Kelowna Fifth Annual Regatta

Ideal Weather and a Most Complete Two-Days' Programme of Events Draws a Large Holiday Crowd from all Points of the Valley.

Kelowna's Annual Regatta has come again and gone, and the steady advance which has marked its development during the past five years from very humble beginnings has this year been more pronounced than ever. Favored by the best of weather conditions—fine and bright, but still cool enough to be comfortable—the general opinion at the close of the programme seemed to be that this fifth regatta had been without doubt the "best ever." Experience is teaching the management to avoid the annoying delays which usually attend these functions, and almost without a hitch one event followed another in rapid succession.

The two days' programme was a long one and well arranged. Over \$700 in prizes were offered, and the entries although light in some of the events were still sufficient to make interesting sport.

The attendance on the first day when the excursion from the north came in would have been much greater but for some bungling on the part of the C.P.R. Arrangements had been made ten days previously and guarantees signed for a Wednesday morning excursion from Enderby, but on Tuesday, it seems, the agent in Vernon, from where the bulk of the visitors would have been drawn was refusing to sell tickets, claiming he had no instructions respecting an excursion. The committee are taking up the matter with the responsible parties. On Thursday a large contingent arrived from Penticton and the south.

The Kelowna Band furnished music throughout the entire regatta and it was pleasing to hear comments upon the wonderful progress the band has made during the last few months. A children's band from the Orphans' Home at Des Moines, Washington, who were at the opera house during the week also contributed selections. The judges were Messrs. J. M. Robinson and J. S. Gillespie, of Summerland, C. C. Prowse, and D. W. Crowley.

FIRST DAY

The first morning's programme opened, or should have opened, with the Open Sailing Handicap, but owing to lack of definite understanding as to the course the two boats entered started in opposite directions and the race had to be called off and postponed until the second day.

The three heats in the Quarter Mile Single Sculls resulted in St. G. P. Baldwin, K. Morgan and W. Hill winning places in the final which was to be rowed on the second day.

There were numerous competitors for the 30 yards Boys' Swimming Race, and it is evident that some good swimmers are being trained amongst the rising generation. H. Keating came in first with G. Silke second and Cyril Weddell third.

The Quarter-Mile Double Sculls heats placed R. C. Bennett and Geo. Benmore, and J. M. Paret and W. Hill in line for the final.

In the 60 yards Ladies' Swimming Race there were, strange to say, only two entries, Miss Nancy Buchanan beating Miss Jessie Cottingham, of the Palace Hotel.

There were seven entries for the Open Gasoline Launch, and some very speedy boats were in evidence. Mr. Leckie Ewing had his fine new launch entered, built for him this year in Kelowna, and came in first. W. R. Megaw's beautifully-equipped boat arrived second, and A. James' "Rip" third. The latter is a second edition of James' red "Rip" of last year, which then left everything behind it. Although the competition this year is keener "Rip II." might have made a better showing in this race but for losing considerable time owing to trouble with the

engine. S. T. Elliott's boat was fourth and the rest in order were Geo. F. James, R. C. Lambly and R. Lambly. In classes this result showed Leckie-Ewing winner of the over 25 feet, A. Jones of the 25 feet and under; G. F. James of the 20 feet and under; and R. C. Lambly of the 3 h.p. and under.

In the afternoon the gentle breeze of the morning had almost disappeared and the lake was in ideal condition for sculling and canoeing.

The 60 yards Boys' Swimming drew four entries, H. Morrison drawing gradually ahead in a keenly-contested race, H. Dryden, of Peachland, being second. Clarence Jones was a competitor in this race he having happily sufficiently recovered from the effects of his broken leg to be able to enter into the sports this year.

In the Men's 60-yard Breast Stroke Race, A. Edwards, who is undoubtedly one of the finest swimmers on the lake, won first place, J. F. Burne and L. C. Avis being the only other contestants.

The Men's Tub Race proved a failure, it being discovered that the tubs provided were not big enough to support the contestants. An attempt was made to carry the race through by using the "horses" provided for the Aquatic Derby, but as none of the competitors finished the race mounted as the rules required, the judges decided "no race."

The 60-yard Handicap Swimming for season ticket holders of the Aquatic Association resulted in A. Edwards finishing first, with J. F. Burne and L. C. Avis tying for second.

The Boys' Aquatic Derby was not very successful owing to the apparent absence or perhaps disregard of rules, the boys being occupied more in endeavouring to dismount each other than in making progress towards the goal. Alwyn Weddell was declared the winner.

In the Single Canoes, R. W. Stevens, who seems in a fair way to establish a record by cleaning up all the possible canoeing prizes on the lake this year, was an easy first, with A. Cather second.

The Open Dive proved a popular event, nine competing. Five points each were given for spring, action in air, distance and entry in water, quick and neat recovery. Mr. J. F. Burne, who has had repeated success at the various regattas this year, again succeeded in scoring highest marks. H. M. Goode was second and K. MacLaren third. A small competitor was L. Hassell, an Okanagan Mission youngster who, notwithstanding his diminutive size compared with the portly figures of some of the others, showed some very neat diving.

Three crews entered for the Canoe Fours—Lawson's: H. L. Willis, J. McMillan, C. Morrison, E. Hay; Bank of Montreal: A. E. Pettman, F. R. Wilgrees, N. E. Planché, H. G. MacCullough; Collett-Crowley: M. Jenkins, G. Stirling, J. Chapman, C. Newby. The race was marred somewhat by the erratic efforts of the Bank of Montreal crew who probably from an unequal distribution of weight in the canoe seemed unable to steer. By persistently breaking away from the course and making for the "open sea" they put both themselves and the Collett-Crowley crew out of the running, the Lawson crew sailing home practically without competition. The Collett-Crowley crew should have protested according to rules before leaving their canoe, but they neglected to do so and the judges had no option but to award the prize to the Lawson men.

The Relay Swimming Race was the most interesting swimming event of the afternoon, and on that account may have justified the elaborate preparations entailing

the moving of two big scows and mooring them in position in front of the stands. Two teams of four each were entered: Kelowna consisting of A. Edwards, Clarence Jones, J. Wilson and Geo. Stirling; Peachland: T. Buchanan, R. Laidlaw, J. Buchanan and F. Thorne. Each team had two men placed on each scow. At the start a Peachland man and a Kelowna man dived together from the same side. The Peachland man was the first to touch the other side, thus giving the signal for another man of his own team to dive and continue the race in the opposite direction. The Kelowna team lost time on two occasions in getting into the water, and Peachland kept the lead all the way through, winning by a good distance.

The Tilting from Canoes was exceedingly well done. Four crews competed, the first to enter the "lists" being F. R. Wilgrees with H. G. MacCullough paddling, and Cruikshank with Crow paddling. Wilgrees had a close shave at the start but recovered himself and after a little sparring aimed a well-directed blow which overturned his opponents' canoe and dumped both the occupants into the water. F. A. Taylor with J. F. Burne paddling, and A. H. P. Errington with L. C. Avis at the paddle, next took the field. A determined fight ended by Errington falling out of his canoe. The final then brought F. A. Taylor and Wilgrees together, and a fierce onslaught ensued. Unfortunately Taylor overreached himself in a furious thrust at his opponent and fell overboard leaving Wilgrees and his paddler MacCullough the victors.

Three pairs entered the Mixed Canoe race, R. W. Stevens and his partner, Miss Gladys Robinson having an easy win.

The Aquatic Derby resolved itself into pure "horse play," rules being disregarded. A. L. Meugens managed to cross the line first, and was awarded the prize.

The heats in the mixed double sculls were: Miss Shayler and E. J. Maguire, 1st, and Miss Wilde and A. H. P. Errington, 2nd; second heat, Miss M. Raymer and W. Hill 1st, and Miss Abbey and R. C. Bennett, 2nd.

The Long Distance Swimming Championship for the "B. M. H." challenge cup and \$25 prize drew five entries. The course was from the opposite side of the lake a distance of one mile. Only three finished, the first being R. G. Tait, of Summerland, who thus takes the cup, from E. Norman, the last year's winner. Although entered, for some reason Norman was unable to compete. The winner's time was 29 minutes 50 seconds. G. Stirling was second and R. S. Aikman 3rd.

The lacrosse match in the afternoon between Vernon and Kelowna resulted in a win for the latter by 5 goals to 4. The game was marred, as is becoming too common, by a good deal of rough play. This is the last of the league matches to be played in Kelowna.

