	33	14
Bridgeport	32	27
Chilliwack	42	35
Cranbrook	11	6
Creston	12	7
Cumberland	10	10
Duncan	12	8
Enderby	6	6
Fernie	13	7
Grand Forks	13	9
Kamloops	36	23
Kaslo	18	16
Kelowna	26	22
Ladner	11	8
Ladysmith	12	8
Mission	27	16
Nanaimo	51	32
Nelson	38	24
New Westminster	153	83
Peachland	7	5
Penticton	22	15
Prince Rupert	15	10
Revelstoke	21	14
Rossland	17	11
Salmon Arm	13	11
Summerland	16	7
Trail	7	6
Vancouver	711	511
Vancouver, North	31	30
Vancouver. South	35	35
Vernon	16	11
Victoria	262	191
Total	1729	1218

Kelowna Results.

In this examination too Kelowna has made an exceptionally good showing, thanks to the careful tuition of Principal Rogers and his staff. Out of the total of 26 who were examined 22 passed, a percentage of 84.61 as follows:

Preliminary course, junior grade; maximum marks 1000. Number of candidates 14; passed 13.

Mary E. Day	737
Annie M. McLennan	693
Everitt W. Faulkner	664
Jean C. Kincaid.	659
Hazel M. Ritchie	643
Mildred I. Renwick.	618
Beatrice M. Campbell	614
Mildred Wilson	591
Jessie C. McMillan	565
Dorothy G. Leckie.	563
William S. McKeown	561
Everitt Fleming	512
Alice J. Perry.	511

Advanced course, junior grade, maximum marks, 1000. Number of candidates, 10; passed 8.

Nellie Heveron	706
Bessie Thompson	633
S. Alma Magee	631
Jeanetta Reekie	628
D. Herschell McLean	616
J. James Carney	614
Gladys B. Clower.	599
J. Gordon Whitehead	544

Full course, junior grade, maximum marks, 1200. Number of candidates 2; passed 1.

Phoebe W. Brown.	749

Matriculation Exams.

Of the five pupils of the Kelowna high school who wrote for the McGill matriculation examination two were successful in passing; Jas. Carney and Margaret A. Reid. The other three, Bruce Fletcher, Clarence Jones, and Ian Cameron, failed in one subject each, which they will write at the September examination.

Miss Evelyn Sykes Story, a pupil of the King Edward high school, Vancouver, made the highest total of all the candidates in Canada. This year, in this examination 910 candidates presented themselves in the Dominion and fully half of these were prepared in British Columbia high schools where the examination serves as a leaving examination recognized by the department of education. This examination is also considered as a leaving examinations in the province of Quebec; in this way it might be said that McGill University conducts the high school leaving examination in two provinces, British Columbia and Quebec. Out of 910 Canadian candidates who wrote the examination 303 were successful.

BASEBALL TEAM LOSES TO KAMLOOPS

The Kelowna baseball team met defeat yesterday afternoon at Kamloops by a score of 8 to 6, while the Vernon team were outclassed again at Revelstoke by 8 to 3.

The local team started on their long journey shortly after noon on Tuesday and arrived at Kamloops about 9 o'clock the same evening, after spending some little time at Vernon.

The trip was one of which the local automobilists may well feel proud. The entire trip was made by the three cars, driven by F. R. E. DeHart, Geo. Bowser and Alec McQuarrie without any troubles of any sort. However an incident occurred which luckily did no damage to the car or its occupants further than a severe shaking up. Near Barnes' flats, about 25 miles from Kamloops, a government road gang are at work constructing a new road and on entering the new road from this end the road was very good but after going about a mile to where the gang were at work the cars encountered a wide culvert being built directly across the new workings on a curve so that the drivers could not see it until within some 40 or 50 feet of it. The culvert was covered with plank laying loose and when the car driven by DeHart hit this it skidded slightly and fell over the opposite sihe into a deep hole where a huge stump had just been dynamited out. The accident however, caused the delay of only a few minutes to gather up Lesley and Lisle Coates, who were thrown out on one side and D. W. Sutherland who found his way out of the other. The car was unhurt and after a short delay proceeded on the way.

The road gang were severely censured for allowing such a dangerous spot to remain unguarded after they had finished the day's work, as there was no notice or even a post to warn the speeding cars.

After a good night's rest all those who went along felt quite refreshed, and the baseball boys got out for a short practice at 10 o'clock.

The game was called promptly at 3 o'clock with Buck of Kamloops and Webb of Kelowna handling the game.

In the opening innings Davis failed to get his usual good control and kept Syers busy handling wide and low shoots, many of which went as passed balls on which Kamloops scored their first four runs, and this before they had secured a safe hit off Davis' delivery. After this the local twirler settled down and the remainder of the game was baseball of the brand seldom seen in this part of the country. However we may say that as far as baseball is concerned the local team played a far superior class of ball to the home club, but the runs gained in the early innings on errors proved too great to overcome. Kamloops secured only six hits off Davis while Kelowna secured fourteen off Cosgriffe, who worked for the home team.

Following is the score by innings:

Kelowna	0	0	1	1	3	0	0	1	0	—6
Kamloops	1	2	0	1	2	0	0	2	0	—8

The return trip was made last evening, the cars arriving home about 2 o'clock this morning.

The Dominion botanist, Mr. H. T. Gussow, has intimated his intention to visit Kelowna some time during August, and will address a meeting of fruit growers and others. The exact date of the visit is not yet known but will be announced later.

The Rev. J. C. Switzer, was at Naramata last Sunday conducting anniversary services both morning and evening His place here was filled by Mr. Bunt, from Naramata.

Mrs. John McCannell and daughter who have been spending a few days in the city left for home on Tuesday morning.

