CAMBORNE.

Oyster-Criterion Mill Starts Crushing.

From Our Own Correspondent.

Burtly Crilley, assistant manager Ophir-Lade Syndicate, is in town.

Mr. McLean, scaler for the Harbor Co's. logging camp, was in town yesterday.

Rev. H. S. Solly conducted his usual service in the McDowell hall on Sunday evening.

The Camborne Water Supply Co. will soon be in a position to turn on the water in their mains. Householders situated on the upper terrace will find this a great boon, whilst those on the lower flat and nearer the creek will be glad to get it into their houses.

The Northwestern Development Syndicate, Ltd., of Goldfields, are milling the rock left over when the shut-down occurred, reported to be 200 tons. From specimens of the ore shown about camp the clean-up should be good.

Mr. Peters, of Rossland, stockholder in the Sirdar group of claims situated on Goat mountain, is here on a visit to the property. Considerable money has already been spent putting in a trail and building camp so that work can be carried on through the winter. Supplies are taken in and everything in readiness for a winter's campaign. Specimens of the ore on exhibition here give high values in silver with heavy percentage of lead.

In the Oyster-Criterion mine very satisfactory results are met with. Everything points to continuous work both in the mine and mill. Yesterday, the 24th inst., water was turned on for the first time in the Oyster mill, and the machinery set in motion with the most satisfactory results. The mill went into commission this morning.

The Eva is working about 40 men in the mine and outside, erecting new bunk-houses etc. The mine is opening out equal to expectation and those interested seem pleased with results. Owing to the cold weather which recently passed over the district, the mill was closed down for a few days. With the return of softer weather, work was again resumed on the old lines. The shut-down was more particularly caused by the freezing of the flume which is open. This will be overcome in the near future as I understand a contract is let to complete the flume throughout.

There are two lumber camps opened for winter work, one on either side of Fish river, about two miles from Camborne, and which employs from 90 to 100 men. These camps are of great assistance to that part of the population who are not miners and many others coming in from outside points. The camps are large and comfortable, and seem to give general satisfaction. Taking the present employment roll in and about Camborne there must be fully 200 people employed in the mines and lumber camps which in this season of the year is good. The general outlook therefore of the camp for the winter is as bright as one can expect.

Camborne, Nov. 25th.

LABOR'S CALL.

At the Massachusetts elections the socialist vote dropped from 33,692, last year to 25,000 this year showing a falling of over 33 per cent.

The motion in favor of socialism was defeated at the American Federation of Labor convention at Boston by 11,282 votes against 2,188 in favor of socialism. Addressing the Socialists' President Gomper said: "I am at variance with your philosophy. You are unsound, socially you are wrong, and industrially you are an impossibility. I have faith in the trades unionist movement because it is the protector of labor today, and if emancipation comes some time it must be through trade union movements.

RAIL AND STEAMER.

T. Downie will be promoted to succeed G. F. Rirteen as trainmaster at Revelstoke.

The C. P. R. has secured a contract for 300,000 tons a year of British freight hitherto sent by New York and American railways.

The Golden Star says: "Reports indicate that a chalet will be erected on Moose creek next summer, and the present road extended from Ice river to Moose creek, by the Canadian Pacific Railway Company. This means that a part of the large number of tourists who annually come to British Columbia will be diverted into the beautiful Kootenay valley."

Gen. Supt. Marpole, Messrs. Cambie and Cartwright, engineers, and Supt. Kilpatrick made a trip of inspection of the mountain division this week.

The C. P. R. have laid off a number of men engaged on timber and snowshed work at Rogers Pass, but Cam. Fraser and his gang have a lot of work to do there yet.

POLITICAL.

Skeena liberals want a provincial convention held at the coast on Feb. 1st.

Nelson Conservative Association refused to pass a motion endorsing the McBride government.

Manager Walker, of the Bank of Commerce, repudiates the McBride version of his opinion of the provincial government.

At a meeting of the Liberal Association Thursday it was decided to hold a general meeting of members on the second Tuesday of the month.

Judge Forin had to again adjourn the Fernie recount as the McBride government are determined to defy justice and steal that seat, despite the voice of the majority of the electors.

Some grave scandals in connexction with expenditure on works in Revelstoke Riding during the recent election are coming to light, and J. A. McDonald, the Liberal leader will probably demand on the floor of the house a full investigation.

The Toronto Telegram (conservative) says the pretence that John Houston M. L. A. was excluded from the British Columbia government by request of Lieutenant Governor Sir Henri Joly de Lotbiniere must be one of the devices of a hard-pressed premier. "If Hon. Richard McBride wanted Mr. Houston as a colleague, the prerogative of the Lieutenant-Governor could not, he used to thwart the people's will.

John Houston is pretty rough on the financial position of the McBride government. The Tribune says:—"A Government that is not allowed to issue a check to pay for any public work without its first being 'initialed' by a bank manager surely cannot undertake to aid in the construction of thousands of miles of railway. Premier McBride of British Columbia is at the head of a 'government' that cannot construct a mile of wagon road in a mining camp without first getting permission from the manager of the Canadian Bank of Commerce in Toronto, yet he talks glibly of what his 'government' intends to do in the way of aiding railway construction in the Province."

PROVINCIAL LEGISLATURE.

The special session opened at Victoria Thursday.

C. E. Pooley was elected speaker.

The governor's speech stated the session was called to consider the financial position of the province, relief of which would take the form of treasury warrants extending over a number of years, re-payable by instalments, and the amendment of assessment, land and school acts to relieve the revenue.

It was resolved to proceed with severity against persons guilty of bribery in the election.

NEW BUILDINGS.

Messrs. Fromey and Wilson have completed all but a day's work on their contract for the brickwork and masonry of the Imperial Bank's new offices.

Excellent progress has been made with the Presbyterian manse, which will soon be ready for occupation. The managers of the church intend to give a splendid house-warming when it is ready for occupation.

TO CORRESPONDENTS.

R. Gunn—Your letter will appear next issue.

THEN AND NOW.

