JOHN MEYER - Proprietor

The ordinary way to measure distance is by miles. You think any place you have in mind is so many miles away. It seems a long way off. Look at it another way. Measure the distance by minutes. Say to yourself, "Such or such a place is so many minutes away," meaning, of course, that if the telephone is used distance does not need to be considered.

If you want to talk to a friend or discuss a business matter, no place is very far away. Not only that, but the means of communication is always right at hand. Every telephone is a long distance telephone. Besides, if you talk in the evening, you can take advantage of the special rates.

IN THE SUPREME COURT OF BRITISH COLUMBIA

In the Matter of the Estate of Albert Maurer of Bridesville, in the County of Yale, in the Province of British Columbia, deceased, who died on the 11th day of May, 1924.

NOTICE is hereby given that by an order of His Honor John R. Brown, Local Judge, dated the 23rd day of May, A.D. 1924, the undersigned was appointed Administrator of the estate of the above named deceased. And notice is hereby further given that all persons having claims against the said estate are required to file such claims duly verified under oath, with me on or before the 18th day of June, 1924, after which date I will proceed to distribute the assets of the said estate among the persons entitled thereto having regard only to the claims of which I shall then have notice, and I will not be liable for said assets or any part thereof, to any person of whose claim I shall not then have received notice.

Dated this 26th day of June, A.D. 1924.

CHARLES KING,
Official Administrator,
Greenwood, B.C.

PRESBYTERIAN CHURCH

SPECIAL PATRIOTIC SERVICES

Sunday, June 29th.

Midway 11 a.m.

Greenwood 7 p.m.

Note.—Special printed programmes for each service.

In both cases, Morning and Evening, the Sunday School will unite with the Congregation. Let us make it GO TO CHURCH SUNDAY. FILL THE OLD FAMILY PEW.

AROUND HOME

Miss Vera Kempston, of Bridesville, is the guest of Mrs. James Kerr.

Mr. and Mrs. Ed. Pope and daughter are spending a holiday in Vancouver.

P. H. McCurrach returned on Sunday afternoon from a week's visit to Vancouver.

Frank Christian, of Christian Valley, has taken a position at the Providence mine.

Mrs. H. McKee left on Sunday morning for a visit with her daughter at Qualicum Beach.

BORN—To Mr. and Mrs. Chas. Nichols at Mrs. W. B. Fleming's residence, a daughter on June 21st.

W. E. Truesdale, of Victoria, is relieving Ed. Pope at the Govt. Liquor Store while Mr. Pope is on a vacation.

Mrs. Wm. Goulding and two children, Bill and Jean, of Nelson, are the guests of Mr. and Mrs. Thos. Jenkin.

Mr. and Mrs. Fred Benson, of Winlock, Wash., were visiting at the home of John E. Benson during the week-end.

Mr. and Mrs. Joe Christian and daughter and Miss Burns, of Christian Valley, were visitors to town during the week-end.

Hon. J. D. MacLean's many friends in Greenwood were pleased to learn of his election to the Legislature for the Yale Riding.

E. A. Wanke will commence development work next week on the copper and lead showing on the Vendella mineral claims south-west of Greenwood.

A. W. Francis, of Trail, is spending a few days in town the guest of his sister, Mrs. T. Jenkin, prior to leaving on a three months trip to England.

B. W. Harding, chiropractor, has closed his office in Greenwood and left on Wednesday evening for Grand Forks. Mr. Harding intends to locate in the Okanagan.

Allan Morrison came in from Washington State College, Pullman, on Monday, leaving for the Bell mine, Beaverdell, on Wednesday where he will be employed during the holidays.

Miss M. A. McLoughry, principal of the Superior School, has resigned. She was a most satisfactory teacher and well liked by all her pupils who regret her decision to resign.

Miss Elsa A. Olson, who has been teacher in the public school here for the past two terms left last Saturday for San Jose, Cal. She had a large circle of friends in town all of whom regret her departure.

P. H. Cosgrove, of Vancouver, an old-timer of Phoenix, spent a few days in town this week the guest of Mr. and Mrs. A. Legault, leaving on Wednesday to look after his mining property in Kaslo.

Among the visitors to town on Tuesday were H. C. Shaw and wife of Vancouver. Mr. Shaw is now and has been for several years Police Magistrate for the City of Vancouver, in which office he gives universal satisfaction. For five years Mr. Shaw was a member of the firm of Hallett & Shaw, barristers and solicitors, in Greenwood and left in 1904. Whilst here he called on his former partner, Jas. McCreath, Mayor Gulley, Thos. Walsh, G. B. Taylor, Alex. Greig, E. Parry and as many old friends as he had time to look up.

Jack D. Galloway, government mining engineer stationed at Hazelton, passed through Greenwood Tuesday after a visit to his father, C. Scott Galloway in Grand Forks for a few days. Whilst in town he visited the Strathmore mineral claim on which his father did much mining about 15 years ago and from his intimate knowledge of the claim and extensive mining experience we understand he gave valuable information to the lessees, which will be of great service to them. He spoke in high terms of the claim. It will be remembered that Mr. Galloway spent his boyhood here and went from here to McGill University, from which he graduated. He hopes to make a visit to the district next year.

Liberal Government Returned to Power

The Liberal Government was returned to power at the polls on Friday last. The Grand Forks-Greenwood Riding was carried by the Conservative Candidate, John McKie with a majority of 95 over his nearest opponent, the Liberal Candidate, E. C. Henniger. The standing of the parties this week were as follows: Liberals 20, Independent-Liberals 2, Independents 2, Provincials 4, Labor 3 and Conservatives 17.

A feature of the campaign was the defeat of Hon. John Oliver in Victoria and Hon. W. J. Bowser in Vancouver.

The absentee vote is now the chief subject of speculation in political circles, as it is expected to change results in a number of constituencies where majorities are narrow.

Late Mrs. J. E. Benson

The death of Mrs. Hulda Josephine Benson, beloved wife of John E. Benson, occurred in the Grand Forks Hospital at 7 p.m on Wednesday, June 25th, after an illness of only a few days. She was taken to Grand Forks on Saturday and on Tuesday her husband was informed that there was not much hope. She was the third daughter of the late Mr. and Mrs. Johan Sternberg, of Sweden, and was born on Aug. 26th, 1886. Nineteen years ago she immigrated to Rockfield, Ill., and six years later came to Greenwood, where she was married on March 7th, 1912. She leaves to mourn her sad demise besides her husband, three small children—Violet, Myrtle and Jack and three sisters and two brothers in Sweden.

The funeral service will be held in the Presbyterian Church on Saturday, June 28th at 2 p.m., interment to take place in the local cemetery.

Farmers Annual Picnic

Dominion Day, July 1st will be a gala day at Ingram Bridge when the farmers will hold their annual picnic. $100 will be given in prizes. The programme will be as follows:—

10.30 a.m. Jr. baseball match between Greenwood, Midway and Rock Creek.

