DANCE AFTER THE SHOW

To My Friends and Patrons

Thanking you for past favors and hoping to see you all again in the near future. The Sunday Chicken Dinner is on as usual. Just come over the Hill to the Penticton Hotel where you will receive the same welcome as in the past.

THOS. R. HANSON.

Sister Mary Stephen, who 21 years ago came to the Sisters hospital at Greenwood, passed away at Rossland on Friday, April 11th. Before taking the vows of sisterhood upon herself Sister Mary Stephen was known to the world as Elizabeth Dooley and was born in Ireland about 61 years ago. For over 30 years her life had been devoted to the care of the suffering.

Around Home

J. B. Desrosier, of Osoyoos, spent a few days in town last week.

Dr. Acres and W. J. Cook, of Grand Forks were in town on Tuesday.

Mr. and Mrs. C. R. Garris and two children returned this morning from Spokane.

High Mass will be celebrated in the Catholic Church on Easter Monday at 9.30 a.m.

Harry Royce left on Sunday morning for Hedley where he has secured employment.

Mrs. C. J. McArthur, of Butte, Mont., was visiting friends in town on Friday last.

R. W. Halcrow, of Penticton, was renewing acquaintances in town the first of the week.

Dick, the delivery horse of Taylor & Jenkin, died very suddenly on Tuesday morning.

BORN—At Mrs. A. J. Morrison's residence on Monday, April 14th, to Mr. and Mrs. C. S. Floyd a son.

George Sutherland returned to Beaverdell on Wednesday after spending a few days at his home here.

Mr. and Mrs Hanrahan and daughter and H. C. Stringer, of Westbridge. were visitors to town on Saturday.

H. R. Bidder left on Wednesday for the coast, where he will probably remove his family if business warrants it.

D. McPherson, the hustling garage man of Grand Forks, sold a new 1924 Superior Chevrolet auto to A. N. Mowat last week.

After having resided near Bridesville for the past 16 years Mr. and Mrs. J. F. Leighton and family left recently for Vancouver.

Miss Lilly Pickthall is expected in from Allenby this afternoon and will spend a few weeks in town the guest Mrs. G. S. Walters.

The Liberal-Conservative Convention for Grand Forks-Greenwood Riding will be held in the Greenwood Theatre on Friday, April 25th at 8 p.m.

Mr. and Mrs. Willard Smith motored in from Pasedena, Cal., via Portland and Vancouver reaching here last Friday morning. They are the guests of Mr. and Mrs. R. Lee.

On Good Friday and Easter Monday the merchants, bank and government office will be closed. The wicket at the Post Office will be opened on Friday after the 4 o'clock mail is sorted.

The attendance at J. C. Cruse's Auction last Saturday was fair. Prices were not up to expectations, the highest price for cows was $52.00. Hogs sold readily at varying prices, sows $41.00 to $21.00, and young pigs $12.50 to $9.00.

The annual meeting of the Greenwood District Liberal Association will be held in Riverside Hall, Rock Creek, on Tuesday, April 22nd, at 4 p.m. Business; Election of delegates to attend Grand Forks-Greenwood Riding convention.

Greenwood is fortunate in securing two conventions next week. The Liberal-Conservative Party will hold a convention in the Greenwood Theatre on Friday April 25th at 8 p.m., while the Liberal Party's will be held on Saturday, April 26th.

Mrs. Emery, postmistress at Boundary Falls is leaving at the end of the month and unless the Department can find a suitable person to take over the business the Post Office at that place will be closed. Twenty-five families get mail at Boundary Falls.

A soccer game has been arranged to take place on the hockey grounds at Kettle Valley on Monday, 21st April, between a team from Greenwood supported by some players from Grand Forks and a team from the Kettle Valley district. Kick off has been called for 2.30 p.m. Major R. Gray will act as referee.

West Fork Wailings

Paul Triadou and Jack Ferroux went to Midway Monday.

Mr. Burgess, of Spokane, motored to Beaverdell this week.

Sam Matthews, of Grand Forks, inspected his mill at Carmi recently.

Mrs. Rusch, of Rock Creek, visited friends in Westbridge on Sunday.

Mrs. Powers, of Midway, visited with her daughter at Beaverdell last week.

D. McPherson, auto dealer of Grand Forks, made a business trip up the West Fork Saturday.

Mr. and Mrs. Curtz and Archie Archer motored over from Molson Sunday, visiting with Mr. and Mrs. John O'Hara.

Hugh McKinnon made a trip to Bridesville Saturday. He has commenced operations in his new mill at Rhone.

Ed. Styles, road boss, moved his gang up to Beaverdell on Monday to complete the portion of road started last fall.

The Westbridge Hotel replenished the empty stomachs of many tourists both local and American, over the week-end.

C. A. Butler and party of the Butler Garage, Penticton, were displaying a few of Henry's latest models here Sunday.

Mr. Saunders, of Beaverdell, motored to Penticton last week-end. His wife and family accompanied him on his return.

The game law allows us to catch only 25 trout at a time. Tough luck! Hardly worth while going out for only half an hour fishing.

Gordon Haskell is trying to invent an attachment, whereby he can attach his broad axe to his new flivver and make it hew the ties.

The roads are good and Bush's orchestra will draw a big crowd to Greenwood on Friday, May 2nd, when a big social dance will be given.

Floyd Loomas, custom officer at Molson, Wash., and wife, and Mr. Avery, manager of the Molson State Bank, motored to Westbridge Sunday.

Summer has arrived! The wood-ticks are ticking, the house flies are buzzing, and the mosquitoes have just signed a two month's contract to drill for the sanguine fluid on all suitable locations.

Mr. and Mrs. Frank Buckless motored down to Kettle Valley on Sunday, visiting at the home of Mrs. Shillcock. They report having witnessed an exciting hockey match between the residents of Kettle Valley and the citizens of the "Cripple Gate," country.

The farmers around Rock Creek are very busy with their seeding. Already many green patches on the slopes, show rewards for their labors. A little more humidity however would be appreciated. Disappointed American tourists visiting that town on Sunday, report it almost as dry as Calvin Coolidge's country.

There are bugs with wings, both large and small,
Some wild and some quite tame,
The wood-tick has no wings at all,
But he gets there just the same.

Combination to Resume

The Combination mine of the Eholt Mining Co., will resume operations in the course of a few days. C. R. Garris, who returned from Spokane this morning, will be in charge.

Clean-up Day

Next Wednesday, April 23rd is the day set apart for the annual clean up day. Every back yard and alley way is expected to be cleaned up. The city will have a team and wagon to gather up all the refuse placed in heaps or barrels on the streets. Make Greenwood a city beautiful.