SECOND DAY

The first event of the second day's sport was the single sculls final, resulting in K. Morgan first, St. G. P. Baldwin, second, and W. Hill third.

Boy's high dive: 1, A. Weddell, 2, G. Copeland, 3, I. Weddell. Double sculls final: 1, J. M. Paret and W. Hill; 2, I. McRae and Max Jenkins; 3, Geo. Benmore and R. C. Bennett.

The handicap gasoline launch race, although interesting enough as a spectacle, is more a matter of arithmetic than anything else. There were six entries, the competing boats having been timed on a trial run the previous morning, and handicapped accordingly. C. Harvey's Qu'Appelle started at scratch, G. F. James, handicapped 7 min. 31 sec.; S. T. Elliott, 10.50; A. Jones 15.39; W. C. Megaw, 17; Leckie-Ewing, 18 min. The result would probably surprise many of the spectators not conversant with the

Presbyterian Sunday School Picnic

The boys and girls of the Presbyterian Sunday School—and some of their elders too—had a great time last Thursday at the annual outing, this year spent, by kind invitation, at Mayor Sutherland's place on the lake shore.

The day was beautifully fine and Mr. and Mrs. Sutherland had made the most elaborate arrangements for the entertainment of their guests and nothing was spared to make the afternoon an enjoyable one. Motor boats were kept going taking the children for short trips on the lake. Others were splashing merrily in the water in the sunshine swinging and frisking around as only children can.

Tea was served on the lawn for the children, while the grownups were provided with a table on the verandah. There was plenty of ice cream and other good things to which the youngsters did full justice.

And then the races after supper. There was a great variety of races and the fun was fast and furious. Such races as 'threading the needle' for the girls, and other novelties of that kind provided no end of amusement.

As the daylight began to fade out of the sky a return was made to town, some in drays provided by the school, and as many as could be accommodated by boat.

Before breaking up, hearty cheers were given for Mr. and Mrs. Sutherland for their hospitality and generosity, in acknowledging which Mr. Sutherland expressed his pleasure at seeing the children there, and invited the Sunday school for a similar picnic next year.

Items from Ellison

(From our own correspondent.)

On Monday night last a meeting of exceptionally great interest to fruit growers and farmers took place in the schoolhouse when Mr. Ben Hoy, of Vernon, and Professor Thatcher, of Washington, spoke on matters pertaining to the rearing of orchards, &c.

Mr. Hoy, who was the first speaker, delivered a very interesting address on the selection of nursery stock, planting, cultivating, and irrigating of fruit trees, and his remarks were listened to with great attention by the ranchers from the surrounding district, who, at the close of his address, asked several questions, which were answered to the evident satisfaction of the perplexed ones.

Professor Thatcher, on being introduced by Dr. Dickson, spoke eloquently on co-operation in farming, laying special emphasis on the benefits to be derived by purchasing materials for the farm in car-load lots instead of each individual purchasing singly and he pointed his remarks by several striking illustrations of what was being accomplished by this means in the States.

The Professor also spoke on the methods of conserving moisture in the soil and on the dangers of over-irrigation. He showed how much valuable plant food was often washed away on to low-lying lands, eventually forming what is known as alkali lands. The lecturer in his closing remarks stated that he was endeavouring to find out what particular virtue a barbed wire or rail fence had on certain pieces of land; on the one side a farmer was able to grow 70 or 80 bushels of oats to the acre, whilst on the other side his neighbour could only raise 30 bushels although the land was identically the same and the weather conditions alike, yet the results were different and he often wondered what the fence had to do with it.

Should the Professor (who has a witty style of expressing himself) visit this neighbourhood again he will be sure of a hearty reception.

Dr. Dickson occupied the chair in his usual able manner and spoke earnestly on the need of more unity amongst farmers. At the close of the proceedings a vote of thanks was proposed by Mr. Silke and heartily endorsed by the audience.

Bishop De Pensier Will Visit This Week

Kelowna is to receive a visit this weekend from the Bishop of the diocese, the Rt. Rev. A. U. De Pensier, Bishop of New Westminster and Kootenay. His Lordship will arrive Saturday afternoon, and will be entertained at a garden party from 4 to 7 o'clock at the home of Mr. P. DuMoulin.

On Sunday morning the Bishop will consecrate the new church of St. Andrews at Okanagan Mission, service being held there at 10:30.

At the Parish Church, Kelowna, Holy Communion will be celebrated at 8 a.m. There will be no midday service, owing to the consecration service at the Mission.

In the evening at 7:30 a Confirmation service will be held in the Parish church, at which several candidates will be confirmed by the Bishop.

All parishioners are cordially invited to the reception on Saturday at Mr. DuMoulin's house. It is, however, requested that no children be taken.

Glenmore Notes

Miss Hume, of Ottawa, and Mrs. Woods, of San Francisco, are visiting their mother, Mr. George Hume, for a month.

Mr. L. G. Mewhew went East last week to his home in Haileybury, Ont. He will return on the 21st inst., accompanied by his family and will take up residence in Glenmore.

Mr. E. K. Adamson and Mr. Stafford Wake, of Montreal, have already started improvements on their newly-acquired property. They will build at once and will have their land prepared for next spring's planting.

Mr. J. S. MacKenzie's residence has been completed and is now having the finishing coat of paint.

Mr. Crehan, of Vancouver, has been in and is much pleased with the improvements made on his property.

Professor Esterverry, Professor of Irrigation, University of California, paid a visit to Glenmore last week to see the irrigation system.

Mr. H. H. MacLeay is building in Glenmore and will be living on his property the middle of this month.

Mr. Ward has been putting on an addition to his home.

The Land Company report good sales for past two weeks running over \$50,000.

Summerland and Kettle Valley Line

It is evident that the Kettle Valley Railroad has no intentions of coming into Summerland unless some official pressure is brought to bear on the company, or they receive a subsidy from the municipality.

A preliminary route was run by the company's engineers which was duly filed with and approved by the Railway department at Ottawa. This route came across Trout Creek and out through Granett Valley and westward through Meadow Valley.

Later the company applied to the Department of Railways and Canals for permission to revise these plans and make the new route follow up Trout Creek and north-westward to Ousprey lake.

July 24th was the date set for the hearing of the case at Ottawa. Upon this being made known to the Summerland Municipal Council they at once wired Ottawa for a postponement of the hearing to enable them to learn the reasons for the change and if necessary to prepare argument showing why the railway should be compelled to go through Summerland.

A meeting of the council was called for Monday evening last, and a communication just received from the Minister of Railroads was read, and with it a statement of the railway's reasons for avoiding Summerland. They had made as strong a case as possible, and in comparing the preliminary route with the one now decided upon by the railway, the president that to bridge Trout Creek would cost a quarter of a million dollars, and while the grade of the Summerland route is little better, the road would be lengthened by some 19 miles if the Summerland route is followed. Nothing was said of the route proposed by the Reeve of the Municipality. There was a full attendance of the council, and all admitted that to a person not familiar with the ground a convincing argument had been put up by the railway company, but they did not at all satisfy the board that a route through Summerland was not practicable. The date of hearing was postponed for three weeks and the case will come up again on Aug. 14th. All the members of the council felt that the matter should not be allowed to drop and an unanimous vote was passed authorizing the Reeve to take what steps he thought necessary to present a good case for the Municipality at the hearing before the Railway Department.

Rutland News.

(From our own correspondent.)

A. E. Clarke has returned from Victoria feeling the better for his brief holiday.

Mr. and Mrs. Dalgleish and girls are leaving for a holiday trip to the coast.

Miss Pearl Sproul returned home Thursday.

Mr. Bond's unlucky star has again been in the ascendancy. His fine thoroughbred Jersey cow, only recently purchased, broke through the fence, and got to a pail of cut-worm poison. It cleaned out the pail and died before the vet. could be got out.

A number of Rutlanders attended the Baptist Sunday School Picnic at the Belgo grounds on Mission Creek last Thursday, and, as usual, gave themselves up to the spirit of enjoyment.

The Methodists are announcing a lawn social on the church grounds for Thursday, August 17, to commence at 6:30. They are ambitious and have engaged the Kelowna band to awake the echoes among the fruit trees, &c. The entertainment later in the evening will be presided over by Mr. G. O. Fallis, of Penticton. Hot drinks and ice cream will be on tap to suit all tastes, and in preparation for varieties of temperatures. Last but not least 50c is the tax for participation in this feast of mind and body.