1 p.m. Athletic sports including Tug-of-War, Motor Car Race, Obstacle Race, Relay Race (teams of 4, Greenwood, Midway, and Rock Creek) Three Legged Race, (men) potato race (men), potato race (women), fat mens' race over 185 lbs., boys pie eating contest, girls currant eating contest, 100 yards (men), 100 yards (boys under 16), 100 yards (girls under 16), childrens races will be arranged. The day will wind up with a big dance in the Co-Operative Hall, Rock Creek, starting at 8.30 p.m., Bush's Orchestra supplying the music.

Community Picnic

A Community Picnic is being arranged by the Presbyterian Sunday School and young people. The date is Friday, 4th July. Races will be held on the School Grounds commencing at 2 o'clock prompt, with Luncheon on the Picnic Ground in the afternoon. Ladies Aid will serve. Bring your baskets and all come. Make it a realy Community Rally.

Midway voted for the Sale of Beer by the Glass.

Kettle Valley Notes

Service in the Anglican Church on Sunday, June 29th at 7 o'clock.

Mrs. Gray and Miss King are spending a holiday at Coast points.

Mrs. Hill, Miss James and J. C. Jacques left ou Saturday for a visit to Victoria.

Comdr. N. Lewis was a visitor to the Valley last week, spending a few days with Major Gray.

The Kettle Valley School meeting will be held on Saturday, July 12th at 8 a.m, All taxpayers should be present.

George Whiting was forced to rest a few days at home last week, as he ran a large rusty spike into his foot while working at Bridesville.

The Misses Ethel Thompson, Rosie Madge, Evelyn O'Donnell, and Ted Whiting, Thos. Walker, Frank Richter, David Caldwell went to Greenwood on Tuesday for the Entrance examinations.

Mrs. A. Whiting won the sweepstake on the result of the Greenwood-Grand Forks poll, only being three out on one candidate and two on another. Major Glossop came second and F. Bubar third.

Midway Warbles

Election day passed off quietly. The results of the Poll were about as expected.

Charlie Snyder has gone up to work on the road gang at the Rock Creek crossings.

The results of the election look like back to the ranch for the Provincials in this neck of the woods.

The Grand Forks ball team invaded the old Burg on Sunday and cleaned up the locals to the tune of 6-0.

Someone said Ed Hood had retired from the government road service and had started in the dray business.

Midway is again in darkness. The Searchlights blew out on the night of the 20th. Someone said they were still flickering around Kettle Valley.

Bill Akers returned to town in time to vote, after a visit to friends in the Spokane district. Bill says the ranchers across the line won't make a fortune this year.

Frank Carey blew into town last Saturday. Frank came down to look over the political casualties after the smoke had cleared away. He was carrying a million dollar smile on his dial.

Lew Bryant and his bridge crew replanked the flooring of the Midway bridge last week. It has greatly improved it for auto's. You can now drive across without any danger of your false teeth dropping out.

George Barrett and family left on the G. N. train on Saturday morning for their home in Colville, Wn. They got badly shaken up in a motor accident at Boundary Falls when a steer owned by Geo. Swanlund ran in front of their car. The car turned over and the occupants had a miraculous escape, while the steer's right hind leg was broken and had to be shot. Bill O'Donnell has taken the wrecked car to Rock Creek for repairs. Several of the parts were stolen off the car while it was lying in the ditch.

It has been reported that a certain well known young married man burst into a telegraph office in the wildest excitement and wired his wife's relations as follows; "Twins today; more tomorrow!"

RED ROSE COFFEE For particular people
Pure! No chicory or any adulterant in this choice coffee C-2

Prospects Are Brighter

A decided change has been effected in the feelings of Western people during the past few weeks, with the result that a new spirit of courage and hopefulness has replaced discouragement and despondency in many homes and even districts. This change is noticeable in the conversation of people, in the renewed interest they are taking, not only in their own affairs, but in all matters of public concern, and is being reflected in a more confident note among business men.

The cause for this better tone is not far to seek. It is largely to be found in one development—the rising price of wheat, although there are other contributing factors. On the date this article is written, No. One Northern cash wheat is quoted at a fraction of a cent under $1.20 a bushel on the Winnipeg market, as compared with less than a dollar only a few weeks ago. The demand for wheat is strong in Liverpool, Chicago and Winnipeg, and the confident prediction of well informed grain men is that the price trend will continue upward, and that the era of low prices has gone for this year at least.

The change has been brought about by a realization that the world production of wheat last year was very considerably over-estimated, coupled with a reduced acreage seeded to wheat this year, to some slight extent in Canada, to quite a considerable extent in the United States. The Argentine crop last year fell millions of bushels below expectations; the winter wheat crop of the United States shows a decrease of approximately one-seventh in acreage, meaning fifty million or more less bushels, while the spring wheat crop, exclusive of Durums, promises to be short of actual home requirements.

Coupled with this world situation, and with Canada now in the very front rank as one of the chief wheat exporting nations of the world, is the fact that spring seeding throughout the West was carried on under almost ideal conditions, while the all-important June rains, with an absence of unseasonable hot weather, has resulted in the wheat rooting well and developing a strong growth.

The uncertainty which has prevailed for some time regarding the pool method of marketing has been definitely ended by the success achieved in securing the required acreage under contract in Saskatchewan for pool purposes, thus guaranteeing that the pool method of marketing will be in effect this year throughout the three Prairie Provinces. While actual experience alone will demonstrate the feasibility of the pool plan, the grain growers will at least have the assurance that their own interests will be well looked after, and this makes for increased confidence.

Another factor in the situation is that with the restoration of the Crow's Nest Agreement rates in full force, further reductions in freight rates on commodities of vital importance to the farming community will be in effect.

Still another factor is the rapid development of the Western route for grain shipments through the port of Vancouver and the extensive improvements being made to that port, and the provision of larger elevator facilities there to adequately handle this enormously increasing trade. The increase in grain shipments from the prairies to Vancouver last year was phenomenal, and at one time last year 42 vessels were in port. The statement is made that this year will show a still larger growth, and that commencing in September a fleet of not less than 200 vessels will operate out of Vancouver, including many tramp boats in addition to the vessels making regular calls.

Whatever may be the situation in other grain producing countries, the 1924 prospects are brighter for Western Canada than for some years past. Last year the West had no cause for complaint on the score of the size or quality of its wheat crop; the whole trouble was the low price which left a very small profit over costs of production and marketing, and in many instances no profit at all. Given a fair average crop this year, and substantially better prices—both of which appear likely of realization—a marked improvement in Western conditions is assured.

Prorogation In July

Canadian Federal Parliament Has Much Business Yet to Dispose Of

It is expected that the present session of the Canadian Federal Parliament will not prorogue before the middle of July at the earliest. There is still a considerable volume of work to be dealt with and even by eliminating the Wednesday evening vacation and sitting on Saturday mornings the business that Parliament must deal with cannot be cleaned up in less time than a month or six weeks. Work on the completion of the tower that is to be built over the main entrance to the main building on Parliament Hill has begun, and, it is expected, will be finished this year.

