

The Mining Review.

VOL. 5.—NO. 37.

SANDON, B. C., SATURDAY, MARCH 1, 1902.

\$2.00 PER YEAR.

SANDON CAPTURES NEARLY ALL THE CUPS AND PRIZES.

The Grand Challenge, All Comers, Oliver, Hudson Bay Cups Won By Silver City Rinks, With Good Prospects of Winning the Consolation Also.

The bonspiel opened on Monday evening last although on account of the soft weather the prospects for curling were not bright. The ice was wet and heavy and good curling out of the question.

The visitors arrived by both railways morning and evening, the number of rinks expected being cut down to ten by the non-appearance of the representatives from Ashcroft and Phoenix.

The competing rinks were four from Rossland, three from Nelson, two from Kaslo and two from Revelstoke.

In the evening a meeting to arrange the players was held in the Reco at which it was arranged for the different rinks to contest the All Comers cup against the entire Sandon club, and the bonspiel to start at 7:30 p. m. Four sheets of ice were provided, one in the curling rink and three in the skating rink.

Sharp on time four roarin' games started, and some of them were 'roarers' in earnest. A large number of spectators were present who were as enthusiastic as the curlers themselves.

The first four games were won by the entire Sandon quartette, but in the next series they were not so successful; however, they had such a large score to their credit as to be pretty certain of winning out. After the last game was played the score stood Sandon 98; all-comers 94; leaving Sandon the victor by four points. This is certainly a feather in the Silver City's cap, as a number of its leads never curled before this season and these were pitted against picked rinks from the outside. The local club has a membership of 32, and of this 28 entered the contest, the other four being unable to attend. The following is a summary of the game:

FIRST EVENT.

Mackintosh Cup (all comers), presented by Hon. C. H. Mackintosh.

Sandon Rinks against an equal number of Visiting Rinks.

Prize—Four Gentlemen's Travelling Cases, value \$50. Presented by the Sandon Curling Club.

Scott beat Smith of Rossland by a score of 12 to 6. In the first half the game was 6 to 2 in favor of Smith, when Sandon got down to work and never gave Rossland a chance to score the rest of the game.

Dan McLachlan doubled up the score with Fraser of the same city, 10 to 5.

Gomm worsted McQueen of the Golden City by 9 points to Mac's 5.

Hall saved Sandon from defeat by Buchanan of Kaslo, in a close game by one point, score 10 to 9.

Alex Crawford was vanquished by Brown of Revelstoke, to the tune of 14 to 6.

Hood got even by turning the tables on Hodge of Nelson, by a score of 15 to 9.

Grimmett administered the same dose to Turner of the same city, score 11 to 8.

Gomm met defeat in his second game, was played immediately after his first, the heavy ice and his tired players telling severely against him. His opponent, Richardson of Nelson, piling up a score of 18 points to the enthusiastic Doctor's 5. Though defeated he was not disheartened, and after playing nearly all night he was as jolly as ever the next day.

Grimmett in his second game was pitted against Rae of Revelstoke, and after a very close contest tied him, at the finish the score was 12 to 12.

One of the keenest matches in this contest was that between Scott and the redoubtable Gray of Rossland. This game was played early on Tuesday morning and the ice in fair shape. It was one of the most exciting in the schedule and resulted in another tie, the score at the close being 8 to 8.

This ended the series for the "All Comers," the visiting rinks being all defeated. This finishes the contest only as far as outsiders are concerned, there are four of the Sandon rinks undefeated, and these will contest each other later on. In any event the Mackintosh All Comers cup will stay in Sandon for a year at least.

SECOND EVENT.

New York Life Grand Challenge Cup, presented by the New York Life Insurance Company, value \$250.

Open to all Rinks entered at the Bonspiel, which are affiliated with this or any other Curling Association.

First Prizes—Four Gold Medals, value \$75, and presented by J. G. Morgan, Esq., of Winnipeg.

Second Prize—Four Silk Umbrellas, presented by the Hunter-Kendrick Co., Sandon, B. C., value \$20.

In this event, the most coveted of all the cups and trophies competed for during the bonspiel, which commenced on Tuesday morning, resulted in no brilliant play on account of the poor condition of the ice. There were more hogs than ringers, in some ends

played neither side scored, there being no stones "in the house." But such as the game was of wobbling instead of curling it was very close. Some of the spectators on seeing the stones coming down the ice almost on the handles, remarked that they walked in the ring instead of curling to the "T." A summary of the games played is as follows: Wilson of Sandon defeated Gray of Rossland in a tight game by a score of 7 to 6.