What the Liberal Party Has Done For Canada.

"The years preceding the general election of 1896 were dark ones. Men high in public life were driven out of it and forced into retirement, some into prison. Disgraceful quarrels convulsed the ministry. The revenues were going down while the expenditures were steadily on the increase. Those were the days of big deficits and many loans. Trade was slack, immigration was at a standstill and altogether the state of affairs was discouraging in the extreme at the time the liberals succeeded in wresting the direction of public business out of the hands of the conservatives.

"From that day to this the dominion has flourished, the deficits have ceased to exist and there is now an enormous surplus which seems to be growing larger every year. The postoffice department has been placed upon a self-supporting basis. The public debt is being reduced by large amounts annually. Population is increasing as it never did before, tens of thousands of better class immigrants coming into the country from the old country and the United States. There is everywhere the busy hum of industry and prosperity is enjoyed on every hand. Representation in parliament has been adjusted with regard to consideration of the country's requirements and fair distribution of seats. Due regard has been paid to the cause of labor and its production by the formation of the bureau of labor and the important question of Chinese immigration, neglected by the conservative party has been finally settled and removed from the sphere of public issues and politics."—News.

FIRE.

Damage to J. J. Porter's Residence.

An alarm of fire was rung Wednesday morning the outbreak being at J. J. Porter's residence on McKenzie avenue. The brigade turned out promptly and extinguished the fire, which had broken out in the wainscotting of the wall behind the kitchen stove. Mr. Porter had gone out at five o'clock and had left the kitchen fire burning. A quantity of clothing in the room over the kitchen was destroyed. The damage is estimated at $300, and Lewis Bros., the agents who held the insurance policy, took prompt steps to settle the loss. Mr. Porter tenders his thanks to the brigade and public who assisted. The property was insured for $800 in the London and Lancashire.

THE MINES.

The Granby Consolidated has declared its first dividened of one per cent.

Lead has receded to 3½ cts.

The Central Star carried $267,000 for the past year.

The Camboone Miner says Sid Graham will have six men at work all winter on the Mammoth.

At Poplar work in the mines is going on apace. The tunnel on the Lucky Jack is in over 160 feet. At the Swede group, also owned by the Great Northern Mines, Limited a crossent tunnel is being driven to tap what is known as the galena ledge. Where opened on surface the ore measures a width of from four and a half to five feet. Intermixed with the galena is considerable free gold. This shoot promises a rich future for the mine, and sacking of the ore has been in progress for some days.

XMAS GOODS

New lines are being opened every day.

A visit to our store will readily convince the public that we are handling a superior class of goods. Quality is our motto.

The Kootenay Mail

SATURDAY, NOVEMBER 28, 1903

Chamberlain's great scheme for unification of the empire is catching on. Canada inaugurated the scheme two years ago, and now it is endorsed by South Africa, Australia and New Zealand, the latter colony having increased the duty on non-British goods by 20 per cent.

The progressive character of English statesmanship is shown by the fact that Joseph Chamberlain is advocating the referendum. If that system is desirable in England, how much more desirable is it in a new country like Canada where all sorts of schemes are afoot by charter-mongers to despoil the public estate. The referendum would be an effectual stopper to repetition of the land grant, railway and charter scandals of the past.

The C.P.R. commercial telegraph office in Revelstoke does a large and profitable business but is most inconveniently situated so far as the public are concerned. The office should be moved to the centre of the business portion of the city. The business warrants it. The public convenience demands it.

Hon. F. J. Fulton, who during the election vehemently denounced the Laurier government for firing conservatives and appointing liberals in their stead, has not been long in demonstrating himself an apostle of humbug and inconsistency for he has had Dr. Wade discharged as medical officer to Kamloops gaol, health officer, and coroner, and Dr. Procter appointed in his stead.

THE LARDEAU RAILWAY.

There has been much dissatisfaction in the Lardeau over the announcement that the Lardeau railway would be closed during winter, and as a result of the indignation expressed the C. P. R. have modified their position by saying they will run to Poplar if traffic warrants. This means that Trout Lake and Ferguson will be to a large extent shut off from transportation during this winter. This is grossly unfair treatment of the public interest by a company which has received enormous concessions in order that it may give the public some return and the people have a right to expect and demand fair treatment. If the Victoria cannot be operated on Trout lake during winter, then let the line be extended to Trout Lake City, so that this excuse for tying up the country for so large a part of the year shall no longer obtain. This railway has been operated as a fraud on the public from the day the charter was first obtained. The road was to be built as a continuation of the Arrowhead branch to give access to Comaplix, Beaton, Camborne, Trout Lake, Ferguson and other Lardeau points. It was not begun for years after the charter was obtained, but was used as a scheme on which to get injunctions and prevent the Great Northern coming into the Lardeau. When it was resumed the workmen were defrauded out of their wages and the business men out of their supplies until Mr. Galliher, M. P., arranged with the dominion government to protect the public and stop the amounts involved from the grant. The line was shut down during the winter months, construction was stopped at Gerard, and the length of 42 miles between Arrowhead and Gerard left untouched to this day. This is a glaring instance of the justification the people have in demanding the railway companies shall live up to their agreements or hand over the road to the government on a fair basis of valuation and compensation.

POLITICAL.

J. A. MacDonald, M. L. A. from Rossland and leader of the Liberal party in British Columbia, won golden opinions in the brief campaign in Vancouver City.—Miner.

G. McCormick, who was formerly interested in the Arrowhead Lumber Company, and is M. P. for Muskoka, has determined to run for North Ontario at next dominion election.

In an interview with the World J. M. Kellie said: "Yes; I intend to carry out the protest, I am not doing this to embarrass the government, but I believe I have good grounds, distinctly good grounds to ask for the election in my constituency. And I am assured that, that being done, I will get my seat in the legislature

The Tribune indicates trouble between Premier McBride and Hon. C. Wilson by publishing the following statement by Mr. Wilson: "I have been placed at the head of the conservative party with all the responsibilities that are involved in that position. * * * How can I surrender that position to another selected not by the majority of the party, but by the lieutenant-governor?"