Mrs. Pettman desires to thank the many kind friends who have extended help and sympathy to her so readily in her sad bereavement.

In a late exchange we note the report of the proceedings o the recently formed B.C. Manufacturers Association. At that meeting one of the members brought up a question of some interest to our city at the present moment. He complains that manufacturers in Vancouver are obliged to pay taxes like ordinary individuals, and that they are not given free sites as in the case of many western cities.

The question of free sites and freedom from taxes for manufacturing establishments has always been a source of trouble and dispute in western towns. Many cities offer both these inducements. Others give free sites, and retain the power of taxation, or give freedom from taxation or nominal taxation, but not free sites.

In every case the matter resolves itself into the question whether a city shall or shall not pay a manufacturer to establish his factory in one place in preference to another. Those in favor of the system argue that if the city pays for a site a certain number of men will be employed who will require homes, who will also need food and clothing; consequently taxable property will increase and general business will be stimulated. They claim therefrom that it is good policy to tax all the people to purchase sites for manufacturers, as the city will be more than recompensed eventually in the increased taxation.

Other things being equal, about four considerations govern a manufacturer in his choice of a location for his factory. These are, first, his raw material, its quality, quantity, and proximity; second, cost of manufacturing, including labor; third, his market, local and foreign; and fourth, transportation. Having carefully estimated every item, he knows, or ought to know, beforehand the cost to him of the finished product when placed upon the market.

It is scarcely reasonable to suppose then, that any manufacturer, having calculated the advantages of different locations on these bases, is likely to be influenced by paltry considerations such as the payment of a few dollars more or less in taxes. Any manufacturer proposing to locate at any particular point on the condition of receivingfavors of this kind lays himself open to the charge on the one hand of lack of proper investigation into the conditions that lead to success in his enterprise, or on the other hand, of the questionable endeavor to make the city pay for the fact already ascertained by him, that it is the best place to establish his particular industry.

If a certain place contains more of the conditions necessary to success in any class of manufacture than another that place will be chosen by the prudent manufacturer without ulterior inducement. And if it does not contain these conditions, no amount of bonus will ensure the ultimate success of the industry in that locality.

Applying these postulates to the case of this city, we should deem it an unwise procedure to adopt the bonus principle by promising a monetary consideration to any industry proposed to be established here. Not only is it bad from an economic standpoint, but it is unjust to already established industries, and it institutes a precedent which is open to abuse in the future.

Of course we do not mean to infer from the above remarks that no effort should be made to secure industries for the town, but that these efforts should be along the perfectly legitimate lines of bringing before interested persons the undoubted advantages which Kelowna offers for certain kinds of manufactury and commercial enterprise.

In the current issue of the British Columbia Magazine appears an interesting article on Kelowna and its surroundings from the pen of Mr. W. Beaver Jones, secretary to the Board of Trade. Mr. Jones has managed to compress into some three or four pages a comprehensive survey of the attractions which the city and district offers to the farmer and fruitgrower, the tourist and holiday maker, and to the seeker after a healthy and congenial place to live. The story is well written, and while doing full justice to the many inducements which the city possesses, is shorn of exaggerations, and conveys withal just the kind of information a prospective settler or visitor would desire to have. His facts and figures are marshalled in a most convincing way, and there is no doubt that the article will do much to deepen the already favorable impression which the world at large has conceived of Kelowna. The article is illustrated by several well-chosen photographs.

Mr. Jones is working hard to make Kelowna widely known, and is engaged at present on several such articles, which are appearing from time to time in the best known publications both in Canada and the old country.

The big freight and passenger revenue that Kelowna is giving the C.P.R. is deserving of something more than mere passing reference. The figures were given in our last issue but perhaps it was not made sufficiently clear that they referred to the revenue derived by the C.P.R., from handling the freight and not to the value of the freight itself. The outward freight revenue paid to the company last year amounted to $92,182,56 as compared with $49,481.77 the previous year, showing an increase of $42,700.00 of 86 percent. The inward freight revenue in 1911 was $132,732.28 compared with $191,740.28 last year, an increase of $59,008, or 44 percent., while the revenue from the passenger traffic amounted in 1911 to $58,974.20 as against $64,535,01 last year. This year the increase will be still greater.

Canada's Telephones

Canada is becoming an inveterate user of the telephone. She has now in use 400,000 phones, an increase in twelve months of 201.843.

Statistics just issued by the telephone and telegraph branch of the department of railways and canals for the last fiscal year, of which there is a record shows an increase in the telephone interests of the Dominion that is truly remarkable. The number of companies to make a return of statistical data for the year was 638, an increase over the preceding year of 146 companies.

Capital liability aggregates 946,-276,851. an increase of more than 6,-000,000. There are now almost 1,000,-000 miles of wire in use for telephone purposes throughout the Dominion. Over a mile of telephone wire is in use for every eight persons and one telephone for every nineteen persons.

Jockey Trust and English Racing

The fair name of the English turf received a blow in the decision rendered last week in a libel action brought by R. Wootton, a trainer, against R. S. Sievier, editor of the sporting paper, "The Winning Post." Wootton who is an Australian, is one of the most prominent trainers in England. His two sons are jockeys and in the constant employ of the best stables there. Dievier is a well known racing man.

The Winning Post charged that Wootton and other trainers and jockeys belonged to a ring which made enormous sums by betting, first entering into an agreement as to which horses should win or lose, and by other methods.

The trial occupied eight days and several men conspicuous on the turf, jockeys and stable boys, testified for either side. The jury gave Wootton one farthing damages.

On the witness stand Wootton admitted that he had made a fortune by betting and he had often won $25,-000 on a race. His son, Frank, amassed more than $150,000 in a few years of riding in England.

