by Mark Twain

Mrs. J. M. Bella of Victoria, was present at the Convocation Exercises of Class '27 of the Vernon Jubilee Hospital Training School, at which her daughter, Miss Irene Bella, graduated as a nurse. Miss. Bella received the special prize donated by Miss A. T. Wilson for obstetrical nursing. Miss Bella is well known in Greenwood having left here three years ago to begin her training. Her many friends here wish her the best of luck in her chosen profession.

Of Local Interest

Alec Purkis of Nelson, spent Sunday at his home here.

Reggie Skilton of Bonnington, is visiting at his home here.

Hugh McGillivray spent a few days with his family last week.

Mrs. L. Lyons left on Monday to spend a holiday in Spokane.

Jas. Skilton returned on Sunday from a business trip to the coast.

Service in St. Jude's Church on Sunday, May 29th, at 7:30 p.m.

L. Sortome, of Bonnington, spent the week-end in town with his family.

Miss I. Hill, R.N., of White Rock, is on special night duty at the District Hospital.

Mr. and Mrs. Jas. Muir of Grand Forks, were visitors in town on Monday afternoon.

Mrs. J. C. Smith and son, Irvin, of Beaverdell, were visitors in town during the week-end.

Mr. and Mrs. E. E. Gibson of Penticton, were in town on Monday en route to Grand Forks.

June 9th is announced as the date of the North Okanagan by-election, with nominations closing June 1.

Kenneth Skilton, who is employed at Bonnington, had three ribs fractured by a fall of rock a few days ago.

Rev. A. Walker returned on Wednesday from attending the B. C. Conference of the United Church of Canada in Vancouver.

Roy Clothier motored in from Victoria arriving on Monday night and left the next day for Beaverdell where he is in charge of the Beaver.

Mrs. Crosby, Mrs. Kruegar, and Mr. Crosby of Spokane, were in town on Tuesday. They were accompanied by Miss Billie Smith formerly of Beaverdell.

Mark Twain's delicious side-splitting humor in "A Connecticut Yankee in King Arthur's Court" will be at the Greenwood Theatre on Saturday, June 4th. Giggles! Laughs Roars!

Very few flags were flying in Greenwood on Empire Day which was greatly regretted by the patriotic citizens. Visitors from Spokane did not fail to show their colors as one car carried five flags each containing the stars and stripes.

After June 1st, "one armed" driving is taboo in Washington. The shiek who rambles about the highways in that State with his "baby" cuddled up in one arm will now be charged with reckless driving. It is also unlawful to have windshield stickers.

R. L. Koelzer and son, Vernon, of Spokane, were in town this morning. While Mr. Koelzer was buying hides in the meat market a small black dog jumped on his son, leaving several bad scratches on the boys left cheek. Vernon was taken to the District Hospital for treatment.

Midway and Rock Creek

Empire Day Observed

Empire Day, May 24th, was celebrated at Ingram Bridge. An impressive ceremony was held at the Monument in which Rev. E. A. St. G. Smyth, A. Lander and the Midway Boy Scouts under R. D. Kerr took part. Wreaths were placed at the foot of the monument.

Children's sports were held during the afternoon under the auspices of the Rock Creek Women's Institute. Three Basket ball games were played in which Greenwood defeated Rock Creek; Ingram won from Midway, and in the final Greenwood scored a victory over Ingram. The baseball game between pick-up teams proved very interesting and comical. The Dance held in the Riverside Hall was greatly enjoyed and the music by Bush's orchestra kept the merry crowd lively until an early hour.

Rod and Gun Club

The Annual Meeting of the Greenwood District Rod and Gun Club will be held in Midway on Friday, May 27th at 8 p.m.

Keep in mind the Concert and Dance in Greenwood on June 10.

Ernest Johnson, who has been C.P.R. roadmaster in the Boundary district for several years, has been transferred to the Coquihalla district, and has left for his new duties. P. Gustafson succeeds Mr. Johnson.

Keith Pincott, son of Barrister C. F. R. Pincott, who is taking his final year in law with Lucas & Lucas, barristers of Vancouver, has become a charter member of the newly-formed legal fraternity, the Sir Charles Tupper Sigma Nu Phi, which was recently formed in Vancouver.—Grand Forks Gazette.

Miss Mabel A. Foote, daughter of Mr. and Mrs. W. A. Foote, of Grand Forks, was married to Mr. Wolffred Bauer of Bellingham, Wash., in Grand Forks, on May 18th, the ceremony being performed by Rev. E. A. St. G. Smyth. Miss Foote lived in Greenwood a number of years ago when her parents resided here.

The Right Rev. Dr. Kidd, Bishop of Calgary, administered the Sacrament of Confirmation to 22 candidates at the Catholic Church on Thursday morning, May 19th. After the ceremonies the ladies of the parish served a sumptuous breakfast to the candidates. Bishop Kidd was assisted by Rev. Fathers Coccola, Bernstein and Wagner.

Mrs. M. Axam returned on Sunday from Vernon where she attended the Convocation Exercises of Class '27 of the Vernon Jubilee Hospital Training School. Among the graduates was her daughter, Miss Mabel Axam, who was successful after three years of strenuous duties. Miss Axam received the Dr. Harvey medal for highest marks in Gynecology. The many friends of Miss Axam in Greenwood offer her hearty congratulations.

Mother's Day was fittingly observed in the United Church on Sunday May 22nd. Sunday School was held in the morning and a special service at 7:30 p.m. The evening service was conducted by Mrs. A. Walker in a very able manner. The duet by the Misses Renie Skilton and Silvia Price, and the violin solo by Geo. Love was greatly enjoyed. The Pageant in which Miss Vera Kempston and Miss Ruth Axam took part, assisted by the Sunday School scholars was very impressive.

A quiet but pretty wedding took place at the home of Mr. and Mrs. G. H. Bawtinheimer at Armstrong, on Thursday, May 19th at 1:30 p.m., when their daughter, Lillian Ethel, was married to Mr. William Henry Bryan, of Greenwood, Rev. Mr. Stott of the United Church performing the ceremony. Miss I. Hill of White Rock, was the bridesmaid, and H. E. Andreas of Greenwood, the best man. Shortly after the ceremony the newly weds left by motor to spent their honeymoon in Vancouver, Seattle and Portland after which they will take up residence in Greenwood. The Greenwood Ledge joins with their many friends in extending congratulations.