The Tribune (conservative) regards McBride government's retrenchment policy as a farce and says: "There will be no suspension of public works or abolition of needless offices in Vancouver or New Westminster, but Victoria will "get it in the neck," for did not Victoria put one of the members of the "chum" government in his political grave. The present government is no more in earnest to bring about retrenchment than were any of its predecessors. Individually, when members of the last legislature, they thanked the Dunsmuir government for making them "liberal" appropriations at one session and denounced it at the next session for cutting down their appropriations."

POLITICAL VANCOUVER

Regarded With Contempt In the Interior.

Even the conservative press condemns the action of Vancouver in sacrificing all principles for graft in the by-election. The Tribune remarks:—

"Vancouver seems to be the headquarters of political thimble-riggers. Twenty-five per cent of the professed liberals of Vancouver can be depended on to vote against their party on occasion for the following alleged reasons: (1.) Graft from Ottawa, controlled by "Bob" Kelly; (2.) Graft from Victoria in the shape of land grants for railways; (3.) Fear that Joe Martin may gain political ascendency; (4.) Fear that Victoria may regain control of the government.

"The liberal faction, however, who vote liberal-conservative, now that Vancouver has the government, is large. They are the men who say: "The interests of the Mainland have been subordinated to the Island long enough." They imagine Vancouver is the Mainland, however. These men are narrow-minded and selfish, and whether they be professed liberals or liberal-conservatives can always be depended on to keep all four feet in the feeding trough, as long as the feeding trough is in Vancouver."

SHAKESPEARE SOCIETY.

A Successful Organization.

At the meeting of the committee of the Shakespeare Club on Tuesday the following characters were allotted for the study of "Macbeth": Macbeth, J. T. Wilson; Lady Macbeth, Miss Hall; Lady Macduff, Mrs. Holten; Hecate, Mrs. Bews; Three witches, Mesdames Jessop, Sibbald and Haggen; Banquo, A. E. Hagger; Duncan, H. N. Coursier; Malcolm, A. E. Miller; Donalbain, C. R. Macdonald; Macduff, J. Humphreys; Lennox, C. J. Aman; Ross and Sexton, Rev. C. A. Procunier; Monteith, A. E. Jessop; Angus, J. Lumb; Caithness, H. Jones; Son of Banquo, Miss Grant; Siward, Mrs. Coursier; Young Siward, Mrs. Lawrence; Boy, Mrs. Procunier; An English doctor, a Scotch doctor, Dr. Sutherland.

The thanks of the club are due to Rev. C. A. and Mrs. Procunier for the trouble to which they have gone in arranging for the meetings of the club at the rectory, but they must be gratified with the success achieved as the membership grows steadily.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you get the best. It always cures. For sale by all druggists.

LUMBERING.

The Okanagan Lumber Co. at Enderby, with which J. A. Taylor, formerly of Arrowhead, is connected, is largely increasing its plant.

The Canadian Manufacturers Association has taken up the question of aiding the lumber industry by the imposition of a tariff on American rough lumber so as to secure the Northwest market for the lumber industry of this province.

Hugh Brown has taken a contract for getting out 20,000 feet of timber at Trout Lake.

The C. P. R. have decided to reserve their timber limits for ten years expecting great increase in value of timber.

NEW PATENTS.

Rowland Brittain, patent attorney, Vancouver, reports the following patents issued during past week to British Columbia inventors:

Joseph C. Bonneau, Vancouver, U. S. Patent on his improved Stereotype Matrix Frame.

John Kincaid, Vancouver, a British patent on roller bearings.

INDUSTRIAL NOTES.

An important addition to the industries of the city is proposed by a factory to be built of brick and stone and located on First street.

B. C. Travis of St. John N.B. intends erecting machine foundry and blacksmiths shops at Nelson.

CAMBORNE GROUP.

New Company to be organised.

At a joint meeting of the Directors of the Northwestern Development Syndicate, the Trustee Securities Co., and Messrs MacKenzie & Rosenberger, held at the office of J. B. Curtis last evening, it was unanimously resolved:

That a new company be organised, and known as the Gold Finch Mining Company to take over the properties of the Nothwestern Development Syndicate.

That A. F. Rosenberger be appointed General Manager for the new company.

That the Mines Exchange, Ltd. be appointed official Brokers for the company and that all stock placed on the market be handled by the exchange.

Agreements are to be drawn and signed at once. The Northwestern Development Syndicate, people have surrendered, and are now willing to accept all the conditions named by the promoters of the new company.
Calumet, Mich., Nov. 14.

THE AGREEMENT.

We have been shown a copy of the agreement above referred to. This provides for the organization of a new company to be known as the Goldfinch Mining Co. J. B. MacKenzie and Angus MacKay convey to the new company their interests in the "Morning Star," "Centre Star," "Evening Star," "Red Fox," "Ridge," "Walrus," "Sea Lion," and "Bonanza" claims together with the right for 500 inches of water for power purposes on Menhinnick creek in consideration of 53,500 shares or $28,750 cash at option new company. A. F. Rosenberger conveys his interests for 13,000 shares, and the Northwest Development syndicate convey their interests for 190,000 shares, which will allow one share in the new company being given for every two shares issued by the Northwest Development Syndicate.

A. F. Rosenberger is appointed official broker to the new company which will immediately resume work on the Camborne group.

The Gold Finch mining company was organised with the following officers:

President—Edward Ulseth.
Vice President—Joseph Hermann.
Treasurer—I. W. Frimodig.
Secretary—W. Frank James.
Directors—W. S. Cleaves, William Condon, A. F. Rosenberger, Fred Roehm and Joseph Vertin.

THE MINES.

The stamp mill is running at Cherry creek mine.

The Oro Denora claims to be mining at a cost of 40c. a ton.

A contract has been let for 100 ft. drift on the Home Run at Poplar.

A strike of $100 ore is reported to have been made in No. 7 tunnel of the Eva.

