Serving the Sunshine Coast, (Howe Sound to Jervis Inlet), including Port Mellon, Hopkins Landing, Grantham's Landing, Gibsons, Roberts Creek, Wilson Creek, Selma Park, Sechelt, Halfmoon Bay, Secret Cove, Pender Harbour, Madeira Park, Kleindale, Irvine's Landing, Earl Cove, Egmont.

Volume 2, No. 45 WEDNESDAY, OCT. 27, 1965 10c

*Project engineer . . .*

## Breakwater designer checks two locations

ANOTHER step toward the establishment of a breakwater in Sechelt was taken last week with the arrival in the district of Mr. J. Dodge, project engineer for the department of public works.

Mr. Dodge who was accompanied by Mr. Stephens, the chief engineer, met with Chamber of Commerce Breakwater Chairman, Norm Watson, to discuss which of two alternative sights would prove most suitable.

Mr. Watson was assured that engineering surveys have now been completed and results of soil tests are now awaited, in relation to load bearing. Bids will be called early February and the contract should be completed by mid-July.

Both sites under consideration for start of the project are within a short distance of each other near the rock bluff at Selma Park. The only questions involved concerned technical differences.

Mr. Watson told The Times, "It is unfortunate that certain back-room politicians are presently attempting to smear the endeavors of Mr. Jack Davis who was responsible for bringing the long-drawn-out battle for this project to reality.

"Too many, for reasons best known to themselves, cried loud and long for the breakwater, and now that it is actually slated for construction, they see fit to purvey the claptrap distributed by political opponents of Mr. Davis."

Far reaching interest is being shown in the breakwater and various local dignitaries have been approached by out of town business people seeking facts and figures of the area with a view to future investment.

## Pender Harbour Trick or Treat

BONFIRE, hotdogs and pop, costume judging and prizes—in fact, all the magic of an old-fashioned Hallowe'en will be enjoyed by youngsters in the Pender Harbour area on October 30.

Celebration will commence at 8 p.m. at the Madeira Park playground and all children and teenagers in the Pender Harbour area are invited. Pender Harbour Recreation Commission is sponsoring the event.

*NDP candidate accuses Fed. Gov.*

THE FEDERAL government has been accused by NDP candidate Bill Deverell of taking a paternal attitude to native Indians.

Deverell, running in Coast-Capilano, told a house meeting at 324 West 2nd Street, North Vancouver, that the government should be encouraging Indians to take initiative, "but instead the government treats Indians as if they are living under a paternal dictatorship."

He told a meeting largely comprised of Indians that an NDP government would assist Canadian Indians in maintaining their rights by helping them organize producer and consumer co-operatives.

He accused the federal government of trying to "run the show without the advice and consent of the Indians.

"The Indian Affairs Department has organized a complex of committees and boards through which it tries to organize the lives of the Indian people, and I believe the Indians would prefer to organize their own lives," he said.

*Burning gasoline . . .*

## Boating accident causes two deaths

FOR THE third week in succession, tragedy struck on the Peninsula with the deaths of two residents and another man hospitalized following a boating mishap.

Recovering from his ordeal in St. Mary's hospital is 52-year-old Howard Vernon Wallace. His two companions were Walter E. Peterson, aged 50 and Mabel Florence Koska, aged 53, known as Peterson.

The body of the woman has been recovered but Peterson had not been found Sunday.

The three left the Porpoise Bay wharf at about 5:30 p.m. last Friday, October 22 in a 14-foot open boat powered by an outboard motor, and set off for the M & W logging camp at Doriston, where both men were employed.

Approaching Doriston about 9:30 p.m. the motor ran out of gas. As Peterson attempted to refuel from a gas tank, gasoline splashed over the bottom of the boat, bursting into flame when a match was struck.

All three jumped into the water, Wallace clinging to the burning boat, the others hanging on to the floating gas container. When the burning vessel sank, Wallace floated around until he was rescued by two employees of the L.M & N logging camp who had heard the calls for help and rushed out to the scene.

Mabel Koska was then recovered from the water and found to be dead, but further searching failed to locate Peterson who is assumed dead.

The two rescuers were identified as Camp Foreman Frederic Knott and his companion Ray Lachance.

Peterson was well-known in the Egmont area where he had resided for some years. He had resided for some time in the Sechelt district.

## School patrol visit stadium

SCHOOL children of the Gibsons Highway patrol received a special treat last Sunday when they joined some 4,000 children from the Lower Mainland as guests at Vancouver's Empire Stadium where they saw B.C. Lions play Saskatchewan Roughriders.

Gibsons patrol was not on the list published in the Vancouver Sun on the Thursday prior to the game but Principal Mr. G. Cooper and Vice-Principal Mrs. S. Knight soon contacted those in charge and found they were most welcome to attend.

Frantic last minute arrangements resulted in a bus load of 40 happy youngsters, accompanied by Mr. Knight and Mr. Ferrari leaving for Vancouver last Sunday morning.

Gibsons Kiwanis sponsor the patrol and provide uniforms and special treats for these young people who patrol a busy crosswalk where three busy roads converge into one. All the ferry traffic between Langdale and Earl's Cove use this road which is particularly congested around 8:30 a.m.

The patrol is taught to practise extreme caution because although the crosswalk is well marked, strangers to the area don't always realize the significance of this crossing.

**Popular pair**

THE EVER popular Fergussons, the Rev. Jim and wife Jill captivated the audience of young and old when they appeared at the fund raising Amateur Night, on behalf of the Sechelt Rcreation Commission.

**Happy twosome**

POPULAR young singer Mary Lamb sang two beautiful solos at the Saturday night Amateur Night, Dreammaker and I Believe. She was accompanied by a well-known Vancouver artist Mrs. Edna Calbick. Mrs. Calbick who has been staying in Sechelt, where she hopes to make her future home, kindly consented to play at very short notice and everyone hopes that it will not be too long before we hear from her again.

**Accordion Trio**

YOUNG pupils of Mr. Henry Christensen were popular artists of Amateur Night. Craig Jones, Bruce Freze and David Taylor played the Nautilus and Vancouver Waltz followed by Water Colours.

**Country and Western**

VISITORS from Pender Harbour, Mrs. Juanita Thomlinson and Rick Feoza were joined by Mr. Bob Keeley of Sechelt to present some very fine Country and Western style music.

*At Wilson Creek . . .*

## Guide & Brownie leaders gather for annual meet

GUIDE and Brownie leaders and local association members from Powell River, Texada, Sechelt and Gibsons gathered at Camp Olave, Wilson Creek, recently for the annual meeting of the Sunshine Coast Divisions.

On Friday evening two gold cord holders from the Roberts Creek Co. gave interesting picture illustrated accounts of their visits to Heritage Camps during the summer months. Wendy Inglis visited the Doe Lake Camp in Ontario, and Merilee Olson attended the Tsoona Camp in B.C. Refreshments followed, served by the Roberts Creek Rangers.

Saturday was occupied with training sessions for the Blue and Brown leaders and business discussions were attended by association members.

Betty Allan, Roberts Creek Rangers, conducted the guide training course which included handicraft instruction where a vast variety of handicrafts made by the Roberts Creek Co. were on display.

Margaret Woodhead of Texada conducted the Brownie training course. Lola Caldwell and Vera Farr gave instruction in nature study.

Betty Allan's slide-illustrated account of her recent visit to Ottawa was thoroughly enjoyed by everyone. Many new songs were learned at the Saturday evening campfire conducted by Dorothy Stockwell and skits provided relaxation after a busy day of training.

Excellent meals were provided by two very busy persons, Mrs. E. Inglis and Mrs. C. Gust who performed the quartermaster duties.

**Mighty Wurlitzer**

VEDY WELCOME participant in the Amateur Night show was Wilf Victor at his Wurlitzer organ. Mr. Victor has had the instrument a comparatively short time, but his playing had all the earmarks of a polished musician.

**Piano Duet**

TWO youngest performers were Heather and Debbie Hall, daughters of Mr. and Mrs. Frank Hall. Both are very talented pianists, Heather played a solo "Spooky Hollow" then younger sister Debbie joined her for "Chopsticks". Both girls are pupils of Mr. S. C. K. Redman of Sechelt.

**Annual meeting**

COMMISSIONERS attending the Sunshine Coast Division's Annual meeting at Camp Olave, Wilson Creek were (standing) Hunechin District Commissioner, Harriet Newton; Powell River D.C. Sheila Knibbs; Elphinstone D.C. Molly Hartle. (Seated) Division Commissioner Agnes Labonte and Texada D.C. Vera Liebich.

**Tea break**

WELCOME break for tea during the busy annual meeting of the Sunshine Coast Division finds a section of the members enjoying an informal chat. On the right is Mrs. R. Alsager of Gibsons who had the task of officially recording minutes of meeting, which was held at Camp Olave, Wilson Creek.