Ingram Bridge Chosen For July 1st Celebration

The Diamond Jubilee Celebration delegates met in the Ingram Bridge School on Saturday afternoon, May 21st, and decided to hold the Celebration on the old Grass Hockey Grounds near Ingram Bridge on July 1st.

Major R. Gray was chosen secretary and the Committee was given power to add to their numbers.

The question of finance was thoroughly discussed, it being agreed that subscription lists be circulated throughout the district to raise funds for prizes, such lists to be completed and placed in the hands of the secretary by June 17. A charge of 50c. for adults will be made on the grounds, with children free.

A flag pole will be erected and the grounds will be put in shape for Children's sports, Baseball, horse races, and other events.

H. Bruce, a pioneer resident has been chosen to make the presentation of the bronze medals to all the school children present.

A tentative program was drawn up which includes children's races, men's and ladies races, ladies nail driving contest, tug of war with district teams, pillow fighting on bar, 1-4 mile horse race, stake race, long distance baseball throwing, and baseball.

An effort will be made to bring all the children in the district to the celebration, by providing free transportation if necessary.

The days enjoyment will be brought to a close by a Dance in the Masonic Hall, Greenwood, the secretary being instructed to engage Bush's orchestra for the occasion. The picture show will also open early on that evening.

It is likely that caterers will be asked to provide refreshments for the dance, thereby giving the ladies a rest from these strenuous duties.

The next meeting is called for June 18th at 2 p.m.

Former Resident Dies

Citizens were shocked to hear of the death of Miss Catherine Smith in Vancouver on May 22nd. Miss Smith left here a few weeks ago to reside in Vancouver, and no word had been received that she was ill. The deceased lady came to B. C. in 1884 and for over 20 years was a resident of Greenwood, being in the employ of the Pacific Hotel until it recently changed ownership. She is survived by two sisters, Mrs. A. C. Fraser and Mrs. A. Greig, of Vancouver, and two brothers, D. A. Smith of Kerrisdale, and Kenneth Smith of Prince Rupert. The deepest sympathy of a large circle of friends in this district goes out to the bereaved ones. The funeral took place in Vancouver on Wednesday.

Bridesville News

Mr. Ames left on Monday for a few days visit to Spokane.

Joe Kayes who has been ill for the past week is now up and around again.

Gusto Dewitte who spent three years in Paris, France, returned home on Saturday.

The diamond drill crew have commenced work on James Copland's mineral claim.

Mr. and Mrs. Ames accompanied by Mr. and Mrs. McDowell of Molson, spent Sunday in Penticton.

Dr. A. Francis of Greenwood, was in town on Monday, inspecting the Rock Mountain, Anarchist Mountain and Bridesville Schools.

D. McPherson of Grand Forks, was in town during the week, delivering a new Dodge car to Joe Dumont, and a new Ford to Miss Robinson.

A branch of the Alberta Co-Operative Wheat Producers Ltd. in British Columbia was organized here on the 17th inst. W. J. Jackman, a member of the Alberta pool was present and addressed the meeting. At the conclusion of his address the Bridesville local was formed with F. Smyrl as president, G. Pitman vice-president and A. R. Barwick secretary. Seventeen members were enrolled and the next meeting will be held on Saturday, May 28th at 1:30 p.m.

Now packed in *Aluminum*, the same as years ago.

RED ROSE TEA "is good tea"

114

RED ROSE ORANGE PEKOE is extra good.

The Spirit of the Jubilee

It is now clearly manifest that the celebration of Canada's Diamond Jubilee will be general throughout the Dominion, and that the ceremonies marking this historic occasion will be colorful, entertaining and instructive as befits the sixtieth anniversary of a nation's birth. The columns of every daily and weekly paper, however small the latter may be, tell the same story of the holding of public meetings and the appointment of committees of representative citizens to plan a fitting celebration on July 1st and the succeeding two days. It is quite evident that it will be a very unprogressive and poor-spirited community which fails to commemorate the inauguration of the Dominion.

The very general interest being displayed is a gratifying evidence of the pride which Canadians have come to have in their country,—it is an evidence of a real national spirit. Equally gratifying is the way in which local communities throughout the Dominion have accepted the lead of the National Committee and are planning to make Dominion Day celebrations truly commemorative of Confederation, rather than merely days of sporting events. Generally speaking, the ceremonies on July 1st will be patriotic and historical in character, while on July 2nd—also a national holiday in this Jubilee year—sports and other programmes will be carried out.

Time, energy and money spent in organizing truly worth-while commemorative ceremonies will be well expended only if the true, underlying spirit of the Jubilee is never lost sight of, but, on the contrary, is strongly emphasized. It is urged that every celebration on July 1st should have "a clear, strong, dominant note of patriotism, directing the hearts and minds of all to Canada." Particularly is it desired that in all Dominion Day ceremonies the most prominent place be given to the children of Canada.

The Jubilee ceremonies should very properly recall the condition of Canada prior to 1867, the lack of unity then existing, the suspicions entertained, the doubts and fears for the future which prevailed. It should be remembered that Confederation was devised to overcome those conditions, to find a solution for the existing problems and difficulties. We should as a people revive in our memories the patriotism, the vision, the self-sacrifice of the Fathers of Confederation who forgot all differences of party, of racial descent, of creed, in order to render service to Canada and the Empire. The spirit of the Fathers should be the spirit of this Diamond Jubilee.

Confederation brought union and strength out of disunion and weakness, it has replaced doubts and fears with confidence; discouragement has given place to courage and a justifiable pride. The achievements of the Canadian people in the succeeding sixty years are without a parallel in the history of the world. They have spanned and re-spanned a continent with bands of steel; they have created a strong and united nation out of isolated colonies; they have placed their flag on the seven seas, and carried their commerce to the uttermost parts of the globe; even in the fiery ordeal of the world's greatest war they took second place to no other people, but by their self-sacrifice and unremitting labor won the admiration of all men and won for Canada a place of equality with the world's greatest and proudest nations.