Good Price For Wheat

A. Nicholson, a farmer in the Rosebud district of Alberta, recently sold ready for the mills to a flour milling company. The company paid Mr. Nicholson a fraction over 92 cents a bushel, the top price, and he realized $23,000 for last season's crop of wheat. It was of the highest grade. Mr. Nicholson had an unusually high average yield and as he cleaned the wheat on his own farm there was no dockage. He saved charges on waste and fed the waste to his cattle.

Growth of Alberta

Although it is only eighteen years ago that Alberta became a province, its population has increased four-fold, while the grain yield has increased twenty-fold. Even at the present low prices the total agricultural products of Alberta in 1923 were worth $223,000,000.

U.S. Bankers Arrange Credit For Germany

Have Made Large Initial Advance To Discount Bank

United States bankers have completed negotiations for granting a credit of $25,000,000 to the German gold discount bank, organized by Dr. Hjalmar Schacht, extending an initial advance of $5,000,000 made six weeks ago. Enlargement of the original credit it was indicated in the financial district, was due partly to the delay in flotation of the international loan to Germany, although the syndicate had contemplated increasing its advances to Dr. Schacht's bank.

The Resurrection Bone

Writings of Jewish rabbis of a bygone age refer to a certain bone in the human body, known by the name of "Luz." This bone is also spoken of as the resurrection bone and was believed to be the nucleus of the resurrection body, because of its fanciful indestructibility. According to the common belief, this bone could be neither dissolved, broken, ground to pieces, nor burned. Its location is a matter of much dispute.

Alberta Cattle For Britain

A shipment of cattle has been despatched from Central and Northern Alberta to the United Kingdom, which is expected to be the forerunner of a steady trade between Alberta and Great Britain. The cattle were carefully selected and this initial shipment, it is hoped, will tell whether or not it is profitable for Central Alberta farmers to raise cattle for the Old Country market.

CHILDREN CRY FOR "CASTORIA"

A Harmless Substitute for Castor Oil, Paregoric, Drops and Soothing Syrups — No Narcotics!

Mother! Fletcher's Castoria has been in use for over 30 years to relieve babies and children of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep without opiates. The genuine bears signature of

Chas. H. Fletcher.

Tourist Trade Valuable

Amount Spent Last Year In Sweden Was $5,000,000

About $5,000,000 was spent in Sweden last year by 50,000 tourists, according to estimates compiled from data collected by the Swedish Traffic Association. It has been possible to estimate from the business done by hotels, steamship lines, railroads, the larger places of amusement, etc., that the number of foreign visitors in Sweden has risen from about 35,000 in 1920 to about 50,000 in 1923.

The money brought into a country by tourist trade is usually spoken of vaguely as part of the "invisible trade balance," but experts in Sweden are now becoming interested in estimating these expenditures per capita. Lieut. T. Segerstrale, director of the Swedish Traffic Association, has computed the average expenditure within Sweden by tourists as about $100 for each person.

Drives Out Rheumatism Subdues Lumbago

Brings Ease and Comfort to the Sufferer at Once

NERVILINE

A King Over Pain

Those who seek permanent relief from the grinding pain of Rheumatism and Lumbago should read the letter of F. E. Normand, from Georgetown, who writes:

"I was fairly crippled with aching joints and Rheumatism. Nerviline must have been what I needed, because it cleared up my trouble quickly."

"If you need a reliable, strong, penetrating pain remedy, one you can depend on, get a 35c bottle of Nerviline today; it will make you well quickly."

A Mother's Tribute

Sent Wild Flowers To Be Placed On Cenotaph

A police constable on duty at the Cenotaph was surprised by a postman handing him a package addressed to "The Policeman at the Cenotaph, Whitehall, London."

He carefully opened it and found that it contained a little bunch of wild flowers, packed with the greatest care.

With the flowers was a little note, asking the policeman kindly to place them on the Cenotaph, as the writer was unable to travel so far to do so herself.

The constable reverently complied with the modest request. The flowers were a mother's tribute to her dead son.—London Letter.

CHILDHOOD CONSTIPATION

Constipated children can find prompt relief through the use of Baby's Own Tablets. The Tablets are a mild but thorough laxative which never fail to regulate the bowels and stomach, thus driving out constipation and indigestion, colds and simple fevers. Concerning them Mrs. Gaspard Daigle, Demain, Que., writes: "Baby's Own Tablets have been of great benefit to my little boy, who was suffering from constipation and indigestion. They quickly relieved him and now he is in the best of health." The Tablets are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A Huge Payroll

The pay-roll of the combined British Columbia timber interests is estimated to be not less than $50,000,000. This represents at least one-third of the total industrial pay-roll of the province and, at a conservative estimate, proves the means of support for at least a quarter of its total population. There are over 3,600 firms exclusively engaged in the production, manufacture and handling of British Columbia wood products.

Corns are caused by the pressure of tight boots, but no one need be troubled with them when so simple a remedy as Holloway's Corn Remover is available.

Something To Boast Of

Maubin, Burma, has the largest and most mosquitoes in the world, scientists declare. Great detachments of mosquitoes swarm out to meet every visitor. They hang in festoons from the white awnings, the mosquito nets, the table linen and the punkah flaps. Every window and crevice of the European houses in Maubin is protected by sliding curtains of iron gauze.

Motor Graveyard

Automobiles sometimes die young in the "motor graveyard"—a lake near Hull, Eng., which lies beneath a high cliff—workmen for insurance companies have dragged up many new automobiles recently.

The route taken by Captain Roald Amundsen in his North Pole flight this month will be by way of Genoa, Zurich, Zuider Zee, Bergen and Spitzbergen.

Minard's Liniment, the Athlete's Remedy

Curious Exhibit At Wembley

Insignia of Sierra Leone's Notorious Society of The Human Leopards

One of the curious things to be seen at the British Empire Exhibition at Wembley is the "Borfima," or insignia of Sierra Leone's notorious secret society of the Human Leopards.

This dread organization, with others of its kind, has now been disbanded by the government, but while these savage gangs existed they terrorized the natives by a well organized system of blackmail and cannibalism.

Founded solely for cannibalistic purposes was the "Human Alligator Society." This was composed of a sect of expert swimmers and divers, who would swim long distances under the water, spring out and grab some unwary one, who would be dragged under and drowned. To divert suspicion in case they were seen, they wore the head and skin of a crocodile, or hid between two canoes.

Each member of this band was obliged, when so ordered, to furnish a fresh victim or he would be captured and devoured.

The acting member of the "Human Leopards," on the other hand, was disguised in the mask and pelt of a leopard. Should anyone refuse the demands of this tribunal, or otherwise offend it, the victim would be attacked from behind, and sharp iron claws would be dug into his throat.

