Keep in mind the Hockey Club Dance in Greenwood on Friday evening, April 20th. The dance will be held in the Masonic Hall which contains the best floor in this section. Bush's orchestra has been engaged to play and everyone is assured of a good time.  
 T. W. Clarke, of Beaverdell, was in town the first-of-the-week to visit Mrs. Clarke and son, at the District Hospital. Ted received the congratulations of a host of friends on the arrival of a son and heir.  
 Guests at the Pacific Hotel during the week: Chas. M. Robertson, J. Leather, W. S. Jones, T. W. Bailey, A. I. Marlow, Mr. and Mrs. A. M. Parker, E. L. Stevens, A. Groves, Chas. E. Bletsoe, Vancouver; A. B. Winter, M. J. Scott, Joe McDonald, D. McPherson, Grand Forks; J. H. Dimmick, New Denver; E. G. Cummins, Beaverdell; D. F. McIntyre, K. Martin, S. Bean, Rossland; W. H. Dobson, Calgary; H. W. C. Jackson, G. Wales Allan, F. Rinet, Spokane, Wash.; J. Woodall, G. W. Davis, Nelson.  
 The Easter Song Service held in the United Church, Greenwood, on Sunday evening was excellent. The well-filled Church was treated to a splendidly arranged program. The choir rendered several Easter anthems and the songs sung by individuals were much appreciated, but the pantomime depicting that wonderful hymn "Nearer My God To Thee" was indeed most artistically carried out and those taking part and also the ones responsible for the training deserve great praise. The Church was very tastefully decorated and great credit is due to all who made the whole evening such a very pleasing one.

**Greenwood Theatre**  
 SATURDAY, APRIL 14th  
 Commencing at 8:15 p.m.  
 Adults 50c. Children 25c  
 Coming! Coming!  
 Saturday, April 21st  
 "Forever After"  
 Adapted from O. Davis' stage success  
**NORTH ROAD OPEN**  
 The highway between Greenwood and Grand Forks via Eholt is now open for traffic. Cars can also travel between Greenwood and Bridesville through the Rock Creek canyons.  
 R. Lee returned to Beaverdell, on Wednesday morning after visiting at his home here during Easter.

**Of Local Interest**  
 Clean-up days are set for April 24th and 25th.  
 Ernest Olson of Eholt, was in the District Hospital for a few days.  
 Joe Price of Bonnington, spent Easter at his home in Greenwood.  
 M. Saunier and J. B. Saunier, of Rhine, were visitors to town during Easter.  
 Mort Gurney and Chas. Riesterer of Penticton, were in town on business on Tuesday.  
 Miss Vera Kempston is spending the Easter vacation with her mother at Bridesville.  
 Mrs. F. A. Johnson returned home on Friday last from the Sally mine, Beaverdell.  
 Jack Holmes left for Trail on Saturday after spending the winter in Greenwood.  
 Miss Mayneen Bush of Midway, was the guest of Miss Cleo Toney, during the week-end.  
 J. H. Dimmick, of New Denver, was renewing acquaintances in town during the week-end.  
 Miss Silvia Price returned to Nelson on Tuesday afternoon after a few days visit at her home.  
 Mrs. H. W. Gregory returned on Tuesday afternoon from a visit to her home in Armstrong.  
 N. E. Morrison left for Beaverdell on Wednesday morning where he will visit at the Wellington mine.  
 Miss D. C. Caldwell of Trail, is spending the Easter vacation with her sister, Mrs. G. B. Taylor.  
 T. R. Williams underwent an operation at the District Hospital last week and is progressing nicely.  
 Mrs. Joe Richter, Mrs. E. Hawkes and T. A. Clark of Midway, were visitors to Greenwood on Wednesday.  
 Miss Ruth Axam is visiting at the home of her mother, Mrs. Thos. Rowe, on the Granite road, Nelson.  
 Major and Mrs. R. Gray and son, Bruce, of Kettle Valley, were visitors in Greenwood on Saturday afternoon.  
 Mr. and Mrs. J. C. Smith and son Irvin have returned to Beaverdell from a visit to relatives in Greenwood.  
 F. J. White, the local jeweler, spent Easter with his brother, A. A. White, at his home on the Eholt-Grand Forks road.  
 Parker Freeborn, of Eholt, cut his wrist with an axe while chopping wood on Friday afternoon. He was in the District Hospital for a few days.  
 Miss Isabel Keir of Trail, and Miss Nellie Keir of Christiana Valley are spending the Easter holidays with their parents, Mr. and Mrs. E. F. Keir, at the Cedar Glen Fur Farm, Midway Road.

**President of J. R. Mines Inspects the D. A.**  
 Chas. M. Robertson, president of the J. R. Mines Ltd., and James Leather, a director, was in from Vancouver during the week-end and inspected the D. A. which is part of the J. R. Mines property.  
 The new strike reported in The Greenwood Ledge two weeks ago is showing up better as the drift is continued, the vein running from one foot to two feet wide. It is expected that stopping will start in about a week.

**400 Level Reached In Providence Mine**  
 Good progress is being made in extending the Dermody shaft at the Providence mine, Greenwood, the 400 level being reached on Thursday last. A drift will be run on this level after which ore will be mined by the gravity system. Work will resume in the shaft to the 500 level after the drift is completed.  
**Elkhorn Starts Work in Shaft**  
 The Elkhorn Syndicate have commenced work in the shaft on the Elkhorn mine, Greenwood, near the C.P.R. fill. A shaft is being sunk on the lead and some ore has already been taken out.  
**Beaverdell Briefs**  
 Born.—To Mr. and Mrs. T. W. Clarke, a son, at the District Hospital on Sunday, April 8th.

