

The Greenwood Ledge

56

VOLUME 2

GREENWOOD, B.C., THURSDAY, JULY 12, 1928

No. 50

Of Local Interest

Archie Walters, of Vancouver, is the guest of his grandmother, Mrs. Wm. Walters.

Mr. and Mrs. L. R. Loomis and daughter, Elizabeth, have returned from a motor trip to Burke, Idaho.

Mrs. L. Lyons returned on Tuesday evening from a pleasant holiday spent with friends in Spokane, Wash.

Mrs. J. A. Halseh and two daughters of Spokane, are visiting with Mr. and Mrs. A. Sater. Mrs. Halseh is Mr. Sater's niece.

Two visitors from the States were hailed before J. A. McCallum, S. M., last week, and were fined \$25 and costs each for being drunk in a public place.

The Misses Olive and Enid Morris, who have been the guests of Mr. and Mrs. A. Sater for a few days this week, returned to Grand Forks on Wednesday afternoon.

Mr. and Mrs. Ross Fleming of Nelson, were the guests of Mr. and Mrs. G. W. A. Smith during the week-end, en route to spend a week with Mrs. Fleming's parents, Mr. and Mrs. C. A. Shaw, at Keremeos.

J. W. Clark, of Trail, was renewing acquaintances in town during the week. Mr. Clark has rented a house in Grand Forks and will make his headquarters in that city.

Miss Georgina Lee left this afternoon (Friday) for Vernon where she will resume her training in the Jubilee Hospital, after spending a two weeks vacation at her home in Greenwood.

C. S. Rankin, inspector of agencies for Cepceley, Rounsefell & Co., Ltd., of Vancouver, and R. S. Dunnett, representing the British Columbia Board of Fire Underwriters, visited Chas. King's agency on Monday.

Mrs. S. W. Auger, Miss Hattie Auger and Herbert Auger, returned last week from a visit to Moyie. They were accompanied home by Mrs. Stewart Walker and four children, who will visit for several weeks.

Mrs. M. A. Bates, of Portland, Ore., and Mr. and Mrs. Arthur Bates, of Spokane, Wash., arrived in town on Tuesday afternoon and will spend a few weeks with Mr. and Mrs. E. E. Keir at the Cedar Glen Fur Farm.

Display of aurora borealis with all the lighter tints of the rainbow were visible over Greenwood on Saturday and Monday nights. The aurora covered the whole sky before it disappeared, seeming to center directly above the city.

Rev. Andrew Walker was aroused from his slumbers on Tuesday morning by a great commotion in his poultry yard. On investigating Mr. Walker discovered a year-old doe enjoying itself chasing the chickens much to their disapproval.

Mrs. T. H. Bray, Miss Lillian Bray, Miss Betty Mason and Walter Folkard who have been the guests of Mr. and Mrs. A. Sater for a few days this week continued their motor trip today (Friday) en route to Kimberley. Mrs. Bray and party had been on visit to Vancouver.

F. F. Smith, of Vancouver, representing the Great West Life Assurance Co., was in town for a few days this week and paid an official visit to Chas. King, the local agent of the company. Miss Jean Blaine has resigned from her position in the District Hospital and left on Wednesday for Molson. Miss Caroline Casselman will fill the vacancy.

Dr. Geo. Hoffman and F. M. O'Leary, attorney, of Spokane, spent Saturday fishing at Jewel Lake in company with Thos. Taylor. They report having had a wonderful time chugging around the lake and trying to persuade the famous Kamloops trout to try their tasty bait. It is said that they made a record catch when they landed the "smallest trout of the season."

The ladies of the Hospital Auxiliary desire to express their sincere thanks to all the ladies who donated so generously to the supper on July 11th and also to those who so cheerfully helped in the preparations and serving of the supper. The sum realized at the dance has been handed over entirely for the benefit of Hospital funds.

Conservative Leader Heard

Hon. Dr. Tolmie Hear on Speaking Tour of Province—Conservative Candidate Speaks

Hon. S. F. Tolmie, Leader of the Conservative party in British Columbia, and Dr. C. M. Kingston, Conservative candidate for the Grand Forks-Greenwood riding were the speakers at a public meeting held in the Greenwood Theatre on Monday evening. Wm. B. Fleming acted as chairman.

In opening his address Dr. Kingston congratulated Hon. Dr. MacLean on obtaining his high office but wondered if he was sincere in his professions of gratitude to the riding for giving him his start and he thought had the premier been sincere the business conditions of this riding would be much better. The Hope-Princeton road would have materially benefitted the south-east portion of B.C. This road make the distance to Vancouver 230 miles shorter than the highway which is now being built through the Fraser canyon. This road was surveyed and 16 miles completed by the government of the late Sir Richard McBride and construction was only closed down on account of the war. Dr. Kingston thought that a splendid opportunity had been missed by Dr. MacLean when he had not advocated the employment of the returned men in the building of this road which would have so benefitted his old constituency.

The candidate said that some of the social legislation of the present government was admirable but they were trying to get credit for some that had been inaugurated by the Conservative party mentioning mother's pensions, old age pensions, Workmen's compensation, deceased workman's act, government inspection of factories, medical inspection of schools and also votes for women. The Liberals however, do not take credit for the absentee vote which he considered gave them three of their members (Mrs. M. E. Smith, Hon. Ian Mackenzie and J. M. Bryan) their seats unfairly, and he would bring to the attention of the audience that they had not sought nomination in their old ridings, Bryan having retired, Mrs. Smith going to Esquimalt and Mackenzie to North Vancouver.