Editors Gone Touring

187 Weekly Newspapermen Are Making Tour of Europe

One hundred and eighty-seven editors of weekly and semi-weekly newspapers throughout Canada, members of the Canadian Weekly Newspaper Association, left Montreal on the S.S. Melita, which sailed for Liverpool on June 11th for a trip to Europe. The party, which is headed by W. R. Davis, editor of the Renfrew (Ontario) Mercury, and chairman of the association, will visit the principal places in the British Isles, including, of course, the British Empire Exhibition, and the battlefields of France and Belgium. It will be some time in August before the party will be home again. Several of the editors are accompanied by their wives.

Difficult to Start Aircraft in Arctic

Only Air-Cooled Engine Can Be Started Easily

After testing British aircraft within the Arctic Circle, Frank Courtney has returned and related his experiences. He says the cold was intense and difficulties were experienced in starting the engines. Oil had to be brought up to the boiling point before being put into the engine. The air-cooled engines start fairly easily, but steam had to be blown through the water-jackets of the others to bring them up to a reasonable temperature for starting.

Thinks Tar Causes Cancer

Do tarred roads cause cancer? City Councillor Jousellin, of Paris, maintains they do. Pointing to the greatly increased mortality from cancer in recent years, he observes that it is particularly prevalent among workers handling tar. For this reason he recently demanded that the tarring of roads should cease in the department of the Seine.

On Any Hot Day

Clarks' Cooked Corn Beef is ready to serve and provides a delicious, nutritious meat course.

No bone—no waste—Economical.

"Let the Clark Kitchens help you to do less cooking in hot weather."

To Increase Expenditure

Influenced by conditions of unemployment existing in the province the Ontario Government has decided to increase by $1,250,000, its contemplated expenditure during the summer on highways. The original programme called for the expenditure of about $5,500,000.

For Frost Bites and Chilblains.—Chilblains come from undue exposure to slush and cold and frost bite from the icy winds of winter. In the treatment of either an excellent preparation is Dr. Thomas' Eclectric Oil, as it counteracts the inflammation and relieves the pain. The action of the oil is prompt and its application is extremely simple.

The Moslems of India believe there are seven unlucky days in each month, on which no new enterprise should be undertaken.

Glycerin makes an excellent lubricant for an egg beater or food chopper and does not taste in the food.

West Will Discuss Railway Problems

Situation To Be Studied At Conference In Winnipeg During July

With a view to reaching some definite policy respecting the railway situation in Northern Canada a conference between Dominion cabinet ministers and representatives of all provinces interested will be held in Winnipeg during the month of July. The exact date of the proposed meeting will be guided by guided by adjournment of parliament.

It will be the purpose of the gathering to secure the real facts in connection with the railway situation. Maps will be studied, data collected, reports of engineers reviewed, and costs computed. It is expected that some acceptable and workable plan for the future railway service of Northern Alberta and British Columbia will be reached. Together with other transportation questions of importance the Hudson's Bay Railway may come up for discussion.

The premiers of all the western provinces have signified their desire to attend while officials of Canadian Pacific and Canadian National Railways will be present.

Unfit To Live—Must Die

This verdict is rendered a thousand times every week—no corn can live, it must pass out, drop off, if Putnam's Extractor is applied to corns and warts. Use the old reliable "Putnam's" it never fails, 25c at all dealers.

Millions For Terminals

Advance To Be Asked For Facilities In Vancouver Harbor

Legislation is to be brought down by Hon Ernest Lapointe, minister of marine and fisheries, providing for additional advances not exceeding $5,000,000 to the Vancouver harbor commissioners to complete construction of terminal facilities in Vancouver harbor, for which plans, specifications and estimates have already been approved by the governor-in-council.

The advances may further be utilized in the construction of such additional terminal facilities as are approved and considered necessary for the proper equipment of the Port of Vancouver.

"Sir, I have no home," began the tramp, "and—"

"No taxes to pay, no rent, no coal bills, no worry over the rise in dairy products! Permit me to congratulate you."

"I have no job, and—"

"Lucky man! No danger of being sacked."

"But I am serious. I have no money, and—"

"No temptation to spend it foolishly on able-bodied beggars. Why, you're a veritable child of fortune. Good day."

Meet In Winnipeg

While no place or date has been set for the 1925 convention of the Canadian Manufacturers' Association, it is understood that Winnipeg will be chosen as the place.

Minard's Liniment for Falling Out of Hair

First Protestant President

Gaston Doumergue, New Head of French Republic, Occupies Unique Position

For the first time in history France has elected a Protestant president.

Gaston Doumergue, the new head of the republic, is a Calvinist, which in Canada would correspond to a Presbyterian. The election of Doumergue shows how wide is the breach between the state and the church in France and how small a part religion now plays in politics.

Previously, the president of France also has been a canon of the church of St. John Laterarn, Rome, but it is doubtful if the pope will appoint a non-Catholic to this post.

As president of France, Doumergue receives a salary of $350,000 a year, thus making him the highest paid Republican head in the world.

Lightning Safe Fences

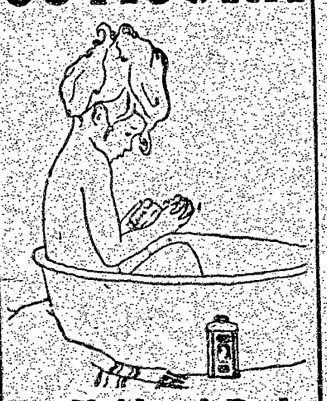
If fence posts are of wood or cement, to safeguard stock from lightning, either put in a steel fence post every few rods or staple heavy fence wire the entire length of post in contact with the fence wires so as to ground them. Then if lightning strikes the fence, or a tree near the fence, the death dealing bolt will not follow far along the fence and kill stock that may have pushed against it in a storm. Of course, if the posts are of steel they ground the wires perfectly. Wire fences fastened to buildings should be grounded at the last post or two and at buildings.

One of the commonest complaints of infants is worms, and the most effective application for them is Mother Graves' Worm Exterminator.

Britain Behind In Poultry

Noel Buxton, British minister of agriculture, presiding at a dinner in connection with the world's poultry congress, stated that both Canada and the United States are ahead of Great Britain in poultry matters. Last year Great Britain imported poultry and eggs to the value of $70,100,000, he said. Her own output of poultry and eggs was greater than her wheat output and amounted to about $61,600,000.

CUTICURA



For Children's Baths

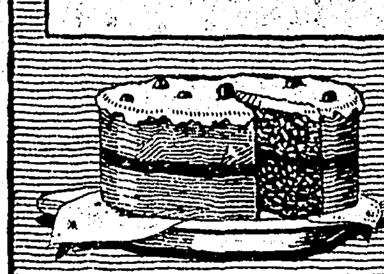
Cuticura Soap is ideal for children because it is so pure and cleansing, and so soothing when the skin is hot, irritated or rashy. Cuticura Talcum also is excellent for children.