Meeting of the Greenwood district Rod and Gun Club will be held in the old school house, Midway, on Friday, May 9th at 8 p.m. instead of April 25th.

Kettle Valley Notes

Miss Fernstrom returned to Revelstoke on Monday.

Matins and Holy Communion will be held in the Anglican Church on Easter Sunday at 11 o'clock.

A football match will be played on the hockey grounds on Easter Monday at 2.30 p.m., Kettle Valley vs Greenwood. If it is not scientific it is sure to be amusing to watch, so spectators turn out and have a laugh at our expense.

The annual hockey match Kettle Valley vs Meyers Creek last week resulted in Meyers Creek winning by 6 to 5, after a very fast and keenly contested game. Major Gray kindly refereed the game. The teams were: Meyers Creek—A. Roberts, E. Richter, Mrs. Roberts, Mrs. B. Gane, J. Jacques, F. Richter, F. Letts, J. Harpur, E. Walker, T. Walker, Miss E. Thompson; Kettle Valley—J. Lander, J. Thompson, Miss Sterling, B. Gane, Frank Bubar, B. P. Hardcastle, R. Norris, Mrs. Rock, Paley Wilson, H. D. Hamilton, Mrs. Hamilton.

Midway Warbles

The bright lights of Chinatown are dimly burning.

The Midway Cubs were taken out on a route march last Saturday by R. D. Kerr.

The ball team is fast rounding into shape under the "eagle eye" of Manager Brown.

H. H. Pannell has 800 eggs in his incubators and expects to have 1000 by the end of the week.

A goat ranch would be a great asset to the town, provided the goats were of the tin-can eating variety.

Someone said that G. O. Guise has gone into the cattle business. He brought down a nice herd from Rock Mountain the other day.

Road-foreman Ferguson with a gang of men is putting the roads in fine shape. Motorists should have no kick on the roads around here.

Scotty Fawns was in town the other day on business. Someone said that Jimmie Moran tried to purchase Scotty's green painted Maxwell.

"Yes we have no Bananass", but we have a fine big flat here, suitable for the landing and rising of airplanes. Spokane readers, please note.

Mrs. John L. Bush and son, Farmers, were up from Spokane last week on a flying visit to Mr. Bush. They returned on Saturday morning again.

Another cold wave struck Midway Sunday evening, coming from the direction of Rock Creek. The natives are wondering if ice bergs have again appeared in the river at that place.

John Champa moved his family into town last week. John has purchased a new Buick Four from Republic, Wash. He says it has brakes on all four wheels so that he will not upset going round corners any more.

A radio message received from Rock Creek last Saturday evening stated the Provincial Police had swooped down on the "Old Burg" pulled off some strong arm stuff, and departed with the goods, under a shower of "farewells" from some of the natives. A later message stated that the old burg was so dry that it was cracking, and some of the natives were downhearted.

"Pink Teas" and "Showers" are the order of the night around the Burg at present. A few nights ago one of the natives gave a shower in honor of some of the Tie Manufacturers from across the Border. From authentic reports received, the affair was a "howling" success. Some able speeches were delivered on the manufacture and inspection of ties, etc. The guests took their departure in the early morning. Other reports state that some of the guests took more than their departure.

James Kerr is on an official trip to Penticton.

RED ROSE TEA "is good tea"

The ORANGE PEKOE QUALITY makes finer tea and more of it T-4

"Don't get tired—drink Bovril"

A Friendly Note Of Warning

When a man occupying the important and high office of Lieutenant-Governor of a Province feels it incumbent on him to lift his voice in public protest against the selfish attitude of people in Eastern Canada regarding matters of vital concern to the prosperity and development of the Provinces of Western Canada, it is time for those same Eastern people and interests to awaken to the fact that they are playing a nationally dangerous game.

Lieutenant-Governor Brett, of Alberta, is not a man to speak hastily or without giving due consideration to the effect any statement from a man in his position may have. He is a highly trained professional man, absolutely impartial, strictly non-partizan in a political sense, and intensely loyal to Canadian ideals and institutions. Yet on the occasion of a recent visit to Ontario he was, to use his own words, "goaded to exasperation" over the attitude assumed by Eastern people towards the West and its needs and problems to such an extent that he made known his mind in a newspaper interview in the course of which he asked the very pertinent question: "If a barrier was placed at Fort William, what would happen to all the Eastern industries"

Answering his own question, Dr. Brett declared they would be ruined. Yet Eastern interests go on blindly, and with a self-sufficiency amounting to smugness, declaring to the world and convincing themselves that they owe nothing to the West; that on the contrary, it is the East that has made and developed the West, and that his section of the Dominion is heavily in debt to them.

When a man in Dr. Brett's position even so much as hints in a published interview at the possible effects of cutting the Dominion in two at the head of the lakes, and follows that up by calling upon the people of the west to realize the absolute importance of "continuing to hammer away until they have a real voice in their own affairs," it is, we repeat, time for the East to give heed to the state of feeling they are themselves engendering in this Western country.

We do not believe there is more than a mere handful of people in Canada who would like to see the Dominion divided into two separate and distinct British commonwealths, east and west. At the same time there are unquestionably thousands who believe that economically Western Canada would be much better off, and decidedly more prosperous, if it was relieved from the handicaps imposed upon it through Eastern selfishness and self-interest.

The West demands the completion of the Hudson Bay railway. Every political party in Canada has approved its construction and pledged themselves to it. Yet the financial, transportation and commercial interests of Montreal, Toronto, Quebec and the Maritime Province seaports have been successful in denying this much needed outlet to the West.

The West stands badly in need of branch lines of railway without which tens of thousands of settlers are struggling to eke out an existence. These branch lines are likewise essential as feeders to the great transcontinental lines of our National railways, but Eastern interests opposed to Government ownership have thus far succeeded in blocking construction.

The East declares it cannot survive unless its manufacturing industries are bolstered up by high tariff protection imposed on the whole Dominion. The West has learned from bitter experience that it cannot develop and prosper under such a handicap. If the East insists upon and must have this artificial stimulus, let them have it, but give to the West, which can stand on its own feet and does not require artificial supports, freedom in regard to its own fiscal policies and needs.

The Western Provinces can only obtain "a real voice in their own affairs" by secession, by out-voting the East in the House of Commons, or by convincing the East as to the justice and necessity of admitting the West to a larger measure of authority in determining questions vitally and primarily affecting the West.

Secession should, and will be, seriously considered only as a last desperate remedy.