He then referred to the Candlelight published by D. McPherson four years ago in which he urged support of the voters on the grounds that a supporter of the Government could do more for this constituency than an opposition member, but a few days ago in Grand Forks, Mr. McPherson said that no matter if the Government were defeated he would still be in a better position to serve this constituency than Dr. Kingston and he was sure that there would be a few Liberals in the House, so apparently Mr. McPherson expected the Government to be defeated.

Dr. Tolmie was well received on rising to speak. He said he had been criticized for not running at the different bye-elections but he did as agreed at the Kamloops convention, resigned his seat in the Federal House when the election was announced.

Referring to the increase of debt and to the over expenditure on Government contracts Dr. Tolmie stated that the actual expenditure for 1926 exceeded the authorization by approximately \$3,000,000 indicating a looseness and extravagance.

He then went on to say that although the P.G.E. was a problem to be solved yet it was not so great or important a problem as to bring about better prosperity in the province, so that our sons would not have to leave this country to make a living.

The speaker then dealt with fishing and agriculture very briefly, saying that these industries could be materially improved. B.C. was geographically well situated and be able to take advantage of the water routes. Why with so many opportunities are we not prosperous?

The province imported 75% of its meat valued at 5% million dollars, utilized only 6% of its range land when as the States of Washington, Montana and Idaho utilized 7% of theirs. Dairy and vegetable products were shipped right under our noses from Yakima and other points.

Dealing with the mining industry Dr. Tolmie wished to pay tribute to the old time prospector and considered we were not taking full advantage of the prospects of this industry and he proposed, if returned, the removal of the free miners licence fees, as had been done in Ontario and Quebec. He also proposed to inaugurate free lectures and demonstrations for prospectors.

Dr. Tolmie said he would also change the taxation system and there would be no tax on development work on pro-

EXPLOSION AT POWER HOUSE WHEN OIL SWITCH BURNS

The Greenwood Ledge has been unavoidably delayed this week, due to the explosion of an oil switch at the local South Kootenay Power station. As a result Greenwood will in all probability be without electricity for a few days.

Manager Legault Injured

Manager A. Legault, who was injured about six week ago, when he received bad burns, again came to grief today (Friday) when the oil switch at the power station exploded. He was taken to the hospital where his wounds were dressed. Charles Nichols, local operator, also received burns, but was able to return home.

Thank You!

In the midst of operations with The Greenwood Ledge, the power went off and we were unavoidably delayed. A S.O.S. call was sent to Editor T. A. Love of The Gazette, who assured us of every co-operation, and with the assistance of his staff the Ledge was completed in Grand Forks this evening (Friday).

Owing to the power breakdown several items have been held over, but will appear next week.

Providence Ships Ore

The first car load of ore from the Providence mine since it was leased to Loomis & Wilson went out to Trail today (Friday).

duction up to \$10,000, when the tax would be 3% as in Ontario and Quebec, raising to 10% according to the profits made. He was a firm believer in the development of this industry.

He dealt next with immigration and stated that more had left the country than had come in of late years and we must take care of those already here before we brought in more. The problem of emigration must be solved before immigration should be considered.

He held up Trail smelter as an example of the manufacture of raw materials at home.

Dr. Tolmie denied the rumours that their would be a wholesale dismissal of civil servants if the Conservatives were returned and stated that no civil servant who was filling his job in a proper manner would be kept on.

Although he considered old age pensions to be a Federal measure, Dr. Tolmie would continue its administration under joint control and at the same time would work to have it taken over by the Federal Government.

If returned to power Dr. Tolmie promised to do his best to give clean efficient and economic administration, but he did not believe in Aberdonian economy as he thought the people wanted to pay a fair price for services rendered.

Dr. Tolmie thought there was a strong desire for a change of Government in this province and the candidates put forward by the Conservative party were an excellent standard of men and he appealed to the audience for their support on Dr. Kingston's behalf.

Liberal Speakers Well Received

Capacity House Hears D. McPherson Deal With Local Issues—Appeals for Support

The public meeting and dance put on by the Liberal party on Wednesday evening was a success beyond their wildest dreams. Messrs. J. W. deB. Farris and D. McPherson were advertised to speak and by 8 p.m. the theatre was filled to capacity. Owing to some delays on the road the speakers were some thirty minutes late in arriving.

The meeting opened at 8.45, with Mayor Gulley in the chair. Mr. McPherson being the first speaker. In his usual clear and decisive manner he delivered a masterly thirty minute speech he punctured the Opposition criticisms of the government policies, financial and otherwise.

In connection with the professed astonishment of the Conservative speakers that the Government released the P.G.E. contractors from their original obligation to complete the road, Mr. McPherson explained that the best settlement possible was obtained and was approved by all parties in the House at that time. Mr. Bowser having given to the late Premier Brewster a letter to that effect. "Does Mr. Bowser now join in this silly criticism?" he asked. "No, Mr. Bowser knows it is simply a trumped up charge; he knows what he did in 1918 and he is man enough to stand behind it". There were two major reasons for so releasing the contractors, said Mr. McPherson. The first was that it would obviously have been unfair for the Government to insist on the contractors carrying out a contract which, under the changed conditions of the war, would have meant financial disaster for them; the second reason was that the Conservative government itself had illegally paid out about \$7,000,000 to these contractors—in violation of the Statute governing the operation of the contract—and the best lawyers in the province advised Premier Brewster that the Courts would not advise the government in pressing such a case.