Sample Each Free by Mail. Address Canadian Depot: "Outicura, P. O. Box 2616, Montreal." Price, Soap 25c. Ointment 25 and 50c. Talcum 25c. Try our new Shaving Stick.

SUCCESS in baking is assured when you use

MAGIC BAKING POWDER

It contains no alum and leaves no bitter taste



Have Isolated Vitamin

American Chemical Society Praises Work of Dr. Eddy and Co-Workers

Views of prominent medical investigators who were asked to comment on the significance of the work of Dr. Eddy and his associates may be crystallized as follows, according to the statement of the American Chemical Society.

"This problem has been occupying the minds of many biological chemists throughout the world, so that Dr. Eddy and his colleagues deserve the greatest credit for the successful outcome of their work."

"Dr. Eddy and co-workers have done a splendid piece of work. They have secured in crystalline form a substance which has baffled all the investigators of the world, which is no small feat from a chemical point of view.

"They have definitely shown the existence of a substance necessary to the life of the yeast organism whose chemical entity is perfectly definite and thus lead one to believe that the so-called vitamins are definite chemical individuals.

"Finally they have developed a method which gives us grounds to hope that the vitamins necessary to human nutrition may be identified and isolated, and which renders probable the actual synthesis of these compounds at some future time. The bearing which this may have on the future of our race cannot even be guessed yet."

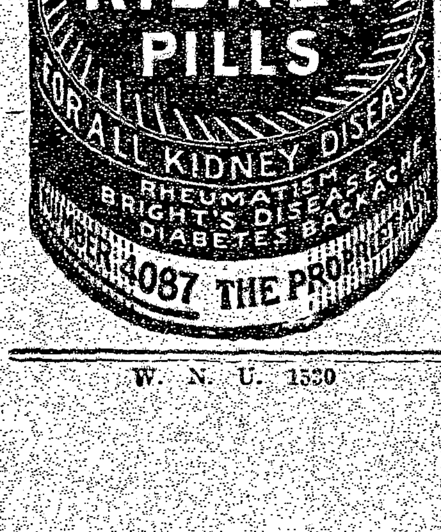
Training Queer Quartette

Every woodpecker is a born musician! So says "Doc" Wilkinson, of O'Neill, Neb., who has organized a woodpecker quartette and is contemplating a tour of the eastern chautauqua circuits. His feathered musicians learn readily to play any new air or tune on four sonorous wooden tubes, he says.

After 10 Years of Asthma Dr. J. D. Kellogg's Asthma Remedy proved the only relief for one grateful user, and this is but one case among many. Little wonder that it has now become the one recognized remedy on the market. It has earned its fame by its never failing effectiveness. It is earning it to-day, as it has done for years. It is the greatest asthma specific within the reach of suffering humanity.

Highest Building In Empire

Workmen have pulled down the newest building ever destroyed in Toronto to give place to the highest building in the British Empire. The building destroyed is the Lands Securities Building, to be replaced by a new 22 storey skyscraper with the possibility of the new structure being even as high as 24 storeys.



WORLD HAPPENINGS BRIEFLY TOLD

S. A. Saunders, of Moose Jaw, Sask., was one of the thirteen graduates of the Halifax School for the Blind, who received their diplomas June 17.

The Constitutional Committee of the Storthing will report favorably on changing the name of the Norwegian capital from Christiania to "Oslo," says the newspaper Nationen.

A microphone by which a fly may be heard walking is one of the scientific wonders that has attracted much attention at the British Empire Exhibition, Wembley.

Twenty persons, mostly women and children, were drowned when the Norwegian mail steamer Haakon Jarl sank after a collision with the steamer King Herald.

The number of Canadians returning through Brideburg, Ont., after a considerable absence in the United States, is averaging between 500 and 1,000 a month. Most of them are artisans.

A mud-covered touring car loaded with 25 pouches of registered mail believed to be a part of the loot of the $3,000,000 robbery at Rondout, Ills., was found on a farm south of Joliet, Ill.

A family party numbering 377 met recently at the home of Bernard Verley, Lille, France, who, with his wife and 19 children, acted as hosts to the relatives. They are the descendants of Claude Bernard, who was married 239 years ago.

Viscount Grey of Falloden, in an address at Oxford to Rhodes Scholars, said Britain must take early steps in Egypt to decide whether she would "go ahead or get out" in the historic words of Roosevelt, whom he compared to Cecil Rhodes.

Pine Air is Good For Catarrh, Colds

Dwellers in pine forests never have colds, never know the meaning of Catarrh. Upon this fact is based "CATARRHOZONE," which sends into the lungs and nostrils the healing balsams and soothing antiseptic of the pine forest.

The health-laden vapor of "CATARRHOZONE" subdues the worst of coughs, colds and catarrh.

The tiniest corners of the lungs are treated, the uttermost parts of the bronchial tubes are reached, every cell in the nose and throat is bathed in the antiseptic balsam of CATARRHOZONE. Simply invaluable is CATARRHOZONE because so safe, so effective, so sure to stop huskiness, whooping cough, catarrh, nose colds or bronchitis—try it yourself.

Complete two months' treatment guaranteed, price $1.00; small (trial)size 50c. At all druggists. Refuse a substitute for CATARRHOZONE. By mail from The Catarrhozone Co., Montreal.

Judges Speak English Only

None of the nine new judges appointed to the Dublin high courts are able to speak Gaelic, the official language of the courts, according to the Daily Mail, which believes the attempt being made to give the official language its place in the courts is doomed to failure.

The use of Miller's Worm Powders insures healthy children so far as the ailments attributable to worms are concerned. A high mortality among children is traceable to worms. These sap the strength of infants so that they are unable to maintain the battle for life and succumb to weakness. This preparation gives promise of health and keeps it.

B.C. Agriculture

Agricultura. production in British Columbia during 1923 had a total value of $59,159,798, an increase of nearly $4,000,000 over the previous year, according to a statement issued by the Provincial Department of Agriculture. Dairy products accounted for $9,234,576 of the total. Fruit production was valued at $6,034,976, while vegetables were worth $5,853,626. Fodder and grain crops accounted for the balance.

For Burns and Scalds.—Dr. Thomas' Eclectric Oil will take the fire out of a burn or scald. It should be at hand in every kitchen so that it may be available at any time. There is no preparation required. Just apply the oil to the burn or scald, and the pain will abate and in a short time cease altogether.

Australian Boys to Visit Toronto

A party of fifty Australian boys will be the guests of the Canadian National Exhibition from August 30 to September 3. The youngsters are public school boys from all parts of Australia, and their visit to Toronto will be made on their way home from the British Empire Exhibition at Wembley.

According to an authority, British children are becoming more healthy every year. Eighty to ninety per cent., he claims, are born healthy and with power to lead normal and healthy lives.