Provincial Premiers to Meet

It has been definitely determined that a conference of the premiers of the difference provinces will be held at Ottawa in October.

The question to be discussed will be that of representation and an increase of the federal subsidies to the different provinces. Another question is that of the incorporation of inter-provincial companies.

Publicity Items Attract Attention

Evidences are continually cropping up, and from unexpected places sometimes of the widespread publicity which is being given to Kelowna by the news items which are being furnished to newspapers all over the world through the activities of the publicity commissioner, Mr. W. Beaver Jones.

An item which appeared some time ago in a Scotch newspaper induced Mrs. Ford, with her son and daughter, of Barvis, Scotland, who are making a most interesting tour of the world to include Kelowna amongst their travels. The tour is the result of a promise made by Mrs. Ford to her son, to make an old-fashioned world tour (though by newer methods of transportation) on his passing the preliminary examination for Cambridge.

The party have visited most of the principal centres in Canada and the United States and had got as far north as Skagway, Alaska, when they were reminded that they had not been to Kelowna, an account of which had interested them before they started on their journey. They accordingly returned all the way from the Pacific coast, and arrived here last week, leaving again Friday after a most enjoyable stay. They were much interested in the fruit growing industry and thoroughly appreciated a motor tour of the district made under the guidance of Mr. Beaver Jones, as the following letter will show:—

Mr. W. Beaver Jones,
Publicity Commissioner,
Kelowna, B. C.

Dear Sir,—Before leaving Kelowna I would like to thank you for all your little attentions in making my brief stay in your city a most enjoyable one. In company with my son and daughter I am making a round-the-world tour and having read some of your descriptions of your country in Scotland I determined to include Kelowna in the itinerary.

All I can say is that you have not over-rated the magnificent country you have here and I shall not fail when I get back home to speak of its splendour.

From Kelowna we are going to Vancouver and on to New Zealand and Australia and will afterwards visit Korea, China and Japan, returning home to Scotland via Siberia.

Again thanking you for your courtesy while here, Yours very truly,
Marjory Ford.

WINNERS

of the Free Gift Draw last week were:

1st, C. Conrad - $5
2nd, G. Allogia - $3
3rd, W. Evans - $2

Planting Season, 1913-14

"RELIABLE" NURSERY STOCK

I am offering a limited number of trees in standard varieties, all grown in my own Nurseries, and guaranteed true to name and free from disease or frost injury. ¶ My trees are all "Budded Stock on 3-Year Old Roots," which require 2 years to produce from the time the imported French Seedling is planted out, and should not be confounded with piece root grafts made in a cellar during winter and sold the following season.

I most cordially invite all intending purchasers and others to inspect my stock and winter storage system at "CLOVERDALE" (located on the road to Vernon opposite 25 mile post). My experience in growing orchards is that budded trees are unquestionably superior to those root grafted.

Four Years of Victory

For the Fourth Successive Year the annual endurance run of the New Jersey Motor-Cycle Club, May 30-31, was a sweeping YALE victory. Four YALES started and all four finished in good shape, the only machine that had all starters to finish.

The big team trophy was won by the Yale team, George Riechey, P. W. Stevens and O. W. Stevens. It was a clean-cut victory with no other machine able even to give close competition, for no other team had all three riders to finish the gruelling two-day, 450-mile grind over towering hills and primitive roads. The test was so severe that it brought YALE superiority out prominently.

One winning might be called luck or accident, but when the same machine wins decisively year after year, as the YALE has in this annual New Jersey content, it is convincing proof of its superior road ability. The "Big Y" is the kind of machine YOU want. Stop at this store and have us show you.

BASEBALL

KELOWNA vs. VERNON

With Big Jesse Davis on the firing line the Vernon "Wings" never had a look-in on victory in the game with the Kelowna "Apples" kast Thursday afternoon. Davis did not have to extend himself, but showed real class by holding the Vernonites to four hits and being entirely safe when he found things breaking away against him.

The "Apples" fairly won their victory by superior fielding gnd batting, and all round team work. While the 11 hits that gathered in off Williams were scattered over the entire eight innings in which they appeared at bat their hits were hard and timely in nearly every instance.

Four of the eleven runs secured by the locals were6 shoved across on errors by the Vernon infield, but they never looked like anything but winners from the sound of the gong when the umpire called "play ball."

Jack Kincaid was out of the game with an injury to his eye, sustained in a practice game last week, and his place in the batting order was filled by A. Henning, who performed in the right field. He played a steady game in the field and secured two nice bingles in five trips to the plate. Tom Syers came up from Penticton to fill in behind the bat and surely brought his batting eye with him for he secured four hits out of five times up, three pretty singles and a triple to deep centre. The Kelowna infield was a tower of strength and worked together, killing off base hits in true class "A" style, while the outfield performed in the same manner. Holgerson played a nice game in left and got two hits, being robbed of another in the eighth inning by a fine running, one-hand catch by Atkins.

Williams, on the slab for Vernon, pitched a good game, striking out 14 men. He also got two of the five runs secured by his team. Connors and Moir fielded in fine style and had Capt. Eastman played up to his usual form there might have been a slight change in the story. Eastman was sure on the blink. "Hard luck Easty, better luck next time."

By winning Thursday's contest the Kelowna boys put themselves in second place. Kamloops, Revelstoke and Kelowna now being tied for that honor. Kelowna fans are happy, they believe the "Jinks" is dead for this year and Kelowna is going to play out the remainder of the season in their true form. Some 400 people witnessed the contest.

Following are the details of play by innings.

