LANDING REINFORCEMENTS.

Men Going Steadily to the Front—The Solace Has Arrived.

Juragua, July 10, Via Associated Press Despatch Boat Dandy to Port Antonio, July 11, Via Kingston, July 11.—The shores of this little cove were the busiest in Cuba this afternoon. Five thousnad men were either disembarking from steamers or preparing to take up the march to General Shafter's headquarters near Santiago de Cuba. There was as much confusion as if ten circuses were preparing to make camp. The officers were looking for horses and mules, trying to keep their men together, sending sick men to the hospital, and attending to rations and baggage. The engineers were building a rough wharf of heavy timber to be used in landing artillery.

The landing of troops here is necessarily in small boats, carrying 15 to 30 men each. The boats run through a light surf and the landing is as safe as at a wharf, though the men often got wet. When the Dandy eft Juragua it was expected that the whole expedition would soon be strung along the ten miles between the landing place and the front. The infantry going in light order with three days rations and rain coats.

At 5 o'clock a heavy rain was falling and threatening to make the road disagreeable for infantry and very bad for the artillery. The Cuban auxiliaries with rifle and machete, were out in large forces, drawing rations. They seem to have recovered from the state of semi-starvation and are getting fat. During the afternoon the hospital ship Solace arrived and all the sick, who were able to be moved, were taken from the tent hospital and placed on board of her. The sight of the wounded men had a depressing effect on the volunteers.

BOARD OF SURVEY REPORT.

Off Santiago de Cuba, July 10, Via Kingston, Jamaica, July 11, 11:30 A. M.—The board of survey, appointed to examine the wrecks of the Spanish ships and to inquire into the nature of their injuires, reports that only one ship can possibly be saved. She is the Infanta Maria Teresa, the former flagship of Admiral Cervera.

CERVERA IS WELL.

The Spanish Admiral Seems to Have Partially Recovered His Spirits.

Portsmouth, N H., July 11.—Admiral Cervera experienced a quiet day on board the St. Louis and several times promenaded the deck, attended by several of the Spanish officers. Inquiry as to the state of his health brought the reply that he was quite well. The admiral seemed to have recovered to some extent his spirits, and was seen talking earnestly, and laughing during the conversation.

KHALIFA'S LAST STAND.

The Successor of the Mahdi Will Await the English Advance.

London, July 11.—Despatch from Cairo, Egypt, states that Sir Herbert Kitchener has started from Berber, and will not return to Cairo before the fall of Omdurman. According to the latest news from Omdurman, the Khalifa recently held a council with his chief emirs, at which it was decided to move the dervish forces to the fortified camp at Kerreri, ten miles north of Omdurman, and there to await the attack of the Anglo-Egyptians force.

The Khalifa is evidently determined to defend Omdurman to the last. Colonel Maxwell, Colonel Macdonald, and many other officers have also left here for the front.

THE LINDLEY COMPANY.

The Rifles are to be congratulated on their selection of the Charity Ball as the play and the general verdict was the best production during the engagement. Mr. Lindley as Judge Knox was a truly laughable and artistic performance his scenes with Mrs De Peyster being especially good. Miss Mathes was most prettily pathetic as the loving Phyllis. Miss Garcia appeared to much better advantage than on any previous evening in the role of Bess, she was particularly bright and pleasing. Miss St. Leonard made a good Anne Cruger, and Miss Nathol and Miss Luella Beck gave finished portrayals of different characters.

Mr. Chapman's John Van Buren was played with his usual finish. Little Mystie did a street Arab in a very fine and amusing manner. It is to be regretted that lack of space will not permit of giving all the artists of the company the praise they so well deserved last evening in giving so finished a performance of a very difficult play. Henry I. Byron's laughable comedy, "*Our Boys*," is the bill for tonight, it is being played by request and is the last performance but one so no doubt there will be a large attendance.

CARLOS WOULD HAVE PEACE.

London, July 12.—The Madrid correspondent of the Daily Chronicle says that Don Carlos, who leaves Brussels today, significantly advocates direct peace negotiations with the United States without the intervention of the powers.

MILES AT SANTIAGO.

