The more telephones there are, the more value your  
telephone is. If you could reach everyone by telephone,  
your telephone would be at its maximum value. This,  
however, is not probable.

The number of telephone users is increasing every day.  
It means that in British Columbia the telephone subscriber  
is able to reach 300 more subscribers each month.

## Memorial Service

Honor was done to the memory  
of the late Mr. J. P. McLeod, for-  
mer deputy attorney-general of  
this province, on March 27 last,  
when a memorial service was held  
at Valleyfield, P.E.I. The Charle-  
stown Guardian, in an recent issue  
printed an account of the service  
as follows:

A memorial service was held in  
the Presbyterian Church, Valley-  
field, on Tuesday, 27th March, for  
the late John P. McLeod, B.A.,  
deputy attorney-general of B. C.,  
whose remains (incinerated) were  
interred in the family plot of the  
Valleyfield cemetery. The day  
was fine and a good congregation  
assembled to pay their tribute of  
respect to a distinguished son of  
the congregation. The pastor,  
Rev. J. M. MacLeod, presided and  
conducted the devotional exercises.  
Rev. John M. MacLeod, (St.  
Peter's) an intimate friend and  
fellow-student of the deceased, de-  
livered an appropriate funeral ad-  
dress from II. Sam. 3, 38 ("Know  
ye not that a prince and a great  
man has fallen in Israel") in which  
he referred to the distinguished  
scholastic attainments and excellent  
qualities of the deceased. Of the  
many scholars and professional  
men whom Valleyfield congrega-  
tion has sent forth, he said, J. P.  
McLeod was the most brilliant,  
and his record in Dalhousie Univer-  
sity has been unsurpassed, and  
that he could have adorned a  
"Chair in Classics" in any of the  
leading universities of the world.  
Were it not for his modesty and  
quiet demeanor, he would have a  
continental reputation as a scholar.

It is felt by some of the leading  
men of the community that such a  
distinguished student should re-  
ceive some public recognition, so  
that his career might be an inspira-  
tion to others. And it is proposed  
that a suitable "Memorial" be  
erected to perpetuate his memory.

## Western Float

Be sure and plant something

cigar famine in Nelson.

The potato crop at three Forks  
will be heavy this year.

in Sandon during January.

Build up the other town, by  
sending away for your goods.

On the menu card of a hotel cafe

menu—ask for it." The local  
paper says that sounds encouraging  
in a dry province.

Thousands of Mexican farm  
laborers in Southern California,  
have recently deserted their jobs  
and marched back to Mexico. In  
consequence the farmers are short  
of help in the flowery state.

At Ashcroft, the new Ashcroft  
hotel was refused a licence, upon  
the grounds that it was not in the  
interests of the town to have booze  
sold within the city limits. Ash-  
croft has been dry since the big  
fire last summer, but there is plenty  
of liquor being sold in nearby  
towns.