The ability to out-vote the Eastern Provinces can only come with enormously increased population, which increase is being delayed because of the handicaps imposed on the West.

The sane, sensible, patriotic solution is for the East to abandon their present attitude of regarding the West, as, one paper puts it, a child in need of a governess, and frankly admitting the right of Western people to a determining voice in matters absolutely vital to their own welfare and progress.

That unity essential to Canada's all-round development and prosperity as a nation can never be realized unless the East abandons its present selfish and arrogant overlordship. It is the Eastern attitude that provides fuel for the spirit of bitterness which it would be idle to deny does exist in the West. If East and West are to grow together, the one aiding and assisting the other, there must be a radical change of attitude east of the Great Lakes.

The Motor Car In Canada

The strides made by the automotive industry during the last decade have been remarkable. The motor car is no longer regarded as a luxury. It has attained its rightful place as a utility. The first auto was sold in Canada in 1869. Today the total registration runs close to 556,000. Official statistics show that 996,329 autos entered Canada during 1922 for touring purposes, representing a traffic value of $170,000,000. Thus the auto took fourth place as a revenue producer.—From the Saskatoon Star.

When some people are unable to do a thing they boast of it.

Immigrants For West

Six ocean liners with a total of 2,109 immigrants for Western Canada docked at Halifax recently. These new settlers travelled to Winnipeg over Canadian National lines for distribution throughout the west.

One New York physician says that business men who occupy offices on the upper floors of the great skyscrapers get flighty after a few years, and unless making a change, become mildly insane.

No reliable estimate of the comparative wealth of nations has been published since 1914.

CHILDREN CRY FOR "CASTORIA"

A Harmless Substitute for Castor Oil, Paregoric, Drops and Soothing Syrups — No Narcotics!

Mother! Fletcher's Castoria has been in use for over 30 years to relieve babies and children of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep without opiates. The genuine bears signature of

Chas. H. Fletcher.

A University at Sea

Six Weeks' Visit to the British Isles and Continent

In all respects the steamship Metagama will present a university at sea when she sails from Montreal on June 26 with more than 200 students from various Canadian universities, who are accepting the invitation of the Overseas Educational League to visit Europe this summer.

According to the itinerary, the party will disembark at Glasgow for a six weeks' visit to the British Isles and the continent. The British Empire Exhibition will be visited, as well as historic scenes of London and districts in Scotland, the Sir Walter Scott country, Stratford-on-Avon, and Oxford, and the fourth and fifth weeks will be entirely taken up by London. The party will go to France during the last week, and will sail from Southampton on the Empress of Scotland on August 16 for Canada.

Painful Sprains, Bruises Restored By Nerviline

There is soothing power in Nerviline that has made it famous for nearly fifty years past. It sinks in deeply, it penetrates quickly, it takes away the pain from a sprain and brings grateful relief to bruised, aching muscles. If your joints are stiff and you are suffering from Rheumatism or Lumbago; if Neuralgia bothers you now and again, use trusty old "Nerviline." It works wonders, whether the pain is internal or external. Get a large 35 cent bottle from your dealer to-day.

Hoatzin Is Valuable Bird

The hoatzin is a bird that swims, breaks rocks with its bill, and resembles a bat.

The University of Pennsylvania expedition, sailing for South America to explore the Amazon Valley, will try to bring back all the hoatzins it can find, it is announced, as their market value in America is $50,000 a piece.

SPRING IMPURITIES DUE TO POOR BLOOD

A Tonic Medicine a Necessity at This Season

Dr. Williams' Pink Pills are an all-year-round tonic for the blood and nerves. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season when the blood is so much in need of purifying and enriching, and every dose of these pills helps to enrich the blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disfiguring pimples, eruptions and boils—Dr. Williams' Pink Pills clear the skin because they go to the root of the trouble in the blood. In the spring anaemia, rheumatism, indigestion, neuralgia and many other troubles are most persistent because of poor, weak blood, and it is at this time when all nature takes on new life that the blood most seriously needs attention. Some people dose themselves with purgatives, but these only further weaken themselves. A purgative merely gallops through the system, emptying the bowels, but does not help the blood. On the other hand, Dr. Williams' Pink Pills enrich the blood which reaches every organ in the body, bringing new strength and vigor to weak, easily tired men, women and children. Try Dr. Williams' Pink Pills this spring—they will not disappoint you.

Sold by all medicine dealers or sent by mail at 50c a box by The Dr. Williams' Medicine Co., Brockville, Ont.

Discover Coal Seam

Excavations on the banks of the Little River for coal, within the limits of the city of Prince Albert, have struck a widening seam of harder quality coal. The engineer at the work, a man of practical mining experience, declares the merchantable coal is within measurable distance in the mine.

Makes Food Taste Better

No matter how good your fish or meat may be, whether a roast, a chop, a steak, poultry or game, Clark's Tomato Ketchup improves its taste. "Let the Clark Kitchens help you."

Says Horse Will Go

Professor Furlong of the University of California, says that in another century the horse will be extinct on our continent. He is so sure about this that he is now collecting skeleton specimens of horses for the California Museum.

Prize For Grain Exhibit

As an added inducement for Canadian farmers to exhibit their products at the Chicago International Livestock Show this year, the Winnipeg Grain Exchange has donated $500, to be added to prizes given by the Federal and Provincial Governments to the Canadian farmer who wins the grand championship in the grain section of the show.

Minard's Liniment for Headache

W. N. U. 1520

Women! Dye Faded Things New Again

Dye or Tint any Worn, Shabby Garment or Drapery

Diamond Dyes

Each 15-cent package of "Diamond Dyes" contains directions so simple that any woman can dye or tint any old, worn, faded thing new, even if she has never dyed before. Choose any color at drug store.

Paris Doing Away With Street Sweepers

Modern Machinery Taking Place of Women Workers

The old woman who shiveringly sweep the narrow streets of Paris have lost their fight against modern machinery. The city has decided their usefulness is ended. Henceforth only one vacancy in three will be filled, and before long these jobs will be abolished as their holders die or leave.

These women once were among the picturesque sights of Paris, swinging their long-handled, brushwood brooms, beginning at dawn. But now with few remaining there is more of pity than of romance in the sight. It won't be long until some good old woman will be photographed leaning on her witch-like broom and written about for the newspapers as the last of the sweepers.

His Flesh Horribly Burnt

His druggist sold him a cheap Acid corn remedy, instead of giving him good old reliable Putnam's Corn Extractor which has been for fifty years the Standard remover of corns and warts. "Putnam's" never fails, it is always a success. 25c everywhere. Refuse a substitute.