THE AMERICAN COMMANDER-IN-CHIEF ARRIVES AFTER A QUICK PASSAGE.

Miles Came on the Yale.—Has a Conference With General Shafter and Admiral Sampson.—Reinforcements for the Army.

Washington, July 11.—General Nelson A. Miles, commanding the United States army, arrived off Santiago bay shortly after noon today. Upon the arrival of the auxiliary cruiser Yale on which General Miles was a passenger, communication was opened with Admiral Sampson and the two commanders were soon in conference. During the early afternoon General Miles landed at Playa del Este and communicated with General Shafter, commanding the American forces before Santiago, by telephone. What the nature and result of the two consultations were is not disclosed at the war department, but General Miles doubtless was placed in possession of all salient points of the situation from the point of view both of the army and the navy. It is understood to have been General Miles purpose to proceed immediately to General Shafter's headquaters at Siboney and after discussing with Shafter the latter's plan of campaign, to make a personal examination of the American position. It is not to be understood that General Miles is to supersede General Shafter in command of the United States forces before Santiago. Shafter is operating there under written instructions from the secretary of war, approved by the president, and so long as he is able physically to direct the troops he will remain in command.

The notably fast run made by the Yale from Charleston to Santiago is particularly pleasing to the naval officials. She left Charleston Saturday morning at 2 o'clock, making the run in a trifle less than two days and a half. She had on board the Sixth Massachusetts, one of the regiments of General Garretson's brigade. The Columbia which left Charleston simultaneously with the Yale, carried one battery of the Sixth Illinois, also part of Garertson's brigade. So far as can be learned at this writing the Columbia has not yet arrived off Santiago.

SAGASTA RESIGNS.

A Military Cabinet Will Probably Take Charge of Affairs.

London, July 12.—The Madrid correspondent of the Times telegraphing Monday says:

"Senor Sagasta went to the palace today and tendered his resignation and that of the cabinet. It is said that he advised the queen to appoint a new cabinet largely consisting of the military element, which would not necessitate the adoption of a war-like policy, but probably the reverse. It is generally expected that the resignation will be accepted, but the result may possibly be merely a partial reconstruction of the cabinet. The ministers are now in council, and Sagasta has doubtless communicated to them an account of his audience with the queen regent.

SPANISH CABINET CRISIS.

According to Blanco the Spanish Volunteers Are Anxious to Fight.

Madrid, July 11, 4 P. M.—It is understood that Premier Sagasta has submitted to the queen regent a question of confidence in the cabinet. It is understood that Captain General Blanco has cabled to Madrid declaring that the volunteer army in Cuba wishes the war to continue as the troops hope to secure victories.

BROKE THE RECORDS.

The Kaiser Wilhelm Der Grosse Makes Another Record Passage.

New York, July 11.—Messrs. Oelrichs & Co., the New York agents of the North German Lloyd Steamship company, received a cablegram today from Captain Englehart saying that the steamship Kaiser Wilhelm der Grosse passed the Needles at 5:15 o'clock this afternoon, having made the run from Sandy Hook lightship in five days, 19 hours and 35 minutes, an average of 22.56 knots over a distance of 3146 knots. This time is two hours and 25 minutes less than her best previous record to Southampton, and on her present voyage the steamer covered 81 more miles than she did on her record breaking voyage.

ZEIGLER BEATS ERNST.

The Referee Stops the Fight in the Seventeenth Round.

New York, July 11.—Owen Zeigler of Philadelphia, and Billy Ernst of Brooklyn, met for a 25-round fight in the Greater New York Athletic club tonight. In the early rounds of the bout Ernst had the visitor guessing, but as the bout progressed Zeigler got the upper hand and if the referee, Alexander Brown, had not interfered, it is more than likely that Ernst would have been knocked out. The bout was stopped in the seventeenth round when the men had been fighting about a minute. The referee awarded the bout to Ziegler.

RIOTS IN CHINA.

A Priest Captured and Held for Ransom by Brigands.