Minard's Liniment for Aches and Pains

A Marketing Expert

A. P. McLean, New General Manager of Saskatchewan Co-operative Creameries

The choosing of a new general manager for the Saskatchewan Co-operative Creameries, Ltd., is a matter of importance to everyone interested in co-operative movements and marketings in Western Canada, and of very special interest to all engaged in the production of cream or the manufacture of creamery butter.

The Saskatchewan Co-operative Creameries, Ltd., is one of the largest co-operative movements so far undertaken in Western Canada, and its ultimate success or failure will have a very marked re-action in the development of co-operative marketing, which is felt by all who study farm problems with impartial eyes, to be the best hope of the farmers, not only of Western Canada, but of the world.

The man who has finally been selected to undertake the somewhat arduous task of managing this organization, which admittedly has not been successful in its marketing undertakings in the past, is A. P. McLean, who has for the past ten years been a resident of Winnipeg, as manager for the Canadian Packing Co., Ltd., and who has been in the employ of that company for 29 years.

Mr. McLean has many qualifications for his new position, but his present employers and his confreres in the trade all credit him with very special abilities along marketing lines, which will assuredly be a great asset in his new position.

While keeping closely in touch with marketing conditions, and possibly because of that close touch, he has interested himself actively in those schemes which have tended to give to the three prairie provinces their present enviable position in the production of high-class creamery butter, namely the grading of cream, the government grading of butter and the establishment of a uniform grade of butter for the three western provinces.

With regard to the grading of cream, Mr. McLean's stand has been that not only is it essential in the production of high-class export butter, but it is the only means by which the producer, who is careful and particular about his cream, giving time and thought to producing the best, can receive the just reward of his efforts.

Mr. McLean is also a strong believer in the establishment of a top grade of Canadian butter for export, a grade that shall be the only one entitled to bear the word "Canada" or "Canadian," and of the rigid inspection of butter, cheese and eggs, so that the word "Canada" or "Canadian" on these products shall become as sure an indication of uniform excellence as "Manitoba No. 1 hard wheat."—Manitoba Free Press.

Traffic On Canadian Railways

Improved General Business Conditions In Canada Are Indicated

Canadian railways have been having better traffic conditions than in 1923, states a special article appearing in some Canadian newspapers. The figures with regard to carloadings in Canada since the commencement of the year show what has been happening. They are as follows:

	1923	1924
January	190,077	185,982
February	175,537	204,033
March	233,360	289,389
April	205,820	209,960
May	105,026	110,135

The figures for May are for the first two weeks. It will be seen, however, that the total number of loaded cars moved thus far this year has been 86,679 more than for the corresponding period of 1923. This represents a betterment of almost 10 per cent., and may be taken without question as indicating improvement in general business conditions to that extent.

While the gains during 1924 have been chiefly in the east, traffic has been remarkably steady in the west. There were slight increases in carloadings during April and May, for the most part caused by a larger movement of grain. This would seem to indicate that the wheat held in reserve after the close of navigation in December last has been finding its way out for export.

Oil Refinery at Lethbridge

The plant of the Standard Refinery Co., Limited, at Lethbridge, has now been completed and put in operation. They are manufacturing gasoline, kerosene distillate and fuel oil and have a capacity of 300 barrels a day. This is a local enterprise and the raw supplies are being imported from the Montana field.

Swiss Settlement In Alberta

A Swiss settlement has been started near Cardston, in Southern Alberta. The newcomers are already on the land and are considered a fine type of immigrant.

China's unused resources are said to be similar to those of the United States 400 years ago.

SUNDAY SCHOOL LESSON

JUNE 29

REVIEW:— REHOBOAM TO NEHEMIAH

Golden Text:
Righteousness exalteth a nation;
But sin is a reproach to any people.
Devotional Reading: Micah 14.34.

To the Jerusalem News: What a revelation it was to us recently when Ezra, our revered scribe, read to us the words of the Law! What a searching of hearts and shedding of tears there were that day! We had not known before the extent of our transgressions against Jehovah's laws. Since that day I have been tracing our national history from the time of the division of the Hebrew Kingdom upon the death of Solomon until now, and it may not be amiss for your readers to note with me wherein we as a people have erred in the past, and to recall how constantly Jehovah has been warning and guiding us.

The answer which Rehoboam gave to the deputation from the Northern Tribes at Shechem, not long after he had ascended the throne of his father Solomon, was fraught with direful consequences. The men of the North came to him with their grievances; they had suffered much under King Solomon's rule, and they sought to obtain from his successor the promise that their burdens should be lightened. Instead of granting their just request Rehoboam sneeringly told them that rather should their burdens be increased. Arrogance is sure to overreach itself, and Rehoboam's arrogance that day cost him the greater part of his kingdom. The Northern Tribes seceded and formed a separate kingdom under their labor leader Jeroboam, while to Rehoboam was left only the tribe of Judah.

VICTIMS OF ANAEMIA

Need New, Rich Blood to Restore Health and Strength

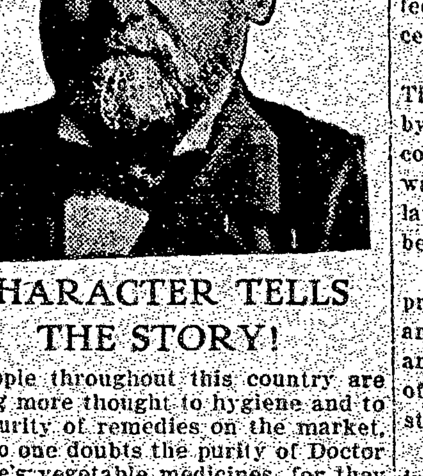
It is an unfortunate fact that nine women out of every ten are victims of bloodlessness in one form or another. The girl in her teens, the wife and mother, the matron of middle age—all know its miseries. To be anaemic means that you are breathless after slight exertion. You feel worn out and depressed. You turn against food and often cannot digest what you do eat. Sleep does not refresh you, and when you get up you feel exhausted and unfit for the day's duties. If neglected anaemia may lead to consumption.

You should act promptly. Make good the fault in your blood by taking Dr. Williams' Pink Pills, the most reliable blood enricher ever discovered. These pills purify bad blood, strengthen weak blood, and they make good blood, and as the condition of your blood improves you will regain proper strength, and enjoy life fully as every girl and woman should do. The case of Mrs. Mary Trainor, Perth, Ont., shows the value of Dr. Williams' Pink Pills in cases of this kind. She says:—"I had not been feeling well for some time and had been gradually growing weaker. I found it very hard to do my housework; had severe headaches and was very pale. I took doctor's medicine for some time, but they did me no good. I was growing weaker and used to faint and take dizzy spells. In this condition I began the use of Dr. Williams' Pink Pills, and after a time found they were helping me. I continued their use until I found the troubles that afflicted me had gone and I am once more enjoying good health and strength."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A visitor to the Wembley Exhibition taking the four main buildings alone and merely walking through them, giving each exhibit a casual glance, would by the time he had passed them all in review have covered some eight or nine miles.