A Magnificent Edifice

Thousands of Curious People Visit New Union Station at Toronto

Hundreds of curious citizens daily take advantage of the opportunity to visit and view the new Union Station of Toronto, described as without a superior on the continent. With curiosity piqued by a two years' sight of closed doors, with interest roused by the storm of controversy over the "railway situation," the paying citizens come to see.

An hour before the time set for opening on the first day there were signs of a line-up. Two hours after the doors opened, 1,700 people had been admitted, and a total of nearly 4,000 curious people saw the white-marbled edifice on the first day. Day after day the crowd has not subsided.

Carved in a marble panel, and stretching round the walls, high up, are the names of cities of Canada. Long lines of wickets, seemingly endless, stretch down the vast floor areas. Beauty as well as efficiency is the keynote unused and will continue to remain so for some time yet.

In the main waiting room rows of softly curved and highly polished benches offer comfort to the expected public. The oak-panelled restaurant chamber rivals many a pretentious hotel. Luxury for the traveller that never comes, has not been forgotten in the "white elephant" of Toronto. In a room of spotless white marble he may enjoy either shower or bath. Material man can want for nothing. Even heavily laid cork flooring has been laid behind the wickets, etc., for the employees who must perforce use leg power to pursue their daily work.

The Poor Man's Friend.—Put up in small bottles that are easily portable and sold for a very small sum, Dr. Thomas' Eclectric Oil possesses power in concentrated form. Its cheapness and the varied uses to which it can be put make it the poor man's friend. No dealer's stock is complete without it.

The name of Rothschild, so famous in finance, signifies in German "Red Shield," and is taken from the sign of a shop in the Jewish quarter of Frankfort, where the foundations of the family fortunes were laid.

With so thorough a preparation at hand as Miller's Worm Powders the mother who allows her children to suffer from the ravages of worms is unwise and culpably careless. A child subjected to the attacks of worms is always unhealthy, and will be stunted in its growth. It is a merciful act to rid it of these destructive parasites, especially when it can be done without difficulty.

There are 564,510,000 Christians in the world and twice that many non-Christians.

All women are born equal, but some spoil it by getting married.

Dismiss that cough take SCOTT'S EMULSION

U.S. Airman Makes Altitude Record

Fifty Below Zero Encountered at Height of 28,411 Feet

Lieutenant Harold R. Harris, of McCook Field, established a new unofficial altitude record for airplanes carrying a load of 551 pounds, when the flight was made with little preparation in comparison with previous unsuccessful attempts. Instruments in the plane showed that a height of 28,411 feet had been reached and little change from this is expected on final calibration.

The former record was held by Adjutant Bury and was established on Bourget, Farnce, June 11, 1923, when a height of 27,768 feet was attained.

Lieutenant Harris was in the air about an hour and a half. A temperature of 50 degrees below zero was encountered at the peak altitude, Lieutenant Harris said, a compass on the plane filled with alcohol having been frozen to a cake of ice when he landed.

Canadian Memorial Finished

Remarkable Monument Has Been Erected at Denain, France

Sir Arthur Currie has received notification of completion of the monument erected at the town of Denain in the Department Du Nord, France, to the memory of the soldiers of Denain, who died during the Great War, and of the Canadians buried in the cemetery there.

The monument is surmounted by a large figure of peace and bears in the front below the figure, the statue of a French poilu. The back shows the entry into Denain of Gen. Currie and the troops of the Canadian corps. Round the base are inscribed all the names of the soldiers from the town of Denain who were killed and the names of the Canadians buried in the cemetery there.

Denain was captured on October 21, 1918.

ASPIRIN

Beware of Imitations!

BAYER

Demand

Unless you see the "Bayer Cross" on package or on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by physicians over twenty-three years for

Colds	Headache
Toothache	Lumbago
Neuritis	Rheumatism
Neuralgia	Pain, Pain

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proven directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Warfare of the Future

Claims Future Wars Can Be Fought With Invisible Rays

Wars of the future can be fought with invisible rays, which create a zone death, in which everything explosive or inflammable will ignite and even metals will be reduced to a molten mass.

That is the declaration of H. Grindell-Matthews, scientist, who claims to have invented a ray projector already effective over short distances.

At the present stage of his experiments, Grindell-Matthews has succeeded in extending a ray until at a distance of 40 feet it explodes cartridges and gunpowder, ignites substances and kills mice and shrivels plants.

Grindell-Matthews claims that at an expense of £3,000,000 he could create a 50-mile ray barrage about London which would absolutely prevent an attack on the city by aeroplane.

The ease with which corns and warts can be removed by Holloway's Corn Remover is its strongest recommendation. It seldom fails.

Old Ducal Castles

One of the famous old castles of Germany, that of the Saxe-Coburg ducal family, has been restored inside and out to the design which prevailed in 1836, and the owners believe that they have measurably added to the value and picturesqueness of the building.

Carried Out Execution

Mounted Police Officer Returns From a Trip to Far North

Completing his trip of many thousands of miles by dog train, Sergt. Hubert Thorne, of the R.C.M.P., has recently reached Edmonton, bringing with him the official report of the hanging of the two Eskimos at Herschel Island. Sergt. Thorne carried north the confirmation of the death sentence.

Both men were hanged in the old "Bone House" of the American whalers on Herschel Island by Special Constable Gill, who was sent north by way of the Mackenzie last year for the execution. Both met their fate with the stoicism of the Eskimo.

Both men had a long list of killings to account for, and each was feared by the other natives of Coronation Gulf and the country to the east; neither of them will be regretted and for many moons, as the Eskimos discuss the topics of the day in their igloos by the light of the blubber oil lamps, the story of the fate of Alikomlak and Tatamagana will be produced for the benefit of those who, desiring a wife, proceed to render her a widow preparatory to a new marriage.

In spite of the fact that Sergt. Thorne was held up by mild weather last fall in the Yukon, he lived up to the expectation of the force that the mounties are to be at the right place at the right time, and rushed the last 200 miles of his flying trip over the ice and snow and trotted his dogs into the station at Herschel Island one day before the date set for the execution to find that the condemned men were to be granted a reprieve until Feb. 1.

Grain Shipments Westward

An average of 90,000 bushels daily of wheat has been moving from Edmonton to Vancouver for shipment from that port. During a recent seven-day period 526 cars of grain, chiefly wheat, were examined and graded by the government inspectors at Edmonton.

Business Sense

Saleslady (to storekeeper).—Gentleman asks if this undershirt will shrink.