First inning.—Vernon.—Fossas struck out, Moir out Henning to Casad, Conners was hit by pitched ball, went to second on passed ball, Dale struck out. No hits, no runs.

Kelowna .—Henning flew out to Stokes, Purdy struck out, Alberts walked and went to second when Eastman missed the throw to catch him at first and scored on Casads double to left, Casad going to third on the throw home, Henning fanned. One hit, one run.

Second inning,—Vernon.— Eastman got a life on F. Henning's error and went to second on passed ball, Atkins struck out, Stokes struck out, Eastman out trying to steal third. No hits no runs.

Kelowna.—Syers singled, Holgerson scratched an infield hit, on Patten's infield hit Holgerson was out at second, Connors to Moir,, Davis fanned, Henning fanned, One hit, no runs.

Third inning, Vernon.—Fulmer struck out, Williams out Purdy to Casad, Fossas flied to Holgerson. No hits no runs.

Kelowna.—Purdy walked, Alberts fanned, Purdy went to third on Casad's out Moir to Eastman, Henning Henning singled, scoring Purdy, Henning out stealing second. One hit, one run..

Fourth, Vernon.— Moir fanned, Conners out Purdy to Casad, Dale fanned. No hits no runs.

Kelowna.—Tyers trippled and scored on passed ball. Holgerson doubled, stole third and, scored on passed ball. Patten fanned, Davis walked, Henning fanned, Purdy walked, Alberts struck out. Two hits two runs.

Fifth, Vernon.— Eastman hit by pitched ball, stole second and scored on over throw when he attempted to steal, Atkins fanned, Stokes fanned, Fulmer walked but was out stealing. No hits no runs.

Kelowna.—Casad safe on Eastman's error, Henning singled, Syres triples, scoring Casad and Henning, Holgerson out Moir to Eastman, Patton walked and went to second as Davis fanned, Henning singled, scoring Syers and Patten, Henning out stealing. Three hits, four runs.

Sixth, Vernon.— Williams walked, Fossas scratched a hit, Williams going to third, Moir flew to Patten, Williams scored on passed ball. Conners, singled, Dale hit scoring Conners Dale was forced out on Eastman's drive to F. Henning to Purdy, Atkins hit by pitched ball, Stokes walked, Fulmer fanned. Three hits three runs.

Kelowna.—Purdy safe on Eastman'e error, Alberts fanned, Casad walked, Syers singled scoring Purdy, Holgerson fanned, One hit one run.

Seventh, Vernon.— Williams singled, stole second, Fossas out F. Henning to Casad, Moir flew to Alberts, Williams scoring, Conners out, Purdy to Casad. One hit one run.

Melowna.—Patten fanned, Davis flied to Fulmer,, Henning fanned. No hits no runs.

Eighth, Vernon.—Dale out Davis to Casad, Eastman out Casad to Davis, Atkins fanned. No hits no runs.

Kelowna.—Purdy doubled, stole third , Alberts out at first, Casad out Fossas to Eastman, Purdy scoring on the play, Henning singled and scored on Syer's fourth hit, Holgerson out to Atkins. Three hits two runs.

Ninth, Vernon.—Stokes fanned, Fulmer out Davis to Casad, Williams fanned. No hits no runs.

Aug. 6.—Kelowna at Revelstoke.
Aug. 13.—Vernon at Kamloops.
Aug. 13.—Revelstoke at Kelowna.
Aug. 21.—Kelowna at Kamloops.
Aug. 21.—Revelstoke at Vernon.
Aug. 27.—Kamloops at Kelowna.
Aug. 27.—Vernon at Revelstoke.
Sept. 3.—Kamloops at Revelstoke.
Sept. 3.—Kelowna at Vernon.

Canadian Wins King's Prize at Bisley

Private Hawkins, 48th Highlanders, Toronto, won the King's prize for 1913 at Bisley, with an aggregate af 330, out af a possible 355, carrying with it the National Rifle Associgtion's gold medal and gold badge, and $1.250 in cash.

Colr Sergt. Perry of Vancouver won the King's prize in 1904 and Private Clifford of Toronto won the trophy in 1911.

The Association cup, ten shots at 1100 yards which carried only one prize and has the alternative of the cup or $100, was won by Staff Sergeant F. C. Hawley of the 90th Regiment, Winnipeg, after a tie, shoot-off. Corp. Mortimer won it for the Canadians last year.

The government of British Columbia has established five poultry breeding stations through the province. They are:—Bella Coola, Comox, Graham Island,, Wilmer (Columbia River Valley,) and Uchulet (on the west coast of Vancouver Island.

Free settings of eggs have also been distributed in the Peace River and Skeena River districts.

Changes in British Navy

The British navy is undergoing a revolution only comparable in importance to the substitution of steel for wood, steam for sails and breech-loading for muzzle-loading guns. In all of these changes Gregt Britain lagged behind in development, though what she lost at first she made up afterwards by improving and adding to the work done by others. But in the latest revolution, the substitution of oil for coal, as fuel for warships, Britain is leading the rest of the world.

City and country patronage solicited

TOWN AND COUNTRY NOTES

The sound of joy comes 4th when the baby gets the 1st 2th.

* * *

W. Stickler, of Penticton was in the city the latter part of last week on business.

* * *

The first carload of cherries to be shipped from Kelowna was consigned to a coast firm last week by Stirling & Pitcairn.

* * *

Mr. Percy Dunn is spending a holiday at the coast.

* * *

Mrs. Johnston, of the government telegraph office staff returned from her holiday at the coast on Thursday of last week.

* * *

The Baptist Sunday school picnic will be held this afternoon at South Okanagan. The gathering will leave the city for the picnic grounds at 12.30.

