

The largest copper mines in the Dominion are situated at Phoenix. The Granby Co. employs 500 men, and has a monthly pay roll of over \$50,000, while the law-hide pay roll is \$18,000.

THE PHOENIX PIONEER

Devoted to the Interests of the Boundary Mining District

THE PHOENIX PIONEER is published in the highest municipality in Canada—altitude, 4,800 ft. This city has a population of 1,500, and possesses first-class hotels, opera house, schools.

FIFTEENTH YEAR

PHOENIX, B. C., SATURDAY, JAN. 24, 1914

NUMBER 28

PHOENIX SKINS GRAND FORKS

The Champions Win Exhibition Game—Over 800 People in Attendance.

The Grand Forks hockey team came up Monday night and played Phoenix a fast exhibition game, ending in a victory for Phoenix of 6 to 2. On account of Grand Forks not having any ice and their team not being able to hold practices, they did not wish to play a league game at this time, and their wishes were acceded to by the Phoenix club.

A special train was run from Grand Forks and upwards of 270 people came up on it. These with the local fans and the visitors from Greenwood, made a crowd of over 800 people in the rink to see the game. The game was full of excitement, but it could not be described as a rough one, although the players checked hard and made free use of the timber. This makes the fourth game played by the Phoenix septet this season, and they have won three. Nelson and Greenwood were the other teams defeated, and at Nelson on New Year's night the locals met with their only defeat.

In the first period of the game O'Connell scored for Phoenix within two minutes after the puck was faced off. Bassett and McIntosh also scored one goal each for the home team and Rochon scored for Grand Forks.

In the second period Phoenix scored three times within five minutes, and the visitors scored once. The goals for Phoenix were made by O'Connell, Sayers and Morris, and the one for Grand Forks by Lobsinger.

In the third period no goals were scored by either side.

Bassett was undoubtedly the star player Monday night. Sayers,

who played spare, pulled off a clever stunt during the second period, when immediately after going on he took the puck right through the Grand Forks defence and scored. Morris played his usual aggressive style, but was almost continuously covered by strong opposition. In Mitchell Phoenix has the strongest goal tender in the Boundary league.

Davidson and Benson played a good defence, and O'Connell, as left wing, and McIntosh, as center, did effective work in their respective positions.

Penalties—McGregor, McIntosh, Green, Benson, Sayers and O'Connell.

T. S. Quance, of Phoenix was referee and Arthur Mann of Grand Forks was judge of play. The timekeepers were Black and Deichert of Phoenix, and Eaton and Lee of Grand Forks.

Following is the lineup:

PHOENIX	GRAND FORKS
Mitchell.....Goal.....	McMannus
Davidson.....Point.....	Lobsinger
Benson.....Cover Point.....	Green
Bassett.....Rover.....	McKay
McIntosh.....Center.....	Rochon
Morris.....Right Wing.....	Matz
O'Connell.....Left Wing.....	McGregor
Spare—Sayers and Murray	for Phoenix, and McWha and Stanaway
for Grand Forks.	

Lord Strathcona Dead

Lord Strathcona and Mount Royal, High Commissioner of Canada, died peacefully in his sleep in London Wednesday.

His death was due to prostration, the result of a severe attack of catarrh. He had been ailing, however, ever since the death of his wife, in November, 1912, which proved a great shock to him.

Dentist Coming Tuesday

Dr. Griffith, dentist, has sent word from Vancouver that he will arrive in Phoenix next Tuesday, and will open offices in the Bank block.

BIG SKI JUMPING EVENTS SUNDAY

Will Take Place Tomorrow at Montezuma Hill—Big Race in Morning.

Tomorrow a thrilling and interesting program will be carried out by the Phoenix Ski Club. The five mile ski race will start from the corner at the Canadian Bank of Commerce at 10 a. m. sharp. A minute will elapse between the start of each competitor. The course will be in a westerly direction to the Gold Drop mine, and then back towards the War Eagle mine, then to the Granby hill, around again by the Bank corner, and then around by the Montezuma hill and Spion-Kop, and will finish at the starting point. This course was adopted so that the spectators would be able to see the competitors at least a part of the time. E. A. Black will be timekeeper, and the judges for the ski jumping will be Ed Mellrud, A. O. Johnson, Leo Sortume and Pete Hansen.

The ski jumping competition will be governed by the standard rules, viz: If a man jumps 100 feet or less, standing, he will get the full measure. Falling will deduct 30 feet; both hands striking ground after lighting, 30 feet; and one hand striking ground after lighting, 15 feet. The strongest point for ski jumpers is to make a standing and graceful jump.

