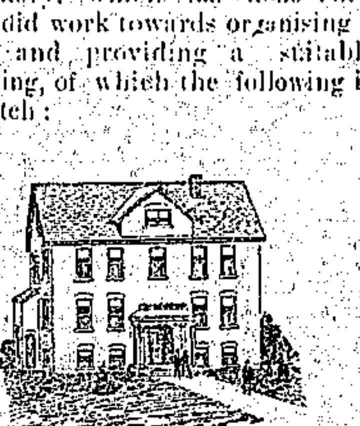
THE HOSPITAL

First Annual Ball.

A Great Success.

For some years a properly equipped hospital has been recognised as a great need of Revelstoke. That need is about to be supplied by the Committee, assisted by the Ladies Auxiliary, which has done such splendid work towards organising a fund and providing a suitable building, of which the following is a sketch:



QUEEN VICTORIA COTTAGE HOSPITAL, REVELSTOKE.

It is fitting that the aid received from other sources should be recognised, and chief among those who have lent a helping hand were Her Excellency, the Countess of Minto, wife of the Governor-General and President of the Queen Victoria Cottage Hospital Fund, and Miss McLeod, head of the Victoria Order of Nurses. By their kindness $1,500 was contributed from that fund towards providing a hospital for Revelstoke and advantage was taken of the visit west in September last by Her Excellency to have her perform the ceremony of laying the corner stone of a work that has so far been carried on nobly and successfully by those entrusted with it.

HER EXCELLENCY THE COUNTESS OF MINTO.

As a means of supplementing the funds provided by the government and the people a ball was organised. For weeks past the various committees appointed to see after the final arrangements in connection with the first annual ball, have worked liked Trojans, and one and all must have felt highly gratified last Friday night to see their unt[i]ring efforts crowned with so much success.

The ball was held in the Opera House and upon entering one was immediately struck with the

BEAUTY AND ARTISTIC ARRANGEMENT

of the decorations. We might safely assume that thousands of yards of bunting were used in connection with as many Union Jacks which were arranged around the front of the gallery and thence in festoons towards the centre of the room, where they were caught up to the ceiling.

The walls and every part of the building had received careful treatment from the decorators and reflected most creditably on those who were responsible for that part of the work. About nine o'clock the Grand March was led off by the President of the Building Committee, Mr. T. Kilpatrick, and Mrs. Carruthers, President of the Ladies Executive, followed in order by the officers from each of the two committees and other guests to the number of quite 200.

When Mr. Gordon had marched them around the room until all the dancers were in line, they all fell into place for

THE LANCERS

and what, with the multitude of smiling faces and pretty girls, shining costumes of the ladies and gallantry of the gentlemen, it formed a picture not soon to be forgotten by those looking on from the galleries (and there were a goodly number).

After this dance was over the programmes were eagerly sought and filled in some cases to overflowing, but we might add that the gentlemen on the committee were most kind and attentive and saw that no one sat out who cared to dance, and upon this I think in a great measure depended the pleasure and success of the evening.

THE FLOOR

was in excellent condition and with music that was really first class, furnished by our local orchestra, the first part of the programme was gone through almost before anyone was aware of the fact.

SUPPER

was then the order, and our visitors from outside points were first placed at tables, which by the way had been prettily laid on the stage, where room had been made for them by the removal of the scenery. Ample provision had been made for the multitudes and all the delicacies of the season were there served to the guests by attentive waiters in white coats.

Even while the orchestra were having supper dancing went on merrily to music furnished on the piano by kind volunteers.

Supper over, the

LAST HALF

of the programme was entered upon and dancing kept up most spiritedly until 4 a.m. A word of praise might here be given to the orchestra who were most untiring in their efforts to please, and good naturedly responded to repeated encores and extras not on the programme.

Mr. Doyle must not be forgotten, and faithfully fulfilled his part. It was a bitter night and he might have had many a more enviable position than door-keeper, which post, however, he unflinchingly stood by.

The dressing rooms were also worthy of note, warm and orderly, and presided over by capable hands. Guests were present from Field, Glacier and Nakusp.

THE DRESSES.