Fraser of Rossland won his by default Crawford of Sandon beat Smith of Rossland in very close match by 1 point, score 9 to 8.

Brown of Revelstoke downed Turner of Nelson by a score of 13 to 7.

Hall of Sandon put McQueen of Rossland out of this contest by 1 point. In a well fought game the score at the close was 11 to 10 in favor of Hall.

Rae of Revelstoke defeated Hodge of Nelson in a score of 10 to 7.

McLachlan of Sandon came out victorious over Buchanan of Kaslo, the score being 15 to 10.

Grimmett of Sandon met defeat by Richardson of Nelson, the score being 11 to 7 in favor of the latter.

This ended the Grand Challenge contest on Tuesday. The ice was so sloppy playing was discontinued for a day to see if the weather would turn cold enough to freeze. There were seven games to play before the winner could be decided.

THIRD EVENT.

Oliver Cup, presented by W. T. Oliver, Esq., Victoria, B. C.

McQueen of Rossland defeated Richardson of Nelson by 3, score 11 to 8.

Rae of Revelstoke put McLachlan of Sandon out of this contest by securing 13 points to the latter's 8.

Crawford of Sandon defeated Fraser of Rossland by a score of 13 to 10.

These three were all that played for this cup when it was decided to suspend all games for a day on account of the weather.

WEDNESDAY EVENING.

The ice being in fairly good shape on Wednesday it was decided to continue playing in the evening and stay at it night and day until the finish, good or bad ice. The Oliver competition resulted as follows:

Turner, Nelson, 19; Gray, Rossland, 5. Grimmett, Sandon, 13; Brown, Revelstoke, 8.

Wilson, Sandon, 10; Hodge, Nelson, 7. McQueen, Rossland, 10, Rae, Revelstoke, 4.

Crawford, Sandon, 10, Buchanan, of Kaslo, 8.

Hall, Sandon, 10, McQueen, of Rossland, 9.

Grimmett, 6, Wilson, 7, both Sandon. Leaving Hall against Wilson, two Sandon rinks, and McQueen of Rossland, against Crawford of Sandon to finish.

In the Grand Challenge the games played were:

Wilson, Sandon, 11, Fraser of Rossland, 8.

Brown, Revelstoke, 14, Crawford of Sandon, 4.

Hall, Sandon, 14, Rae, Revelstoke, 10. Richardson, Nelson, 13, McLachlan, Sandon, 11. Leaving Wilson of Sandon to play Brown of Revelstoke, and Hall of Sandon, against Richardson of Nelson to finish.

THURSDAY.

Crawford of Sandon defeated McQueen of Rossland by 1 point in the Oliver, score 11 to 10, and as a result the cup will remain here. There are three local rinks still in the competition and the finals will be played at their leisure.

Wilson of Sandon lost in the Grand Challenge, being defeated by Brown of Revelstoke by a score 11 to 4.

The most exciting game of the bonspiel took place in the afternoon between Hall of Sandon and Richardson of Nelson in the Grand Challenge competition. The game was very keen throughout and in the twelfth end the score was tied, each having 12 points to his credit. This necessitated further playing and excitement was intense. When the end was finished neither side had scored and the game still had to be fought out, making 14 ends in all. In the first half honors were about even, when finally Hall drew one into the circle which was well guarded. Richardson had the last shot and after much deliberation decided to draw into circle. After taking aim he let fly, barely missing Hall's stone, but being heavy went clear through to the wall, leaving Hall the victor by 1 point amid a thunder of applause from the spectators. This left the final between the latter and Brown of Revelstoke.

In the Consolation contest, McLachlan of Sandon defeated Smith of Rossland, score 11 to 9. Grimmett of Sandon in a hard fought match beat Fraser of Rossland by 1 point after 13 ends were played.

FRIDAY.

Hall Wins Grand Challenge.

In the finals of this competition played on Friday morning on keen ice, Brown of Revelstoke was vanquished after a plucky fight by Hall's rink of Sandon. The winners of the gold medals are Fred Ritchie 1st, Alex McMillan 2nd, Wm. Hood 3rd, and E. A. Hall, skip.

McLachlan of Sandon, in the Consolation, defeated Rae of Rossland, score 13 to 11.

TUCKETT COMPETITION.

Tuckett District Trophy, presented by Geo. Tuckett & Son Co., Limited, of Hamilton, Ont.

Prize—Four Medals, presented by the Geo. E. Tuckett & Son Co.

This trophy is competed for by a picked rink from all towns represented at the bonspiel and is one of the close events. Sandon lost to Nelson, which in turn was defeated by Rossland, and Revelstoke being victorious over Kaslo left the final between Rossland and Revelstoke.