Storekeeper.—Does it fit him?

Saleslady.—No, it's too large.

Storekeeper.—Yes, of course it shrinks.

The only gold coin in general use in Egypt and the Sudan is the British sovereign.

WORLD HAPPENINGS BRIEFLY TOLD

Capital punishment has been abolished in Austria, Holland, Norway, Sweden, Portugal, Italy and Rumania.

Announcement is made that His Majesty, with great regret, has approved the disbandment of King Edward's Horse.

Divorces exceeded marriages in Constantinople during the last year according to the Daily Mail correspondent. He gives the official figures at 9,259 against 7,954.

A combined total value of imports and exports of $357,685,730 is the record of the port of Vancouver for 1923, according to a statement issued by the board of harbor commissioners.

Turkish police closed French and Italian schools in Constantinople. This action was taken owing to the failure of the school authorities to remove from the schools religious emblems.

Between eight and ten millions of dollars have been remitted to Canada through New York, in final adjustment of British Government debts to Canada hanging over from the war.

Police officers are given the right to arrest without a warrant of anyone carrying liquor, by an amendment to the Ontario Temperance Act, adopted by the legislature.

A passenger and mail air service between Victoria and Vancouver may soon materialize, if plans are found feasible. It will be the first service of its kind operated in Canada, it is said.

A Foe to Asthma. Give Asthma half a chance and it gains ground rapidly. But give it repeated treatments of Dr. J. D. Kellogg's Asthma Remedy and it will fall back even faster. There is no half way measure about this remedy. It goes right to work and drives asthma out. It reaches the inmost breathing passages and leaves no place for the trouble to lurk. Have it by you for ready use.

Valuable Map Found

Said to Have Been Made By Christopher Columbus

A map, made by Christopher Columbus and of great value owing to its possible bearing on his discovery of America, has been found under curious circumstances in the National Library by M. De La Ronciere, head of the printed book section.

M. De La Ronciere believes the map to be none other than the one which inspired Columbus' epoch-making voyage. It was filed in the library as a Portuguese map of the sixteenth century.

An illustration accompanying the document gives a notably fine view of the port of Genoa.

The map represents the earth as it was then known, in the form of an island enveloped by four oceans and gives in detail the coast lines of Europe and of Africa as far as the Cape of Good Hope.

Easy Now to Lose a Pound a Day

—In this delightful, simple way. No drugs, no dangerous thyroids, no back-breaking exercises, no massaging. Write for free sample of Alexander's Reducing Vitamines. ALEXANDER LABORATORIES, 431 Bohan Bldg., Toronto, Ontario.

Pay For Occupation Armies

An agreement between Foreign Minister Kalloff and the Inter-Allied commission has been reached by which Bulgaria will pay 25,000,000 gold levas for the expenses of the armies of occupation after the armistice.

Demand and Supply

American Farmers Will Soon Produce For Home Market Only

Not until American farmers have adopted the policy of producing only enough wheat for the domestic market will a tariff be able to afford real protection to them. The sheer drift of economic forces seems destined in time to bring about a condition in which American wheat farmers will produce for the home market only. Last year the world took only 173,500,000 bushels of our wheat, including flour, compared with 233,800,000 bushels in 1922, and with 366,000,000 in the fiscal year 1920. With the other great wheat producing countries able to grow wheat cheaper than the United States, and with the present great world sowings, a substantial reduction of our wheat acreage is inevitable.—New York Herald.

Is In Perfect Health Again

So Says Madame Blanchette of Dodd's Kidney Pills

Quebec lady suffered from bad kidneys for three years and was restored to good health by using Dodd's Kidney Pills.

St. Raphael, Que.—(Special).—From all parts of Canada come the same glad tidings, telling the same glad story of sufferers that suffer no longer, of the weak being made strong and healthy, and of the good work that is being done by Dodd's Kidney Pills. People are now learning the importance of keeping the kidneys in shape, of watching for the least symptom of Kidney Trouble, and they turn at once to Dodd's Kidney Pills, because they know they have a remedy that they can rely on, a remedy that never fails. Right here in St. Raphael, Madame A. Blanchette, a much respected resident, comes forward with a statement that adds to the long list of grateful letters. She says:

"For three years I suffered with bad kidneys and no other remedy did me any good. After taking six boxes of Dodd's Kidney Pills I am in perfect health again."

Soviet Airman Will Attempt Polar Flight

Will Set Up Red Flag On North Pole Not Later Than September

"The red flag must be set up at the North Pole not later than September," Rossinsky, the Russian airman who contemplates an aerial expedition to the top of the world in June, said.

According to Rossinsky, some ten persons, including scientists, will participate in the expedition. The airplane to be used, he said, would be of the hydroplane type, specially equipped to carry fuel for a 48-hour flight.

SPRING WEATHER HARD ON BABY

The Canadian spring weather—one day mild and bright; the next raw and blustery, is extremely hard on the baby. Conditions are such that the mother cannot take the little one out for the fresh air so much to be desired. He is confined to the house which is often over-heated and badly ventilated. He catches cold; his little stomach and bowels become disordered and the mother soon has a sick baby to look after. To prevent this an occasional dose of Baby's Own Tablets should be given. They regulate the stomach and bowels, thus preventing or relieving colds, simple fevers, colic or any other of the many minor ills of childhood. The Tablets are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Large Sum For Shakespeare Folio

At the auction sale of the portion of the famous Britwell Library in London, Dr. Philip H. Rosenbach, Philadelphia, paid £1,860 for a copy of Shakespeare's "Rape of Lucrece," 1632, of which only five copies are in existence.

More than £77,000 already has been realized at the sale. Dr. Rosenbach paid £63,000 for the most valuable items in the collection.

Estimates place the total population of the world at 1,500,000,000.

Constipation

Because they contain mercury and mineral salts, many pills are harsh. The easiest and safest laxative is Dr. Hamilton's Pills of Mandrake and Butternut. They clean the stomach, intestines and bowels—drive out waste matter, tone the kidneys, and forever cure constipation.

Dr. Hamilton's Pills Instant Relief

As a general tonic and system-cleanser nothing is so mild and efficient as Dr. Hamilton's Pills of Mandrake and Butternut. At all dealers. 25c per box, five for $1.00, or The Catarrhozone Co., Montreal.

McKim's Directory Of Canadian Publications

Daily Newspapers Have Decreased As Well As Weekly Newspapers

There are 1,499 newspapers and regularly published periodicals in Canada, against 1,553 a year ago. Daily newspapers have decreased from 121 to 114; semi-weeklies from 34 to 30; and weeklies from 1,022 to 975. On the other hand, a small increase has taken place during the year in the number of monthly and semi-monthly periodicals.