Any description of the dresses worn we almost consider a mistake, for where all looked so well it is very hard to particularize and be fair, especially since we have heard opinions so widely different on the same costumes. For instance, there were some sweet white dresses worn by a score or more of pretty girls. These were declared by many to be the daintiest and prettiest in the room. Others declared that among the many beautiful all black dresses were to be found the prettiest; still others admired most the pretty pinks and blues, and there were yet others who thought some of the black and white combinations were best, so you see with this diversity of opinion it were hardly safe to favour any one.

The following is a list of dresses worn, as nearly as we can follow:

GENERAL.

Refreshments were furnished gratuitously by the ladies of the city, and were served by the waiters at two long tables seating 60 people. The tables were decorated in blue and white. The attendance numbered 235, including the galleries. The music was provided by the Revelstoke orchestra consisting of J. Taylor (violin), G. Humphries (piano(, R. H. Sawyer (trombone), E. Edwards (cornet), and L. O'Neill (clarionet). Better music has never been supplied in the city. Extras were kindly played by Dr. Carruthers, Mrs. Wilks and Mr. Humphries. Messrs. R. Gordon and J. Guy Barber were Masters of ceremonies and ably carried out their duties.

Great credit is due to the Decorative Committee for the effect which their work had on the ball. This committee consisted of Supt. Kilpatrick, Messrs. McCarter, Kincaid and Downie assisted by Mesdames Carruthers, Lawrence, B. A. Lawson, Miss Spurling, Messrs. McBeth, Phipps and Capt. Taylor.

The refreshment committee consisted of Mesdames Carruthers, Clark, Lawrence, Wilks, Brundrett, Curtis, Didsheim, Spurling, L. Solloway, A. E. Solloway, Urquhart, with Mrs. B. A. Lawson in charge. The Stewards were badges, and the members of the Ladies Executive wore silk streamers on the shoulders, the badges and streamers bearing their designation and an engraving of the new hospital building; printed at the KOOTENAY MAIL office.

The ball programmes were of unique design, prettily embossed, and showing on the title page an engraving of the hospital building. These were also printed at the KOOTENAY MAIL office.

AFTERNOON TEA.

On Saturday after noon a tea, accompanied by music, was held at the Opera House. Music was kindly supplied by Mesdames Lawrence, J. M. Scott, Misses Spurling Fraser and Baker. Tea was served by the Ladies Executive, Mesdames Carruthers, Wilks, Lawson and Lawrence.

FRIDAY, JAN. 31, 1902.

The Liberals have won their first seat in Victoria, Riley, the Liberal candidate, having defeated Barnard, the conservative candidate, by 421 majority. The event is another testimony to the remarkable progress of liberalism in Canada, and to the confidence which conservatives as well as liberals feel in the Laurier government.

NEW BUILDINGS.

A Busy Season in Prospect

While the past season has been a dull one in the way of additions to buildings of the city, still it has shown a fair rate of progress. The following will give an idea of the extent of building during the year:

Erected by W. Abrahamson—H. N. Coursier's house $1,635, C. J. Aman's block $2,590, Chinese Joss House $1,325.

In hand by Foote & Abrahamson—A. McRae's residence $1,850, Hospital $8,000.

Erected by D. McCarthy—Downie's block $1,400, Wine & Spirit Co.'s warehouse $500, Herald office $600, E. A. Bradley's office $200, E. Solloway's addition $400.

Erected by John E. Wood, Wood Block $7,000.

Erected by A. E. Clark, Mr. Pettipiece's residence, $1,700.

Erected by W. A. Foote—E. Kimberley's residence $800; residence on Third St., $1,300.

Other buildings have been erected of which we have been unable to get particulars, but the facts show that about $30,000 was expended on buildings during the year.

The coming spring promises to be one of the most brisk and progressive in the building trade that Revelstoke has seen.

Messrs. Hume & Co. will build a fine store at the corner of McKenzie Avenue and First Street.

The Imperial Bank will probably build on the opposite corner, the estimated cost of the proposed building being $10,000.

T. Kilpatrick will erect a fine building on the lot which he has purchased between Reid & Young's and the Taylor Block, and Mr. Curtis will occupy part of it, Messrs. Taylor & George requiring the premises at the end of Mr. Curtis's lease for the grocery department which they intend adding to their business.