**Rock Creek News**  
 Johnnie Kerr of Beaverdell, paid Rock Creek a visit on Monday.  
 R. J. Mellin of Greenwood, visited friends in the Valley on Sunday.  
 D. McPherson, M.L.A., of Grand Forks, was a visitor to town Monday.  
 Wesley Wheeler of Trail, is spending the Easter vacation with his parents at Rock Creek.  
 Mr. Clarke of Bridesville Road, was the guest of Mr. and Mrs. B. Gane, over the week-end.  
 There will be Evening Service in the Anglican Church, on Sunday, April 15th at 7:30 o'clock.

The Golf Club held a Working Bee on the Golf course on Monday morning and considerable work was accomplished.  
 The annual meeting of the Kettle Valley Golf Club will be held in the Ingram Bridge School on Saturday, April 14th at 2 p.m.  
 The members of the Women's Institute will give Mrs. F. Smyrl, a farewell tea in Riverside Hall on Friday afternoon, April 13th.  
 A large crowd from Rock Creek and district attended the Joe Johnson vaudeville show in Riverside Hall on Tuesday evening of last week.

**NOTED BRIDGE GAME**  
 Toronto.—A remarkable game of bridge was played in Dundas on Saturday, April 7th.  
 Dr. W. E. Inksater, playing a game with three other friends, dealt a hand of 13 diamonds to himself and called seven diamonds. W. Inksater, his son, had next call and called seven spades, as he had 13 spades in his hand. This finished the bidding, as F. Alway had 13 clubs and Bruce Inksater had 13 hearts.  
 The latter player laid down his hand and let his dad get a grand slam. It is the first time that a hand of this description has been reported in Canada.  
 The chance of getting one complete suit hand in bridge is about one in seven millions, but four complete suits on the one deal is almost beyond all calculations.  
 The cards were from an old pack, and the cuts for partners and deal were made in the usual manner.  
 The cards were "made" by W. Inksater and "cut" by Mr. Alway. It was a legitimate deal in every way.

**An Absent-minded Professor**  
 Two of the University of Pennsylvania track runners passed a learned and preoccupied professor showing a young lady visitor through the "Gardens." With a dainty shiver the girl remarked:  
 "It's dreadfully cold—isn't it?—to be without stockings."  
 The professor's mind turned for a moment from contemplation of the fourth dimension. "Then why did you leave them off?" he asked.

**Midway News**  
 The Ladies Aid will meet in the Old School on the 14th inst.  
 Miss Helen Nystrom returned from the District Hospital on Saturday.  
 Quite a number of the younger set attended the Rock Creek Dance on Monday.  
 Plans are being made to have the Farmer's Hall re-shingled and other repairs done.  
 Mrs. Clappier and daughter are spending a few days at Carmi with Mrs. Lautard.  
 Miss Gladys Bereton of Ingram Bridge School, is spending the vacation at her home at the coast.  
 Miss Ruth Robertson of Nelson, is spending the Easter vacation among friends in Midway and Myncester.  
 John Bush, Jr., returned to Spokane, on Saturday after spending a very pleasant vacation with his parents.  
 The regular fortnightly Card Party will be held on Wednesday evening, April 18th in the Old School House.  
 Philip and Eileen Pannell are the guests of Mr. and Mrs. H. M. Luscombe at Grand Forks for the Easter holidays.  
 Mrs. C. K. McArthur and children, of Denver, Colorado, are visiting Mrs. McArthur's parents, Mr. and Mrs. R. D. Kerr.  
 Miss A. Burnstill of Spences Bridge, arrived on Friday's train and spent Easter with Mr. and Mrs. W. Riley of Norwegian Creek.  
 Edward Clappier of Taurus, spent a few days here prior to leaving for Anaconda, Montana, on a visit to his sister, Mrs. John Brown.  
 Mr. and Mrs. S. Cross, George Cross, Al. Barwick and Mr. Lindsay of Bridesville, were the guests of Mr. and Mrs. Joe Johnston on Easter Sunday.  
 On Easter Day the United Church was beautifully decorated for the Sunday School and Anglican Services. In the morning the children received an Easter offering in the form of candies, etc. At the evening service the Rev. St. G. Smyth officiated and appropriate hymns were sung. Miss Nellie Brown presided at the organ. Easter lilies and other spring flowers adorned the church. These flowers were the handiwork of Mrs. C. J. Lundy to whom many thanks and credit is due.

**Rock Creek School Report for March**  
 Frank B. Pearce  
 No. Enrolled..... 35  
 Average Attendance..... 29.31  
**Perfect Attendance**  
 Georgia Blaine, Cammie Blaine, Joe Burdick, John Burdick, Walter Carey, Jean Johnson, Brian Kayes, Peter Pearce, Kathleen Wheeler, Phyllis Wheeler, James Worthington.

 Grade IV: Peter Pearce.  
 Grade V: Veda Anderson.  
 Grade VI: William Jupp.  
 Grade VII: John Anderson.  
 Grade VIII: Albert Anderson.

**EXPERIMENT WITH COLOR IN COMEDY**  
 Setting another precedent for film comedy, Harry Langdon has introduced technicolor into "Long Pants," his new First National fun feature, to be shown at the Greenwood Theatre on Saturday, April 14th.  
 The step is absolutely revolutionary for comedy, as much so, in fact, as Langdon's introduction of a blind heroine into "The Strong Man," his current sensation.  
 Climaxing weeks of preparation, a battery of special technicolor cameras were moved onto the Langdon set at Burbank, Cal., during the last week of production, and one entire sequence of the new picture was filmed in natural tints.  
 An elaborate special setting was built for the sequence, representing a medieval castle, its garden and its courtyard. Against this background Langdon and Alma Bennett, one of his five leading ladies, enacted scenes in which romance and pathos vied with hilarious comedy.  
 It is understood that Langdon introduced technicolor into his latest picture as an experimental measure. He is known to be tremendously interested in color photography, and it is possible he will proceed with plans for an all-color feature comedy if the public reacts favorably to his experiment in "Long Pants."