But Confederation made more than all this possible. It has resulted in revealing the people of Canada to themselves. In working together in the solution of great national problems, in carrying through gigantic enterprises to success, and in devoting their energies to the development of some of the greatest natural resources possessed by any land, they have learned each others good qualities. They have given to the world a great object lesson of how two races, differing in language and in religion, can exercise tolerance and forbearance, and, appreciating the contribution which each has to make for the common good, unite to lay the foundations of a united state, progressive, prosperous and happy.

Recalling the difficulties and achievements of the past, glorying in the present, the real celebration of the Jubilee will be found in a re-affirmative of loyalty and a re-dedication of service to Canada on the part of individual of loyalty and a re-dedication of service to Canada on the part of individual Canadian citizens. This is the true, underlying spirit of Canada's Diamond Jubilee.

Northern B.C. Minerals

A force of engineers of the National Lead Company of New York will invade Northern British Columbia this month to investigate lead and other mineral properties. If their reports are favorable the company will likely become interested and engage in mining. The Portland Canal and Alice Arm will be visited first, after which the party will go to Terrace and other points along the Prince Rupert line of the Canadian National Railways.

Hemp for Fibre

Tests completed recently demonstrate that hemp for fibre can be grown very successfully in many parts of Canada.

Measure a man by his everyday conduct rather than by his extraordinary exertions.

Never judge a man by the opinion he has of himself.

White States in Empire

There are six great white states of the British Empire on the Pacific coast—one in Canada, five in Australia. These Empire Pacific states are larger and more populous than the four Pacific states of the United States. Canada alone is nearly as large as all Europe. It is larger than the United Saates with all its possessions.

Simple and Sure. — Dr. Thomas' Eclectric Oil is so simple in application that a child can understand the instructions. Used as a liniment the only direction is to rub, and when used as a dressing to apply. The directions are so plain and unmistakable that they are readily understood by young or old.

The ancient Roman Empire might never have fallen if somebody had known how to market chariots at $1 down and $1 a week.

Don't get too fresh. Remember what happened to Mrs. Lot.

Druggist Gave Her Advice

Miss Ruth Horowtiz, Bronx, N. Y., writes: "Having been troubled with indigestion caused by constipation for several months, my druggist advised me to try CARTER'S LITTLE LIVER PILLS. He said they are good for a hundred different ailments, if people only knew the value of them. I can safely say that since I am taking them, and only one each night, I feel like myself again and can eat most anything."

Those who suffer from sick headache, indigestion, biliousness tired-out and achey feeling, when due to constipation, will find relief in taking CARTER'S LITTLE LIVER PILLS.

CARTER'S LITTLE LIVER PILLS in red packages, 25c. and 75c. Try them to-night—To-morrow refreshed—All druggists.

Veteran Missionary Dead

Late Father Cochin Was Prisoner of Indians in Rebellion of 1885

Rev. Fr. Louis Cochin, O.M.I., veteran missionary among the Cree Indians, one-time prisoner in the camp of Poundmaker during the uprising of 1885, died at Battleford recently at the age of 71. One of the outstanding achievements of his career was his work in connection with the surrender of Poundmaker, the Indian chief, and peace parleys which followed.

Fr. Cochin joined the Oblate Order of priests when a young man in France, and following his ordination to the priesthood, came to the northwest, taking up missionary work among the Indians immediately on his arrival.

Home Not Complete Without Nerviline

When your stomach is badly upset, when you are belching gas and suffering from nausea, the quickest relief will come from 20 drops of Nerviline. Take it in sweetened water and you get an immediate result. Nerviline has been used for nearly half a century and is considered a necessity in most houses, because of its usefulness in preventing many small ills that constantly arise. Sold everywhere in 35 cent bottles.

Northern Grown Seed

Striking Success is Obtained With Canadian Alfalfa Seed

The superior quality of northern seed is nowhere more strikingly shown than in the success obtained with Canadian alfalfa seed. For a long time it was difficult to grow alfalfa successfully in many parts of Canada, but the development of an ample supply of hardy strains of seed has, to a certain extent, solved the problem of winter-killing and the Dominion's alfalfa crop increased from 238,000 acres in 1920 to 858,000 acres in 1926.

THE BEST MEDICINE SHE EVER USED

Dr. Williams' Pink Pills Highly Praised by a Quebec Lady

Mrs. David Logan, Thetford Mines West, Que., gives unstinted praise to Dr. Williams' Pink Pills for the good they have done in her family. Mrs. Logan says:—"I have been a user of Dr. Williams' Pink Pills for many years, as occasion required, and have always found them a most reliable medicine. My husband, who was recovering from an attack of typhoid fever, and was in a very weak condition, took the pills, and through them gained health and strength. My daughter was in a run-down condition, and was forced to discontinue work. Again Dr. Williams' Pink Pills were resorted to and she was soon restored to excellent health. Then my eldest boy had an operation performed for adenoids, which left him in a weakened condition. Once more Dr. Williams' Pink Pills were tried, and he was soon in excellent health. So I can truly say that more than satisfaction has been obtained by the use of this medicine. The pills have done more good in my home than hundreds of dollars worth of more expensive medicines."

Dr. Williams' Pink Pills assist digestion, correct the lassitude, the palpitation of the heart, shaky nerves and the pallor of the face and lips that are the results of thin, impure blood.

"You can get these Pills from any medicine dealer, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Sodium Sulphite

Large Deposits Have Been Located in Western Canada

In Canada sodium sulphate, in the form of salt cake, finds its largest use in the pulp and paper industry, and is also employed in the metallurgical, glass, dye, textile and other industries. Eighty-three occurrences of natural deposits of sodium sulphate have been located in Western Canada, principally in Saskatchewan, and an investigation of 21 of these by the Dominion Department of Mines shows the presence of over 115,000,000 tons of hydrous salts, mainly sodium sulphate.

Heads Geology Department

Dr. T. S. DeLury, who has been on the staff of the University of Manitoba, has been appointed to the head of the department of geology, which has been established by the University of Saskatchewan. Dr. DeLury had done a great deal of investigational work in the mineral areas of Manitoba.