H. Lougheed will probably build on his lot opposite Reid & Young's.

V. Gallicano has let to D. McCarthy a contract for a new store on McKenzie Avenue.

New schools will be erected in the city at a cost of from $16,000 to $20,000.

It is probable that the Dominion Government will erect a building for a post office and custom house at a cost of $25,000.

A large store is projected near the post office.

Several new residences are also projected, amongst which are those for T. Sweeney and H. V. Scott.

F. B. Lewis has let to C. Fromey a contract for the basements of a handsome residence to be erected on McKenzie Avenue at a cost of $3600.

J. E. Long is making extensive additions to the Kootenay Brewery.

From information at present available it is probable that the new year on which we have entered will see an expenditure of at least $70,000 in new buildings, which is a substantial evidence of the growth of Revelstoke, and of the faith of its residents in the future of the city.

Thousands Sent Into Exile.

Every year a number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. Astounding cures result from persistent use. Trial bottles free at The Canada Drug and Book Co. Price 50 cents and $1.00. **Every bottle guaranteed.**

Liver Troubles.

LIFE FULL OF MISERY TO SUFFERERS FROM THIS TROUBLE.

Its symptoms Made Manifest by a Coated Tongue, Bad Breath, Bad Taste in the Mouth and Pains Extending to the Shoulders.

(From the Brockville Recorder.)

Sufferers from liver troubles find life one of almost constant misery, growing worse and worse unless prompt steps and the proper remedy be taken to restore the organ to its natural condition. Mrs. Joseph Leclaire, of Brockville, was such a sufferer, but has been, happily, released from the trouble by the only medicine known to thoroughly restore this important organ to its normal condition once disease has fastened upon it. To a reporter Mrs. Leclaire willingly gave her story for publication. She said:—"For a long time I suffered severely from complications of the liver and dyspepsia. I would awake in the morning with pains under my shoulders and in my stomach. My tongue was heavily coated, and I had a horrible taste in my mouth, especially on arising in the morning. I was constipated, and at times my head would ache so badly that I could scarcely let it rest on the pillow. There was such a burning sensation in my stomach at times, that it felt as though there was a coal of fire in it. The pain was especially severe after eating, and for months my life was one of misery. A friend advised me to take Dr. Williams' Pink Pills, and I did so. After using the first box, there was a material improvement, and in the course of a few weeks I felt that I was completely cured. My tongue was cleared, the bad taste left my mouth, the pains disappeared, and I am as well as I ever was. Before taking the pills I suffered from bronchitis at times, but it has never since troubled me. I can recommend Dr. Williams' Pink Pills to anyone who suffers as I did."

Dr. Williams' Pink Pills restore health and strength by making new, rich, red blood, thus strengthening every organ in the body. They do not act merely upon the symptoms, as ordinary medicines do, but go directly to the root of the trouble. In this way they cure such diseases as liver and kidney troubles, rheumatism, paralysis, St. Vitus' dance, heart troubles, sick headaches, anaemia, and the irregularities that make the lives of so many women one of constant misery. Do not be persuaded to take any substitute; see that the full name "Dr. Williams' Pink Pills for Pale People" is on the wrapper around every box. If in doubt the pills will be sent post paid at 50 cents a box or six boxes for $2.50, by addressing the Dr. Williams Medicine Co., Brockville, Ont.

CORRESPONDENCE

The Fish River Bridge

To The Editor,

Sir,—In your issue of the 24th I notice an item by your Camborne correspondent re the proposed bridge at the end of the wagon road, opposite Camborne. Now, it is a well known fact that there is no means of getting to Camborne with a wagon from this side, during the summer, and that a bridge is a necessity, so "why cavil at it?" We have asked three successive years for this bridge, and the government have gone so far as to send an engineer to survey the site, and also appropriated $200 to build it, but for some reason the money was used elsewhere.

Your correspondent goes on to say that the road is impassable and therefore a bridge would be useless. Now, I may say that of the two roads, one on the west side, and one the east side, the one on the west side is the only one being used today, and that the teams are hauling two tons of ore to the load and hauling back freight so that it does not seem as though the road is so bad. Furthermore your correspondent goes on to suggest a place for a bridge 3 or 4 miles further down the river, when there would have to be another piece of road built some three-fourths of a mile to connect with a bridge, in no better place than the end of the wagon road. There is no reason why the bridge should not be built at the end of the road, and no necessity to abandon four miles of good road to go over the same amount on the other side.