Two new men have enrolled their names for this competition. These men have come from the Boundary, and are very anxious to put forward to make this contest as interesting as possible from a spectator's viewpoint. Much credit is due the management of this tournament for the excellent manner in which they have carried out the program so far this season. They have asked no assistance from the public heretofore, and are deserving of support from the lovers of this newly established winter sport.

Each competitor will have a one trial jump before the competition for the cup and medals. Each jumper will be entitled to two jumps for the prize.

Exhibition jumps will be given after the contest, one-by-one, also hand-in-hand, and two and three coming down at the same time. The contests will be sensational from beginning to end. They will be held from 2 to 4 p. m.

NORVAL BAPTIE

World's greatest ice skater in exhibitions of fancy, acrobatic and speed skating. He gave an exhibition of his marvellous work at the Phoenix rink last night. Contrary to the general belief, Baptie is not a Frenchman. He was born in North Dakota of Scotch parents.

Highest Price for Apples

Apples in London have recently sold for the highest price ever known. They are selling at from 24 to 26 shillings a barrel.

B. C. Mining

The Silver Standard people at New Hazelton are planning to build a tramway from the mine to Two Mile, where ore bunkers will be built. This is the mine in which the Harris brothers, well known in the Boundary, are interested.

C. F. Caldwell, who was at Nelson recently reports the sale of the entire block of treasury stock in the Utica mine. He announced that the annual meeting of the Utica mine company will be held on February 3, at the offices of the company at Kaslo, when among the directors elected will probably be Dr. Gilbert Hartin and J. Fred Hume of Nelson and G. O. Buchanan of Kaslo.

Ore will be shipped from the No. 80, or lowest, level of the Slocan Star mine at Sandon very shortly, according to the expectations of the management. The ore in the No. 10 level will be reached in the next 50 feet, it is expected by O. V. White manager of the property. When the ore is reached in No. 10 it will be at a depth of about 270 feet below the ore in the intermediate level, from which over 250 tons have already been shipped. This intermediate level was driven from the upraise from the No. 10. Since June 1 last the Slocan Star has done a good deal more than pay development expenses.

The ore body in the No. 4 level of the Standard, accidentally run into a few weeks ago, has widened from 6 inches to 12 feet of clean ore. The Standard mine is a geological treasure. The new discovery doesn't seem to have any connection with the large ledge from which shipments have heretofore been made. Manager Aylard, in an interview before leaving for the coast, said the Standard had played a low down trick on them. After running thousands of feet to the ore at lower levels, this large ore body is found a short distance from the old stope in No. 4. It is probable that there will be larger monthly dividends in the future, and the mine will pay more than a million dollars annually to its shareholders.—Slocan Record.

In Bobbie Burns' Honor

Over fifty people were present at the Scotch anniversary concert in honor of Bobbie Burns, which was held in the Miners' Union hall Thursday night. Thos. Brown made an ideal chairman, and his opening remarks were listened to with marked attention. He paid a well merited tribute to the famous poet, whose 155th anniversary was being celebrated. The concert was in the nature of a reunion of the Scotch people of Phoenix, and proved an unqualified success, so much so that the enjoyment was kept up until the early hours of the morning. Danny Deane spared no pains in putting up a supper in keeping with the occasion, and Scotch dishes predominated. As will be seen by the following program the evening was enjoyably spent:

PROGRAM

Chairman.....	Thos. Brown
Introductory Remarks.....	Thos. Brown
Bagpipes.....	Glendell (Highlanders) W. Smith
Song—"There Was a Lad," etc.....	J. Thom and Mrs. Lindsay
Recitation—"From Sir Walter Scott....."	Mrs. McDowall

Song.....	Auld Lang Syne

News Notes From Granby Bay

(Special to Phoenix Pioneer)

Granby Bay, Jan. 22.—F. M. Sylvestr, the Granby company's general manager, has been here for a week, leaving for Vancouver on the Prince Rupert on the 15th.

Mrs. L. A. Maply left for Grand Forks by way of Seattle on Thursday, after visiting here for a week.

Fine frosty weather has been enjoyed here during the past week, and the boats have been arriving right on time.

Ed. Davis, manager of the company's store department, is expected here on a visit, with Mrs. Davis, on the 22nd.

Construction work at Granby Bay is rapidly drawing to a close for the present, and in a week's time the steel gang at the smelter will be through, and the erecting engineers and mechanics at the new power house will have accomplished their task.