Canada Is Centre For Paper Trade

Canada's exports of paper exceed those of any other country in the world, and in the matter of newsprint paper her exports are probably greater than those of the rest of the world combined.

Minard's Liniment for dandruff.

PILES are quickly Soothed & Healed BY Zam-Buk

Canadian Art in Paris

Exhibiaion of Canadian Paintings Praised by French Critics

From Charles Stewart, the Paris correspondent of the New York World, comes this comment on the most recent collection of Canada's art in Paris. He says:

"The exhibition of Canadian paintings sent over to Paris under the auspices of the Fine Arts Commissions of Canada came into the dingy galleries of the Tulleries annex of the Luxemburg Museum like a fresh breeze of wind from the open spaces of the great Northwest. And it is thus that these works of art have been acclaimed by the French critics. There is much excellence in individual efforts and the show as a whole is of a high order of merit. The greater proportion of the 200 canvasses exhibited consists of decorative landscapes, among which "A March Afternoon" and three other paintings by Maurice Cullen are conspicuous by their brilliancy, as are the vividly colored snow scenes by Clarence A. Gagnon. "The magic of the feminine form divine," says one of the critics, "spiritualized through the eyes of the artist does not seem to appeal to the austerity of the Canadian painter."

No matter how deep-rooted the corn may be, it must yield to Holloway's Corn Remover if used as directed.

A Strange Coincidence

Fellow Engineers in Chicago Factory Fought Against Each Other in War

Two young engineers, who have worked shoulder to shoulder for more than four years in the peaceful haunts of one of Chicago's largest industries, has compared notes to discover that each once sought the life of the other to achieve the grim ends of battle during the World War.

These men, cited for their bravery by Germany and Canada, are Harry Ratcliffe, 28 years old, whose home was in Winnipeg, and William Seligman, 29, formerly of Frankfort.

Ratcliffe's citation credits him with being one of the cleverest machine gunners in the Canadian contingent; Seligman was one of Germany's most expert snipers. By his ability to wipe out machine gun nests, he won the Iron Cross.

Comparing notes, these two men revealed coincidences as strange as fiction. During the battle of Passchendaele, Ratcliffe, a corporal of the "Little Black Devils," 27th battalion, Canadian Expeditionary force, and Seligman, a private of Infantry Regiment No. 368, Imperial German army, were less than fifty yards from each other on that eventful day of November 5, 1917.

From his secret vantage point, Seligman recalled, he managed to mow down one "Canuck" machine gunner after another. But there was one that he could not oust from his gun, which was spitting death to the Germans. That man, he is certain, was Ratcliffe, who routed the Germans, in that warm exchange.

Troubled with Lame Back for Over 17 Years

Now feeling fine as a fiddle

Harry H. Buss of Egmont, B.C., suffered from a lame back for over 17 years. Every spring he was laid up from work. He tried many remedies, but could not obtain relief. He was advised to try Gin Pills and immediately obtained relief. Read his letter:

"There is nothing to compare with Gin Pills. I suffered unspeakably with a lame back for over 17 years. I tried almost everything, even to hot poultices. I could not sleep. After taking two and a half boxes of Gin Pills I am at work again and feel fine as a fiddle. I will not be without Gin Pills from now on. I am telling everyone in this settlement who has kidney or back trouble to give Gin Pills a trial. Publish my letter as I would like others to know what great relief Gin Pills gave me."

Pains in the back, constant headaches, swollen joints, painful urination, murky urine, brick dust deposits, scanty or too frequent voiding of urine are all symptoms of kidney trouble. Relieve your suffering and ensure a future free from kidney ailments. Get a box of Gin Pills today. 50c at all druggists. National Drug & Chemical Co. of Canada, Limited, Toronto, Canada. 124

Crown Jewels on Display

Hohenzollern Collection Dates Back to Frederick the Great

Hohenzollern crown jewels, valued at $5,000,000 and dating back to Frederick the Great, are on public view for the first time in history in 200-year-old Monbijou Castle, Berlin.

Amazement at the gorgeousness of the collection is expressed even by intimate friends of the court, as it was believed that the treasures of Prussian kings were not nearly so vast.

The forty-two salons of the castle, the favorite residence of Frederick the Great's mother, contain the priceless Hohenzollern seals, scenters, the royal saber studded with huge diamonds, valuable snuff boxes of the Great Elector and jewels of Queen Louise. Several rooms contain some of the finest specimens of old porcelain, some of which are more than centuries old.

The castle had not been used as a royal residence for fifty years when it was opened as the Hohenzollern museum. It was closed in 1918, but since the indemnification settlement with the former Kaiser last fall the crown jewels, which became the property of the State of Prussia, have been collected and are on exhibition there.

Lobster Canneries

There are about 500 lobster canneries in Canada employing nearly 7,000 people. The normal catch of lobsters amounts to about 35,000,000 pounds.

They Can Be Taken By Old And Young Alike

Saskatchewan Lady is Very Enthusiastic About Dodd's Kidney Pills

Mrs. E. M. Tatton Gave Them to Her Little Boy, Who Was Suffering From Urinary Trouble.

Waldron, Sask (Special) — "Ever since my little boy was born he has suffered with involuntary urination," writes Mrs. E. M. Tatton, a well-known resident of this place. "I thought he would grow out of this, but he did not do so. At times I thought it was pure laziness and used to spank him, until I discovered it was not the child's fault, but kidney weakness. I tried Dodd's Kidney Pills with great success, and he is never troubled now. My husband and I use them frequently whenever we have pains in the back."

Dodd's Kidney Pills have become a family remedy because people have tried them and found them good. They help Rheumatism, Lumbago, Diabetes, Lame Back, Heart Disease and Urinary troubles, because all of these are either kidney diseases or are caused by the kidneys failing to do their work.

A Cruiser Mine-Layer

Only Vessel of its Kind is Commissioned in England

Just commisioned, H.M.S. Adventure is the only vessel of her type in the world and the first such vessel in the Royal Navy. She is a cruiser-mine-layer. The performances of the Adventure will be followed with considerable interest by naval architects as they are expected to yield data of great importance. Engineers are particularly interested in her because her propelling machinery includes a Diesel plant for use at ordinary cruising speed. She is the first large warship to be thus fitted with internal combustion engines. If the experiment proves successful it will be tried on a larger scale in future cruising vessels, and may prove the initial step towards motor-propelled warships.