### Small Town Papers

BY FRANK PARKER STOCKBRIDGE  
Reprinted by special permission from Saturday Evening Post. Copyright 1928, by the Curtis Publishing Company, Philadelphia.

"So they were," he answered. "I was raised on the farm, but I never liked it. That's why I came down to New York in the first place. And when dad died I sold the farm and bought the paper—the old Middleboro Gazette. Couldn't get the virus of printer's ink out of my system."

I waited for Bert to go on, but he said nothing more in response to my question.

"I meant your gold mine," I ventured after a moment of silence. "What sort of business have you been in? You seem to have been successful."

Bert looked at me with a puzzled expression, as if he thought I was trying to kid him. "Why, I just told you," he said. "I bought the Middleboro Gazette."

I saw at once that I must have seemed stupid to Bert. Some big industry had picked Middleboro for its plant and made the country village into a big city, as the General Electric did at Schenectady. But for the life of me I couldn't remember which industry it was. Middleboro? I couldn't think of anything to connect the name of the town with. But I didn't let on to Bert.

"Oh, I see," I responded cheerfully. "And as the town grew big enough for a daily you grew with it, eh? Fine! What's your population now, anyway?"

"About the same as it always has been: maybe a little less," he answered. "Around 2,000. But we've got a circulation of more than 3,000. Not so bad for a country weekly, what? Be a long time before Middleboro will need a daily, if any."

"Hold on a minute, Bert," I gasped. "Let me get this straight. You've been right there in Middleboro for twenty years, running a country weekly in a town of 2,000 people, and now you've retired on your income and your wife goes shopping in Fifth Avenue and—Oh, what's the use? I just can't seem to get this straight. If I hadn't known you as well as I used to, I'd think you were trying to put one over on me. Do you mean to tell me that anybody ever made that much money, or any money more than a bare living, and a poor one at that, out of a country weekly? You must have some property besides that, Bert."

"I have now, of course," he grinned back at me. "Naturally I've made investments, same as any business man does with his surplus. I've got a block of stock in the Middleboro National and some shares in the creamery and the cold-storage plant, and a few pieces of business property in the town, and one thing, and another of that sort. But it all came out of the Gazette in the first place, and all I had to start with was the \$3,000 mother and I got for the farm after dad died. Of course, I've plowed a lot of the profits back into the paper—have to keep a newspaper plant up to date, you know. It'll inventory now—the plant—around \$25,000, and the building's worth another \$10,000; goodwill and all, I wouldn't take \$50,000 for the Gazette. It earns now around 40 per cent. on that figure, and you've no idea how far \$20,000 a year will go in a town the size of Middleboro."

"It'll go a long way in New York," I conceded. "What's gets me, though, Bert, is the idea that there's any such money, or the half of it, to be made out of any country weekly paper, anywhere, any time. As my old Yankee granddad used to say, it beats my time. You're sure you're making that out of the paper, not out of the job-printing business?"

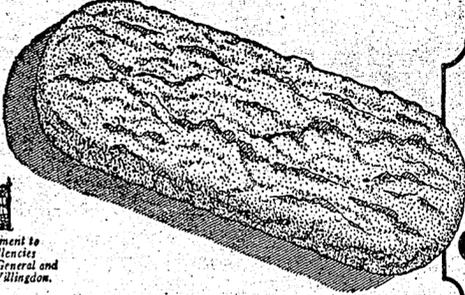

I must give Bert credit for being good-natured. He always was; and besides, he'd always liked me in the old days and he knew I liked him a lot. Some men would have got mad to be questioned that way, but he knew I was friendly and interested. "The job-printing business accounts for about a quarter of it," he said, answering my latter question first. "Job printing's a minor item in a modern country newspaper office instead of being the main reliance, as it used to be. It's a specialty that hasn't got anything really to do with making a newspaper. Fact is, my younger boy—they're both with me in the business now, running the shop—the younger one, Joe, has got an idea he could do better with the job plant if he had it out under its own roof, and we're fixing now to incorporate that separately and let him see what he can make of it. But the old Gazette, standing alone on its own hind legs, has pulled down better than \$15,000 a year net for me every year for the past five or six years, and it's getting better all the time."

"Yes, you're right," he went on. "It does beat your time. It's a new thing, this development of the country weekly into a remunerative industry, instead of a hazardous gamble, with the odds all against the editor and publisher, as it used to be. It wasn't any too easy the first few years I had the Gazette, though I always took down more than I needed to live on right from the start. And it isn't like taking candy from a baby now—get me right on that. A man's got to know the business and work at it same as any other business. But if he does that I don't know any business in the world that'll pay him so big a return on his investment or stand up so solidly under competition from outside or that's so hard to kill."

(To Be Continued.)

For years Mother Graves' Worm Exterminator has ranked as a reliable worm preparation and it always maintains its reputation.

Silk is the cheapest of all fabrics in Madagascar and women of all ranks wear it.

Serve

Biscuits tasty and crisp, with a deliciously appealing fresh coconut flavor.

**A Music Typewriter**  
A musician of Milan, Italy, has just devised a novel form of typewriter that turns a blank sheet of paper into a complete musical score, says Popular Science. It writes the lines of the staff, the musical notes themselves with all accidentals and marks and even the accompanying words.

### WAS VERY WEAK NERVOUS AND MELANCHOLY

Mrs. Geo. McKenzie, Campbellford, Ont., writes:—"A short time ago I was troubled very badly with my heart and nerves, the cause of it, I think, was my going through the change of life."

"I was very weak and melancholy, and so nervous I could hardly bear to hear a clock ticking, and I did not sleep well."

"I was advised to try

so I sent at once for a box; took them and got another, and before they were all gone I felt good, my nerves are fine, I do not mind any noise, and I can sleep well. I cannot recommend them too highly to those suffering as I did."

Price 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Before getting the appointment a man seeks the office early and late, but after getting it he isn't in any hurry about getting around in the morning.