* * *

Rev. D. J. Welsh of the Baptist church preached the first of a series of sermons on "The religion of the Poets." Last Sunday's subject was "Homer". Next Sunday he will speak on "Virgil."

* * *

This is the time of year for picnics, and every family should plan so as to take in at least one or two. A little wholesome recreation is not to be despised by anyone.

* * *

Judge Swanson was in town last Thursday, holding a session of the county court.

* * *

Mr. Roy Bell, a prominent meat dealer of Kamloops, was in town on Tuesday, having motored over from that city.

* * *

Mr. J. C. Stockwell is holding an auction sale of furniture, glassware etc., at his new auction rooms (old Stirling & Pitcairn bldg.) on Saturday afternoon.

* * *

Repairs to the new boat acquired by the Rowing Club have been effected by a representatipe of the builders, Messrs. Pocock Bros., of Vancouver, who brought material from the coast foor that purpose. The various teams are putting in strenuous practice for the purpose of affording what should be one of the best items on the program of the forthcoming regatta.

* * *

A runaway accident, which happily had no serious consequences, except to the vehicle involved, happened on Wonday evening. Mr. Goodrich Jr. was driving a buggy along Main St., and had taken his horse to the water trough to quench its thirst. On starting up again, the wheel of the buggy came in contact with the end of the trough. Finding itself held fast, the horse made a plunge forward, with the result that the wheel mounted the trough and the buggy was overturned. Young Goodrich was dragged in the buggy top for some distance, but eventually rolled out unhurt. The horse continued its career for some distance, but was stopped down the road with the wreckage of the shafts dangling round its legs.

MARTIN---HIDE

On Saturday, July 26th, the wedding ceremony took place of Mr. Frederick Allan Martin and Miss Enid Hide, in the new Anglicao church at 4 p.m., the service being performed by Rev. C. H. Meyrick. Mr. R. W. Thomas assisted in the capacity of "best man," the bride being given away by Mr. E. W. Wilkinson, while Miss Todd was in evidence as bridesmaid. The bride and her attendant carried shower bouquets, the gift of Mr. C. Rogerson.

...

Mr. Martin, who has not long resided in Kelowna, comes from London, and his bride, eldest daughter of Mrs. and the late George Hide, arrived from her home in Manchester on July 17th. After the ceremony the bridal party and a number of frieads repaired to the residence of Mr. and Mrs. J. B. Whitehead, where several photographs were taken, after which all partook of a dainty repast.

Mr. Martin has made himself a prominent figure in church work, being a member if the choir and honorary secretary of the Church of England Men's Society.

Mr. and Mrs. Martin were the recipients of a number of handsome presents, notably; Knives, etc., from Mr. and Mrs. R. W. Thomas, spoons from Miss Todd; bread knife and trancher, from Mr. E. Wilkinson; silver vase, porcelain lined from Church of England Men's Society; silver cake stand from the choir, and many others.

The wedding cake, which was a beautiful piece of work, was supplied 6by Mr. A. C. Poole.

Mr. A. Peabody returned on Saturday last from his trip south.

* * *

Delegates, representing various local companies have made arrangements to visit Lethbridge, Alta., next week to be present at the Western Canada Irrigation Convention to be held in that city, August 5th to 7th.

* * *

Several baseball fans from Penticton came up on Thursday last to see Tom Syers work with his old battery mate Jesse Davis who is now a member of the Kelowna club.

* * *

J. M. Robertson, of Kamloops motored over from the interior capital on Thursday, bringing with him his wife and daughter, who are at present the guests of Mr. and Mrs. A. Dalgleish, He reports splendid roads. Mr. Robertson returned to Kamloops Friday.

* * *

Messrs. S. T. Elliott, T. Bulman and B. McDonald have received their new "Atlas" automobiles from the factory at Brockville, Ont. They are built on the latest style and are fine looking cars.

* * *

The agent of the Canadian Explosives Company at Victoria was in Kelowna on Sunday, and left on the Okanagan the next day after making arrangements with the secretary of the Farmers' Institute for the supply of stumping powder at a reduced rate to members of the institution. The Canadian Explosives Co., is in competition with the Giant Company of Vancouver who have supplied the commodity hitherto to the Farmers' Institute and they claim ability to deliver their goods without delay.

* * *

The building committee of the A. & T. Association is meeting tomorrow night to consider the tenders which have been received for the erection of the proposed new exhibition building.

* * *

Mr. and Mrs. Dan. McLean and family left this week for their new home at Kerrisdale, Vancouver. A sale of their household effects was held last Saturday.

* * *

A Swede, named Anderson met death in a shocking manner while employed at one of Grant-Smith & Co.'s camp last week. He was seated on a keg of dynamite when the contents suddenly exploded and blew him out of all recognition. The scattered portions of the body were collected and brought into town by the provincial constable and were buried in the cemetery on Sunday last. Another man who was in the vicinity was badly injured and now lies in the hospital erected for the use of the camps of Okanagan Mission. The explosion is thought to be due to the victim's smoking.

* * *

Great interest attended the drawing at H. F. Hicks' Clothing store last Saturday night for the free gift prize of $5.00 offered to every purchaser during the week of $1.00 worth of goods and upwards. After the announcement of the winner, additional prizes were added of $3.00 and $2.00 each and the unlucky ones were the recipient of cigars so that every one went away happy.

* * *

In accordance with a notice served upon the council some time ago by the government the city has had to find fresh quarters for the holding of its police courts, and also for a lock-up. The palatial building on Bernard avenue of course belongs to the provincial authorities who have given notice that they can now no longer allow the city to use them. The city police, therefore, are without a home. Courts are being held for the present in the Keller block, and a temporary jail has been fitted up in Lawson's old warehouse. This arrangement will have to serve until something better can be done. It was the council's intention to erect a city hall and police court but the condition of the debenture market has made that impossible for the present.