A Piano as an Investment.

The value of an investment is not what it costs, but what you get out of it. A lot of money, you say, to put into a luxury! But have you figured out what a Piano would mean in your own home?

The Piano is no Longer a Luxury.

The possession of a Piano has ceased to be a luxury for the rich. It is a necessity for any home with a growing family and any aspirations towards refinement and culture; keeps the young at home and encourages the best kind of social intercourse.

Brighten Your Home with a Good Piano

and you will never regret it, and when you have decided to take the step come in and talk to us about it.

We Handle Only the Higher Grade Instruments.

The names of

GOURLAY and HEINTZMAN

Are synonymous with all that is best in Piano manufacture. We can, however, get you any make and can

Sell Cheaper than the Travelling Agent.

KELOWNA FURNITURE CO.

Town and Country

Clement Bros. have already sold twenty-four lots in their new subdivision.

An interesting gathering was held Monday evening at the home of Mr. and Mrs. W. H. Mantle, the occasion being a farewell social to the choir members of St. Michael's Church to Nurse Edgell, who leaves Kelowna this week for the O.J. Country. A presentation, which took the form of a handsome handbag and purse, was made by the rector, the Rev. Theo. Greene, on behalf of the choir of which Nurse Edgell has been an active member for a considerable time.

A person was fined this week at the police court for running his motor-boat on the lake after dark without proper lights.

Mrs. Jas. Dolye left Friday for Calgary, having been summoned there by the sudden illness of her father.

Mr. H. H. Millie left Tuesday for Kamloops at which point he is to meet Mr. L. A. Palmer, superintendent of the Dominion Government telegraph service. From Kamloops a tour of inspection will be commenced of the circuit, first down the Nicola Valley to Penticton, and up through the Okanagan to Vernon and Lumby, and thence along the line of the wire back to Kamloops. A thorough inspection is to be made of all instruments and trunk lines. Mr. Millie's wide and varied experience in telephone and telegraphic matters should stand him in good stead in his new work for the department.

We understand that the new line between Kelowna and Penticton is to be installed in the near future. The addition of a double copper line devoted entirely to telephone business, leaving the present iron wire for telegraphic work would be a great convenience to the towns down the lake, besides considerably facilitating the dispatch of messages from this point, and it is to be hoped there will be as little delay as possible in the completion of the undertaking.

Miss Band, sister of Mr. Martin, arrived on Monday's boat on a prolonged visit.

Mrs. R. F. Morrison and daughter returned Monday from Ontario. They were met at Regina by Mr. Morrison.

Mr. P. Currie, who left Lequime's store a few months ago to enter business at New Westminster, is spending a holiday in town renewing old acquaintances.

The Ladies' Aid of Knox church have presented to the new Presbyterian church at the Landing a silver communion set.

Mr. Leslie, steward of the s. s. Okanagan paid a visit to his father and sister in town this week.

Mr. Crehan, of Crehan, Mouat & Co., chartered accountants of Vancouver, is at present in town auditing the books of several business houses.

Miss Metcalfe of Black Mountain road leaves this weekend for Saskatoon on a month's visit.

Mr. Jack Conway has reentered this week upon his old position at Lequime's.

A new Presbyterian Church has been erected at the Landing and was opened recently. The Rev. J. Thurburn Conn of Okanagan Centre is in charge, and will shortly move to the landing, which he will make his headquarters.

Buy it now. Now is the time to buy a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over. This remedy has no superior. For sale by all dealers.

An ordinary case of diarrhoea can, as a rule, be cured by a single case of Chamberlain's Colic, Cholera and Diarrhoea Remedy. This remedy has no superior for bowel complaints. For sale by all dealers.

KELOWNA - B.C.

Medicine in Norway.

Norway prohibits doctors dispensing medicines where pharmacies are convenient and pharmacists prescribing if a doctor is within reach.

Ireland's Claddagh Clan.

The Claddagh, in the extreme west of Ireland, is the one section of the country where the Gaelic life is the same today as it was before the Normans invaded Britain. Up to about forty years ago the clan had its own king. A Dominican monastery has been in continuous existence there since the fifth century.

London Climate.

An English wit made an epigram to describe the climate of London: "In a fine day, looking up a chimney; in a foul day, looking down one."

Mexican Chicle.

The gum of the Mexican chicle tree is valuable as the basis for most chewing gums for the reason that it is absolutely tasteless and therefore does not affect the flavor of other ingredients mixed with it.

Last of the Barons.

The battle of Barnet was one of the most decisive ever fought. It was in 1471 and closed the age of baron rule in England.

Foxglove.

The foxglove is a hardy perennial that has a medicinal reputation. Digitalis is one of the most valued remedies in heart troubles and is obtained from the plant, to which the common name, foxglove, is given. In olden times it was esteemed as an application to ulcers, etc., and Italian peasants have a proverb, "Foxglove heals all sores." Flowers of the foxglove were reputed to be favorites with elves and fairies.

South Africa.

South Africa is of volcanic origin, and the land in the vicinity of Kimberley is so sulphurous that ants cannot exist upon it.

Battle of the Emperors.

The battle of the emperors was fought at Austerlitz, 1805. The emperors present were Napoleon, Francis of Austria and Alexander of Russia. Over 170,000 men were actually engaged in the battle, and of this number 23,000 were killed or wounded, or 13 per cent of the whole.

Suspension Bridges.

It took sixteen years to build the first Brooklyn bridge, but immensely larger suspension bridges can now be constructed in from four to five years.

Girls in Vienna.

The girls of Vienna are kept at their studies until they are fifteen years of age. Then for two years they are taught housekeeping and the intricacies of the kitchen under an experienced housekeeper.

The Largest Tenement.

The largest tenement house in the world is the Prehhaus, in a suburb of Vienna, containing 1,500 rooms, divided into upward of 400 separate sets of apartments.

The Ring in Denmark.

The maidens of Denmark never receive a diamond engagement ring. They are always presented with a plain gold band, which is worn on the third finger of the left hand. On the wedding day the bridegroom changes the ring to the right third finger, which is the marriage finger in that country.

Mourning Veils.

The custom of veiling the face when in deep sorrow is worldwide.

Bridal Favors.

Bridal favors are of Danish origin. For instance, the true lover's knot was a Danish fancy and took its name from the expression "Truelofa"—"I plight my troth."

Curious Fact About Brass.

It is a curious fact that common brass which is subjected for some time to constant tension occasionally undergoes a remarkable change. It loses its tenacity and in a short time becomes almost as brittle as glass.

Illustrated Novels.

"Robinson Crusoe" was the first novel with illustrations ever published in England. This was in August, 1719. The illustration was a map of the world.

The Silver Bridge.

One of the customs observed at a Bohemian marriage feast is that of making the bride cross a silver bridge. The bride's father-in-law lifts her on to the table, where she walks on two rows of silver coins, at the end of which her husband stands and receives her into his arms. The silver bridge typifies the wealth with which her bridegroom hopes to smooth her path in life.

Otters.

The scent of an otter is conveyed to the pursuing hound while under water by the "chain" of bubbles which mark its devious course.

Testing Eggs.

Uncle Sam's way of testing eggs is to drop them into a 10 per cent salt solution. The strictly fresh drop immediately to the bottom, while those that are stale float gayly over the surface.

Starch.

In 1583 Phillip Stubbes inveighed with great energy against the use of starch, which he called "the devil's liquor."

CITY OF KELOWNA

BY-LAW NO. 96.—The City of Kelowna Wooden Sidewalk Local Improvement Assessment By-Law, 1911.

A By-Law to assess, levy and collect the cost of construction, as a Work of Local Improvement, of Wooden Sidewalks under By-Law Number Thirty-nine (39), and to raise upon Debeniture, Loan the necessary monies for payment of same.

WHEREAS the Municipal Council, pursuant to the Local Improvement General By-Law Number Thirty-nine (39), determined to carry out certain works of improvements, viz. the construction as works of local improvement upon portions of the following streets, viz.—

- 1. A wooden sidewalk, four feet eight inches wide, on the North side of Doyle Avenue, from Ellis Street to St. Paul Street.
2. A wooden sidewalk, four feet eight inches wide, on the West side of St. Paul Street, from Doyle Avenue to the North-east corner of Lot Eleven (11), Registered Plan number Four (432).
3. A wooden sidewalk four feet eight inches wide, on the North side of Cadder Avenue, from Pendozi Street to Long Street.
4. A wooden sidewalk, four feet eight inches wide, on the South side of Cadder Avenue, from a point two hundred and twelve (12) feet East of the North-West corner of Lot Twelve (12), Registered Plan number seven hundred and thirty-seven (737) to the North-West corner of Lot eight (8), Registered Plan number seven hundred and thirty-seven (737).
5. A wooden sidewalk, four feet eight

inches wide, on the West side of Ellis Street, from Cawaton Avenue to the North-east corner of Lot Nine (9), Registered Plan number six hundred and sixty (660).