### Value Of Chemical Fire Extinguisher

Device Is Best Known Form Of First Aid

The secretary of the National Fire Prevention Association, who spoke in Montreal before the Safety League, stressed the value of chemical fire extinguishers not only for institutions, but for private residences.

"These devices are the best form of first aid yet developed, and a very great number of fires in North America have been extinguished by the intelligent use of these extinguishers in the hands of householders and employees."

### Buys Canadian Wheat

The people of the West will be surprised to learn that Germany bought 48,496,258 bushels of the Canadian wheat that went out of Montreal last year, and Great Britain 38,644,486 bushels; Holland bought 33,554,497 bushels; Italy, 19,301,344 bushels and Belgium, 19,179,566 bushels.

The gray fox is much less swift than the red fox; it differs also in important structural characters and unlike all other foxes, is an expert climber.

The mother of Hume, the historian, considered him weak-minded as a youth.

The man who goes to church before he has nothing else to do is an idle worshipper.

**Industrialism In Alberta**  
Alberta's progress since its creation into a province in 1905 is indicated by the increase in the number of industrial establishments from 97 in that year to 739 last year. In the same interval the production increased from \$5,000,000 to \$65,000,000.

The greatest known age attained by an insect was that of a queen ant which Sir John Lubbock kept alive for fifteen years.

The more a man gets the more he wants and the more he wants the more he doesn't get.

## WHAT DO THE STARS SAY? Solve this Puzzle

**WIN** New 1928 Ford Sedan \$1500.00 in Cash Prizes

One night Professor Gazor, the great astronomer noticed through his telescope that various stars in one of the great constellations had different numbers of points to them. He was able to group these stars. This discovery so startled the scientific world that it was decided to find out what it all meant. After tremendous research it was decided that one of the planets was using this method to send the world an important message. By mathematical calculation Professor Gazor was able to decipher the message. His colleagues naturally wanted to know all about it, but he would not give them the message. He told them to work it out for themselves.

### PRIZES

FIRST, 1928 Ford Sedan, Value \$750.00	Second - - - \$250.00 Cash
Third - - - 150.00 "	Fourth - - - 100.00 "
Fifth - - - 75.00 "	Sixth - - - 50.00 "
Seventh - - - 25.00 "	Eighth - - - 10.00 "
9 to 26 - - - 5.00 Each	

The above prizes are unconditionally guaranteed.

### How He Did It

"You will notice," the professor told them, "some stars have three points, others four points, some five, or six points, etc. The number of points each star has determines what letter of the word of the message that star stands for. For instance if a star has three points it is the letter a. However, if it has four points it is either d, e, or f. Some stars represent only one letter, some 2 letters and some 3 letters. I have worked out the table code for you, now you count the number of points on each star and try to find what letter each star stands for, by referring to the table code. I have correctly arranged the stars so that each row of stars spells a word of the message. In order to help you a bit the first word is 'Greatest'."

### Solve This Puzzle Win First Prize

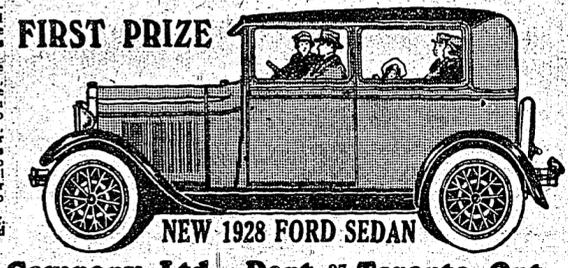

If you can solve this puzzle, send your answer in at once to compete for the beautiful 1928 Ford Sedan First Prize. Write your answer neatly on a piece of paper in pen and ink.

### THE OBJECT OF THE CONTEST: Nothing to Buy or Sell. No Money to Spend.

Frankly, this is an advertising contest. Its object is to get a wider distribution for the Banner Money saving history and underwear catalogue, listing three hundred quality items at direct to consumer prices. When we receive your answer to the puzzle, we will write and tell you how many points you have gained towards our latest catalogue right away. You can enter and win the highest prize without buying a single thing, selling anything, or spending a cent of your money. You will be under no obligation whatever to make a purchase to obtain standing for first prize. Send your answer at once.

### Follow these Simple Rules

1. Write your answers in pen and ink only, on one side of the paper. Put name and address in upper right hand corner stating whether Mr., Mrs., or Miss, also name of this paper. Write anything else on separate sheet. Don't send fancy, drawn, or typewritten answers.
2. Contestants must be 10 years or over.
3. Employees of Banner Hosiery Co. or friends and relatives of employees are forbidden to enter.
4. Three entries may be submitted but only one can win a prize.
5. Different members of a family may compete but only one prize will be awarded to any one household or group.
6. Final awards will be made by a committee of three prominent Toronto business men who are in no way connected with this firm. Their names will be made known to all contestants. Contestants must agree to abide by their decisions.
7. If you find the correct answer to the puzzle you will be awarded 950 points, and we will send you by mail, a simple acting charade puzzle game on which you will be awarded all the final points. No points are to be awarded for neatness, handwriting, or general appearance, nor are points to be awarded for orders unless sent optionally to a limited amount to take the place of missing or doubtful answers. You are neither obliged nor required to buy or sell a single thing to win the highest prize.
8. Contest closes 8 p.m., Friday Aug. 31st, 1928. Entries should be forwarded promptly.

**Banner Hosiery Company, Ltd. Dept. 97, Toronto, Ont.**

# NAVIGATION TO PORT CHURCHILL SEASON OF 1930

Ottawa.—Navigation via the Hudson Straits to Port Churchill in the season of 1930 is the present objective of the Departments of Marine and Fisheries and Railways and Canals.

Plans are now being created for the setting up in the straits of two direction finding stations, similar to those operated by the Department of Marine on the Atlantic Coast, and in the Gulf of St. Lawrence.