These facts are shown in McKim's Directory of Canadian Publications, under which name the Seventeenth Edition of the Canadian Newspaper Directory has just been issued. It is the only complete directory of the publications of Canada and Newfoundland, giving accurate, physical and circulation details of each publication.

At the back of the book are several lists of publications arranged for convenient use by the advertiser, such as the condensed list arranged by Provinces, the list of daily newspapers, the newspaper list arranged by counties, the classified list of general and special publications, and a list of publications in languages other than English or French, with statistics as to the populations they reach.

Information on the geography, population and industries of each province is given, as well as detailed facts about each city, town and village where a newspaper or other publication is issued. McKim's Directory thus is a valuable compendium of information commonly required by those whose business demands a general or specific knowledge of Canada.

A. McKim, Limited, is the publisher. In the preface it modestly states that it is only because of the service it renders to advertisers that it has become and remained the largest Advertising Agency in Canada.

The price of McKim's Directory of Canadian Publications is $3. Copies may be had from the McKim Offices at Montreal, Toronto, Winnipeg, Hamilton, and London, England, 6 Norfolk St., W.C.2.

Established a Record

Twin Brothers Work Together For Sixty-One Years

Richard and John Webber, twin brothers born near Barnstaple, Devon, in 1851, have established a record of coincidences.

When twelve years of age they started work together in Wales as moulders, and have worked side by side at the same occupation ever since. Both were married on the same day and they live next door to one another.

Each has ten children.

They have both been Sunday school teachers and choristers for 57 years.

For years Mothers Graves' Worm Exterminator has ranked as a reliable worm preparation and it always maintains its reputation.

Pershing May Retire

Famous American General Will Be 64 Years Old on Sept. 13

General Pershing has settled down for the last mile of his remarkable army career.

He has returned to his desk from a six months' trip in Europe, where he re-visited the battlefields and completed his story of the world war.

On Sept. 13 he will be 64 years old, and will retire from active service automatically, unless congress acts on a pending bill to waive the age limit, so that he may continue to give the army the benefit of his unparalleled military experience.

Saskatchewan Representation

Saskatchewan will again be represented at Toronto and Chicago livestock exhibitions to be held this year. This was decided at the meeting of the Saskatchewan Livestock Board held in Regina a few days ago.

Most cyclones in North America follow definite tracks which cover Southern Canada and Northern United States.

Minard's Liniment Relieves Colds

A Record-Breaking Play

Great Crowds Force Hold-Over of "Lightnin'" Another Week In Winnipeg

To meet the record-breaking demand for seats, "Lightnin'" will remain at the Walker Theatre, Winnipeg, through Easter week, with the annual matinees on Wednesday and Saturday. Early this week, when it became apparent that thousands would be turned away unless the famous comedy classic could be held over, arrangements were made to extend the engagement to Saturday night, April 26. On the following Monday, April 28, the company will move to Saskatoon, to split the week with engagements of three days each at the Empire Theatre in that city and the Regina Theatre, Regina.

Not since the farewell tour of Sir J. Forbes-Robertson has the Walker Theatre held such large, enthusiastic audiences as have surged in to meet Bill Jones, the flirtatious vaudeville actress, the Reno judge and the other widely - discussed characters of "Lightnin." The thrilling courtroom scene, the hotel astride the California-Nevada state line and the other high lights of the play have captivated Winnipeg audiences as completely as they did Broadway during its historic run at the Gaiety Theatre.

Thomas Jefferson, Bessie Bacon, Charles E. Evans and the other artists who are introducing "Lightnin'" to Canada, will be sent to London next summer.

Stops Coughs, Colds Sore Throat in a Night

Think of a medicine so healing, so balsamic and antiseptic that every trace of cold and soreness goes before it.

"CATARRHOZONE" is so certain in catarrh, bronchitis, that every case is relieved promptly. Experiment no longer — success is guaranteed if you use CATARRHOZONE—a veritable death to catarrhal diseases, because it destroys their cause and remedies their effects.

Delightful and simple to use, quick to act, sure in results. Better get CATARRHOZONE today. Large size, sufficient for two months' treatment, price $1.00; small size 50c. At all druggists. Refuse a substitute for CATARRHOZONE. By mail from The Catarrhozone Co., Montreal.

Instructions Obeyed

The managing editor of a city newspaper wheeled his chair around and pressed a button on his desk. The subordinate wanted entered. "Here." said the editor, "are a number of directions from outsiders telling us how to run the paper. See that every one is carried out." And the office boy, gathering them in a large waste basket, did so.—American Legion Weekly.

The Oil for the Farmer.—A bottle of Dr. Thomas' Eclectric Oil in the farm house will save many a journey for the doctor. It is not only good for the children when taken with colds and croup, and for the mature who suffer from pains and aches, but there are directions for its use on sick cattle. There should always be a bottle of it in the house.

Currenium, a new gas recently made by an electric process in Los Angeles for use in airships, is declared to be non-inflammable, non-explosive, cheap and easy to produce.

In Utah persons under sentence of death may, if they so desire, be shot by a firing squad.

MRS. ALBERT BLUNT

KIDNEY TROUBLE?

The Kidneys are the Blood Filters—When They Weaken and Stop Up, The System Becomes Overloaded With Uric Acid.

Toronto, Ont.—"I can highly recommend Dr. Pierce's Anuric (anti-uric-acid) Tablets to all those who suffer in any way with their kidneys or bladder. Anuric is by far the best medicine of the kind I have ever taken. My kidneys were congested and inflamed, my back ached something awful, my bladder was weak and I suffered from a scalding and burning sensation. I was almost down and out—but, thanks to Doctor Pierce's Anuric (kidney) Tablets I do not suffer any more. Those who suffer as I did will find Dr. Pierce's Anuric Tablets just the medicine they need."—Mrs. Albert Blunt, 6 Blevins Place.

Ask your nearest druggist for Anuric, in tablet form, or send 10 cents to Doctor Pierce's Laboratory in Bridgeburg, Ont., for trial package. Write Dr. Pierce, Prest. Invalids Hotel, Buffalo, N. Y., for free medical advice.

SUNDAY SCHOOL LESSON

APRIL 20

EASTER LESSON—THE RISEN CHRIST

Golden Text.—But now hath Christ been raised from the dead, the firstfruits of them that are asleep. I. Corinthians 15.20.

Lesson.—Mark 16.1-15.

Devotional Reading.—Psalm 16.5-11.