6. A wooden sidewalk, four feet eight inches wide, on the East side of Richter Street, from a point one hundred and seventy-two feet (172 feet) North of the South-West corner of Block Twenty (20), Registered Plan number two hundred and two (202) to Wilson Street.

7. A wooden sidewalk, four feet eight inches wide, on the South side of Wilson Street, from Richter Street to the North-east corner of Lot Twelve (12), Registered Plan number six hundred and twenty-two (622).

AND WHEREAS the Chairman of the Board of Works and the Assessor of the City of Kelowna on the Twenty-second day of April, 1911, made joint reports and thereby determined the probable life of the works and improvements at five (5) years, and conjointly ascertained and determined the proportion in which the assessment for the cost of the said works and improvements would have to be made on the real property and portions of real property benefited, and ascertained, determined and showed what real property is immediately benefited by the said works and improvements, and the proportion in which the assessment for the same should be made.

AND WHEREAS the probable cost of the works of improvement, and the amount

to be assessed against the owners of the real property benefited as shown by the said report was estimated to be One thousand, three hundred and ninety dollars (\$1,390.00).

AND WHEREAS the said reports have been adopted by the Council of the City of Kelowna.

AND WHEREAS the Council has decided to distribute the payment of the cost of the said works proposed to be assessed hereunder over a period of Five (5) years, and to borrow the monies necessary to defray such cost upon the special rates levied hereunder upon the lands and improvements benefited, and upon the guarantee of the Corporation at large.

AND WHEREAS the total frontage upon the said works of local improvement of the real property and portions of real property immediately benefited is Three thousand seven hundred and seventy-nine and seventeen hundredths (3,779.65) feet, and the cost chargeable to the property benefited is One thousand five hundred dollars (\$1,500.00).

AND WHEREAS the Corporation of the City of Kelowna desires to pass a By-Law for the purpose aforesaid, therefore, the Municipal Council of the City of Kelowna, in open meeting assembled, enacts as follows:—

1. That the real property immediately benefited by the said works of local improvement shall be that which is particularly mentioned in the said reports, and which is set forth and described in the Schedule following.

SCHEDULE.

Table with columns: Owner, Lot, Block, Registered Plan, Front Foot Assessed, Rate per Front Foot, Total Assessment, Annual Payments per foot for Five Years, Five Annual Equal Payments, Total Five Annual Payments. Rows include North Side of Doyle Avenue, West Side of St. Paul Street, North Side of Cadder Avenue, South Side of Cadder Avenue, West Side of Ellis Street, East Side of Richter Street, and In South half of 20 North 1/2 20.

2. That the shares and proportions in which the said sum of One thousand five hundred dollars (\$1,500.00), together with the amount necessary to form a sinking fund and interest, shall be assessed on the various portions of real property benefited in the manner and to the amount set forth in the Eighth [8] and Ninth [9] columns of the schedule to the next preceding section of this By-Law.

And the said real property and portions of real property, set forth and described in the Schedule in Section One (1) of this By-Law contained, are hereby assessed accordingly with the payment of the amounts set in the Eighth [8] and Ninth [9] columns of the said schedule opposite each said portion of real property.

3. The amount of the special rate assessed as aforesaid against each lot, or portion of lot respectively, shall be divided into Five [5] equal parts, as by the eighth column of the Schedule in Section One (1) hereof, and one such part will be assessed levied and collected in the first year and each subsequent year for Four [4] years after the final passing of this By-Law during the Five [5] years which the debentures hereinafter mentioned have to run, and shall be payable on the dates hereinafter named.

4. That it shall be lawful for the Corporation of the City of Kelowna to borrow on the security of the rates hereby imposed, and on the credit and guarantee of the Corporation at large by way of the debentures hereinafter mentioned, from any person or persons, body or bodies corporate, who may be willing to advance the same, a sum not exceeding in the whole the sum of One thousand five hundred dollars (\$1,500.00).

5. That it shall be lawful for the Mayor, and Council of the City of Kelowna to cause any number of debentures to be called "Local Improvement Debentures" to be made for Five hundred dollars (\$500)

each, not, however, exceeding the sum of One thousand five hundred dollars (\$1,500), and all such debentures shall be sealed with the Seal of the said Corporation and signed by the Mayor and Treasurer thereof.

6. All of the said debentures shall be dated the First day of September, 1911, and shall be made payable in Five [5] years from the date hereinafter mentioned for this By-Law to take effect, at the Bank of Montreal, in the City of Kelowna, in the Province of British Columbia, and shall have attached to them coupons for the payment of interest, and the signatures of the Mayor and Treasurer of the Corporation respectively, or either of them, to the coupons may be affixed by printed, stamped, or lithographed fac-simile.

7. All of the said debentures shall bear interest at the rate of Five [5] per cent. per annum from the date thereof, which interest shall be payable half-yearly at the Bank of Montreal, at the City of Kelowna, in the Province of British Columbia.

8. It shall be lawful for the Mayor and Council of the said Corporation to dispose of the said debentures at a rate below par, and to authorize the Treasurer to pay out of the sum so raised, by the sale of the said debentures, all expenses connected with the preparation and printing of the said debentures and coupons, or any discount or commission or other charges incidental to the sale of the said debentures.

and chattels of the person liable for such debt, or by sale of the whole or any part of the real property so charged; but in the event of any sale of the real property, or any part thereof, Ten [10] days notice thereof, published in one newspaper circulating in the Municipality shall be given.

10. If the owner of any portion of the said property hereby assessed shall desire to commute the special assessment imposed by this By-Law, he or she can do so by paying the Treasurer of the Corporation on or before the Second day of January, 1912, the amount set opposite the real property mentioned in the Sixth [6] column of the Schedule in Section One (1) of this By-Law contained.

11. That the Corporation of the City of Kelowna do guarantee the monies and interest thereon to be raised under the authority of this By-Law, and the various persons assessed hereunder, and so as in no way to interfere with or prejudice the assessment and special rate hereby imposed or the charge hereby created on the lands and portions of lands, will out of the current year's revenue pay to any person or corporation from whom they may borrow money, upon the security of the debentures hereby authorized, or to the several respective holders of the said debentures the several respective annual payments as they may from time to time fall due.

12. This By-Law shall take effect and come into force on the First day of September, 1911, and may be cited as "The City of Kelowna Wooden Sidewalk Construction Local Improvement Assessment By-Law, 1911."

Conservation Commission Issues Valuable Report

An Exhaustive Work on Lands Fishries, Game and Minerals Contains mass of Information

One of the most valuable publications of the year is the volume just issued on "Land, Fishries, Game and Minerals," by the Dominion Commission of Conservation. The book, representing as it does a great deal of exacting research work, makes available to the average man a mass of instructive and entertaining information otherwise unobtainable by him. As a reference work for the journalist, the student of public questions and the well informed man on the street, it will be found of no small value. It is a large volume of some 525 pages, substantially bound in cloth and fully illustrated throughout, with maps, diagrams and two-color photo engravings.

Agriculture

The section devoted to Lands, describes the agricultural survey of one hundred representative farms in each province, made by the Commission of Conservation in order to ascertain just what the condition of agriculture is in Canada. Some of the subjects on which information was obtained are: rotation of crops, use of manures, prevalence of weeds and insect pests, water and fuel supply and the use of selected seeds. One of the striking facts revealed is that not more than nine per cent. of the farmers of Canada follow an intelligent and effective rotation of crops. By the adoption of more scientific methods which could readily be put into effect, it is estimated that the field crops of the

country could be doubled in twenty years. The report is replete with agricultural information, valuable because it is not hearsay, but a statement of actual facts scientifically obtained by men in the field. An article on Agricultural Production in Canada indicates just what each province has produced of field crops, fruit and live stock since 1891, and also gives crop areas and comparative crop yields.