Boy Scout Notes

BY MAGISTER

The next badge is one of the hardest the scout has to contend with, it is called the "Pathfinder."

To obtain this badge, the only compulsory one for a "King's Scout", the candidate must know every lane, by-path and short for a distance of at least two miles in every direction around the local headquarters, if in the country, or for one mile, if in a town, and have a general knowledge of the district within a five mile radius of his local headquarters, so as to be able to guide people at any time by day or by night.

Know the general direction of the principal neighboring towns for a distance of twenty-five miles, and be able to give strangers clear directions how to get to them.

In the country in a two mile radius he must know the names of the different farms, their approximate acreage and stock; or in a town, in a half mile radius, must know the principle livery stables, feed dealers, bakers and butchers.

In town or country he must know where the police stations, hospitals, doctors, telegraph, telephone offices, fire engines, hydrants, blacksmiths and factories or establishments, where over a dozen horses are kept are.

Know something of the history of the place, or of the oldest buildings.

As much as possible of the above information should be entered upon a large scale map for permanent reference at the local headquarters. 6

Pilot

Must be able to sail a boat, tack, wear or reef, make and shorten sail, must have a full knowledge of the admiralty chart for the nearest port and the coast on each side of it. He must know the beacons, buoys and landmarks into and out of the harbor, and must be able to heave "the lead" He must know the rule of the Road at Sea, the lights carried by all classes of vessels, the danger and storm signals and the Mercantile code of signals. He must be able to fix positions by means of cross bearings, both from land and sea, and must keep "a log" for at least a month, registering the wind, weather, barometer and thermometer, as generally carried out at sea.

Photographer

Must take, develop and print twelve separate subjects; three interiors, three portraits, three landscapes and three instantaneous "action" photos, and have a knowledge of the theory and use of lenses, the construction of cameras, and action of developers.

Pioneer

Must show extra efficiency in the following— Fell a nine inch tree or scaffold pole neatly and quickly. Tie eight different knots quickly in the dark or blindfolded. Lash spars properly together for scaffolding. Build model bridge or derrick. Make a camp kitchen. Build a hut of some kind suitable for three occupants.

Piper

Must be able to play a march and a reel on the bagpipes, and to dance the sword dance,

Plumber

Must make wiped and bronze joints. cut and fix a window pane, repair a burst pipe, mend a ball or faucet tap, and understand the hot and cold water system of a house.

Poultry Farmer

Must have a knowledge gained by practice of incubators, foster-mothers, sanitary fowl houses and coops and runs, also of rearing, feeding, killing, and dressing birds for market, and must be able to pack birds and eggs for market.

The Kelowna troop of Boy Scouts propose going into camp near Long Lake on August 18th to 22nd. This will be a joint camp of many boys throughout the valley and should prove of inestimable instructional value.

The ambulance badge, as described in these columns recently, has been won by R. Keller, second rank in the "Wolf" Patrol.

Messrs Fraser & Co., of 651 Granville street, Vancouver have been appointed the official outfitters for the scouts in this province, in place of Messrs. A. P. Brown, who were unable to carry a sufficiently large stock to meet the requirements of headquarters.

A statement has been issued by the provincial headquarters for two years ending Dec. 31, 1912, showing receipts "by loans, government grant, sale of badges, and bank interest" to be $1511.03. The expenditures amounted to $959.38, leaving a balance in hand of $551.65 which, with stock, etc., makes the assets total $619.15.

New Railway Act Gives Power to Municipalities

Provisions to protect municipal and public rights are outstanding features of the newly consolidated railway act of Canada which will be introduced at the opening opening of the next session of parliament. Since the original act was passed there have been a great number of amendments, and for the past year Samuel Price, K.C., of St. Thomas, who was retained by the government to do the work, has been engaged in consolidating the different amendments. A number of new clauses are to be inserted. The work was completed too late for last session, but the bill has been printed and will be introduced as soon as parliament assembles.

It is specially provided in one of the new clauses that no company shall erect telegraph, telephone or power lines without the consent of the municipality where the works are located. Such consent also is essential to power distribution, while rates to be charged must be approved by the railway commission.

Strong penalties are provided for those who fail to obey the orders of the railway board. Railway officers and directors from president down who disregard orders are subject to penalties ranging from $20.00 to $5,000 Similar penalties are made applicable to mayors, aldermen and municipal councilmen.

A company which without consent of the railway board, removed a spur line to any industrial establishment is made liable to a fine of $1,000. There are some technical changes respecting proceedings in arbitration, while a new clause inserted provides that the board may order the opening and operation of any new line on its own motion or the initiative of any one else.

The new act contains over 400 clauses and embodies every amendment made since the original act. It is believed that the increased control given to municipalities in respect to their streets and highways is the result of the litigation which has resulted disastrously to a number of municipalities whose powers are overridden by the sweeping authority conferred on private companies by federal and provincial enactments.

Heavy Dominion Loan Almost Due

The last of the Dominion loans at 4 per cent., matures on October 1. All the others are at a rate below 4 per cent.

The loan in question totals $8,173,000 and was floated in 1897 for general purposes. It carries the guarantee of the Imperial government. In what manner it will be disposed of is believed to be now under consideration by the government. Last year the $6,000,000 loan, which matured, was liquidated and wiped out. The federal revenues continue buoyant and the surplus on the operations in the last fiscal year, is substantial, but at the same time, heavy expenditures have been authorized by parliament. In consequence it is not yet determined whether the loan will be paid off or renewed.