Miller's Worm Powders not only make the infantile system untenable for worms, but by their action on the stomach, liver and bowels they correct such troubles as lack of appetite, billousness and other internal disorders that the worms create. Children thrive upon them and no matter what condition their worm-infested stomachs may be in, they will show improvement as soon as the treatment begins.

Greenhouses for Lethbridge

At a cost expected to run to the neighborhood of $12,000 ultimately, sod has just been broken for the erection of four large greenhouses in Lethbridge by the Terrill Floral Co. The company intends adding from time to time as business warrants.

Cheapest of all Oils.—Considering the qualities of Dr. Thomas' Eclectric Oil it is the cheapest of all preparations offered to the public. It is to be found in every drug store in Canada from coast to coast and all country merchants keep it for sale. So, being easily procurable and extremely moderate in price, no one should be without a bottle of it.

During the more turbulent storms at sea, waves reach heights ranging from 20 to 50 feet. The highest wave of which there is any reliable report was 80 feet, in 1922.

For all pain—Minard's Liniment.

Time-Saving Way of Tinting

For perfect tinting of dainty under wear, dresses, etc., the easiest way—and by far the best way—is the use of real dye. It tints in cold water, you know; just dip the garment and it takes whatever tinge you wish to give it. A matter of minutes.

Real dyes will get such smooth and even tones as shame the streaky, wishy-washy work of synthetic preparations for the purpose! Diamond dye in original powder form is only fifteen cents at the drugstore. Do your own diluting. Then dip to tint—and you'll have an effect that's beautiful. And if you want the tint permanent, just use boiling water.

Diamond dyes do a perfect, "professional" job of dyeing, too; the druggist has sample shades and simple directions. For a book of endless suggestions, in full color, request a free copy of Color Craft of DIAMOND DYES, Dept. N32, Windsor, Ontario.

Diamond Dyes

Dip to TINT—Boil to DYE

Honor U.S. Members of C.E.F.

Canada to Erect a Memorial at Washington, D.C.

President Coolidge through the secretary of state of the United States, has forwarded to Ottawa an expression of appreciation of the plan recently approved by parliament for the erection in Arlington cemetery at Washington, D.C., of a memorial to Americans who served with the Canadian forces. For this purpose $10,000 was voted and the expenditure has now been formally authorized by the government. The Imperial War Graves commission has also given its consent to the memorial will which take the form of the cross of sacrifice.

Bananas exceed nearly any other fruit or vegetable in food values, says Science and Invention. Bananas contain 460 calories per pound, as compared to potatoes, 385; milk, 325; marcaroni, cooked, 415.

Airplanes Have Finished Contract

Transported Huge Articles of Machinery to Churchill Without Mishap

"Our expedition has demonstrated conclusively, I think, the practicability and essentially the safety of the 'plane as a medium of transport for both passengers and freight," said F. J. Stevenson, pilot of the "City of Winnipeg," which with the "City of Toronto" has completed a contract for the Dominion Government department of railways and canals in transporting 16,000 pounds of equipment and supplies, and twelve passengers from Hudson to Fort Churchill on Hudson's Bay, involving 27 round trips over a route of some 950 miles each way.

The 'planes used on the trip, the Fokker monoplane type, were flown up from New York, arriving at Hudson on March 21. The first trip was made on March 23 and the contract completed on April 23. On some days two round trips were made.

The course flown was from Hudson to Norway House, 480 miles airline, frequently without a stop even when loaded; from Norway House to Cache Lake, 280 miles, and from Cache Lake to Fort Churchill, 190 miles. Absolutely no difficulties were experienced, except that the shifting ice formations in the harbor at Fort Churchill sometimes made it necessary to land on a small lake just inland from Churchill. Skiis were used on the planes, and taking off and landing they proved eminently effective. For summer flying purposes these will be replaced with pontoons and every use made of the multitude of lakes, rivers and waterways which abound in the district.

Some idea of the nature of the undertaking may be had from considering the nature and size of the commodities transported. The federal government wanted to get work started with respect to determining the relative suitability of Port Nelson and Fort Churchill as prospective terminals for the Hudson's Bay Railway, now rapidly nearing completion. For this purpose they decided to get staff and equipment on the ground, with the least possible delay and Western Canada Airways Limited got the contract to move them in. The equipment was largely drilling and boring machinery. The largest single item weighed approximately 800 pounds and the longest piece of timber handled was twenty feet. To handle this piece of timber it was necessary to make minor alterations in the plane, but everything was transported without mishap.

It is better to have a few good friends than a good many friends.

SICK ABED EIGHT MONTHS

After Taking Lydia E. Pinkham's Vegetable Compound Could Do All Her Work and Gained in Weight

Melfort, Saskatchewan. — "I had inward troubles, headaches and severe pains in my back and sides. I was so sick generally that I could not sit up and I was in bed most of the time for eight months. An aunt came to visit and help me as I was unable to attend to my baby and could not do my work. She told me to try Lydia E. Pinkham's Vegetable Compound, and after taking two bottles I could get up and dress myself. I also took Lydia E. Pinkham's Blood Medicine. When I first took the medicine I only weighed seventy-eight pounds. Now I weigh twice as much. If I get out of sorts or weary and can't sleep I always take another bottle of the Vegetable Compound. I find it wonderfully good for female troubles, and have recommended it to my neighbors. I will be only too glad to answer any letters I receive asking about it." — Mrs. WILLIAM RITCHIE, Box 486, Melfort, Saskatchewan.

W. N. U. 1682

Canada's National Parks

Trans-Oceanic Visitors Find Scenic Beauties Very Attractive

That Canada's National Parks are assuming a more important place among our national possessions and are rendering a larger service to the Dominion, both sociologically and economically, is convincingly stated in the annual report of Commissioner, Mr. J. B. Harkin, recently issued. Not only is Canada coming to a keener appreciation of the unspoiled beauty of these magnificent reservations, and taking a greater pride in them, but the opportunities they give to explore regions of supreme interest and scenic beauty, and the chances they offer for recreational enjoyment, are being taken advantage of by an ever-increasing number of trans-oceanic visitors, including many from Australia, New Zealand, and the Orient, who are finding Canada a very attractive route to and from Great Britain. While this travel has grown in practically all of the national parks, it is equally gratifying to know that the visits by Canadians likewise show a larger augmentation year after year.