A benefit dance for A. C. Flanders, who recently had the misfortune to fracture his leg, was given in the Recreation hall Tuesday evening. The result, together with donations made by his many friends, was a presentation to the injured man of \$610.00 in cash. Mr. Flanders had sufficiently recovered to leave for Spokane with his family on the last Grand Trunk boat.

At the time of writing the filling in of the dam has not been completed, and on this of course depends the development power by the hydro-electric plant. It will probably take a couple of weeks from the time water is stopped at the dam to the time sufficient pressure can be maintained to run the massive machinery in the power house. Adverse weather condition will be accountable to a great extent for any delay that may take place in the blowing in of one furnace of the smelter by the first of February. Fire has already been made in the 135-foot stack in connection with the smelter for the purpose of drying it out.

GRANBY STOCK GOES UPWARD

Quotations on Spokane and Boston Markets Highest Since Year 1910.

Granby Consolidated closed last Thursday at \$78 bid on the Spokane board and \$80.12½ bid in Boston, the highest point for the security since August, 1910, when it reached \$112.50. Granby's steady advance in the face of the comparatively low price of copper, leads Spokane brokers to believe that the issue for a further appreciation. "Granby will reach par before it stops" said Walter J. Nicholls, to the Spokesman-Review. "It usually is about 10 points below Amalgamated Copper, but it has past the latter by five points already and there is no reason to anticipate any reaction." During the last reaction in Granby, several weeks ago, 8000 shares were purchased through Spokane brokerage houses, the most of them for clients of Walter Nicholls & Co., at an average of \$69 a share, and if the purchasers have held their stock until now they have made a profit of approximately \$88,000.

Meeting of District No. 6

Harry Elsmore, D. A. Vignaux, Robert Agnew, A. H. McPherson and Q. Work were over at Nelson this week as delegates from Phoenix Miners' Union No. 8 to the annual convention of District No. 6, Western Federation of Miners, held at Spokane, Idaho, last week.

Ore Tonnages

Following are the returns of the output of the Granby mines and smelter for week ending Jan. 11:

Granby.....	24,768	1,254,899
	SMELTER TONNAGES	
Granby.....	22,275	1,252,765

SATURDAY, JAN. 24, 1914.

A saying, only too true, is that many a friend will shed a tear who will not shed a dollar.

The original buying at home man has been found. He grew in his own coffin on a walnut tree in his back yard.

The attendance at the hockey matches in Phoenix as per population is probably not surpassed anywhere in Canada.

From the present outlook the cups held by the Phoenix hockey club are safe for another season. What we have, we hold.

A news item says that the retail price of shoes may soon reach \$10 a pair. This with steak at \$1 a pound will certainly make life one grand, sweet song.

It is said we spend more for tobacco than for bread. This seems to be a little hard to believe. We have known several men who depended on their friends for the former.

Henry Ford, the Detroit multi-millionaire automobile manufacturer, proposes distributing ten millions among his employees. Mr. Ford is true to his name. In the dictionary, ford means "to come across."—Province.

Few men in recent years have gone through so many hardships in the cause of labor as Charles H. Moyer, president of the Western Federation of Miners. He has been imprisoned, shot and roughly handled on numerous occasions, but has always remained true to the cause of unionism.

Two dogs started fighting in the streets of Cranbrook one day this week causing a team to get frightened and run away. The horses dashed into a plate glass window in W. H. Wilson's jewelry store and did \$300 worth of damage. The dogs that started all the trouble were probably worth six bits apiece.

Many were under the impression that the Seven Sutherland Sisters of hair restorer fame were all dead. This is a mistake in part at least, for Dora Sutherland, one of the seven, is now touring the Kootenay and Boundary selling the goods that have been made so famous through the liberal use of printer's ink. We will probably next be hearing of the famous Cherry sisters of Kansas, who some years ago startled the country with their stunning vaudeville acts.

The Creston Review has entered upon the sixth year of its publication. A. B. Stanley, the manager and editor, proposes to improve the paper by discarding the patent in-

sides and printing it all at home. The Review has undergone many changes, both in management and policy, since it was started. At different times in its career it was used as a vehicle for the people in the vicinity to air their grievances and carry on their petty quarrels. However, Mr. Stanley has put a stop to that sort of thing, and has pursued a policy that will be more beneficial to his paper and to the community.

After deciding recently to publish a monthly paper at the Illinois state penitentiary at Joliet, to be edited by the convicts, the prison officials were somewhat embarrassed—not to say surprised—to find that there was not one printer among the 1,500 inmates of that institution. A former prominent banker, under sentence for forgery, will be the editor. Some years ago it was necessary to discontinue the publication of the prison paper in the Ohio penitentiary at Columbus because of the absence of printers, although there were fifty bankers behind the bars.