All we ask for is fair play. Give us the bridge and we will chance the impassability of the road. There has never been any more trouble keeping this road open than there has on any other mountain road in this country.

Trusting you will find space for this and thanking you in anticipation

I remain

FAIR PLAY.

PEEVISH CHILDREN.

Make the Mother's Life One of Care and Worry—How to Keep Baby Healthy and Happy.

Indigestion is one of the most common diseases of infancy, and it is also one of the most serious, for if it is not controlled, the constitution will be weakened, other diseases will find easy lodgement, and the child's whole future will be imperilled. At the first sign of indigestion, or any trouble of the stomach or bowels, Baby's Own Tablets should be administered. They act with promptness and perfect safety in strengthening the stomach and removing the offending material. Mrs. W. C. Tefft, Markham, says:—"Up to the time my baby was a month old, he was a perfectly healthy child. Then his stomach began to trouble him. He looked pinched and starved; his tongue was coated and his breath offensive. He vomited curdled milk, and was also constipated. After taking his food he would scream with pain, and although he seemed always hungry, his food did him no good. He was so restless and sleepless that I was almost worn out. Medicine seemed to do him no good until we gave him Baby's Own Tablets and they helped him almost immediately, and in a very short time he began to gain in weight, and is now rosy and healthy. Baby's Own Tablets cured my baby when nothing else helped him, and I would not be without them in the house."

This is the only medicine for little ones that gives an absolute guarantee of purity. Milton L. Hersey, M. A. Sc. (McGill) one of the best known analysts in America, says:—"I have made a careful chemical analysis of Baby's Own Tablets. My analysis has proved that the Tablets contain absolutely no opiate or narcotic; that they can be given with perfect safety to the youngest infant, and that they are a safe and effective medicine for the troubles they are indicated to relieve and cure."

Such an endorsement, from so high an authority, stamps Baby's Own Tablets as the safest, the surest, and the most reliable medicine for the ills of children.

Baby's Own Tablets are good for children of all ages. They reduce fever, cure colic, prevent and cure indigestion and constipation, check diarrhoea, sweeten the stomach, allay the irritation accompanying the cutting of teeth, and promote sound, healthy sleep. Guaranteed to contain no opiate. Crushed to a powder or dissolved in water, they can be given with absolute safety to the youngest infant. Sold by all dealers at 25 cents a box or sent post paid on receipt of price, by addressing the Dr. Williams' Co. Brockville, Ont.

New Medical Opinions on Deafness.

Specialised treatment for deafness is produced a decided revision of the opinions of the medical profession on the curability of deafness. Years ago the general practitioner yielded the treatment of the ear to the Aural specialists, but, despite the increase in the knowledge of the anatomy, physiology and pathology of the ear, and the ingenious instruments devised to reach the obstructions to hearing which are so deeply seated within the bones of the skull, no real progress was made until Dr. Drouet found a means of conveying medicaments to the diseased structures of the middle ear by utilising the well known absorbent properties of the skin. The remedial effects of the new treatment have been so remarkable in curing long standing cases of deafness that a special number of the "Journal for the Deaf" has been devoted to the description of the Drouet treatment, and to a brief resume of over 200 cured cases. We can only quote briefly one of these cures for the benefit of those interested in this subject, but this one case is of special value as giving the words of a well-known English Churchman.

When the Rev. John L. Meredith applied for the Drouet treatment, the consulting physician found that the deafness was of a chronic catarrhal nature, and obstinate in character as previous special treatment had failed to effect a cure. Under the Drouet treatment, however, as prescribed for catarrhal deafness, the result was satisfactory, as expressed in the following letter:

Fritwell Vicarage,

Banbury, July 22, 1901.

Dear Sirs,—You will be glad to know that the treatment as prescribed by your consulting physician has had curative effect. I do not require any more treatment, and shall be pleased to publicly recommend the Drouet Institute for Deafness.—Yours truly, JOHN L. MEREDITH.