The Text Explained and Illumined

I. The Fast of the Resurrection Made Known, verses 1-8. The Jewish Sabbath closed at sunset, Saturday; when it was past, three women, Mary Magdalene (Mary of Magdala), who had been freed from "seven demons," Lk. 8.2, but there is no reason to suppose that she was "the woman who was a sinner" of Luke 7, as is often assumed), and Mary the mother of James (and sister of the mother of Jesus: Mt. 27.56; Jn. 19.25), and Salome (the wife of Zebedee and the mother of James and John), purchased spices to embalm his body. After sunset there was a lively trade done among the Jews, because no purchase could be made on the Sabbath.

With the exception of the Sabbath, the Jews gave no names to the days of the week, but called our Sunday the first day; our Monday, the second; and so on. Very early on the first day of the week, Mark says, the three women started for the tomb and arrived there when the sun had risen. On the way one fear engrossed them: "Who shall roll us away the stone from the door of the tomb" they questioned one another. They forgot about the guards, and until on their way evidently forgot about the stone that would keep them from entering the tomb and carrying out their purpose: at such a time one's mind is little occupied with "plain common sense." How common it is to worry about difficulties which do not exist! "There is an Indian legend which says that a traveller once had his way blocked by what looked like an impenetrable rampart of thorns. When however he advanced upon it, the thorn hedge turned out to be mist. The great stones we dread we often find have been rolled away. Trust your love rather than your fears. Courage is always the truest wisdom" (J. D. Jones).

Botanist Makes New Discovery

Coughing Plant In Tropics Has Dislike For Dust

Not satisfied with finding trees with heart beats, plants that trap living things and feed on them and other wonders, a botanist has now discovered a plant that coughs. This is a certain bean that grows in the tropical regions. The coughing plant is a very cranky member of the vegetable kingdom and has a great dislike for dust. As soon as a few grains of it gather on its leaves, the air chambers that cover the face of the leaves and are the breathing organs of the plant become filled with gas and swell until, with a slight explosion and a sound that resembles a human cough, the gas is expelled and blows away the troublesome dust.

Minard's Liniment for Corns

British Columbia Timber Resources

Three and a half million dollars, or nearly 20 per cent. of the whole revenue of the province, is the estimated direct gain from the timber resources of British Columbia during the coming fiscal year. Timber licenses are expected to produce $1,250,000, royalties $1,600,000, timber scales $350,000, and timber leases $100,000.

Among English miners there was formerly a curious belief that, when having a bath, they must not wash the back, as water weakened that part of the body.

Minard's Liniment for Sprains

War Material Scrapped

Largest Pile of Junk Metal in the World to be Sold at Vancouver

One of the greatest piles of junk metal in the world will be placed on sale in Vancouver to anyone willing to pay from $500,000 to $1,000,000.

In the earlier years of the Great War, the British and French Governments had constructed in Canada and the United States huge quantities of railway material for Russia. Forty thousand tons of car wheels, trucks, springs and bolts were accumulated in Vancouver—when the Russian revolution broke out. Not a pound was ever loaded on a ship. The material, which cost $14,000,000, was of a special size for Russian railways, and it is now advertised for sale in London.

"I Suffered Terribly With Sore, Aching Back"

Mrs. Roland Ferguson, 194 Lake St., Peterboro, Ont., writes:

"For over two years I suffered terribly with sore back. I was almost mad with the pain, and had doctored with it until I was discouraged. Then my father, who is a firm believer in Dr. Chase's Medicines, advised me to try Dr. Chase's Kidney-Liver Pills. I followed his advice, and am glad to say I was completely relieved of that torturing pain in my back. It is over a year since I used these pills, and I have had no return of the trouble, but always keep them in the house."

Dr. Chase's Kidney-Liver Pills

25 cts. a box of 35 pills, Edmanson, Bates & Co., Ltd., Toronto

THE LEDGE

Is $2.00 a year strictly in advance, or $2.50 when not paid for three months or more have passed. To Great Britain and the United States $2.50, always in advance.

EASTER

Of all the holidays in the year Christmas and Easter stand more prominently on the page of history than any others. Throughout all the mutations and vicissitudes that have entered into the world's history during the past two thousand years the two festivals that commemorate respectively the birth and the resurrection of the Man of Nazareth still shine with a luster that remains unfaded after a lapse of two centuries.

Easter was not kept as a festival until the fifth or six century, but previous to that the question of establishing it as a feast day came before the council of Nice, when it was decidedly authoritatively that Easter was henceforth to be the Sunday following the fourteenth day of the calendar moon which happened upon or next after the 21st of March so that this fourteenth day be a Sunday, Easter was not to be on that date but on the next following Sunday. Easter day, therefore, may be on any day within five weeks inclusive of March 22 and April 25. It cannot happen earlier nor later than these two dates. In 1883, Easter occurred on March 25, and again in 1894, which will be twice in the last century. In 1951 it will occur again on March 25.

Stock Breeders Meeting

The annual meeting of the Stock Breeders of Greenwood Riding was held recently in Riverside Hall. It was well attended, nearly all the local owners of beef cattle being present. James Lindsay was in the chair.

Accounts for 1923 were read showing a total expenditure of $105.00, the major portion of the amount being on range improvements. The balance on hand at the end of the year was $45.00.

The following were elected as directors for 1924: J. Richter, J. Madge, E. Richter, F. Roberts, H. Smith, J. R. Jackson and H. Martin. At a subsequent directors meeting J. R. Jackson was elected president and H. Martin secretary-treasurer.

The membership fee was fixed at $2 for 1924 with no rebate to members of other associations as was practiced last year.

The community bull pasture was discussed, 11 bulls belonging to members are to be pastured there this year and it was decided to levy a charge of $5 per bull, the money to be spent on extra fencing; a gate was all that was necessary to hold them last year on the naturally fenced pasture, but it is thought advisable to help nature out a little bit.

A committee of three were appointed to be in charge of marketing the cattle this year and an effort will be made to have all cattle shipped dehorned. Any members wishing to ship this year had better dishorn immediately, unless already done, to avoid disappointment later.

Subscriptions for 1924 are now due and the secretary would be glad to receive same in order to have all stock breeders on the mailing list.

Meyers Creek News

(Too late for last issue)

Richard Roylance added an addition to his home last week.

Gus Graser painted his limousine last week and greatly improved the appearance of it.

Ted McArthur is improving rapidly and hopes to be back home before the week is out.

Ed. Cook, champion tie hack at McArthur's, is working on an improved gear shift for Ford cars and if it is a success he is going to throw his broad-axe away and hit for the bright lights. All his friends wish him unlimited success.