In a clear and convincing way, Mr. McPherson dealt with the criticisms of the Opposition, explaining fully the matters involved in the Fraser Canyon contracts, etc. Dr. Tolmie manifesto he also handled without gloves, describing it as the "hurriedly scribbled document of an embarrassed and inexperienced leader."

Mr. McPherson predicted the return of the Government with at least a somewhat increased majority. As for this riding, he had no doubt that he would be re-elected. "Greenwood treated me well the last time; treat me well again this time and I will try, as I have done during the past three years, to be worthy of your confidence. If you do not treat me that way,—well, with all your faults, I'll love you still," he concluded, amid loud applause.

Mr. Farris

Mr. Farris, who was formerly attorney general in the Oliver government, dealt principally with a financial situation and showed how ridiculous were the statements of the Opposition in these matters. "They want to talk of Railway bond guarantees", he said "and they think we ought to add these conditional liabilities to our net debt but they are not prepared to add the same thing to the debt they left themselves when they went out of office. If railway bond guarantees are a part of our net debt, then are not the Conservatives themselves responsible? Was it not their government who gave those guarantees, so why should they blame the Liberals for having to carry it? Not only that, but if the P. G. E. bond guarantees must be accepted as a part of our net debt, what about the other \$50,000,000 which they guaranteed the MacKenzie & Mann people? It was no credit to the Conservative party in B. C. that this province did not also have to pay that obligation.

Mr. Farris had something to add re the matter of Fraser Canyon road contracts. "There never was such a thing as a contract for \$375,000 by Palmer Bros. That figure represented the first estimate of the engineers, for a twelve-foot road, on a unit price basis. Contracts are not let for any lump sums; they are awarded on a unit basis, that is, so much for loose dirt, so much for hard pan, so much for solid rock. The work which is in question cost more money than the engineers first estimated because the road was made wider than was at first proposed and a much larger yardage was moved than

MIDWAY NEWS

School meeting this Saturday evening at 7 p.m. Please attend. It is to your interest to do so.

Born at Toroda Creek, Wash. to Mr. and Mrs. Howard Hill on July 2nd a daughter.

A carload of cattle was shipped by the local farmers to Vancouver on Monday's freight.

T. A. Clark accompanied his son to Olds, Alberta to visit his daughter and son-in-law, Mr. and Mrs. Arthur Miller.

Roland Clark and Lee Gervais of Seattle arrived on the 4th of July for a visit with the former's parents, Mr. and Mrs. T. A. Clark.

Mr. and Mrs. John Melton and family returned to Bucota, Wash. last Friday after a pleasant visit with Mr. and Mrs. Strauss.

Miss Kathleen Salmon arrived home from Woodfibre B. C. on Saturday. She was accompanied by Mrs. Hebert and daughter Joyce of Woodfibre.

Mrs. M. McLennan of Princeton motored over on Monday and returned on Tuesday accompanied by her mother, Mrs. J. Melville and nephew, Bobby Evans.

At the W. I. meeting held last Saturday it was decided to hold their next Dance on Labor Day, Sept. 3rd. There will no meetings of the W. I. during August.

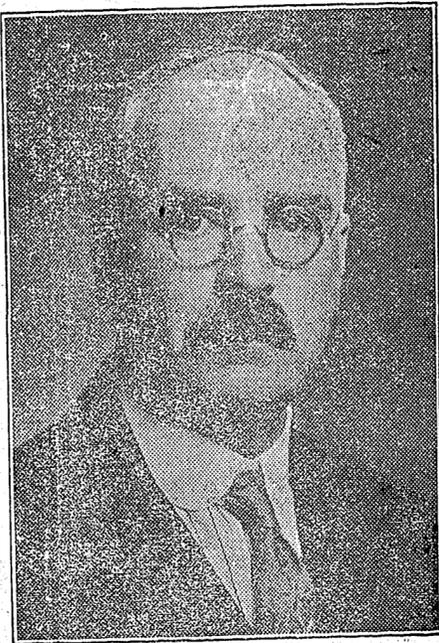

Miss Julia Pond, of Portland, is the guest of Mr. and Mrs. W. B. Fleming.

was first estimated. "The Opposition had absolutely failed to prove that one dollar was improperly spent.

The proposed P. G. E. sale to the Federal government; the return of the Peace River lands and other matters affected by the relations of the Provincial with the Dominion government were dealt with by Mr. Farris in an able and convincing manner. "You know Premier MacLean; you have his word of honor that he can deal successfully with these matters. Do not change the man at the helm at this critical time but give him a chance to finish the job. It is human nature to suppose that the Dominion government will be disposed to deal with him on better terms than they would with Dr. Tolmie, who spent years organizing for the Dominion Conservatives, and who, incidentally, organized them so successfully that they went out of business."

Dance Big Success

About 300 people attended the dance in the Masonic hall following the meeting and merriment was at its wildest pitch. The dance was proceeding gaily when each gentleman was presented with a fancy hat. The spectacle they presented added an additional stimulus till the crowd simply went wild. In addition there was a balloon dance. The scramble for balloons would have to be seen to be appreciated. About the only comparison would be a New York stock market in a state of frenzy. The time passed so quickly that when the home waltz was played the dancers wondered what had gone wrong, not realizing that it was past three a.m. The total proceeds, \$139.00, were donated to the Greenwood and District Hospital.

HON. DR. J. D. MacLEAN, Premier

Give the Man at the Helm a Good Crew!

On JULY 18th... Election Day... All Canada must be shown by the support we give the Hon. Dr. J. D. MacLean that we are determined to make British Columbia grow and expand!