The Great Northern Mines has made the final payment on the Swede group.

The Topic says that "Buffalo" has made a deal for his property at Second crossing, the amount being in the neighborhood of $50,000.

The Alpha group, on Great Northern mountain, has been purchased from the Fraser River, Lillooet and Cariboo Gold Fields Co. by Mr. Scheuster, of London, Eng.

When in the east J. D. Sibbald, as manager for Revelstoke and McCullough Creek Hydraulic Company held a meeting with the Duluth capitalists interested in the company. They expressed themselves well satisfied with the outlook, and with Mr. Sibbald's management of the enterprise and gave him full authority to represent them at the annual meeting of the company to be held at Revelstoke shortly.

The directors of the Northwest Development Syndicate have issued a forcible reply to a recent letter from H. Z. Brock, the late manager. Among other things they quote Brock as recommending them to purchase the Eva for $225,000, and assuring them he could pay for it in a year. He had also stated there was half a million dollars worth in sight on the Eva. They add: "Not until Curtis went to British Columbia in January were we aware that the company paid for the building of the hotel and store at Goldfields."

A strike of five feet of ore carrying high values has been made on the Swede group at Poplar. At the second crossing Roy and Matthews have uncovered a six-foot ledge of high-grade milling ore. On the Buck some parties have opened an iron sulphide lead carrying gold. On the north side of the river within half a mile of the second crossing, Roberts and his partners have a claim on which there is a quartz ledge, which is from 15 to 20 feet wide, and gold can be panned from most any of the quartz. Menaghan & Co., who own properties on the south side near second crossing, begin ground sluicing for uncovering the veins.

BABY'S OWN SOAP
prevents roughness of the skin and chapping.
Best for toilet and nursery use.
ALBERT TOILET SOAP CO., Mfrs. MONTREAL.

By saving 98 per cent of the values in the Waterloo ore, running about $85, the new Hendryx process of cyaniding has reached the highest achievement of its brilliant career. The tests by the Hendryx process were concluded at Spokane by C. M. Fassett, at whose ore-testing works the Hendryx system has been installed. Of this test Mr. Fassett says: "The ore ran 3.99 ounces in gold and 3.4 ounces in silver. We recovered 98 per cent of the gold and practically all of the silver."

Tanghe, who was sentenced to six months for obstructing the Lucky Jack at Poplar by working a placer claim, has been released on $500 bail pending hearing of application to quash the conviction.

CURLING.

F. B. Lewis, the new secretary of the curling club, is throwing great energy into the work. Assisted by H. N. Coursier and others 35 new members have been enrolled for the coming season and the number will reach nearly 50.

Another thing Mr. Lewis has heartily taken up is the organisation of a grand bonspiel in the city this winter to which all curling clubs in British Columbia and Calgary can be invited to take part and every effort made to give the visitors a good time. With this could be associated a good programme of winter sports, thus making Revelstoke a recognised centre for such attractions as well as Sandon and Rossland which have hitherto held the palm.

Kootenay Lodge No. 15 A.F. & A.M.
The regular meetings are held in the Masonic Temple, Oddfellows Hall on the third Monday in each month at 8 p.m. Visiting brethren cordially welcomed.
R. GORDON, SECRETARY.

SELKIRK LODGE, NO. 12, I. O. O. F.
Meets every Tuesday evening in Selkirk Hall at 8 o'clock. Visiting brethren cordially invited to attend.

Dated at Arrowhead, Aug. 28, 1903.
THE BIG BEND LUMBER CO. LTD.
THEO. LUDGATE, President.

NOTICE.

To Frank Ricket, or any person or persons to whom he may have assigned his interest in the "Empress" mineral claim, situate on the west side of Upper Arrow Lake, west fork of Pingston creek, Bald Mountain, in Upper Arrow Lake Mining Division, West Kootenay District, British Columbia:

You are hereby notified that I, the undersigned, have expended for you the sum of $215 in labor and improvements upon the said Empress Mineral Claim, under the provisions of the Mineral Act, and if within ninety days from the date of this notice you fail or refuse to contribute the aforesaid sum, together with all costs of advertising, your interest in the said mineral claim will become the property of the undersigned under Section 4 of the Act entitled: "An Act to Amend the Mineral Act," 1900.

Dated at Halcyon Hot Springs
This 1st day of September, 1903.

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the Northwest Territories and the Yukon Territory.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding free miner's certificates may obtain entry for a mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of $7.50 per annum for an individual, and from $50 to $100 per annum for a company, according to capital.

A free miner having discovered mineral in place, may locate a claim 1500x1500 feet by marking out the same with two legal posts, bearing location notices, one at each end on the line of the lode or vein.

The claim shall be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is $5.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at $1.00 an acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

Placer Mining, Manitoba and the N.W.T., excepting the Yukon Territory.—Placer mining claims generally are 100 feet square; entry fee, $5, renewable yearly. On the North Saskatchewan River claims for either bar or bench, the former being 100 feet long and extending between high and low water mark. The latter includes bar diggings, but extends back to the base of the hill or bank, but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged beds or bars of the river below low water mark, and subject to the rights of all persons who have, or who may receive entries for bar diggings or bench claims, except on the Saskatchewan River, where the lessee may dredge to high water mark on each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease one dredge for each fifteen miles or fraction is sufficient. Rental, $10 per annum for each mile of river leased. Royalty at the rate of two and a half per cent collected on the output after it exceeds $10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by its position on the 1st day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, $100 per mile for the first year, and $10 per mile for each subsequent year. Royalty, same as placer mining.

Placer Mining in the Yukon Territory.—Creek, river, gulch and hill claims shall not exceed 250 feet in length, measured on the base line or general direction of the creek or gulch, the width being from 1,000 to 2,000 feet. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days, if the claim is within ten miles of mining recorder's office. One extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party ordinary claims only.

Entry fee, $10. Royalty at the rate of two and one-half per cent on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying fee of $2. A claim may be abandoned, and another obtained on the same creek, gulch or river, by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least $200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed to be abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made and publishing notices in the Yukon Official Gazette.