Only two of the national parks, Glacier Park, B.C., and Jasper Park, Alberta, remain inaccessible to automobile travel from the outside. The isolated position of Glacier Park, lying at the summit of the Selkirks, renders the building of a through highway not only an expensive task, but one so difficult that, apparently, it has not been faced. The opening up of Jasper Park to motor traffic, however, "is only a question of time." The news will be welcome to many tourists.

Says Most People One-Eyed

Test Made by Pittsburg Professor Yields Interesting Result

Almost 85 per cent. of the population is "one eyed," that is, uses one eye more than the other, according to Dr. A. M. Snyder, Professor of Psychology at the University of Pittsburgh, who conducted tests in co-operation with John T. Seaton, instructor in psychology.

In a test with freshmen and sophomores as subjects it was discovered that 89 were right-eyed, 32 left-eyed, and 24 undecided, the psychologists announced.

A questionaire on the matter of glasses revealed that the boys who need glasses wear them, but that the girls in many cases only admit they need them and allow the matter to rest there. Seaton said he believed vanity prompted the girls to neglect their eyes.

Fast Cable Transmission

Cable Message Flashed Around the World in Eight Minutes

All records for fast cable transmission were smashed when a United Press cable dispatch was flashed around the world in eight minutes, and sent around South America in seven minutes.

The cable messages were sent from Columbia, Mo., where the University of Missouri was giving a United Press dinner, relayed on a United Press wire to New York and thence rushed around the world, and around South America, from one United Press bureau to another.

New Method to Sterilize Milk

Sterilization of milk and cream by a new process of eliminating bacteria and lactic acid that sours the fluid, thereby overcoming the perishability of milk, is announced by George Grinod, a dairy research expert in Wisconsin. Seven years of study is stated to have produced a scientific process of keeping milk and cream in its natural state.

Will Celebrate Thoroughly

That British Columbians will observe the sixtieth birthday of Confederation in every town, village and settlement in the province on July 1, is indicated by correspondence received by John Hosie, provincial librarian, who has been placed in charge of provincial arrangements for this occasion by the government.

If a man is not vain he is apt to suffer from vanity of others.

Stop Taking Chances

Carelessness Usually the Cause of Level Crossing Accidents

You can scarcely read a paper today, within our wide Dominion, without finding an account of a fatality or lesser motor accident. Many of these are at level railroad crossings — someone was careless — maybe a motorist or pedestrian "took a chance." No one should fail to see a railroad crossing even if he has missed seeing the big sign—"Railroad Crossing" some three hundred feet before approaching the said railroad.

Then, what about the locomotive whistle and bell? To Stop, Look and Listen may save a life, or the lives perhaps of passengers in either the automobile or train. Why dare death?

Though your journey is important, the few seconds saved are not worth while. Be sure it is safe before you start to cross. If at night, stop the motor and turn off your lights for a few seconds.

The automobile will never put the railroads out of business by meeting their trains on level crossings. — Bulletin of Canadian Safety League.

Proved Advertising Pays

British Fruit Traders Owe Success to Active Campaign

The eat more fruit campaign conducted in Great Britain for more than a year has brought tangible results even in the face of industrial trouble. A report recently supplied to the Fruit Traders' federation announces a gain of $10,000,000 in fruit sales last year over the previous year and nearly $15,000,000 over 1924. This was achieved by a well-organized advertising campaign, the total cost of which was only $200,000. This success is prompting the British dairymen to publicity work for the sale of their products. There may not be the same room for expansion in the sale of butter and cheese, but there is at least an opportunity to induce people to drink more milk. Similar campaigns in the United States and Canada have increased the volume of milk sales in the cities. Canadian fruit growers and dairymen will benefit to some extent by this extra trade developed in Great Britain.

Spirit of Optimism

"The spirit of optimism which characterizes the west is in the ascendant, and personally I have found the people of the prairies and at the coast very cheerful and hopeful," said Grant Hall, Vice-president of the Canadian Pacific Railway, on his inspection tour of Western Canada. "The type of settlers coming into Western Canada is splendid, men and women ready to do their bit in the building up of the country."

Was a Good Investment

Alaska, bought by the United States from Russia in 1867, has in the last 60 years yielded 183 times the amount paid for the territory. Salmon, gold, copper, furs, halibut, herring and cod are the principal products in the order of their importance.

Don't make yourself common: the world only sits up and takes notice of the uncommon.

SO SHORT OF BREATH SHE COULD HARDLY DO HER HOUSEWORK

Mrs. Nelson Moore, Milford, Ont., writes:—"I had heart and nerve trouble, and became so short of breath I could hardly do my housework, and was so nervous every little sound I heard felt like a shock to me.

A friend of mine recommended

so highly I got a box of them and they did me so much good I got the second box, and now I am feeling like a different woman."

Heart and Nerve Pills are 50c. a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Will Open Mystery Box

X-Ray Reveals Contents Kept Secret For 100 Years

X-rays have succeeded where psychic power failed in revealing the secrets of the famous mystery box left by the prophetess Joanna Southcott, who died in 1814.

The rays showed the outline of a skull, scissors, a horse pistol, a bead bag, rings, coins, pins, a roll of manuscript or a dice-box, and other articles.

On the theory that the manuscript, if there is one, may throw light on the prophetess' announcement that she was to be the "mother of a new Messiah," the box will be pried open.

The contents of the box have been a matter of speculation for more than 100 years. According to tradition it was turned over, after death, to Rebecca Pengarth, her sole companion, who solemnly promised it would never be opened except in a national crisis and in the presence of 24 Bishops.

Joanna Southcott, a domestic servant, born in Devonshire in 1750, claimed supernatural powers and dictated prophecies in ryhme. Her sect numbered over 100,000 at one time and was still in existence, although diappearing rapidly in 1890

WHY TORTURE THE LITTLE ONES

Mothers, do you think it fair to torture your little ones by forcing them to take ill-tasting oils when they need a laxative medicine? Don't you find that the child's dread of these medicines often do more harm than good?