Vilhjalmer Stefansson, the Arctic explorer, has embarked on a new expedition. This time into the wilds of Australia, which Mr. Stefansson believes may be populated with settlers.



CHARACTER TELLS THE STORY!

People throughout this country are giving more thought to hygiene and to the purity of remedies on the market, but no one doubts the purity of Doctor Pierce's vegetable medicines, for they have been so favorably known for over fifty years that everyone knows they are just what they are claimed to be. These medicines are the result of long research by a well-known physician, R. V. Pierce, M. D., who compounded them from health-giving herbs and roots long used in sickness by the Indians. Dr. Pierce's reputation as a leading and honored citizen of Buffalo, is a sufficient guarantee for the purity of that splendid tonic and blood purifier, the Golden Medical Discovery, and the equally fine nerve tonic and system builder for women's ailments, Dr. Pierce's Favorite Prescription. It is made in Dr. Pierce's Laboratory, Bridgeburg, Ontario.

DONALD KIRKE GIVES TANLAC FULL CREDIT

Popular Actor Says Medicine Completely Overcame Stomach Trouble And Nervousness.

That Montreal play-goers are literally packing their Orpheum Theatre at every performance is at once a tribute to the high standard of the entertainment offered and to the finished artistry of the famous Duffy stock players, not the least popular of whom is Donald Kirke.

Mr. Kirke is not only a favorite on the legitimate stage but is a screen player of note, and it is a further tribute to his consummate acting that, even while tortured with stomach trouble, nervousness and other ills, he kept "on with the play" day in and day out until he found relief by taking TANLAC. As he says:

"My stomach had almost failed me and I wonder now how I ever kept up I ate so little. Nights I would toss and turn for hours in nervousness; piercing sick headaches made me suffer agony, and at times on the stage I was so nervous, weak and trembly that I could hardly remember my lines.

"I would have given a thousand dollars to get the relief Tanlac has given me for less than five dollars. My appetite was never better, I eat everything and have gained 12 pounds. I'm never a bit weak or nervous, never have a headache, and I feel fine and dandy. I will gladly confirm these facts by phone or letter."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Tanlac Vegetable Pills
For Constipation.
Made and Recommended by the Manufacturers of Tanlac.

Deep Waterway Project

Should Prove to be a Big Factor in Development of the West

Word comes from Ottawa that the report of the Canadian committee appointed by the government to further investigate the St. Lawrence-Great Lakes deep waterway project, will be ready within a very few months. "The government has followed a safe course," says the Ottawa Citizen, "and the premier has succeeded in enlisting the services of some Canadians of outstanding ability. Although there is already a very elaborate international commission's report unequivocally favorable to the improvement that will permit ocean tramp vessels to sail through from the Atlantic to the head of the Great Lakes, there has been practically no adverse criticism of the government's action in appointing a further investigating body." It is affirmed in some quarters that the St. Lawrence deepened waterway will eventually prove to be as important as the C.P.R. in the commercial development of Canada. One thing sure it will be by long odds the greatest economic boon conceivable to the west, where it will enable the farmers to save upwards of fifty million dollars a year on transportation costs. It will cut out the exorbitant costs of rail shipments from Georgian Bay ports and Buffalo to the ports of Montreal and New York, and give through water transportation to Europe from Fort William and Port Arthur. The financing of the project will be taken care of in its entirety through the development of hydro-electric energy, for which there is such an urgent demand in Ontario at the present time. Canada, and especially Western Canada, will never come to a truly prosperous state of growth and development until the enormous advantages of the deepened waterway are realized.—Swift Current Herald.

World's Second Largest Dam

Opened Recently In Sardinia By King Of Italy

The King of Italy recently opened the second largest dam in the world—the Tirso Dam in the island of Sardinia.

The total length of the wall is 722 feet, and there are 18 buttresses, the central ones being 228 feet high.

The water is supplied by the River Tirso, and the artificial lake formed by the dam is over 16 miles long, and contains over 30,000 million gallons of water. This makes it the second largest dam in the world, the largest being the Assuan Dam on the Nile.

The Tirso Dam has been built to provide electricity for the copper, iron and zinc smelters in the neighborhood, and four turbines, giving a maximum of 30,000 horsepower, have been installed.

In addition to this, the water will irrigate nearly 100,000 acres of grain-bearing land.

Three Speed Iron

An electric iron with three different degrees of heat has been perfected and by its use much time can be saved. From the highest temperature for heavy clothes it can be regulated to medium or to the lowest point for the most delicate fabrics. The change in "heats" is produced by the adjustment of plugs.

Minard's Liniment for Distemper

Beam Wireless a Success

Marconi Reports Conversation From Cornwall to Buenos Aires

Using for the first time telephonically the radio beam system through which the wireless waves are thrown in a particular direction, William Marconi, inventor of the wireless telegraph, is reported to have spoken from the Poldhu station in Cornwall to Buenos Aires. The accounts state also that Dr. Thomas Lebreton, Argentine minister of agriculture, who is visiting in England, spoke to War Minister Justo, and that subsequent cable messages from Buenos Aires said Dr. Lebreton's voice was heard there.

Canada takes a foremost place among the countries sending out foreign workers for the Y.W.C.A. The United States has the greatest membership, with Germany following and the Scandinavian countries coming third.

THE LEDGE

Is $2.00 a year strictly in advance, or $2.50 when not paid for three months or more have passed. To Great Britain and the United States $2.50, always in advance.

G. W. A. SMITH
Lessee

In these days men eat too much. They can scarcely help it, for the temptations are great. There are fish, fresh from the water, and fine new vegetables, and when we have eaten more than we should, there are pies and cakes and doughnuts to tempt us. And the women of the whole community are splendid cooks.

Dogs are quite as liable to carry contagion to children as other children are, and they are much more likely to be unclean. Pet dogs are very nice, and we would not banish them, but a boy who is too lazy to wash his dog frequently should not be allowed to have one. The laws of health demand that the dogs should be kept sweet and clean as well as the children.

In the whole sweep of industrial pursuits we no of no other industry that demands such a diversity of practical knowledge and wisdom as that of farming. The farmer must know a great deal about stock, grain, weeds, grass, roots, soil, milk, butter, poultry, etc. He must have the practical knowledge of a veterinary, the trade of a butter maker, the knowledge of an orchardist, the facility of a marketman and the hands of a carpenter. But with all these accomplishments he is helpless against the attacks of unseasonable weather.

Canada's Birthday

Tuesday, July 1st, will be celebrated all over Canada as Dominion Day, it being 57 years since Confederation. Canada is a young country and her youngest province only 18 years old, but what she lacks in years she has made up in achievement. Canada holds today a commanding position among the wheat producing countries of the world, and prizes and championships have come to her sons from success in grain growing and other agricultural achievements. Over one million workers are engaged in agriculture alone, and in 1922 her revenue from this source was $1,420,000,000. Yet only fifth of her arable land is under cultivation.