Gus Lofvendahl is practicising trick driving in his Ford. At present he is trying to become efficient in running over large boulders without upsetting. He says that if he becomes expert he is going to Hollywood and do stunts for the movies. It is hoped that some of the films will reach here.

Midway United Farmers

The United Farmers meeting was held in the Old School at Midway on Saturday, April 5th. The president was in the chair. The attendance was not as large as usual on account of the auction sale. Visitors from Rock Creek Local were Major Gray and T. N. Walker.

It was decided that the Midway Local of the U. F. would pay a bounty on all gophers caught this summer, as well as offer three prizes. All tails to be turned in to the secretary-treasurer on or before the first Saturday in August. Bounty to be 2c per tail. For the greatest number of gophers caught by one party a prize of $3 will be given; second largest number $2 and the third largest $1. It is hoped that everyone will take a great interest in getting rid of this pest. Encourage the children to get all their gopher traps busy and see who will win the prize. Perhaps parents will add a little to the bounty for all gophers caught on their place.

Next Saturday is to be clean-up day in the new home of the U. F. in the Dr. Jakes building. It is hoped that everyone who can spare the time will be there and prepare a nice home for both the ladies and mens locals; also a kitchen and dining room for those popular and much enjoyed lunches at the close of the meetings.

The new officers for the ensuing year are: President, E. F. Keir; Vice-President, H. Bruce; Secretary-Treasurer, A. Lander; Directors, D. J. McDonald, J. Richter, S. Bender, F. Roberts, and H. Mair.

The next meeting will be on the first Saturday in May. Let every member turn out with new suggestions for the betterment of the local, and closer co operation. Co-operation and hard work are the only means by which the farmer can hope to succeed, and to get results they must go hand in hand. So bring all your friends to the next meeting on May 3.

Its a long time since there has been a dance in Greenwood, but the one to be given in the Masonic Hall on Friday, May 2nd, at which Bush's 4-piece melody orchestra will preside, promises to be a humdinger, with all the latest music. Don't fail to take this in.

Rhone News

(Too late for last issue)

Camille Saunier has finished hauling his ties.

Phosphate Beds Wanted

With the large acreage under cultivation in Western Canada there will soon be a demand for an enormous amount of manures and fertilizers in order to keep up a good yield from the land, so that the manufacture of fertilizer will year by year become a more important and necessary industry in this country. Among the constituents of these fertilizers phosphoric acid is probably the most important, and at the present time all the phosphate rock for fertilizer used in Canada is imported from the United States.

Phosphate is a log grade material that will only stand a limited expenditure on transportation, so that it is important that an attempt be made to discover workable deposits of this rock more adjacent to the western grain fields.

The Consolidated Mining and Smelting Co. of Canada, Ltd., is anxious to obtain Phosphate beds and will make free analysis for phosphoric acid for prospectors who send samples to their assay office at Trail, B.C., plainly marked with the name and address of the prospector, and giving the location from which the samples were obtained

Samples of Phosphate Rock can be seen and copies of a pamphlet issued by the above company to aid the prospector in locating such deposits of Phosphate Rock, can be had from the Government Agent, Greenwood.

Dorothy Gish Plays Lead to Barthelmess

Richard Barthelmess seems to have a penchant that calls for a new leading lady in each succeeding picture that he makes. At least, during the past year this has been the case, but even so, none can deny that Barthelmess has mighty good taste in choosing feminine support. His latest selection is the sprightly and charming Dorothy Gish, who will be seen with him in his new First National starring vehicle, "Fury," at the Greenwood Theatre on Saturday, April 19th.

Miss Gish has the role of a little boarding house slavey in Limehouse, London, with who Barthelmess, as the bashful second mate of a four-masted schooner, falls in love. She is said to give one of her most appealing delineations.

Others in the cast are Tyrone Power, Pat Hartigan, Barry Macollum and Jessie Arnold.

HOME FOR BOYS

ST. RAPHAEL'S HOSTEL HOME FOR BOYS attending High and Public Schools. Fees $30.00 month. Particulars apply to the Reverend, the Principal, 1186 Nicola St., Vancouver, B.C.

NOTICE

To Whom it may concern:—

On March 8th, 1924, at a Public Auction sale at Grand Forks, I was the highest bidder for the Providence Mineral Claim, Lot 618, in the Greenwood Mining Division, and am claiming delivery of title thereto.

I am not, and will not be responsible for any work done on such Claim, or any material delivered for use thereon, or for any improvements after this date.

Greenwood, B.C. March 27th, 1924.

JAMES KERR.

NOTICE

NOTICE is hereby given that the statements made by Mr. James Kerr that he has purchased the "Providence" Mineral Claim are not correct and if Mr. James Kerr or anyone representing him is found on the "Providence" Mineral Claim, Lot 618, of the Greenwood Mining Division they will be prosecuted for trespass.

DATED at Greenwood, B.C., this 3rd day of April, 1924.

"BANANZA" Mineral Claim, situate in the Greenwood Mining Division of Yale District.

Where located: In Fish Lake Camp.

TAKE NOTICE that I, Isaac H. Hallett, Solicitor, as Agent for Timothy Sullivan, Free Miner's Certificate No. 57821, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under Section 37, must be commenced before the issue of such Certificate of Improvements.

Dated this 27th day of March, A.D. 1924.

I. H. HALLETT.

"Provincial Elections Act"

GRAND FORKS-GREENWOOD ELECTORAL DISTRICT

NOTICE IS HEREBY given that I shall, on Monday, the 19th day of May, 1924, at the hour of 10 o'clock in the forenoon, at the Court-House, Greenwood, hold a Sitting of the Court of Revision for the purpose of revising the List of Voters for the Grand Forks-Greenwood Electoral District, and of hearing and determining any and all objections to the retention of any name on the said List, or to the Registration as a Voter of any applicant for registration; and for the other purposes set forth in the "Provincial Elections" Act.

Dated at Greenwood, B. C., this 8th day of April, 1924.

P. H. McCURRACH,
Registrar of Voters for the Grand Forks-Greenwood Electoral District.

Do you get the fullest use out of your telephone? Of course, you use it to call up a friend, or place an order with a tradesman, but do you always think of it when you need to do something personally? How many times would the telephone save you time? If a business man, how much money would the telephone save you? Many trips could be saved, if the telephone were used instead.

The telephone gives direct and prompt communication with that personal touch which brings both parties to a conversation close together. That is why it has become one of the greatest factors of business and social life.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.