Every vote for a Liberal Candidate is a vote for Dr. MacLean. This vote will be an official declaration that we of British Columbia intend to continue to lay the foundation for the prosperity of every man, woman and child in this Province.

Let us show Canada by our votes that British Columbia is in earnest... that having won recognition for equalized freight rates... increased and unrestricted use of the Panama Canal... and with labor contented and capital unafraid to assist the development of our natural resources... we are enthusiastically determined to carry on the development and growth of our Province... so splendidly evidenced during these busy twelve years of Liberal Administration.

Hon. Dr. MacLean and his government are fighting for and successfully establishing the fundamentals of prosperity.

This will insure for us factory payrolls... markets for agricultural products, the development of potential production which will benefit every person in our province.

Hon. Dr. MacLean, the head of the Liberal Government, has the ear of the Hon. Mackenzie King, the head of the Liberal Government at Ottawa; and when we in British Columbia demonstrate by our votes that we are in accord with Dr. MacLean's sane, safe and sensible policy, we will benefit to a far greater extent than we would if the reins of the government were handed over to the inexperienced hands of Dr. Tolmie.

Voting is a serious matter. Disregard petty issues and personal sentiment. For the welfare of this Province... for your own best interest... return Hon. Dr. MacLean and his able government to Victoria on July 18th.

FILM LAFF-FEAST AT THE GREENWOOD THEATRE

If you are not prepared to laugh until your sides ache, stay away from the Greenwood Theatre Saturday, July 14th, where the screaming First National comedy, "Lost at the Front", is the attraction.

Humor at its best. George Sidney and Charlie Murray in the stellar roles, and lovely Natalie Kingston as the leading woman. The combination is superb.

This story by Frank Griffin was directed by Del Lord, king of slapstick, and produced by John McCormack. It details the experiences on the Russian front during the World War of Patrick Muldoon and August Krause friendly but at daggers' points over a girl!

The Financial Post, Canada's leading financial newspaper, points out that the purchasing power per capita of the population of British Columbia is \$814. This is exactly \$100 more than the highly industrialized and older province of Ontario, and far in excess of that of all the other provinces of the Dominion.

PROVINCIAL ELECTIONS ACT (Sections 162 and 163)

GRAND FORKS - GREENWOOD ELECTORAL DISTRICT

The following candidates have appointed their Election Agents as follows:

Candidate, Charles Morgan Kingston; Agent, Arthur Fleming Crowe, Barrister, Grand Forks, B.C.
Candidate, Dougald McPherson; Agent, George Charlton Egg, Realty Agent, Grand Forks, B.C.

Given under my hand, this 27th day of June, 1928, at Greenwood, B.C.
GEORGE HERBERT GRAY,
Returning Officer.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation and improvement for agricultural purposes. Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Toria, B. C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that range. Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to the value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown Lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre. Further information regarding purchase or lease of Crown Lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."
Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled, and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority given to established owners. Stock owners may form associations for range management. Free or partly free, permits are available for settlers, campers and travellers, up to ten head.

BRITISH COLUMBIA'S TEN YEAR PROGRESS

AGRICULTURE	1916	\$32,000,000	1926-7	\$71,000,000
POWER	1916	231,700 H.P.	1926-7	460,562 H.P.
LUMBERING	1916	\$35,500,000	1926-7	\$84,800,000
MINING	1916	\$42,200,000	1926-7	\$67,100,000
ROADS & TRAILS	1916	26,229 MILES	1926-7	31,900 MILES
FISHING	1916	\$14,500,000	1926-7	\$27,400,000
INDUSTRIAL PAYROLL	1917	\$78,000,000	1926	\$175,000,000
CONSTRUCTION	1916	\$2,800,000	1927	\$27,300,000
SCHOOL POPULATION	1916	64,570	1926-7	101,688

Looking forward

WHAT does the future of British Columbia hold for us? Were we wise in putting our Life's effort, our brawn, our brains, our money, into this Province? Were we, and those hardy pioneers who wrested this vast domain from the wilderness, mistaken in the belief that this, indeed, was the "land of opportunity?"

Let us sum up the achievements of the past ten years. Let us look the situation squarely in the face and see whether or not our efforts have been fruitful, and our faith in British Columbia and her potentialities justified.

The development of our natural resources has centred the eyes of the world on British Columbia, and has attracted thousands to our province. Today we have a population of 617,000. The last census showed only 392,480. Today we have an invested capital in industries and commerce of 1,837 million dollars. Ten years ago it was only 650 million. We have harnessed more of our mighty watercourses. Today they are delivering 460,562 H.P., as compared with 231,700 H.P. ten years ago, and we still have millions available!

Industrial production totalled \$1,955,436,616 in 1926. In 1916, \$807,119,736. Our payrolls have grown from 78 million to 175 million dollars annually, giving each industrial worker the greatest individual buying power of any in the Dominion.

Our commerce has increased from 43 million tons, carried by 51,104 ships in 1916, to 83 million tons and 95,600 ships. Today we control 17% of Canada's entire export trade. The value of ores taken from our mountains has steadily mounted in the last ten years from 42 million dollars to 67 millions... 59% increase... yet our mineral resources have only been scratched within the transportation area! Our fisheries produced 27 million dollars in 1926; 14 million in 1916; and our main

industry, lumbering, has risen in the same period from 42 million to 84 million dollars... 139% increase!