(Continued on Page 5.)

The Mining Review.

SATURDAY, MARCH 1, 1902.

DUTIES.

We understand it is the intention of the meeting of the Associated Boards of Trade to be held at Kaslo this week and longer of necessary, to pass strong resolutions in favor of a protective tariff on lead and lead products. Although a Conservative, the Editor of this paper has never favored high tariffs as an abstract principle; but circumstances alter all cases. Our lead producers are shut out of the American markets by a duty of 2 1-8 cents a pound on crossing the border. But for that duty they could get 3 1-2 cents a pound for raw lead from the American Trust, the same as the American producers are getting. If they had access to that market they could easily operate all the mines, pay the government tax and the wages the men want without complaint; but they can't. If they then cannot reach the American market, what reason is there why they should not have control of their own? There is not a day passing in Canada that lead in some form or other—as pig, shot, manufactured for paints, &c., &c., is not coming into Canada from the States or other countries. Why we ask should this be allowed, when our mines are shut up for the want of a market?

An advanced tariff will shut out all foreign products, and give our people a chance to supply home demands. With a refinery, which we will soon have, we can at once supply the pig for which our people in B. C., who require it, are now paying 8 cents. With inexpensive additions to the refinery, our paint manufacturers can be supplied at reasonable figures, certainly lower than those quoted by the American producers, who have to pay 4 cents to the trust for the raw material. With other inexpensive works again our people should be able to supply piping not only for home consumption, but for export as well. It appears to us that when Canadian manufacturers can buy the raw product at a little more than half what their American competitors have to pay, they should be able to compete with them in any outside market reached by American products. This at least seems reasonable to us. It is only 12 years since the 17 1-2 per cent protection given to Canadian agricultural implement manufacturers began to be felt, and today they are able to compete with any and all American competitors in Australia, South America and even England herself. This can be repeated in lead manufactures, if we could only induce the Federal government to give lead men like protection.

Whenever McAdams can by hook or by crook seize an opportunity to cater to the worst blood of humanity for idolising himself that class, he lays

SEVEN TO ONE

Sometimes the weight goes up that way when taking Scott's Emulsion. Seven pounds of new, healthy flesh from a one pound bottle of Scott's Emulsion is on record.

Scott's Emulsion brings everything to its aid; good appetite, strong digestion, rich blood, new body strength, and above all the power to get all the good out of ordinary food.

For those who are in need of more flesh there is nothing better. Thin folks—try it!

We'll send you a little to try, if you like.
SCOTT & BOWNE, Chemists, Toronto.

his hands on it. In speaking of the rumpus at the Reco mine the other day he said, "Rose, the man in question, has long been 'scabbing.'" If by "scabbing" refusing to join the union is meant, Rose pleads guilty; but if the imputation is that Rose works for less than regular wages, McAdams is again a liar. Rose never worked in the Slocan for less than \$3.25 a day, and generally for more than that, so we are credibly informed. Who then is the scab, Rose or his traducer?

The Bluestreak says: "According to the Mining Review, it is red handed

Life is a duel in the dark with disease. One false step, one mistake, and the attack comes swift and sudden. The mistake which commonly opens the way for an attack by disease is neglect of the symptoms of stomach trouble. When eating is followed by undue fullness, belchings, sour or bitter risings, etc., disease is attacking the stomach. The best way to frustrate such an attack is to use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, and makes the body strong and healthy.

"I was suffering very much with my head and stomach," writes Mrs. W. C. Gill, of Weldon, Shelby Co., Ala., "head was so dizzy when I would raise up in bed would fall right back. Could eat but very little, in fact scarcely anything, there seemed to be a heavy weight in my stomach so I could not rest; I had to belch very often and would vomit up nearly everything I ate. I was in a bad condition. I took four bottles of Dr. Pierce's Golden Medical Discovery and five of his 'Favorite Prescription' and am now well and hearty. I feel like a new woman and give Dr. Pierce's medicines credit for it all. I had taken medicine from physicians without any benefit as I could see."

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of customs and mailing only. Send 31 one-cent stamps for the paper covered book, or 50 stamps for the cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

anarchy to advocate municipal ownership of water and light." Annanias again; the Mining Review never said so. It said: Let the municipalities own all the water and light plants they want, but let them build or buy them, never get them by theft.