Hydraulic Mining, Yukon Territory.—Locations suitable for hydraulic mining, having a frontage of from one to five miles, and a depth of one mile or more, may be leased for twenty years, provided the ground has been prospected by the applicant or his agent; is found to be unsuitable for placer mining; and does not include within its boundaries any mining claims already granted. A rental of $150 for each mile of frontage, and royalty at the rate of two and one-half per cent on the value of the gold shipped from the Territory are charged. Operations must be commenced within one year from the date of the lease, and not less than $5,000 must be expended annually. The lease excludes all base metals, quartz and coal, and provides for the withdrawal of unoperated land for agricultural or building purposes.

Petroleum.—All unappropriated Dominion Lands in Manitoba, the North-west Territories and within the Yukon Territory are open to prospecting for petroleum, and the minister may reserve for an individual or company having machinery on the land to be prospected, an area of 640 acres. Should the prospector discover oil in paying quantities, and satisfactorily establish such discovery, an area not exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of $1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

THE BIG BEND.

Progress in Lumbering, Placer and Lode Mining, and Ranching.

(Continued.)

TRANSPORTATION.

The late J. D. Boyd estimated that to provide transportation past Death and Priest rapids, 2½ miles of tram or between five and six miles of wagon road would be required, the work having to be carried above 12-Mile riffle. The only obstacle to navigation between these rapids and Canoe river is at Gordon rapids, eight miles above Smith creek. The obstacle consists of big boulders brought down Gordon river, but which can be removed by blasting. Thence to Canoe river is good water and Canoe river is navigable in midsummer but will have to be cleared out. Wood river is navigable for four miles.

With the opening up of the Big Bend there is thus available splendid field for transportation enterprise, which would involve the construction of a tramway past Death and Priest rapids and the placing of a steamer between the upper terminal of the tram and Canoe river.

What are the resources of the country which will justify such a scheme? Those who have read our articles on the mineral resources of the Bend will have seen that from Laforme creek to Canoe river these resources are very extensive. Laforme, Carnes, Five-Mile, Keystone, Downie, Camp, McCullough, French and Smith creeks all head in known and proved mineral belts with extensive fields of auriferous placer awaiting exploration. Gold, copper, silver and lead are found under promising conditions, and the mica fields of the Bend and Canoe river are amongst the most promising the world over. Large bodies of first-class mica have been proved up in these fields, both in the area south of Canoe river and at Tete Jaune Cache whence several shipments have been made by pack horses to the railway at Kamloops, and brought large returns. The eastern owners of that property are anxious to operate it, thus assuring extensive shipments of supplies in and of mica out. But it is in lumbering that a transportation system to the Bend will find immediate business. The Columbia river north of Revelstoke taps, with the main river and tributaries, about 600 miles of excellent timber country, in which will be operated a score of logging camps which will be big consumers of supplies and consequently good customers of a transportation company. It is the want of transportation at present that is keeping back this section of country.

Then there are the features of permanent settlement to be considered. There is room for hundreds of families to settle in the Bend. There are extensive areas of excellent land along the Columbia and Canoe rivers, Downie creek and other points, much of it excellent for fruit-growing, other are is adapted to general farming, and many thousands of acres could be made into excellent cattle ranches.

Mining, lumbering and ranching therefore make the future of the Big Bend and its tributary country one of assured active development and importance amply warranting the expenditure necessary to provide facilities for transportation.

To be Continued.

BEATON.

From our own Correspondent.

Andy Craig has removed to Trout Lake.

The village is full of people, and the hotel and stables are doing a thriving business.

Messrs. Dickinson, & Brantford, are erecting a new bunkhouse and granary in connection with their stable.

The road between here and Camborne is very rough as there is not snow enough yet to make sleighing.

M. Deaton, who was away for a month visiting his brother in Alberta, has returned bringing in a new team with him.

It is reported Geo. Goldsmith sold a part of his interest in the Big Showing for $8,500 and will soon leave for England.

George Goldsmith, who was charged with blowing off powder, knowing it to be stolen, appeared last Saturday before Fred. Fraser, S. M., and J. W. Thomson, J. P. A number of witnesses were examined but none admitted knowing anything about the powder, so the case had to be dismissed for want of evidence. Goldsmith was the "stylishest" defendant who ever appeared before a justice in the Lardeau. He wore a black dress suit, a plug hat, and in his flaming red tie sparkled a $300 diamond. He looked at the justices through a pair of gold-rimmed spectacles, and when he raised his hand to address the court his diamond ring sparkled like miniature electric light.

RAIL AND STEAMER.

The C. P. R. have laid off four train crews, two each running west and east.

An agreement is reported to have been arrived at between the C. P. R. and the committee of engineers and firemen.

Trainmaster Risteen goes to Vancouver beginning of the month and will run the passenger train from Vancouver to Kamloops.

Four C. P. R. telegraphers were discharged at Winnipeg the other day and the whole staff struck. The men were re-instated in short order and the difficulty settled.

HALCYON.

From Our Own Correspondent.

The C. P. R. has nearly completed the permanent telegraph line between Arrowhead and Cape North, north of Nakusp. The whole line around Galena bay and south to Cape North has been strung on two wires with posts and sounders, and Lineman Stevenson has made an exceeding good job of the reconstruction. He has been working all summer with a camp of about a dozen men.

ARROWHEAD.

From Our Own Correspondent.

Congratulations to Mr. and Mrs. Newman on the arrival of a baby girl.

Mr. Livingston's business is increasing so rapidly that he has engaged Percy Boyd to assist in his store.

Mrs. Barker left hurriedly last week for Vancouver owing to the sudden death of a sister.

The Arrowhead Lumber Co. have shut down their sawmill across the lake owing to the ice.

James Ludgate returned to Arrowhead last week after a long trip by water from Beaver to Revelstoke. He was accompanied by Neil McEachern.