For further information regarding the Drouet treatment, we refer our readers to the "Journal for the Deaf" mentioned above. Every sufferer or person interested in the subject should apply to the Drouet Institute for a copy of this interesting publication, which is sent free of charge, under cover. The Drouet Institute also gives free advice by means of a special report form, to patients unable to call at the Institute. For any information write to the Secretary, 72, Regent Park-road, London, England.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. F. C. Wells of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full size bottle."

Rev. Dr. Morris Wechsler,

Rabbi of the Cong. Bnai Israel.

New York, Jan. 3rd, 1901.

Drs. Taft Bros. Medicine Co.,

Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful. After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform or ether.

Very truly yours,

REV. DR. MORRIS WECHSLER.

AVON SPRINGS, N. Y., FEB. 1, 1901.

DR. TAFT BROS. MEDICINE CO.

Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign on your windows on 130th St., New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the 1st of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

Yours respectfully,

O. D. PHELPS, M. D.

I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I am now in the best of health and am doing business every day. This testimony you can make use of as you see fit. Home address, 235 Rivington street.

The cold spell of the past week was prolific in trouble with freezing and bursting of water-pipes. The boiler at the steam laundry froze up and cracked and the Acme Soda Water Works have had to cease operations till a warmer spell strikes the city. On Monday forenoon the C. P. R. shops had to be shut down owing to the cold and an engine had to be used for whistling the time instead of the shop whistle which had frozen up.

HALCYON SANITARIUM ANNUAL BALL.

The management of the Halcyon Hot Springs Sanitarium entertained over one hundred guests at their annual ball on Thursday last which proved to be a most enjoyable event. The excitement of the day began when the S. S. Kootenay arrived from Robson bringing the first contingent of invited guests from Sandon, Nakusp and other points along the lake. The gallant little S. S. Archer from Comaplix steamed in at half past seven with sixteen visitors from Thomson's Landing and Comaplix.

At nine o'clock the Kootenay, making a special trip by the kind courtesy of Capt. Short, returned with guests from Arrowhead and Revelstoke, and half an hour later the S.S. [illegible] little [illegible] came merrily tooting in with a second party of guests from Nakusp.

Dancing commenced at nine o'clock in the billiard saloon [illegible] was kept up with spirit until midnight, when supper was announced and all adjourned to the [illegible] an excellent cold [illegible] [illegible] of the [illegible] their [illegible] attendance of the waiters called for warm praise. After supper [illegible] said the manager of the hotel, Mr. T. McNaught, in a few well chosen words, welcomed the guests and expressed his pleasure in greeting them, [illegible] their enjoyment. [illegible] these parties had not dared to [illegible] upper the [illegible] a good [illegible] all doors some hundred yards away, nothing daunted by a good old fashioned western blizzard which was raging. Wraps were removed, and dancing was resumed with renewed energy and kept up [illegible] the dancing [illegible] two [illegible] five o'clock in the morning.

Every room in the hotel was occupied and many guests were accommodated in the cottages. Some of the non-dancing bachelors of the establishment on attempting to retire at a reasonable hour, found their quarters had been invaded by infantile [illegible] who were sleeping peacefully, while their mothers were enjoying the merry whirl.

The favorite dances seemed to be Schottisches, Waltzes, Two-steps, Lancers and Quadrilles, with an occasional French Minuet and Bon ton. Many beautiful dresses were worn by pretty girls who appeared to be thoroughly enjoying every moment as it flew. At six o'clock Captain Short blew his whistle for the return trip to Arrowhead, and the other steamers followed suit, and there was a merry rush for the pier. By half past eleven the S.S. Kootenay returned, bound for Robson and picked up such guests for Nakusp and other points, as had not been carried off by the tugs and the Annual Ball was over, everyone declaring that it was the jolliest one they had ever attended.

THE CARNIVAL.

Grand Turn-out at the Rink.

The annual carnival at the skating rink took place last night and was a great success, the attendance being the largest of the season, and many of the costumes exceedingly good considering the short notice. H. Craig, as Buffalo Bill. Several competitors were late, having come in after the judging was over. We have to thank Mr. A. A. Clark, who was at the door, for the list of costumes as handed in:—