The Canadian Government ship, Montcalm, will leave for the North about the middle of June, under the direction of Major N. B. MacLean, and the vessel will spend the summer in the straits. She will carry with her additional supplies and equipment to enable the three Royal Canadian Air Force bases to continue their work until the autumn.

During the summer, the work on the direction finding stations will be commenced and the men who will be in charge of this work will take over much of the equipment which the air force will leave when they conclude their work and start South. The four planes will be packed up and returned to the Montcalm.

It is understood that the air force will retain these planes which were purchased specially for operation in the straits.

The Department of Railways and Canals will probably send a special crew and equipment North to undertake the refloating of the ship, Canadian Raider, which was beached last summer after some difficulties were encountered.

## Dominions Must Decide

Signature Of Anti-War Pact Left To Countries Involved

Washington.—Whether the self-governing Dominions would sign separately any anti-war pact which is included is a matter to be decided between the British countries themselves, said Frank B. Kellogg, United States Secretary of State, to the Canadian press.

The United States would, of course, welcome the signatures of any or all of the British Dominions, continued.

The secretary of state had been asked if, in the event of Great Britain adhering to the proposed pact outlaw war, Canada and the other British Dominions would be asked to sign separately.

Asked if he had had any conversation with the Canadian government on the subject during his recent visit to Ottawa, Secretary Kellogg replied he had not.

The next step by the United States government has not been decided on.

## Movies Sent By Wire

Feet Of Film Used In Successful Experiment

Chicago.—An advance in the transmission of pictures by wire was made when for the first time a motion picture was sent over telephone wires to New York city for display.

A close up of Vilma Banky, motion picture star, was taken in the telephone offices of the American Telephone and Telegraph Company, and in half an hour the film had been developed and was being transmitted by wire.

The film was cut up into short pieces and sent as "stills" or ordinary pictures. At the other end of the line strips were placed together and photographed on a regular motion picture film. Ten feet of film used in the experiment.

C. Student Receives Award

Ottawa.—Derinet A. Davies, a student at the University of British Columbia, has been awarded a \$1,000 state fellowship in economics of the Royal Bank of Canada.

Empire Fair Shows Deficit

London.—There was a deficit of \$100,000 in connection with the British Empire Exhibition of 1924-25, according to Captain Douglas Hackley, P., parliamentary under secretary of state for the Home Department, who was asked about the matter in the House of Commons.

## A Great Aid To the West

Building Of Railways To Outlying Parts Proves Big Factor

Toronto.—"One of the greatest things the Liberal Government ever did was the building of railroads to outlying parts of the country, such as the Hudson's Bay Railway and new lines into the northern part of Western Canada," said C. E. McIntosh, M.P. for North Battleford, and proprietor of the North Battleford News, at a luncheon given by the Toronto Men's Liberal Association.

Years ago, he continued, Canadians flocked across the border, as there were no railroads in the back country. Today lines were being constructed and the result was that the country was filling up with good families from all over the world. Speaking of immigration, Mr. McIntosh said his district was populated by people from all parts of the world. "These people," he said, "who have toiled and labored to make homes for themselves must be given a place in the governing of our country. Otherwise in the future we will encounter trouble."

## Commander Daniel

Found Guilty Sentenced To Dismissal From Ship With Severe Reprimand

Gibraltar.—The first court-martial growing out of the Royal Oak affair which has stirred the British navy ended with the conviction of Commander H. M. Daniel, on charges of conduct prejudicial to discipline.

The court, after deliberating one hour and ten minutes, found him guilty on all charges and sentenced him to dismissal from his ship and a severe reprimand. The sentence did not imply dismissal from the service and means that the commander will remain on half pay until it pleases the admiralty to appoint him to another ship or another post.

## Baldwin May Have

Another Term

Will Be Returned To Power At Next Election, It Is Predicted

Winnipeg.—The Baldwin Government will be returned to power at the next elections and the Liberal party will do better than it did last time, declared Sir Robert Horne, ex-chancellor of the exchequer in the British Parliament, who spent two hours in this city while en route east in the course of a tour of the Empire.

Sir Robert considered Premier Baldwin safe in being returned to power and the Liberal party, he thought, would be solid under Lloyd George. The latter, he said, was the only leader available.

## Ontario Session Ends

1928 Session Of Ontario Legislature Prorogued With Usual Ceremonies

Toronto.—With the usual military pomp and traditional ceremony Lieut.-Governor W. D. Ross formally prorogued the 1928 session of the Ontario legislature. Greeted on his arrival at the parliament buildings by a salute of booming guns, His Honor entered the legislative chamber sharp at three o'clock for the brief ceremony. The galleries were sparsely filled and many of the members had already dispersed to their homes. The desk of Alexander Stuart, M.L.A. for North Renfrew, who died on Sunday, was draped in a Union Jack surmounted with crepe.

## Use Drastic Methods

Bandits Receive Short Shift From Mexican Troops

Puebla, Mexico.—Bandits captured in the state of Puebla are being hanged to trees beside the highways wherever found in this region by federal troops and home guards. The bodies are being left until devoured by vultures, the authorities hoping that the grisly sight will deter other holdup men. At one point not far from Puebla three bodies swing from a tree beside the road and at another point are two bodies, while in several other places there are from one to three.

To Vote On Beer Parlors

Brandon.—Petitions containing over 1,700 names have been filed with the city clerk for a vote to be taken on the local option clause in the Manitoba liquor laws, and accordingly the council has decided that the vote will be taken on or about May 15. The vote must be taken within six weeks and on the result will depend the opening of beer parlors in this city.

## Recognition For Herman Trelle

Alberta Government Purchases Quarter Section Of Farm At Wembley

Edmonton.—Payment of a first installment in the purchase price of a quarter section of his farm at Wembley has been made to Herman Trelle, the Peace River wheat champion, through the department of public works. An appropriation of \$5,000 was passed in the estimates for this province.