Fishries and Game

The section on Fishries and game is a valuable compendium of facts and conclusions by various experts. On account of the frequent disputes over jurisdiction in the case of fishries between the Provinces and the Dominion, an analysis is given of the clauses of the British North America Act, referring to fishries, showing what powers each authority has. Following this is a digest of the Federal and Provincial fishries laws and regulations.

In the section on Game there is a full description of the game and game fishries of Nova Scotia, Prince Edward Island, Quebec, Saskatchewan, and British Columbia. This portion of the report will be found of special value to the sportsman in search of good hunting and fishing territory. At the end of the section a statistical article gives the amount of revenue derived from the fishery and game resources of each province.

Minerals

The Minerals section of the report opens with summary of the Provincial and Dominion laws and regulations respecting mining. An exhaustive article on the conservation of mineral resources, by W. J. Dick, Mining engineer for the commission, takes up each mineral of economic importance in Canada, showing the extent of the deposits, the consumption, and the methods of mining; and recommends measures of conservation. Mining accidents in Canada and in foreign countries are fully dealt with in another article and suggestions are advanced, pointing out how the heavy death rate in Canada from this cause may be reduced.

The volume is perhaps the most thorough and complete record of investigation and research that has ever been issued by any government in Canada.

Communications

Under this heading communications will be received upon any subject of interest. Letters must be signed, to be of record, and the Editor does not necessarily endorse opinions given therein.

The Orchard City Record,
 Kelowna, B.C.

Gentlemen:-

In order to secure a few representative exhibits from your district in commercial packages of fruit, the Vancouver Exhibition Association have decided to act as selling agents for any fruit sent to our exhibition, and any fruit entered in the ordinary way, and shipped prepaid to the Vancouver Exhibition Association, we will place on competition, and at the close of the exhibition will sell it to the very best possible advantage, and will guarantee the best market price for same; remitting promptly to the shipper, the proceeds of the sales and any prizes won. In doing this the exhibitor will have no further trouble with his fruit and will have all the advantage of the exhibition besides, probably opening up connections for the disposal of the balance of his crop.

Trusting you will give this matter such publicity as you possibly can, I am,

Yours respectfully,
 H. S. ROLSTON,
 Manager and Secretary.

Dominion Elections

Yale Cariboo Electoral District

A Convention of the Liberal-Conservatives of Yale-Cariboo will be held at

KAMLOOPS

On Thursday, August 17, 1911

for the purpose of selecting a candidate to contest the forthcoming Dominion Elections in the interests of the Liberal-Conservative Party. Local Associations are requested to meet and appoint delegates at once. Representation at the Convention will be by delegations from the Provincial Electoral Districts of Grand Forks, Gice-wood, Similkameen, Okanagan, Kamloops, Yale, Lillooet and Cariboo. One delegate will be appointed for each twenty or fraction of twenty votes cast at each poll at the last provincial election. Accredited delegates may vote either in person or by proxy, but not more than five proxies shall be held by any one delegate.

Chair will be taken at 2 p.m. All Conservatives are invited to attend the Convention, but only accredited delegates will be allowed to vote.

PRICE ELLISON,
 Pres. Yale-Cariboo Conservative Assoc'n.
 J. A. MacKELVIE,
 Sec. Yale-Cariboo Conservative Assoc'n.

"The Flower of the Ranch"

"The Flower of the Ranch," is one of the attractions booked for the near future - Thursday, Aug. 24th. It is a bright musical comedy, and judging by the notice it is receiving in other places, is well worth a visit.

Seemed to Give Him a New Stomach

"I suffered intensely after eating and no medicine or treatment I tried seemed to do any good," writes H. M. Youngsters, Editor of "The Sun," Lake View, Ohio. The first few doses of Chamberlain's Stomach and Liver Tablets gave me surprising relief and the second bottle seemed to give me a new stomach and perfectly good health." For sale by all dealers.

A CHRISTMAS VAMPIRE.

A fool there was, and he made a gift
(Even as you or I).
He bought it with taste and care and thrift
(For a lady his friends thought rather swift).
And when he gave it the lady sniffed
(Even as you or I).
Oh, the judgment and taste and time we waste
On the gifts at Christmastide,
Which we give to the lady who isn't pleased
(And now we know she could never be pleased
And never be satisfied)!

A fool there was, and he gave his check
(Even as you or I).
For a necklace of pearls without a fleck
(And it didn't the least suit the lady's neck),
And she never thanked him a single speck
(Even as you or I).
Oh, the chink we lose and the think we lose
On the things we buy with pride
To give to the lady who never is pleased
(And now we know she can never be pleased
And never be satisfied)!

The fool was fleeced to his last red cent
(Even as you or I).
She threw him aside when his gold was spent
(And nobody cared where the lady went),
And the fool gave way to loud lament
(Even as you or I).
And it wasn't the loss, and it wasn't the cross,
The reason that same fool cried,
It was coming to know that she never was pleased
(Seeing at last she could never be pleased
And never be satisfied).
—Carolyn Wells in Smart Set.

Information.

They had been talking about "Vogner," "The Saunee River" and others, when she asked, "Do you know 'Maggle Murphy's Home?'"
"No," he replied, "I didn't know she had been away."

Mollie Knew.

Little Mollie, the daughter of a popular physician, has a most vigorous imagination. Indeed, it is such a very vigorous imagination that it runs away with Mollie's honesty, to her parents' great dismay.

The other day her mother overheard her telling a story to Bobby Davis, a neighbor. It was a very interesting story. It related, with every appearance of truth, the adventures of Mollie on an airship. Now, Mollie's mother knew very well that the child had never seen an airship in her life, so she called her away from Bobby Davis and began to talk to her.

"Mollie, don't you know that you make mother very unhappy by telling such awful stories?" she asked. Mollie hung her head and said nothing.

"Don't you know what happened to Ananias and Sapphira?" the mother continued. And Mollie looked up brightly.

"Oh, yes," she said. "I know all about them. They were struck dead for lying. I saw them being carried into the corner drug store."—Chicago Journal.

A Failure.

"Do you think, sir," asked the waiter, helping the guest on with his coat, "that lightning ever strikes twice in the same place?"

"Yes, I guess it does," answered the departing diner.

"Well, sir, the gentleman who sat at this table before you came in gave me a fifty cent tip, sir."

"Ah, indeed! And you think there may be a chance that he'd come back tomorrow? I doubt it. Good night!" —Toledo Leader.

A Christmas Hint.

If it only was good form at Christmas we'd not be out many a V. Could we write on the card with the present
A polite little R. S. V. P. —Judge.

Lesson From the Past.

Sisyphus was baffled, but not discouraged.

"Look at Edgar Allan Poe!" he said. "It took him sixty-one years to get into the hall of fame, but he made it at last!"

Bending to his work with renewed energy, he rolled the stone up the hill again.—Chicago Tribune.

Before Rome Burned.

Roman Citizen—What's the matter, Friend Tullius Marcusque?

Roman Insurance Agent—Matter? Why, the companies have just decided to cancel all their policies here on the ground of a "moral hazard," and the board of underwriters has appointed me to acquaint Emperor Nero with the fact!—Puck.

Heard at the Symphony.

Mrs. A.—I suppose you are very fond of music, Mr. B.?

Mr. B.—No, really! I come here simply because it's the correct thing, you know. Music I look upon as nothing more than an expensive noise.—Boston Transcript.

Glad.

Ah, truly he's a happy man!
Fate never prods him with its spurs.
He has a wife who doesn't want
For Christmas just a set of furs.
—Detroit Free Press.

Artificial Camphor.
There is in operation in New York state an artificial camphor factory, the product of which is intended to compete in the market with the natural substance. It is maintained that it does not differ, except in the manner of its origin, from that extracted from the camphor trees of Formosa. Artificial camphor is made from essential oils derived from turpentine. Chemically the only difference between turpentine and camphor is the possession by each molecule of the latter of one atom of oxygen which is lacking in the former. By chemical process the needed oxygen is supplied. Three-fourths of the entire supply of camphor is used in the arts and one-fourth in medicine.—Exchange.

Measuring Water by Sound.

An electrical device whereby a sound wave is sent to the sea bottom in relatively shallow water and upon being deflected back to the vessel is received by another part of the same apparatus has been designed in Norway for measuring the depth of the sea. An automatic record is made of the time elapsed between the departure and the return, and, as the velocity of sound in water is known, the depth is at once ascertained. The apparatus makes a continuous record and is so constructed as to give an alarm when the water shallows to a certain depth. Several tests of the apparatus are said to prove the absolute accuracy of the device.—Montreal Standard.