While we are not usually looked upon as an agricultural province, yet we produced no less than 17 million dollars worth of farm products in 1926, as compared with 32 million ten years ago. Our total agricultural wealth is estimated at 300 million dollars.

Our school population has increased during the past ten years from 64,570 to 101,688; schools by 31%; teachers by 71%. Construction grew from \$2,800,000 in 1916 to the amazing figure of \$27,300,000 in 1926; while during the same period we added no less than five thousand miles to the then existing 26,000 miles of roads and trails. Today the value of our bridges alone is \$8,848,000!

Seriously studying this ten years' record, can we ever question for a moment the wisdom of our choice of British Columbia as the scene of our life's work. Can we ever doubt our faith?

Most emphatically NO! For these phenomenal achievements speak in no mean terms of that which may be accomplished under sane legislation, when effort is sincere, when there is unity of purpose and faith to move mountains.

With confidence unbounded we can all put our shoulder to the wheel of the next decade and roll up another record which will reflect still greater fame on our fair province, and create even greater prosperity for its industries, its communities, its individuals.

Read these announcements and understand your province's progress... clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

is here again, with its call to the Great Outdoors. In the course of the next few weeks, thousands of people will forsake the cities to seek rest and recreation by lake and stream and in the depths of the cool, green Forests.

REMEMBER!

This is the month of July when the Fire Hazard is at its height. Be rigidly careful with Fire. Get your camp fire permit; have it always with you and follow its simple instructions. The consciousness of doing your part to Protect the Forests will add materially to your enjoyment of them.

B. C. FOREST SERVICE

PREMIER MACLEAN SAYS HE IS CERTAIN OF VICTORY

Vancouver, B.C., July 8.—Campaign workers and other Liberals welcomed Premier MacLean at Hastings street headquarters at noon Saturday. The premier who spoke at Agassiz on Friday night motored into the city for a consultation with his newly appointed cabinet ministers.

The premier predicted victory all along the line, declaring that every seat now in possession of the Liberals would be retained on July 18 and that certain Conservative strongholds would be captured. Not since 1916, he said, had he found the party more in harmony or so determined to win. The new candidates were of excellent calibre, he said. In North Okanagan, the Liberal standard bearer was the "find" of the campaign, he declared. "In Yale the enemy have stopped fighting," said the premier.

TORIES LEAD KOOTENAY FIELD TOLMIE ASSERTS

Nelson, July 9th.—Prospects of every Conservative candidate in the Kootenays are splendid—thoroughly in line with the whole province," declared Hon. S. F. Tolmie, Conservative leader, when he returned to Nelson yesterday from the Slocan to board the Kettle Valley train to continue westward on his election tour.

"Fernie we expect to carry, and our candidate, M. D. McLean, has a hard fight on his hands. He's a fine up-standing man—worked his way up from pit boy to a position of prominence in the coal area. He'll make Tom Uphill fight."

Captain J. Fitzsimmons is meeting with wonderful support in Kaslo-Slocan. Trail-Rosland, Nelson, Cranbrook and Creston we regard as practically won, which is thoroughly indicative, as I said before, of the whole province."

In 1915 the number of telephones in British Columbia amounted to 42,000. The total this year is 104,531. Impartial authorities point to this increase as a sure sign of prosperity. People do not instal telephones unless they can pay the monthly bill.

Showers of fish are reported to have fallen on a farm-house near Belfast, Ireland, during a thunderstorm. The fish were small, being at most two inches long. There is no river in the immediate neighborhood, the nearest considerable stretch of water two miles away.

In 1917 British Columbia's industrial payroll totaled \$78,000,000. In 1927 it had increased to approximately \$178,000,000. This represents money earned and spent in British Columbia. This expansion very largely is due to the efforts of the provincial Department of Industries.

PUBLIC NOTICE

Public Notice is hereby given that I will not be responsible for any debts contracted by my wife, Madeline Lutner, she having left my bed and board without reasonable cause.

Notice of Poll

Province of British Columbia
In the Grand Forks - Greenwood Electoral District

To Wit:

PUBLIC NOTICE is hereby given to the voters of the electoral district aforesaid that a poll has become necessary at the Provincial election now pending for the same and I have granted such poll; and, further, that the persons duly nominated as candidates at the said election, and for whom only votes will be received, are:

Kingston, Charles Morgan, Grand Forks, physician.
McPherson, Dougald, Grand Forks, merchant.

Of which all persons are hereby required to take notice and to govern themselves accordingly.

Given under my hand at Greenwood, this twenty-seventh day of June, 1928.

GEORGE H. GRAY,
Returning Officer.

Stray Bullets damage telephone lines

A .32 calibre bullet penetrated the metal sheath of a 250-pair aerial telephone cable in Vancouver, recently. Fortunately one of our maintenance men found it and made the necessary repairs before any serious trouble developed.

Had the discovery not been made, however, moisture would have entered the cable via the bullet-hole and 250 telephone lines would have been put out of order.

Trouble on telephone lines, caused by stray bullets hitting the wires, is one of the many problems with which our maintenance men have to contend.