Shanghai, July 11.—A despatch from Chung Khing, dated July 8, says the Protestant and Catholic missions at Shuin Ching Fu have been attacked by rioters. Yuong Chong and adjacent cities are very much disturbed. A French priest has been captured by brigands and a ransom of 10,000 taels is demanded for his release. Several natives have been killed and much property destroyed.

The situation is critical. Consuls at Chung Khung are on the alert.

TERRIBLE ACCIDENT.

Ten Men Killed by an Explosion of Gas Under Lake Erie.

Cleveland, Ohio, July 11.—The lives of ten men were snuffed out in the twinkling of an eye this evening as a result of an explosion of gas in the big waterworks that are being constructed under the bottom of Lake Erie.

BROOKLYN NOTES.

The New Town to Have an Electric Light and Water Plant.

B. M. Smith is erecting poles along First street to hold wires for an electric light plant which will be established immediately. The plant will be operated by water power which will be brought down by the Brooklyn Light & Water company, who are now constructing a dam for the purpose of confining the waters for a supply for the town for domestic purposes. The pipes are ordered and the plant will be ready for service in ten days. The reservoir will be located 3000 feet up the stream and has a head of 200 feet. This will give a pressure of 100 pounds to the square inch on First street. The natural supply of the creek will be ample for running two large fire hose for an indefinite period under a heavy pressure, which not only gives the new town a splendid supply for domestic use but also against fire. The people are very enthusiastic over the matter and are lending all the aid possible to hasten the completion of both squad

Mr. Smith has gone to Revelstoke and will sever his connections with the Revelstoke Water & Light company and return on Tuesday, when he will erect the poles for the wires and install his dynamo as quickly as the machinery arrives. It may be possible an engine will be used to supply motive power until the water pipes are laid and in use by the company.

A CARDINAL'S SYMPATHIES.

London, July 12.—The Madrid correspondent of the Daily Mail says:

Cardinal Vaughan, archbishop of Westminster, has written as follows to his brother at Valladolid: "I have profited by my first opportunity to declare that I disapprove with all my soul of the unjust conduct of the United States towards Spain. The latter being the less powerful nation and trying to defend its rights."

QUEEN REGENT FOR PEACE.

London, July 12.—The Berlin correspondent of the Standard says:

"The queen regent is willng to open peace negotiations with the United States without any mediation of the powers, provided, the conditions are not too severe. Her maximum concession at present is a declaration of the independence of Cuba.

FIGHTING RESUMED

A DEADLY FIRE KEPT UP FROM 4 O'CLOCK UNTIL SUNDOWN.

The Americans are Greatly Refreshed.—The Artillery is Doing Effective work.—Spanish Fire Weak. A General Assault Tomorrow.

Headquarters of General Shafter, Sunday, July 10, 8 P. M., Per Associated Press Despatch Boat, Via Antonio and Kingston, Jamaica, July 11, Noon.—From 4 o'clock this afternoon until dark the American guns have again been pouring a deadly fire on the Spanish lines. The Americans are greatly refreshed by their three days' rest and have been fighting with lion-like spirit. The knowledge of the arrival of reinforcements gives them new enthusiasm.

The artillery is in place and is doing effective work. The fire from the Spaniards in the trenches is very weak. The city of Santiago is almost in darkness this evening, and the Americans believe that the resistance of the Spanish is about at an end. They expect a general assault tomorrow, should the city not have surrendered by daybreak. The Americans are now much better fortified in the trenches.

HALSTED IS ILL-TREATED.

The English Ambassador at Madrid Will Intercede for Him.

London, July 11.—The parliamentary secretary for the foreign office, George I. Curzon, replying in the house of commons today to a question on the subject of the arrest of a Canadian war correspondent Freeman Halsted, who was arrested at Porto Rico and sentenced to nine years imprisonment for taking photographs of the fortifications at that place said, that recent reports showed that the conditions of Halsted's imprisonment had been altered as they were threatening to seriously affect his health.

The British ambassador at Madrid, Sir Henry Drummond Wolfe, had therefore been instructed to make representations to Spain with the view of securing more humane treatment for the prisoner and he expressed the hope that the latter's sentence of nine years imprisonmnet would eventually be mitigated.