Baby's Own Tablets are the modern substitute for these nauseous doses. They are the very medicine the child requires and are so pleasant to take that they are as easy to administer as a glass of water. They are the perfect remedy for all the minor ailments of little ones, being absolutely guaranteed from injurious drugs.

Baby's Own Tablets accomplish all that castor oil and other bad-tasting remedies can do. In fact they accomplish more as they do not leave the child exhausted from its struggle against taking medicine. They relieve teething pains, banish indigestion and constipation, break up colds and simple fevers and promote healthful, refreshing sleep. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Beam Wireless For Canada

Service to be Established Between Australia and Canada—

The management of the company operating the beam wireless service recently inaugurated between Great Britain and Australia, announces that within about eight weeks a similar beam service will be opened between Canada and Australia.

The service between Great Britain and Australia is the longest direct telegraph service in the world. It was started on April 8.

The Canadians plans are announced in a brief item appearing in the Commercial Intelligence Journal, issued by the department of trade and commerce.

Could Hardly Live for Asthma, writes one man who after years of suffering has found complete relief through Dr. J. D. Kellogg's Asthma Remedy. Now he knows how needless has been his suffering. This matchless remedy gives sure help to all afflicted with asthma. Inhaled as smoke or vapor it brings the help so long needed. Every dealer has it or can get it for you from his wholesaler.

Railway to Tar Sands Concessions

Salt Works and Tan Deposits in Alberta to be Served by Railway

The Alberta legislature has authorized a three mile extension of the Alberta Great Waterways railway from the present terminus to the salt works and a tar sands concessions near Fort McMurray. The tar sands concessions has been obtained by a California company which proposes to establish a street and road pavisg company to operate in all parts of western Canada. This company and the salt company will share with the government the cost of extending the railway.

Game Trout in National Parks

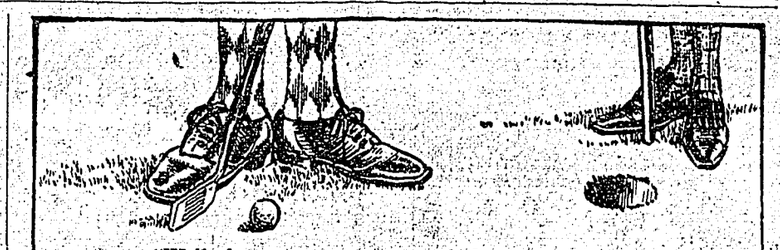
The waters in the Canadian National parks in western Canada offer splendid inducements to the angler. Five varieties of game trout have their habitat in the waters of the parks, namely: cut-throat, lake, Dolly Varden, bull and brook.

As a vermicide, an excellent preparation is Mother Graves' Worm Exterminator. It has saved the lives of countless children.

A bit belated: There is nothing new under the sun. When the old-timers wanted a dragon killed they let St. George do it.

After telling the truth lots of men try to lie out of it.

Treat corns with Minard's Liniment.



"Well, there goes twenty-seven holes this afternoon. Want to stop—are your feet wet?"

"I should say not! Do YOURS ever get wet when you've polished them with

Progress of Chinese Women

Optimistic Factor in Development of National Life Says Oxford Professor

Prof. Scoothill, professor of Chinese at Oxford, says: "It is the Chinese woman who is the brightest spot on the landscape, the most promising spot in the national life. Twenty years ago almost the only girls with any education and with natural feet were the product of certain mission schools. Then nearly half the population of the country, some 200 millions of women and girls, had crippled feet. The effect on carriage, happiness and character is only made evident now that a new race, absolutely a new race of women, is being evolved. If a sign can be sought of progress in China, perhaps the most felicitous is the signboard on the woman's boot store. Twenty years ago it did noa exist, but now it is found in every city. Then every woman made her "three-inch golden lilies" to cover what remained of her maimed feet. Today the boot store supplies her with beautifully made shoes to wear over her flesh-colored silk stockings."

Leaders in Public Service

Members of the Canadian Daily Newspaper Association were in session at Toronto recently, and it is interesting to note how many of these representatives also find time for public service. In the national arena the veterans are prominent, while in every municipaliay, without question, the head of the newspaper takes his due share of leadership in some direction or other. Newspaper work and public service are closely allied and in Canada are synonymous terms.

Alice—"Herbie is wonderful, but, of course, he'll never set the world on fire."

Her Dad—"He would if he owned it and had it insured."

Little Helps For This Week

Yea, I have loved thee with an everlasting love; therefore with loving-kindness have I drawn thee.—Jer. xxxi. 3.

O Soul, rejoice!
Thou art God's child indeed, for all thy sinning;
A poor weak child, yet His, and worth the winning
With Saviour eyes and voice.
—George MacDonald.

Just as a mother would not love a child the better for its being turned into a model of perfection by one stroke of magic, but does love it the more deeply every time it tries to be good; so I do hope and believe our great Father does not wait for us to be good and wise to love us, but loves us, and loves to help us in the very thick of our struggle with folly and sin.—Juliana Horatia Ewing.

Keep Minard's Liniment in the house.

"Has putting in that lunch counter helped your business?" asked Jones of the druggist.

"Well it has about tripled the sale of indigestion tablets," he replied.

Personal Comment
By Mrs. E. Johnson

Bell Grove, N. B.—"I became very weak and could not do my work. My nerves were very bad—in fact, I did not care if I lived or not. I also suffered with indigestion. I was getting pretty badly discouraged when a friend advised me to use Dr. Pierce's Favorite Prescription, and I am very glad to say it helped me right from the start. Now I am feeling like a new person. I will always recommend Dr. Pierce's medicine after this. I give permission to publish this letter trusting it may be the means of helping some other sufferer back to health."—(Signed) Mrs. Elizabeth Johnson.

Just ask your nearest druggist for this "Prescription" of Dr. Pierce's in tablet or liquid form.

Write Dr. Pierce, President Invalids' Hotel, Buffalo, N. Y., if you want free medical advice.