Next year a $30,000,000 loan bearing interest at 3½ per cent., falls due, but attached to it is the option of renewal to 1919. After that is disposed of there will be no more maturing obligations until 1938.

Parcel Post System

The post office department has under consideration the whole question of the parcel post system. It will not be in a position to announce any plans for some time, however, as to the rate to be charged and other details of the undertaking. The department itself intends to work out the scheme as it did the postal note and other branches of the service without going abroad for advice. Conditions in Canada are peculiar to the country and cannot be guided by experience elsewhere.

It had been hoped to inaugurate the service on January 1, but as to this there is no definite announcement. Before that is done many preliminaries will have to be arranged and a decision as to ratings reached by the Postmaster-General.

Meanwhile the rural mail service is constantly expanding, a total of 1,500 routes are now in operation. The bulk of them are in Ontario, but all the provinces have some, and petitions are coming in steadily.

Should the present favorable conditions continue until a fair proportion of the grain harvest is gathered in, a total yield of 270,670,000 bushels of wheat, oats, barley, and flax will be realized from the season's farming in Saskatchewan, according to an estimate based on the statistics of the department of agriculture.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for the lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

Marking Imported Fruit

A circular has been issued by the B. C. Fruit Growers' Association and signed by the secretary, Mr. R. M. Winslow, dealing with the new bill regulating the importation of foreign fruit.

Under the Fruit Marks Act all Canadian shippers of fruits have been compelled to comply with its requirements. This British Columbia Growers have faithfully and cheerfully done, though imported fruit coming in direct competition with us was allowed to be sold without hindrance without in any way complying with the law. This situation created a condition of unfair competition which the Dominion government recognized, and in 1912 endeavored on our representations, to remove; in this they were unsuccessful because the law did not apply to imported fruit, and even if it had, there was no adequate provision for its enforcement against foreign shippers.

The B. C. Fruit Growers' Association, at its annual meeting in January, passed a strong resolution citing the injustice and unfairness under which our industry was laboring and asking the Dominion government to formulate regulations, making it incumbent on foreign shippers to comply with our Fruit Marks Act before the packages were allowed in Canada. A committee composed of W. S. Fogo of Vernon and Thomas Abriel of Nakusp, and the secretary of the association, proceeded to Ottawa in February to press this and other matters before the Dominion government. The Hon. Martin Burrell, minister of agriculture, and member for Yale-Cariboo, met them in a most helpful spirit and gave them all possible assistance; he fully recognized the injustice in the Fruit Marks Act and had legislation prepared to remedy it. The bill secured precedence inthe House over many others which were dropped, and despite the crowded and contentious character of the session and some opposition, the bill was passed.

Under the bill, as passed, the governor in council had power to make regulations, and these are duly published and so given the force of the law, in the "Canada Gazette" of July 5th. They read as follows:

"His Excellency the Administrator in council is pleased to order that the following regulations shall be and the same are hereby made and established under the provisions of section 320 A, of the Inspection and Sale Act.

1. In these regulations:
   (A)—"Importer" means the person, firm or corporation in Canada to whom fruit from outside of Canada, is sold, shipped, consigned or delivered.
   (B)—"Fruit" means apples, crab apples, pears, plums and peaches when shipped in closed packages.
   (C)—"Inspector" means an inspector employed by the Department of Agriculture of Canada to enforce the provisions of Part IX of the Inspection and Sale Act, chapter 85, Revised Statutes of Canada, 1906, and the Regulations made thereunder.
2. No fruit shall be imported into Canada except as hereinafter provided.
3. Every importer of fruit, or his representative shall cause all grade marks found on closed packages containing imported fruit to be completely removed, erased or obliterated, when such grade marks are different to, or inconsistent with the marking or branding required by sections 320 and 321 of the Inspection and Sale Act, or section 4 of these regulations.
4. Every importer of fruit, or his representatives shall cause all closed packages containing such imported fruit to be marked or branded in a plain and legible manner, in letters and figures not less than half an inch long, and in the following form:
(Place here the) (Place here the)
(proper grade marks) (correct name of)
(the variety)
Imported by
(Insert here the name and)
(address of the importer)
5. The removal, erasure or obliteration of original grade marks or brands on closed packages containing imported fruit and re-marking or branding of said closed packages to conform with the provisions of the Inspection and Sale Act as required by these regulations, shall be done at the time when the said packages are being taken from the railway car, the steamship or other conveyance in which they have been brought into Canada.
6. The marks or brands specified in section 4 of these regulations shall be placed on the end of the packages.

The association has just received a letter from Mr. J. A. Ruddick, Dairy and Cold Storage Commissioner, who is charged with the enforcement of the Fruit Marks Act, saying that a circular is in the hands of the printers for distribution. This circular makes public the provisions of the law, which must now be obeyed by the importer under the penalties of the Act.

It should be a matter of congratulation to British Columbia fruit growers that this unfairness has been removed. We are confident that the change will assist materially in securing for our fruit a market at a fair price. The success of the B. C. Fruit Growers' Association in this matter will be of benefit to all the fruit growers of Canada and should greatly encourage us to improve the conditions of the industry in other ways.

Letters of a Self-raised Office Boy to His Pal

In which Jimmy tells of Kelowna happenings to Mr. Sidney Harper, of Vancouver, B.C.

Dear Sid,—Oh! bliss! oh! rapture! We come the happy throng, bearing palms of victory in our hands, singing peons of joy and gladness! You ask me the cause of this outburst of childish merriment? Know ye, then, O most noble Sid, that on Thursday last our ball team roused them from their Rip Van Winkle trance, and accompanied by the plaudits of the teaming thousands, humbled the proud cohorts of Vernon—yea, humbled them even unto the dust! There was lots of dust that day, too. My boy, it was some victory, or rather some slaughter. Our team batted like a bunch of crazy men, and fielded as if their mits were covered with glue. But one pathetic thing marred an otherwise joyous occasion. That was the umpiring. The gentleman in question may have had the best intentions in the world, but his execution was very much to the Roquefortes! There was some strong talk of lynching him, but it was finally decided to let him suffer on.