Under the terms of the agreement, the quarter-section is being leased to Mr. Trelle for a term of five years with the option of purchase at the end of that time. The land adjoins the remainder of his holdings, on which his prize-winning wheat was grown, and is itself under cultivation.

It is understood that Mr. Trelle will continue his experimental work in which he has already achieved such distinguished success, and the action of the government, which was fully sanctioned by the legislature, is by way of demonstrating a province's grateful recognition of services rendered and good publicity provided through a double championship.

## YUKON ENTERS FEDERAL OLD AGE PENSION PLAN

Ottawa.—Yukon has entered the federal old-age pensions scheme. George I. MacLean, newly appointed gold commissioner of the Yukon Territory, has affixed his signature to an agreement with the Dominion Government to participate in the federal plan.

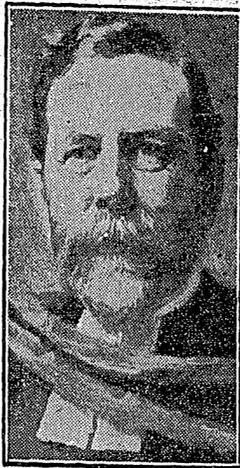

An order-in-council will shortly be passed by cabinet council, in accordance with the established procedure, authorizing Hon. Peter Heenan, minister of labor, to sign for the federal government.

Yukon Territory is the second to join in the federal old-age pensions scheme passed at the last sessions of the Dominion Parliament. Several months ago British Columbia, through Hon. A. M. Manson, provincial minister of labor, executed an agreement with Mr. Heenan along similar lines to that with Yukon.

Manitoba and Saskatchewan are now negotiating with Mr. Heenan, and it is probable that these two provinces will shortly also come under the federal plan. Legislation to enter into negotiations was recently passed by the legislatures of Manitoba and Saskatchewan.

The signature of Gold Commissioner MacLean was affixed under authority of an ordinance passed at the last session of the Yukon Legislature.

## VETERAN PASTOR PASSES

Dr. G. M. Milligan, veteran of the Presbyterian Church in Canada, and pastor emeritus of Old St. Andrew's Church, Toronto, and widely known throughout the Dominion, who died recently in his 88th year.

## Grant For Research

Placed At Disposal Of Canadian Society Of Technical Agriculturists

Ottawa.—A sum of \$4,000 has been placed at the disposal of the Canadian Society of Technical Agriculturists by the International Education Board of New York, founded by John D. Rockefeller, Jr., in 1923, to be used in making a survey of graduate and research facilities available at Canadian agricultural colleges as in the Federal and Provincial Departments of Agriculture. A part of the money will be used in preparing and publishing a graduate calendar upon such a survey.

The C.S.T.A. has arranged for the release of Dr. Robert Newton, of the University of Alberta. He will undertake the survey in January, 1929.

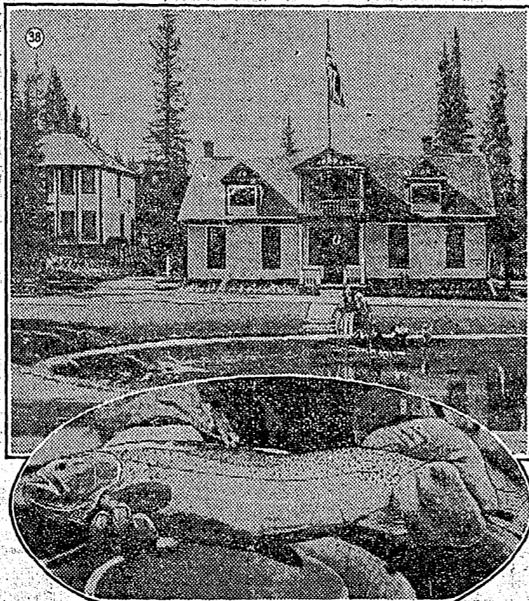

## Wins Ribbon For Livestock

Calgary Man Carries Off Honors At Alberta Stock Show

Calgary.—W. P. Fleming, of Calgary, carried off the red ribbon for the best carload of 15 finished steers, 1,100 pounds and over, at the Alberta spring stock show. Leading breeders from many parts of the Dominion were present and expressed the opinion that this carload of Herefords were the finest ever exhibited in Western Canada.

Mr. Fleming also carried off premier honors for the best five finished steers over 1,100 pounds.

Frank Collicut, of Crossfield, succeeded in winning first and second place for 15 steers under 1,100 pounds.

## Western Rivers Re-stocked

Upper.—The government hatchery at Banff, Alta. Lower.—A live male cutthroat after stripping. Note the protruding lower jaw, characteristic of male cutthroats.

A full report of the activities of last year by members of the Banff fish hatchery staff show that the staggering amount of one million, seven hundred and sixty-six thousand, eight hundred trout fry were placed in the streams of Alberta, under the direction of Superintendent J. Martin. A still further number in addition to the tallying 71,040, which were also planted.

Spray Lakes and the surrounding streams received the eyed eggs and 205,800 of the total number of cutthroat. Of the remaining 748,000, some 110,000 were distributed between the Jumping Pound and its tributaries, Tough and Lees creeks,

## Plan Study Of Arctic

Nineteen Nations Will Contribute To Work Of Conference

Washington.—When representatives of 19 nations gather in Leningrad next June, in an international conference on Arctic explorations, the United States may be one of them.

If so, it will mark the first time that the United States has participated side by side with a Russian delegation in such a conference and the first time this country had sent an official delegate to Russia since it became the Soviet of Socialist Republics.

The foreign affairs committee of the House of Representatives has voted favorably on a resolution which proposed U.S. participation in the International Society for the Exploration of the Arctic regions by airship.

Among the 19 nations who are expected to contribute to the work of the society are also Great Britain, France, Italy, Germany and Japan, Canada is not included.