Third—The retention of the Philippines as a guarantee of the payment of the indemnity. These terms are regarded as impossible.

HUME ELECTED.

As anticipated by The Miner, Mr. Hume has been elected as the representative of the Nelson riding of West Kootenay. Thus the four divisions of Kootenay are unanimous in their verdict, sending a solid phalanx of opposition representatives to swell the ranks of those determined to inaugurate an era of good government in Kootenay. Mr. Hume has had a hard fight. His opponent was an able and popular man with many energetic and devoted adherents, but still he was vanquished. Mr. Hume has served Kootenay faithfully for four years, and the people recognized the fact. Beneath an unassuming exterior they discerned the sound common sense, good judgement and devotion to duty which have been in the past the leading characteristics of Mr. Hume's public life. Every effort has been made throughout this contest to blind and hoodwink the public, but without avail. Government candidates have come out as independent, and under that flimsy disguise have endeavored to catch votes which would never be given to an avowed adherent of the late cabinet.

Mr. Farwell put up a good fight and the closeness of the figures at the poll is a tribute to his personal popularity, but his connection with the government was too obvious to give him any chance of final success. His proposed additions, too, to the mineral act were not calculated to further his cause with the prospectors and miners, whose votes form a very important element in any election in this part of the province. Mr. Hume's victory was a personal triumph, no doubt, but it was more than that. It was a triumph of right over wrong, a triumph of the people over a clique of wealthy monopolists, who are endeavoring to run the province to suit their own selfish ends.

A GREAT VICTORY.

The latest returns show greater opposition gains than at one time seemed probable, and the result is a great victory for the opposition and a mortal blow to "Dunsmuirism" and its attendant abuses. The opposition have worked hard for years and their efforts have at last been crowned with success.

It is premature to discuss the details of the policy of the new government, but its main outlines are well known, and several reforms may be expected. Kootenay will now get fair treatment in the way of appropriations, a new redistribution bill may be looked for, while the tax on the workers in mines will undoubtedly be taken off. The confidence of the opposition press has been thoroughly justified, while the extravagant anticipations of their opponents have been made proportionately ridiculous. Some of these amazing forecasts will be found in another column, and very amusing reading they make. We shall be curious to observe how the various government organs will explain the just retribution which has been meted out to the incapable administrators, who, up till now, have been mismanaging the affairs of British Columbia.

Now that the election is over and excitement has subsided, those that have been actively engaged in the campaign will bury the hatchet and return to their usual vocations. The contest in Nelson has been devoid of personalities and other unpleasant incidents, and former friends who have been opposing each other in the fight, can now shake hands without any ill feeling rankling in their breasts. Personalities and invective are not indispensable adjuncts to an effective campaign, and Mr. Farwell is to be congratulated on the courteous, manly way in which he has fought his fight, and accepted defeat.

HOW THE EDITORS TALKED.

Not Safe to Prophecy Until After the Election.

Below we publish clippings from the provincial press prior to the elections of Saturday last. They furnish interesting and amusing reading now as showing how the editors of government newspapers had the result figured out.

"Everyone here (Albert Canyon) from the hotelmen to the section boss are White men." Result, Kellie 33, White 8.

"The defeat of Cervera will not be in it with the defeat of the opposition at the polls tomorrow."—Revelstoke Herald.

"When you go to the polls remember that you live in a mining camp. Think of your own interests."—Slocan City News.

"If the Rossland electors send James Martin to Victoria they will have themselves to thank for four years of stagnation in the deep, dark shades of opposition. 'What might have been' will then be the unattainable "—Rossland Times.

Just now it seems as if the Rossland electors took the above advice and voted so as not to be in opposition.

"Cheer up! Archer; cheer up! You have one more day's illusion ahead. Be happy while you may."—Victoria Colonist.

Archer Martin's illusion is all right, and he is no doubt correspondingly happy.

"Respectfully recommended to the Colonel as a text for the his evening devotions: Song of Solomon, second chapter, part 9, the fifth verse: 'Comfort me with apples, for I am sick.' "—Victoria Colonist.

Colonel Gregory may manage to survive his defeat even without apples, but it will take something much more comforting than apples to revive the editor of the Colonist and his friends.