According to eastern papers Vancouver is still "dead broke" and thousands of helpless people are wandering our streets seeking relief, says the Province. To this town of misery and despair comes Padewski, the great Polish pianist. The seats had to be paid for. It was not a charity performance, and Padewski is both a personality and a luxury. The Orpheum was packed with Vancouver's citizens from floor to ceiling. Long before the doors opened there was not a seat to be had in the house. Therefore it seems that Vancouver can pay for a luxury of the very highest kind. Vancouver "broke!" Pshaw, it's a fairy tale.

Would Not Wring His Clothes

"You wring my heart," wailed the youth whom the sweet girl graduate had just refused. "I'd rather wring your heart than wring your clothes," was all she said.

Don't spend another Night Coughing

Mathieu's Syrup of Tar and Cod Liver Oil taken at bedtime will chase the cough and give you and those around you a good night's rest. Taken regularly it soon dispels even the most clinging cough as its valuable tonic properties strengthen the blood which will then quickly restore the mucous tissues to their original health.

Be sure you get Mathieu's Syrup of Tar and Cod Liver Oil, the most popular cough cure in Canada.

Sold everywhere. 35c large bottles.

J. L. MATHIEU CO., Prop.
Sherbrooke, P. Q.

If your child is feverish, fat Mathieu's Syrup is a certain cure. It is a pleasant and safe remedy for all ailments.

Practical Philosophy

One scarcely expects philosophy from a commercial traveler, but look here:

"Learn to be a fighter! not with fists or clubs or swords—but just through the noble mastering of the forces at your command—generated by your own brain. For great victories are gained from the everyday battles of life over the endless difficulties that almost hourly face such a force. Learn to be a fighter."

"The thank habit is one of the best habits that you can form. Think for a moment. Did you ever regret a 'Thank you' received from anybody? Did it ever make you feel mean, dissatisfied or out of sorts? All right, then, get the thank habit."

Don't Watch the Clock

Sir Thomas Lipton offers the following good advice to young men:

"The young fellow who wants to get along in the world and is particular about his hours of labor is on the wrong track. Employers don't like the man who is always watching the clock—who is always looking for 5 or 6, so that he can get away. Rich or poor he stands little show to succeed. It's wonderful—the confidence it inspires to an employer when he realizes that his employe is pulling at the same end of the rope that he is pulling at in the way of making a success of the business."

Hard to Suit

The warden was sympathetic. "If you wish," he said to the new convict, "you may choose your own occupation while here." No. 777 grinned. "I ain't particular," he replied, "as long as it's some kind of outside work."

The Busted Man

The man who never has the price finds life a dismal fraud; the world presents a face of ice that simply can't be thawed. When to the eating house he pokes to break his daily fast, the waiter's wait on other folks, and leave him till the last. When he goes to the grocer's lair, or to the butcher's den, the clerks wake up and see who's there, then go to sleep again. Of course it's wrong, we shouldn't judge a man by what he owns; we shouldn't sneeringly say, "Fudge! He has no stack of bones!" The man whose pockets are a blank should get the cordial hand as well as one who to the bank takes coin to beat the band. But the facts are facts—though they're not nice—and all the sunny smiles are for the man who has the price, the coin in forty styles. You may be long on sterling worth, but if you're short on kale, you'll find it lonesome here on earth, and protests won't avail. Your observation should suffice to teach you this is true; then always strive to have the price, and folks will play with you.—Walt Mason.

When you buy of your home merchants you are helping the town and thereby sharing in the profits of your own purchase.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2500 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,

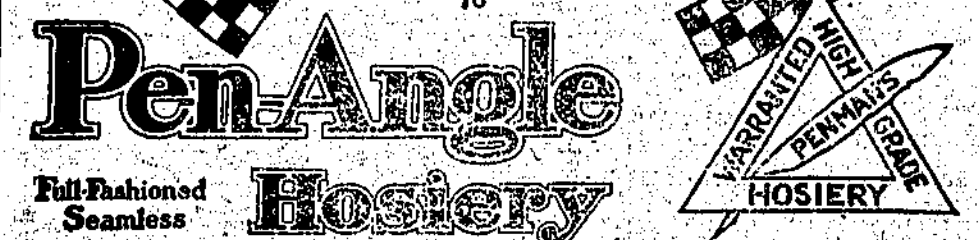

Deputy Minister of the Interior.

Transfer of Liquor Licence

To the Board of License Commissioners, Phoenix, B. C.

TAKE NOTICE that I intend to apply to the Board of License Commissioners for the City of Phoenix, at their next sitting for a transfer of the Liquor Licence held by me for the Knob Hill Hotel, Phoenix, B. C., to Andrew O. Johnson, Phoenix, B. C.

JAMES MCARDLE.
 Dated at Phoenix, B.C., this 18th day of January, 1914.

The Central hotel changed hands this week, August Jackson is the new proprietor.

Rossland Winter Carnival

Rossland's seventeenth winter carnival, the best known sporting event of the interior of British Columbia, will be held this year from February 2 to 6. Efforts are being made by the management to make it even better than in former years. The carnival will see a lot of fast hockey and will bring together several of the fastest teams in the interior, in all three series, senior, intermediate and junior, the competitions being for large prizes and trophies. The rules of the Boundary West Kootenay League will be used.

The other features of the program include ski running, tobogganing, horse racing, log cutting and there will be social events of the nature of masquerade and dance. Special rates will be given on application by the railway companies and Rossland itself is better to care for visitors than in the past. G. A. Lafferty is president, and H. B. Crow secretary of the carnival.

Hartley Is Champion Skater

The tables have been turned. Barney Cosgrove, who has held the skating championship of the Boundary for the past two years, was defeated last Friday night by H. Hartley. The long talked of race was pulled off just before the intermediate game between Phoenix and Greenwood was called. There was quite a large crowd of spectators and there were many outbursts of enthusiasm as the race progressed. Both men were in the pink of condition. Hartley, according to the agreement, was given half a lap the start. For the first few rounds both contestants showed considerable speed. Hartley gained on Cosgrove and followed him closely for a time, then about the 18th lap he dashed ahead. Two years ago the same two pulled off a race, at which time Cosgrove won.

Merry Minstrel Maids

The Merry Minstrel Maids will be at the Miners' Union Opera house on the evenings of Tuesday, and Wednesday, January 27th and 28th. This company of clever girls come from Nelson, where they have been playing to capacity houses. To refute an old adage, the management will introduce what promises to be the only new thing under the sun, an Adamless musical show. These girls are presided over by Miss Russell in the capacity of interlocuter, to the presentation of the very newest of classic dances interspersed with several pretty musical oddities introducing the entire company.

The Oliver Typewriter has won international fame as the perfect writing machine for every line of business.

Winter's Cough Cure

For that nasty tickling Cough, or sore bronchial tubes, this Cough Syrup fills the bill.

Nothing but the balsam from Pine trees, with a desirable medium, and absolutely free from opiates.

Grand Forks 6; Greenwood 2

The Grand Forks and Greenwood hockey teams played on Phoenix ice Thursday night. Grand Forks won on a score of 6 to 2. Quite a number of people came from each of the places to see the game, and the local fans turned out in good numbers. Grand Forks had the better of the game all through. C. H. Niles of Grand Forks was referee, and R. Bassett, of Phoenix was judge of play.

The lineup:
 GRAND FORKS GREENWOOD
 McManus.....Goal.....Clarke
 Lobsinger.....Point.....Fisher
 Green.....Cover Point.....Neil
 McKay.....Rover.....Lynn
 Rochon.....Centre.....Smith
 Matz.....Right Wing.....Treher
 McGregor.....Left Wing.....Donnelly
 McWha and Bungartner played spare for Grand Forks, and Broomfield for Greenwood.

Greenwood Juniors Win

The Junior hockey teams of Phoenix and Greenwood played here Thursday night, after the Senior game. The home team was somewhat outclassed by the visitors, and the Greenwood boys won by a 3 to 1 score. E. Storer of Greenwood has put up a cup to be competed for, and the boys have several more games in view for the season.

City Council Meeting

The Phoenix city council held its first meeting for the new year Wednesday evening. The mayor and councilmen were sworn in by Judge Mulligan, police magistrate. The following committees were appointed for the year:

Finance—Ald. Rogers, McKenzie and Prendergast.

Board of Works—Ald. Kane, Biner and McDonald.

The names of Alderman McKenzie and W. C. Hower were recommended to the attorney general as license commissioners.

The auditor's report was passed, and the report was ordered published in the Phoenix Pioneer.

Transfer of Liquor Licence

To the Board of License Commissioners, Phoenix, B. C.:

TAKE NOTICE that I intend to apply to the Board of License Commissioners for the City of Phoenix, B.C., at their next sitting, for a transfer of the Liquor Licence held by me for the Central Hotel, Phoenix, B. C., to August Jackson, Phoenix, B. C.