Amazon River Prices.

At points on the Amazon river flour costs \$20 a barrel. Shoes are \$15 a pair and beer \$1.25 a bottle 1,000 miles from Para, while for the next thousand miles up the river prices grow higher and higher. Food of all kinds, liquors and all fluids come from a distance. The course up 3,000 miles of any of these rivers shows only banks of impenetrable jungle running indefinitely distances back from the river. In this jungle are the rubber trees and the people gathering the gum. The supplies for them must come vast distances, be transported on the backs of men, in many cases after long canoe hauls, and consumed as sparingly as possible.

Around the World.

Improvements in the Transiberian railway service now make it possible for a journey round the world to be made in thirty-seven days. From London to Yokohama by way of Siberia would take two weeks. The trip across the Pacific would take twelve days, making Vancouver twenty-six days distant from London. Eleven days are allowed for the journey from Vancouver to London by way of New York.—Argonaut.

BY-LAW 95.—The City of Kelowna Permanent Sidewalk Local Improvement Assessment By-law, 1911.

A by-law to assess, levy and collect the cost of construction as a work of local improvement, of permanent sidewalks under By-law Number Thirty-nine (39), and to raise upon Debenture Loan the necessary monies for payment of same.

WHEREAS the Municipal Council, pursuant to the Local Improvement General By-law Number Thirty-nine (39) determined to carry out certain works of improvement, viz: the construction as works of local improvement of permanent sidewalks upon portions of the following streets:

1. A cement sidewalk, six feet wide, on west side of Richter street, from Bernard avenue to Harvey avenue.
2. A cement sidewalk, four feet eight inches wide, on the north side of Glenn avenue, from Ethel street to the south-east corner of Lot 8 Block 55, Registered Plan 262.
3. A cement sidewalk, ten feet wide, on the south side of Bernard avenue from Pendozi street to Ellis street.
4. A cement sidewalk, eight feet wide on the south side of Bernard avenue, from Ellis street to Richter street.

AND WHEREAS the Chairman of the Board of Works and the Assessor of the City of Kelowna did, on the twenty-second day of April, 1911, make joint reports ascertaining, showing, and determining the proportions in which the assessment for the cost of the said works or improvements should be made on the real property and portions of real property benefited, and ascertaining, showing and determining what real property and portions of real property is, and are, immediately benefited

by the said works or improvements, and the proportion in which the assessments should be made.

AND WHEREAS the probable cost of the said works or improvements as shown by the reports was estimated to be Six thousand six hundred and forty dollars (\$6,640.00).

AND WHEREAS the said reports have been adopted by the Council of the City of Kelowna.

AND WHEREAS the Council has decided to distribute the payment of the cost of said work proposed to be assessed hereunder over a period of twenty (20) years, and to borrow the monies necessary to defray such cost upon the special rates levied hereunder and upon the lands and improvements benefited, and upon the guarantee of the corporation at large.

AND WHEREAS the total frontage upon the said works of local improvement of the real property and portions of real property immediately benefited is two thousand seven hundred and seventy-one and nine-tenths feet (2,771.9 feet), and the cost chargeable to the property benefited is five thousand five hundred dollars (\$5,500.00).

AND WHEREAS the Corporation of the City of Kelowna desires to pass a by-law for the purpose aforesaid, therefore the Municipal Council of the City of Kelowna, in open meeting assembled, enacts as follows:

1. That the real property immediately benefited by the said works of local improvement shall be that which is particularly mentioned in the said reports, and which is set forth and described in the schedule following:

SCHEDULE.

2. That the shares and proportions in which the said sum of Five thousand five hundred dollars (\$5,500.00), together with the amount necessary to form a sinking fund and interest, shall be assessed on the various portions of real property benefited in the manner and to the amount set forth in the Eighth (8) and Ninth (9) columns of the Schedule to the next preceding section of this By-law. And the said real property and portions of real property, set forth and described in the Schedule in Section One (1) of this By-law contained, are hereby assessed accordingly with the payment of the amounts set forth in the Eighth (8) and Ninth (9) columns of the said schedule opposite each said portion of real property.

3. The amount of the special rate assessed as aforesaid against each lot or portion of lot respectively, shall be divided into twenty (20) equal parts, by the eighth column of the Schedule in Section one (1) hereof, and one such part will be assessed, levied and collected in the first year, and each subsequent year for nineteen (19) years, after the final passing of this by-law, during the twenty (20) years which the debentures hereinafter mentioned have to run, and shall be payable on the dates hereinafter named.

4. That it shall be lawful for the Corporation of the City of Kelowna to borrow on the security of the rates hereby imposed, and on the credit and guarantee of the Corporation at large, by way of the debentures hereinafter mentioned, from any person or persons, body or bodies corporate, who may be willing to advance the same, a sum not exceeding in the whole the sum of Five thousand five hundred dollars (\$5,500.00).

5. It shall be lawful for the Mayor and Council of the City of Kelowna to cause any number of debentures to be called "Local Improvement Debentures" to be made for Five hundred dollars (\$500) each, not however exceeding the sum of Five thousand five hundred dollars (\$5,500.00), and all such debentures shall be sealed with the seal of the said Corporation, and signed by the Mayor and Treasurer thereof.

6. All of the said debentures shall be dated the First day of September, 1911, and shall be made payable in twenty (20) years from the date hereinafter mentioned for this by-law to take effect, at the Bank of Montreal, in the City of Kelowna, in the Province of British Columbia, and shall have attached to them coupons for the payment of interest, and the signatures of the Mayor and the Treasurer of the Corporation respectively, or either of them, to the coupons may be affixed by printed, stamped or lithographed fac-simile.

7. All the said debentures shall bear interest at the rate of Five (5) per cent. per annum, from the date thereof, which interest shall be payable half-yearly at the Bank of Montreal, at the City of Kelowna, in the Province of British Columbia.

8. It shall be lawful for the Mayor and Council of the said Corporation to dispose of the said debentures at a rate below par, and to authorize the treasurer to pay out of the sum so raised, by the sale of the said debentures, all expense connected with the preparation and printing of the debentures and coupons, or any discount or commission or other charges incidental to the sale of the said debentures.

9. The amount so assessed and levied against such lots, or portions of lots, as

aforesaid, for each year, shall be paid upon the day upon which the general rates and taxes of the City of Kelowna aforesaid, become due, in each and every year during which the said debentures have to run, and in default thereof, shall bear interest from and after such dates respectively, at the rate of Eight (8) per cent. per annum until paid, and may be recovered together with all costs in that behalf forthwith after default by distress and sale of the goods and chattels of the person liable for such debt, or by sale of the whole, or any part of the real property so charged, but in the event of any sale of the real property, or any part thereof, ten days' notice thereof, published in one newspaper circulating in the municipality shall be given.

10. If the owner of any portion of the said property hereby assessed shall desire to commute the special assessment imposed by this By-law, he or she can do so by paying the Treasurer of the Corporation on or before the second day of January, 1912, the amount set opposite the real property mentioned in the Sixth (6) Column in the schedule in Section one (1) of this By-law contained.

11. That the Corporation of the City of Kelowna do guarantee the monies and interest thereon to be raised under the authority of this By-law, and the various persons assessed hereunder, and so as in no way to interfere with or prejudice the assessment and special rate hereby imposed or the charge hereby created on the lands and portions of land, will out of the current year's revenue pay to any person or corporation from whom they may borrow money, upon the security of the debentures hereby authorized, or to the respective holders of the said debentures the several respective annual payments as they may from time to time fall due.

12. This By-law shall take effect and come into force on the first day of September, 1911, and may be cited as "The City of Kelowna Permanent Sidewalk Construction Local Improvement Assessment By-law, 1911."

Read a first time by the Municipal Council this Nineteenth day of July, 1911.

Read a second time by the Municipal Council this nineteenth day of July, 1911.

Read a third time by the Municipal Council this twenty-second day of July, 1911.

Reconsidered and finally passed by the Municipal Council of the City of Kelowna this day of 1911.

Clerk. Mayor.

NOTICE is hereby given that a Court of Revision will be held at the Council Chamber, Kelowna, B.C., on Thursday, the 24th day of August, 1911, at Ten o'clock in the forenoon for the purpose of hearing and determining complaints (if any) against the proposed special assessment or the accuracy of frontage measurements as shown in the Schedule to section One of the above By-law, or any other complaint which the persons interested may desire to make and which by law is cognizable by the said Court; but no complaint can be heard unless WRITTEN NOTICE of the ground of such complaint shall have been served upon the undersigned at least eight days before the holding of the said Court.