It is amusing to the public to see the clashing of arms now on between the two Nelson daily papers, over the Crow's Nest coal and the C. P. R. The Miner, it is generally understood, was bought at the recent sale to serve the Crow's Nest Coal Co. and Jim Hill's interests, and it has long since been known the Tribune is under the plastic hand of the C. P. R. Houston does not hesitate to acknowledge that as a business venture the Tribune is losing money heavily, so the overdraft is being met, it is believed by most people, by the C. P. R. Each one, then, has to serve his master, to abuse the other; and public interests must suffer between them. The people of Nelson must feel they are suffering for the want of an independent paper.

Joe Martin, the noted leader of the Liberal party, got a black eye in a hotel at Vancouver the other day. Joe gets one of these every few days, which helps out his pugnacity more than a little.

Hockey at Rossland.

The Nelson Miner throws its hat in the air because the Nelson team beat the Sandons at Rossland on Saturday in a score of 4 to 2, as the referee has it, and not 5 to 2 as the Miner puts it.

There were five teams in the contest—Rossland, Trail, Nelson, Phoenix and Sandon. Rossland first beat Trail 9 to 3; Nelson next defeated Rossland 7 to 1; Sandon then defeated Phoenix 8 to 4, though some of the "Phoenixians" were old eastern players. In the last struggle Nelson beat Sandon 4 to 2.

It must be here stated some of Nelson's men were old eastern players, while not more than two of Sandon's ever played a match outside of Kootenay, and all but two of the number were in the juniors till this year. It may further be noted that all Sandon's best last year's juniors were not in the contest either. Besides this, man for man, the Nelsons were 30 lbs. the heavier men. The heaviest man, or rather boy, for several of the kids not over 17 years of age, is but 160 lbs., while several of Nelsons were nearly 200 lbs. In the first half the contest was a tie—1 to 1, but weight and durability, and not science won 3 to 1 for the second half. We believe yet that if all Sandon's best kids were together, they could defeat the giants of Nelson and pull those hats out of the air.

There was no K. & S. train from here to Kaslo on Monday or from Kaslo to Sandon on Tuesday. The cause of this was as the engine was going up to Cody on Monday it left the rails just after it had crossed the Last Chance trestle. No harm was done beyond interrupting the service and another engine was sent up to help the disabled one the following day.

NOTICE.

Notice is hereby given that I intend to apply at the next sitting of the board of license commissioners for the City of Sandon, to be held after the expiration of thirty days from the date hereof, for a transfer of the retail liquor license now held by me for the Star Hotel, situate on Reco Avenue, in the City of Sandon, on block 4, West Kootenay district, to Michael Kirlin, of the City of Kaslo.

ARCHIE FULMORE.

Dated this 15th day of January, 1902.

Wanted—A Husband.

Handsome American lady, independently rich, wants a good, honest husband. Address, Eric, 193 Washington street, Chicago, Ill.

To the Deaf.

A rich lady cured of her Deafness and Noises in the Head by Dr. Nicholson's Artificial Ear Drums, gave \$10,000 to his Institute, so that deaf people unable to procure the Ear Drums may have them free. Address No. 14525, the Nicholson Institute, 780, Eighth Avenue, New York, U. S. A.

Farmers' Names Wanted.

Send us the names and postoffice addresses of ELEVEN FARMERS who have land to clear or who use a STUMP PULLER, and we will mail FREE to your address, a copy of our STORIES OF THE GREAT NORTHWEST, now going to press. Write plainly, and address the W. SMITH CRUB BRECO, LA CROSSE, WIS.

Engineers, Firemen, Machinists

and electricians send for 40-page pamphlet containing questions asked by examining board of engineers to obtain Engineers' license, address Geo. A. Zeller, publisher, 18 S 4th st., St. Louis, Mo., U. S. A.

Spokane Falls &

COAL!

Everybody Wants the Best Coal.

Try Lethbridge Coal, then you will have the best and cheapest. This coal will make the hottest and brightest fires, besides it is easily handled, as it is very clean. We have it for all kinds of grate.

E. A. Cameron.

Before. After. **Wood's Phosphodine,**
The Great English Remedy.
Sold and recommended by all druggists in Canada. Only reliable medicine discovered. Six packages guaranteed to cure all forms of Sexual Weakness, all effects of abuse or excess, Mental Worry, Excessive use of Tobacco, Opium or Stimulants. Mailed on receipt of price, one package \$1, six, \$5. One will please, six will cure. Pamphlets free to any address.
The Wood Company, Windsor, Ont.

Wood's Phosphodine is sold in Sandon by E. F. McQueen and F. J. Donaldson, Druggists.

Save the Timber.

If care be not exercised in the preservation of our timber supplies, timbering will be ere long a matter of serious moment to the mines of the Slocan. So far most of the mines have been able to meet their requirements from the hills adjacent to the mines; but this supply is becoming depleted; and forest fires have played such havoc with the woods in general that suitable timber in the country is becoming scarce. Should present cramping conditions, even of lesser form, continue to harrass operations, and with timber as expensive as it will be when brought in by train, mining operations will become well nigh out of the question.

The government must adopt more precautionary measures against bush fires, so that the little timber now available may be preserved, and that the soft undergrowth may be preserved, so as to stave off the evil day as long as possible.

More Companies in Trouble.

Charles Dore Toista Atkinson, of 197 Cornwall street, Victoria, has entered suit against the following companies for non-compliance with the Companies Act in failing to deposit the names of directors, etc., with the registrar of joint stock companies, and other alleged contraventions: Byron N. White Company, Limited, of Sandon; Braden Brothers, and E. J. Matthews, constituting Lucky Jim Mines, of Kaslo; the Nelson and Fort Sheppard Railway Company; the Jackson Mines, Limited, of Kaslo; the Great Northern Railway Company, having its head office in this province in the city of New Westminster; Washington Mining Company, Limited, of Kaslo; Payne Mining Company, Limited, of Sandon; Whitewater Mines, Limited, of Kaslo; the Idaho Mines, Limited, of Rossland; the Old National Bank, of Rossland, and the Red Mountain Railway Company, of Rossland.

The Ottawa Deal Goes Through.

The leases and owners of the Ottawa were informed on Wednesday that the money was in the bank to cover the option held on that property by Pittsburg capitalists, associated with W. D. Wrighter, of Spokane. When here a month ago Messrs. Coleman and Wrighter secured a 30 day option, which expired last Saturday. The price of the bond is in the neighborhood of \$45,000 but the particulars will be made known when the papers are signed. At the mine things are looking uncommonly well, the paystreak showing 18 inches of shipping ore in the face of the drift. A contraction occurred in the vein a couple of weeks ago, but it has been passed and the vein wonderfully improved.—Slocan Drill.

The Marion made another shipment of 40 tons of ore, and another 100 ton shipment is being brought down from the mine this week.

The Neepawa sent out its first car of ore under the new management this week. From now on the shipments are expected to reach 100 tons a month.

The Chapeau mine is now assigned to the creditors, and the government is making an effort to have the latter paid out of the property as far as possible.

**The Canadian Northwest
HOMESTEAD
REGULATIONS.**

Any even numbered section of Dominion Lands in Manitoba or Northwest Territories, excepting 8 and 26, which has not been homesteaded, reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, of any male over 18 years, to the extent of one quarter section of 160 acres, more or less.

ENTRY.

Entry may be made personally at the local land office for the district in which the land to be taken is situate, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the Local Agent for the district in which the land is situate, receive authority for some one to make entry for him. A fee of \$10 is charged for ordinary homestead entry.

HOMESTEAD DUTIES.

Under the present law homestead duties must be formed in one of the following ways, namely:

(1) By at least six months, residence upon and cultivation of the land in each year during the term of three years;

(2) If the father or the mother (if the father is deceased) or any person who is eligible to make a homestead entry, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of the law as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his first homestead, on a certificate for the issue of such patent countersigned in the manner prescribed in the Dominion Lands Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence on the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of the law as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENTS.

Should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector. Before making application for the patent the settler must give six month's notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

INFORMATION.

New-arrived immigrants will receive at the Immigration Office at Winnipeg, or at any Dominion Lands Office in Manitoba or the Northwest Territories information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing lands to suit them; and full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia may be obtained upon application to the Secretary at the Department of the Interior, Ottawa; the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior.

N. B.—In addition to Free Grant Lands to which the Regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad or any other corporations and private firms in Western Canada.

M. L. GRIMMETT, LL. B.

Barrister, Solicitor, Notary Public, Etc.

Sandon, British Columbia.

ASHNOLA!

**A CITY OF WONDER,
PROGRESS AND PROSPERITY.**

The Smelting Centre of the Similkameen Valley. Backed by the payrolls of two gigantic coal companies and the Copper and Kennedy mountain mines.

Surrounded by the following resources, coal, gold, copper, silver and fine agricultural countrys. Large herds of cattle, fruit in abundance with a climate almost southern and all that could be asked.

Ashnola is owned and backed by the payroll of the Similkameen Valley Coal Company, Limited, which is a guarantee in itself of its success. The equipment and development of their coal mines, installing of water, electric light and power plants are already arranged for. The development of the Ashnola Coal Company's mines by the Toronto capitalists who have established their payroll at Ashnola, make it the coming city of the interior of British Columbia.