"Slocan riding will henceforth be represented by a man in sympathy with the government, and by a man who understands the interests and needs of the people and will serve them—John L. Retallack."

"Watch the people rise in their might an strike down the stagnationists and retrogressionists."

POISONED BY ICE CREAM.

Ptomaine Poison Had Developed in the Cream—All Recovered.

As a result of eating poisoned ice cream at a church social, 62 people were suddenly taken violently ill at Garden Springs, three miles southwest of Spokane, Thursday night. With most of those afflicted the attack was only temporary and passed by without serious results, but with a number the ice cream caused a serious illness and for a while it was thought one or two would die. No deaths occurred, however, and all have now recovered.

The social was held by the ladies of the Congregational church. The principal refreshments served was ice cream of which nearly all partook. No one felt any evil effects from it at the social, but between 11 and 12 o'clock that night all who had eaten ice cream were seized with fits of vomiting and purging and cramps. With many the attack passed after a few hours of acute suffering, but several cases gradually became worse and the assistance of several physicians from Spokane was called the following morning.

Several serious cases were found by the physicians, some of the poisoned people vomiting and purging blood. Antidotes were given and all are now well along on the road of recovery.

Three cases in the family of W. S. Miller were considered dangerous for a time, that of Mr. Miller himself being especially so. Fever cases in the family of A. L. Gay were also serious.

Physicians say the sickness was the result of what is known as ptomaine poisoning. The poison was developed by the decomposition of the nitrogenous matter in the cream. Such cases are comparatively frequent, although little known in this vicinity.—Spokesman-Review

CANDIDATES REPORTS.

Below will be found the opinions of the Kootenay candidates before the election as wired to the Colonist:

Kaslo, July 8.

The Colonist, Victoria.

Consider my election assured.

J. L. RETALLACK.

Rossland, July 8.

The Colonist, Victoria.

Prospects for good majority every moment growing brighter. Rossland will give 100 majority; Trail 50; the Boundary country will be even. I am confident of election.

J. M'KANE.

Nelson, July 8.

The Colonist, Victoria.

Expect to win easy with not less than 50 majority.

A. S. FARWELL.

ATTEMPTED SUICIDE.

A man whose name could not be ascertained became tired of life yesterday evening and attempted to commit suicide by jumping off the city wharf into the lake. The cold water, however, caused him to change his mind and he called loudly for help. One of the workmen at Gray's saw mill went to the rescue and shoved out a pole to the man, who grasped it and was dragged to terra firma. He afterwards walked off up town to change his clothes, satisfied that after all life with all its troubles may be endured in preference to drowning in the cold waters of the lake.

C. P. R. CHEQUES.

A general circular has been issued by the C. P. R. to merchants, storekeepers and dealers along its lines, giving a list of banks which have arranged to cash the company's paymasters' wages cheques without charge. Practically every bank will take them; and the circular says: "*Merchants and others can safely accept* these cheques from employes on the same terms as the banks, and it is hoped that those doing business along the line will aid the company in facilitating the negotiations of these cheques, without charge."

GOVERNMENT DEFEATED

FULL RETURNS GIVE THE OPPOSITION A MAJORITY OF FOUR.

Elections in Cassiar Have not yet Taken Place.—Two Cabinet Ministers Among the Defeated.—The Opposition Have 20 Members to the Turnerites 16

Vancouver, B. C., July 11.—The Turner government is defeated. The figures stand thus: Opposition, 20 members returned; government, 16. Cassiar has two members yet to be elected, which makes the total of 38 members. It is thought that Cassiar will give the opposition at least one member. Cariboo has still to be definitely heard from but though the final returns for that riding are not yet in, it is conceded that the two members will be oppositionists. Should Cariboo return one member for each side it would still leave 19 to 17. A majority of two for the opposition and if he two Cassiar seats went in favor of the Turner government it would make 19 each. This could not be considered a tie as when the first want of confidence vote is taken the government would have its own speaker in the chair and so would be defeated by 19 votes to 18, so that in any case there is an absolute certainty that the Turner government has seen its last days.

Below is given the result in each constituency:
