Empire Day a Great Success at Ingram Bridge

Ingram Bridge-Kettle Valley Celebration of May 24th was one of the greatest successes recorded in the history of the celebration. The unsettled condition of the weather in the morning did not reduce the crowd as a record attendance was made. In the afternoon the sky cleared and the children's sports, basketball, and baseball games were keenly contested under the bright sunshine.

The impressive ceremony at the Monument was the outstanding feature of the day. Scoutmaster R. D. Kerr and the Boy Scouts headed by John Fawnes with the bagpipes paraded at the Monument before the opening formalities. Mr. Kerr as chairman called on Rev. E. A. St. G. Smyth for the commencement prayer, after which Major R. Gray delivered an appropriate address, followed by the singing of God Save The King. Before dispersing beautiful wreath were placed around the Memorial.

Great interest was taken in the basketball games, Greenwood having an easy victory over Midway and in the final they lost out to Rock Creek by a close score.

Midway and Beaverdell gave their spectators many thrills in their very interesting game of baseball. The score was 1-1 until the seventh inning when Midway made a great spurt and added four runs in the last half of this inning. Beaverdell came back strong in the 8th but their smooth working opponents kept the score down, Beaverdell only being able to notch one more run. Midway increased their lead by one in the 8th and won the game by 6 to 2.

The enjoyable day was brought to a close by a grand dance in Riverside Hall at which an extra large and jolly crowd attended and kept things lively until an early hour. Bush's melody orchestra kept up their usual high reputation by supplying excellent music.

Presentations

On Tuesday afternoon, May 25th, the members of the Ladies Aid and a few friends surprised Rev. and Mrs. W. R. Walkinshaw at the manse. Even though they were in the midst of packing, getting ready to leave for their new home in Kamloops, all were greeted with a smile and a hearty handshake. After an hour pleasantly spent in chatting amid much laughter, Mr. Walkinshaw was presented with a purse, to which many of his staunch friends had contributed, and Mrs. Walkinshaw was honored by being handed a beautiful mahogany serving tray from the Ladies Aid; also the Aid presented Miss Georgina Lee with a very pretty cup and saucer. Miss Lee is leaving in a few days to enter the Vernon Hospital as a nurse in training. All presentations were responded to very nicely after which "For they are jolly good fellows" was sung. Three cheers and a tiger were then given for the guests of honor, after which many dainty refreshments were enjoyed by all. The visitors wished Rev. and Mrs. Walkinshaw and Miss Lee success and happiness in their new fields of work, and all went home feeling sorry to have such genial friends leave our community.

Colleen Moore in New Film Triumph

"Sally," in which First National will star Colleen Moore at the Greenwood Theatre on Saturday, May 29th, is a film adaptation of one of the most successful musical comedies ever staged.

It was an original Ziegfeld hit, with Marilyn Miller as its star. For more than seventy weeks "Sally" ran continuously on Broadway; then it took to the road, scoring long runs in Chicago, Boston and Philadelphia, and eventually toured the entire country. It also played one solid year in London. During its stage life "Sally" is credited with having earned more than \$4,000,000 gross receipts for the producers.

As "Sally" Miss Moore has one of the most entrancing roles of her film career. Leon Errol, noted Broadway comedian, and Lloyd Hughes head the big supporting cast.

Free Miners' Licenses expire on May 31st.

C. P. Charlton, of Britannia Beach, renewed acquaintance in town for a short time last week enroute to New York where he will be in charge of the office staff of the Britannia Mining & Smelting Company, Ltd.

New Mining Regulations

Regulations designed to provide still greater measure of protection for workmen in the metalliferous mines of the province have just been approved and promulgated by Hon. William Sloan, provincial secretary and minister of mines. These new regulations cover every phase of the storing, handling, and use of explosives in the metal mines of British Columbia. Hereafter, none but properly qualified men holding certificates will be permitted to handle powder and conduct blasting operations.

Under the new regulations it is provided that every man handling explosives must undergo an examination by a mines inspector and hold a certificate from that official indicating that he is possessed of the necessary qualifications. Provisional certificates may be issued by the Superintendent of the mine for a period not exceeding ninety days, or until the next visit of the inspector of the district who will re-examine the man and assure himself of his qualifications. Hereafter, practically any worker has been allowed to handle and use explosives without restriction. Under the new system now being brought into effect all responsibility for the proper use and handling of explosives rests upon the man to whom the certificate is issued. It is his duty to see that the magazines in which the explosives are stored are properly constructed, in accordance with the regulations and satisfactory to the mines inspector; that a supply sufficient for not more than twenty-four hours is allowed underground; that no naked lights shall be taken into any magazine or place where explosives are kept and, in general, see that the regulations are properly lived up to. All explosives used in the mine must be labelled with the date of manufacture; it is prohibited to convey blasting-caps and blasting powder together into the mine; restrictions are placed upon the thawing of explosives to the end that greater protection to the workers may be given.

The operations of blasting are covered by the new regulations in strict manner, and in fact, every phase of blasting operations is covered.

While the regulations call for a certificate being held by a person conducting blasting operations, it is provided that a prospector having charge of not more than twelve workmen and being the possessor of a special permit, authorizing him to carry on blasting operations for the purpose of quarrying, trench-cutting and general surface prospecting, issued by the Inspector of Mines for the district in which such prospector is at the time working, may conduct such blasting operations without being the holder of a certificate required under the regulations.

The applicant for a permanent blasting certificate must produce satisfactory proof that he is properly qualified to conduct blasting operations.

Lines to a Frog

What a queer bird the frog are!
When he sit, he stand, almost,
When he walk, he fly, almost,
When he sing, he cry, almost,
He ain't got no sense—Hardly.
He ain't got no tail—hardly, either.
He sits on what he ain't got—almost.