You will really enjoy using

DUCO

IT'S not like the old painting job that had to be carefully guarded for days before it was dry.

With DUCO there are no long waits before you can get your home back in shape after painting. The amazing quickness with which DUCO dries makes it indispensable for brightening up the home, and like the DUCO finish on fine automobiles and furniture it wears and wears and wears.

Good dealers everywhere can supply DUCO in a wide range of colors, Clear DUCO and four beautiful Stains.

There is only ONE Duco—DUPONT Duco

District School Track Midway, June 3rd

Don't forget the great day for the children. Friday, June 3rd, will see a big struggle for the Challenge cup as many more schools of the district have promised to be present. There will be a Novelty Dance in the evening in the Farmer's Hall. The Women's Institute will supply the good eats for the dance and Bush's melody orchestra will play for the light fantastic.

The farmers are meeting on Thursday afternoon, June 2nd, to get everything in readiness and request all the help they can get.

Sports will commence at 10 a.m. sharp. The School Yell and Speeches will make a great hit. Several schools are coming out in costumes.

Midway News

The Ladies Aid will meet on Friday, June 10th in the Old School.

Mrs. O'Rielly returned to Penticton the first-of-the-week, after a five weeks visit with her parents Mr. and Mrs. H. A. Nichols.

The Women's Institute ask through this medium for their members to supply sandwiches and cake for June 3rd Dance.

Mr. and Mrs. W. G. Moll returned to Rossland last week. They were accompanied by Mrs. J. Thompson of Kettle Valley.

Miss Rena Weed and Miss Ellis of Portland, Ore., are spending a two weeks holiday at the home of Mr. and Mrs. C. Weed, Ingram Mountain.

The local ball club and their supporters are highly elated over their Grand Forks victory on the 22nd inst. The next game is on the 29th here against Orient.

Mrs. C. N. Bubar, who recently underwent an operation in the District Hospital was able to leave that institution last week for Midway where she is the guest of her mother, Mrs. L. Powers.

J. Johstone of Midway, met with a painful accident on Monday when his team ran away. He sustained a broken pelvis and cuts about the face. He is in the District Hospital receiving treatment.

An agreeable surprise was sprung on Mr. and Mrs. H. Pannell on Monday evening by a host of their friends, the occasion being the 10th anniversary of their marriage. Cards and games were indulged in and a very pleasant evening was spent. They were presented with many lovely gifts.

BOUNDARY LEAGUE SCHEDULE

The following is the schedule for the Boundary Baseball League, the first named team being where the game will take place:

May 29th—Republic vs Curlew; Midway vs Orient; Wauconda vs Grand Forks.

June 5—Grand Forks vs Republic; Wauconda vs Orient; Curlew vs Midway.

June 12—Orient vs Republic; Midway vs Grand Forks; Curlew vs Wauconda.

June 19—Midway vs Republic; Curlew vs Orient; Grand Forks vs Wauconda.

June 26—Republic vs Wauconda; Orient vs Midway; Grand Forks vs Curlew.

July 10—Republic vs Grand Forks; Orient vs Curlew; Wauconda vs Midway.

July 17—Wauconda vs Republic; Grand Forks vs Orient; Midway vs Curlew.

Gets Suspended Sentence

Frank T. Thompson, rancher of the Midway district appeared in the County Court before His Honour Judge Brown on the 20th inst. at. Greenwood. Thompson was charged with assault causing grevious bodily harm to John R. Ferguson road-foreman of Midway. Trial had been adjourned from the 13th inst. in order that Thompson could be kept under observation by the local Doctors as to his sanity. After a week's abservation the Doctors could not decide whether Thompson was insane or not, but recommended that he be examined by an Alienist.

The charge against Thompson was reduced to common assault, which he pleaded guilty to. He was sentenced to 1 month's imprisonment in the Nelson goal, but granted suspended sentence pending his good behaviour and bound over in the sum of $500.00 to keep the peace and be of good behaviour. A. F. Crowe, Barrister of Grand Forks, appeared as Crown Counsel and C. F. R. Pincott, Barrister of Grand Forks, appeared as Counsel for the accused.

Rock Creek District Items

J. C. Madge and Fred Madge motored to Greenwood on Wednesday, taking L. McDaniel to the District Hospital for treatment.

Fred and Henry Madge returned last week from the Mayo Institute at Rochester, Minn., where the latter consulted specialists. Fred is preparing to go to Wenatchee, Wash., where he will take treatment.

Major R. Gray and Major F. E. Glossop motored to the Jewel mine near Greenwood on Wednesday where Major Glossop purchased a small water tank which he will place it on the hill near his residence to hold water for irrigation purposes.

Word has been received that Tom McLung, a brother of Mrs. Susie Inghram who resided for 20 years in Rock Creek, was drowned on May 8th at a Beach near Marshfield, Oregon, after rescuing a young girl who was being carried to sea by the undertow.

Searchers Find Bodies

The chill waters of Hayden lake, Idaho, reputed never to give up their dead, on May 8th, yielded the bodies of Miss Irene Jackson and Patrick J. Dowling, drowned May 1 when the boat in which they were crossing the lake was swamped in a storm. The recovery ended an ardous seven-day search, in which the bodies were found in 175 feet of water.

Has produced Minerals as follows: Placer Gold, $77,663,045, Lode Gold $122,808,459; Silver, $74,111,397; Lead, $89,218,907; Copper, $197,642,647; Zinc, $39,925,947; Miscellaneous Minerals, $1,594,387; Coal and Coke, $273,048,953; Building Stone, Brick, Cement, etc, $44,905,886; making its Mineral production to the end of 1925, show an

Aggregate Value of $920,919,628
Production for the year ending December, 1925, $61,492,242

The Mining Laws of this Province are more liberal, and the fees lower, than those of any other Province in the Dominion, or any colony in the British Empire.
Mineral locations are granted to discoverers for nominal fees.
Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown Grants.
Full information together with Mining Reports and Maps, may be obtained gratis by addressing—

THE HON. THE MINISTER OF MINES,
VICTORIA, British Columbia.

N.B. Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports covering each of the six Mineral Survey Districts are published separately, and are available on application. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to the value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown Lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown Lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority given to established owners. Stockowners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.