*Payment completed . . .*

## Disgust expressed on road works job

COUNCIL of Sechelt reluctantly agreed to pay the firm of Scotland and Adamson the sum of a little more than $1,400, the final payment for road work carried out within the village.

Roads Chairman Ben Lang, after approving the payment, replied to a question by Councillor Gordon and said he was not happy with the work by the company but that it would be different next time.

Chairman Christine Johnston in expressing disgust that potholes had been left in roads recently flushcoated, said council should remember not to employ the company again.

**ROAD CLOSURE**

Letter from Mr. Norman Burley stated it was his intention to subdivide a portion of his property bordering a proposed village parksite area. Proposal by council to close off a section of the gazetted road allowance would deprive him of 50' of his property, he could therefore not give his approval to the closure.

Another resident who had been approached by council regarding the same project, Mr. C. McDermid, had so far not replied but Coun. Joe Benner said he had been speaking to Mr. McDermid who had indicated agreement to the park project and would write to council if they so wished.

**EXPANSION**

Minister of Municipal Affairs Dan Campbell informed council he would be unable to attend a public meeting in regards to the proposed expansion of boundaries, taking in West Sechelt, at this time. He would be pleased to attend after the election, Nov. 9 at a date convenient to all concerned.

Mr. Campbell said he could send a deputy sooner should council wish, it was however, agreed to await a visit by the minister.

**DEMOLITION**

Application for a permit covering removal by demolition of the old Union Store, was enthusiastically agreed to. It was stated Mr. D. Spence had undertaken to remove the building which has been considered an eyesore for some time.

Possibility of rats existing in the building was discussed and Coun. Bill Swain said he would obtain a supply of poison to dispose of them.

## Recreation meet to feature forum

ANNUAL District Conference slated for Saturday, November 13, will be held this year from 10:30 a.m. to 3:30 p.m., in the Pender Harbour Secondary School.

Rrepresentation is anticipated from all recreation commissions on the Sunshine Coast including the Powell River area.

Any person interested in attending the conference is welcome and should contact the district recreation office before November 6 if lunch is required. Registration fee will be $2.00 which will include lunch and coffee breaks.

Theme for this year's conference will be "A look at recreation from the inside out and the outside in." Two panels of guest speakers will discuss all facets of recreation and a question and answer forum will be held.

**The Big Five**

SECHELT residents got together for Amateur Night and the result was an extremely competent dance band featuring Jack Nelson, Bev Nelson, Curly Lucken, Rod Lizee and Jim Fitzpatrick.

*Good turn-out . . .*

## Successful talent show ensures future repeats

SECHELT Recreation Commission was delighted with the response to its first fund-raising project, Amateur Night, presented last Saturday at the Elementary School Auditorium.

In order that the event did not conflict with too many other projects, the night of entertainment was put on at short notice, consequently advance publicity was at a minimum. However, the turnout more than justified the hopes of the members who worked to provide the show.

Plans originally called for the establishment of an annual event but response was such that plans are now being considered to present a night of amateur talent at regular intervals.

A tremendous job of master of ceremonies was performed by Joe Benner, and the entertainers who so generously gave of their services at such short notice were greatly appreciated. It was pointed out by the emcee that to bring in musicians from Vancouver costs hundreds of dollars, yet we have excellent performers right here on the Peninsula.

It is hoped to seek out additional talent for subsequent shows in order to provide a greater variety thus ensuring a smoother uninterrupted performance.

Anyone desirous of taking part or interested in future events, is cordially invited to contact any member of the Sechelt Recreation Commission, or Doug Wheeler at the Times office.

## PTA announces successful sale

SECHELT PTA used clothing and bake sale was a highly successful venture which raised the sum of $204.45. President of the PTA Mrs. W. Bystedt and chairman of the sale Mrs. Mel Jeffries, wish to thank all those who helped make this fund raising project a success by donating clothes and baking or giving their time.

In particular they wish to express the gratitude of the PTA for the use of the store which was most kindly donated by Mr. and Mrs. G. Wigard.

## Gibsons man wins memorial trophy

FIRST ANNUAL Charlie Burns memorial trophy shoot was held Sunday at the Gibsons Rod and Gun Club and was won by Mr. Norm Harris of Gibsons.

The centre fire sporting rifle event was won by Cons. Barry Ross of Gibsons detachment RCMP.

Fourteen contestants took part in the first event and 12 in the second. A number of spectators was also present.

INVITATION TO TENDER

West Sechelt Waterworks District
Water Supply and Distribution System

Sealed tenders addressed to the undersigned and endorsed "Tender for the Construction of Waterworks" will be received by the Trustee Chairman of the West Sechelt Waterworks District up to 4:00 p.m. local time, Monday, November 8th, 1965.

The principal items of work and approximate quantities are shown below:

1. Supplying all materials and installing 16,000 feet of 6-inch Asbestos Cement water mains complete with appurtenant fittings.

2. Supplying all materials and in stalling 111 service connections.

3. Constructing a concrete tank base with piping and fittings.

Plans and specifications may be examined at the office of Associated Engineering Services Ltd., 2256 West 12th Avenue, Vancouver 9, B.C. on or after October 25th, 1965, and copies may be obtained by a bona fide tenderer upon deposit of $25. This deposit will be refunded following the return of plans and specifications and submission of a tender. If a contractor does not submit a tender, his deposit will be refunded ONLY if the plans and specifications are returned in good condition prior to the closing of tenders.

Plans and specifications will also be on view at the Heavy Construction Association for the convenience of its members.

Each tender must be accompanied by a bid bond payable to the West Sechelt Waterworks District, as called for in the Instructions to Tenderers section of the documents.

The lowest or any tender will not necessarily be accepted.

Mr. C. G. Thorold,
Trustee Chairman,
West Sechelt Waterworks District,

# Planned automation promises big future

UNPLANNED automation can mean chaos for Canada, New Democratic Party Candidate Bill Deverell said Friday night in Powell River.

He told a meeting of 60 persons in the Powell River Union Hall that Canada today is undergoing a technological revolution as significant as the Industrial Revolution of three centuries ago.

"Men, women and children worked under intolerable conditions during the years of the Industrial Revolution, and they fought to build a better standard of living," he said.

"Today, men and women who have devoted their entire working lives to specialized trades are being put on the streets while their jobs are being handled by machines and computers.

"Unplanned automation is chaos, but planned automation can mean a better life for all Canadians and can mean for all Canadians the two great freedoms of the 20th century—freedom from want and freedom from fear."

Deverell said an NDP government would establish a nation-wide network of training and technical schools for displaced workers and would give the workers a living allowance to support themselves and their families while they undergo retraining. A relocation allowance for workers who have to move would be paid.

A continuous analysis of labor supply and demand would be conducted by a Canadian Manpower Service to co-ordinate the automation planning, he promised.

Deverell said the election campaign in Coast-Capilano is a two-way fight.

"The NDP ran second to the Liberals last federal election, and we're stronger this time around," he said.

He charged that the Liberals think they can ignore the Powell River area in favor of the more populated areas of the riding in North and West Vancouver.

Bill Deverell

"The Liberals like to forget that Powell River and the Sechelt Peninsula exist, but if the New Democrats get the bulk of the votes here, we'll give the Liberals a shock."

He said the November 8 election gives an opportunity to Powell River voters to make themselves heard.

**Golden days**

FRIENDS gather around Mr. and Mrs. Jock McLean of Roberts Creek, to wish them every happiness on their Golden Wedding Anniversary, which they celebrated on Wednesday, Oct. 20, 1965. Pictured here, from left, back row, Mrs. A. Crawford, Mrs. J. Thyer, Mrs. F. Ellis, Mrs. C. Hilchie, Mr. and Mrs. Jock McLean and Mr. C. Hilchie. Front row, Mr. J. Thyer, Mr. A. Crawford, Mr. W. F. Clarke, Mr. E. Sandberg, Mrs. W. F. Clarke and Mrs. E. Sandberg.

*Boyd Shannon . . .*

# Conservative candidate seeks harbour expansion

EXPANSION of our harbor facilities is vital." So said Boyd Shannon, Progressive Conservative candidate for Coast-Capilano, speaking to the chamber of commerce at an all-candidate meeting in North Vancouver.

Captain Shannon told the meeting of the necessity for a 10-year master plan for port development throughout British Columbia to ensure that the harbors could fulfill their role in increasing Canada's world trade.

"Our Pacific trade is so much a part of the province's economy, that without it we certainly would not be enjoying the prosperity we have today," he said.

"It is time that action was taken by the federal government to ensure its continued growth by expanding the existing facilities to meet the demands of the rapidly increasing exports, particularly bulk cargoes.

"The whole of Canada benefits considerably from the trade attracted by Vancouver's large port and because of this, the cost of renovating and expanding must be considered a federal investment, the dividends from which will be more jobs and a higher standard of living across the country."

Captain Shannon reminded the businessmen attending, of the recent announcement that the P&O had decided to dock their ship due in December at Seattle.

