### A Valuable Car of Ore

The O. K. mine, located on  
Kruger Mountain, a short distance  
north of Oroville, Wash., shipped  
a carload of ore recently. The  
following reference to the shipment  
is from the Oroville Gazette:

Last week Fred Neil and Jack  
Gornerly, joint lessees of the O. K.  
mine shipped to the Granby smelter  
at Grand Forks, the most valu-  
able car of ore that has ever been  
mined and shipped out of this part  
of the country. It was the second  
car load shipped to the smelter  
from the O. K. The returns on  
the first car were very encouraging,  
but this last car goes the initial  
shipment, several hundred dollars  
better. Shipments will be con-  
tinued as rapidly as the ore can  
be extracted, hauled to the railroad  
and loaded, for there is plenty  
more of the same kind of ore in  
sight where the work of extraction  
is in progress. This last shipment  
embraced 52 tons. The assay re-  
turns from the smelter shows that  
the ore carried copper to the value  
\$37.80; silver to the value of \$3.19;  
gold to the value of \$1.80, with an  
approximate gross value for the  
whole car of \$2,165. From that  
amount to be deducted the cost of  
extraction, royalty, hauling to the  
railroad, freight and smelter  
charges, which leaves for the oper-  
ators the snug sum of \$1,500. It  
can readily be seen from this re-  
turn that a few car loads of such  
ore per month would place  
the operators and their in com-  
fortable circumstances.

### Battle of The Somme

Of all the pictures released since  
the inception of the moving pic-  
tures industry none has created  
the furor, nor being of such great  
interest as the British War Office  
subject showing of the operations  
at The Battale Of The Somme.

This has been rightly termed  
the greatest motion picture in the  
world: Absolutely authentic, and  
taken by a regular commissioned  
officer. This picture stands out  
as an achievement of the age.

You see on the screen men go-  
ing to their death, see them charge  
from their trenches, see them fall  
by the wayside. In fact you see  
more than would be possible to see  
with the human eye; the operator  
being placed in an unusually for-  
tunate position during the great  
charge. A copy of this subject is  
being retained by the British War  
Authorities to be deposited in the  
archives for displaying to our  
grandchildren.

This picture will be shown at  
the Star Theatre, Wednesday,  
March 14th, at 8.15 p. m. Admis-  
sion, adults, 50c., children 25c.

was all she could do to provide the

ing it around when James Rogers  
the owner appeared. Words fol-

invitation, but Armstrong waited  
for him until he came out and  
then fell upon him. In the fight  
that followed Rogers lost two teeth,  
received two lovely black eyes, and  
had his wrist injured.

### Red Cross Hockey Match

At the Red Cross hockey match  
in the rink on Monday evening,  
the Girls defeated a team called  
the "Bum Men Skaters" by a score  
of 1 to 0.

The ice was in the best of con-  
dition, through the efforts of Bob  
Halcrow and a number of helpers  
who packed water from the creek,  
and after heating it, sprinkled  
the rink surface, making it too  
smooth for some of the players to  
navigate. There was a fair crowd  
on hand, a good number coming  
from outside points.

This was the best game of the  
season—that is for fun and excite-  
ment. The rooters had many a good  
laugh. It was the hardest game  
the Girls played this year. They  
were strong all the way, being able  
to stop the rushes of their oppo-  
nents at every turn. It looked as  
though there would be a draw, as  
up to a few minutes of time there  
was no score, but with the Girls  
playing in the Men's territory the  
greater part of the last period, and  
with only a few seconds to play,  
Eileen Oliver notched one for her  
side.

For the Girls—the forward line  
of Oliver, McMillan, Crawford and  
Willcox all starred. They kept  
their opponents busy by mixing it  
up. Pond and Ferguson were a  
strong defence, while Anderson ex-  
celled in goal.

For the Men—Kinniburgh and  
Smith received any amount of  
cheering by their efforts to connect  
with the puck, which on several  
occasions they would miss the  
disk and after a few manoeuvres in  
the air would finally strike the ice.  
This pleased the onlookers, but  
was unpleasent for the ones con-  
cerned as they were somewhat stiff  
the next morning. Chas. Norris,  
started in goal. He was kept busy  
and if it wasn't for his many time-  
ly saves, there would have been a  
large score. Hicks, White,  
Fisher, Gravel, Roach, and Chris-  
tensen all played a great game.

Following is the line up for both  
teams:

Girls—M. Anderson, goal; E.  
Ferguson, point; E. Pond, cover  
point; E. McMillan, centre; E.  
Oliver, rover; E. Willcox, right  
wing; J. Crawford, left wing; M.  
Boyer, spare.

Bum Men Skaters—Chas. Nor-  
ris, goal; H. Kinniburgh, point; J.  
L. White, cover point; R. O. Fisher,  
centre; E. F. Hicks, right; E.  
Christensen, left wing; A. Gravel,  
right wing; spares—Bill Smith, J.  
Roach.

Geo. Clerf, referee; Bob. Mur-  
ray, judge of play; Geo. Murray,  
timekeeper; Wm. Smith, penalty  
timekeeper; H. Anderson and G.  
Eales, goal umpires.

Penalties—Gravel, 5 m.; Chris-  
tensen, 10 m.; Hicks, 2 m.; White,  
3 m.; Fisher, 3 m.; Kinniburgh,  
3 m.

After the game, a dance was  
held in the Star Theatre which  
was kept up until an early hour  
and was enjoyed by all present.  
At midnight the ladies of the Red  
Cross served refreshments. The  
proceeds after all expenses were  
paid for hockey match, dance and  
supper was \$51, which goes to the  
Red Cross society.

The Greenwood City Water-  
works company kindly donated  
the electric light for the hockey  
match.

### How To Save Money

When your wife asks you for 40  
cents, make such a fuss about it  
that she will think you are the  
injured party and will beg your  
forgiveness with tears in her eyes.  
Then go down town and buy your-  
self four or five 15-cent drinks, ask-  
ing the bartender to have one with  
you every time and smoke several  
expensive cigars.

When you buy an automobile  
get a \$7 one and then spend \$97 a  
week on it for repairs at the garage.

Always buy 37-cent shirts, two  
or three of them every week, wear  
them once and throw them away.

Rent a house on the outskirts of  
the city because it is cheap and  
then spend the difference and some  
more in car fare for yourself and  
family.

Go, without overbuses and save  
\$1 and then have pneumonia and  
spend \$197 in doctor's bills.

Buy your goods of a mail order  
house and then buy them over  
again at home.

Hire a \$7 man to fill a \$70 job  
and then spend your time cor-  
recting his mistakes. — Brooklyn  
Eagle.