B. C. TELEPHONE CO.

The Spirit of St. Louis

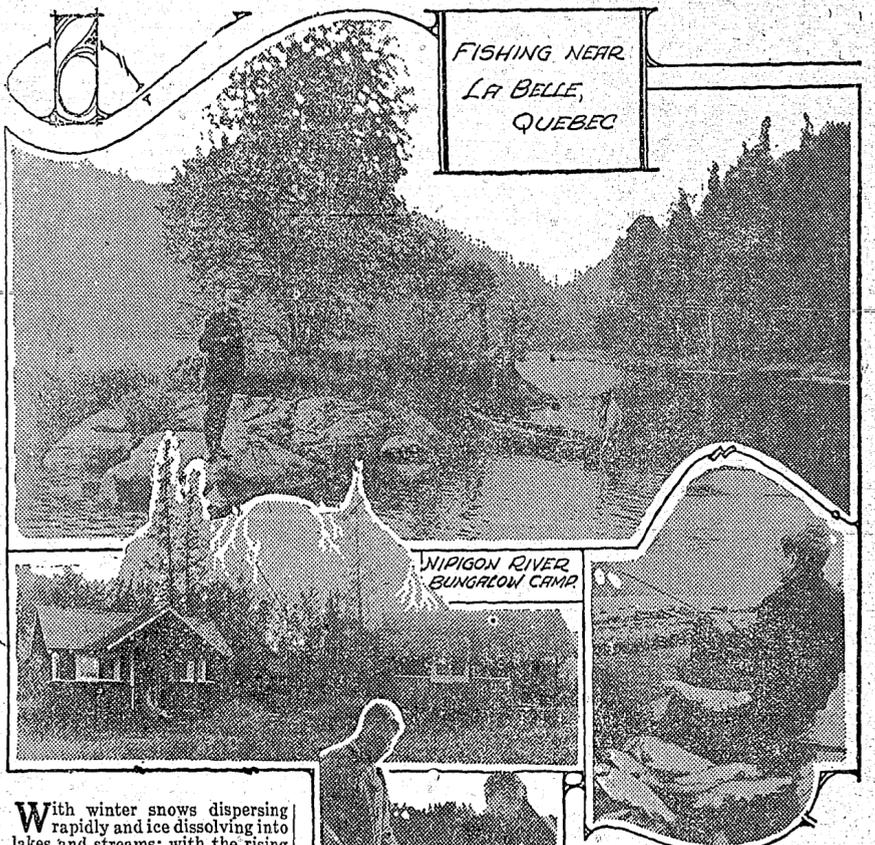

Teacher: "Can any one name our national bird?"
Little Missouri Child: "Lindbergh!"

Candidates Nominated for B.C. Election

One hundred and seventeen Candidates were nominated to contest the 48 seats in the British Columbia Legislature in the general elections on July 18th.
List of Candidates follow:

Riding	Conservatives	Liberal	Others
Alberni	Percy Rushton	L. A. Hanna	T. A. Barnard, Ind. Lab.

Trout and Salmon Await Anglers' Flies

With winter snows dispersing rapidly and ice dissolving into lakes and streams; with the rising of sap and budding of trees, memories of anglers awaken picturing streams where one would wish to fish, days

"When even the deep blue heavens look glad,
And gladness breathes from the blossoming ground."

The waters of Nova Scotia, New Brunswick, Quebec and Ontario have all their devoted followers waiting for the ice to disappear. These anglers are always eager to try new fishing grounds, and they will have new waters this year, according to Wm. Barber Haynes, writing in "Outdoor Life and Recreation." The latest bid for the favor of the sportsman is the opening of part of that famous salmon river, the Restigouche, to any sportsman who can pay a sum for a day's fishing. Heretofore, it has been impossible for anybody to fish the Restigouche unless he rented fishing water for a term of several years. Now the province has made it possible for men in ordinary circumstances to put up money enough for the realization of anglers' dreams—a week's fishing for the salmon of the Restigouche in New Brunswick.

The season for salmon in New Brunswick is from May 24—September 30. In the Restigouche River and its tributaries, such fishing is permissible from April 1 to August 15 only; the limit is 30 per week. The salmon season in Nova Scotia is from February 1 to August 31.

Quebec's trout streams are many and widespread, and are easily reached making them deservedly popular both with Canadian and American fishermen. Satisfying sport is to be had in the streams in the Lake Edward district north of Quebec City. The Province of Quebec has a wealth of attractions for the sportsman. No portion of

REALIZATION OF WINTER DREAMS

the North American continent is more richly endowed with fish and game. The innumerable rivers, streams, lakes and great stretches of forest offer an almost bewildering selection to the man planning a hunting, fishing or canoeing trip. The trout season in Quebec province is from May 1 to September 30 for speckled trout, and from December 2 to October 14 for the lake trout.

Ontario's most celebrated trout country embraces rivers and streams north of Lake Superior whose names many anglers are already familiar with. In this section special bungalow camps are at your service, operated by the Canadian Pacific Railway, they afford every advantage of an outdoor life just slightly lightening the hardships especially for those who wish to have greater comforts than a tent and camp outfit affords. The season here opens May 1. Distant fields are always green, and distant streams appear more green, while pools grow darker as imagination pictures fishing days in spring.

HUMANE WEEK

This week has been named by the Society for the Prevention of Cruelty to Animals as a week during which special consideration should be paid to the welfare of man's dumb friends.

The S. P. C. A. is performing a work essential to the maintenance of civilization. For the very essence of our civilization is the protection of life's weaker and more helpless entities.

The process of evolution was the process of weeding out the weak. The process of civilization is the process of protecting and raising the weak.

The S. P. C. A. devotes itself to the problem of improving animal shelter, to reducing abuse and ill-treatment of animals and to the general education of the public into a consciousness of the dumb animal's helpless plight.

It is a heroic and essential work, and the people of Vancouver should be proud to assist in it. —Vancouver Sun.

Everybody should take an interest in the aims of this Society.