"You cannot blame either the CPR or P&O for this decision," he said. "The CPR needed the dock for a freighter which would prove more profitable to them and P&O were of the opinion that there were other facilities that were adequate for their purpose.

"As a result we have lost, for this one trip at the very least, both the prestige of a large passenger liner and the money that the passengers and crew would have spent here during their brief sojourn. While at this stage this is not an economic crisis, it is a very clear indication that if we do not act fast, Vancouver's harbor will lose most of its trade due to inadequate facilities."

Some discotheques run sets. They do the Swim, the Frug, the Jerk, the Slop. Then there's a ten-minute intermission while they take out the wounded.

# St. Hilda's W.A. friendship tea

DESPITE a wet and windy day many members and friends of St. Hilda's WA attended a most delightful Friendship Tea on October 20. On this occasion it was held in the home of the hostess, Mrs. E. Montgomery of West Sechelt.

A cordial welcome is extended to all who would like to attend these teas which will be held once a month. The time and place of the next will be announced at the WA meeting, held in St. Hilda's Church Hall on the first Wednesday afternoon of each month at 2 p.m. Or contact Mrs. S. Dawe, president of St. Hilda's WA.

Attending were Mrs. S. Dawe, J. Fergusson, D. Hayward, W. B. Billingsley, Wm. McGregor H. Carter, A. Williams, N. Franklin, S. G. Montgomery, J. A. Macklin, V. Bogust, H. B. Gray, D. R. Barclay, L. Postlethwaite, S. G. Bryant, J. S. Northcote, H. T. Bishop, M. Housley, J. Redman, H. Nelson, A. Swan and Miss E. Ormrod.

A small boy debunked the talk about a painless dentist in his neighborhood. "He's not painless at all," said the youngster. "He put his finger in my mouth and I bit it and he yelled just like anybody else."

**Anniversary**

THE GOLDEN wedding anniversary of Mr. and Mrs. Jock McLean was made even more memorable when their many friends showed their love and esteem by presenting them with a beautiful decorator wall clock.

*At Roberts Creek . . .*

# Golden anniversary draws many friends

FRIENDS and neighbors gathered in the home of Mr. and Mrs. Jock McLean of Roberts Creek, on Wednesday October 20, to wish them every happiness on the occasion of their Golden Wedding Anniversary.

Surrounded by bouquets of roses and crysanthemums and many anniversary cards the happy couple were presented with an attractive decorator wall clock to commemorate the celebration.

Mr. and Mrs. McLean became residents of Roberts Creek in 1957 when Mr. McLean retired from the B.C. Electric Co. in Kerrisdale, where they had lived for 37 years.

Jock McLean came to Canada as a young man in the year 1912 and lived in Fernie, B.C., but when war broke out he joined the Candian Black Watch regiment and in 1914 went overseas, serving in France with distinction.

It was in Edinburgh, Scotland that Mr. and Mrs. McLean were married, on October 20, 1915. When hostilities ended Lieutenant Jock McLean, D.C.M. brought his young bride to Canada and they took up residence in Kerrisdale.

There are four daughters; Mrs. G. Ritchings and Mrs. G. Massaro of Vancouver; Mrs. E. Lozanski of Portage La Prairie and Mrs. K. Luxton of Fraserdale, Northern Ontario. Also 13 grandchildren and two great grandsons.

Mr. and Mrs. McLean recently spent a vacation with their daughters in the East as they were unable to be present on the anniversary.

The Vancouver families honored their parents with a celebration, last weekend.

# Indian players score eight nil

SOCCER games on the Peninsula last weekend revealed great improvements in the Madeira Park teams which has been quite marked during the past two weeks.

The Peninsula Rangers trounced the North Van. Warriors 8-0 and look forward to another victory next week when they play Vancouver Carriers. Game will be at the reserve field starting at 1:30 p.m.

Other soccer results were:

**DIVISION 4**

Gibsons United 11, Roberts Creek Wanderers 0; Sechelt Legion 0, Madeira Park Kickers 3.

**DIVISION 6**

Gibsons Canfor 5, Madeira Park Rangers 2; Gibsons Legion 0, Roberts Creek Tigers 7.

In Division 4, one game is scheduled for October 30; Gibsons United vs. Sechelt Residential Tigers.

October 31, Sechelt Legion vs. Roberts Creek Wanderers. Bye Madeira Park Kickers.

In Division 6, Gibsons Legion vs. Sechelt Residential School. Gibsons Canfor vs. Roberts Creek Tigers. Bye Madeira Park Rangers.

"Everybody I meet is so irritating," a tense, nervous patient complained to her doctor. He prescribed a tranquilizer and told her to come back in a week and let him know how she was feeling.

"Have you noticed any change in your mental attitude?" he asked on her next visit.

"None at all," she replied. "I feel just the same—but I've noticed that other people are acting a lot better."

# *Squaringly Yours*

—by Maurice Hemstreet

FLASH—The Sechelt Peninsula Times does it again! Yes, here is the latest news in square dancing, hot off the press.

Last Tuesday Pender - High School was the sight of a lot of fun and laughter as a set of square dancers danced their way through a successful evening with lots of promises of a better night next week. Colleen Dooley went up to Pender with me where she teamed up with her partner Pete Wray and the others from that area, who were; Vera and Ed Lowe, Bill and Rosemary Ward, Stan and Nancy Brown, Jean and Henry Whitaker, John Perry and Harry Cooper, but we couldn't get the latter pair to square dance together. I guess there are many people who are shy like myself.

Last Friday night was quite a busy one for my helpers and myself as we juggled three sets of Jr. square dancers in my basement, but due to the fact that they are sure willing to learn all they can this season, this wasn't too much of a problem. We just had a go, go, go night.

The Sechelt Promenaders are coming to life and getting back into the swing of what looks like to be a successful square dance season. Now if this does prove to be a swinging year for the Promenaders it should be very interesting, along with guest callers from out of town; could even be from out of the province. Well! I can dream, can't I? But our square dancers can make it come true.

I learned today from Mrs. Bill Norman from Powell River, that the Circle 60 club have moved their hall and are going strong with about nine sets on the floor all the time. They are trying a new system with the beginners starting at eight o'clock, and the main club at nine. This seems to be working very well up there, so why not here too? This means that all concerned have a lot of fun, learn, progress and meet new friends and renew old acquaintances, all in one big happy evening! So I'll tell you what, see you at the square dance.

**A unique literary training . . .**

Interested in journalism or magazine writing? A career as a professional free-lance writer? Success as a spare-time writer? If so, the opportunity now is yours through a personal home-training program offered by R. Clayton Jones, journalist, and teacher of non-fiction writing.

Wednesday, October 27, 1965

## Beware the Golden Goose

LARGE sums of public funds spent annually for educational purposes, undoubtedly go to a good cause, for our entire economic future hinges on our ability to keep ahead of the ever increasing demand for a high degree of education.

Bigger and better classrooms, large gymnasiums, workshops fitted out with the latest equipment at a cost of thousands of dollars, well fitted occupational classrooms, all fit in to the modern concept of teaching requirements.

These facilities are all, to large extent, necessary, some of them possibly open to question, but on the whole, contribute in no small degree to furthering the future prospects of our student population.

To the credit of the paying public, the dictates of the board of school trustees have been accepted in good faith, with the result we have schools to be proud of.

All good things invariably come to an end, however, and it would appear that unless a little caution is exercised in the near future, the bonanza could well terminate with shocking suddenness.

A referenda presently being prepared is to include a new school board complex at a cost so far under blankets. This in itself is understandable considering the existing quarters are considered inadequate. At the same time, a move would appear to be afoot to pursuade the electorate of the necessity of disposing with the Gibsons elementary school and replacing with a new one. Cost of this project is estimated at $85,000 without the extra classrooms already required.

Indeed, an architect was even brought in to officially point out the problems attached to the old school, and a very good job has been executed in this respect. Cost of renovating the school as estimated at $10,000 which might actually be a waste on a long term policy. On the other hand it would save the taxpayer $75,000 until such time the district will be sufficiently wealthy to tear down and rebuild new and bigger schools.

Another move afoot and actually a good one is to investigate the possibilities of buying out the lease of the present Sechelt Elementary School, at what is believed to be about $25,000. A further three acres is available on this location for $12,000 which would also be a wise investment at this time.

This then could mean an expenditure of something like a quarter of a million dollars plus an already extensive program of sites, playing fields, additions and new buildings which could reach a similar amount. In other words a half million dollar referendum would seem to be in the offing, possibly much more.

This would be no great problem in Vancouver. For such a small area as the Peninsula, it is, to say the least, ambitious.

Greatest proportion of this expenditure is borne by the provincial government, in fact only five per cent falls on local taxes. The entire amount still has to be paid by the public in one way and another and it would be too bad should the proposed referenda fall by the wayside due to an excess of enthusiasm by our elected representatives. To progress we have to speculate, but, the golden goose will be pushed only so far.

## Sad Sad Road Story

ROADWORK carried out in the village of Sechelt this past summer by a Vancouver company, does indeed leave a great deal to be desired, and considering the cost was more than $6,000, it is little wonder various councillors have been inundated with complaints from residents.

The whole fiasco started when tar followed by gravel was scattered over sidewalks and roadways, incredibly overlooking the fact shoulders required attention and cavernous potholes were in ample supply.

Councillor Ben Lang reported to council that the road crew would be returning within two weeks to fill in potholes and make up shoulders, while many people were of the opinion the sidewalks were yet to be completed with hardtop.

At a number of meetings afterwards, council was still given to understand the road crew was to return the next week, and in due course did in fact finally turn up. The suddenness of their arrival was equalled only by the speed of their departure, following which, it was discovered, a number of potholes remained.

This is a deplorable situation which should never have occurred, and it is obvious, little attention was given to the methods by which the work was carried out.

On the recommendation of Councillor Lang, the final payment of $1,400 was paid to the company last week. He admitted he was not happy with the work, but felt the outfit should be paid up and written off.

Paid off and written off as a bad experience might not be the best course. It is certainly the easiest but in all probabilities the taxpayer will not feel too happy to learn his money has been written off with such abandon.

The situation is quite fantastic. It would be absurd to suggest the roads chairman spend the entire day keeping tabs on the road crew. It was equally absurd to allow work of this nature to have taken place.

There is no doubt, the sad episode will be remembered for many years to come and indeed, not without good reason.

### Minute Messages

*"Most people are bothered by those passages of Scripture they do not understand; but . . . the passages that bother me are those I do understand".* — *Mark Twain*

### A Bug's World . . .

The sun was blistering—it was nice to hit the shady spots on the steep forest trail to the lake. The swim would be welcome when we finally got there. The 75 young hikers from the summer camp stretched out of sight along the narrow forest slope. Suddenly the youngster in front of me stopped and squatted, looking with fascination at a thin line of ants scurrying across the trail. Without looking up, she said: "Do you know that every time we take a step here we affect some bug's world?"

The youngsters behind her on the trail, held up until she continued hiking, commented dryly: "Do you know that until YOU start hiking again, you are affecting OUR world?—and we want to get going!"

It was a joke then, but it packed a punch. It was an example of what happens in life. Each move you make from morning to night "affects some bug's world." The people you meet, the friends you talk to, the comments you make AFFECT the people around you—improving their world, or spoiling it. This is why Christians are to LIVE their faith. This is why Christians are to get in there and do something constructive.

None of us can get through a day without "affecting someone's world." As Christians, our job is not just to "affect" someone's world, but to enrich it. This means you may have to sacrifice something. But then, so did Jesus.

—J. B. FERGUSSON, Anglican Church

### Of Cabbages and Kings

The big-shots down on Parliament Hill
The proclamation carried forth
That everyone should go and vote
From east and west and south and north.

The M.P.'s girded up their loins
Went forth to make their speeches
To woo the voter and his wife
Where 'ere the TV reaches.

Then out spake Lester Pearson
The captain of the Grits
"We'll scupper all those Tories
We'll grind them all to bits."

But Dief the Chief he whistle-stopped
And told his fervid story
"If Canada's the land you love
You'll certainly vote Tory."

While Tommy Douglas took the stand
Throughout the whole durned nation
That everyone should have a job
To heck with automation.

And everyone who wants to go
To Universitee
He souldn't have to pay a cent
But get his teaching free.

And as for Robert Thompson
Ex-Haile Selassie aide to
He quite approves of medicare
But says we shouldn't be made to.

Then outspake Raoul Caouette
He's big with Jean Baptiste
"Who will stand at my right hand
And be a Creditiste?

"This country is for Francais
And Francais shall be free
No more moudit Anglais
Shall boss o'er you and me."

And in the year two thousand
If French you'll understand
And if we're all bilingual
And the Francais rules the land

When grandmere's got her slippers
And grandpere's got his pipe
When autumn leaves are yellow
And the corn is good and ripe

Then grandpere calls the children
Tells a tale he's often told
When politique WAS politique
In the brave days of old.

Editor, The Times:

Sir — "Planning Committee fails with Proposal." Item in the issue of Oct. 20, 1965, brings back memories of years ago when the writer was a member of the Sechelt School Board. This was before amalgamation and the school board decided to move from the little old one-room school to new buildings in Sechelt. The writer was secretary of the school board and I am the only member left, the others having passed on many years ago.

The only feasible land was owned by Union Steamships Ltd. I approached Union Steamships Ltd., with a view to purchasing five acres of land for school purposes, the school board consisting of Mrs. Nora Cawley, Mr. E. S. Clayton, Mr. William Allen and the writer received word from Union Steamships Ltd., they would be very pleased to be of service regards the land to build a school but, they would not consider selling property but they would be glad to lease three acres on a long-term lease. The lease did not appeal to the board but there was no other land suitable for school purposes and we eventually signed a contract for three acres at the lease rental of $50.00 per year for 50 years. This lease expires in 1988.

The writer made a trip to Vancouver to see Harold Brown, president of Union Steamships Ltd., and mentioned to Mr. Brown all the residents of Sechelt purchased everything they needed in the Union Steamships Store and wouldn't it be a fine gesture on his part if he would give the school board the land free of charge in order that the children may have a school that all could attend without hardship as we had no transportation for the children in those days and many of the children came from Porpoise Bay and Selma Park. Mr. Brown would not yield and the lease was signed.

If the Sechelt School District can purchase for $25,000, this is very reasonable for three acres as small lots are selling for $2,000 per lot.

—W. J. MAYNE,
Sechelt, B.C.

### Hogs and Hoods

Editor, The Times:

Sir—Recently our local police force sent out a warning to the litterbugs and garbage dumpers, that they were about to crack down on these offenders. Our highways are a mess, and it would disgust you if you had occasion to walk along these roads; much dangerous glass (from soft drink bottle dumping hoods), they leave the glass and just pick up the crates. Our lakes and streams seem to be favorite spots to dump garbage of all sorts. We have news of several people (some businessmen also) from Gibsons to Pender Harbour.

We have asked the health department to post the streams and lakes several years ago, and still they have not done so. On one occasion we phoned the offenders and the excuse they gave us was that their hog was told to take out the garbage and he had disposed of it the easiest way out. Most areas have garbage collection for a few cents a week, why don't they use it.

Recently on an open line program, a lady was telling of an incident they had while on a trip to the prairies. They were stopped by a police car, and the officer charged them with littering the highways. Much to their surprise their daughter in the back seat had tossed out a pop bottle. The judge said that they, as parents, were responsible for their children, and he fined them $500.

We come to the country to get away from the smoke, fog, and cramped conditions of the city, only to run into the garbage pigs, the hunter, the tourist, who wants to use your pet squirrel to target practice with his .22, or any other moving thing. And this gives way for some of the locals who get out and practice in their own back yard, where a shell can reach into your garden a few yards away, and where you can't sit out and enjoy the Sunshine Coast because of the gun shots and fear of getting hit.

It seems the more we educate the less they use it. In the distant future maybe the clean and tidy-minded might rule again but at the moment sex has the I's.

—Country Lover Gone Sour
Country Bumpkins,
M. H.

### Play it big

Editor, The Times

Sir—We have been reading and hearing a good deal about the proposed Sechelt Breakwater. It has made good political subject matter for a long, long time. Let's give all credit to those who have shown some real interest and action, so far. Let's also be practical. Captain Boyd Shannon's letter in the issue of October 20th of The Times, clearly states the practical. In fact he does not go far enough. One has only to take a look at what happened in other centres on the lower coast.

A fine breakwater was built some years ago at Westview, near Powell River. In a very short time it proved inadequate for the needs of the growing community. Another breakwater has now been built at Westview doubling the original capacity. Needless to say, the costs involved would have been much less, had careful planning been given more thought in the first instance.

The same thing happened at Campbell River and the breakwater constructed at Comox, years ago, has long been inadequate for the needs of the local and visiting mariner. The city of Nanaimo is also planning an immediate increase in accommodation for visiting craft.

There is good floating breakwater and floats at Lund, a much smaller community than

—see page 7

New appointment

FAITH in the future of the Pender Harbour area was expressed recently with the appointment of Ernie Widman as Imperial Esso Oil Agent in Madeira Park. Ernie is a well known resident of that area and looks forward to providing a first class service.

## Airport News and Visits

—by G. Van de Meeberg

A YOUNG couple has been using the airport recently as a base camp for trips to diverse points on Vancouver Island.

When they left on Monday for Campbell River they asked us to call Rescue if they did not return by Wednesday night. We ended up doing just that and all because they were unable to contact us by telephone.

Weathered in at Port Alberni, they tried to telephone us but asked for the Sechelt-Gibsons Airport instead of the Gibsons-Sechelt Airport—I guess that is what is called a breakdown of communications.

Campbell River had been notified of their whereabouts but when we checked there we unfortunately contacted the one person who did not know of this and he told us the plane had left for Nanaimo.

When Naiaimo told us the plane had not arrived there, we immediately called Rescue Services. However our minds were put at ease when the RCMP drove up on Thursday afternoon and told us the plane had been located and all was well.

Prepared for any emergency, these two young people carried a survival kit with enough dehydrated food to sustain them for three months, but they preferred the campfire and wiener roast, we had one night, over any survival food.

They particularly enjoyed visiting this area and plan to return again.

—By Pat Gooding

INFORMATIVE and interesting slides on the work of the Save the Children Fund in Korea, were shown in an assembly last Tuesday. Mr. Dawson, who showed the slides, is a director of a branch of Save the Children Fund in Korea, and so has a great deal of experience with the needy Korean child.

Right now the Red Cross has a Save the Children drive on, so please, everyone, bring to school all the clean clothing, toys, and even rags that are no longer wanted at home. Nylons also can be put to a good use.

**CLUBS**

Cameras will soon be snapping throughout the school as the eager yearbook club gets into business. The club, under Mrs. Day, is well organized, and this year there are sponsors for each section of the yearbook. Sponsoring the photography is Mr. Bennie, Mr. Harrison, and Mr. Cresswell. Mrs. Hercus sponsors the section on clubs, and Mr. Yablonski, the sports section. The year's activity reports will be sponsored by Mrs. Richardson. Mr. Bujan will be in charge of class write ups, and Mr. Peterson has the literary section in his care.

Editor and assistant editor for this term only are Gloria Bishop and Kay Gust. All in all the yearbook club is thriving, so we can anticipate some great results at the end of the year.

Members of the choir are busily practicing; they have several things planned for the next few months. President of the choir is Mary Lamb, and Donna Lee is the secretary-treasurer.

**STUDENT COUNCIL**

Sadie Hawkins is going to be our first big dance—coming up in early November. Admission so far, has been set at $1 single and $1.25 for couples.

By now a cellar club would be well established in Elphinstone, but for some reason no rooms can be made available at lunchhour.

**HAVE YOU HEARD**

Sometime next year Mrs. Day will be in Greece and will visit the Greek school supported by our Red Cross club.

Oldtimers

AFTER hearing Mr. Rolly Reid (violin) and Mr. Wm. Baker (accordion) everyone knew why the Sechelt and District OAPO is such a going concern. Accompanied by pianist Mrs. Edna Calbick they played a selection of old time tunes.

# Society and Clubs

KINSMEN NOTES—Law enforcement and prevention of juvenile delinquency, was the topic chosen by Cpl. Ray Nelson of the Sechelt RCMP detachment, guest speaker at the regular meeting of Sechelt Kinsmen.

Arrangements for the young people's Halloween Dance, to be held on Saturday, October 30 at 8:00 p.m. in the Legion Hall, Sechelt, were also finalized, at the meeting held on October 19.

**LIONS DEN**

Thirteen members of the Sunshine Coast Lions Club were joined by five guests for their regular dinner meet held at Ole's Cove, last Thursday October 21.

Guest speaker, Mr. A. Swanson gave a run-down of the activities of the Aero Club and explained their plan to hold a fly-in at a later date. Visiting aircraft are expected to participate from many points of B.C. and the United States.

An outdoors meal will be provided as part of the entertainment and the Lions members accepted an invitation from Mr. Swanson to undertake the catering, as a club project.

New member to the club, George Eberle, was welcomed into the club, bringing membership to 23.

**AFTER SUNDOWN**

The most dangerous hours on the highway are just after sundown warns The Canadian Association of Optometrists.

## Early meetings in winter time

AT A MEETING of the Sechelt District OAPO on October 21, it was agreed that during the winter months, meetings would be held at 1:30 p.m. to enable members to get home during the hours of daylight.

Mr. M. Livesy, chairman of the social committee, thanked members for their generosity and support which had made the smorgasbord dinner held on September 28 such an outstanding success. She announced that a social afternoon was being planned for Thursday, Oct. 28 at 1:30 p.m. with music, refreshments and a singsong. Any members with musical instruments or willing to entertain in any way should give their names to Mr. Rolly Reid immediately. Members requiring transportation to the social should give notice by Wednesday, Oct. 27 to Mr. Reid or Mr. Lou Hansen, who would also be glad to have the names of car owners willing to help with transportation.

The visiting and welfare committee reported a heavy sick list among members. Mrs. Margaret MacLeod was in St. Vincent's Hospital, Vancouver, with a broken hip and Mrs. V. Campbell had been taken to St. Mary's Hospital suffering a heart attack. Mrs. D. Greer had smashed her hand in a ringer and Mrs. Mabel MacFarlane had left St. Mary's Hospital and was receiving therapy in the Holy Family Hospital in Vancouver. The president, Mr. H. A. Hill, supplied information about optical, dental and hearing aid service available to all members of the OAPO at substantial price reductions. There was discussion about the need for a home nursing service or a chronic hospital in the area, and it was decided to approach the VON to see whether it was possible to get their nursing service reinstated.

Election of officers for 1966 will be the chief business before the next meeting on Nov. 18. The new slate of officers will be installed in January.

*Aid Koreans . . .*

# Children seek funds for sponsored girls

ON SATURDAY children will again be knocking at your door asking only for pennies to help children in South Korea. Each child will have the familiar black and white official "Save the Children Fund" collecting tin. If you live in the village and expect a number of Hallowe'en callers be sure to save pennies ahead of time so that you can put one in each tin.

In Roberts Creek children will be collecting for their sponsored Korean girls. Little Kim Choon Seun who is eight depends upon the school children, she has no parents and lives with her two older sisters. The $50 sponsorship money goes to provide extra clothes and food and most important to pay her school fees. Without Roberts Creek help she wouldn't be able to go to school. The middle sister, Kim Choon Sik is sponsored by the Roberts Creek Guides and Brownies, she goes to middle school and is learning English. In addition the S.C.F. provides this family with medical treatment when needed, clothing and subsistence rations.

Earlier this year, a Victoria resident sent $400 to Ray Dawson, the SCF administrtor in Korea stipulating that every penny must be used for the children, none of it for overheads.

This problem was solved by Mr. Dawson's housekeeper feeding 35 destitute children daily at his house.

This money has now been used up and the children will again be hungry. Mr. Dawson asked if we would like to help with this feeding for this year's project and the children of Gibsons and Port Mellon have enthusiastically agreed. At $30 each, how many of these children can we assure one good meal a day for the next year?

**Tired? Sluggish? Feel Better Fast**

When you feel tired, sluggish, headachy, all dragged out—feel better fast with Carter's Little Liver Pills. Gentle, sure Carter's Little Liver Pills have been helping Canadians for well over 60 years.

Each tiny pill contains Carter's exclusive formula that has a very special action on your liver. This special action stimulates the liver bile. Keeps it flowing freely. Aids the functioning of your digestive system. Eases away that tired, upset, sluggish feeling. Helps you feel good again.

So the next time you feel tired, sluggish, headachy, take Carter's Little Liver Pills and feel better fast. Carter's Little Liver Pills, only 49¢.

# B-A's FIRST STRIKE IN ALMOST 60 YEARS

# WHY?

**According to J. R. Duncan, O.C.A.W. Canadian Director, "the only real value of the present strike, as far as the union is concerned, is to make the public aware of Labor's problems." — Vancouver Sun — October 13, 1965.**

## WHAT ARE THESE PROBLEMS?

**WAGES?**

O.C.A.W. workers in B-A's B.C. Marketing Division receive from $401 to $508 a month with an average wage of $464 a month, 40 hour week — already 15.5% above the average industrial composite wages of industry in general in B.C. Almost 50% of the B-A workers earn over $482 a month.

O.C.A.W. turned down a $59 a month increase offered by B-A as a no-strike package offer.

**AUTOMATION?**

Automation is not a threat in B-A.

In spite of steady improvement in plant efficiency, normal staff turn-over has absorbed small, annual staff reduction without layoff.

In fact —

- No one has been laid off at any B-A refinery since 1949.
- B-A's Port Moody Refinery, opened in 1958, has created 110 new jobs.
- In B.C. 90% of the O.C.A.W. employees in B-A have at least 5 years service.
- B-A's Marketing plant staff in B.C. has increased in the past year.

**BENEFITS?**

Company pays for or contributes towards:

Pension Plan; Savings Plan; Sick Leave; Hospital Plan; Medical Plan; Life Insurance Plan; Self-Improvement Education Plan.

## WHAT HAS STRIKE ACHIEVED?

A deterioration of relationship with one employee group? Yes. B-A hoped it would never see picket-line violence; truck harassment; and picketing of homes.

A strain on customer relationships? Yes, to a minimum degree. We quote Mr. Duncan "Getting the customers back when the boycott is over is as much a problem as getting them to stop patronizing the company in the first place." — Vancouver Sun — October 13, 1965.

## HOW WILL THIS HELP B-A's EMPLOYEES NOW ON STRIKE?

**THE BRITISH AMERICAN OIL COMPANY LIMITED**

# Egmont Eye

—by John Dunlop

HEALTH and welfare are also important—In 1952 we were spending 14 per cent of our provincial income on education and 26 per cent on health and welfare. Currently it is in the neighborhood of 34 per cent for education while health and welfare remains at approximately 26 per cent.

Why is the cost of education continually taking a bigger bite out of our provincial income? True, our school population is increasing, year by year. New schools, universities and additional staff are required in order to take care of this increase, but surely not to the present extent.

Pick up any newspaper today and read of the millions and millions of dollars that are being spent by federal and provincial governments on educational facilities. This at a time when hospitals, due to critical bed shortage, are refusing or delaying admittance to all but the most emergent cases, when many crippled and disabled persons are left to fend for themselves as best they can, when so much could be done in providing chronic-care hospitals and homes for our senior citizens.

The Bladen Report on Education estimates that total government university and student aid will rise from a present $355 million to $1,704 million by 1975. If present trends continue a substantial amount of this expenditure will produce, what? A certain percentage of irresponsible, gimme-gimme, the world-owes-me-a-living, placard-bearing types. These we can do without.

A full education should and can be made available to all who desire it, regardless of their financial circumstances. Let us cut the frills in our educational system, eliminate the deadwood in our student bodies and get back to the basic meaning of education, 'the systematic training of the moral and intellectual faculties.' Welfare expenditures can also be controlled with closer supervision and less duplication of interdepartment services. After all, it is our money that is being so freely spent, so let us make sure that it is being used wisely and in a manner that will be of benefit to all age groups and their requirements.

**EGMONT EYEDROPS**

It is now confirmed that the contract has been let for additional government floats at Egmont. They are due for completion not later than December 31. (Wish we could say the same for our road).

Another wildcat strike is reported to have taken place on the Jervis Inlet ferry, "Powell River Queen." This event keeps us in step with the rest of the country. Who says that the Sunshine Coast is behind the times?

It is announced that the old bungalow-type North Vancouver Hospital has been, or is about to be, converted to a chronic-care hospital. This is what was requested to be done with the old St. Mary's Hospital at Garden Bay after the opening of the new one at Sechelt. The proposal was evidently vetoed by Victoria. Why?

Eileen and Bob Griffith have returned from a two-week, after fishing-season vacation. They spent a week in Calgary at the home of daughter Judy and her husband, Bob Gill, who, with their two children, are leaving in December on a two-year army posting to Germany. On returning to Egmont, Bob and Eileen received a visit from daughter Joyce, her husband Bob Wilson and their two children, also Bob's cousin Richard Wilson. The boys came up for a little hunting (no luck) and on their return to Vancouver the Wilson's took Joyce's grandmother, Mrs. George Vaughan, with them for a short visit. Why did both your daughters marry Bobs, Bob? Confusing, isn't it?

Who was the gal whose car ran out of gas on the Egmont road recently and had to park it and walk in? This could only happen in a family that owns and operates the only service station in Egmont. Nuff sed.

Ben Griffith, on a recent trip to Vancouver, met Bill and Marion Udell in their fish and chips restaurant at 12th Ave. and Rupert St. Bill and Marion, formerly at Ruby Lake Dining Room, wish to be remembered to their many friends in this area.

Flash: Have just heard over the air that the beer workers strike has been settled. Have also remembered urgent business appointment at Pender Harbour and will mail this column on my way down to the pub, I mean bank.

**Busy wharf**

PORPOISE Bay wharf seems to be the scene of considerable activity of recent weeks. Last week saw the loading of these gigantic transformers onto a large barge for transportation from Sechelt to Vancouver. One of the transformers is the one which blew up causing the recent break down in the local system.

*Election at large . . .*

# Procedure changes for school trustees

ELECTIONS for school trustees will be a little different this year. In the past, electors have elected rural representatives who, in turn, have elected rural school trustees from among themselves. The minister of education has now approved a change whereby, in future, rural school trustees will be elected at large directly by the electors in two rural areas making up the school district.

Rural Area "A," which is essentially the area North and West of the Village of Sechelt is currently represented by Mr. W. P. Malcolm, whose term of office expires in December, 1966, and by Mr. C. G. Thorold, who was recently appointed by the minister to represent Rural Area "A," also until December, 1966.

Rural Area "B", South and East of the Village of Sechelt, will be represented by three trustees, all of whom will be elected or re-elected this December. Currently, Rural Area "B" is represented by Mr. J. Horvath, Mrs. Celia Fisher and Mrs. Leslie Jackson, whose terms of office expire this year.

An extract from the full list of voters of the school district is being prepared and will contain the names of voters in Rural Area "B" only. This list will be used for the election of rural trustees this year. The full list of voters will be used for any vote on referenda.

Nominations will be accepted at the school board office at any time between the date of publication of the Notice of Election and noon on Monday, November 29. Nomination papers can be obtained from the school board office. In the event of a poll being necessary, it will be held on Saturday, December 11.

In addition to the two trustees in Rural Area "A" and the three in Rural Area "B", the board will continue to have one trustee representing each of the villages. The village of Sechelt is currently represented by Mr. L. Johnson, whose term of office expires in December, 1966. The Village of Gibsons is represented by Mrs. C. M. Volen, whose term of office expires this December.

---

Studies have revealed that 35 per cent of the driving public have below average vision, states The Canadian Association of Optometrists. At least 15 per cent of this group have vision that renders them dangerous when they drive a car.

# Council decides Hallowe'en date

REQUEST by various organizations that Halloween, which falls this year on Sunday, be held on the Saturday, gained support of council and it is announced Halloween night will be Saturday, October 30. No collecting will be allowed on the Sunday.

---

A big part of the job of restoring sight depends on training the patient to use his vision aids properly. This is a field of vision therapy, often called optometric rehabilitation, which is growing rapidly says The Canadian Asociation of Optometrists.

# Roberts Creek News

—by Florence McSavaney

ROBERTS Creek Hospital Auxiliary held its monthly meeting in the library on Monday, Oct. 18. The Thanksgiving holiday the previous week had made it necessary to postpone the meeting one week.

Members were in favor of the Auxiliary contributing towards the purchase of a cigarette machine for the hospital and also the purchase of a polaroid camera. Pictures of new babies could be taken and available for sale. The auxiliary is not undertaking any major project until after Christmas.

Centennial Committee held their first meeting since last spring. They decided to purchase some of the centennial calendars. These will be available in time for Christmas. It has also been decided to hold a salmon derby as part of the 1966 celebrations. This would take place during the two weeks prior to Labor Day and would end with a carnival and dance.

A reminder to all residents that the committee wants to have names of all long time residents, and especially want the names of any person who have resided in Canada for at least 75 years. These people are to be honored during the 1967 celebrations.

Meeting of the Community Association was held on Wednesday, Oct. 20 instead of the previous week, as several members were not able to attend at that time. Mr. Forbes and Mr. McSavaney agreed to attend the Regional Recreation meeting to be held in Sechelt on Thursday evening, Oct. 21. Mr. Lawrence was present and outlined plans for a Regional Recreational Convention to be held in Pender Harbour on Saturday, Nov. 13.

There will be two delegates to attend this convention and if there are any interested people who would like to attend, they are asked to contact some of the executive. Mr. J. Panton will be present at the convention and there will be other speakers and films.

Mr. Hubert Evans is to speak at the Unitarian meeting at Haig Camp on October 28, at 8 p.m. His topic will be 'My Experience with the Indian Affairs'.

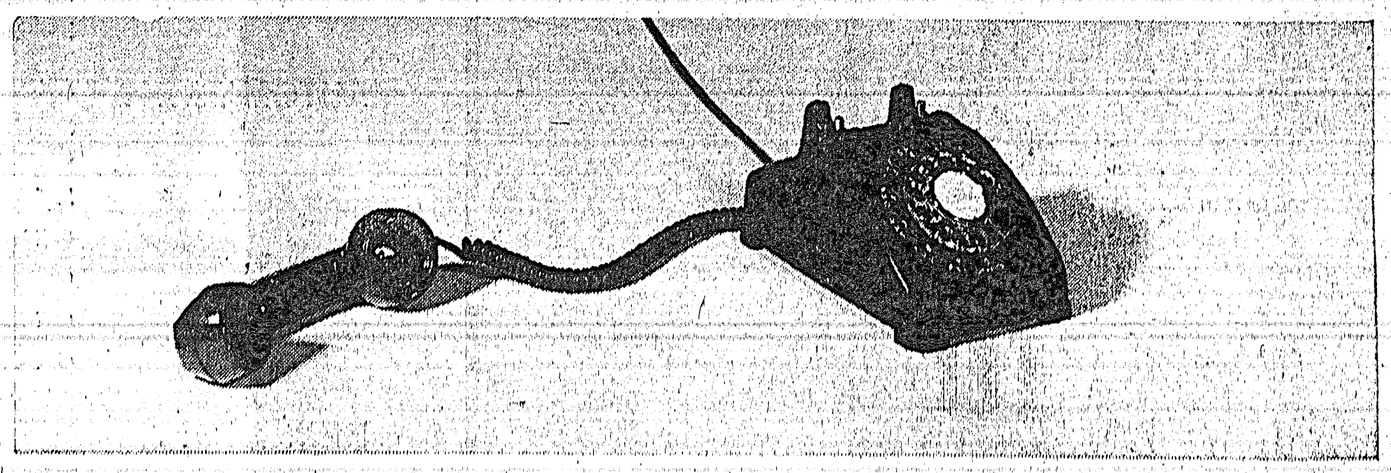
Why is the Ottawa line always busy between elections?



It is a sad fact that the only time the old line parties ever take any notice of the problems of British Columbia is when they want your vote. ■ Once they get that vote, they turn their backs, forsake their promises, ignore your support and generally act as if Canada ended at the Rockies. ■ We must put an end to this lopsided treatment and send to Ottawa, representatives who will fight for a fair deal for our province. The job can be done — elect your local Social Credit candidate.

TELL THEM YOU'VE HAD ENOUGH

The election of this Social Credit team will assure a fair deal for British Columbia

*Indian mistreatment . . .*

# Liberals and Tories blamed by communist

AN EXTENSIVE federal program to wipe out the injustices and inequalities practised against Native Indian people was urged Thursday night by Charles Caron, Communist candidate for Coast-Capilano, at a meeting in North Vancouver.

"It's time the people of Canada demanded action to end the shameful treatment of Canada's original people," said Caron.

He charged that successive Liberal and Conservative governments over the years have been responsible for the plight that many of B.C.'s 40,000 Indian people face.

Caron said that the Indian Claims Bill (Bill 0-123), introduced last June in Parliament by the Liberal government, continues the long-standing injustices against the Indian people. It should have, he said, provision acknowledging and guaranteeing the aboriginal title of the Indian tribes to their lands. He said that in every case where Indian land was obtained by outsiders the onus should be on the federal government to establish that it was obtained fairly and honestly and that sufficient and fair compensation was paid.

"The place to begin to wage the war on poverty," said Caron, "is in that part of our community which has suffered the most and whose conditions of life need immediate and drastic improvement."

Caron said that among the measures needed are broader development programs to include improved housing and employment possibilities as well as provision of capital to help community expansion and creation of local industries.

He said it was essential that discrimination in employment cease and that aid be given to the Indian people to diversify their economic activities. This must include a widely expanded education and job-training program, he said.

Caron said that all levels of government should be pressed to adopt anti-discrimination laws, which must be enforced against employers, businesses or individuals who discriminate against native Indians or others because of their race, color, or creed.

**Fall bazaar**

SUNSHINE Rebekah Lodge held a very successful Fall Bazaar, last Saturday. Autumn leaves and flowers decorated the tables and huge decorated artificial pumpkins held the gift packages for the "lucky dip." Mrs. V. J. Miller, P.N.G. of Concord Lodge, New Westminster and wife of the Grand Master of B.C. opened the Bazaar. Pictured here from left, are: Mrs. A. M. Johnson and her daughter Mrs. R. Bazley of West Sechelt, Mrs. Rolly Reid, convener, and Mrs. V. J. Miller.

## Around the Village

MRS. Dorothy Smith attended the 70th anniversary of the Chinese Presbyterian Mission at 261 Keefer St., Vancouver, on Sunday, October 17.

Members over 70 years of age and volunteer workers were honored with a gift. For many years, Mrs. Smith was an active volunteer in this organization, teaching basic English to Chinese youngsters.

At the present time there are over 250 children attending the Mission Sunday school, where there are 30 teachers.

Former popular resident of Sechelt, Mrs. Elizabeth Anderson, has been spending the past two weeks with Mrs. Olive Porte and has been hosted by many friends. Guests at a tea party in her honor held in the home of Mrs. Betty Williams were: Mrs. Marie Montgomery, Mrs. Cathy Nelson, Mrs. Leo Johnson, Mrs. G. Potts, and Mrs. G. Adams.

Mrs. Anderson was also hosted by Mrs. A. L. Parsons of Davis Bay; Mrs. H. Pearson and Mrs. H. Bilodeau.

After spending a few days with Mrs. Kate Henderson of Wilson Creek, Mrs. Anderson will accompany Mrs. Henderson to Vancouver where they will visit friends before Mrs. Anderson's return to her present home in Campbell River.

Recent visitors to the home of Mr. and Mrs. Randy Page were Mr. and Mrs. W. Jenier of Barrier, B.C.

A farewell party was held in the home of Mrs. Margaret Lamb to honor Mrs. Carol Bidiuk who is leaving for Hope, B.C. Co-hostesses were Mrs. Jean Gray and Mrs. Dorothy Goeson. Mrs. Bidiuk was presented with a set of coffee spoons and a pink carnation corsage.

Also attending the party were Mrs. R. Campbell, Mrs. Bidiuk, Sr.; Mrs. R. Page, Mrs. Kay Nickerson, Mrs. H. Henry, Mrs. C. Poteet, Mrs. J. Segec, Mrs. Wilson, Mrs. R. Trites, Mrs. R. Whyte, Mrs. N. Hansen and Mrs. N. Rathbone.

Pictures in words. Restless clouds plotting a storm . . . Forests drip-drying after rain . . . Fog feeling its way around the walls . . . Ducks paddle-wheeling on the lake.

MORE ABOUT . . .

### Reader's Right

from page 4—

Sechelt. It would appear that this (Sechelt) area has been overlooked and the matter is now a real as well as political issue; it should be pressed to a conclusion, from all directions. It is long overdue.

It is to be hoped that the voice of experience will prevail and those responsible for the planning and construction of the breakwater will heed the wise counsel of those who know what they are talking about. This will be one of the most important undertakings on the entire coast and it's value cannot be underestimated. It must be approached as a big project, not just a place to tie up boats.

Provincial and American tourists will make good use of a good facility but will be quick to pass up anything less than the best. It may and perhaps should, take years to complete as an attractive showplace, but it's use as a marine shelter need not be curtailed during the final completion of the overall concept.

If all this sounds too grand and all we want is a breakwater to provide accommodation for our local small boats, let it at least be adequate, not a crowded mess of boats without proper facilities, all trying to squeeze into a boat harbour too small for their requirements.

COASTWISE

Woman driver: "I just hate to take the car out and baffle all that traffic."

*Stumbling block . . .*

# Jack Davis charges Victoria indecisive

THE WATERFRONT freeway and a new crossing of the First Narrows could well get massive federal financial support, according to Jack Davis, Coast-Capilano MP seeking re-election.

"The stumbling block to federal financial participation has been the indecision in Victoria," Davis charged.

"All that is required is for the provincial government to agree to designate the new route as the Trans-Canada Highway, and federal participation of 50 per cent of the cost—and up to 90 per cent for designated "difficult" portions will be forthcoming.

"Mr. Bonner's recent charges of federal failure to help meet the cost of the Second Narrows Bridge, are pure nonsense. The provincial government has refused to accept the money set aside by the federal government simply because it wants more than the law provides. In the next breath, Mr. Bonner charges that Quebec is getting, or at least trying to get, 'special treatment'."

Davis said that the Montreal bridge and freeway system, of which the federal government is paying a large part of the cost, is no different from that proposed for Vancouver.

"The Province of Quebec was wise enough to designate the new Montreal section as part of the Trans-Canada Highway—while B.C. can't make up its mind about Vancouver and the North Shore," he said.

The decision on routing of the Trans-Canada Highway is in the hands of the province. The answer as far as money from Ottawa is concerned is to route through the downtown area and over a new bridge or tunnel at First Narrows, he suggested.

Davis points to Seattle and Montreal as examples of North American cities whose "downtown" areas welcome a freeway through the core area, rather than strangulation of the centre by freeways skirting the city.

## Sechelt Bowling Alleys

—by Eve Moscrip

LAWRENCE Crucil was high bowler of the week. Bowling in the Sports Club he rolled an 854 (308, 288, 258). Ena Armstrong, bowling in the Sechelt Commercial was high lady with 706 (309).

**LEAGUE SCORES**

Buckskins: Doreen Joe 548 (188); Ted Joe 680 (318).

Ladies: Iona Strachan 670 (250), Sylvia Jackson 268, Betty Laidlaw 322, Lil McCourt 275, Eileen Evans 257.

Ladies Matinee: Mary Henderson 580, Jean Eldred 247.

Pender: Muriel Cameron 654 (290), Ron Pockrant 638, Dave Pickard 277, Arnette Pickard 244.

*Many complaints . . .*

# Regular dog problem brought up for air

AFTER a short period of comparative peace, the dog problem was again brought to the attention of council, last week, when Coun. Bernel Gordon said he had received complaints from residents in the Porpoise Bay area.

Dogs have been reported as barking all night while one resident, Mr. Smears, was actually bitten, he stated. However, he continued, Mr. Smears should have reported this immediately to the police.

Clerk Ted Rayner agreed that when a person is bitten by a dog, it is up to that person to lay a charge with the police.

**TRAILER COURT**

Coun. Benner reported that he had been approached by Mr. Frank Hall of Porpoise Bay who had indicated he would appreciate a reply from council regarding his proposed trailer court.

The councillor said he felt the whole matter had dragged on too long and that Mr. Hall was entitled to a reply one way or the other.

Chairman Christine Johnston replied that she still thought council as a whole should take a look at the area before making a definite decision. This was agreed to at a previous meeting but some of the council had been away to a convention and a meeting at the trailer camp site had not been possible.

It was decided council visit the location this week at a time and date convenient to all. On the suggestion of Coun. Benner, it was agreed the applicant be so notified.

**DRAG STRIP**

A light was requested on Shorncliffe Road behind the elementary school, where it was said drag racing has been taking place.

It was agreed the area was in comparative darkness and council decided to investigate the feasibility of a light.

**AIRPORT**

The chairman questioned an item in The Times regarding the airport, written by Mr. G. Van de Meerberg. Coun. Swain as Airport Committee Chairman said the committee had things well under control and that although the aero club had suggested a new waiting room, it had been decided by the committee that a new parking area and runway improvements were of greater importance at this time.

**INDIAN BANQUET**

A vote of thanks is to be sent to the Sechelt Indian Council, expressing appreciation for the excellent banquet to which council was invited together with other Peninsula guests. Members agreed it was an outstanding success.

**Future ballerinas**

BALLET in general is hard work and these young pupils of Mrs. Joan S. Hearley, Gibsons are taking their lessons seriously. Ages range from 8 to 16 years at present, classes will soon be divided into additional groups for teen-aged beginners and another for more advanced students. Pictured here are from left, Karmen Gehring, Karen Karateew, Wendy Bystedt, Lois Mackenzie, Elaine Mackenzie, Lori-Lee Edgren, Debbie Hill and Sioux Hartle.

# *Notes from Pender*

—by Lorill Kilborn

LIBRARY committee of the PH Recreation Commission reports that shelves have been constructed, and painting of the library room and book shelves has been completed by Ray Mair who gave his services.

There have been some generous contributions of books from individuals, including one from Roberts Creek. More books are needed, and pick-up of books will be promptly arranged. Contact Mrs. M. Rae 883-2367.

Library Booster cards are available from Mrs. W. Warnock 883-2394, or Mrs. Rae. Funds raised from sale of Booster Cards will be used for purchase of books. Cards are $2 per family. Everyone can be a Booster.

One interested citizen, with no books to donate, has subscribed to a children's book-a-month plan to be able to give books to the library.

Secretary of the Recreation Commission is compiling a list of book clubs for the convenience of other interested supporters who might wish to donate books in this way.

**HALLOWEEN**

Following the trend of other centres, to celebrate Halloween on Saturday, Oct. 30, the P.H. Recreation Commission, in cooperation with the Fire Brigade and the Forestry, will be having a Halloween bonfire at 8 p.m. on Saturday, Oct. 30 beside the Community Hall in Madeira Park. Prizes will be given for the best and funniest costumes; two prizes to be given in each of three age groups, kindergarten and pre-schoolers; 6 to 11 years; and 12 and over. There will be free pop, donated by Pender Harbour Store, and hot dogs.

Fireworks will depend on contributions, which will be happily accepted by John Perry. Bring your fireworks for everyone to enjoy.

A fireside sing-a-long is being planned by young adults, so bring your instruments, and tune up your vocal cords.

"Trick-or-treaters, start early on your rounds, so you can be at the bonfire at 8 p.m. All you ghosts, goblins, etc., bring your parents, and have a happy time.

Because of Halloween celebrations being held on Saturday, the weekly movie, sponsored by the Community Club, will be held on Friday, October 29, at 7.30 p.m. It will be followed by a Halloween dance, sponsored by "Jill and the Drifters" at 9:30 p.m.

**CENTENNIAL**

Centennial meeting held Oct. 17, in the Legion Hall was attended by eight people. It was decided that a committee would investigate the feasibility of developing a swim and picnic site at Lily Lake on a strip of land bordering the highway. It was thought that this project would be of benefit to all, and within the centennial fund limitations.

One hundred Centennial Calendars have been ordered. These will sell at $1 each.

Next meeting will be held in the Legion Hall, Nov. 7, at 8 p.m.

**FIRE DISTRICT**

Currently underway is the annual fund drive of the P.H. Volunteer Fire Brigade. Representatives who call on you are requesting your signature approving the formation of a Fire District.

Estimated operating budget per year is $2,300. Divided among all landowners, this sum can't add much to individual taxes, and we are told that the small increase would be partly, and in some instances, totally, offset by reductions in insurance rates.

**PENDER P-TA**

Noting that of 17 graduates from Pender Harbour secondary school in 1965, only two went on to university, Mr. D. Skelton, principal, recommended that the P-TA give more attention to vocational students when considering the awarding of their bursary. Members present at the P-TA meeting October 19 agreed that the Bursary Committee, which will be appointed later on, should bear this in mind.

Supporting the Recreation Commission plan for an organized Halloween Bonfire for Pender Harbour, the P-TA voted to donate $10. toward the purchase of hot dogs.

President Mrs. J. Love, requested suggestions and ideas be put forth by members for fund raising; and for future meeting programs. Suggestions by mail are invited.

It was decided that a variety concert would be held again this season.

Mr. K. Powers, principal of Madeira Elementary requested donations of men's shirts which could be used for paint aprons by the kindergarten classes, and for apple-pack boxes to hold toys. Help from the P-TA to serve coffee at the School Board meeting in the Elementary School on October 25 was also requested.

Following the business meeting, Mrs. M. Lockhart, gave an interesting talk on the Home Economics course, referring to fabric study, cooking, and the

A short film on Baddin Land study of food values. was shown.

Next P-TA meeting will be on November 16, in the Elementary school.

*Pilot scheme . . .*

# Province watching recreation project

MR. JIM PANTON, director of the Community Programs Branch, Dept. of Education, was guest speaker at the Central Recreation Commission meeting, held on Thursday, October 21, at Sechelt.

Those in attendance were Mr. Frank West, Port Mellon; Mrs. B. Laird, Hopkins Landing; Mr. Ray Delong, Gibsons; Mr. and Mrs. Ron McSavaney, Roberts Creek; Mr. John Perry, Madeira Park; and Recreation Director Phil Lawrence who also chaired the meeting.

Mr. Panton reminded the commission that the two-year program now being undertaken in this area is a pilot project and the whole province is watching its progress. Many suggestions were made to publicize the program on the Peninsula.

Grants are obtainable from the provincial dept. for recreation purposes and will be proportional to the amounts raised by municipalities, for recreation.

Future hopes are that when regional districts are formed in the province, and it is estimated there will be 23 such districts, money raised by taxation for recreation purposes will be distributed by means of a Regional District Recreation Commission.

These regional commissions would work directly with the Provincial Community Program Branch.

It was revealed at the meeting that Central Commission grants are available to cover expenses incurred by the commission ,organizational purposes, conferences, training clinics etc:

Review of the Summer Playground Program showed that activities at Port Mellon were a complete success. Also, at Wilson Creek, the program was well attended. Transportation difficulties in the Redrooffs and Sechelt areas limited attendance. Swimming classes were well attended in all areas but the open water at Sechelt was a problem on windy days.

Mr. N. Harris has found it necessary to relinquish the position of secretary on the Central Commission. Mrs. Bud Laird is the representative on the Central Commission for Hopkins Landing.

# Sechelt Theatre special matinee

SECHELT Theatre operator John Hayes has made special arrangements with the schools under the educational program to provide transportation for Grade 6-7 students to a special matinee at the Sechelt Theatre Friday, Oct. 29.

A nominal fee will be charged to the spectacular production "The Fall of the Roman Empire."

This tremendous attraction is both educational and exciting, and will be popular with all ages.

# Seeks action on breakwater

IN EVERY election for the past 20 years, two or three engineers have been hired to make a survey of the Sechelt breakwater project.

Each party then forgets it

Social Credit Candidate Harold Hunter, a successful businessman in Powell River, says he could have built it alone in that time.

Promises, promises by the tired old parties; Mrs. Andrew Johnston, chairman of the Sechelt Breakwater Committee says, "the engineers are here again as in all federal elections." The project was to cost $225,000 and although the sitting member assured us that everything was going along fine, our breakwater never appeared in the budget, like so many other promised projects. We are fed up with promises. Harold Hunter seeks action. He says "Let's get our breakwater in now. We've had enough talk!"

A protective-corrective goggle program may be less costly to a company than a single serious eye accident reports The Canadian Association of Optometrists.
