### Our Aliens

The Dominion Government has  
taken a hand in the labor situation  
in Northern Ontario. All alien  
enemies have been forced to regis-  
ter and must each month report  
to the police officials where they  
are registered. They will not be  
allowed to leave one place for  
another without a permit. Neither  
will they be allowed to remain  
idle. They must work.

In Porcupine, where a much  
larger proportion of alien enemies  
were employed at the mines than  
in any other camp, the effect was  
almost spontaneous. Practically  
all the mines report a much greater  
efficiency among the alien work-  
men. The charge made by one of  
the largest mine managers that the  
Austrians and Bulgarians were  
soldiering on the jobs seems to be  
borne out. His contention was  
that these alien enemies had con-  
siderable savings which they could  
not send out of the country and  
therefore worked only when they  
felt like it.

There is no more danger of the  
Porcupine mines closing down of  
their own free will until conditions  
again became normal, than a strike  
being called. A number of the  
aliens, now under surveillance be-  
long to the unions, so the strength  
of that organization has been  
materially weakened. This class  
of labor looks after mucking and  
tramping—Cobalt Miner.

Rock Creek sell about \$50 worth  
of liquor daily to people from the  
Chesaw country. In addition to

in a while buy a drink in Green-  
wood.

The first issue of The Ledge  
in Greenwood took place eleven

town, having previously been  
published in Nakusp, New Den-  
ver, Nelson and Fernie.

sented to him by the citizens of

In a letter to Harry Goodeve,  
Jack Frost says he is in Nelson,  
Nevada, where he owns a good  
town lot and several mining  
claims. The war has made the  
camp temporarily dull, but its  
future is rosy with great pos-  
sibilities. Jack says the snakes  
and scorpions are plentiful, and  
sometimes he finds a snake in his  
room. They are real snakes be-  
cause John does not drink. He  
wishes to be remembered to all  
his friends, and speaks longingly  
of dear old Greenwood.

## LIBERAL MEETING

The Annual Meeting of the  
Greenwood District Liberal Assoc-  
iation, was held in Larsen's Hall,  
Rock Creek, last Friday evening  
and was the largest turnout of the  
kind ever seen in the district. A  
special train was run from Eholt,  
Greenwood, Boundary Falls and  
Midway. President, R. W. Tay-  
lor was in the chair. Sir Wilfrid  
Laurier and Hon. H. C. Brewster  
were elected honorary presidents,  
and the Hon. J. D. MacLean, hon-  
orary vice-president; J. L. White,  
president; Angus McLennan, vice-  
president; C. Charlton, sec.-treas.

Many routine matters were dis-  
cussed. Ladies can join the Assoc-  
iation and obtain equal privileges.  
A resolution was passed stating  
that no member can hold an office  
in the Association while in the em-  
ploy of the government. There  
was considerable discussion re road  
work, game wardens, etc. There  
are eight local Liberal Associations  
in the Riding, and each of them  
must elect their own executives.  
The following resolution was pre-  
sented by D. MacPherson, of  
Greenwood. It was passed and  
endorsed by the entire house  
rising and giving three cheers  
for Brewster and MacLean.

WHEREAS:—The Province of  
British Columbia was, prior to the  
election of the present Liberal  
Government, controlled by an in-  
capable and unscrupulous adminis-  
tration whose chief object was the  
up-building of a powerful political  
machine, rather than the develop-  
ment and sane government of the  
province;

AND WHEREAS:—The people  
of British Columbia on Sept. 14th  
last, almost unanimously, declared  
against a continuation of those con-  
ditions and elected to office the  
Honourable H. C. Brewster and  
his supporters, believing that they  
would endeavor to give the pro-  
vince sane and progressive govern-  
ment;

AND WHEREAS:—It is ap-  
parent that a desperate effort is  
now being made by the discredited  
remnants of the old "Machine"  
administration, assisted by certain  
hiring and unscrupulous news-  
papers, to undermine the present  
government and rob it of the con-  
fidence of the people by systemat-  
ically polluting the channels of pub-  
lic information and making vague  
insinuations impugning the inten-  
tions of the Government as a whole  
and wild charges against the honour  
and integrity of its individual  
members;

BE IT THEREFORE RE-  
SOLVED by this district Liberal  
Association, in annual session as-  
sembled, that we hereby express  
our full confidence in the inten-  
tions, ability and integrity of Hon-  
ourable H. C. Brewster, Premier,  
and the members of his Govern-  
ment, and that we will continue to  
do so until the contrary is proven  
on unassailable ground;

AND BE IT FURTHER RE-  
SOLVED, That this Liberal Assoc-  
iation does pledge to the Govern-  
ment of British Columbia its heart-  
iest support in the furtherance of  
the policies of development, sound  
economy and sane, business-like  
administration to which the Gov-  
ernment is committed.

## The Advance of The Tanks

The official moving picture of  
the "Battle of Courcellette" Sept.  
15-16, 1916, far clearer than any  
preceding films of the kind, these  
wonderful scenes from the Cana-  
dian Battlefront. Marvelously real-  
istic, too, are the Tanks, every  
portion of them in plain view as  
with big guns manipulating they  
pursue their reptilian course over  
all obstacles. Every man, woman  
and child throughout the length  
and breadth of Canada should  
make a point of seeing, these, the  
latest war films from the Canadian  
Front. To be shown at the Star  
Theatre, Saturday, May 12th.  
Admission, adults, 50 cents, child-  
ren 25 cents.