Dated at Kelowna, B.C., this 25th day of July, 1911.

G. H. DUNN, City Clerk.

OH THE COAL WAGON.

"What are the bugles blowin' for?"
The wagon driver whined.
"It's turnin' cold; it's turnin' cold,"
Said Shovel-on-Behind.
"What makes you look so white, so white?"
The wagon driver whined.
"I'm dreadin' what we've got to face,"
Said Shovel-on-Behind.
"For the wind 'as got to shiftin',
An' the folks is wantin' coal.
They've waited an' they've waited
Till they've put us in the hole,
An' the next few days or so would try
Mos' anybody's soul,
For it's goin' down to freezin'
In the mornin'!"
—St. Louis Post-Dispatch.

Corroborative Testimony.

Mrs. Diplo—My husband and I never dispute before our children. When trouble comes up we send them out. Kind Neighbor—Oh, that's why I see them on the streets so often.

A Delusion Spoiled.

A venerable, white haired person received a month or so ago several requests from young women for a lock of his hair. The divine, pleased at this expression of respect, gladly complied with the requests.

It was not long, however, before his wife received a communication that put an end to her husband's pleasant delusion. The note was as follows: "Dear Mrs. —: Do please ask your husband to send me just a little lock of his hair.—All the girls have been taking lessons in making hair flowers. So many of the girls have asked him that I thought I'd rather address you. Will you be so kind? It's hard to get white hair for lilies of the valley."—Tit-Bits.

At the Fall of Troy.

The last Greek had just shinned down the off hind leg of the Trojan horse.

"Ah, me!" sighed King Priam as he saw what was going on. "If I'd only had the sense to tell those cusses bearing gifts that I wouldn't take anything from them short of an automobile I should not now be so terribly nagged by the enemy."—Harper's Weekly.

An Exception.

"I have observed," said the old professor mournfully, "that women nowadays are too frivolous. The average woman's reading is not productive of any profit."
"Don't you believe it," put in the family man. "When she reads the bargain ads. it's productive of profit to the advertisers."—Catholic Standard and Times.

Calling His Attention.

"How time flies!" exclaimed Miss Thuttyfore. "It doesn't seem possible that four whole years have passed since we had the 'Streets of Paris' here."
"Surely it can't be so long ago as that," said Mr. Butcher.
"It is, though. I remember it because that was when you first began to call at our house."—Chicago Tribune.

On Schedule Time.

A young member of a certain family had the measles, and the family was quarantined. One of the little girls spoke from an open window to a neighbor inquiring into the state of her health.
"No, ma'am," she said; "I haven't got 'em yet, but I expect to have 'em day after tomorrow."—Lippincott's.

Talked Into the Trap.

Book Reviewer—The illustrations in this novel are decidedly amateurish.
Column Conductor—Aha! Another crime of the beef trust!
Book Reviewer (never thinking)—How's that?
Column Conductor—Forcing the publishers to use the cheaper cuts.—Sunday Illustrated Magazine.

His Money's Worth.

Mrs. Giles (at a London gallery)—Well, George, do 'e loike th' statooos or th' picturs best?
Farmer Giles—O! lolkes statooos better'n picturs. Ye can go all round th' statooos, but ye can only see one side o' the picturs.—Tatler.

Just Like a Girl.

"Her cooking school habits have made a nuisance of her."
"How now?"
"She always wants me to taste the gasoline when the automobile isn't working right."—Kansas City Journal.

Those Confused Impressions.

"Did Mr. Guu'umble see a deer while on his hunting trip?"
"Yes, but in his excitement he mistook it for a member of his party and asked it for a cigar."—Washington Star.

Two Better Than One.

"Drowning men clutch at straws," quoted the wise guy.
"Yes, especially if they are drowning their sorrows," added the simple mug.—Philadelphia Record.

Inadequate Protection.

"What's to prevent me from kissing you?" demanded the bold lover.
"My goodness!" exclaimed the girl. "But it didn't."—Smart Set.

- Provincial and General News -

An extra Gazette announces the design to be used on the new 50c. and 10c. coins. The obverse side will have an effigy of the King with his Imperial crown and robe, and will bear the inscription, "George V. Rex et Ind Imp." while on the reverse side will appear 50 or 10 cents, as the case may be, the year of coinage, a wreath of maple leaves and the Imperial crown.

A mountain of mica is reported to have been struck in Merritt. An offer of \$30,000 for the claim has been refused by Jerry Mullen, the owner.

The Provincial Department of Agriculture has just had executed in the Old Country and in a manner leaving nothing to be desired a most interesting series of duplicates or replicas of all the medals won by individual exhibitors from this province in the Old Country during the past six years, and more particularly the trophies of victories at the successive annual exhibitions of the Royal Horticultural Society. These duplicate medals, the originals of course are cherished as the individual properties of the winners, form a collection of upwards of 150 in number. The intention of the department is to have them systematically and appropriately grouped and staged for the effective advertisement of the fruit resources of this province at future important exhibitions.

A terrific explosion of a case of dynamite carelessly left in a blacksmith's shop in the very centre of Prince Rupert broke every window in every building within a radius of seven blocks at 10 o'clock Saturday morning, but did not injure anybody. The fire swept to the school building close by and threatened to wipe out the business portion of the city, but was checked by the fire department.

A Nelson report states that within a few weeks there will be eight thousand head of poultry at a ranch at Nine-mile-point on the west arm of Kootenay Lake. Already incubators with a capacity of three thousand eggs have been installed and fifty brooders with a capacity of five thousand chicks. The new company formed to run the ranch has imported two thousand pedigree white Plymouth Rocks from Indiana and a thousand prize bred Anconas from Brantford, Ont. Eggs now sell there at fifty cents a dozen and the company sees a bright future for business as British Columbia imports millions of dollars worth of poultry products yearly. Ducks will be added later. Contracts are now signed for all the eggs and poultry the company can supply for a year.

B.C. Game Regulations

By an Order-in-Council passed recently by the Provincial Government the future use of automatic guns by British Columbia sportsmen has been prohibited from September first next. These guns have only come into general use during the past few years, and have been particularly favoured by duck-hunters, who, thus armed have been enabled to slaughter the water-fowl wholesale. The general opinion is that their use is the reverse of sportsmanlike, and the action taken by the government will meet with the cordial approval of true sportsmen in all parts of the country. By a second Order in Council a closed season for sheep during the ensuing two years has been prescribed in the districts of Yale, Okanagan and Similkameen; and another year of immunity has been granted to wapiti in all parts of the mainland, as from September 1st. The wapiti of Vancouver Island are already under special protection.

Cuts and bruises may be healed in about one-third the time required by the usual treatment by applying Chamberlain's Liniment. It is an antiseptic and causes such injuries to heal without maturation. This liniment also relieves soreness of the muscles and rheumatic pains. For sale by all dealers.

Dr. MATHISON

Dentist
Kelowna, B.C.

The Chinese government is considering a plan to send a corps of agricultural experts to the United States to study the apple-growing industry with a view of adding it to the industries of China.

The Summerland council has engaged the services of a New York landscaper architect in preparing plans for the beautifying of the lake shore.

Work has been begun on a new \$6,000 Agricultural Hall at Summerland.

A new city hall of a size and importance worthy of Greater Montreal is contemplated. It will be one of the finest municipal edifices in America. Its cost is roughly estimated at \$10,000,000 and it will take ten to twenty years to complete.

**Defoliation of Forests
by the Spruce
Budworm**

Considerable uneasiness, and even alarm has been felt by lumbermen and others interested in forest products, over the depredations in different parts of Canada, of the spruce budworm (*Tortrix fumiferana*). It was feared that the spruce might suffer a fate similar to that of the tamarack which was killed by the larch sawfly about twenty-five years ago. As a result, however, of careful investigation begun by the Division of Entomology of the Dominion Department of Agriculture during 1909 and still in progress, the situation appears to be much more satisfactory and reassuring than was at first considered possible.

The destructive work of the budworm was first reported two years ago from Vancouver Island, where the Douglas fir was attacked; and from Quebec, where the spruce and the balsam suffered chiefly. In the case of Quebec, the pests were at first confined to the west central portion of the province, but during 1910 areas on the east of the St. Lawrence were also attacked. It was this latter circumstance that roused timber owners to a sense of the possible extent of the danger.