## Completing Highway In B.C.

Federal Government Agrees To Operate In Construction Work

Revelstoke, B.C.—A start on the last link of the trans-Canada Highway between Revelstoke and Golden will be made early next month, according to Hon. W. H. Sutherland, Provincial Minister of Public Works.

According to the minister, the Dominion Government has agreed to cooperate in the construction of the highway around the Columbia River, and the work to be undertaken will commence at a point on the big bend North of here where work stopped at the beginning of winter.

Dr. Sutherland stated that the federal government cannot undertake the building of a road through Glacier National Park, but has offered to assist the province in building around the big bend. It is understood that Ottawa's contribution will approximate \$1,000,000. The work to be undertaken this year will be extensive, it was stated, and may entail an expenditure of \$225,000.

## Will Borrow Three Million

Alberta Confident That Debentures Will Find Ready Sale

Edmonton.—A debenture issue of \$3,000,000 will be made by the provincial treasurer at the beginning of May. It will be in part for refunding purposes, covering an item of \$825,000 maturing June 1, and the balance will be used for general expenditure requirements of the government.

The exact terms and conditions of the issue have not yet been determined, but in view of the fact that the Eastern money market is now favorably disposed, the treasury is looking for just about the best sale it has ever made.

## NO CHANGE IN BRITISH POLICY TOWARD EGYPT

Manchester, Eng.—Sir William Johnson-Hicks, secretary of the home office, told the Cotton Spinners' Association that the latest Egyptian note would work no change in British policy. He said:

"It is true we have received a somewhat foolish despatch from the Egyptian Government. But I ask you to put your faith in His Majesty's government, and realize that this despatch will mean no change in British policy. A reply to the Egyptian Government will be made shortly."

Sir William also said that he looked forward to the time when Lancashire would be independent of the cotton supplies from the "great west" and would get all its cotton from the British Empire.

Cairo, Egypt.—Premier Nahas explained to Cairo newspaper representatives briefly, Egypt's position with regard to Great Britain.

"In our note to Great Britain," he said, "we have striven on the one side to uphold our country's rights, and on the other to maintain unimpaired our friendly relations with Great Britain."

The note in question was Egypt's rejoinder to the British Government's latest note on the rejection by Egypt of the proposed treaty.

In his explanation the premier dealt solely with Egypt's rejection of the British claim to the right of interference with Egyptian legislation and with Egypt's ability unaided to protect foreigners. Nahas laid stress on his desire to prepare the way for "real friendship."

## OTTAWA MAY CONTROL RADIO BROADCASTING

Ottawa.—Government control of all radio broadcasting in Canada looms as a strong possibility of the future. They have such a system in Great Britain and it may come to it here before long.

While there has been no official decision as yet, it is known that such a proposition is being considered by those who have to do with radio.

A great deal of trouble is being experienced owing to the fact that many people—a fast increasing number—want to be into the broadcasting, whereas the channels of communication are very limited. Much conflict arises and complaints are very numerous as to reception being spoiled and other disagreeable conditions existing.

In consequence of this, it is learned that some interests securing new licenses have been cautiously advised not to make extensive financial commitments lest, as a development of the near future, the whole broadcasting business be taken over by the state.

Heretofore, both in Canada and the States, control over radio has been by license, but the broadcasts have been privately-owned enterprises.

In Great Britain it is all done by the British Broadcasting Company, which is directly under the control of the British Government.

Although similar course here has not been decided upon, much is being said in favor of it and complaints regarding the present system tend strongly to encourage such a departure along the same lines as the British method. It is regarded as a strong possibility of the not distant future.

## Trapper Found Dead In Northern Manitoba

Foul Play Not Suspected But Investigation Is Being Made

Nelson House, Man.—Word has been received here of the discovery of the body of John Lindbergh, 67 years old, in his cabin near Lake Trout, about six days' journey from here. He left for the Northland last summer to establish a trapping line in the district.

Death is believed to have been due to natural causes.

The body was found by another trapper and his Indian companion who had decided on a visit to Lindbergh's cabin. They found several feet of snow piled against the entrance to the shack, with the door fastened from the inside.

Forcing their way in, the men found Lindbergh's body stretched on a bed. He was fully clothed. The cabin was in order and the body showed no signs of violence. A little wood was in the stove and there was plenty of food in store.

The last day scratched off the calendar was February 18.

Provincial police are investigating.

## Violation Of Elections Act

Fifty-One Men Fined \$100 Each In Montreal

Montreal.—Found guilty of violating the municipal elections act, 51 men were fined \$100 each here, as an aftermath of the municipal elections.

Three women taken into custody suspected of having either "telegraphed" or attempted to "telegraph" votes were detained until the polls closed and then released.

This was the first official case wherein a woman was arrested on such a charge.

Of the 51 men found guilty, twenty were charged with impersonation at the polls, while the other thirty-one were charged with "attempting to telegraph" votes.

Had Lucky Escape

St. Catharines, Ont.—Although he fell thirty feet from the new bascule bridge being built across the Welland ship canal at Homer, alighting on his shoulder on the concrete floor after striking and being turned about by the girders, Elmer Green, an employee of the Hamilton Bridge Company, regained consciousness and will be able to be out of the hospital shortly.

Three British Fliers Killed

Hong Kong.—Three British fliers were killed when the engine of their seaplane exploded as they were returning to the aircraft carrier Hermes. The victims were Flying Officers Hale and Graham, and the telegraph operator, Jackson.