Lots in Ashnola are Safe Investments.

In blocks 1 to 4 and 13 to 20 the price will be advanced 25 per cent per month until May 1st, 1902, and 10 per cent in the remaining blocks. The present price is from \$50 to \$225, 25 per cent cash, 3, 6 and 9 months without interest.

Arrangements are already completed for 38 buildings, including cottages for the employees of the company at Ashnola. This work will be under full headway by May 1st. The company's stock is now selling at \$1, 10 per cent down, balance in 9 equal payments.

Nelson Wins Championship.

Sandon Defeated at Rossland By a Score of 4 to 2 By Nelson.

When the facts are all known, however, the Nelson paper has not so much to crow about. After saying it was the fastest match ever played in Rossland, the Miner, an independent paper says:

The Sandon seven was also identical with the team that defeated Phoenix on Friday afternoon—Hogan in goal, J. Crawford at point, W. Crawford at cover, Howarth on the right wing, Hood at centre, Grierson on left wing and E. Crawford rover. The city of Sandon is to be congratulated on turning out as fast and clever an aggregation of hockey-ists as the seven men who came to Rossland to represent the red and white in the senior hockey matches. The men played fast hockey and played every minute of the game. Their weak point as compared with Nelson was the point and cover men. The Crawfords are a strong combination, but they were not up to the standard of Nelson's defence men, although Hogan in goal is a more experienced player than Greyerbiehl of Nelson. It was in the defence that Sandon lost. When Sandon attacked the speed developed by the forward line was splendid and elicited hearty applause, but their defence was not as strong as Nelson's, and it is on this one point that the only apparant difference in strength between the teams can be located, Sandon had the support of the majority of the Rosslanders last night, and it was the general opinion that on fast ice the table would have been reversed, that is a point that could only be demonstrated, however, in actual practice. Certain it is that the Nelson men as a whole were heavier than the plucky Sandon seven.

The initial face-off was made about 8.20, and after the first minute's play it was evident to the spectators that the game was to be a treat for hockey enthusiasts. The players started in with a vigor and rush that promised great things, and at no time did they relax their efforts. First blood was secured by Sandon after a neat rush and combination play ending with a hot shot by Howarth which escaped Greyerbiehl. Then Nelson scored twice after keen play, but before the first half ended Sandon added another notch to its tally stick, and the score was tied.

The second half opened in the most promising manner. It was evident that the management of the Nelson team and the players had canvassed the situation thoroughly, for they went into the game with renewed vigor and a definite plan of action that had results. Three times did the green and white descend on Sandon's goal and hurl the elusive gypsum past Hogan. After the first goal was secured the Sandon men played with a rush that would have had the desired result had Nelson been less able in point and cover. Again and again did Jeffs and Archibald, and particularly the latter, turn what seemed to be an invincible rush, and it was in the interim of these determined attacks that Sandon's citadel was successfully assaulted. After Nelson secured its fourth goal it was evident that only circumstances out of the ordinary could avert the ultimate result, but the Sandon men contested the game to the last second, cheered by the warm applause of the audience."

FOR OVER FIFTY YEARS.

Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children when teething. If disturbed at night and broken in your rest by a sick child, suffering and crying with pain of cutting teeth. Send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for children teething. It will relieve the poor, little sufferer immediately. Depend upon it; mothers, there is no mistake about it. It cures diarrhoea, regulates the stomach and bowels, cures Wind Colic, softens the gums and reduced inflammation, and gives tone and energy to the system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States. Town Jottings.

The interesting lecture on temperance by Rev. Mr. Green has been postponed until next Monday evening.

A number of the Rossland curlers paid a visit to the Payne on Wednesday, to get at sight of a silver-lead mine.

It is understood, the Nelson hockey club, that is the B.C. champions, are to meet the Sandons here on Wednesday next, when there will be a hot time in the old town.

Rev. A. M. Sanford came over with the curlers from Rossland and is renewing acquaintances here. His numerous friends were pleased to see him.

G. O. Buchanan, skip of one of the rinks from Kaslo attending the bonspiel, had to leave for home on Wednesday to attend the meeting of the Associate Boards of Trade.

Wm. Walmsley was badly hurt last Sunday while loading heavy timbers on to a car for the Payne concentrator. He was carried to his home and has been confined to bed the past week.

John Houston has a strike of his own on hand, and many will be curious to see how he handles it. His hands have struck, so the story goes, for non-payment of wages. Perhaps he will call them all sons of feminine canines.

The bonspiel cups, trophies and handsome prizes accompanying them on exhibition in Hunter-Kendrick's window, were photographed by J. E. Wood and R. H. Trueman on Thursday night. Special lights were placed in position and the window tastefully arranged.