Personal Touch in Journalism

"It is reported that one of the fastidious newly married ladies of this town kneads bread with her gloves on. This incident may be somewhat peculiar but there are others. The editor of this paper needs bread with his shirt on; he needs bread with his pants on, and unless some of the delinquent subscribers to this old rag pony up before long he will need bread without a thing on and this is no Garden of Eden in the winter time."—The Melrose Chronicle.

Up and Down

Johnnie's mother was making preserves one day, and, as she sealed each jar, she labeled it: "Gooseberry Jam, put up by Mrs. Mason."

Johnnie soon discovered the shelf on which they were deposited and fell to work.

Having emptied one of the jars, he wrote underneath the label: "Put down by Johnnie Mason."

Vote for Dr. Kingston

The hour has struck for a Change of Government

COMMUNICATIONS

Local Printing History

Chicago, July 5th, 1928.

The Editor The Ledge,

Sir:

In a history of printing in America, in the preparation of which I am now engaged, I should like to make an accurate statement regarding the beginnings of the press in Greenwood, and I appeal to the older residents to answer for me, as fully as possible, the following questions:

1. When was the first printing done in Greenwood, and by whom?
2. What were the first newspapers published in Greenwood, and what the dates of their issues?
3. Where are the best files of these papers preserved? Or what individuals own copies of the earliest issues?
4. What was the title of the first pamphlet or book printed in your community, the date of its publication, and the name of its printer? Where may a copy be found? Similar information regarding other early publications is also desired.
5. Has there ever been published, and if so, when and where, any article on or reminiscences regarding early printing and publishing in Greenwood?

Apart from answers to these questions, I shall also be much interested in any records or reminiscences regarding early local printers and their

work.

Anyone having such information will render a useful service to local history by putting it now in the form of a letter addressed to me at 2039 Lewis Street, Chicago, Ill. The courtesy will be cordially appreciated and the information will be assured of preservation in permanent form.

Yours sincerely,
DOUGLAS McMURTRIE.

Killing Song Birds

Vernon, B.C., July 1st.

Editor The Greenwood Ledge,

Sir:

F. H. Wilson, who lives on the B. X. Ranch near Vernon, saw an old Crow feeding its young—live young song birds. He shot the Crow and it vomited out the young bird. This was on June 22nd, 1928.

One of the greatest authorities on Birds in America, states that Magpies will pick out the eyes of the young song birds, and the Magpies destroy a large percentage of Game Birds.

If one crow destroys 29 insectivorous birds a year, how many insects would the insectivorous Birds kill if the Crow hadn't killed them first?

E. D. WATTS.

Calling Grandma

"What did you call your mother-in-law after you were married?"

"The first year I called her 'I Say' and after that we called her 'Grandma.'"

BRITISH COLUMBIA

The Mineral Province of Western Canada

TO THE END OF DECEMBER, 1927

Has produced Minerals as follows: Placer Gold, \$78,174,795; Lode Gold, \$130,651,919; Silver, \$86,689,046; Lead, \$121,850,734; Copper, \$221,501,079; Zinc, \$59,508,692; Coal, \$271,294,668; Structural Materials and Miscellaneous Minerals, \$53,502,301; making its mineral production to the end of 1927 show an

Aggregate Value of \$1,048,837,828

Production for the year ending December, 1927; \$60,729,358

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing:

THE HON. THE MINISTER OF MINES,

VICTORIA, British Columbia.

N. B.—Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B. C. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

Reports covering each of the Six Mineral Survey Districts are published separately, and are available on application.

Where Are the Signs of a Coming Change?

To The Electors of

Grand Forks - Greenwood Riding:

A number of Conservatives electors have been kind enough to state that, even though the Government might be changed, they want to see me re-elected. To such people I wish to give the assurance that, from all indications, there is no probability of a change taking place.

Compare this contest with the General Election of 1916 or 1924.

Do you not recall the intense interest taken in those campaigns by people of all classes. The whole population was aroused; meetings were uneasy and disorderly. In 1916 the attitude of the people everywhere in British Columbia was an unerring advance notice that **THEY WERE GOING TO HAVE A CHANGE.** In 1924 great excitement again prevailed. A new party, headed by General A. D. McRae, entered the field and the people were "worked up" into a feverish state of mind over the public issues. **IT LOOKED LIKE A CHANGE THEN**—but no change came.

What do we find today? A very polite and modest campaign indeed: No sign of undue bitterness; no suggestion of scandal. To those who clamour "it is time for a change" the voice of the people seems to give the answer

"You Have Had All The Change That You Need"

It was on July 18th, 1927, that Hon. J. D. MacLean was chosen to head our Government. **IN ONE YEAR, UNDER MANY DIFFICULTIES, HE HAS DONE WELL.** He has added "New Blood" to his Cabinet—and his selections have been wisely made. **IS HE NOT ENTITLED TO A CHANCE TO CARRY ON? WHAT REASON IS THERE TO SUPPOSE THAT A CHANGE—ANY KIND OF A CHANGE—WOULD GIVE THIS PROVINCE A BETTER GOVERNMENT? RUSSIA WANTED "A CHANGE" in 1917; IT GOT A CHANGE!**

The people who think that a change is coming on July 18th are simply hiding their heads in the sand and ignoring the signs. A few weeks ago it was suggested that Reeve A. K. MacLean would run as Conservative candidate in Burnaby Riding. **WHAT WAS HIS ANSWER? HE PUBLICLY STATED THAT HE WOULD NOT RUN AS AN OPPONENT OF THE MACLEAN GOVERNMENT, NOR OTHERWISE ENDORSE THE DEMAND FOR A CHANGE.**