Examinations

High School and Entrance examination are being held at the Greenwood School this week, Miss Ruth Axam and Neil E. Morrison in charge. The following are trying the Entrance: Greenwood—Bessie Bidder, Allan Fraser, Ruby Goodeve, Cecilia Hallstrom, Edward Johnson, John Kerr, Mary Kerr, Mary Klinosky, John McDonell, Silvia Price, Jesse Pudy, Vera Walmsley. Boundary Falls—Annie Swanlund. Bridesville—Margaret DuMont, Lancelot Kempston. Ingram Mountain—Margory Bubar, Teddy McArthur. Kerr Creek—Helen Crause, John Crause. Kettle Valley—David Caldwell, Rose Magde, Evelyn O'Donnell, Frank Richter, Ethel Thompson, Thomas Walker, Edward Whiting. Midway—Nellie Brown, Annie Thomet. Rhone—Marie Clappier. Rock Creek—Helen Burdick, Doris Clark, Florence Jupp.

"The Green Temptation"

One of the most beautiful pictures exhibited to the motion picture loving public in many a day, is Betty Compson's new starring vehicle, "The Green Temptation." It displays many scenes of Europe, the underground world in Paris, thrilling street scenes, a travelling street show, unique dances, a Fifth Avenue tea room, a costume ball and many others. The story which deals with the trials and reformation of a woman Apache of Paris, is exceedingly thrilling. Mahlon Hamilton, leading man, Theodore Kosloff, Neely Edwards, Lynore Lynnard and other notable players are in the cast. "The Green Temptation" will be shown at the Greenwood Theatre on Saturday, June 28th.

Card of Thanks

I wish to sincerely thank those electors of Grand Forks-Greenwood Riding who so earnestly supported me in the recent election, which, I believe, that the interests of this riding would have been better served by returning me as a Government supporter. The electors having agreed otherwise, I make no complaint and only wish the people of the riding generally every happiness and prosperity.

E. C. HENNIGER.

Greenwood Superior School

Report for Month of June, 1924

DIVISION II

Neil E. Morrison

No. of pupils on roll	31
Average actual attendance	30.28

PROMOTIONS

Grade I (a) to I (b): Grace Casselman.

Grade II to III: Verdun Casselman, Edna Swanlund, Louise Swanlund, Verona Klinosky, (conditionally.)

Grade III to IV: Helen Casselman.

Grade IV to V: Zophia Klinosky, Andrew Swanlund, Daniel Boltz, Alice Casselman.

Grade VI to VII: Lawrence Folvik.

Grade VII to VIII: Caroline Casselman, Beatrice Casselman (conditionally).

ROLLS OF HONOR

Proficiency—Zophia Klinosky.

Deportment—Alice Casselman.

Regularity and Punctuality—Daniel Boltz, Helen Casselman, Andrew Swanlund, Annie Swanlund, Edna Swanlund, Louise Swanlund.

Card of Thanks

Mr. and Mrs. H. N. Cox and family wish to thank their many friends for kindness and floral offerings received during their recent sad bereavement.

Boundary Falls-Norwegian Creek School Picnic

The Boundary Falls and Norwegian Creek Schools combined and had a Picnic on Thursday, June 19th, at Boundary Falls. There were about 50 children and 20 adults present. The afternoon was spent playing games and running races. At 6 o'clock supper, in which ice cream played an important part, was served by the ladies. At 7 o'clock the party dispersed, tired but satisfied.

The races were conducted by Mrs. W. Clark, Miss Ruth Axam and B. Thorsteinsson.

RACES

Under School Age—1st Mary Riley; 2nd John Swanlund.

Ages 6-8—1st Virginia Riley, 2nd Louis Caron.

Ages 8-10—1st Jimmie Riley, 2nd May Bohemier.

Ages 10-12—1st Charles Riley, 2nd Jules Caron.

Ages 12-over (boys(—1st Yves Bohemier, 2nd Lawrence Folvik.

Ages 12-over (girls)—1st Andrea Caron, 2nd Madeline Gidon.

Three-Legged Race.—1st Gisile Bohemier and Caroline Casselman, 2nd Lawrence Folvik and Yves Bohemier.

Ladies Race—Mrs. Johnston.

Report of Anaconda School June, 1924

Teacher, Helen E. Hopps.

No. on roll	11
Average daily attendance	10
Percentage of attendance	90.

LIST OF PROMOTIONS

Promoted form Sixth to Seventh Grade: John Campolieto, Rosie Bombini, Eugenia Campolieto (absent for final examinations, promoted on probation.)

Promoted from Third to Fourth Grade: Cynthia Docksteader, Arnold Bombini.

Promoted from Second Grade 1st term to 2nd term: David Nichols.

Promoted from First Grade to Second Grade: George Hingley, Dorothy Boag, Elbert Granberg, Elmer Granberg, Peter Maletta.

Perfect Attendance—all except Eugenia Campolieto.

HONOR ROLLS

Proficiency—John Campolieto.

Regularity and Punctuality—Cynthia Docksteader.

Deportment — Eugenia Campolieto.

Card of Thanks

To the Electors of Grand Forks-Greenwood Riding

I desire to take this opportunity of expressing my sincere thanks to the electors of the Riding for their loyal support accorded me at the polls on Friday. Especially those who gave their time and efforts on my behalf.

JOHN McKIE.

Dominion Day

From the wave-washed wharves by Fundy's tide,
To the snow-crowned Western hills,
The flags float high on our natal day,
And the soul of a nation thrills.

The crosses bend in the summer breeze
And from each crimson field
Flows the loyal faith to our God and King
That a free-born people yield.

There's a richness poured from our golden fields;
There's a wealth in our wood and mine;
Not from these alone glows our conscious pride—
'Tis the glory of birth and line.

For we hold with our kin across the seas
From whence our sires came,
By right of birth, by deed and faith
And common pride of name.

And the free held ties of kindred trust
That weld our nationhood
Were sealed on the altars of sacrifice
By the sons of our race and blood.

So we lift our heads with a prouder grace,
While the "Jacks" are flying free,
On the day we keep with a firmer faith
In the Land of the Maple Tree.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

BRITISH COLUMBIA

The Mineral Province of Western Canada

TO END OF DECEMBER, 1923

Has produced Minerals as follows: Placer Gold, $76,962,203; Lode Gold, $113,352,655; Silver, $63,532,655; Lead $58,132,661; Copper, $179,046,508; Zinc, $27,904,756; Miscellaneous Minerals, $1,408,257; Coal and Coke, $250,968,113; Building Stone, Brick, Cement, etc., $39,415,234, making its Mineral Production to the end of 1923 show an

Aggregate Value of $810,722,782

Production for the Year Ending December, 1923, $41,304,320

The Mining Laws of this Province are more liberal, and the fees lower, than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing—

THE HON. THE MINISTER OF MINES
VICTORIA, British Columbia.