It is quite likely a meeting will be held in town at an early day to organize a Board of Trade. If our business men have sand enough in them to keep the control of the institution in their own hands it may be a blessing. If they allow it to be otherwise it will certainly become a curse.

The celebrated suit between Coplen and Callaghan over the Cube Lode and Cody and Joker is again in evidence at Victoria. In all this has involved 13 actions. So far Callaghan has had the best of it in the contention that he owned the ground claimed by Coplen for the Cube Lode, in the Cody and Joker claims. The courts have all along decided the Cube Lode is invalid in that it overlaps the others registered previous to it.

Father Cote was summoned to Kaslo by a telegram on Tuesday to attend the bedside of a boy named Bishop. It appears the young lad who was about 13 years of age, was riding on a mule and leading another with a rope attached to the halter, and one end tied around his body. The supposition is he was pulled off by the hind mule, and being unable to extricate himself was dragged to death along the trail. When picked up he was carried home and the doctor hastily sent for, but nothing could be done as upon examination life was found to be extinct.

Hiram Paschal, proprietor of the Union hotel, followed the late police magistrate into the post office the other day, where a number of people were waiting for their mail, and called him all the obscene and filthy names he could lay tongue to. It appears Paschal was fined by that functionary in the police court some 18 months ago for assaulting another man, and this has grated on his mind ever since. An information was laid against him by the Chief of police, and Paschal was summoned to appear before Sewell and Sandilands, J. Ps., who mulched him to the tune of \$50 fine and \$4.25 costs.

Sandon Captures Nearly All the Cups and Prizes.

(Continued from Page 1.)

Revelstoke Wins Tuckett.

In the final of Tuckett trophy played on Friday afternoon McQueen of Rossland was defeated by Brown of Revelstoke by 5 points, score 14 to 9. Revel carries home the trophy and medals. The victors were: Dr. Carruthers, 1st; Jos. Coghlan, 2nd; G. H. Brock, 3rd, and H. A. Brown skip. Bravo; Revelstoke!

The finals will be published in the next issue of the Review. At the time of going to press the Harris trophy and Points Competition were to be played, and the finals in the Hudson's Bay, and the Consolation.

The Competing Rinks.

The following were the different rinks entered in the competition and the names of the players:

- Nelson, No. 1.—J. A. Neelands, Dr. Armstrong, Wm. McKenzie, J. A. Turner (skip.)
- No. 2.—S. J. Campbell, D. J. Robertson, A. Carrie, W. Richardson (skip.)
- No. 3.—Geo. Bell, Chas. Wilson, R. Robertson, Geo. Hodge (skip.)
- Rossland, No. 1.—G. C. McKay, F. W. Pretty, Dr. Kerr, J. S. C. Fraser (skip.)
- No. 2.—A. B. McKenzie, J. Robertson, Dr. Lynch, Wm. McQueen (skip.)
- No. 3.—J. Lynch, A. M. Sanford, T. S. Gilmour, T. Gray (skip.)
- No. 4.—R. Rolph, A. Drewry, Jas. Lawn, H. H. Smith (skip.)
- Kaslo—H. S. Whellams, R. McLean, A. McKinnon, G. O. Buchanan and D. W. Moore (skips.)
- Revelstoke, No. 1.—W. Foote, F. Young, A. L. Pinkham, D. Rae (skip.)
- No. 2.—Dr. Carruthers, J. Coghlan, G. N. Brock, H. A. Brown (skip.)

Bonspiel Echoes.

Sandon has cups galore. Sandon is looking for more cups to capture.

What's the matter with Sandon? She's all right.

This is the Bonspiel number of the Mining Review.

The visiting curlers were a merry crowd as ever visited the Silver City.

The game of the tournament was the 14 end match between Hall of Sandon and Richardson of Nelson.

The Grand Challenge, All Corners, Oliver and probably the Hudson's Bay and Consolation Cups won by Sandon is a record to be proud of.

Harry Smith of Rossland was knocked out of the Consolation by McLachlan of Sandon. The genial Harry captures the "boobie" for the second time.

Silversmith a Wonder.

The Silversmith is turning out to be a wonder. Ore galore is in sight and increasing on development. The showings are so good now that it has been decided to drive another tunnel 150 feet below the present workings and upraise from the first level. The prospects are so promising that an aerial tram from the workings to the concentrator will be built without delay, and shipping commenced as soon as the mine opens up.

NOTICE.