A few days ago at North Vancouver **ALDERMAN BRIDGMAN, a life-long Conservative, and REEVE VINSON, Conservative candidate in 1920, TOOK THE PLATFORM IN SUPPORT OF HON. IAN MACKENZIE AND THE MACLEAN GOVERNMENT. THESE MEN PUBLICLY STATED THAT THEY WOULD PLACE THE INTEREST OF BRITISH COLUMBIA BEFORE THOSE OF THEIR OWN PARTY.**

In 1924 there were something like 28 candidates in the field in Vancouver—including a full slate of Labor men and a full slate of Provincials. **WHAT IS LABOR DOING THIS TIME? TWO MEN ONLY IN THE FIELD. WHAT IS THE EXPLANATION?**

The explanation is that Labor is supporting the MacLean Government.

Do these facts look like indications of a coming change?

We note some additional "wild statements" being made by or in behalf of the Conservative candidate. "Contractors were paid as high as \$6 a yard for rock work on Fraser Canyon road," "Contractors who built Fraser Canyon road made millions out of it," "The sub-contractors were paid starvation prices," etc., etc.

MY ANSWER TO SUCH STATEMENTS IS THIS: As a member of the House and as a member of the Public Accounts Committee I am familiar with all the facts in these matters and

Such Statements As Above Are Absolutely False.

Such Conservative members as Messrs. Pooley, Twigg, MacKenzie, and Jones served with me on the Public Accounts Committee. Any criticisms they made were fully answered by the Minister of Public Works.

It should be remebered that the Fraser Canyon Road was built for long distances directly over the C.P.R. main line and the Contractors were responsible not only for any damage that might be done to the railway company's line and equipment, but also for any delay to traffic. **A VERY EXPENSIVE ORGANIZATION, AS WELL AS MUCH EQUIPMENT, WAS REQUIRED TO HANDLE THIS JOB AND THE SUB-CONTRACTORS WERE NOT OBLIGED TO SHOULDER ANY OF THE RESPONSIBILITY.**

A FINAL WORD

I have served this District to the best of my ability during the past three years. I have tried to serve all the people—not merely those of my own party. These years have brought me valuable experience and I am absolutely convinced that

This District Has Everything To Gain And Nothing To Lose By Supporting Me.

Even though the much talked-of "change" should come—which I cannot believe will be the case—I feel satisfied that this District would not suffer by having elected me as its representative. I am accustomed to "WORKING IN HARNESS"; when the election is over I want to again deal with the affairs of the public

As A Matter Of Business.

THERE ARE TOO MANY PUBLIC MEN WHO "PLAY POLITICS" FROM ONE YEAR'S END TO ANOTHER. Such men do not deserve the support of the people.

To men and women of all shades of political thought I make this appeal for support on July 18th. **THIS IS YOUR BUSINESS,** and if you think I am capable of attending to it, it is your duty to support me. Thanking you again for past favours,

D. McPHERSON.

OF LOCAL INTEREST

Mass will be celebrated in the Catholic Church on Sunday at 11 a.m.

Mr. and Mrs. A. H. Marcon of Watrous, Sask., were in town Saturday on the coast.

Thos. Kelly appeared before J. A. McCallum, stipendiary magistrate, on Thursday, and he was sent up for trial, electing a speedy trial before His Honor Judge J. R. Brown.

A Liberal meeting will be held in Midway on Monday evening, July 16th, at 7.30 o'clock. Speakers, D. McPherson, Liberal candidate, and J. G. Turgeon, a former member of the Alberta legislature.

Wedding Bells

Miss Lucile Smith and J. L. Nordman were married in Spokane, Wash., on July 2nd.

The marriage of Miss Helen Bakke and H. S. Nordman was solemnized in Curlew, Wash., on June 30th.

A detailed account of these weddings will appear in our next issue.

AFTER MANY YEARS

Time rolled back a third of a century for many citizens of the Fraser Valley centre, Saturday night, at Mission City. Many years ago one of the most popular and successful young teachers in the public school was John Duncan MacLean. His pupils always said he had the knack of "explaining things so you could understand them."

Saturday night many of these former pupils, now men of business or mothers of families, assembled with the crowd that filled the Masonic hall to hear the premier of British Columbia.

Back at school once more they sat spellbound as their old teacher revealed to them the vision which holds him to his high task as head of the provincial government.

Vividly as he narrated the achievements of his administration, they recalled that gift of "explaining things so that you could understand them."

Mr. and Mrs. Wm. Walmsley of Greenwood were visitors to Grand Forks on Saturday evening.

Orville Winter, who suffered a severe injury in the face as result of the vicious attack of an Italian at Rossland on Thursday of last week, reached home on Tuesday for a visit.

Harold McInnes has been appointed by the attorney-general to be police magistrate at Trail during the absence of Noble Binns. He fills the vacancy Donald McDonald, who resigned because of his being a candidate in the provincial election for Rossland-Trail constituency.

A Dance will be held in the Grange Hall, Toroda, on Saturday, July 28th. Bush's orchestra will be in attendance. All who attend are assured of a good time.

CARD OF THANKS

We wish to express our sincere thanks to our many friends and acquaintances for the many kindnesses bestowed on our dear mother, during her long and last illness. We especially wish to thank the different matrons and assistants of the Greenwood & District Hospital for the extraordinary care given her to make her stay there more pleasant. And we also thank them all for the many expressions of sympathy and for their aid at the time of our bereavement.