### TIME TO GO TO MAT AND REMOVE UNCERTAINTY

(Grand Forks Gazette)

When the present state of political uncertainty in this province is considered it must be admitted that there is something to be said in favor of the American idea of having elections at fixed intervals, says the Summerland Review. The United States system of government is more rigid than the British and less responsive to the will of the people, but in the matter of having elections at regular intervals it has its advantages. On his return from attending the recent session of the provincial legislature, D. McPherson, Liberal member for Grand Forks, was asked by the editor of the local newspaper, "Have you any opinion to express regarding an election?" To which Mr. McPherson replied: "The matter is in the lap of the gods—or the lap of Dr. MacLean. It will depend on a number of things, the chief of which, I would suppose, is the P. G. E. sale. For my part I feel that the sooner we have it over with the better. There is still too much playing politics in our public life and the fears and prayers of some people under the stress of this expectancy cannot benefit any country at large." Mr. McPherson is quite right about the bad effect generally of a long period of doubt as to when an election is likely to take place. As matters stand in British Columbia today it is not the desires or the best interests of the country that will be considered in connection with the fixing of the date of the next election. The Government, and it would be just the same if another set of men of a different political complexion were in power, will call the election whenever it considers the outlook is best to score a comeback. Should a favorable sale of the Pacific Great Eastern Railway elephant be made within the next few months then there will be an immediate election. But should the negotiations hang fire for a considerable period it might be postponed until 1929 and we will have still another pre-election session devoted largely to the making of political capital. While there is a good deal to be said on the other side of the question, it is probable that the majority of electors will agree with the Liberal member for Grand Forks in expressing the opinion that the time has come when the political parties of British Columbia should go to the mat and remove the present state of uncertainty which is not good for the province.

### SAVE THE FORESTS

It is appealing to learn that since the arrival of the white man in Canada, forest fires have destroyed 60% of her primeval forest wealth. Four or five times as much timber has been burned in this country as has been cut for the uses of man and the requirements of commerce. Dissipation of our accessible timber supplies within a period of twenty-five years is forecast. To bring home to the minds of Canadians before it is too late, the tragic loss that will result to this country if our forest areas are totally destroyed, Canadian Forest Week has been set aside. In the press, in the schools, in clubs and public gatherings, the importance of Canada's forest industries will be drawn to public attention. If everybody in Canada realized that thousands of families and millions of dollars are dependent upon the Canadian forests, everybody would think twice before throwing down lighted matches or cigarette stubs, or lighting fires in dangerous places and leaving them to spread on or below the surface of the ground. Carelessness has destroyed 60%. The axe has taken 13%. Only carefulness will save the 27% of our forest wealth that remains.

### A Satisfactory Explanation

She: "So you were in your last place three years? Why did you leave?"  
New Chef: "I was pardoned."

### Just Like a Lizzie

"Did you hear that Jiggs was killed while travelling in Kentucky?"  
"No. How was he killed?"  
"In a feud."  
"And I always told him not to ride in those cheap cars."

### Getting Even

Butcher: "This pound of butter you sent me is three ounces short."  
Grocer: "Well, I mislaid the pound weight, so I weighed it by the pound of chops you sent me yesterday."

### Perplexed

The car had broken down, and the pair of legs protruding from underneath seemed to indicate that repairs were in progress.  
"Had a breakdown?" inquired a passer-by.  
"Oh, no, only playing hide-and-seek with the works," came a muffled voice from underneath the car. But the questioner was not easily daunted.  
"What power car is it?"  
"Forty horse."  
"What's wrong with it?"  
"Well, as far as I know," came the answer, "thirty-nine horses have bolted, and the remaining one is too upset to answer questions."

William Greenwood, proprietor of the Two Friends Hotel, at Slocan City, died very suddenly on April 5th. He was an old-timer of the Slocan.

"Oh, I'm so proud of you, my son!"

Bert Hinkler, Australian aviator, had flown to Australia from England alone in a "moth" plane.

Before he began the last leg of this flight, which set five new records, he telephoned from Long Beach, Australia, to his mother at Bundaberg, 600 miles away.

"Oh, I'm so proud of you, my son!" Mrs. Hinkler cried.

"Oh, you dear old kid!" exclaimed Bert's sister ecstatically.

The long-distance telephone had done its part again in carrying human emotions across wide spans of country.

## SYNOPSIS OF LAND ACT AMENDMENTS

### PRE-EMPTIONS

Vacant unreserved, surveyed Crown lands may be pre-empted by British subjects over 16 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1 Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B. C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range. Applications for pre-emption are to be addressed to the Land Commissioner or of the Land Recording Division, which further information regarding and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to the value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land"

### PURCHASE

Applications are received for purchase of vacant and unreserved Crown Lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre. Further information regarding purchase or lease of Crown Lands given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands." Mill, factory, or industrial sites of timber land, not exceeding 40 acres may be purchased or leased, the conditions including payment of stump age.

### HOMESITE LEASES

Unsurveyed areas not exceeding 10 acres may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtained after residence and improvement conditions are fulfilled, and land has been surveyed.

### LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

### GRAZING

Under the Grazing Act the Province is divided into grazing districts and is range administered under a Grazing Commissioner. Annual grazing permits are issued based on number ranged, priority given to establish owners. Stock owners may form associations for range management. Free or partly free, permits are available for settlers, campers and travellers, to ten head.

## BRITISH COLUMBIA

The Mineral Province of Western Canada

TO THE END OF DECEMBER, 1926

Has produced Minerals as follows: Placer Gold, \$78,018,548; Lode Gold, \$126,972,318; Silver, \$80,787,003; Lead, \$106,976,442; Copper, \$209,967,068; Zinc, \$50,512,557; Coal and Coke, \$284,699,133; Structural Materials and Miscellaneous Minerals, \$50,175,407; making its mineral production to the end of 1926 show an

Aggregate Value of \$988,108,470

Production for the year ending December, 1926, \$67,188,842

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing:

THE HON. THE MINISTER OF MINES,  
VICTORIA, British Columbia.

N. B.—Practically all British Columbia Mineral Properties upon which development work has been done are described in some of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B. C. Reports of the Geological Survey of Canada, which Building, Vancouver, are recommended as valuable sources of information.

Reports covering each of the Six Mineral Survey Districts are published separately, and are available on application.