All this came as a complete surprise to us. We all thought the Vernon boys had our team trained so they would eat from their hands. When lo! and behold! the unexpected happened! the worm turned! and laid out that Vernon outfit in seven shades of lavender. "How are the mighty fallen!"

The other day the boss heard of a musical artist who is taking a rest down at Penticton (and by the way that's about all you can do down there), so he says to me, "Jimmy, we need that gink in our business, and we'll get him if he's to be got." No sooner said than done, and we've landed him for next Friday and Saturday. He is supposed to be the greatest one of his kind in captivity. He plays on anything from a beer-bottle to a cheese box. Granville is his name. I think he is the same guy they named the street after in Vancouver. After leaving here he is going to tour Pantages circuit; you will see him in Vancouver in several weeks.

I suppose of course that you have heard of the Kelowna Regatta. This year is going to put the previous ones so far in the shade that they will be but hazy memories of the past. The committee in charge are going to cut loose, and do things in such style that this regatta will make history in the Okanagan. One great new feature will be on the last night, when an all fool's *confetti* carnival will be held. There ought to be a large crowd at this. From where I sit it looks as if the celebration was going to be a howling success.

I hate to mention it again Sid, but we are having elegant weather here; but you know when you have a good thing you should push it along. Wish I could shove you a slice of our climate. It can't be done, though. If you want any you'll have to come and get it, so get a move on and come to the town where life is a succession of sunny days and starlit nights.

JIMMY.

Pay Taxes in Monthly Instalments

Among the many matters discussed at the annual meeting of the Union of Canadian Municipalities at Saskatoon, was a recommendation to permit the enactments which would enable municipalities to collect taxes in monthly instalments. In every business it had been demonstrated that the collection of payments were profitable to all parties concerned. It was pointed out that under the present system of annual payments municipalities were forced to borrow large sums of money in advance from the banks, on which they paid interest, thus swelling the tax rate. With the monthly payment of taxes there would be a constant supply of money on hand, and in the aggregate a vast saving to the taxpayers. In many cases it would also provide a much more convenient way of meeting the tax for the taxpayer.

A resolution embodying these recommendations was carried.

Recommendations for provincial guarantees for municipal bonds were also passed, it being agreed that the requirements for a provincial guarantee would act as a deterrent in many cases where municipalities had acted unwisely in the issuing of bonds to cover works that were not required.

Growers Exchange Preparing for Busy Season

The new Kelowna Growers' Exchange Ltd., and now settled in the quarters hitherto occupied by the Farmers Exchange, and under the management of Mr. O. W. Woolsey, are preparing for the busy shipping season, which will shortly commence. Large quantities of orchard boxes and box material have been purchased, so that the complaint of former years of a scarcity of these necessary articles may be obviated. A slight change of method is to be adopted this year in that most of the apple packing will be done in the districts where the fruit is grown. For this purpose, the shed built last year at Rutland is to be utilized and a new packing shed is in process of erection at the Mission. The basement of the Exchange Building in town is being improved and rendered watertight, this will practically double the storage capacity of the building and give, moreover, a place where the fruit can be unloaded and given a chance to cool off before being shipped in the cars.

The manager reports that contracts are being readily signed by the growers and the new concern generally is receiving most encouraging support. The shares in the company have been taken up with almost surprising eagerness, over 700 have been sold to date. This will place the exchange in a fairly strong position and although the numerous delays incident to its commencement and incorporation have interfered somewhat with the shipping of the early crops of soft fruits, things are now getting down to business, and several cars of potatoes and vegetables have been sent out. The staff has also been busy with fresh shipments of cherries, etc.

FOR SALE

One house in Abbott street looking down Beach avenue, full view of lake, 7 rooms, 2 verandah's hall, cellar, hot and cold water, bath room, private W.C. Also one Bungalow on Hospital Road, near lake lake. 8 rooms, veranda, bath room, H.C., hot and cold water. Easy terms. Apply to 36tf. R. W. BUTLER.

"What in the world shall we have for dinner?"

This question is being asked by nearly every woman in Kelowna at the breakfast table. This meat business is a tough proposition during the hot weather anyway, and we have anticipated this fact and have ordered

Practically Everything in Canned & Bottled Meats

that is made

Clark's & Heinz baked Beans, Clark's Corned Beef, Roast Beef, Roast Mutton, Ready Lunch Beef, English Brawn, Jellied Veal, Cambridge Sausage, Beefsteak and Onions, Corned Beef Hash, Stewed Kidney, Pigs Feet, Lunch Tongue, Ox Tongue and Pastes for sandwiches innumerable

You have only tried a few of these and they are all good. Our pure food laws compel the manufacturers to put them up that way

In Glass we have a full line of St. Ivel goods, well known by all Old Country people as the best, cleanest and purest of Bottled Meats

Don't kill yourself by the fire. Buy canned meat. It's good

The McKenzie Co., Ld.

When we sock the axe into prices, we put it into real prices on real clothes. Our reductions may not appear as great as others, but when we sell you, say, a $20 suit for $15, you save $5 of real, sure-enough money. Our twenty dollar suits are worth twenty dollars the year around. We put on the lower price to quickly move out of our store what is left of the season's stock. Come in; we can fit you now, but our reduced prices will soon sell us out of clothes.

Men's Summer Suits