While in the caterpillar stage these insects destroy the buds of the spruce and balsam, especially at the tops of the trees. They also bite off the leaves, which, together with the excrement of the caterpillars, cause the tops of the trees to assume a reddish brown appearance. When a large area is attacked it appears as if it had been swept by fire.

As such plagues of air insects can only be controlled by natural means, the Dominion Entomologist visited a number of the infected districts for the purpose of discovering a natural remedy that would meet the situation. Various insect enemies or parasites were found, that prey upon the budworm and these are being used to destroy the pest. As the percentage of important parasites, especially of the minute species which attack the eggs of the latter, judging by previous experiences in studies of this nature, it is not improbable that the insects will be controlled by its natural parasites in the course of a year or two, that is before it has inflicted any serious damage to the spruce and balsam by repeated defoliation.

THEOSOPHY

Publications including "An Outline of Theosophy," "Is Theosophy Anti-Christian," "The Evidence of Theosophy" etc. etc., may be had free of charge on loan by applying to S. H. Olds or W. B. Pease, Kelowna.

Cuts and bruises may be healed in about one-third the time required by the usual treatment by applying Chamberlain's Liniment. It is an antiseptic and causes such injuries to heal without maturation. This liniment also relieves soreness of the muscles and rheumatic pains. For sale by all dealers.

KELOWNA FIFTH ANNUAL REGATTA.

Continued from Page 1

intricacies of launch handicaps. Four of the boats were disqualified for exceeding the speed shown in the test race, leaving G. F. James for first, and W. R. Megaw, second.

The war canoe race for the Knowles cup and medals, with a crew of 15, resulted in an easy win for Kelowna over Peachland, the only other contestant.

The dinghy sailing race was announced about this time, Aviss taking the prize, the others having withdrawn.

Mixed double sculls finals, 1st, W. Hill and Miss Raymer; 2nd, R. C. Bennett and Miss Abbey.

The Boys' Tub Race created an immense amount of amusement. The tubs were exceedingly difficult to navigate and the boys had great fun trying to keep them right side up. Roy Haug got hold of the trick first and paddled in triumphantly, Ian Weddell arriving later.

In the Double Canoes R. W. Stevens and A. G. Woolsey had an easy win.

The Junior War Canoe Race between Peachland and Kelowna had to be called off Peachland being unable to make up a crew.

Later a match race was arranged between Kelowna and Peachland, crews of nine paddles each. This was also won by Kelowna.

Running Spring-Board Dive—J. A. Edwards, 2, J. F. Burne, 3, A. H. P. Errington.

The Mixed War Canoe (four ladies and five men) Race had three crews entered: Naramate, Peachland and Kelowna. It was a close race with an exciting finish. All the crews paddled well, Kelowna getting a slight lead and finishing first with Peachland second.

The Crab Canoe Race was won by R. W. Stevens with Errington second. Later, however, the judges decided to disqualify Stevens for kneeling in the canoe, the others having been seated. This left Errington first with Aviss second.

Ladies' Double Canoe. Miss M. Harvey and Miss F. Cather; 2 Miss Birks and Miss Blomfield. There was an unfortunate mixup about the finish of this race. The Misses Raymer-boat fouled the winner almost on the line; the former however should have taken second place but failed to cross the line, stopping only a few inches short.

60 yards Open Swim, 1 A. Edwards, 2 T. Buchanan, 3 G. Yeld. The winner's time was 36 two fifths seconds.

The D. W. Sutherland Cup for the fastest gasoline launch was taken by H. Leckie-Ewing, beating the second, W. R. Megaw, by 82 seconds. The excitement of the race was in the close contest between Jones "Rip II," and W. R. Megaw's boat. Megaw got away first and kept the lead until after the first turn, when Jones gradually drew ahead. The latter however lost time again on the last turn, and Megaw crossed the line a few seconds ahead.

The Senior Aquatic Derby was withdrawn, the boys taking the place of the men. A. Weddell, 1, Clarence Jones 2, and the rest nowhere.

The war canoe race for the Megaw cup, one mile with turn, proved another easy victory for Kelowna. The home boys were first in the turn and held the lead all the way.

Three entered for the ladies' single canoe, the result being 1, Miss Blomfield, with Miss M. Raymer and Miss Birks a dead heat for second place.

The Tilting from Canoes was the last event, the prize after a long struggle going to Douglas and H. C. Cruikshank.

The Chamley Cup for the Open Handicap Sailing was awarded to R. V. Agur's "Onaway" after a race which dragged out to considerable length from lack of sufficient breeze.

The Silver Championship Shield given by the directors of the Aquatic Association to the winner of the most successes in the various contests was won by A. Edwards, with 58½ points, the points being allotted in accordance with a scale fixing the value of the various events. J. F. Burne was second with 51½ points.

A special Double Canoe Race was arranged for boys left out of the tilting match, A. Weddell and Clarence Jones competing against E. McLennan and W. Fuller, the latter pair being the victors.

During the afternoon Mr. R. S. Aikman gave an exhibition of fancy diving, a display of skill and grace which was loudly applauded. Mr. K. McLaren joined him in some double diving feats which were much admired.

The prizes were distributed in front of the Aquatic pavilion by the Mayor and Mayoress, Mr. and Mrs. D. W. Sutherland. An interesting ceremony at this point was the presentation to Mr. Frank Bastier of the Royal Humane Society's certificate

for his bravery in saving the life of Robt. Lloyd from drowning in the lake. Most people will recall the sad circumstances of the accident last fall when three men Tom Wardlaw, Mark England, and Robert Lloyd were overturned in a sail boat by a sudden squall when crossing from Westbank.

Frank Bastier noticed their distress from where he was working on the other side, and getting assistance went out to their rescue in the Brewery launch. Bastier plunged over the side and succeeded in rescuing Lloyd, who, exhausted with battling with the rough water, and numbed with the cold, was on the point of sinking. The other two were drowned.

Mr. G. C. Rose, chairman of the committee, recalled the incident in a short speech, pointing out that this was the first time anyone in the district had had the distinction of being recognised by the Society.

The committee had no little difficulty in overcoming Mr. Bastier's modesty, sufficiently to induce him to consent to a public presentation, but it was felt that the occasion was such as to demand it.

In the evening the pavilion was illuminated with Chinese lanterns, and dancing and music were continued until a late hour.

At the Opera House

Mysterious Willard Coming Here

Next Friday and Saturday, August 18 and 19 at the Opera House the attraction will be Mysterious Willard, and the Man of Mystery Co., which is without doubt the greatest popular priced attraction ever brought to Kelowna. The company comes direct from the Lyric Theatre at Calgary, where they played for nine nights to record breaking business. It's known as "The Show that's Different," as it offers theatre goers something entirely new in the line of amusement. Two hours of fine laughing and mystery. Willard is an artist in a class by himself, and will have the town laughing after the first nights.

Besides being one of America's greatest magicians, and illusionists he is a marvel in mind-reading and hypnotism. Each evening he will demonstrate his wonderful growing stunt, whereby he increases his height from seven to nine inches, and the length of his arms from twelve to fifteen inches. The performance lasts two hours and a complete change of programme is given each evening. Secure seats in advance, popular prices will prevail, 15c, 50c. and 75c.

"The Mummy and the Humming Bird"

"The Mummy and the Humming Bird," with Mr. Paul Gilmore as the star, as played in London by Chas. Wyndham at the Garrick will be here the 22nd of Aug. at the Opera House.

This expensive show is at present at Calgary for six nights, and on their tour around the world, will take in Kelowna, and this town should show their appreciation of good things by patronizing this successful English comedy drama. The representative having been successful with his listing here, requests all those that signed to be sure and exchange their tickets for reserved seats on Aug. 18th at Crawford's in order to take advantage of the special price. Also all those not on the list at present can sign it at Crawford's Book store, thereby getting a \$1.50 for \$1.00.

What are you going to do with the Flies?

They will come, you can't keep them out. You know they carry disease germs, why then don't you get rid of them?

You can drive a few out, you can swat a few more, and kill them, but necessity has once more proved to be the mother of invention, and has provided a way to dispose of them.

Tanglefoot Foot Fly Paper, 3 double sheets, 10c.

Fly Coils, "Flies," 3 coils for 10c.

Fly Coils, "Peoples," 5c. each.

Fly Poison Pads, "Wilson's," 3 packets for 25c.

Remember that flies are an awful menace to public health.