The report of Sandon winning the Hudson's Bay cup is premature. A local enthusiastic whose head got the better of him imagined because Hood beat his opponent that he won the cup for Sandon and informed us accordingly. There are still outside rinks in the competition and we are pleased to make the correction.

Dominion of Canada.

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the North-West Territories, and the Yukon Territory.

COAL.

Coal lands may be purchased at \$10.00 per acre for soft coal, and \$20.00 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at such rates as may from time to time be specified by order in council shall be collected on the gross output.

QUARTZ.

Persons of eighteen years and over and joint stock companies holding free miner's certificates may obtain entry for a mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of \$10.00 per annum for an individual, and from \$50.00 to \$100.00 per annum for a company, according to capital.

A free miner having discovered mineral in place may locate a claim 150 x 1500 feet by marking out the same with two legal posts, bearing location notices, one at each end on the line of the lode or vein.

The claim shall be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$5.00.

At least \$100.00 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500.00 has been expended or paid the locator may, upon having a survey made and upon complying with other requirements, purchase the land at \$1.00 per acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory of an area not exceeding 100 acres.

The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

PLACER MINING, MANITOBA, AND THE N. W. T., EXCEPTING THE YUKON TERRITORY.

Placer mining claims generally are 100 feet square; entry fee \$5.00 renewable yearly. On the North Saskatchewan river claims are either bar or bench, the former being 100 feet long and extending between high and low water mark. The latter includes bar diggings, but extends back to the base of the hill or bank, but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained.

DREDGING IN THE RIVERS OF MANITOBA, AND THE N. W. T., EXCEPTING THE YUKON TERRITORY.

A free miner may obtain only two leases of five miles each for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars in the river below low water mark, and subject to the rights of all persons who have, or who may receive entries for bar diggings or bench claims, except on the Saskatchewan river, where the lessee may dredge to high water mark on each alternate lease-hold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease one dredge for each fifteen miles or fraction is sufficient. Rental \$10.00 per annum for each mile of river leased. Royalty at the rate of two and a half per cent. collected on the output after it exceeds \$10,000.00.

DREDGING IN THE YUKON TERRITORY.

Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by its position on the 1st day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, \$100.00 per mile for first year, and \$10.00 per mile for each subsequent year. Royalty, ten per cent on the output in excess of \$15,000.00.

PLACER MINING IN THE YUKON TERRITORY.

Creek, gulch, river and hill claims shall not exceed 20 feet in length, measured on the base line or general direction of the creek or gulch, the width being from 1,000 to 2,000 feet. All other placer claims shall be 250 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days if the claim is within ten miles of mining recorder's office. One extra day allowed for each additional ten miles or fraction.

The person or company staking a claim, and each person in his or its employment, except house servants, must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim 1,000 feet in length, and if the party consist of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party ordinary claims only.

Entry fee is \$15.00. Royalty at the rate of five per cent charged on the gross output of the claim, with the exception of an annual exemption of \$5,000.00.

No free miner shall receive a grant of more than one mining claim for each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners, not exceeding ten in number, may work their claims in partnership, by filing notice and paying fee of \$2.00. A claim may be abandoned and another obtained on the same creek, gulch or river, by giving notice and paying fee.

Work must be done on a claim each year to the value of at least \$200.00, or in lieu of work payment may be made to the mining recorder each year for the first three years of \$200.00 and after that \$400.00 for each year.

A certificate that work has been done or fee paid must be obtained each year; if not, the claim shall be deemed to be abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made, and publishing notices in the Yukon Official Gazette.

HYDRAULIC MINING, YUKON TERRITORY.

Locations suitable for hydraulic mining, having a frontage of from one to five miles, and a depth of one mile or more may be leased for twenty years, providing the ground has been prospected by the applicant or his agent; is found to be unsuitable for placer mining; and does not include within its boundaries any mining claims already granted. A rental of \$150.00 for each mile of frontage, and a royalty of five per cent on the gross output, less an annual exemption of \$25,000, are charged. Operations must be commenced within one year from the date of the lease, and not less than \$5,000.00 must be expended annually. The lease excludes all base metals, quartz and coal, and provides for the withdrawal of unoperated land for agricultural or building purposes.

PETROLEUM.

All unappropriated Dominion lands shall, after the first of July, 1901, be open to prospecting for petroleum. Should the prospector discover oil in paying quantities he may acquire 640 of available land, including and surrounding his discovery, at the rate of \$1.00 an acre, subject to royalty at such rate as may be specified by order in council.

JAMES A. SMART.

Deputy to the Minister of the Interior
Ottawa, Dec. 25th, 1901.

TEMPORARY CHANGE OF SERVICE