The sleeping accommodation of both hotels in Arrowhead is taxed to the utmost, beds being made up in the sitting rooms or anywhere that a mattress can be laid.

On Tuesday week John Bull was summoned to appear before F. Fraser on the charge of selling clothing without having first taken out a pedlars license. A fine of $50 and costs was imposed and the case appealed by the defendant.

At his last service here Rev. Mr. Glassford said that he would like to see an organ placed in the school room for use at divine service and announced that subscriptions would be asked for the purpose of purchasing one that could be obtained at a low price in Toronto. On Monday Miss Barlee and Miss Pitblado in a few hours secured the necessary amount but still require a little more for the purpose of paying the freight on the instrument.

Members of the Church of England are wondering how it is that there is no service of their church held here. Though all denominations attend the services held by Mr. Glassford, and are glad to have an opportunity of doing so, yet he only comes every other Sunday. Therefore there is one Sunday we have no service at all, and it is certain that should a minister of the Church of England holds a service on the Sunday that Mr. Glassford is not here he would have a good attendance.

A Generous Gift.

Never before has any newspaper in the world offered so much for so little money as the Family Herald and Weekly Star of Montreal this season. Their two pictures—"Heart Broken" and "Hard to Choose"—are most delightful subjects and their map of Canada with special map of this province, is alone worth the money asked for the year's subscription with the two pictures and maps thrown in. Their generous offer is meeting deserved success; few homes in Canada will be without The Family Herald and Weekly Star when such value is offered for one dollar.

LOCAL AND GENERAL.

Trout Lake and Ferguson will organize a curling and hockey club.

A Russian mining engineer has found a wonderful remedy for consumption.

Andy Craig proposes building a skating and curling rink at Trout Lake.

There is a building boom at Golden several buildings being removed there from Donald.

J. D. Graham speaks in high terms of the conduct of the dominion immigration office in London, and says it is doing splendid work.

An accountant is being sent out by the dominion government to take up the Carlson & Porter claims for labor on the Lardeau railway as the results of Mr. Galliher's representations to the government that they should see these claims settled. This includes both five checks and bank checks issued by that firm.

CHURCHES.

PRESBYTERIAN.

Rev W. C. Calder will deliver a sermon specially appropriate to the occasion of the anniversary of Scotland's patron Saint, St. Andrew, on Sunday week.

Spent Over $2,000 Doctoring.

Mr. Joseph Pominville, of Stillwater, Minn., after having spent over $2,000 with the best doctors for stomach trouble, without relief, was advised to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. For sale by all druggists.

GRIP AND PASSWORD.

L. O. L.

A special meeting of L. O. L. No. 1658, will be held in the Oddfellows hall, on Tuesday, Dec. 1st. Lodge will be opened in the Royal Arch Purple Degree. All members are urgently requested to attend. Lodge will be opened at 8 p. m. sharp.

Chamberlain's Remedies.

Chamberlain's Cough Remedy.
For Coughs, Colds, Croup and Whooping Cough. Price 25 cents; large size 50c.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.
For Bowel Complaints. Price 35 cents.

Chamberlain's Pain Balm.
An antiseptic liniment especially valuable for Cuts, Bruises, Sprains and Rheumatism. Price 25 cents; large size 50 cents.

Chamberlain's Stomach and Liver Tablets.
For Disorders of the Stomach, Liver and Bowels. Price 25 cents.

Every one of these preparations is guaranteed and if not fully satisfactory to the purchaser the money will be refunded.

SOCIAL AND PERSONAL.

Mr. and Mrs. J. D. Graham have gone on to Victoria.

E. Baillie, of Poplar, has been appointed justice of the peace.

Mr. and Mrs. J. B. Hobson have returned to Victoria from Bullion for winter.

Mr. and Mrs. H. M. Carter of Ferguson have gone to spend the winter in Portland, Or.

Mr. and Mrs. C. D. Morris of Rogers Pass spent two or three days in the city this week.

Mr. Dorman postoffice inspector and Mr. Clute, customs inspector, were in the city this week.

The friends of T. Lewis, senior, will glad to learn that he is recovering from his recent attack of rheumatism.

Thomas Meredith, who is interested in the Arrowhead Lumber Co., came in from the east Friday and left next morning for Arrowhead.

Before Percy Boyd returned to Revelstoke last week a dance was given in his honor at Ferguson. The Eagle says: "Percy was a general favorite in Ferguson, and we hope to see him back in the spring."

Engineer Colbeck of steamer Revelstoke, returned Saturday from the coast where his wife has undergone two serious operations but is now progressing favorably. Mr. Colbeck goes to take a position at Nelson.

At the All American Conference of Bishops recently held at Washington, D.C., Bishop Pinkham of Calgary, read an excellent paper on the Methods of the Church's Work in Evangelizing the several races of Men in America.

A. McMillan of Westbourne, Man. and who is heavily interested in the Arrowhead Lumber Co. has been staying at St. Leon hotel some weeks, for the benefit of his health, as he has been suffering severely from rheumatism. His friends will be glad to learn that he is steadily improving and is now better than at any time since he went to the springs.

POULTRY.

Choice Pure-Bred Poultry—Single Comb Brown Leghorns. Because of lack of room for winter quarters, I will sell at very low prices a number of my pullets, hens and cockerels. For prices etc., address

A. E. A. LOWES.
Vernon, B. C.

No Home so Humble that it need be without

The Berliner Gram-o-phone

$15.00 brings you one. We make it easy for you to own a Gram-o-phone. Even an ordinary piano or organ costs a lot of money—there are lessons to pay for and weary hours of practice—and then a piano is only a piano.

The "Berliner Gram-o-phone" gives you more than 2000 selections to choose from.—"A child can operate it."

You can play it in five minutes. The work of the most famous instrumentalists, the voices of the grandest vocalists are produced for you. It sings and talks and every note and tone is true to life. You have in your home an instrument that is, at your pleasure, either an orchestra or a flute—a singer of comic songs or a speech-maker—all at prices not one-twentieth the cost of an ordinary piano and on terms so easy that anyone can afford it.

Prices of Gram-o-phones complete with 3 Records $15 to $45

Guaranteed for five years. "It is made in Canada."

Sold on easy monthly payments if desired. Write for particulars, Catalogue and list of Records.

LOCAL & GENERAL.

The British post office proposes to introduce the C. O. D. system.

A meeting of the hockey club is convened for Monday at the city hall.

Thomas Tollefsen, an old-timer in this section, dropped dead at Comaplix on Saturday.

George Knapp having resigned the position of deputy sheriff for North Kootenay, W. J. Law has been appointed in his stead.

Service of the petition against return of T. Taylor for Revelstoke was effected on G. T. Newman, returning officer, at Arrowhead on Thursday.

The Miner says: "The Beaton postmaster is reported to have become weary of his onerous duties and to have taken french leave."

The business of the Dominion Express Company has so largely increased in Revelstoke that the company has put on its own delivery rig.

Joseph Martin has entered suit for criminal libel against Field-Johnson, of Vancouver, for an anonymous letter written to the Vancouver Ledger.

Kamloops is to have the privilege of listening to the famous English clergyman, Rev. Mark Guy Pearse, in the Methodist church on Christmas evening.—Sentinel.

Chief Bain has discovered the perpetrators of the damage at the curling rink, and also the boys who have been damaging the drill hall, and steps will be taken to make an example of them.

A business men's organization to be known as the Poplar Trades Committee has been organised at Poplar with W. McGirr, of Vancouver, the popular representative of the Kurtz Cigar Co., as president.

A meeting of the committee of the Provincial Mining Association was held Saturday to confer with the local delegate, W. M. Brown, prior to his attending the meeting of the executive convened this week at Kamloops.

In reply to a telegram from F. B. Lewis, secretary to the Liberal Association, the postmaster-general promptly wired instructions to have a special mail despatched to the Bend on Thursday on the representations of those who urged the concession.

At the police court on Monday T. Skinner was charged on information of A. Cranat and wife with assaulting them. The dispute arose over some timber on plaintiff's land. Defendant was fined $30 and costs $11. The hearing of the case afforded the greatest amusement to the onlookers heard in court for a long time.

On Sunday morning the death occurred at her home on Second St. of Mrs. Williamson, formerly of Donald and Rogers Pass. The cause was an internal complaint. The funeral took place on Tuesday, the body being taken to the Presbyterian church and thence to the cemetery, Rev. W. C. Calder conducting the burial services. The funeral was largely attended. The pall-bearers were Ald. J. McLeod and Messrs. T. W. Bain, R. Gordon, D. H. McLean, W. R. Reid and J. H. Robinson.

At the assessment court for the riding on Saturday W. J. Dickey, judge, allowed appeals of Revelstoke and McCullough Creek Hydraulic, Reid & Young, R. M. Smythe, and W. Bews for reduction of stock valuation, Revelstoke Lumber Co. for correction of acreage but reduction of valuation was refused. G. S. McCarter's appeal on income tax was allowed. Union Cigar Co's. objection was referred to Victoria.

The executive of the Provincial Mining Association held a three days session at Kamloops this week, W. M. Brown representing Revelstoke. It was stated $1,700 was necessary to liquidate liabilities and an assessment will be made on locals. Resolutions were passed expressing dissatisfaction with the bureau of mines and system of taxation.

The new assessment roll for Revelstoke riding shows the remarkable increase of $200,000 for the year. The valuation of Revelstoke riding is: Real property $680,848, wild land $218,121, personal property $305,000, income $316,000.

H. A. Brown and W. A. Foote, on behalf of the Curling Club, collected $100 yesterday and got $300 worth of prizes for a bonspiel in Revelstoke, and one will be held.

The idea of organizing a chamber of commerce for the city is being heartily taken up.

Social and Personal

Mrs. Phipps has gone on a visit to Nelson.

J. M. Kellie returned from Victoria Saturday.

A dramatic society is to be organised in Camborne.

Postmaster McRae returned Monday from Vancouver.

Sir Wilfrid Laurier was 62 years of age on Friday, Nov. 20th.

Mesdames Le Maistre and Spurling leave for England on Tuesday.

C. Osborne, of Regina, has joined the staff of W. J. George's store.

J. B. Cressman made a business trip to Trout Lake and Ferguson this week.

The Ladies Hospital Guild expect to clear $200 from the ball held last week.

Mrs. Gall, daughter of Mr. and Mrs. S. Smith, returned Monday to Vancouver.

Mrs. W. H. Pratt, wife of the new manager of Molsons Bank, arrived Wednesday.

The Ladies Guild sent to the hospital the supply of good things left over from the ball.

W. W. Foster, of the superintendent's office, returned Wednesday from a trip to Vancouver.

B. R. Campbell has leased P. Agren's house on McKenzie avenue occupied by W. de V. le Maistre.

Ed. Corning returned Wednesday from an extended visit to North Carolina and eastern points.

Mr. Pratt has been appointed permanent manager of Molson's Bank and entered on his duties this week.

With her usual thoughtfulness for the young folks of the city Mrs. J. Palmer gave a farewell party to T. Hamilton on Tuesday.

A special meeting of the Ladies Hospital Guild in the city hall on Thursday next, Dec. 3rd, at 3 p. m. will close up business of the hospital ball.

Mr. Ward, Manager of Molsons Bank, will *leave shortly* on a holiday trip, at the close of which he will join one of the eastern branches of the bank.

Engineer Willis Armstrong received news today of the death of his sister's husband, an engineer on the Intercolonial, in a railway accident, and will leave for the east tomorrow.

The ladies of St. Peters Talent Society presented Mrs. Spurling yesterday with an address and a handsome brooch made of Big Bend nuggets on the occasion of her leaving for England.

G. F. Risteen, who has resigned his position as trainmaster, did so in order to move his family to Vancouver so that the children may have the benefit of the educational facilities there. Mr. Risteen leaves for there next week and Mrs. Risteen and children will move there in about two weeks.

At Mrs. Hyland's on Thursday night the Ladies Aid of the Methodist Church held a successful social, at which about 50 were present. A nice musical programme was rendered, the piano selections played by Misses Kenner and Lennox being a special feature of it. Refreshments were served by the ladies. The proceeds were to defray the cost of putting electric light in parsonage.

On Tuesday the wedding was celebrated at H. A. Brown's residence of E. A. Cameron, a prominent citizen of Sandon, to Miss Jennie Grant, daughter of P. R. Grant, of South Branch, Glengarry, Ont. Rev. W. C. Calder performed the ceremony. Donald Grant, brother of the bride, was groomsman, and Miss McRae bridesmaid. A dainty wedding luncheon was served by Mrs. Brown.

The Rossland Miner says: "W. B. Pool, popularly known as 'the King of the Lardeau,' is in the city on a brief business visit. Mr. Pool is a busy man these days, and his business continues to grow at such a rate that it keeps him hustling to handle it successfully. That he does handle it successfully is evidenced by the ease with which he disposes of any difficulties that crop up. The 'King of the Lardeau' is one of the richest men in Southern British Columbia, and the estimate is reckoned on a cash basis; if, however, his wealth is computed from the value of his mining interests, he may reasonably be classed in the front rank of western mine millionaires."

The Ledge says: "In the Catholic church, Tuesday morning, Rev. Father Jeannotte joined in marriage J. Geo. Macdonald and Miss Annie McKinnon, popular young people of Sandon. The ceremony was witnessed by a number of friends. Floral decorations were limited to the altar, and were very pretty. Mr. and Mrs. Macdonald took the K. & S. train for Kaslo, and will spend the honey season at Spokane." The bridegroom is partner in the firm of Macdonald & Monteith, of Revelstoke and his many friends here will join with us in wishing Mr. and Mrs. Macdonald a long and happy wedded life. Mr. and Mrs. Macdonald arrived in Revelstoke Thursday.

For Sale.

750 shares in Beatrice mine. Will sell whole or part. For particulars apply at office of KOOTENAY MAIL.

Wakeful Children.

For a long time the two year old child of Mr. P. L. McPherson, 59 N. Tenth St., Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these Tablets have effected a permanent cure and she is now well and strong. For sale by all druggists.

THANKS.

I hereby tender my thanks to the Fire Brigade and public who so promptly assisted in extinguishing the fire at my house on Wednesday morning.

J. J. PORTER.

CHURCHES.

ST. PETERS.

The Bishop will be here on Sunday week and will hold confirmation service.

PRESBYTERIAN.

On Sunday evening Rev. W. C. Calder will take as his subject "Scotland as a pioneer in the civilization of the world."

HAROLD NELSON.

At the school yesterday Harold Nelson gave an interesting address to the Shakespeare society.

To a good house last night the company appeared in "Richelieu," in which Mr. Nelson made a splendid success.

This afternoon the company held a matinee and tonight the "Taming of the Shrew" will be presented.

Better than a plaster.

A piece of flannel dampened with Chamberlain's Pain Balm and bound to the affected parts is superior to any plaster. When troubled with lame back, or pains in the side or chest, give it a trial and you are certain to be more than pleased with the prompt relief which it affords. For sale by all druggists.

It is stated Master Mechanic Temple will be transferred from Revelstoke shortly.

T. More will probably succeed T. Downie as chief despatcher at Revelstoke.

No. 1. Commencing at a post planted on Portage trail over Surprise rapids about one-fourth mile from the south end of it and marked "Adam Hall's northwest corner post," thence south 40 chains, thence east 160 chains, thence north 40 chains, thence west 160 chains to place of commencement.

No. 2. Commencing at a post planted on the left bank of the Columbia river beside James Gilmour's northeast corner post about ten miles below Surprise rapids and marked "Adam Hall's southeast corner post," thence west 80 chains, thence north 80 chains, thence east 80 chains, thence south 80 chains to place of commencement.

ADAM HALL.

Nov. 13th, 1903.

NOTICE is hereby given that thirty days after date I intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands, viz.:

No. 1. Commencing at a post planted on the left bank of the Columbia river about 12 miles below Surprise rapids and marked "G. A. Jordan's northwest corner post," thence south 40 chains, thence east 160 chains, thence north 40 chains, thence west 160 chains to place of commencement.

No. 2. Commencing at a post planted on the left bank of the Columbia river about 12 miles below Surprise rapids and marked "G. A. Jordan's southeast corner post," thence north 40 chains, thence west 160 chains, thence south 40 chains, thence east 160 chains to place of commencement.

G. A. JORDAN.

Nov. 13th, 1903.

NOTICE is hereby given that thirty days after date I intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands, viz.:

No. 1. Commencing at a post planted about 40 chains west of Olivia Robinson's northeast corner post on Canoe river, about 24 miles from where it empties into the Columbia river and marked "Jas. Ruxton's southwest corner post," thence east 80 chains, thence north 80 chains, thence west 80 chains, thence south 80 chains, to point of commencement.

No. 2. Commencing at a post planted on the west bank of the Columbia river at the mouth of Maloney creek and marked "Jas. Ruxton's northeast corner post," thence west 40 chains, thence south 160 chains, thence east 40 chains, thence north 160 chains to place of commencement.

JAS. RUXTON.

Nov. 18th, 1903.

NOTICE is hereby given that thirty days after date I intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands on the Adams river, Lillooet district:

No. 1. Commencing at a post marked "J. I. Fallihee's south-west corner post," planted on the west bank of Adams river, about 7 miles from Tum-Tum lake, thence east 160 chains, thence north 40 chains, thence west 160 chains, thence south 40 chains to place of commencement.

No. 2. Commencing at a post marked "J. I. Fallihee's north-east corner," planted on the west bank of Adams river, about 7 miles from Tum-Tum lake, thence west 160 chains, thence south 40 chains, thence east 160 chains, thence north 40 chains to place of commencement.

Dated the 16th day of September, 1903.

J. I. FALLIHEE.
